### Government Will Give Free Lands Under British Scheme Of Settlement In B.C. Province

VICTORIA, August 24.—The British Columbia government is prepared to make a free grant of all lands necessary to the British settlement scheme provided suitable arrangements can be made between all the parties concerned, Premier Pattullo said.

The Premier made the statement after conferring with Sir Henry Page Croft and party. Mr. Pattullo said the government favored the assisted settlement scheme believing an influx of settlers backed by the necessary capital would materially benefit the entire province.

#### VANCOUVER WHEAT

VANCOUVER, Aug. 24.—Wheat was quoted here today at 65½ cents a bushel.

### Noted Speed Flier Killed

CAPT. FRANK HAWKS

EAST AURORA, New York August 24: (CP)—Capt. Frank Hawks, noted American speed flier, who was well known throughout the country for his many aerial exploits was fatally injured yesterday when his plane hit a high tension wire line and crashed in flames. His companion suffered injuries and burns which proved fatal. The bodies of the two men were dragged from the burning wreckage by horrified onlookers. Hawks was immediately taken to Buffalo where he was to have met his wife on her return from a trip to Florida.

Hawks, who was vice-president of the Gwinn Aircraft Company of Buffalo, died in a Buffalo hospital from burns received. The plane, a small one he was demonstrating, crashed on a take-off and burned. The death of the famous flier, former holder of the transcontinental speed record, came a little more than three hours after the plane crashed. His lone passenger was J. Hazard Campbell, East Aurora socialist. Hawks set a Vancouver-Mexico return flight record six years ago and a year later a Vancouver-Kingston non-stop mark. Some time ago he gave up speed flying.

### Bulletins

**FINE WEATHER COMING**  
The official forecast covering Port Day in Prince Rupert tomorrow is for light northerly winds and fine and warm weather.

**LIBERAL CONVENTION**  
VANCOUVER — Organizer Charles Reid said today between four and five hundred delegates will attend the Liberal convention opening at Kelowna tomorrow. Among the issues expected to be discussed are health insurance, highway construction, municipal finance and unemployment.

**ODD HOTEL ATTEMPT**  
VANCOUVER—Russell Mather Doyle, 36, was arrested and charged with attempted robbery with violence today less than two blocks from the hotel where the night clerk set a lone gunman in flight with a blaze of revolver shots. Jason Graham, the hotel night clerk, reported that a man entered the hotel and attempted to stage a holdup. He said he was able to disarm the bandit and then forced him to run away with a volley of shots from the attacker's own gun.

**FUR MERCHANT KILLED**  
SEATTLE—Olaf Swenson, the famed Arctic fur merchant, is believed to have been accidentally killed today. The body was found in his fur store with a rifle nearby. In 1929 Swenson's ship Nanuk was frozen in the ice off Cape Siberia.

**DEAD "SHIEK" HONORED**  
HOLLYWOOD—A woman, said by Hollywood cemetery attendants to be the famous "mystery mourner" of Rudolph Valentino, the screen's greatest lover, appeared at the star's bier today on the twelfth anniversary of his death. Escorted by a chauffeur, she placed a small bunch of red flowers on the grave of the late shiek of the films.

**OIL IN NOVA SCOTIA**  
INVERNESS, N.S.—A diamond drill shaft extending 2200 feet under the sea has struck oil. It is not known if the oil is in commercial quantities. It was uncovered while drillers were seeking new coal seams.

**NEW FRENCH BATTLESHIP**  
PARIS—It was learned Tuesday that France has ordered construction of a third 35,000-ton battleship, to be named Clemenceau. Meanwhile French labor leaders rallied their forces to fight the government over retention of the 40-hour week and labor circles saw the possibility of a general strike. This refers to the Daladier proposal Sunday night to increase working hours in order to speed up national defense and industrial output.

**PALESTINE ARMISTICE**  
LONDON—The King of Arabia has presented a ten-year armistice plan for Palestine on the basis of status quo. The British government is now considering the plan, the chief difficulty in connection with which will be to get the Jewish leaders to agree. Meantime many clashes and disorders continue in the Holy Land, yesterday a British officer was killed when his automobile was blown up. Five Arabs were killed in a clash.

**PATTULLO MEETS COMISION**  
VICTORIA—Premier T. D. Pattullo met yesterday with Representative Warren G. Magnuson of Seattle and Donald McDonald of Fairbanks, two members of the International Highway Commission of the United States and agreed to urge the Canadian gov-

### JAPS ARE IMPATIENT

Fresh Troops Into Hankow Drive—Chinese Reds Curbed by Chiang—Air Lined Gunned

SHANGHAI, Aug. 24: (CP) — The Chinese defences having held the Japanese for some time from making any further advance up the Yangtze River towards Hankow, the Nipponese, impatient at the recent lack of progress, are landing sixty thousand fresh troops along the banks of the Yangtze and today their heavily reinforced army is reported to have smashed through the east gate of Juichang, strategic town in its drive towards Hankow.

Ostensibly to preserve the unity of the Chinese people, General Chiang Kai Shek's chief of staff last night issued an order dissolving all proletarian organizations sponsored by Chinese Communists. The move has met with protests from Chinese leftists.

From Hong Kong today came the report of a pilot of a Chinese air liner that Japanese war planes had forced him to set his plane down near Canton and then machine-gunned it, killing or wounding at least fourteen of the seventeen aboard. He reported that he had to bring his plane down when the Japanese persisted in diving threateningly all around it.

ernment to appoint a similar commission. Mr. McDonald, an engineer, saw no great difficulty in the way of the highway from an engineering standpoint and estimated that it would cost \$15,000,000 in all, depending, of course, upon the type of road construction.

**FT. WILLIAM TORNADO**  
FORT WILLIAM, Ont. — This Thunder Bay section of Ontario was visited yesterday with the first tornado in its history. Farm buildings were levelled, cattle were killed and trees and telephone and telegraph poles were blown down. Clothing was blown as far away as six miles and even a stove went hurtling along for a considerable distance. There were no deaths or serious injuries to people.

**EPIDEMIC STILL ON**  
CALGARY—Fourteen-year old Jimmy Pratt, passing away at Cardston yesterday, made the eighth death to date in the current infantile paralysis epidemic in southern Alberta. There was another new case at Cardston yesterday as well as one at Medicine Hat, making a total of fifty cases to date. Reopening of schools in the Turner Valley will be delayed from September 6. it is announced.

**NEW ISLAND FIRE**  
DUNCAN, Vancouver Island — Another serious forest fire is now raging on Vancouver Island over three thousand acres of timber land in the vicinity of Cowichan Lake. Camp No. 10 of the Victoria Lumber and Manufacturing Co. is threatened. Weather continues hot and dry with the fire hazard

**DIVERTING PRESSURE**  
HENDAËY, Franco — Spanish Frontiers — Spanish insurgents launched a new line of attack against the loyalists along the Tagus River yesterday, presumably with a view to relieving the pressure in the Ebro River section where the government forces have been pressing the rebels back during the past week or so with heavy losses. At the Ebro River the loyalists are still holding their positions.

## Prince Rupert's First Annual PORT DAY Program

- 10:30 a.m. GRAND PARADE OF BOATS—1st prize \$15; 2nd \$10. For best dressed boat. No entry fee. The Canadian Fish & Cold Storage Co. Ltd. have sponsored this event

- MOST COMICAL STUNT—Open to all. Sponsored by Pioneer Laundry and Dry Cleaners.
- 9:30 p.m. DANCE—Presentation of Prizes, Crowning of Miss Prince Rupert, Exhibition Hall.

### ENGLAND WINS IN CRICKET

Fifth Test Match Concluded Today Leaving "Ashes" Drawn

LONDON, Aug. 24.—The fifth final test cricket match came to a quick close today with England winning by the decisive margin of an innings and 579 runs, the scores being England 903 for seven wickets declared and Australia 201 in their first innings and 123 in their second innings, the Aussies being quickly dismissed. The victory was a rather hollow one as neither Bradman nor Fingleton were able to bat. Bradman broke a small bone in his leg when he stepped in a hole as he was bowling.

Hutton's record score of 364 beat the previous record for a test match. It is interesting to note that Hutton saw Bradman make the previous best of 344 runs eight years ago. Yesterday Bradman was the first to congratulate Hutton on his magnificent inning and each of the Australian team shook hands with Hutton in turn. Bows, Farnes and Verity all bowled well but, with Bradman and Fingleton unable to bat, interest had waned considerably. This series of test matches has resulted in a win for each team, two drawn games, both in favor of England and one match abandoned without a ball being bowled. Australia retains the mythical "ashes" which they won in England four years ago and again in Australia two years ago.

### Dies Tuesday At Brentwood

VICTORIA, August 24 (Canadian Press)—Henry Samuel Gilbert, pioneer settler of Prince Albert, died yesterday at his home at Brentwood, fifteen miles north of here.

#### FASTEST SPEED YET

**BONNEVILLE SALT FLATS,** Utah — Captain George Eyston drove a car 347.155 miles an hour today, the fastest speed ever attained on land, but failure of the electric eye timing device robbed him of a new record.

### James Brown Laid At Rest

Funeral of Well Known Skeena River Sawmill Operator Held This Afternoon

Many friends and sympathizers assembled at St. Andrew's Anglican Cathedral this afternoon to attend the funeral service of the late James Arthur Brown, pioneer sawmill operator of the Eastall River near Port Essington, whose death occurred at the first of the week in the Prince Rupert General Hospital. The service was conducted by Very Rev. James B. Gibson, dean of the Cathedral, and Peter Lein presided at the organ for the accompaniment of the hymns which were "The Lord is My Shepherd," "Nearer My God to Thee" and "Abide With Me."

Following the service, interment was made in the family plot in Fairview Cemetery. Pallbearers were John R. Mitchell, Walter Wiltschroft, Max Heilbronner, Col. S. D. Johnston, John Currie and L. W. Patmore K.C.

There were many floral offerings.

### BOY SCOUTS ARE IN CAMP

First and Second Troops to Spend Week at Shawatlans

This morning at 10:30 the First and Second Prince Rupert Scout troops set out for their camp at Lake Shawatlans. With the flag of the First Prince Rupert Troop flying at the masthead of the leading boat, the boys left aboard the Arranmore, piloted by F. A. MacCallum, and Confidence, skippered by C. V. Evitt.

The boys were scheduled to arrive at Sunshine Bay at 11:30. Upon arrival there they were to have lunch and then all their gear was to be packed up to the lake where it would be ferried across in a boat loaned by the Northern British Columbia Power Co. for the occasion. An advance party, consisting of Scoutmaster Rev. Roy Durrford, Patrol Leader Nordan and Sandy Storrie, left yesterday morning to prepare the camp. The Scouts leaving this morning were under the leadership of Scoutmaster E. R. M. Yerburgh.

Sunday will be visitors' day when parents and friends of both troops will be welcomed to the camp during the afternoon. The camp is scheduled to break up next Wednesday afternoon.

### FIRST PORT DAY

Tomorrow is Prince Rupert's first Port Day and in this number we have tried to assemble as briefly as possible a number of facts about the port that should prove of interest especially to outside people who wish information in regard to the city.

The idea of concentrating on the port instead of trying to induce farmers to display their goods here seems to be a correct one. We like to see our farmers friends in the city but the cost of conducting an exhibition which would appeal to them is at present out of all proportion to the benefits to be derived. Terrace and Smithers and Prince George seem to be more suitable centres for efforts of that kind.

If Port Day tomorrow is a success it will probably become an annual event. If it is not a success, some other kind of annual celebration will have to be devised. Much enthusiasm is being shown for tomorrow's event and, doubtless, it will be an outstanding celebration.

### MAKING RUPERT LINE PAY

We are all glad to hear President Hungreford of the Canadian National Railways say he is anxious to make the line east from Prince Rupert pay. There have been times in the past when it seemed as if the management of the road did not care whether this part of the line had any traffic or not. However, it has been evident that of recent times a great change has come over the railway management. We hope that it will continue its efforts to make this end of the road pay. One way to do so might be to take an active interest in the question of grain shipments from Prince Rupert.

### SHORTAGE OF IRON

Japan is feeling the lack of iron just now. Formerly much of her iron ore came from that part of China at present under the control of the Chinese government at Hankow. Another source of supply was Australia but recently an embargo was placed on shipment of iron ore from mines owned and operated by Japanese. This has left the Japanese in a difficult position and made it more than ever desirable that Hankow and its rich mining district be taken.

Japan owns some iron ore deposits on the Queen Charlotte Islands and it is possible that the shortage of ore may speed up the development of those properties.

## LEGION IS VICTORIOUS

Gilbuly Cup Standing Ends Up in Draw Between Canadian Legion and Merchants

Last evening's regularly scheduled football game between the Canadian Legion and the Merchants resulted in a win for the Canadian Legion by four goals to two, leaving the Navy and Merchants in the Gilbuly Cup series.

The Legion had the best of the opening exchanges, Currie, St. Dennis and Wilson indulging in neat combination plays but Parsons and Ferguson held out until Currie opened the score when Roma, in trying to kick clear, drove the ball against the upright and it rebounded into goal. Campbell added a second Cameron went close and Vink reduced the margin with a good shot. Krause saved well.

The second half was even with Murray and Ronalds finding their hands full in keeping Cameron Gillis and Eby out. From a corner well taken by Ronalds, Currie headed against the upright but made no mistake with the rebound and the Legion were two goals up. Then Vink scored and just after narrowly missed. Krause did well to save from Cameron. From Wilson's pass Campbell added a fourth for the Legion.

Teams—Legion: Krause; Ronalds; Murray; O. Haughan; Howe; Wilson; Currie; St. Dennis; Campbell. Merchants: Roma; Parsons; Ferguson; Gillis; W. Gomez; S. Hand; Eby; Vink; Cameron. P. Cameron refereed.

## PLANS FOR NAVY BASE BEING MADE

JERUSALEM—Reports are current that France intends building a naval and air base on the eastern shore of the Mediterranean in the Latakia district. Latakia, on the Syrian coast, has its own government, under French control. The move has been under consideration ever since pirate submarines had been reputedly traced back to the Italian naval base of Leris, in the Aegean Sea. Another new military base is being planned by the Egyptian government about 65 miles east of the Libyan border. The port of Marsa Matruh is to be enlarged and equipped as a base for Egyptian troops operating near the Libyan border, where Mussolini has several divisions stationed. There has also been talk of a new British naval base on the eastern Mediterranean.

## CLEVELAND DISPLACED

Boston Red Sox Move Into Runner up Position in American League

NEW YORK, August 24 (Canadian Press)—While the leaders in the two major baseball leagues—the New York Yankees in the American and the Pittsburgh Pirates in the National—were dividing double-headers yesterday, there were some interesting changes in the standings of American League clubs. The Cleveland Indians lost both ends of a double-header to the Boston Red Sox who, as a result, ousted them from the runner up position in the league. The Detroit Tigers, by winning a double header from the Philadelphia Athletics, moved into a tie for fourth place with the Washington Senators who had a close single game victory over the St. Louis Browns. The Athletics dropped further into the cellar below the Browns. In the National League, the Cincinnati Reds, who are menacing the New York Giants for the runner-up position, continued their upward movement by blanking the Phillies while the fourth place Chicago Cubs were losing to the Giants.

Yesterday's Big League scores:  
**National League**  
New York 6; Chicago 2.  
Brooklyn 7; St. Louis 9.  
Boston 6-3; Pittsburgh 0-4.  
Philadelphia 0; Cincinnati 3.  
**American League**  
Chicago 11-1; New York 3-3.  
Cleveland 11-2; Boston 13-14.  
Detroit 13-8; Philadelphia 5-3.  
St. Louis 5; Washington 6.

Southbound from Skagway to Vancouver, C.P.R. steamer Princess Charlotte, Capt. William Palmer, is due in port at 3:30 this afternoon and will sail at 5 p.m. in continuation of her voyage. The vessel has on board a capacity list of tourist passengers.

## WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to go  
The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body and you feel sour, rank and the world looks pink.  
A mere bowel movement doesn't always get the liver as well. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of cathartics but have no cathartics or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

## Cow Bay Beats Third Avenue

Football Game Yesterday Resulted in Score of Six to Two

Cow Bay boys defeated Third Avenue by a score of 6 to 2 in a football game yesterday. Nick Pavlikis opened the score for Third Avenue and then Herbert Pierce scored a couple to put Cow Bay up. Nick Pavlikis equalized and half time score was two all. Two penalties and two field goals by Herbert Pierce in the second half gave the game to Cow Bay 6 to 2.

## DRAMA OF SMUGGLING

"Daughter of Shanghai" is Feature at Capital Theatre

"Daughter of Shanghai," an alien smuggling expose, is the interesting feature picture being presented at the middle of this week at the Capitol Theatre with a special stage show program. The picture is replete with excitement. The billion dollar alien smuggling racket, the underworld's most lucrative and fastest-growing business, form the background of the romance which stars Anna May Wong. Miss Wong plays the part of the daughter of a merchant who was murdered because he knew too much. Philip Ahn, handsome young Chinese, plays the part of a federal agent. The cast also includes Charles Bickford, Cecil Cunningham, Larry Crabbe, J. Carroll Naish, John Patterson and Evelyn Brent.

The visiting "Showboat Entertainers" will appear on the stage tonight and Thursday twice nightly in a variety program which comprises music, mirth, song and magic. These cruising artists have some well known entertainers in their cast. Among the principals are Frank Merryfield of Victoria, the famous Cornish wizard; Laurence Eidland, a Son of Norway who is featured on his streamline accordion; Emile Kinnon and his one-man band; Wilf Adams, sax and featured vocalist and Bert White

HEAR THE MAN IN THAT SNUG-FIT TRAILER SWEARING THIS MORNING?

SURE! I DON'T BLAME HIM. HIS WIFE FORGOT TO BUY KELLOGG'S CORN FLAKES FOR BREAKFAST

If you're looking for a real value in cereals, buy Kellogg's Corn Flakes. There's no substitute for true Kellogg flavor and crispness. Order Kellogg's Corn Flakes for breakfast tomorrow. Ready to serve with milk or cream. Always oven-fresh in the exclusive heat-sealed inner bag. At all grocers. Made by Kellogg in London, Ont.

### Mainstay of Port—

## Fishing Industry Has Been And Still Is Prime Factor Of Importance For Rupert

It is fitting that Prince Rupert, in observing its Port Day, should, as it is doing, pay particular attention to the fisheries for they directly or indirectly provide the most of the people here with their livelihood.

The mainstay of the business and traffic of the port of Prince Rupert has been for years and continues to be its fishing industry, providing heavy tonnage and representing an annual value of about three million dollars to fishermen. Halibut and salmon are the only fisheries that so far have been seriously developed and exploited to any magnitude on a commercial basis. However, the importance of herring, cod and shellfish is becoming more appreciated and it is expected may be gradually expended henceforth.

Halibut in season is shipped to the remote markets of the East and abroad in fresh state while some is placed in cold storage and, during the off seasons, distributed from the local plants. Improvements being gradually perfected in the way of fish refrigeration and shipping are making the frozen product more and more desirable.

The bulk of the large salmon catch of the district is canned in the twenty or so canneries located in the Prince Rupert area. In addition, the shipment of fresh salmon is becoming an increasingly important business while some is salted, smoked and mild-cured.

Herring is to a great extent used for reduction purposes as animal feed and oils. Two reduction plants are immediately contiguous to the port—those in Tucks Inlet and at Port Edward. Further removed but still in the district are the Pacific, Butedale and Namu reduction plants.

One new shellfish plant has only this year been established right on Prince Rupert waterfront while there are others on the Queen Charlotte Islands.

It is estimated that some three hundred boats are engaged in fishing direct from the port of Prince Rupert not including salmon gill-nets.

## Scientists Help Port

Mention of the fishing facilities of the port could hardly be considered complete without reference to the Prince Rupert Fisheries Experimental Station where scientists are conducting extensive research work the value of which has already been proven in numerous practical ways particularly in regard to the storage, handling of fish and the exploitation of valuable by-products. The practical value of this fisheries research work has long since been established and it may be said that the Prince Rupert station and its workers have played no small part in this regard.

## WHIFFLETS

From The Waterfront

Up to August 15 this year the halibut catch landed at all parts of the coast from Area No. 5 had totalled 14,600,000 pounds as compared with 14,000,000 pounds at a corresponding date last year. After a two weeks' later start than a year ago, the 1938 catch is gradually catching up on that of last year and expectations are that it will soon equal it. Last year fishing in Area No. 5 was closed on September 29, the quota having been reached by that time. There is reason to believe that the closing this year will be later.

Yesterday at Seattle one western boat from Area 3 landed a halibut catch, this being the Resolute with 39,000 pounds which sold to Sebastian-Stuart at 10c. and 9c. The Alitak sold 1200 pounds of halibut

and the Maddock 100 pounds, this halibut being taken in Area 2 incidental to cod fishing. The Alitak received 14c for her halibut and the Maddock 10c. For sablefish 4½c per pound was paid, for ling cod 4c, and for red cod 5½c. Three halibut vessels—Arne, Orbit and Thelma II—sold albacore catches at 5c per pound.

Some 350 gillnetters are still fishing on the Skeena River with coho nets and the run of this variety of fish, according to reports from the river today, is quite satisfactory, averaging about thirty-three fish per boat. A fair number of pinkies are also being taken, running about seventy or eighty fish to the boat.

Bringing in a Western States As-

## VALUE OF FISHERIES—

Figures Show Pounds and Value For Year 1937 in Prince Rupert District—

	Pounds	Value
Halibut	9,010,000	\$ 593,237
Salmon	65,830,500	2,358,198
Herring	62,226,200	130,675
Ling Cod	10,800	232
Black Cod	725,400	22,004
Red Cod	16,300	217
Halibut Livers	145,600	72,783
Cod Livers	25,600	8,798
Crabs	309,900	6,110
Shrimps	7,200	571
Shark Livers	27,800	1,923
Dogfish Livers	77,800	5,445

The figures account only for salmon from the district landed in the district and do not include include large quantities of salmon caught in the district and either shipped to other parts of the province or exported. The poundage of this is placed for 1937 at 3,347,800 with value of \$111,085. Nor do they include salmon brought from elsewhere on the coast into this district totalling 2,891,900 pounds valued at \$29,169.

## Boats by Thousands Enter And Clear At Port Of Pr. Rupert

During the last fiscal year 2142 seagoing vessels arrived at the port of Prince Rupert while 2189 departed.

Entries of coast vessels totalled 1359 and clearances 1389.

and the Maddock 100 pounds, this halibut being taken in Area 2 incidental to cod fishing. The Alitak received 14c for her halibut and the Maddock 10c. For sablefish 4½c per pound was paid, for ling cod 4c, and for red cod 5½c. Three halibut vessels—Arne, Orbit and Thelma II—sold albacore catches at 5c per pound.

Some 350 gillnetters are still fishing on the Skeena River with coho nets and the run of this variety of fish, according to reports from the river today, is quite satisfactory, averaging about thirty-three fish per boat. A fair number of pinkies are also being taken, running about seventy or eighty fish to the boat.

Bringing in a Western States As-

Health is too valuable a possession to be risked by eating foods that are not in the finest condition. This risk is entirely overcome by electric refrigeration. And what is more over a period of five years, your food budget will be reduced by more than the refrigerator originally cost you.

## The Port of Prince Rupert

# Endowed by Nature and Fully Equipped Along Modern Lines, Is Ready to Handle Business

Progressive Citizenry is Alive to Situation and Ready to Grasp All Opportunities That May Offer

By G. A. HUNTER

Fully equipped with modern facilities, the port of Prince Rupert is in a good position to handle the traffic arising from the present or potential development of its tributary natural resources. Endowed with a land-locked, all year harbor, free of all obstructions and commodious enough to take care of the world's greatest fleets and largest ships, extensive shipping conveniences such as docks, storage sheds, service establishments have already been provided. All that the port awaits now is the business and a progressive citizenry is alive to the situation and watchful at all times for opportunities of establishing Prince Rupert as a point of importance in the world's shipping lanes.

The maximum rise of tide in Prince Rupert harbor is twenty-four feet with a mean range of fifteen feet. The minimum depth of anchorage at low water is fifteen fathoms. The approach to the harbor is simple and the entrance is safe and easy. There are adequate lights and buoys. There is ample wharfage accommodation. Principal public wharves are the Canadian National docks—1300 and 800 feet in length—and the government dock, 500 feet long. Each of these docks have ample storage facilities.

The port is equipped with an up-to-date continuous service radio station always available to the call of shipping. There is also pilotage service assigned to the port and customs, quarantine, immigration, stevedoring and salvage services are instantly available.

Other notable features of the port's equipment are the Canadian National dry dock with lifting capacity of 20,000 tons, fully equipped marine repair and machine shops, foundry and shipbuilding plant; two cold storage plants; lumber assembly wharf; car ferry slip, fishermen's floats and services and commodious accommodation for the mosquito fleet, both commercial and pleasure.

Making her final voyage of the season on the Alaska route, the Canadian National steamer Prince Rupert, Capt. James Watt, arrived in port at 9 o'clock this morning from Vancouver, Powell River and Ocean Falls and sailed at 1 o'clock this afternoon for Skagway and other northern points whence she will return here next Monday southbound.

## THIS PORT POSSESSES—

- Terminal Railway Facilities.
- One of the finest harbors in the world.
- Extensive fishery resources, both developed and undeveloped.
- Two fish cold storage plants, one the largest in the world.
- Dry dock and shipbuilding plant, 20,000-ton capacity.
- Smaller shipbuilding and marine repair plants as well as machine shops.
- Grain elevator, 1,250,000 bushels capacity.
- Adequate coastal steamship services.
- Large and well equipped ocean dock.
- Lumber, shingle and box mills.
- Fish reduction plants.
- Shellfish plant.
- Ore sampling plant.
- Adequate public wharves.
- All marine services.
- Lighthouse and navigation aid depot.
- Public radio station.
- Fishermen's wharves.
- Yacht Club facilities.
- Fisheries experimental station.
- Plants for handling and shipping of fish of all descriptions.
- Abattoir.
- Some twenty canneries in district.
- Fishery supply and ship chandler establishments.
- Four marine fuel stations.
- Salvage service.
- Bunkering facilities.
- Boating, fishing and hunting facilities.
- Aircraft moorage.

## STRATEGIC IN DEFENCE

A New Recognition Comes to Port of Prince Rupert

Another and a new recognition of the strategic importance of the port of Prince Rupert is to be seen in the active steps now being taken by the federal government with a view to its defence.

Ground is now being cleared at either side of the entrance of the harbor for gun emplacements.

The site for an air base is about to be selected at Prince Rupert and development of same will be a thing of the near future.

Already on the Queen Charlotte Islands a seaplane base has been chosen at Allford Bay in Skidegate Inlet.

It is to be expected also that early provision will be made for more naval concentrations hereabouts.

The organization of the fishermen's naval reserve is another defence measure of interest.

## Uncle Sam Is Feeder For Port

Shipping of Alaska fishery products through Prince Rupert and over the line of the Canadian National Railways to the United States is year by year gaining in volume and is now providing a very substantial feeder through the port. Fresh, frozen, mild cured and canned fish is coming this way from Ketchikan and other Alaskan ports in steadily increasing quantities. Hardly a day passes that at least one boat, and often many, come in with their cargoes. Large steamers in some cases bring in these commodities and the shipments are in carload lots. During 1937 the volume of this Alaskan business through Prince Rupert was some 9,000,000 pounds, representing a value of almost three-quarters of a million dollars.

## IDA SLATTA PORT QUEEN

Alice Gomez and Frances Stegavig to be Maids of Honor at Celebration Tomorrow

The popularity contest in connection with the selection of Miss Prince Rupert, Queen of the Port Day celebration, to be held tomorrow, ended in a burst of speed last night and Miss Ida Slatta, nominee of the Sons of Norway, was the winner. Accordingly, she will be crowned at the ball tomorrow night. Her maids of honor will be Miss Alice Gomez, candidate of Gyro playgrounds, and Miss Frances Stegavig, choice of the Moose, who finished up second and third respectively.

The final figures:

- Ida Slatta, Sons of Norway, 46,000.
- Alice Gomez, Gyro Playgrounds, 34,100.
- Frances Stegavig, Moose, 22,100.
- Maxine Heilbronner, Cambrai Chapter, 21,900.
- Elsie Johansen, Deep Sea Fishermen's Union, 14,800.
- Credie Morgan, Rotary Club, 12,800.
