Boy Scouts Are Back From Camp

90c Returned Last Night From Outing social functions prior to her depart-At Shawatlans Lake

A tired but contented group of Boy Scouts returned last evening from their first Scout camp at Shawatlans Lake. The return journey was made in the Neiris, piloted by Dr. N. M. Carter.

The weather was ideal for scouting activities, Monday being the only day that the general program was disarranged. Severai FOR SALE - Cooking utensils, short hikes and one all-day hike were enjoyed. On the all-day hike held last Friday, the boys divided into two parties, the party under Rev. Roy Durnford explored several streams and waterfalls, while the others under Robert Yerburgh climbed a nearby mountain. One morning was spent in making camp gadgets, wash stands, etc. another morning a number, un-Shorthand Note Books, centre line, 15c; 2 for 25c Mr. Durnford, tried their hand at bridge building while the remainder went to a nearby 35c sland and practiced tenderfoot

n Daby's Dottle

THERE is a milk for baby's bottle which has many I recognized advantages. It contains all the food value of whole, cows' milk-it is very easily digested - always the same wherever you buy it - easy to prepare and easy to keep - extra-rich in "sunshine" vitamin D-irradiated Carnation Milk.

Homogenization and heat treatment make Carnation so digestible. Nothing has been taken out but part of the natural water,

content - nothing added but extra "sunshine" vitamin D from ultra-violet light rays. And every tin of Carnation Milk is exactly the same as every other tin.

When bottle days are over there is no question of "weaning" baby-he goes on getting his Carnation Milk in his cup. Carnation Milk also adds extra creaminess, smoothness and flavour to cooked dishes, and is delicious and economical for creaming coffee and cereals.

Write for two Carnation books. "The Contented Baby" is free. The Carnation Cook Book, containing a host of ideas and recipes, with full-page, full-colour illustrations is 15¢ (postpaid). Carnation Company Limited,

Abbott St., Vancouver

THE AVERAGE MOVIE-GOER SPEAKS HIS MIND...

I T'S HARD for a fellow like me who thinks apple pie is one of nature's greatest gifts to man to believe that there are folks who honestly don't like it at all.

On the other hand, I can't abide liver and bacon though I know it's highly regarded by many.

We all have our likes and our dislikes. We're all different - thanks be! A dull world it would be if we weren't.

That's why I say that the most remarkable thing about motion pictures is that they hit such a high average of pleasure-giving.

Take any individual picture and you'll find that most people who see it will get a lot of enjoyment out of it.

Not all, naturally. For example, I think a certain star is tops - while, to hear the way my next-door neighbor goes on about her, you'd think she wasn't good enough to be an "extra".

Or my wife sees a picture during the afternoon and raves about it at dinner. Maybe son and I take it in that evening - and come home feeling that Mother is losing her judgment. And there you are. It's the apple pie situation all over again.

But, taking them all together, I figure that the "movies" give more pleasure to more people at a lot less cost than most anything the mind of man was ever responsible for - and have done the human race more downright good than all the medicines concocted since creation.

And I'll say this: The times when I've been disappointed in a picture have been a lot fewer than the other times when I've gone to see one I wasn't especially excited about in advance and been mighty glad I did. O Sure, I criticize the pictures. I pay my money and that's my right. As a matter of fact, I kind of figure that

it's the criticism of average folks like me that's largely responsible for the pictures getting better and better all the time.

Through the years the motion picture has given its public countless hours of entertainment, countless hours of escape from harsh reality. It has taken millions away from trouble and sorrow, lightening their burdens and brightening their lives . . . making the world a better, happier place to live in.

It has grown - from "cowboys and Indians" to dramatizations of the works of the world's greatest hors...from temperamental flickers to technical reflection ... from infancy to an intelligent maturity.

.To provide the finest array of productions ever released the Motion Picture Industry has mobilized all its skill, all its imagination, all its resources to provide the greatest array of productions ever released.

Great stories splendidly produced . . . love-filled romance, stirring drama, gay adventure, hilarious comedy, tuneful musicals - star-studded casts filled with your favorites and new faces, new talents, for which the world has been searched. One after another these great pictures are coming to your favorite theatre.

Entertainment, relaxation, freedom from care are yours in overflowing measure, brought to you by the supreme efforts of the Motion Picture Industry to make this fall season one you will never forget.

GOLFER AT 77

LONDON, Sept. 1: (CP)-George, Myers, 77 "can beat his age" at golf. He has a handicap of eight; and still is reducing it. He won! the April medal at his club with a 70 and in July posted a 71 to win.

CRASH NO DETERRENT

GENEVA, Sept. 1: (CP)- Louis Fontes, only British entrant, won the 800-kilogram speedboat race although he arrived only a few hours before the start due to an automobile accident while driving from Poole to Dover.

GREENKEEPER SHINES

SOUTHPORT, Eng., Sept. 1: (CP) -G. Woodward, greenkeeper to the Walsall Golf Club, won the British Greenkeepers' Association's annual meeting with a gross score of 71, five strokes better than the scratch score of the course.

STILL TAKES WICKETS BRIDGNORTH, Eng., Sept. 1: (CP)—Sydney Barnes, England test cricketer of a former generation is still going strong at 66. In 18 games this year he has taken 102 wickets at an average of 6.8 runs for Bridgnorth.
