New York Yankees Winners Today Of Opening Baseball Game At Chicago, Beating Cubs

CHICAGO, October 5: (CP)—Turning on their famed batting power for twelve hits against Bill Lee and Jack Russell, the New York Yankees defeated the Cubs here this afternoon three runs to one in the opening game of the World Series before a crowd of 44,000 disappointed fans.

Lee, the backbone of Chicago's hurling staff, was combed for eleven hits by the Manhattan sluggers before he retired for a pinch-hitter in the eighth.

Red Ruffing held the Cubs to nine hits, including a triple by Manager Gabby Hartnett, and was never in danger. Ruffing and Joe Dimaggio alone of the Yankee lineup failed to get in on the clubbing. Bill Dickey, catcher, was the biggest explosion with four singles. He scored what proved to be the winning run in the second and drove across Henrich with the final run of the game in the sixth.

Score by innings:
1 2 3 4 5 6 7 8 9 Tot.
New York 0 2 0 0 0 1 0 0 0 3
Chicago 0 0 1 0 0 0 0 0 1

HITLER IS MOVING IN
Third of Four Zones of Sudetenland Taken Over by Der Fuehrer Yesterday
CARLSBAD, Oct. 5: (CP)—German troops yesterday occupied the third of four zones of Sudetenland which have been ceded to the Reich. Close on the heels of the military Chancellor Adolf Hitler came here to take formal possession. Anti-Jewish activities immediately commenced with raiding and smashing of shops.

Hitler gave a speech here yesterday after which he returned to Germany with the expectation of being back almost immediately to visit other parts of Czechoslovakia.

Local Halibut Vessel Seized
Joe Baker Charged With Having Halibut in Possession in Closed Area

The local halibut boat Joe Baker is under seizure and facing a charge of having in its possession halibut in a closed area other than the one for which she had cleared. The Joe Baker came in yesterday under her own power at the order of the fisheries patrol steamer Magaspina. The hearing of the case is called for tomorrow.

Fruit-Vegetable Market Combine Is To Be Probed
VICTORIA, Oct. 5: (CP)—Returning yesterday from a trip to Ottawa, Hon. Gordon Wismer, attorney general, announced that a preliminary inquiry would be held by the federal government into an alleged combine in the marketing of British Columbia fruit and vegetables.

SHIPPING TO LAKES To Make Use Of Timber Resource
Canadian Wheat Board Decides to Divert More Alberta Grain Eastward
WINNIPEG, Oct. 5: (CP)—The Canadian Wheat Board has decided, in the interests of more expeditious movement, to increase the area in Alberta from which top grade wheat shall be shipped to the lakehead rather than to Vancouver where there is a glut of grain.

Former Railway Chief Dies
WINNIPEG, October 5: (CP)—Mr. Justice Charles Percy Fullerton, prominent for years in legal and railway spheres of the Dominion, died at the home of his daughter, Mrs. A. C. McMullan, here at the age of sixty-eight. He had been ill since the beginning of June. Mr. Justice Fullerton was a former member of the Manitoba Court of Appeal and was a former chairman of the Board of Railway Commissioners. He was chairman of the board of trustees which controlled the destinies of the Canadian National Railways from 1933 until the Liberal government in 1935 restored the board of directors. The late Mr. Justice Fullerton was well known in Prince Rupert, having visited here both as chairman of the Board of Railway Commissioners and as chairman of the board of trustees of the Canadian National Railways.

Belgium Happy Over Peace Plan
BRUSSELS, Oct. 5.—The Belgian Chamber of Deputies met yesterday and praised the statesmen who had been instrumental in preventing war in Europe.

Where Was Local Pilot Last Week?

The Junior Section of the Prince Rupert Chamber of Commerce wants to know why, when there is supposed to be a resident pilot stationed at Prince Rupert, the Norwegian Freighter Oliver Olsen should have been held up outside of the port for three days recently awaiting a pilot to take it into Ocean Falls. At the suggestion of J. C. Gilker, it was decided at the junior chamber's annual dinner meeting last night to ask for an explanation in regard to the incident.

NEW PACT IS READY

Negotiation of United States-Canada Trade Treaty is Almost Completed

OTTAWA, Oct. 5: (CP)—Following the regular weekly cabinet meeting yesterday, Prime Minister William Lyon Mackenzie King said that negotiation of the new trade treaty between Canada and the United States was expected to be completed within the next few days.

The Premier intimated that he intended to leave soon on a holiday trip to Florida or Georgia and that, while away, he would visit Washington in connection with the signing of the trade treaty.

ITALY WILL FLY OCEAN

To Start TransAtlantic Air Service Next Year, it is Announced

ROME, Oct. 5: (CP)—Italy will be ready next spring to start a transatlantic air service, it is announced. It will make the fifth nation to enter this field of transportation—the others being United States, Great Britain, France and Germany.

NEW GOV'T IS FORMED

Edouard Benes Resigns As Czechoslovak Premier

A new government has been formed under the same premier, General Syrovky. It is said to be a moderate cabinet rather inclined to the right. General Jan Syrovky has a number of difficult problems to tackle, one being the demands of the Slovak population for autonomy. Negotiations with Hungary over minority rights are to be commenced today.

Meantime, the resignation of President Edouard Benes, enemy of Chancellor Adolf Hitler, was announced officially today. The resignation was not unexpected although it had been denied several times recently that he intended to step down. Benes has been president since September 1935, having succeeded the founder of the republic, the late Thomas Masaryk. Informed persons say that Benes' resignation might make negotiations with Germany easier.

TEST DUE TOMORROW

Vote on British Foreign Policy Coming—Preparedness For War Urged—Czech Integrity?

May Be Election

Transfer of Sudetenland May Be Followed by Appeal to People

LONDON, Oct. 5: (CP)—Debate is expected to be concluded tomorrow on the government's foreign policy whereupon a vote will be taken upon the question of approval or otherwise. Then the House will adjourn until November 1.

In both Houses of Commons and Lords yesterday the Chamberlain government was urged to take steps to place the defences and economic structure of the country on a wartime basis.

Sir Thomas Inskip said that the government had decided to take all possible steps to protect the integrity of Czechoslovakia in spite of the fact that an agreement with that in view had not been drawn up or signed.

In the House of Commons yesterday, Lord Cranborne, former under-secretary for foreign affairs under Anthony Eden, criticized the Prime Minister for saying he had secured peace with honor. He declared that, while peace had been secured, it was not peace with honor. Czechoslovakia had been thrown to the wolves.

In his speech in the House of Lords yesterday Lord Baldwin said that the people of Europe had looked into the crater of a volcano and were wondering what might have happened if it had exploded.

Lord Lloyd, Conservative, urged national service as desirable under present conditions. Outside of Parliament, the possibility of a general election is being discussed. It is thought probable that just as soon as the transfer of the Sudeten is completed the government may ask the nation to approve its action.

TODAY'S WEATHER

Prince Rupert — Part cloudy, northwest wind, eight miles per hour; barometer, 30.10; temperature, 43; sea smooth.
Langara Island—Cloudy, north-east wind, six miles per hour; barometer, 30.16; temperature, 50; moderate swell.
Dead Tree Point—Part cloudy, calm; barometer, 30.16; temperature, 45; sea smooth.
Bull Harbor—Part cloudy, northwest wind, three miles per hour; barometer, 30.14; temperature, 44; sea smooth.
Alert Bay—Clear, light northwest wind; barometer, 30.14; temperature, 46; sea smooth.
Estevan—Clear, southeast wind, four miles per hour; barometer, 30.14.
Victoria—Clear, northerly wind, four miles per hour; barometer, 30.10.
Vancouver—Clear, calm; barometer, 30.10.

JAPANESE ADVANCING

Furious Attack Results in Occupation of Chinese City of Lohi

SHANGHAI, Oct. 5: (CP)—Japanese forces today followed up a twelve mile advance with a furious attack as a result of which they occupied Lohi, thirty-eight miles southwest of Juichang.

Delimiting Of Fifth Zone Of Sudeten; Reparations Problem

Progress May Now Be Difficult — March Into Czechoslovakian Territory By Germans is Continuing

BERLIN, October 5: (CP)—A Foreign Office spokesman said today that the international commission supervising the cession of Sudetenland to Germany had been confronted with new difficulties delimiting the fifth zone of occupation and "the question of reparation for injustices inflicted by the Czechs on the Sudetens since 1818."

As the commission resumed discussions, the spokesman said that progress might be difficult from now on. Meantime the Nazi march into Czechoslovakia continues.

Russo-France Alliance Now Is All Ended

MOSCOW, Oct. 5: (CP)—Russia no longer considers herself an ally of France in spite of the pact between the two countries, it was declared last night in the Soviet government's newspaper organ, "Journal de Moscow," which declared the Munich agreement had been made without even the courtesy of diplomatic consultation with Moscow. There is not expected, however, to be any breaking off of diplomatic relations between the two nations. "Journal de Moscow" said emphatically that, as a result of the Munich settlement, France had lost all of her European allies but England. Prediction that there will be a sharp revival of Communist international activity, especially in France, is made by some foreign observers following the cooling off of Soviet-French relations.

There was a slump yesterday in the value of the franc, the franc going slightly below 179 to the pound. The gold in the Bank of France is to be revalued. The Socialist party, at a meeting yesterday, decided to vote against the proposal of the government to take plenary powers until the end of the year but on an appeal by M. Heriot they reconvened and decided to abstain from voting.

France, like England, is moving towards more friendly relations with Italy and the French government has decided to send an ambassador to Rome. France has had no ambassador to Italy since 1936 when the ambassador was withdrawn because of refusal to address the King of Italy as Emperor of Ethiopia. Since then France has persistently refused to recognize the conquest of Ethiopia.

LOCAL JAPS URGE TRADE

Believe This Port Should be Used For Traffic Between Canada and Orient

Desire that there might be an early development of trade between British Columbia and Japan through the port of Prince Rupert was expressed in a letter from the Prince Rupert Japanese Association which was read last night at the annual dinner meeting of the Junior Section of Prince Rupert Chamber of Commerce. That this could be accomplished if efforts were made by various organizations such as the Junior Chamber was the belief expressed in the letter which proffered the co-operation of the Japanese Association with this end in view.

The letter, signed by K. Miwa, president, and George Kitagawa, secretary of the Prince Rupert Japanese Association, had been written to congratulate the Junior Chamber on the success of the Port Day celebration and to express appreciation for courtesies extended to local Japanese residents in that connection.

WITHDRAW ITALIANS

Ten Thousand Volunteers Ordered Out of Insurgent Forces in Spain

BURGOS, Spain, Oct. 5.—General Francisco Franco was reported yesterday to have ordered the withdrawal of ten thousand Italian volunteers from the insurgent forces. This, in some quarters, was said to have been in response to orders from Premier Benito Mussolini. Elsewhere, the suggestion was made that the Italians had not been proving their worth as fighting men.

A letter read at last night's meeting of the Junior Chamber of Commerce from J. A. Lowe of Vancouver stated that he was writing a thesis on the Grand Trunk Pacific Railway and asked for information in regard to same. Already, it was reported, Secretary T. J. Williams had forwarded a goodly amount of information to Mr. Lowe.

JUNIOR CHAMBER IN SESSION

(Continued from Page One)

application of the Dominion Housing Act.

Endeavours to have a veneer plant established here.

The retiring president also reported that eleven new members had been enrolled during the year and there had been nine general meetings with ten executive meetings. Speakers during the year had been R. M. Winslow, C. C. Kuchel, O. C. Young, R. C. St. Clair and Dr. Joseph T. Mandy.

Reference was also made by the retiring president to broader problems such as taxation, unemployment, international affairs and world commerce.

President Elect

President-elect A. W. Newman on assuming the chair, expressed appreciation of the honor which had been conferred upon him and the hope that he would prove worthy of the confidence which had been imposed in him. With the support of the executive and members, he hoped that the coming year would be an outstanding one. Already there were two important objectives apparent—the Christmas radio broadcast and Port Day. These, he hoped, would be made even more successful and that success would attend other undertakings that might be attempted.

"Prince Rupert is now on the upgrade," declared the president-elect. "Let us all bend our efforts to make the climb in record time."

F. A. MacCallum, president of

the Prince Rupert Chamber of Commerce, expressed appreciation at having been elected honorary president and offered his assistance at all times—both actively and in consultation. The Junior Chamber had chosen well in its selection of president, officers and executive this year. The past president had demonstrated his capabilities. There was a definite work for the Junior Chamber of Commerce in the promotion of the commercial and business life of the community. Mr. MacCallum urged the importance of a diversified membership representative of all walks of life so that there might be a true cross-section of the business life of the community.

A. S. Nickerson, the new vice-president of the Junior Chamber pledged his support to the president-elect and to all activities that might be undertaken by the Junior Chamber. He paid tribute to

the work of the secretary. The retiring president acknowledged the support that had been accorded the Junior Chamber by the press, a co-operation that it was hoped would continue. W. J. Raymond and G. A. Hunter responded briefly to a vote of thanks tendered the press.

A vote of thanks was also tendered to last year's executive. Guests at the dinner included Jack McRae, Wizner Bryant and Frank Hudema as well as a number of members of the Prince Rupert Chamber of Commerce.

Dr. R. G. Large entertained the Prince Rupert Gyro Club at its luncheon today with interesting moving pictures taken on a recent trip to the British Isles and the east. President D. G. Borland was in the chair and there was a good attendance of members with one guest—Earl Gordon.

What do you KNOW about the Petroleum Industries of British Columbia?

We have served you well ...but perhaps too quietly.

In any event, we feel you would like to know more about this important industry, its functions and its problems, because they are of deep concern to all of us in this province.

YOU ARE A CITIZEN of British Columbia, anxious for the advancement of the Province.

We are an industry eager to serve and to share in the tasks of development.

You are proud of British Columbia; you want to see it progress; you want its industries to thrive and expand, so that there may be more opportunities for you and your sons and daughters in this Province now and in the future.

We play an important part in the industrial and economic life of British Columbia and feel we have kept pace with the amazing growth of automobile travel. We believe that we have given outstanding service to British Columbia's industries, its mines, its fisheries, its farms, its lumber camps and its mills, all of which use our products in their operations.

You and we would both be hurt if the development of the industry should be impeded or restricted.

British Columbia is a great industrial Province, with vast resources needing more and more capital

for their development, in order that more and more people may have work and more and more goods and services may be purchased. Every industry that develops these resources has exacting and urgent requirements for petroleum products, which must be served.

The development of large areas of this Province is dependent upon the petroleum industry. Over the 356,000 square miles of its territory, along the 7,000 miles of its coast lines, the need for dependable supplies of petroleum fuels and oils is taken care of by thousands of British Columbia workers.

In the past, we have told you about our products. Frankly, we admit that perhaps we should have told you more about ourselves and what we are doing, so that you would KNOW our position and be familiar with the fact that the PETROLEUM INDUSTRIES OF BRITISH COLUMBIA are efficient, useful industries, striving to do business on the basis of volume and low costs to the consumer and in every respect comparing favorably with the petroleum industries that serve other parts of the world.

United Church At Terrace Is Active **Weather Forecast Represented At Montreal Meet**

Various Groups Have Started Their Programs For Winter

TERRACE, Oct. 5.—The fall activities of Knox United Youth Groups have got off to a good start this season. They include the following: The Music Club, meeting on Monday; Explorers, on Tuesday; Junior Choir on Wednesday; Boy's Club, on Thursday; C. G. I. T. on Friday and Young People's Club meeting the last Thursday of every month. The Music Club is already practising for an operetta to be put on in December.

General Synopsis — The barometer is low west of the Queen Islands. Weather has been cool and showery in Northern Alberta but mostly fair in southern districts.

Prince Rupert and Queen Charlotte Islands—Mostly clear, becoming a little warmer. Light winds shifting to southeast at night, then freshening.

West Coast of Vancouver Island — Light to moderate southerly winds, fair and comparatively warm.

C.N.R. steamer Prince John is expected to arrive in port tonight from Vancouver via the Queen Charlotte Islands. This morning the vessel was in Massett Inlet making her regular calls.

The Prince Rupert Junior Chamber of Commerce will be represented, at the forthcoming convention of the Junior Chambers of Commerce of Canada in Montreal by Jack Streight of New Westminster, it was reported at last night's meeting of the local Junior Chamber.

Among resolutions to be taken up at the Montreal convention will be two originating here—one advocating the abrogation of the treaty with Japan providing for immigration from that country and another urging the marking of all "Made in Canada" goods.

Christian Youth Society Opens

Annual Meeting to be in Form of Banquet and Dance

On Monday evening, the Christian Youth Society met in the United Church for its regular weekly meeting with the president, Tom Johnstone, in the chair.

Several items of business were discussed, the chief among these being the annual meeting which is to be held in the form of a banquet and dance at the Commodore Cafe on October 14.

The following committees were elected:

Devotional—Ken Harding.
Social—Edith Johnstone, Cliff Madill.

Program—Isabel Connery, Doris Holden and Phyllis Hamblin.

The meeting closed with a short social period.

C. N. R. steamer Prince George Capt. H. E. Nedden, arrived in port on time at 10:30 this morning from Vancouver, Powell River and Ocean Falls with a fair-sized list of passengers and will sail at 4 o'clock this afternoon for Anyox and Stewart whence she will return here tomorrow evening southbound.

Presentation To Mrs. W. C. Aspinall On Leaving City

Mrs. W. C. Aspinall, who is leaving on this evening's train for the Peace River to reside, was the recipient on Monday afternoon of a beautiful framed picture of Prince Rupert from the Women's Auxiliary of the Anglican Cathedral. The presentation was made by Mrs. G. A. Rix at the regular monthly meeting of the Auxiliary in the Cathedral Hall, Mrs. Thomas Andrew presiding in the absence of Mrs. C. V. Evitt. Mrs. Rix spoke of the splendid work Mrs. Aspinall had done while in the city and of the regrets of the ladies of the Church at losing her. However, she would still be in the diocese.

Mrs. Aspinall has for years been one of the hardest workers among the Anglican ladies and was always ready to help in any good work.
