FASCISM IS DANGER

Speaker at Rotary Club Says Fanatic of Today Becomes Dictator of Tomorrow

The Canadian Legion has been built up until it has become the strongest of the veterans organizations in the country with a thousand branches. It is non-political but it has no use for the various "isms" of which so much is heard. It stands for a sound Canadian citizenship. It has no use for Communism and is just as strongly opposed to Fascism. While much attention had in the past been given to Communism, little had been said about the dangers of Fascism and this was a real danger. That is the view of the Canadian Legion as expressed by Robert Macnicol, provincial secretary of the organization, in an address to the Rotary Club at its luncheon Thursday afternoon. He claimed that the best bulwark against Fascism was an organization such as the Legion.

LESSON OF SACRIFICE

Yesterday we were taught the valuable lesson that the world is saved by sacrifice of the individual. The world has always crucified its saviors and still continues to do so. The mob has not yet learned to recognize true greatness and until it does so democracy will not be a success. As long as selfishness permeates the masses, so long will it be possible to bribe people with their own money in politics. In Austria we see the people one day almost unanimously ready to vote for liberty and a few days later shouting "Heil Hitler" and voting almost unanimously for German annexation.

In Canada we have the greatest measure of liberty and yet we find people organizing to overthrow the system for which men have fought and died and trying to bring about a condition of chaos such as they have in Spain. When we look back and see what Demos did in the past and look around us and see what it is doing today it makes us almost despair of democracy. Yet yesterday we celebrated the death of the greatest of the world's democrats who taught us that the only way to success was by way of sacrifice.

Some people moan on Good Friday and deplore the wickedness which brought about the death of the world's greatest. We feel it is rather occasion for joyfulness and thanksgiving that so great and important a lesson has been taught us. Greeks look back with pride and joy for the sacrifices made by their men at Thermopylae. Tomorrow we shall rejoice of the Demos, has by that act of sacrifice become the greatest among men.

ANOTHER EASTER COMES

Tomorrow is Easter, the beginning of the season of resurrection. It typifies the time when the souls of the plants and flowers which were during the winter the victims of killing frosts have again come to life and are preparing to blossom forth in all their beauty. The heathen, as we call them, celebrated the season and named a goddess, Eostre, to be the ruling deity of the occasion. The early Christians recognized the beauty of this mythology and adopted the season as the one in which to celebrate the resurrection of life.

Tomorrow we celebrate with joy this resurrection of the world from the winter of discontent. Possibly we may later be able to celebrate the rise of democracy from the winter and killing frosts of dictatorships, German, Roman, Russian, Japanese or French. This will come only when the people of the world have learned the lesson of sacrifice and have sufficient intelligence to recognize what is best for them. In the meantime they have to trust in an outstanding leader and when that leader is not present the forces of ignorance rear their ugly heads and lead the world astray.

Step by step we go forward in struggle to obtain that which is best. One by one the people of the world see the light and lend their influence to the forward movement of mankind. In the meantime we see people herded by powerful dictators, moved by the false blandishments of false prophets who urge the people to go forward and take the promised land and when they have taken it, as in the case of Russia, they find it is no land of promise but a land of suffering and misery such as the world had not previously seen. Only an educated, highly developed, self-sacrificing people can enter the promised land with any hope of making there a beautiful and permanent home.

Sacred Pageant Was Impressive

"Sign of the Ages" Is Presented By Junior Lutheran Church

The Junior Lutheran League of St. Paul's Lutheran Church presented a beautiful sacred pageant "The Sign of the Ages," on Friday evening. There was a good sized audience in attendance.

The young people were well prepared and rendered the pageant with dignity and reverence. The cross, which is the sign of the ages, was the central figure and it was accentuated by a spot light. The children's choir furnished the music, assisted by a quartette consisting of Miss Jorun Skog, Mrs. L. C. Jensen, Ingvold Fenes, and Rev. L. C. Jensen. Miss Sigrid Hed and Miss Elsie Murvold also sang solos. The characters were as follows:

- Becker, Ethel Knutson.
- Christianity, Magnhild Storseth.
- Heads of the Cross—Arthur Knutson, Peter Johnsen, Betty Leland and Fred Leland.
- One Bearer of Scorn, Reidun Knutson.
- One Bearer of Shame, Astrid Petersen.
- One Bearer of Love, Anna Johnsen.
- Mary Magdalene, Sigrid Hed.
- Early Christians—John Johnsen, Arne Selvig, Alvin Knutson, Jenoff Leland and Thor Selvig.
- Martyr, Elsie Murvold.
- Legend Bearer, Haas Petersen.
- World Service, Judith Jerstad.
- School Representative, Forbjorg Arntsen.

Special Meeting On Good Friday

Goodly Number Turned Out At Salvation Army Citadel

A splendid number gathered in the Salvation Army Citadel on Good Friday evening when the "Passion Play" was shown in lantern film. These scenes, depicting the passion and death of the Saviour, left a great impression on all who were present.

Old hymns such as "Alas, and Did My Saviour Die?" "Oh, Come and Look Awhile on Him," were sung and there was "The Old, Rugged Cross" by Miss Mary Pierce. Captain Frank Pierce gave the Scripture Reading of the Crucifixion. Mrs. Frank Pierce led in prayer and Mrs. Ivan Halsey gave the reading in connection with the pictures. Miss Clara Pierce was the accompanist. The whole evening's program was under the direction of Captain Ivan Halsey.

Halibut Landings Gaining Volume and Prices Take Slump—Air Force Plane Returns South

Forty-six halibut vessels landed their catches at the port of Prince Rupert during the past week following their first trips of the season to the fishing grounds. Twenty-six Canadian boats brought in a total of 225,500 pounds while twenty American boats landed an aggregate of 360,500 pounds, making the total of both Canadian and American fish 586,000 pounds. Half a dozen of the larger schooners from the western banks were among the American boats which landed here during the week. Landings for the season to date are 797,700 pounds—337,700 pounds from Canadian boats and 460,000 pounds from American. With the landings gaining volume, prices, as expected, showed a slump. The high price of the

merican fish was 7c and 6c received by ten boats.

Basil Bailey of the scientific staff of the Prince Rupert Fisheries Experimental Station will be back in Prince Rupert the third week in June from his advanced studies in physiological chemistry at the University of Wisconsin in Madison to spend three months of the summer at the station. In the fall he will return to Madison. He has been appointed to a teaching fellowship at University of Wisconsin for the coming year.

Piloted by Flight Lieutenant Pretty, the Royal Canadian Air Force twin-motored flying boat, which had been held here for the past week owing to mechanical trouble, hopped off at 6:15 this morning on its return to Jericho Beach air station, Vancouver. Paris which had been awaited before departure could be made arrived on Thursday.

C.P.R. steamer Princess Adelaide, Capt. S. K. Gray, arrived in port at 3:30 yesterday afternoon from the south and sailed at 10 p.m. for Vancouver and waypoints.

Having been delayed on account of heavy freights for cannery points along the coast, Union steamer Cardena, Capt. John Boden, arrived in port at 7:15 this morning from the south, sailing an hour later on her return to Vancouver and waypoints.

A flying boat of the Columbia Development Co. of Atlin, on its way back to Atlin for the season after having spent the winter in Vancouver, hopped off from here shortly before noon Thursday for Wrangell, its next stop. The plane, which had arrived here on Tuesday from Vancouver, was piloted by J. H. Eastman whose companion was E. H. Tyrer.

W. E. Drake sailed last night on the Princess Adelaide for a trip to Vancouver, accompanied by his son, Ted, who is returning to his studies at Victoria after a visit of a couple of weeks at home here.

STORY OF OLD WEST

"Wells Fargo" To Be Week-End Feature on Screen of Capitol Theatre Here

A thrilling and inspiring story taken from American history is showing at the Capitol Theatre this week-end in the dynamic "Wells Fargo." It covers broadly the stirring quarter of a century which began with the discovery of gold in California and the end of the War between the States the crowded years during which the American nation spread from ocean to ocean and its future greatness was established.

The story begins with the decision of a young New Yorker played by Joel McCrea, to enter what was then one of the most important as well as dangerous though lucrative businesses in the West—the carrying of mail to the frontier outposts and the returning to "civilization" with the gold which was pouring from the mountains in a steady stream.

The tale follows him as he goes from outpost to outpost, establishing routes for pony express riders and later, the stagecoach. It also tells of his romance with Frances Dee, daughter of a wealthy Southern banker, whom he marries, and the hardships they endure in the crude West. It follows the romance of these two people for twenty-five years and uses their lives as a framework for a story upon

ing in the Area No. 3 grounds with intermediate shaft trouble the local halibut boat Cape Beale, Capt. Edgar Arnott, went into Cordova and had repairs made. The vessel then went out to the grounds again to complete her catch and is expected to arrive here at the end of this week or the first of next week.

Four schooners from the western banks and three local boats marketed halibut catches at Seattle on Thursday. Prices were 8c and 7c and slightly upwards.
