British Government Is Expected To Win In Confidence Vote

Domestic and International Political Situation Quietening Down-Further Efforts to be Made Towards Peace Of Europe

LONDON, October 6.—With the Chamberlain government expected to get an overwhelming majority this afternoon on a vote of confidence in connection with its foreign policy, the political situation at home as well as HAS ENDED abroad is quietening down. Chances of an early election are diminishing and the expectation is that the govern-

iron out international problems by a policy of appeasement. The vote of confidence is due today after four days of debate some of which was as candid as has been heard at Westminster in many a long day.

It is pointed out that the companies in British Columbia sell their products at a price that compares very Mess Boy Admits Taking of \$40,000 favorably with the price in the United States. If it is, higher on this side of the line it is declared that it is because of the road tax of seven cents and an eight per cent sales tax. Some grades of gasoline are said to be slightly A 23-year-old mess boy confessed cheaper here wholesale while others are half a cent to one cent higher. As the cost of retailer's equipment is famous opera singer and screen planes in two Canadian plants for higher on this side of the line, it would tend to make the star, aboard the liner Monterey be- the Royal Air Force (United Kingcost of handling slightly higher.

Nobody wants the oil companies to work for nothing. They will not do that for long. Everybody must make a fair profit on the goods sold or they cannot continue to do business. Gasoline, it is pointed out, is a product that evaporates rapidly and this increases the cost of handling. Twenty per cent is suggested as a fair margin of profit; in selling to the retail customers. If there was but one pump in this city and it was kept going all the time the cost might be reduced but the people would not get the service they get today. There would often be long waits during the busy period.

People who have been interested in the Macdonald report and in the price they pay for gasoline will be interested to see what the oil companies have to say for themselves. We suggest that they read the messages as they appear from time to time, commencing with that published yesterday.

Young Rangers Receive Medals for Putting Out Forest Fire

BURNS LAKE, Oct. 6.—Last Friday evening an interesting ceremony took place in the Anglican Church basement when five Young Rangers were awarded medals for 'Service to the Forests of British Columbia." These were presented by the Burns Lake Board of Trade to Charles Nourse, Kenneth Gerow, Albert Gerow, David Gerow and Sammy Gerow for the part they played in attacking and controlling the Divide fire during the extreme fire hazard of the summer.

A large and representative gathering was present to do honor to these lads whose modesty was so great that persuasion was needed hall. Gordon Rush, Chief of the Burns Lake Band, took the chair at the request of the donors of the medals. He opened the meeting in the medals. The ceremony conthe regular way with the Lord's Prayer and then gave a short address explaining the occasion for which the gathering was assembled. Greenville Getting He then called on Mary Carroll.
