FINAL BULLETINS

1000 SPIES ARRESTED

LONDON—Official reports reaching London asserted today that "approximately a thousand" arrests have occurred in insurgent Spain in a great spy hunt which authoritative persons suggested might affect the entire course of the civil war. The arrests are a sequel to a search of the baggage of Harold Goodman, British vice-consul at San Sebastian, last Monday. "Incriminating information" found inside a dirty shirt led to the arrests, it was said. Informants stated that Goodman had been absolved of guilt in the affair but several British consular officials in insurgent territory were under suspicion.

JAPAN TO HELP CHINA?

TOKYO—Premier Konoye declared today that Japan is prepared to help China abolish foreign concessions and extraterritoriality, a system of special privileges enjoyed by some foreigners in China for nearly a Century. By China is meant that part of the country under Japanese domination. The statement coincides with a strong press campaign for abolition of foreign concessions including the retrocession of Hong Kong.

Hungerford, president of the Canadian National Railways, said last night. The entire program will be speeded up several years. The original \$60,000,000 terminal planned by the late Sir Henry Thornton is being modified. The work has been held up during the depression with only preparatory work so far done.

XMAS SALES HOLDING UP

Some British Columbia Centres Report Increased Yuletide Buying—Others Are Down

VANCOUVER, Dec. 22: (CP)—Their stores besieged by shoppers on a frantic last-minute buying spree, British Columbia merchants, looking at rapidly dwindling stocks, have decided that holiday sales will probably be equal to last year's post-depression record. A few selected centres report business increases, a Canadian Press survey shows, but these have been countered by other reports of much slower selling.

Would Like To Doll Up With Mayoral Chain

VICTORIA, Dec. 22: (CP)—When he was elected mayor of Vancouver last week, Dr. Lyle Telford said that he was going to do away with pomp and ceremony at the City Hall and that there would be no mayoral robes or gold chains worn by him. Evidently, Mayor Andrew McGavin of Victoria feels he would like to dress up for the King's visit next year for he has suggested arrangements might be made with Vancouver for a loan or barter of the regalia. He has hinted that Vancouver might like to have the famous Ursus Kermodei (white bear) for a while in exchange for the gold chain.

Declares That it Represents the Feeling of Overwhelming Majority of American Citizens—Senator Pittman Heaps Further Fuel on Flames

WASHINGTON, D. C., December 22: (CP)—Sumner Welles, acting Secretary of State during the absence of Cordell Hull who is attending the Pan-American conference in Peru, disclosed today that the United States had rejected Germany's demand for an official apology for a speech by Secretary of the Interior Harold Ickes in Cleveland last Sunday attacking dictatorships. Welles told Dr. Hans Thomsen, German charge d'affaires, that the request came with singular ill grace and impropriety from a government which so persistently permitted controlled press officials to attack American leaders including the late President Woodrow Wilson and President Franklin D. Roosevelt. Welles said that Ickes' remarks represented the feeling of an overwhelming majority of Americans who were profoundly shocked with recent events in Germany. Ickes said that German treatment of Jews had carried that nation back to a "period in history where man was unlettered, benighted and bestial." The exchange has brought about a sharp new strain on German-American relations.

LONDON, Dec. 22: (CP)—Incomplete returns from the Kinross-West Perth by-election from which seat Duchess of Athol resigned as a protest at government policy and in order to test the public feeling indicate a victory for the government. It is conceded that the Duchess had been defeated by the straight Conservative candidate, W. M. Snadden. Stormy weather caused a light vote in the rugged riding and there has been delay in getting in the returns.

#### DYING FROM COLD

In Europe during the past week people have been dying from cold. The weather has been unusually severe. In Prince Rupert during that same time we have had no frost or not more than one or two degrees. Yet we are apt to think our climate is not the best possible. Even in the neighborhood of Vancouver there were frosts which tempted some of the young people to go skating.

#### CONGRATULATIONS TO JUNIOR CHAMBER

We offer our congratulations to the Junior Chamber of Commerce for carrying out the interesting radio auction this week and also Radio Station CFPR for giving three periods of its valuable time for the purpose. The affairs were a decided success and supplemented very considerably the efforts of the Daily News in raising the annual Christmas cheer funds. The artists and others who helped also are deserving of similar compliments.

## Predicts Great Britain, After Rearmament, Will Have Greatest Navy; Importance of Personnel

"Take the relative strength in tonnage and the class of construction—new and old—and, what is most important, consider the temperament—physical, mental and spiritual—of the crews in action and form your own conclusions as to who would come out on top in a scrap," suggested Chief Petty Officer A. G. Bird, instructor of the local unit of the Royal Canadian Naval Volunteer Reserve, in speaking yesterday before the Prince Rupert GYRO Club at luncheon on the highly interesting and timely subject of "Fighting Ships of the World." Mr. Bird, with true naval discretion, did not express his own personal opinions although he did predict that, after rearmament, Great Britain would have the world's most formidable navy. In the course of his address, he referred incidentally to some of his own experiences in action. Interesting facts and figures in regard to relative naval strengths which he incorporated in his address, were based on the authority of "Jaynes' Fighting Ships, 1935."

First, Mr. Bird discussed aircraft carriers, the duty of which, as individual craft, was not to go into action but to avoid it. Aircraft carrier strengths, according to Mr. Bird's authority, were as follows:

Germany	1
Italy	1
Japan	1
United States	11
Great Britain	12

Battle cruisers were battleships stripped of some of their armor in order that they might have additional machinery for speed. Their threat to the enemy was also of great importance. Of these Great Britain had three.

Cruisers, ranging in tonnage from seven to ten thousand, the York, which was here last summer being a 10,000-tonner, were of value in protecting trade-routes, intimidating the enemy and due to speed

and facility of handling, in turning back battleships in war time. Mr. Bird told of an engagement in the Great War when four cruisers had turned back twenty-one enemy battleships and thus aided the main fleet.

Cruiser strengths were:

Germany	8
Russia	8
Italy	26
Japan	37
France	18
United States	33
Great Britain	54

After explaining the functions of destroyers and how they had come to be named, Mr. Bird read the destroyer strengths as follows:

Germany	28
Russia	24
Italy	62
Japan	118
France	76
United States	243
Great Britain	171

The value of submarines was overestimated, Mr. Bird thought. The strengths of the nations in submarines were:

Germany	11
United States	15
Great Britain	12
Italy	83
Japan	63
France	91
United States	96
Great Britain	60

Guests at yesterday's luncheon presided over by D. G. Borland, president of the club, were F. A. MacCallum and J. T. Harvey. Mr. MacCallum spoke briefly, extending greetings to the members of the club personally and in his capacity as president of the Prince

## LEGION 'XMAS TREE ENJOYED

The Canadian Legion clubroom was the scene of merriment and the Christmas Spirit was in evidence when the annual Legion Christmas Tree was held yesterday afternoon. With 130 children all keyed up for the occasion. The arrival of Santa Claus met with an enthusiastic reception. Later the distribution of gifts, bags of candy and ice cream was carried out expeditiously with Jack Flint assisting Santa Claus very capably.

An interesting program included songs by Hilda Bond, Barbara Teng and "Alouette" by Peter Tinker Jr. recitations by Audrey Caravan, Lorraine Younman and Kathleen Doherty, and tap-dancing by Joyce Ratchford and Rose Christian and Pat Ratchford Jr. The committee in charge consisted of Mrs. H. Oden (convenor) Mrs. R. T. Anderson, president of the Women's Auxiliary Mrs. W. J. Lineham, Mrs. L. Wide, Mrs. J. Caravan and Mrs. Doherty. Mrs. J. S. Black was a very capable accompanist.

H. T. Lock, George Dawes and M. J. Doherty, representing the Legion, were also valuable helpers.

Rupert Chamber of Commerce. W. F. Stone was the winner of a turkey raffle but turned the bird back to be raffled again and the ultimate winner was W. M. Watts.

**ASK PEACE CONFERENCE**

British National Council Getting Huge Petition for Inter-Nation Parley

LONDON, Dec. 22: (CP)—With an objective of a million signatures by Christmas, the National Peace Council, supported by a number of other public bodies, has commenced petitioning throughout the United Kingdom calling for convocation of a new International Peace Conference.

Promoters of the movement suggested the British government, in collaboration with President Roosevelt, should take the initiative in summoning nations of the world around the conference table.

The petition reads: "Believing that permanent peace cannot be secured by competitive armaments through sectional im-

posed upon small nations, or by exclusive arrangements between groups of major powers, but only through a more fundamental and general settlement,

"We urge the necessity of holding a new peace conference open to all nations and directed towards remedying the economic and political conditions likely to lead to war.

"And pray His Majesty's government to take, in consultation with the President of the United States, the necessary steps to secure the holding of such a conference, after adequate preparation, and to offer the fullest collaboration of this country in bringing the negotiations to a successful issue."

About 25,000 forms for signatures have already been distributed to local branches of national organizations, churches, political parties, trade unions and co-operative societies. House-to-house canvasses will be conducted in many of the larger centres.

**BATTERY Scores Sixth SHOOTING Shut-Out Win**

Forty-Four Men Entered in First Event of Kind at New Gun Shed

During the past week non-commissioned officers and men of the 10th Heavy Battery engaged in their annual turkey shoot. Instead of being held in the Canadian National Rifle Range it was changed this year and held in the gun shed on the waterfront. This was not a usual shoot in that the regular twelve-pounder twelve hundred weight gun and 22 calibre were used in place of the rifle. A total of forty-four entered the shoot and some excellent scores were turned in. Targets were marked for accuracy, consistency and time under supervision of Lieut. J. T. Harvey, Lieut. T. D. Johnston and Battery Quartermaster Sergeant E. P. Woodside. The contestants were divided into two groups, one the qualified gunlayers and the other the remaining ranks of the battery.

In the gunlayers' group Bombardier P. Peterson and Bombardier D. Miller tied with scores of 85 and in the shoot-off, Miller repeated his original score to defeat Peterson.

In the second group, there were some exceptionally good scores particularly by new members of the battery. The winner of this group was Gannor K. Green.

The first five in each group were as follows:

**Qualified Gunlayers**

First—Bdr. D. Miller, score 85  
 Second—Bdr. P. Peterson, score 85  
 Third—Sgt. W. Bryant, score 85  
 Fourth—Bdr. Lyons and Bdr. W. Sisker, tied 85  
 Fifth—Sgt. A. Marshall and Bdr. W. Johnson, tied 75

**Second Group**

First—Gnr. K. Green, 96  
 Second—A-Bdr. R. Bartlett, 96  
 Third—Gnr. F. Comadine and Gnr. D. Wark, tied 91  
 Fourth—Bdr. McFarlane, 87  
 Fifth—Gnr. J. Wainshall, 85

## ACCIDENTS ARE FEWER

Marked Decrease in Number of Traffic Mishaps in Province This Year

VANCOUVER, Dec. 22 (CP)—Traffic accidents for 1938 in British Columbia are expected to show a marked decrease from last year. For the first eleven months of the year there have been 92 traffic fatalities which is fifteen per cent less than in the corresponding period last year. Non-fatal accidents have numbered 2100 which is eleven per cent less than a year ago. Inspector George Hood believes that the decrease in accidents is due to more general care being exercised by motorists with the thirty mile an hour limit also being a contributing factor.

The steamer Prince George stranded last evening off Siwash Rock while groping her way through the fog towards the entrance of Vancouver harbor. The vessel sustained damage which will necessitate her being withdrawn from service and taken to Victoria for repairs. The steamer Prince Rupert will relieve the Prince George.

A change has been made in the proposed agreement between the Prince Rupert Hydro-Electric Co. and the City of Prince Rupert whereby the city will not be required to build a substation at the city limits, thus saving an estimated expenditure of \$15,000.

### Give Parliament Its Free Speech

LONDON, Dec. 22 (CP)—Viscount Cecil of Chelwood wants abolished the practice precluding quotation in the House of Lords of speeches made in the Commons.

According to Sir T. Erskine May's "Parliamentary Practice," the rule that allusions to debates in the other house are out of order "prevents fruitless arguments between members of the two distinct bodies who are unable to reply to each other and guards against recrimination and offensive language in the absence of the party assailed."

But it is mainly founded upon the understanding that the debates of the other house are not known and that the house can take no notice of them.

"The daily publication of debates in parliament offers a strong temptation to disregard this rule" the authority adds. "An ingenious orator may break through any rules in spirit and yet observe them to the letter."
