ANOTHER FISHING DISASTER OUTSIDE HARBOR

PECK SAYS HE WILL WITHDRAW IF FRANK MOBLEY WILL RUN INSTEAD

Says He Would be Glad of the Opportunity to Get Out of the Mayoralty Contest, and is Willing to Withdraw in Mr. Mobley's Favor---Statement Made on His Return Last Night

As soon as he returned from his fishing trip last night, Cy Peck was informed of the action of the members of the Ratepayers' Association at their meeting in McIntyre Hall when they elected Mr. Mobley for mayor and a minority for Mr. Peck. Members of the executive with the president, Mr. Alder, were met by Mr. Peck, who declared himself not in any way put out by the turn of events. He thanked the executive cordially for the confidence they had shown in putting forward his name, but remarked that for his own part he was very willing to withdraw in favor of Mr. Mobley if Mr. Mobley would run for mayor. Mr. Mobley's attitude last night was certainly a direct refusal to consider candidature at all unless it is thoroughly and squarely understood that he is not coming into the field against Mr. Peck. In fact, knowing that Mr. Peck had announced himself, Mr. Mobley had no intention of running at all. If, however, Mr. Peck definitely withdraws, Mr. Mobley may be persuaded to run.

Mr. Peck himself expressed his intention to withdraw last night. "I am rather glad," he said, "to have an opportunity to get out of this. I said to Mr. Mobley from the first that I was not anxious for it, and am willing to withdraw in his favor."

It is very likely that Mr. Peck will be out of town at the time of the election, as urgent business matters call him south at present, and he may not be able to return in time for the contest.

ALDERMANIC TICKETS ALL DEPEND ON WHETHER MOBLEY RUNS OR NOT

Presidents of the Property Holders' and Ratepayers' Associations Say They Cannot Announce Their Aldermanic Tickets Until F.H. Mobley Gives Decision---Rev. W.E. Collison May Run

"Until Mr. Mobley announces himself more definitely as a candidate or non-candidate for mayor it is unlikely that any definite ticket for aldermen can be announced."

These are the words of Mr. A. Gampp, president of the Property Holders' Association, last night.

Much the same opinion was expressed by W. J. Alder, president of the Ratepayers' Association. Both the presidents met and talked over the situation informally in Mr. Alder's office yesterday afternoon, but neither could throw any light on the probable members or strength of the ticket each association is considering.

Mr. Alder's opinion is that it will be difficult for both associations to put up separate full tickets, and the suggestion that only partial tickets be run was made, but met with little response from Mr. Gampp.

The latest name mentioned as a likely aldermanic candidate for the Property Holders' ward, Hays Creek district, is that of Rev. W. E. Collison. It has been strongly asserted that Mr. Collison will step forward to represent his section of the citizens if shown that there is real need for capable representatives.

There is to be a meeting of the property holders tonight, at which the proposals for a ticket, full or partial, will be more fully gone into than hitherto.

HALIBUT FISHERS' CLOSE ESCAPE

Crew of the Cutter "Slani" Arrive in Port in a Famished and Exhausted Condition After Terrible Experience of Hardship

VESSEL HAD FOUNDERED OFF BANKS ISLAND
Nothing Daunted the Bold Fellows Re-Floated Her With Logs and Towed Her With the Dories to Kitkatla—Stores Were Ruined and the Men Were Almost Starved—They Made for the Nearest Restaurant as Soon as They Arrived

With the first haul of fresh halibut landed in Rupert for days, but without a bite of food or a scrap of fuel on board, the Vancouver gasoline cutter Slani made port this morning. Her crew of six men have a story of hardships hardly overcome which beats that of the whaler Grant, for these six men unaided managed to save their boat, which went ashore in the same way as the wrecked Grant.

While anchored in Princeby Sound, Banks Island, the Slani was driven aground with broken moorings by a furious snow squall. The men had to take to their little boat to reach shore, and the cutter, which is a big, powerful craft, sank, her decks being completely awash.

All the stores were ruined by water and the men were in danger of starving in the icy weather. But sticking to their boat as the only hope for their lives, they got to work and with logs floated off shore and rope tackle hitched to the mast, they contrived to raise the boat so that with a receding tide they could pump her out.

She floated next tide, but her engine and batteries were ruined by the salt water. It was impossible to make sail, so painfully, with the dories, the crew towed the craft to Kitkatla, where they obtained some new batteries from an Indian launch owner. Thus they were able to make Rupert in triumph this morning with their cargo of fish, which, as the first landed for days, is fetching good prices.

The Slani, which is a 40-horsepower auxiliary cutter, left Vancouver nearly a month ago. Her crew are prospecting for halibut on a profit sharing basis. Their names are: E. Fulton, T. D. Smith, A. Marsh, Gus Schilling, William Kennedy and Dennis Wiles, who is captain and engineer. Their very first move on landing at Rupert was to make for the nearest restaurant for a hot meat breakfast.

GREAT BRITAIN AND JAPAN WILL KEEP EYE ON RUSSIA

TODAY MONGOLIA SECURES HER INDEPENDENCE—RUSSIA ASKS CHINA TO RESUME CONTROL—A KIND OF INTERNATIONAL JOKE.

Peking, Dec. 29.—Any designs that Russia may have on the future destiny of Mongolia are to be closely watched by the foreign powers, especially by Britain and Japan.

Russia has forwarded a note to China asking that country to resume control of Mongolia, but to this China has replied that it is impossible to do so at present.

Mongolia today (Friday) enters upon her period of independence, and fears are felt among the Powers that Russia will take advantage of the present unrest in China to attempt to secure the control of the country.

SWIFT WRECK BEFELL GRANT

In Less Than an Hour the Ill-Fated Whaler Was Beyond Hope of Saving—Large Crew Saved in Small Boats.

Captain Crockett of the lost whaler Grant, which went ashore and foundered as reported in The News yesterday on White Rocks, Banks Island, said before leaving for Vancouver that a broken anchor caused the wreck. There was no chance to save the vessel. She struck a few minutes after the anchor broke, and in twenty minutes fell over on her side. An hour later she had completely sunk. The men lost nearly everything. They saved their lives by taking to their dories, which were picked up by the Falcon soon after the wreck. The Falcon's men did some good boat work to save the crew. There were nine of a crew and twenty-five fishermen on board the Grant, besides the captain and five officers, all of whom have left for the south. The Grant is said to be a total loss.

ASPIRANTS FOR ONE MILE RACE

Three Well-Known Roller Rinkers Will Race on Monday, 1st January—First Contest in Rupert.

H. M. Lever, George Weston and J. Smith are the three principal aspirants to the honor of achieving the one-mile roller skating championship of Prince Rupert. The race is announced for the night of Monday, 1st January. Last year an exhibition mile was skated here, but this contest now announced is the first actual race. H. M. Lever is the former instructor at the rink; George Weston has spent considerable time on rollers, and J. Smith is the gentleman of color who rivalled Lever in twenty rounds of the rink. Aspirants are training for the race now.

PECK SHIELD WON BY P. R. CLUB

Lively Final in Solo Contest Last Night—Wanderers Won Game, P. R. Club Won Series.

The Prince Rupert Club has the honor of winning the Peck shield for solo whist. The final game was played last night in the Prince Rupert Club rooms, and though the Wanderers won the game by, about 400 points, the Prince Rupert Club had too big a lead on previous games and won by 750 points. There were five tables. The Peck shield will adorn the Prince Rupert Club premises now for a year.

FIGHTING A BATTLE FOR LARGER LIBERTY.

The above picture has just reached here from China and shows some of the revolutionary troops embarking from Nanking on a special train for the scene of fighting. The Chinese soldiers they are fighting are no longer ill-clad, opium-dazed, semi-savage. They are well-drilled, well-fed, well-clad and well-motivated. The success of the revolutionary army is due to the support of the Chinese people.

CHURCH ORGAN ON WAY HERE

Rev. Chas. M. Sing Expects the Metropolitan Church Organ to Arrive Next Week for His New Church.

Workmen are engaged in putting in the heating plant in the new Methodist Church, which is rapidly taking finished shape. The heating plant is an extensive one and will serve the baths and showers to be arranged for in connection with the gymnasium to be adapted from the old church building, which will be raised to loftier dimensions when it is moved up the hill. Rev. Charles Sing, who spends some time each day around the new building, mentioned to The News yesterday that the Metropolitan church organ which the Methodists of Prince Rupert have purchased from Victoria will probably arrive here next week and will be erected when the space in the building is ready for it. It is believed that an organ builder can be secured in Prince Rupert.

JUDGE MABEE SCORES G. T. P.

Tells Mr. D'Arcy Tate That His Company is Always Trying to Do Illegal Things—Stood by Express Man.

(Canadian Press Despatch.)
Ottawa, Dec. 28.—Judge Mabée took the side of a cabman against the G. T. P. in a case that came up for hearing before the Railway Commission. The cabman, E. A. Purcell, had been refused admission to the G. T. P. station at Saskatoon to look for fares, the G. T. P. having given the exclusive right to a bus company. Although the question was in itself a small one, it involved the large matter of the right of railway companies to make exclusive agreements of the kind. "An adverse decision to the company was given some time ago, and Mr. Tate was desirous of gaining a rehearing."

"You piled trucks and baggage up so that ladies could not get from the trains to Mr. Purcell's cab," said Judge Mabée. "Why, your agreement means that my coachman could not meet me at the station to take me home."

"We could modify the agreement," suggested Mr. Tate.

"I would not modify such an agreement; I would wipe it out of existence altogether," replied the Chairman. "Nobody but your company tries to do illegal things all the time. This man was kicked around by your station-master; you had him in the Police Court and an appeal was refused."

Judge Mabée finally refused the motion for a rehearing.

INSTRUCTIONS FOR MR. WM. MANSON, M. P.

Before everything else is forgotten in the excitement of the municipal election, it would be well for some of the representative bodies to remember to meet the member for Skeena and instruct him as to the demands of Prince Rupert.

It is true that Mr. Manson's duties as Mayor will keep him here until after the opening of the Legislature, but it is likely that he will desert the city to attend to his legislative duties, as he has done on every previous occasion where the duties of the two positions conflicted. This will mean that Mr. Manson will leave the city before the municipal campaign is completed, and as a modest man who does not like to give anybody trouble he may slip away unobserved and come back again bringing nothing with him.

Last year Mr. Manson succeeded (?) in obtaining a grant of only \$225,000 for public works in the whole Skeena district. To make matters worse, he expressed satisfaction and pleasure at the amount, instead of raising Cain at the paltry sum.

If such a thing is attempted this year Mr. Manson should be instructed to point out to the Government that the Skeena district gives millions to the treasury in taxation. He should tell them that the Queen Charlotte Islands alone give a sum in excess of \$600,000. He should demand that, dollar for dollar, the money that is exacted in taxation from the settlers in these northern wilds should be put back again in public works in order to develop the wealth of this district.

The Government last year made extensive appropriations for works of a largely ornamental character. While the settlers in the Skeena district have to buy school books for their children, the Province is putting by millions to establish a university. The university is to be situated at Point Grey.

The Province made elaborate expenditures for an insane asylum. The asylum was established at Coquitlam. With great forethought all the Provincial Members were invited to be present at the opening. Big expenditures were entered into for a Provincial jail, also to be built in the south. Now it is proposed to expend large sums on a museum to be built at Victoria. These works are being largely built on the money that is extorted from the settlers and dwellers in the Skeena district, who themselves are suffering for lack of roads, for lack of a proper land clearing scheme, and for lack of assistance to develop their holdings.

In regard to Prince Rupert Mr. Manson will have even greater cause to make bold demands on the treasury. Not only do our citizens pay taxes to the Provincial Government for which they get nothing in return but a receipted bill, but the Provincial Government is the largest absentee landlord and land speculator in Prince Rupert. Its wealthy holdings here have been made wealthy by the effort of Prince Rupert citizens, yet the Government does not even pay a dollar in taxes. The people of Prince Rupert have to pay the taxes on the Government lots. The Provincial Government wharf that was heralded as a gift from the Government to the citizens turns out to be a piece of private enterprise on the Government's part, with a view of earning dividends for itself from the pockets of the people.

To redeem himself and to redeem the Government, Mr. Manson must ask for the Skeena district an appropriation at least three times greater than last year. In addition, for Prince Rupert he should secure the building of a road around Kaien Island and a road to the top of Mt. Oldfield. These utilities, he will have no difficulty in pointing out, are not only due the people of Prince Rupert; they will react to the benefit of the Government in its capacity of Prince Rupert's largest land speculator.

Appeals to the Business and Professional Man, the Banker, and Man in all the Higher Walks of Life

BECAUSE OF THE TIME IT SAVES THEM

When a man's time is worth a great deal more to him than the cost of a drink habit cure he is not going to drag along for twenty-eight to forty-two days taking a treatment when he can get a cure in three days, without hypodermic injections, and be surrounded with every comfort of home.

A PERFECT CURE.

The Neal internal treatment cures the periodical, occasional or moderate drinker and the nervous man who has to drink to keep from becoming nervous. It takes away all inclination to drink, all desire and craving to drink, by neutralizing the poison of alcohol in the system and ridding the blood

DRUG HABIT CURED.

At the Vancouver institute we also treat drug addiction with uniform success. Call write or phone for booklet, giving full information.

A GERMAN SWIMMER

Ereting to Be Formidable Opponent for World's Championship.

The recent work of G. Bretting of Magdeburg, Germany's best all round swimmer, marks him a formidable contender for international honors at the water carnival to be held in connection with the Olympic games of next summer in Sweden.

Bretting has negotiated 100 metres (109.3 yards) in one minute and six seconds, in open water and it remains a question whether the crack sprinters of this country and of Australia can do as well over a straightaway course. It may be remembered that Richard Frizell, who traveled 100 yards in 50 4-5 seconds in the New York A. C. pool last winter, could do no better than one minute and three seconds outdoors, and his attempt to lower Daniels' 100-metre record of one minute and eight and two-fifths seconds was unsuccessful. Peter McGillivray and Harry Hebrner, the only two other 100 yarders of his speed, are equally unused to outdoor work, and there is no counting on them with certainty. As to Australians, they are accustomed to enclosed baths, which are always smooth and of moderate temperature, and it is not at all likely that they will retain their form competing in the cold and choppy waters of the northern sea. Realy and Longworth, the leaders, have never beaten one minute and five seconds for 100 metres. Bretting seems to be a good bet.

He will also prove a very valuable man for the 800-metre relay race. He has gone 200 yards in two minutes and 32 seconds, and the distance that each man will have to cover is 200 metres, or 228.6 yards. Outside of Daniels America has no man consistently able to show this form.

What Is Your Family Worth?

If your family is worth the best you can afford in house and food and clothes, is it not worth the best reading as well? And the best reading—best for boys and girls, best for men and women—is to be found in The Youth's Companion.

Of stories alone The Companion will print nearly 300 in 1912. With all the rest of the paper thrown in, and counting the glorious long serial stories, they cost the subscriber less than a cent apiece. Moreover, you will look long before you will find stories so varied and interesting; stories of coolness in the face of peril, strange adventures with creatures of the forest and the sea; moving stories of life's obscure heroisms; stories breezy with good-natured humor, quaint and curious character sketches.

Now is the time to subscribe, for the new subscriber in Canada will receive free from the time his \$2 is received all the issues for the remaining weeks of 1911, containing the opening chapters of Ralph D. Paine's great serial story of the Boxer rebellion, "The Cross and the Dragon." And there is the gift of The Companion calendar for 1912, "On the New England Coast," lithographed in ten colors and gold. Only \$2 now to Canadian subscribers, but on January 1, 1912, the subscription price will be advanced to \$2.25. The Youth's Companion, 144 Berkeley St., Boston, Mass. New subscriptions received at this office.

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

A POOR GIRL'S DREAM

In It She Sees Herself Becoming the Bride of a Real Man.

What girl is there who does not dream of love and spend many an hour in secret wondering what the hero of her dreams will be like?

There are no girls so rich but what these dreams come to them, and no girls too poor.

There are a good many who think that the working girl dreams only of a millionaire lover who will one day seek her out to woo and wed her. Never was there a greater mistake than to form such an impression. Not one working girl in ten thousand is given to useless yearning for that one which she might live a lifetime yearning for and die without finding.

If you ask any one of these girls just what kind of a lover she would have she will tell you frankly enough that she has no wish for a millionaire. She wants a plain, everyday young fellow in her own station of life who will have a heart full of love for her and ambition and energy to rise in the world; a man who will be the architect of his own fortunes, enjoying the same pleasures that she does as they walk side by side through life.

The working girl is sensible enough to know that there is no happiness where a wedded couple are not in harmony with each other, where one feels superior to his mate and airs his opinion now and then.

There have been instances of working girls having married men of great wealth, and they have made exemplary wives and mothers. But these instances are few and far between. Those same histories, too, have recorded that there are some such marriages which have not turned out happily. The husband has wearied of the girl who had no charms to appeal to him when her youth and her beauty faded and she failed to keep up with him intellectually, preferring homely household duties to society.

SEASONABLE FASHIONS

Feminine Frivols for the Winter Party Season.

Fancy rope girdles are high in favor.

Many of the new waists have the pelum extension.

Dark blouses are trimmed with white mouseline de soie.

Tunics are longer at the back than the front, and elaborate embroidery and fringe are used to decorate them.

Tartan plaid sashes and trimmings of surah are announced for brightening up dark blue dresses.

All skirts of evening gowns and for dressy afternoon functions are made with small slender trains.

Voile, Henrietta, Panama, serge of many qualities and characteristics, fancy chevrons and suitings are all for winter wear, with serge, cheviot and broadcloth especially for suits.

A Man's Memory.

Men have truly marvelous powers of forgetting. An early love affair that would loom large throughout all her life in a woman's recollection is but the shade of a shadow to a man.

He may have been the most appalling of flirts—may have flattered butterfly-like from one charming maiden to another, yet when he meets the one woman in the world that he desires to marry all these bygone make-believe loves vanish completely—so completely that in all honesty he often deems that now, for the first time, he knows love.

Let the dead past bury its dead. Be very sure it is dead, but do not disturb its ashes. The woman who foolishly persists in doing so is almost sure to find an ember or two that will search her fingers, yet, left well alone, are indeed ashes.

As for his wild oats—if their sowing belonged to a past in which you had no part, and the happy now is all yours—well, to wrap excellent advice in homely phraseology—"Mind your own business!"

SOME HOUSEHOLD HINTS

Little Things for the Young Housewife to Clip Out.

To Make Cloth Balls—Mix an ounce of finely powdered pearl ash with a pound of very dry and fine Fuller's earth, moisten with lemon juice and make into balls. If liked they can be put in pieces of white flannel, but this is not necessary. To use, moisten in tepid water, just enough to make the ball wet. These cost about half the price paid in shops.

To take candle grease off a shirt in a hurry place a table knife in the flame of a candle or over a lamp or gas for a minute, then place a piece of paper, any sort will do, and place over the spot; press the knife on the paper and the grease will immediately melt. It does not harm the knife at all.

A small piece of crust put in the frying pan when frying fish serves two purposes—one, it prevents the fat from spluttering and making the stove greasy, and it shows by its browning when the fat is at the right heat for putting in the fish.

Had Christmas Tree.

The children of St. Peter's Sunday School had a fine Christmas tree entertainment on Wednesday night at the Seal Cove Church. Mrs. McCroskie, who was in charge, was responsible for the many presents on the tree.

ALL HOT AIR

Ald. Newton Raises a Bogy Which Falls Flat Last Night.

Without notice of motion Alderman Newton brought up at last night's Council meeting the old question of the box drain passing under the Empress Theatre. He said the matter was most urgent because a new lawsuit was threatened the city over it. This he had gathered from an interview with Mr. Stephens, manager of the theatre.

As one of the directors of the theatre, Alderman Kirkpatrick said the matter was all hot air. There would be no lawsuit. The theatre company realized how the city was situated over the matter and that all possible had been done to abate the nuisance until a sewer can be put in. Alderman Newton said he had done his duty and sat down.

HAD A CHRISTMAS TREE

In the Majestic Theatre yesterday afternoon the children of the Roman Catholic Church were entertained with a gorgeous Christmas tree. Every one got several presents and a thoroughly enjoyable time was spent. The program included an exhibit of moving pictures, a piano solo by Mr. Collar and the following recitations by the children: "What She Said," Thelma Nehring; "Saint Nicholas," Clarice Griffith; "A Foreign Father," Matthew Nehring; "A Little Girl's Plaint," Louise Rowell; "Kentucky Philosophy," Helen Shirley; "The Vintor," Alice Earley; "The Troubles of Pa," Willie Rowell; "A New Fashioned Xmas," Norma Shirley. Credit is due to Mrs. Fred Ritchie for the success of the entertainment. Mrs. Beaser donated a watch and a doll which were raffled off among the boys and girls. Rev. Father Bunoz expressed his appreciation at the close for the fine entertainment given.

FIRST: "CATCH YOUR PRINTER"

DIRECTIONS FOR COOKING A HARE:
FIRST—"CATCH YOUR HARE"

To produce good printing you must "first catch your good printer." You can't get good printing from a poor printer, even if he work with never so good an equipment. If he lacks the "knack," the trained taste, the single-minded fondness for his work which real printers have, he will do poor printing for you. If he has all of these, and in addition to them adequate modern equipment, your printing will have distinction, salesmanship, the lure of type-beauty.

As this office produces good printing you may infer the presence of a good printer—who is "catchable."
