New Border Incidents Expected

Despite Truce, More Trouble Between Two Nations Anticipated

Manchoukuan Military Forces Said to Be Heading For Frontier—Resumption of Hostilities is Narrowly Averted

HSIN KING, Manchoukuo, August 15.—Japanese army authorities in the capital of Japanese controlled Manchoukuo, freely predicted Sunday night the possibility of new border incidents with Russia, despite the truce now current.

Returning from the scene of recent hostilities, an Associated Press correspondent saw nearly twenty units of Manchoukuan military forces heading for the border region, although they had little ammunition or guns.

Clash Narrowly Averted
MOSCOW, Aug. 15.—Resumption of hostilities between Soviet Russia and Japan was narrowly averted during border demarkation negotiations now proceeding between the two countries, it was reported Sunday.

WENT INTO NORTHLAND

Party of Toronto College Boys Here Saturday Afternoon Enroute Home From Finlay River

Fourteen students of Upper Canada College and St. Andrew's College of Toronto and Bishop's College School of Montreal under the leadership of Count Nicholas Ignatieff, a member of the faculty of Upper Canada College and president of the Exploration Society of Canada, comprised an interesting group of travellers which was in the city Saturday afternoon. After having spent the summer making a trip 435 miles north of Prince George into the Finlay River country to gain practical experience in mapping and geological reconnaissance, the youths arrived here on Saturday afternoon's train and sailed the same evening on the s.s. Prince George for Vancouver where they will spend a couple of days before going on to Banff and thence home.

Having left Toronto June 30, the party turned north from the railway at Prince George and took the waterways route via Summit Lake to Bower Creek whence they used rack trains and travelled as far north as Fishing Lakes on the upper reaches of Finlay River. The trip, the boys agreed, had been a fine experience. There was only one incident to mar it, that being when Graham Robertson, of Toronto, one of their number, was stricken with acute appendicitis at Finlay Forks and had to be flown out to Prince George where an operation was performed. He returned home without coming to the coast.

The party consisted of Count Nicholas Ignatieff, Dr. W. D. Smith of Brantford, Selwyn Dewdney of London; Don Robertson, Don Simpson, Monte Thompson, Ernest Lines, Gordon Waldie, Ken Clute and Hugh Galle of Toronto; Bob Chard of Edmonton, Peter and Dick Grier of Montreal, and Hal Davison of Welland.

FORCED LANDING

United Air Transport Comes Down At Lower Post on Account of Down Draft

LOWER POST, Aug. 15: (CP)—After being caught in a down draft, Pilot Sheldon Luck successfully "pan-caked" a United Air Transport Edmonton to Whitehorse passenger and mail plane down to the Liard River yesterday. The plane was slightly damaged in the forced landing but no one was hurt. Another plane came along later and picked up three passengers including Mr. and Mrs. B. Driscoll of Whitehorse.

Bulletins

DIED SATURDAY NIGHT

John Miller, 64, native of Sweden, employed as a steelworker, died Saturday evening in the Prince Rupert General Hospital. He had been in the city three years and resided on Eighth Avenue West. Funeral arrangements are in the hands of B. C. Undertakers.

ANGLO-JAP TENSION

SHANGHAI—New Anglo-Japanese tension arose as British naval officers accused the Japanese of discourtesy to the Union Jack and molesting a British tugboat captain. Reports said that the British tugboat Victoria was boarded by Japanese naval men, the captain trussed with rope, the vessel's Union Jack lowered unceremoniously and the Japanese flag run up instead.

SAFE AT PRINCE GEORGE

PRINCE GEORGE—Harry Coffey and W. F. White, Portland, Oregon, sportsmen fliers, who had been missing since 10 o'clock yesterday morning on a flight from Fairbanks to Seattle but for whom no immediate anxiety was felt, landed here this morning. Apparently, they spent overnight somewhere between here and Hazelton. They expect to take off shortly for Vancouver.

YOUTHS ARE MISSING

VANCOUVER—Provincial police are searching waters off Texada Island for two Vancouver youths, John Clee, 21, and brother, Donald, 18, who have been unreported since June 8. They were heard lining for salmon and at that time were given a tow from Hornby Island to a point off Texada.

WATCHING GERMANY

LONDON—Great Britain and France watch with considerable concern a concentration of German reserve army units for fall manoeuvres close to the Czechoslovakian and French frontiers.

NINE DIE IN CRASH

RIO DE JANEIRO—Nine were killed when an air liner fell into Rio de Janeiro Harbor shortly after taking off for a flight to Northern Brazil. Five victims were passengers and four members of the crew.

BRITON IS KILLED

VALENCIA—One Briton was killed and two injured when insurgent bombs hit three British ships at El Grao and Alicante. The casualties occurred aboard the vessels Hillfern and Fredavore.

MUSICIAN DIES

LONDON—Sir Landon Ronald, 65, one of England's most celebrated musicians, died on Sunday. He conducted Grand Opera at Covent Garden when only 21 in the days of Nellie Melba, Australian prima donna.

WES FERRELL TO YANKS

NEW YORK—Wes Ferrell, who was released by the Washington Senators last week, has been taken on by the New York Yankees. He is one of the best known Big League pitchers.

MILL IS BURNED

VANCOUVER—A shingle mill on Lulu Island was destroyed in a spectacular fire early yesterday.

RUNNING GUN FIGHT

NEW YORK—One is dead and five were injured in a gun fight between a madman and officers in Central Park before thousands of people. The maniac was dropped with bullets in the head. He admitted, as he died, that he had tried to kill as many policemen as he could.

Only recently back from a record-breaking round-the-world flight, Howard Hughes, rich movie producer, is planning a non-stop good-will flight to South America. Hughes' plane and his planned route are shown above.

CAREER IS BRILLIANT

Chief Justice Francis Robert Latchford Brought Fine Talents To The Bench

TORONTO, Aug. 15 (C.P.)—Chief Justice Francis Robert Latchford, who died Saturday, brought to the Ontario Supreme Court a wide experience garnered from a successful career at the bar and in politics and to this was added profound scholarship.

He was born on a farm at Aylmer, Que., in 1866 and received his education at Aylmer Academy, Ottawa University and Osgoode Hall. He graduated from the university in 1882 after winning the Governor-General's medal for an English essay, the Pope's medal for a Latin Essay and the Archbishop's medal in Christian Doctrine. His proficiency in Christian Doctrine came in useful many years later, when in 1914 he engaged in a lengthy newspaper controversy on the Roman Catholic doctrine of indulgences with Rev. Dr. Griffith Thomas of Wycliffe College.

The future chief Justice began the practise of his profession in Ottawa. He handled many important cases and appeared in England a number of times before the Privy Council. He was elected a Bencher of the Law Society of Upper Canada. In 1908 he was appointed a judge of the Chancery Division of the High Court of Justice, and in 1923 he succeeded Sir William Muirlock as Chief Justice of the Second Division of the Supreme Court of Ontario. Together with Mr. Justice Riddell, he acted on a royal commission appointed in 1919 to enquire into the sale of certain timber lands by the Ontario Government.

Sat In Legislature

Before his elevation to the bench, F. R. Latchford was a member of the Ontario Legislature for South Westport from 1899 to 1905. He had the distinction of being a cabinet minister during the whole time he was in parliament, being Minister of Public Works from 1899 to 1904 and Attorney-General in 1904 and 1905. He was a thorough student of Geology and Mineralogy and his studies led him to believe that there were valuable mineral deposits in certain parts of Northern Ontario. He saw the future prospects of the Ontario Mining country and was active in the promotion of the Temiscaming and Northern Ontario Railway as a government enterprise.

Apart from his actual legal and judicial work, Mr. Justice Latchford was a man of many social, charitable and business organizations. For eight years he was president of the St. Patrick's Orphan Asylum, Ottawa. He was president in 1893 of the Ottawa Reform Club. In 1902 he was President of the North American Game Protective Association. He was a director of the Cobalt Lake

TO BONUS EXPORTING

United States Government to Assist Country's Wheat in Meeting World Competition

WASHINGTON, D.C., Aug. 15: (CP)—Secretary of Agriculture Wallace made an announcement of importance to all grain-growing countries of the world last night when he revealed that the government was planning to assist this country in meeting competition on the foreign markets by granting an export subsidy on 100,000,000 bushels of American wheat.

The competitive situation developing in world markets, prospects of a record-breaking United States surplus and declining domestic prices are said to have influenced the undertaking to place at least 100,000,000 bushels of American wheat on the world's markets, informed officials said.

SERIES IS EVENED UP

North Shore Wins Over Dome Mines in Third Game of Dominion Football Final

WINNIPEG, Aug. 15: (CP)—North Shore United of Vancouver evened up the series with Timmins Dome Mines for the Dominion soccer championship by winning Saturday's game here one to nothing. It was the third game, the first having been a draw while Timmins won the second three to one.

John McHugh, fisheries department engineer, who has been on a trip with Fisheries Research Board scientists to the Lakelse and Babine Lake hatcheries, arrived in the city from the interior on Saturday afternoon's train and sailed the same evening on the Prince George for Vancouver.

Queen Mary Faster Yet

CHERBOURG, France, Aug. 15: (CP)—The crack Cunard White Star liner Queen Mary, on her berth here last night with Commodore R. D. Irving in command, had shattered another transatlantic speed crossing record. She had covered the 2938-mile distance from Ambrose Light to Bishop's Rock in three days, 20 hours and 42 minutes at an average of 31.7 knots per hour. It was a record-breaking round trip as the Queen Mary outbound had set a new mark. She now holds the blue ribbon for the best time in crossing the Atlantic Ocean in both directions. The time for the eastbound crossing was one hour and 25 minutes less than that of the Normandie, the Queen Mary's rival.

Mining Company and of the Nipissing Central Railway Company. As a judge he was highly respected for his high moral standards and his thorough knowledge of the law. He never hesitated to depart from precedent if he thought in that way to best serve the ends of justice. His dismissal of a grand jury in 1911 when they threw out an indictment in a perjury case caused a sensation in legal circles at the time. Favorite recreations of the Chief Justice were hunting and fishing. He was an ardent naturalist and contributed many papers to naturalistic periodicals. Early Canadian history was another study in which he was interested and he was the author of "Philemon Wright and the Early Settlement of Hull." He married in 1890 Miss Frances O'Brien and had five sons and three daughters. He was a Roman Catholic. He belonged to the National Club, the York Club, the Toronto Club of Toronto and the Columbus Club of Ottawa.

NEW MARK BY PLANE

German Air Liner Brandenburg Completes Round Trip Crossing of Atlantic Ocean

BERLIN, August 15 (Canadian Press)—The new German 23-passenger air liner Brandenburg landed back in Berlin yesterday after completing the first round trip airplane flight from Germany to the United States having flown non-stop in either direction between Berlin and New York. The round-trip flight was accomplished in 19 hours, 55 minutes, it was officially calculated at Templehof following arrival of the Brandenburg Sunday morning, lowering the previous record of Wiley Post.

WIFE IS THE POWER

Sir Oswald Mosely suggests that all Jews at present in England be deported to some distant delectable Jewish National State. Yet Sir Oswald's wife is a Jewess and it is just possible that, seeing the impossibility of this, she is just pulling her husband's leg. At any rate the English Fascist leader says the objection to Jews is not to religion or to their race but simply to their internationalism. He claims that they set the interests of their co-religionists or co-racialists above the interests of the British state.

We feel very sorry for Sir Oswald. He started out as a Conservative. His political abilities not being properly recognized he turned socialist but that did not seem to go well with a rich American wife. He has now found that persecution of the Jews does not seem to sound right when he is spending the money of an attractive and delightful Jewish wife. She evidently is still the power behind the Mosely throne and Sir Oswald is wondering why the English people do not take to his political philosophy with greater fervor.

NATURE'S METHOD

We sometimes wonder why it is that there is so much death and destruction in the world and we call this killing wicked. And yet we find that this system carries on through all kinds of life—animal, bird, insect. We all know that when the salmon go up the river to spawn many millions of the eggs are destroyed before they hatch and after they hatch the young have to run the gauntlet of birds and predatory fish before they reach the ocean and even then their lives are not by any means secure. The thought of nature's prodigality was the result of reading about how the turtles lay their eggs on Willis Island, 250 miles from the Queensland coast. Thousands of them lay their eggs in the sand up to one hundred eggs each and the young were the victims of the various sea birds and, when they reached the sea, they were pounced upon by shoals of sharks and other predatory fish.

The killing of these young turtles is not wicked. It is just providing food for the other creatures. So the killing of thousands and, possibly, millions of human beings may be only nature's way of keeping a proper balance.

MAKE MOST OF HOLIDAYS

Only a few weeks remain before the school holidays are over. Some children are looking forward with keen anticipation to the opening of the fall session while others like the holidays so well they would like nothing but holidays. Much depends upon the child but also much depends upon the kind of teacher under whom he has been studying.

PREPARE TO COME HERE

Ocean Falls Engaged in Challenging Team For Prince Rupert Trip

OCEAN FALLS, August 15—In view of the coming series with Prince Rupert, Ocean Falls selectors have started the task of picking the representative team for the trip north of a local football team.

For the guidance of the selectors, two teams playing under the names Possibles and Probables have started a series of games, the first of which was won by the Probables seven to nil. The Probable forward line, although playing together for the first time, showed fine co-ordination. The Possibles, although they had the stronger defensive line, were unable to hold out. The scorers were: K. Burgess, three, and Styles, Kelly, E. Ollett and Gilchrist, one each.

The Teams

Probables—N. Compton, R. Robertson and J. McKenzie; J. McCousland, J. Stirling and H. Gilchrist; A. Gourlay, T. Kelly, R. Burgess, P. Styles and S. Ollett.

Possibles—K. Gillanders, J. McCoungie and L. Simpson; E. Barclay, B. Henderson and J. McKay; V. Whittaker, M. Calderhead, J. Maxwell, H. Watkins and J. Ollett.

Substitutes were O. King and J. Maughan.

J. Oddy was referee. The first round of the Cameron Medal competition was played Sunday between Rangers and Shamrocks.

Australia Is Winner In Tennis

Will Meet Germany In Challenge Round For Davis Cup

MONTREAL, Aug. 15 (CP)—Australia won the right to meet Germany in the inter-zone final of Davis Cup tennis when Adrian Quist defeated Jiro Yamagashi of Japan yesterday by a score of 6-4, 6-4, 3-6, 8-7, giving Australia the third victory in the round of five matches. Japan won the other two matches.

Later yesterday Jack Bromwich of Australia defeated to Fumiteru Nakano of Japan after four sets had been played. There was nothing at stake and Bromwich did not want to waste reserve energy.

After the opening singles had been divided, Australia went into the lead on Saturday by winning the doubles. Jack Bromwich and Adrian Quist defeating Fumiteru Nakano and Jiro Yamagashi 6-2, 6-4, 6-3.

Having now won the North American zone series from Japan, the Aussies will meet Germany at Boston later this week.

Fifth Of Cricket Test Matches To Start Saturday

LONDON, August 15—The fifth of the test cricket matches between Australia and England will commence on Saturday.

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

SEASON IS NEAR END

Many Playground Activities Are Planned For Coming Week

With the end of the season in view, the Gyro playgrounds are in the midst of preparations for the final display to be held on August 29.

Among the activities listed for this week are dance rehearsals for the girls on Monday, Wednesday and Friday afternoons in the gymnasium building, a kiddies' party on Tuesday evening at Westview playground, a dress-up day on Thursday afternoon at Seal Cove and a stunt night on Friday evening at the Acropolis Hill playground.

All these events are to take place as well as the regular activities such as tumbling and vaulting classes on Tuesday and Thursday evening, swimming and life saving classes on Tuesday and Friday at McClymont Park and Morse Creek while the following games are to be played in the basketball and softball leagues to finish the schedule:

Senior boys' basketball—Acropolis vs. Seal Cove, Monday evening.

Intermediate boys' softball—Westview vs. McClymont, Monday afternoon; McClymont vs. Acropolis, Wednesday afternoon, 1:30.

On the afternoons on which there are no special activities listed for Acropolis Hill playground, there will be special classes in tumbling and pyramid building for girls and junior boys.

Girls' Track Meet
Not to be outdone by the boys, the girls are going to be given a chance to show what they can do in the track and field events when they take part in a track meet on Thursday at Acropolis Hill.

Events for the girls will include the 100 yards dash, standing broad jump, running broad jump, high jump, relay race and some novelty races.

Entries for the events may be made with the directors at any of the Gyro playgrounds before Thursday. Teams for the relay races

must be made up before the meet but post entries for the other events will be accepted.

Miss Kitty Cameron, director of Acropolis Hill playground, is in charge of the meet.

Life Saving Exams

On Sunday next pre-examination trials for the Gyro Club playground life-saving awards will be held at the Salt Lake. In order that all those participating in the classes to date may have every opportunity of passing the tests for the various awards, it is imperative that they attend the classes at the gymnasium on Tuesday and Friday evening in order to familiarize themselves with the various drills necessary as well as the theory and anatomy which is to be taught.

Judging from the enrolment and attendance at the classes so far, there should be at least 25 persons trying for the Bronze Medallion.

In addition, there are two girls, Chlea Nishakaze and Betty Barber, who will attempt to pass the test for the Award of Merit and Silver Medallion. There is also a possibility that one of the boys, Bill Long, will try to pass both the Award of Merit for the Bronze and Silver Medallions so interest is running high and there should be a large turnout for the final tests.

It should be clearly understood that these classes in life saving are for the benefit of all interested parties regardless of whether or not they feel capable of passing the examinations. The fact that tests are to be held should not deter these people from attending the final classes. In fact the final classes will serve to increase the swimming ability and general useful knowledge of anyone taking part.

Due to misinformation received by local friends, it was reported last week that Mrs. Richard Perry, formerly of this city, had died in Winnipeg. It has since been ascertained that, although Mrs. Perry is seriously ill, she is not dead.

William Turnbull, formerly editor of the Prince Rupert Daily News, is now back in Victoria after having been for several years located in Buenos Aires, Argentina, according to word received by local friends.

WHIFFLETS From The Waterfront

Making her final regularly scheduled voyage of the season although she has one special charter cruise to make after this, C. N. R. steamer Prince Robert, Capt. H. E. Nedden, arrived in port at 7:30 o'clock this morning from the south and sailed at 1 o'clock this afternoon for Skagway and other Alaska points whence she will return here next Sunday southbound. The vessel had a capacity list of more than three hundred round trip passengers.

C.P.R. steamer Princess Alice, Capt. William Thomson, arrived in port at 1 o'clock this morning from Vancouver with a good list of Alaska tourist passengers and sailed at 10 a.m. for Skagway and other northern points whence she will return here Saturday afternoon southbound. The Alice had 152 persons on board. Four disembarked here while four went north from Prince Rupert.

There was a capacity list of 250 passengers aboard the steamer Princess Charlotte which was in port Saturday afternoon southbound from Skagway to Vancouver. Three passengers embarked at this port while two took passage at this port aboard her for the south.

Union steamer Catala, Capt. Jas. Findlay arrived in port at 11 last night from the south and sailed at 2 a.m. for Stewart, Anxox and other northern points whence she will return here tomorrow southbound.

Northland Transportation Co.'s steamer Northland, Capt. A. W. Nickerson, was in port early yesterday morning and discharged two carloads of mild cured salmon in tierces from Ketchikan for transshipment East over Canadian National Railways before sailing for Seattle.

The Ketchikan packer Neptune was in port yesterday afternoon with one carload of frozen fish for

Mississippians Back In Houston

JACKSON, Mississippi, August 13.—The "Know Mississippi Better" party, under the leadership of former Governor Dennis Murphree, has returned home from its annual trip which this year took a party of some two hundred Mississippians as far north as Prince Rupert and Stewart, British Columbia, and Hyger, Alaska.

"In my opinion," said Mr. Murphree following his return home, "the scene along the railway from Edmonton to Prince Rupert is the most magnificent and majestic of any to be viewed on the North American continent."

"This was the most outstanding of all our fourteen annual trips," Governor Murphree and others expressed appreciation of courtesies

transshipment East over Canadian National Railways.

Imperial Oil Co.'s tanker Imperial, Capt. Sims, arrived in port at 11 o'clock yesterday morning from loo and, after discharging fuel for the company's local tanks, sailed at 3 o'clock last evening on her return south.

With a full list of 200 passengers consisting largely of tourists returning south after making the round trip to Alaska, C.N.R. steamer Prince Rupert, Capt. James Watt, arrived in port at 8:15 this morning from Skagway and other northern points and sailed at 3 o'clock this afternoon for Ocean Falls, Powell River and Vancouver.
