LOOKING TO GOVERNMENTS

In discussing with Brigadier Stewart the work that prettily decorated with cut flowers. the Dominion government is to do at Prince Rupert, it accurred to us that most of the improvements in the city have come from governments. Our docks, elevator, dry dock and shipyard, and, more recently, the fine new fed- Ivarson and Mrs. L. Husoy. eral building have all been built at the public expense by departments of the federal government. There have been numerous other benefits obtained of late through the good offices of the local member, Olof Hanson.

From the provincial government we have the Court! House and one of the docks including some of the fish

In addition to that we are looking to the federal government for a steamship subsidy and we are asking a them to operate the local elevator. The member for the E. Armet, Mrs. H. Hansen and Mrs. By Market, won by H. Eriksen. district says he is confident that the elevator will be on- Charles Giske. erated during the present crop year and he is very hope- Paddles, Mrs. C. Johnson, Mrs. Rivet, No. 345. ful that we shall get the subsidy. On the whole our repre- Edgar Arnet and Mrs. Christ Jensentatives in parliament have done pretty well for us. On behalf of the Lutheran Sew- Quilt, won by Julius Johnsen, Many other stores and members?

We are now looking to the provincial government for the building of a highway. It is a big undertaking and. doubtless, will be built within the next few years. In the meantime it is up to us to press for these things so that we may get them at as early a date as possible. We do this, not in any hostile spirit, but because we think they should be carried out. We have to bring all the pressure possible to bear on both Dominion and provincial authorities and, doubtless, shall continue to do so until we get what we are after.

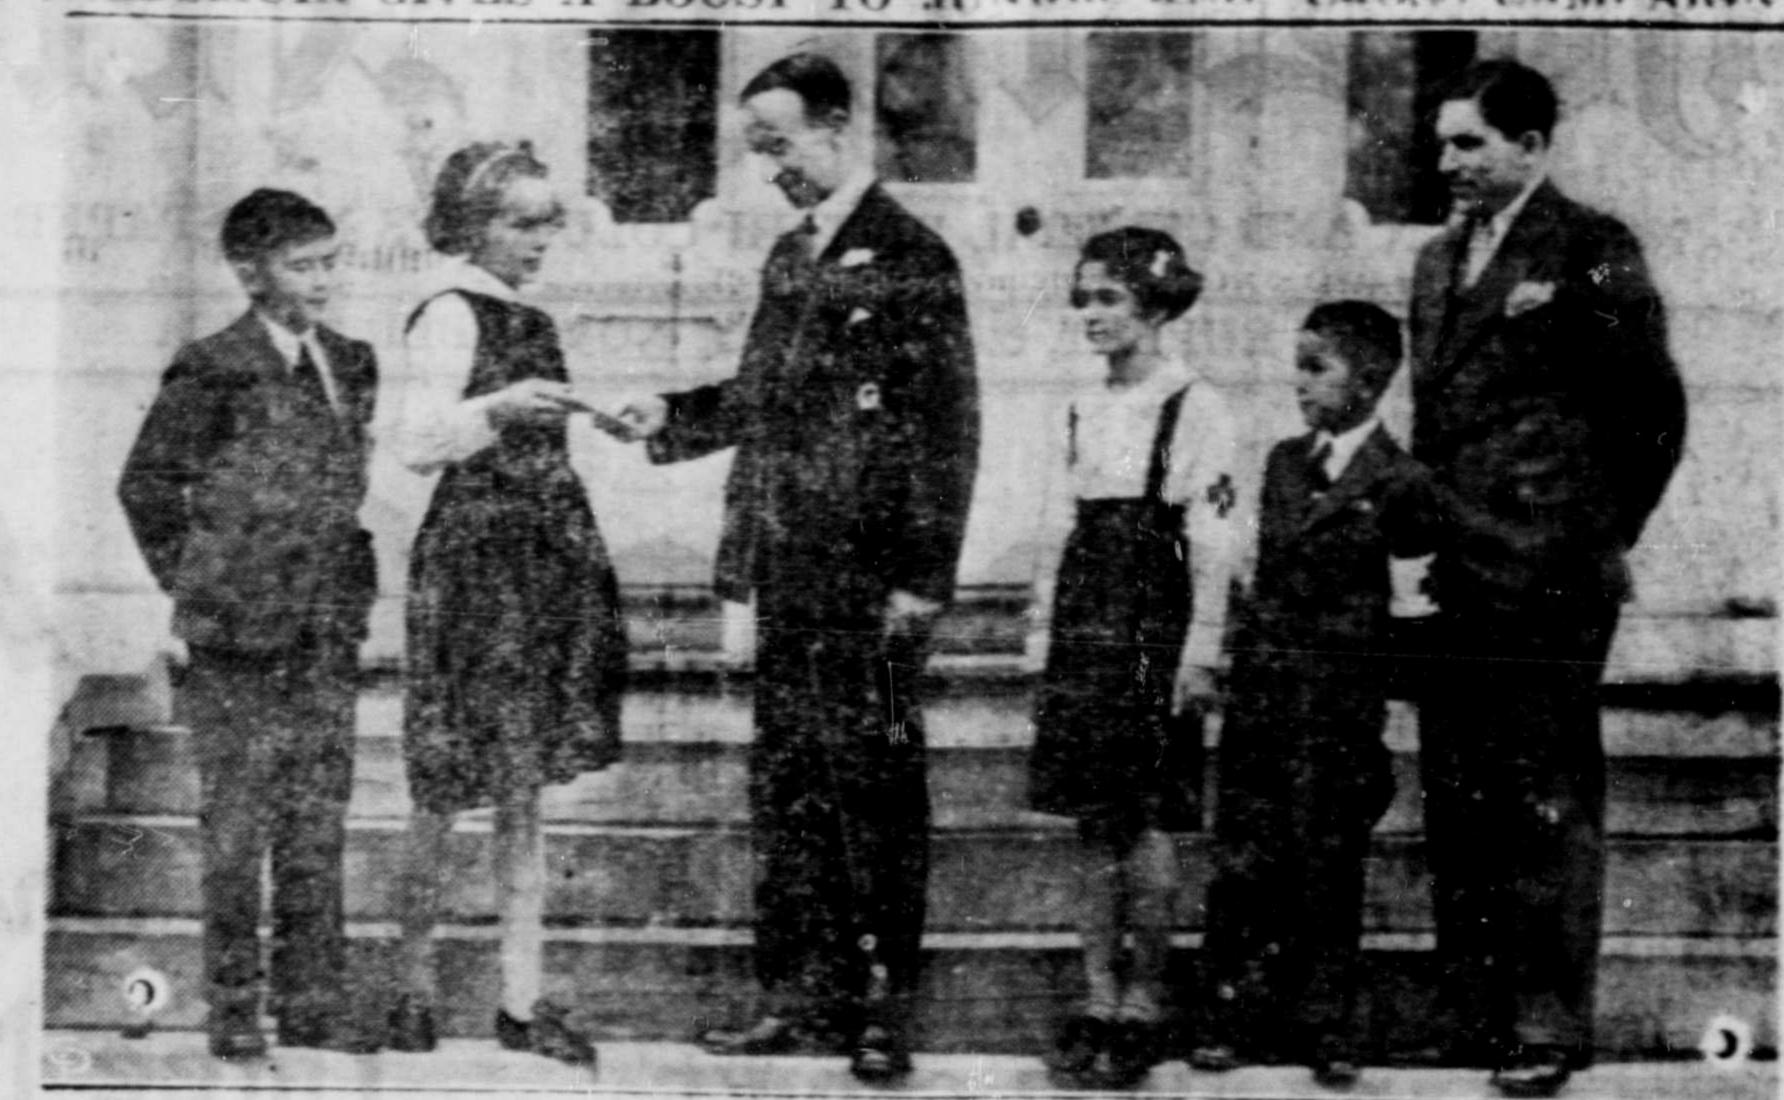

Prince Rupert has usually been on very friendly terms with the various administrations. By remaining that way we are likely to get what we ask for. We have everything to gain and nothing to lose by keeping on friendly terms with all the powers that be. The day is past when we can expect to gain by using the pistol of the highwayman.

In saying this we do not want to be misunderstood There is to be no weakening in our efforts to secure the needed improvements for which we ask. At the same tim it is sometimes wise for us to remember that we have al ready received a gread deal and it is said that we are to have a great deal more in connection with a projected ai base. We also can secure a great deal of help from provincial government in connection with the projected pulp mill industry. It is the co-operation of the govern ment at Victoria through our local member that make the proposal interesting to financiers.

PRESENT NEED

What we need more than anything from our gov ernments immediately is the steamship subsidy and the operation of the elevator. Probably these on together From the provincial government we want highway construction but it must also be remembered that every othe constituency in Canada is asking for highway construction and highway improvement. So far, the main trans-Canada highway in the south with all the political pressure of a large population behind it has not yet been completed. When it is through there will be more chance for our section to receive attention.

The probability is that the highway to Alaska will be constructed soon. The financing of this promises to be comparatively easy. If the same terms could be applied to the Prince Rupert section there would be no delay in getting it through. The construction of this highway should be of great benefit to Prince Rupert and, especially so, when our own section is completed. In the meantime, we must keep up the pressure and use every means in our power to forward the project.

With a friendly greeting and a pleasant reassuring smile for an audience which consisted of English, French, Greek and Chinese children. Lord Tweedsmuir, governor-general of Canada, inaugurated the Junior Red Cross Callendar campaign to raise funds for the hospitalization of sick and crippled children. His excellency is president of the Canadian Red Cross Society and his visitors here are junior Red Cross members from the intermediate school at Hull, P.Q. Mr. N. A. Todd, their principal is at the right.

CODE OF AMATEURS

Broadening of Definition May Mean Return of Hockey, Lacrosse And Basketball To A. A. U.

The Amateur Athletic Union o Clean Sweep Victories Scored By Canada, in annual convention here, last night broadened the amateur code by approving a resolution the amateur rules hereinafter set forth."

Officers of the Union believe this action may pave the way for a return of hockey, basketball and lacrosse bodies to the Amateur Athletic Union fold. The Union has been suffering through the lack of financial support from these bodies.

There has been the perennial discussion of the definition of an amateur at the convention.

h & hours Hundreds of women and children were killed in savage air raids staged by Japanese fliers against Canton before its capture. The chief features of the bomb-shattered city are shown on the above map. The main objectives of the attackers were the Canton-Hankow and Canton-Kowloon railroads and the Wongsha and Canton stations. Britain protested to Tokio the flight of invading airplanes over the International Settlement on Shameen Island.

BOOSTER

pes to See New Northern Highway to Pacific Completed Next Year

WEMBLY, Alta., Nov. 18: (CP)onorary president of the Monkan Pass Highway Association and aunch advocate of the new route ross the Rockies from Peace Rivdistrict to the Pacific Coast, Alex onkman hopes to see the road mpleted next year.

Born nearly 70 years ago near innipeg, Monkman came to Peace ver country in 1897 when the lure the Klondike gold rush took him north. However, he got only as as Grouard where he was told e Yukon could not be reached

In 1899 he moved down to Sastoon Lake to the present site of embley where he has trapped nd farmed ever since.

On one of his trips from the footlls right into the Rockies in 1921. onkman noticed the valley which was following did not rise steepas it swept westward but wound s way among high peaks and nevnuing southwest he met some steep mountains.

OTTAWAN COMPLETES TRIBUTE TO ROGERS

A tribute to the late Will Rogers in the form of this statue has just been completed by Guy B. de Val, noted Ottawa sculptor. The 12-foot figure pictures the late actor "sitting on top of the world." The sculpture will rest in a prominent place in Hollywood. Mr. de Val is shown beside his work.

BURNSLAKE

Miss Mary Haddock of Decker Lake School spent the week-end as guest at the home of Mr. and Mrs. John Gowans here.

Mrs. Hunter of Coleymount was a visitor here this week.

Miss A. Bourgon of the Superior School staff was a week-end visifor at the home of her parents at

Mr. and Mrs. John Berg and family moved last week into their fine new residence.

Miss C. Manson of the Superior School staff was a week-end guest at the home of Mr. and Mrs. Neil Van de Veen of Tintagel.

Mrs. Frank Bushfield returned last week from a six weeks' holiday trip among relatives and friends at Winnipeg, Sudbury, Toronto, Hamilton, Galt, Kitchener and Barrie. The weather was very fine and the crimson maples for which Ontario is famous were the best in many years.

The Explorers' Club of St. Paul's United Church held the first meeting of the season on Monday. The meeting was largely attended and the following officers were elected: President, Bessie Anderson; Vicepresident Rose Munger; Secretary-1 treasurer, Ellen Anderson; Pianist, Thomas Smith jr. Mrs. F. Bushfield will be assisted by Miss A Copithorne R. N., in conducting the activities of the club.

Remembrance Day was observed Paul's United Church Sunday morning at which a representative

was suitably decorated for the occasion. The speaker took as his text "Holding the torch high against the spirit of selfishnes and evil doing. Appropriate hymns were sung and there was a piano solo "In Flanders Fields." The two minutes silence and "God Save the King" closed the service. Rev. Frank Bushfield was in charge with Mrs. Bushfield at the piano.

The car ferry, for use of the Canadian National Railways on Okanagan Lake, which is to be built at the local dry dock. will provide something like \$50.000 in wages alone at the local yard, it is estimated. The staff, as a result of the! o's will suchably be increased to. well over one hundred men as compared with some thirty-five or so at present. Delivery of the steel for the new craft has yet to be made It is expected actual construction will get under way soon after the New Year.
