DEWDNEY GOES TO LIBERALS

Government Supporter Captures Former Conservative Seat
PRINCE RUPERT, May 21: (CP)—Election of D. W. Strachan, the liberal candidate, was assured today on the basis of returns from all but one small poll out of twenty-eight in the Dewdney provincial by-election which gave the following standing of candidates:
D. W. Strachan, Liberal, 2,034.
W. A. Jones, Conservative, 1,912.
Miss Mildred Osterhout, C.C.F., 646.
This gives Strachan a plurality of 122 over Jones and 388 over Miss Osterhout.
The seat was made vacant through the death of Dr. Frank Patterson, Conservative leader.
As a result of the capture of the seat by Mr. Strachan, the liberal government strength in the Legislature is increased by one to thirty-two.
The Conservative and C.C.F. strength in the Legislature is now seven members each. This means that one independent member, W. Bruhn, Salmon Arm, who leans towards the Conservatives, and one Labor member, Tom Usher, Fernie, whose sympathies appear to be with the C.C.F., may play an important part in connection with the selection of the next leader of the Opposition.
Pattullo's Comment
VICTORIA, May 21: (CP)—Speaking of the result of the provincial by-election in Dewdney, Premier T. D. Pattullo said he considered "Dewdney electors had rendered a great service not only to themselves but to the province as a whole."

TALKS OF SCOUTING

B.C. Commissioner Gives Interesting Chatty Address to Members of Rotary Club
WILLIAM SOLWAY, Boy Scout commissioner for British Columbia, who spoke to the Rotary Club Thursday at its regular weekly luncheon, has been thirty-five years at scout work, ten years of which was in England and the remainder in Canada. He met Dean Gibson on the prairies soon after his arrival in Canada. He told about building his first cabin eight feet square in which he and his wife lived for a time.
Reminiscing on the beginning of the movement, Mr. Solway said General Baden-Powell started it in 1907 and he was taught by his father. Mr. Solway's father said he taught Baden-Powell's father so the family was closely tied up with the work at a very early date.
The first troop was formed with the idea of bringing together on a common basis the various classes in the Old Country. The idea took hold immediately and in 1928 sixty thousand Scouts took part in the first jamboree, spending two weeks in camp.
The speaker said that scouting resembled Rotary to a great extent. The two had much in common, scouting being something of a junior service club. It was brought to the United States about the same time that Rotary was started in 1910 and he found that Scout backers could always be found in Rotary. Scouts were taught their duty to God and the Scout law which was to be helpful to the community. At the head office in London only the janitor was paid for his services. The office was just outside Buckingham Palace gates and the King was the highest official next to the chief scout.
The office in Ottawa was given them by John R. Booth, the lumberman, and each province had its head office, usually with a man on the road and a girl in the office. The life of a Boy Scout was usually about six years and during the later years attention was centred on finding the right vocation in life. In Canada no scout was ever in the juvenile court after he had secured his second class badge. In Vancouver the Rotary Club sponsored a number of boys from the various institutions which looked after wayward youths and they went into camp with the other scouts, no one except himself knowing which boys were of this group. Many of them passed into one of the scout groups and found their way into positions of usefulness. Of the boys looked after in this way from seventy-five to eighty per cent were salvaged.
In the scout movement they tried to induce boys to take up some other than white collar work. Incidentally, Mr. Solway mentioned that, if the Alaska Highway scheme were put through by Premier Pattullo, there would not be enough men in British Columbia to do the work. The difficulty with some of the drifters was that they would drop dead if they ever tried to do a day's work.
In concluding the address, Mr. Solway told of a furlough visit to England when he took over the temporary job of re-starting scouting in a district of London where there was a school for thieves and where one young thief boasted of having stolen the whistle from the policeman's coat.
Two of these young "gaffers" were playing in the mud when the present Bishop of London, then Bishop of Stepney, passed. He asked the lads what they were building. They answered that they were making a cathedral. "And," the youngster added, "we intend to build a bishop if we have muck enough left."

BULLETINS

LOST LIFE IN SKEENA
According to advices received in the city last night, two young travellers, who essayed to make the trip down the Skeena River from Hazelton in a canoe, had come to grief near Andimaul when their frail craft upset. One of the young men had been drowned while the other was rescued. Up to this morning, no particulars had been received at divisional headquarters of the provincial police here.

YUKON DISCUSSED
OTTAWA, May 21: (CP)—The proposal to merge Yukon Territory with British Columbia was discussed briefly in the House of Commons yesterday with two members—Mrs. George Black, Yukon, and Hon. H. H. Stevens, Kootenay East, opposing it. Hon. T. A. Crerar, minister of the interior, said that the proposal had not passed the correspondence stage. Before anything could be done, there would have to be legislation both by federal Parliament and the provincial Legislature.

NO OBJECTION
OTTAWA—Hon. T. A. Crerar, minister of the interior, stated yesterday that the federal government had given no consideration to the granting of public money for the proposed Alaska Highway. It was entirely up to British Columbia if it wished to borrow money and embark on such a project, Mr. Crerar said. He himself, could see no objection to the province doing so.

BUNTY LAWLESS FAVORITE
TORONTO—With sixteen horses finally entered for the Canadian turf classic, Willie Morrissey's brown colt, Bunty Lawless rules an overwhelming favorite to win the seventy-ninth running of the King's Plate at Woodbine Park here this afternoon.

TIDE IS TURNING
BARCELONA—Loyalists continue their counter-offensive on the Aragon front and in the Teruel sector and claim important victories over the insurgents. Yesterday they smashed through rebel villages and captured a number of villages. The tide of battle during the past few days appears to have been definitely in favor of the government forces.

INSURANCE MAN PASSES IN 'PEG
WINNIPEG—Colin Campbell Ferguson, prominent Winnipeg insurance man, died yesterday at the age of sixty years following a lengthy illness.

Uncover Mummies Of Unknown Race

Traces of Former Civilization Are Found in Papua
MELBOURNE, Victoria, May 21: (CP)—Traces of a former civilization have been found in the centre of Papua, E. W. P. Chinnery told a meeting of the Field Naturalists' Club of Victoria here.
Mummies and carvings had been found similar to those in Egypt, although the present natives resembled Hindus of Malaya, Mr. Chinnery thought they probably were descendants of an unknown race although they knew nothing of the quartz club heads and sardered standing stones found in their country.
Mr. Chinnery is attached to the Papuan Civil Administration Department.

TO SPEND HUGE SUM

Further Work to Provide Jobs For Workless Included in Supplementary Estimates

Various Projects

Further Assistance to Fisheries Planned—Low Cost Housing Also

OTTAWA, May 21: (CP)—The Dominion government plans to spend this year of almost \$100,000,000 which will relieve unemployment. The supplementary estimates, brought down in Parliament yesterday, provide \$40,000,000 for various undertakings. This is in addition to a like amount provided for in the main estimates. Nor does it include an estimate of \$17,500,000 for grants-in-aid to provinces. There will be expenditures on highway development, airports, national defence and other projects.
The supplementary estimates included an item of \$2000 additional for mail service between Prince Rupert and the Queen Charlotte Islands and a revote of \$20,000 for Digby Island wharf repairs.

Details of Estimates
Employment, direct relief and various forms of economic rehabilitation account for at least half of the supplementary estimates totalling \$106,509,000 which Minister of Finance Charles A. Dunning is asking the House to vote.
Accompanying the estimates was a statement by Hon. Norman Rogers, minister of labor, that the government would bring down legislation empowering the federal treasury to lend to municipalities on self-liquidating projects and also designed to stimulate low cost and low rental housing.
The fisheries will be assisted by a \$500,000 grant for rehabilitation of those engaged in that industry and \$150,000 for promoting markets for sea products.

Expects To Renew Old Acquaintance

Earl of Harewood to Visit Saint John, New Brunswick

SAINT JOHN, N.B., May 21: (CP)—Ven. Archdeacon H. A. Cody is looking forward to meeting the Earl of Harewood, husband of the Princess Royal, when he comes to Saint John in August to attend a convention of the Sovereign Grand Priory of Canada of the United Orders of the Temple and Malta.
On the same evening at Dawson City 31 years ago Lord Grey, then governor-general of Canada, his A.D.C., the then Viscount Lascelles, now the Earl of Harewood, and Archdeacon Cody became members of the Arctic Brotherhood, an organization for the benefit of miners prospectors and others living in Alaska and the Yukon.

Nazis and Anti-Nazis Charge and Counter-Charge Each Other With Starting Trouble—Reserves Called to Colors and Martial Law Declared

PRAHA, May 21: (CP)—Following serious outbreaks between Czechs and Sudetan Germans in Czechoslovakia yesterday including the killing of two Germans by Czechoslovak frontier guards, two reserve army classes have been called to the colors and modified martial law decreed.

JOBLESS SITDOWN

Single Unemployed Occupy Three Important Downtown Lobbies Since Friday Afternoon

VANCOUVER, May 21: (CP)—More than one thousand single jobless men held peaceful possession of three downtown building lobbies today after an all night sitdown strike to impress upon the authorities their demands for an "adequate works program." Yesterday afternoon they marched into the Georgia Hotel, central Post Office and civic art gallery and sat down on the lobby floors. Police heads were refused, Business is being carried on as usual in the buildings and no violence is expected.

WINGED IN PARIS DUEL

Comedy Director and Playwright Engage in "Affair of Honor" With no Reconciliation Reached

PARIS, May 21: (CP)—Edouard Bourdet, director of La Comedie Francaise, was wounded in the right arm by Henry Bernstein, veteran playwright duellist, in an "affair of honor" that failed to settle their quarrel. The principals left without reconciliation. A physician said that Bourdet's wound was not serious.
It was Bourdet's first duel and Bernstein's ninth. The duel followed a dispute over Bernstein's withdrawal of a play from the state-owned Comedie.

Provincial Government Ratifies Fifty Mill Impost As Set By City Commissioner

VICTORIA, May 21: (CP)—The British Columbia government yesterday approved the 1938 tax rate of the city of Prince Rupert at fifty mills, the same as last year.

VANCOUVER WHEAT

VANCOUVER, May 10: (CP)—Wheat was trading at \$1.04 on the Vancouver market yesterday.

WINNIPEG WHEAT PRICE

WINNIPEG, May 20: (CP)—May wheat closed at \$1.15 1/2 on the Winnipeg market yesterday.

The fire department had a call at 4:45 yesterday afternoon to Wantage Road in McClymont Park where there was a bush fire which did no damage of consequence.

In Bohemia Czechs and Nazis charged and counter-charged each other with starting trouble. One hundred Germans were said to have been injured. The frontier town of Graslitz is the centre of trouble. The government took special precautionary measures there.

In Praha, Czechs paraded in a threatening manner before German Sudetan offices.

After denying reports that an ultimatum had been received from Germany, President Edouard Benes said that Czechoslovaks were "prepared to defend our independence to the ultimate consequences."

Reports here said that Nazi storm troopers were assembling in unusual strength in German districts bordering on Czechoslovakia.

The German press is taking a sharper tone towards Czechoslovakia as though preparing the German public for eventualities.

In London the fear is expressed that, if there is serious bloodshed in tomorrow's elections in Czechoslovakia, Germany may intervene with force. The German plea will be that the German minority has been intimidated.

Sir Neville Chamberlain, British ambassador, called twice at the German Foreign Office in Berlin today to discuss the Czechoslovakian situation but received no satisfaction.

In Paris it is recalled that Germany undertook to respect the independence of Austria but, nevertheless, moved in.

King's Birthday Railway Rates

Special Fares To Be Effective On Canadian Lines

WINNIPEG, May 21:—Reduced rates of single fare and one quarter for round trip between all points in Canada for the King's Birthday holiday on June 9, were announced yesterday by J. B. Parker, secretary of the Canadian Passenger Association, to become effective June 8 and good on both the Canadian National and Canadian Pacific railways. Those taking advantage of the fares may leave for their destination from June 8 until two p.m. June 9 and commence their return journey not later than midnight of Friday, June 10. The reduced fares will be available for accommodation in coaches, sleeping cars and parlor cars.

Improvement In Indian Schools

Inspector Barry Well Pleased With Showing Being Made

Captain Gerald H. Barry, inspector of Indian Schools from Vancouver, arrived in the city Thursday from the Queen Charlotte Islands in the course of an extended tour of all Indian schools along the coast. He was particularly impressed by the marked improvement shown in the Indian day schools especially on the Queen Charlotte Islands.
During this trip Captain Barry has made extensive preparations for the Indian Arts and Crafts Exhibition to be held in Vancouver from May 30 to June 9. The exhibition is sponsored by the Knights of Columbus. It is hoped that the Hon. T. A. Crerar, minister of interior, will be present to conduct the opening of this exhibition.
Due to the time required for this work it was impossible for Captain Barry to visit the numerous Indian Schools on the Skeena and Naas rivers during this trip. He sailed by the Princess Louise yesterday afternoon on his return south.

IS CHURCHILL THE MOSES?

Winston Churchill, who has followed the family policy of independence, has sounded a clarion call for support of the League of Nations and for resistance to the German expansion policy. He is appealing to people of all political faiths in Britain to take a stand with him. He strongly urges the speeding up of rearmaments and the extension of the treaty with France to take in a number of other countries including Jugo-Slavia, Rumania, Hungary and Czecho-Slovakia.

Mr. Churchill rather likes to play a lone hand in politics but, in a time of stress, he may easily collaborate with all who agree with the policy he is advocating. The by-election in Buckinghamshire Thursday which gave the government a large majority may tend to check the aspirations of outsiders and give the rest of the country the idea that the people are still favorable to the Chamberlain policy, provided it guarantees proper defense of the country.

Churchill may possibly be the political Moses but he will have to do a lot of missionary work before he can hope to topple the present National government in Britain.

CITY MANAGER PLAN

There are now 475 cities in United States, Canada, Puerto Rica and Ireland that have city managers, according to statistics compiled in Chicago. Of the 93 largest American cities eighteen per cent have adopted the plan. The latest city to fall in line is Verdun in Quebec province and Chicago is seriously considering placing its affairs under a manager.

The plan started thirty years ago and has grown steadily ever since that time. It has had a few setbacks through the reversion of a city here and there to the old plan but each year has seen a greater number of appoint managers. The city of Buffalo has ordered a new charter to be drawn embodying the features of the manager-ship.

THE BRITISH EMPIRE

The English language is sadly lacking a word to express what is meant by the British Empire. In the first place it is not an Empire in the historic sense and neither is it a commonwealth of nations, although that term comes nearer the mark. However, the word Empire is much easier to say than commonwealth of nations so most people use it and know in a general way what it means.

In the first place the Empire means the United Kingdom of Great Britain and Ireland which provides the fighting sea force and is planning the main part of the air defense force. Then there are the other self-governing nations such as Canada, Australia, New Zealand and South Africa. In addition, there is the great Indian Empire with various governments all owing allegiance to the same ruler as ourselves. Further there are numerous colonies such as Newfoundland, West Indies, British Guiana, Hong Kong, Singapore, Kenya, Aden and Ceylon. Finally there are the countries and colonies such as Palestine and East Africa which were placed under the mandate of Britain following the war.

It can be seen that, with such a variety of interests, government of the British Empire is no easy task. While nominally much of it is self-governing the whole has to be co-ordinated and this co-ordination takes place from London.

RACE IS TIGHTER

Cleveland Retains One Game Lead In American League—Giants Beaten Again in National

CLEVELAND, May 21: (CP)—The Cleveland Indians, by downing the Washington Senators yesterday, retained the leadership of the American League by a margin of one point over the Boston Bees who won a heavy slugging verdict over the St. Louis Browns at St. Louis.

The roistering Cincinnati Reds blew into New York yesterday and, when the smoke of battle had cleared at the Polo Grounds, the Giants were once again on the short end of a shut-out. The Giants' margin of league leadership was cut to three-and-a-half games as a result of the victory of the second place Chicago Cubs over the Phillies in a slugfest at Philadelphia. The Cincinnati Reds, by virtue of their victory, moved into a tie for fourth place with the slipping Pittsburgh Pirates who lost to the Dodgers at Brooklyn.

Yesterday's Big League scores: National League Cincinnati 4, New York 0. Pittsburgh 5, Brooklyn 7. Chicago 16, Philadelphia 7. St. Louis at Boston, postponed, rain.

American League New York at Chicago, postponed, cold. Boston 16, St. Louis 2. Philadelphia 5, Detroit 2. Washington 3, Cleveland 6. The league standings to date:

Port Simpson To Celebrate

All Preparations Are Completed For Gala Days on Monday and Tuesday

All preparations have been made for a big celebration at Port Simpson on Monday and Tuesday next in connection with the observance of Victoria Day. There will be the usual program of field and water sports. There will be baseball, softball and football games for trophies. Visitors from Prince Rupert and elsewhere are expected.

SPORT CHAT

With football getting away to such a good start this year it would seem time for the Prince Rupert Football Association to consider the question of allowing substitutes to be used during a game. This principle has been approved by the British Columbia Football Association and is used in its various competitions. The Prince Rupert Junior Football Association also has endorsed the plan.

There can be little said against it other than the old time tradition that it is not done in the Old Country. There is no doubt that it will be adopted there. It is a fair and equitable solution of a very difficult question. A club naturally turns out its best eleven at the start of the game. Any player substituted is, therefore, the next best player on the roster of the team.

But the more important angle of the question is the provision that it makes whereby a team is not penalized for the rest of the game because one of the players is hurt. Last Thursday the Navy had Armstrong hurt and later McMeekin was damaged. Casey Vink was spotted to put on another player. But the Navy of the Prince Rupert Football Association do not permit this and the Navy could not accept the offer. So the Navy team was crippled and the victory of the Merchants lost some of its worth because they beat a weakened team.

Let the Football Association meet at once and make the necessary change in their constitution. It will be a progressive step and will be for the good of the game.

NEW FRUIT ARRIVING

Strawberries and Cherries From California Reach Local Stores

First strawberries and cherries of the season are about to arrive for the local retail market. They are California fruit. British Columbia strawberries are due about the middle of next week. The opening strawberry price of the season is 25c per basket.

Owing to the backward spring, new fruits and vegetables are very late in arriving this year. However, a few new lines are gradually beginning to make their appearance. There are few changes in the prices of staple goods on the local retail market.

Over One Hundred Persons in Attendance at Enjoyable Affair Last Night in Oddfellows' Hall

Something over one hundred persons were in attendance at a successful spring frolic dance held last night in the Oddfellows' Hall by the Christian Youth Society. The hall was tastefully adorned for the occasion with seasonal decorations. Dancing was in progress from 10 p.m. until 2 a.m. with music by George Brown's Orchestra and Allan Davies as master of ceremonies. A brief but acceptable program included tap dancing by Miss Venetia Fecto and a trumpet solo by George Brown. Miss June Armour was convener of the committee in charge. Capt Paul Armour presided at the door. Delicious refreshments were served.

Salmon Trolling in District Improving—
Heavy Week for Halibut Landings—
Prices Drop to Low Level

The latter part of May is being marked with a definite improvement in the spring salmon run on the trolling grounds around Prince Rupert. The fishermen on the grounds are getting better catches and the packers are bringing in larger loads. The improvement is general on the closer in fishing grounds such as Dundas and Stephens Islands as well as at North Island and Skidegate Inlet on the Queen Charlottes. The largest load to be taken by a packer so far this season was 60,000 pounds handled from North Island to Vancouver this week.

The past week was a heavy one for halibut landings at the port of Prince Rupert, the total being 718,700 pounds of which 340,850 was from Canadian boats and 377,700 pounds from American. This brought the total for the season to date up to 3,149,650 pounds in comparison with 3,904,500 pounds at a corresponding date last year. The Canadian landings so far this season are 1,629,750 pounds as against

2,165,300 pounds last year while the American aggregate to date is 1,519,900 pounds as compared with 1,739,200 pounds a year ago. Due to the heavy landings, prices slumped to the lowest level so far this year. For Canadian the top bid of the week was 6.6c and 4c received by the Ingrid H. for 9,500 pounds and the low 5c and 4c which the Domino II, Rio Rita and Sunnyside were paid for catches of 8,700, 5,000 and 1600 pounds respectively. For American fish the high bid of the week was 7.1c and 5c which went to the Betty, Howard B. Washington and Rainier II for catches of 15,000, 14,000, 13,000 and 8,500 pounds respectively while the low was 6.5c and 5c which the most of the boats landing during the week received.

Southbound travel on Alaska steamers, as usual at this time of year, continues light. Within the next few weeks, tourists will be starting to move in increasing numbers on these vessels. Yesterday afternoon aboard the Princess Louise, which was in port southbound from Skagway to Vancouver, were only fifty-nine passengers of whom two disembarked at this port. There was only one passenger going aboard here for Vancouver.

Seattle Halibut Landings
Seven vessels sold halibut catch-

es at Seattle yesterday totalling 202,000 pounds as follows: Paragon, 39,500 pounds, Booth 7 3/4c and 6 1/2c; Omaney, 32,000 pounds, Sebastian-Stuart, 7 3/4c and 6c; Helgeland, 39,000 pounds, San Juan, 7 3/4c and 6c; Republic, 40,000 pounds, New England, 7 3/4c and 6 1/4c; Betty Jane, 17,500 pounds Whiz, 8c and 6c; National, 18,000 pounds, 8c and 6c; Flint, 16,000, Washington, 7 3/4c and 6c. The Flint and National also sold small catches of cod at 3c.

The United States coastguard cutter Red Wing arrived at Port Angeles yesterday having in tow the American halibut boat Ivanhoe which had been disabled off the west coast of Vancouver Island, being adrift for four days. The vessel's engine had broken down and a report that she was north of Queen Charlotte Sound led to the Prince Rupert salvage boat Daly making a trip down the coast, being unable to find the Ivanhoe which was really off the West Coast. During the period that the Ivanhoe was adrift three members of the crew made a ten-mile row ashore to Estevan in order to obtain aid. Reports last night were that the Ivanhoe would be towed on from Port Angeles to Seattle for repairs.

The combination halibut boat and seiner Fortuna, Capt. Harry Hanson, left Seattle on Thursday of this week for Kodiak Island where she will be engaged in salmon fishing this summer.

Summer Steamer Service
The schedule of Canadian National Coast Steamships, going into effect at the middle of June

will be similar to last year. The steamers Prince Robert, Prince Rupert and Prince George will operate in the Alaska tourist service and the Queen Charlotte Island service will be performed on a fortnightly basis between Vancouver and Prince Rupert by the steamer Prince Charles. The Prince Robert will make five eleven-day cruises to Alaska, calling here northbound on alternate Monday mornings starting June 20 and southbound on alternate Sundays. The Prince Rupert or Prince George will be here Wednesdays northbound to Alaska and Mondays southbound. On Fridays the Prince Rupert or Prince George will be here northbound to Anyox and Stewart and Saturday evenings southbound. The Prince Charles will arrive alternate Thursday mornings, starting June 16, from Vancouver via Queen Charlotte Islands, leaving alternate Saturday nights southbound over the same route. The Canadian Pacific Alaska service will also be similar to last year with the steamers Princess Louise, Charlotte and Alice plying on the route.

Capt. Paul Armour, manager of the Armour Salvage Co., returned on Thursday of this week with the company's service boat Pachena which had been taken to Vancouver to receive an engine overhaul.

The Armour Salvage Co. this week completed jobs of renewing floats at the Imperial Oil Co. plant on the local waterfront as well as shifting floats of the Prince Rupert Rowing & Yacht Club a little further out towards the centre of Cow Bay.

The Indian Department cruiser Naskeena made a trip Thursday night to Kitkatla with Dr. J. P. Cade to attend some native patients at the village down the coast.

With Dominion Constable A. J. Watkinson in charge, the Naskeena left here at 9:30 Thursday night and was back at 7:30 next morning.

NEVER HAVE YOU KNOWN SUCH AN EXPERIENCE WITHIN THE WALLS OF A THEATRE!

Terror-stricken multitudes fleeing for their lives through roaring, leaping avenues of flame!

The fearful stampede of 10,000 fire-maddened steers through the hell-canyons of burning Chicago!

The dynamiting of blocks of buildings in a vain attempt to halt the fire's fierce progress!

A tornado-driven wall of flame 500 feet high and seven miles in length!

The great Chicago fire which destroyed everything but hope and courage!

YET YOU'LL REMEMBER THIS PICTURE MOST FOR ITS HEART-KINDLING, HUMAN STORY!

MADCAP COMEDY

Katharine Hepburn and Cary Grant in "Bringing Up Baby" This Week-end

Madcap comedy is the feature of "Bringing Up Baby," with Katharine Hepburn and Cary Grant, at the Capital Theatre this week-end. It is both a situation and dialogue comedy in which May Robson and Charlie Ruggles combine their talents with those of Miss Hepburn and Grant.

The story, oddly enough, starts in a museum of natural history. Grant is curator of the fossil gallery and has just completed four years' work of reconstructing a prehistoric monster's skeleton. One afternoon he leaves his secretary-fiancee to play golf with the lawyer of a woman who is contemplating giving a million dollars to the museum. It promises to be a quiet afternoon until Grant slices his ball from the first tee and meets Hepburn. The latter decides that she wants Grant for herself and the fun starts its mad progress as she endeavours to prevent his marriage to the secretary. Practically kidnapping him, she takes Grant to Connecticut where her aunt, Miss Robson, resides. Complication follows complication. Charlie Ruggles, a big game hunter, enters the scene and a loose killer leopard provides plenty of thrills. All in all, it is an unusual and very entertaining picture.
