MAY ASSAY AT SAMPLER

Premier to Take up With Mines Department Desirability of Addition to Local Plant

On Saturday morning Dr. J. T. Mandy, resident mining engineer, who is in charge of the local ore sampling plant, took occasion to urge upon Premier T. D. Pattullo the desirability of putting in an assay plant in connection with the sampler.

Later the Premier announced that he would take up the matter with the department of mines immediately on his return to Victoria and he felt sure the assay department would be added.

Speaking further of the sampling plant, Mr. Pattullo said he was very pleased with the work being done in that connection. It had proven very successful in helping the small miners and prospectors by giving them official data of a valuable character in connection with their work and also giving them some quick returns in cash to enable them to carry on development.

Mike Gurvich Later Slain By Other Police Officers When He Attempted to Show Fight After Tragedy in Provincial Police Headquarters

Inspector William J. Service, provincial police, was shot dead in his office at divisional headquarters in the Court House this afternoon by Mike Gurvich who was later himself shot dead in the Royal Hotel beer parlor by either Corp. Harold Raybone or Constable George H. Clarke who went to arrest him.

Sergeant Robert Gibson was also shot through the head by Gurvich on the occasion of the same visit to the Court House and is expected to die. He is at the Prince Rupert General Hospital.

This morning Gurvich had been served with a summons for trespassing on the Canadian National wharf.

According to information given out this afternoon he proceeded to the Court House and deliberately shot Service without warning. Gibson was chief clerk at the divisional office and was shot at the same time.

Gurvich, who had driven to the police office in his own car, shot point blank at the officers without a word of warning and immediately fled. He fired four shots. He was cut off by city police who caught up with him at the beer parlor.

As Corp. Raybone, Constable Clarke and Constable Terry Stewart approached, Gurvich fired at them. The officers immediately returned the fire and it is believed that it was Clarke's weapon which killed Gurvich.

Service was shot through the back of the head and neck. Gurvich was shot through the forehead.

It was at 2:24 p.m. that Service was slain by Gurvich. Only a few minutes elapsed before Gurvich was also dead.

Constable D. W. Taylor saw Gurvich making his getaway up the Court House stairs from the basement and immediately telephoned to the city police station uptown.

Constable Clarke at the Royal Hotel narrowly escaped being shot through the head himself.

Gurvich was headed off by the pursuing police at the Royal Hotel and ran in there.

Sergeant Gibson was still alive at 3:45 this afternoon.

LOG SCALE INCREASED

So Is Pole, Pile and Tie Count in Interior Despite Depressed Market Conditions

In spite of the depressed condition of the timber market, log scaling in Prince Rupert forestry district for the month of June this year showed a decided increase over the same month last year and the scale for 1938 to date is well ahead of the first half of 1937, official figures reveal.

The scale for this June was 25,178,884 board feet as compared with 17,884,794 board feet in the same month last year. The scale for the present year to date has reached a total of 43,420,162 board feet in comparison with 38,937,505 board feet in the corresponding period a year ago.

Scale per species this June, figures for last year in the same month also being shown for comparison was as follows:

PATTULLO IS NEVER PESSIMIST

Gives Interesting Talk To Members of Liberal Associations Saturday Afternoon

"I hope to God I will never become a pessimist," exclaimed Premier T. D. Pattullo on Saturday afternoon when having an informal talk with members of the two local Liberal executives.

The Premier said he had again and again urged a line of policy on Ottawa, British Columbia could not begin to attempt to take care of the unemployed coming to the province from other parts of Canada.

Mr. Pattullo recounted the part he had taken in connection with the Vancouver demonstration. He had urged upon Ottawa to stop the illegal transportation of men to British Columbia.

Mr. Pattullo referred to the policy of the government. He said the Legislature this fall would be asked to make an appropriation for a drilling program in the Peace River.

Kelowna Convention

The visitor also urged attendance at the Liberal convention at Kelowna in August. At the next session of the Legislature provision would be made for the institution of a public utilities commission but he would ask the Kelowna convention to drop the highway commission idea as being a useless expense.

In this constituency the sum of \$35,000 had been allocated in addition to maintenance work and a considerable part of this would be spent in carrying on the highway to Prudhomme Lake.

Mr. Pattullo dealt with a number of matters, explaining in some detail how provincial policies were being carried out.

TRUE ECONOMIES

S. J. Hungerford, president and general manager of the Canadian National Railways, before the Senate committee said: "I would emphasize again that we must not mistake railway economies purchased at the expense of the public at large as being true economies in the national interest. Within this reservation there is a considerable opportunity for effecting savings by enforced co-operation, not only as regards the elimination of duplicate facilities and the elimination of wasteful effort, but also the prevention of additional duplications in the future."

BACK TO NATURE

Another attempt is being made to form a modern utopia on one of the islands of the South Pacific. It is to be a group without missionaries, clergy or marriage rites. The members of the colony must be physically fit and must agree to abide by the rules of the community and must contribute four hundred dollars to the general fund. The island where they intend to live is tropical and food is plentiful. All will be expected to work and to practice all the amenities of modern civilization. The recruits are being obtained from the English population of Australia.

NEW INSURANCE SCHEME

In view of the failure so far to provide a health insurance scheme for British Columbia owing to the strong opposition in various quarters, it may be interesting to note that Australia is just launching a national insurance scheme. The applicant must join an approved society and from it will get a card on which each week a stamp is affixed, the cost of which is shared by employer and employee. He chooses his own doctor and, after a brief waiting period, becomes eligible for benefits. In case of sickness, the person becomes eligible for free medical attention, medicine, sick pay for himself and a little less than a dollar a week for each dependent. After six months sickness there is a slight reduction in this amount of sick pay. If the insured dies, the widow gets a pension for life or until she marries again with nearly a dollar a week for each dependent child. If both man and woman die the children get a pension of nearly two dollars a week until they attain the age of fifteen. At pensionable age the insured gets a pension no matter what his circumstances. If the insured loses his job he gets free insurance for a reasonable time.

TOURIST BUREAU

The movement to establish a tourist bureau in the city seems likely to have started something which may prove of benefit to the city. The tourist industry is the largest there is in the country and there seems to be no good reason why Prince Rupert should not benefit by it. Already there is considerable money left in the city by summer visitors and the establishment of an organization is the first recognition of any attempt to give service other than that rendered by the stores and the transportation people.

SYMPATHY GENERAL

The sympathy of the whole community goes out to the Colussi family, two members of which lost their lives in an explosion at the week-end. It is one of the dangers many of the residents of this port face. Gasoline explosions do not occur often but, when they do, they are extremely dangerous. The utmost caution is needed at all times in dealing with such treacherous fuel as gasoline.

LEGION IS ON PICNIC

One Thousand Persons Enjoy Fine Outing at Digby Island

The Canadian Legion annual picnic was held yesterday at Digby Island. A large number took advantage of the good weather to enjoy the outing and a well contested sports program. President Jack Preece was general chairman of the affair and was assisted by various committees who saw that everything was in readiness for the thousand in attendance. Quite a number of men off the American destroyer Hopkins were the guests of the Legion.

There was splendid boat accommodation supplied through the kindness of Captain C. Giske with the Morris H., Captain S. Horgan with the Tramp, Captain W. Bussey with the Atli, Captain George Cook with the Teeny Milly and George Frizzell and Douglas Frizzell with the Laura F.II.

The Boys' Band, under Bandmaster Robert Greenfield, provided lively music and a pipe band under Piper S. H. Leslie was a very popular attraction too.

There was a keenly contested sports program, several of the events having to be run off in two heats. Both the women's and the men's tug of war were hard fought out, all the "tuggers" giving of their very best. Mrs. R. T. Anderson, president of the Women's Auxiliary, presented the prizes.

M. J. Dougherty was chairman of the entertainment committee. H. A. Breen was in charge of the sports; H. T. Lock, the tickets; transportation, J. Preece and J. Hadden; canteen, W. J. Rance, A. Beale and A. Harvey, and refreshments, A. Allen, J. J. Judge and C. L. Barker. J. McGreish, J. McLeod, J. M. Walker, N. Cameron, J. Parkes, J. Stewart, J. N. Kelly, A. Dickens, H. Dickens, Bob McKay, Casey Vink and J. S. Wilson all gave useful assistance.

Results of Sports

Results of sports were as follows:

Game Fighter

BARNEY ROSS
The world's finest welter-weight who staged the gamest defense of a boxing title ever seen when he lost to Armstrong. The famous fight is showing at the Capitol tonight and Tuesday.

SPORT CHAT

The giant Luis Angel Firpo of the Argentine brought an international tinge into the heavyweight boxing championship in the early 20's and the "Wild Bull of the Pampas" very nearly won the title in one of the fiercest and shortest fights on record. Before 90,000 fans in New York's Polo Grounds the night of September 14, 1923, Jack Dempsey and the giant Firpo stood toe to toe and produced perhaps the greatest slugging match boxing has ever seen under the Marquess of Queensbury code.

The fight had lasted hardly five seconds before the 192-pound Dempsey was floored for no count by a wild swing. He came storming back to trade wallops with the 216-pound Firpo. Absorbing perhaps more punishment than in any other fight, Dempsey showed he could take it. With both disclaiming any effort at defence and satisfied to throw their hopes on savage attack, Dempsey's punches knocked Firpo down seven times in the first round.

Late in the round Firpo lashed out with another wild right that caught Dempsey on the chest and catapulted him head first clear out of the ring amid the typewriters of the press row. Dempsey barely returned to the ring before the count of 10. Rushing like a bull, Firpo pummeled Dempsey continuously but Jack managed to weather the storm of blows.

Jack came back in the second round to finish the wild man from the Argentine. His famous "one-two" punch sent Firpo down three times in this round before the challenger was unable to rise. The end came after 57 seconds of the second round. After winning the title from Willard in 1919, Dempsey had knocked out Billy Miske in three rounds and Bill Brennan in 12 before kayoing Georges Carpentier. And he had won a 15-round decision from Tommy Gibbons at Shelby, Montana, earlier in 1923 before he tackled Firpo.

Gradually Reducing Lead of Cleveland Indians—Pittsburg Pirates Going Strong in National

NEW YORK, July 4: (CP)—Having evidently swung into full hitting stride, the New York Yankees scored an easy victory in a series opener at Yankee Stadium with the Boston Red Sox yesterday and are now but one game and a half behind the Cleveland Indians, American League leaders, who divided honors with the Chicago White Sox in a double-header at Chicago yesterday.

The New York Giants split with the Boston Bees in a double-header at Boston yesterday while the Pittsburg Pirates, continuing a sensational winning streak, chalked up a double-header victory over the St. Louis Cardinals at St. Louis and are now trailing the Giants by three-and-a-half games. The Cincinnati Reds continued their losing streak with a defeat at the hands of the Chicago Cubs who replaced them in third position.

RE-OPENING WESTVIEW SCHOOL

Editor, Daily News:
I was greatly surprised to read in one of your recent editions of the attitude of our Commission regarding the re-opening of Westview School.

I think present conditions warrant that this school should be in use once more. Not only would this benefit the most of Westview community but particularly the younger children who would otherwise have to walk through slush and rain during the winter months to Borden Street School.

Up to the present Westview residents owning cars have helped to the best of their ability taking children to and from school but they cannot always be expected to cope with the increasing population.

Considering that most Westview residents are taxpayers I think they should have a say in this matter.

I would urgently request that all interested do their utmost to bring about the re-opening of this school.

TAXPAYER,
Westview.

CALLS IT A BOGEY

Editor, Daily News:
Your editorial of June 29 quotes the Financial News of Vancouver as attributing the recent eviction of unemployed and the consequent disturbances as a victory for the Communist Party of Canada. I am surprised that you think it worth while to set up this bogey in your paper. Communism has been the goat for every disturbance for years past and Gerry McGeer, when Mayor of Vancouver, appeared to get the wind up about it so much that he declared Vancouver was honey-combed with Communists who also, it was implied, were only waiting for a chance to break out in open revo-

lution. When the city elections took place it was found that there were almost no Communists whatever in that city. It does not need a revolutionist, Communist or otherwise, to condemn the silly handling of the unemployed who, we should remember, are Canadians and entitled to decent consideration in the circumstances in which they find themselves.

Probably the principal result of these events will be the growth of the C.C.F. party whose members have acted well and the decrease of numbers in the other parties who have repeatedly shown they have no solution for this vexing problem.

Regatta Prizes in August to Total \$750—Good Run of Cohoes Starts—Pachena Takes Baseball Party

The tentative schedule of attractions which has been drawn up for the regatta to be held towards the end of August in Prince Rupert by the Junior Chamber of Commerce, in co-operation with other bodies, will provide for competitions by both commercial and pleasure boats. It is planned to give prizes aggregating \$750 which should assure a good list of entries and make competition keen. On being interviewed by a committee consisting of A. W. Newman, chairman of the regatta committee, Capt. W. P. Armour, T. A. McWaters and C. V. Eviitt, City Commissioner W. J. Alder granted the request that a civic holiday be declared.

A good run of cohoes has started on the Zayas Island trolling grounds, according to word brought into the city today.

Dr. and Mrs. William S. Kergin of Premier returned to port Friday night after a ten day cruise down the coast into Gardiner Canal and Douglas Channel waters with Dr. W. T. Kergin's power cruiser Full Moon. The weather was auspicious and Dr. and Mrs. Kergin and their party enjoyed the trip greatly. They left by the Catala last night on their return to Premier.

Taking north the Prince Rupert baseball party for a series of games to be played in the First City on Sunday and today. Armour Salvage Co.'s service boat Pachena, Capt. Paul Armour, left Saturday night at 9 o'clock for Ketchikan. Return home is scheduled for Tuesday night. The Prince Rupert team consists of Dido Gurvich, catcher and manager; Bill Lambie, Sonny Stiles, Johnny Comadina, Alex Mitchell, Benny Windle, George Howe, Alfred Simundsen, Jack Campbell and Herbie Morgan. Others making the trip include Jarvis McLeod, Johnny Comadina, Mrs. Alex Mitchell, Mrs. Dido Gurvich and Miss Nellie Gurvich.

During the month of June halibut landings at Seattle totalled 3,615,000 pounds as compared with 3,200,000 pounds in June 1937. A total of 169 trips were landed at the Puget Sound port this June as against 142 trips in the same month last year. The total value of halibut landed in Seattle this June was placed at \$258,000. The average price for the month was approximately 7 1/2c as compared with 8 1/2c in June 1937. On the last day of June this year, five boats landed

catches totalling 91,000 pounds at Seattle as follows: Alten, 40,000 pounds; National, 18,000 pounds; Irene J., 2,000, San Juan, 7c and 6c (sable fish, 14,000 pounds, 4c); Swift II., 15,500, Whiz, 7 1/2c and 6c; Roosevelt, 15,000, San Juan, 7c and 6c. The price for mixed cod was 2c per pound. Last week halibut landings in Seattle totalled 637,000 pounds, San Juan and Whiz being the principal buyers with 165,000 and 150,000 pounds respectively. Seattle halibut sales Saturday totalled 89,000 pounds from four boats as follows: Lindy, 40,000, Whiz, 7 1/2c and 7 3/4c; Freya, 18,000, San Juan, 8 1/2c and 7c; F. C. Hergert, 13,000, Ripley, 7 3/4c and 7c; Hoover, 18,000, Whiz, 7 3/4c and 7c. Mixed cod was selling at 4c per pound in Seattle Saturday.

Union steamer Catala, Capt. James Findlay, arrived in port at 8:55 last evening from the south with a good-sized list of passengers and sailed a couple of hours later for Stewart, Anyox and other northern points whence she will return here tomorrow southbound.

Making her first voyage of the season on the Alaska summer tourist service, C.P.R. steamer Princess Alice, Capt. William Thompson, arrived in port at 9 o'clock this morning from Vancouver and sailed at 11 o'clock for Skagway whence she will return here Saturday afternoon southbound. The vessel had a capacity list of passengers, mostly round trippers. The list totalled 193 persons, one disembarking here and eight going north from this port.

On her third Alaska cruise of the season, C.N.R. steamer Prince Robert, Capt. H. E. Nedden, arrived in port at 7:30 this morning from Vancouver and sailed at 1 o'clock this afternoon for Skagway, Sitka and other northern points of interest whence she will return here next Sunday southbound. The Robert had in all 334 passengers on board, viewed by a committee consisting of thousands of the 100,000 Kamloops trout eggs which were brought here ten days ago have already hatched in the improvised hatchery which has been established in the loft of the Government Wharf here. It looks like the first hatchery experiment here is to be a complete success. In about a month's time when the fry have reached fuller maturity they will be released in Prudhomme Lake as part of the Prince Rupert Rod and Gun Club's restocking program.

The Alaska freighter Chatham, Capt. Olof Hansen, was in port early this morning with two carloads of fresh fish for transshipment East over Canadian National Railways. After discharging, the vessel sailed in continuation of her voyage to Seattle.

Northland Transportation Co.'s

liner North Sea, Capt. A. W. Nickerson, was in port early Sunday morning southbound from Ketchikan to Seattle. The vessel unloaded here a carload of mild cured salmon in tierces for transshipment East over Canadian National Railways.

Frank Waterhouse freighter Northholm was in port Sunday morning southbound from Ketchikan and Juneau. The vessel picked up ore cargo at the sampling plant here which she will deliver to Tacoma smelter.

An interesting marine incident of pleasant international character took place last evening on the local waterfront. As the Prince Rupert Boys' Band was passing the United States destroyer Hopkins in a gasboat on the way home from the Canadian Legion picnic at Digby Island, Bandmaster Robert Greenfield had the boys strike up "The Star Spangled Banner." The courtesy was responded to aboard the visiting naval craft by the personnel lining up smartly at attention and saluting Old Glory being dipped at the same time. The Hopkins is all decked out with flags today in observance of American Independence Day. The ship will sail tomorrow morning after a three-day visit here in continuation of her voyage back to San Diego after a cadet training cruise to Alaska.

LOCAL NEWS

Mrs. Smith of Vancouver, who has been paying a visit at Stewart with her sister, Mrs. H. V. Litter, was a passenger aboard the Prince George Saturday evening returning south.

Robert Pelletier and Miss Eva Pelletier sailed Friday afternoon on the Prince George for Premier where they will spend the summer vacation with their parents. They have been attending school here.

Mr. and Mrs. William Gordon, Tanner of Vancouver were among round trip passengers going north to Alaska aboard the Princess Alice this morning. Mr. Tanner is a member of the editorial staff of the Vancouver Sun.

COMEDY AND FIGHT FILM

"Cocoanut Grove" Feature Picture At Capitol Theatre—Ross Armstrong Bout

A comedy, studded with tuneful popular music, "Cocoanut Grove" comes as the feature offering to the screen of the Capitol Theatre here at the first of this week. Each of the songs is sung or played in this picture as a "story point," fitting in at an appointed spot and making definite contribution to the plot.

The story of "Cocoanut Grove" deals with Fred MacMurray's struggle to get his rebellious band, which has not worked steadily for a couple of years, out for an audition at the Cocoanut Grove. Enroute by trailer to California the hungry band has all kinds of trials and tribulations including the annexation of Rufe Davis, a hill-billy auto mechanic who has also musical ambitions. The smash musical climax of the picture is the opening night at the Grove after MacMurray makes the grade.

As an added attraction of particular interest to the sport fans will be presented on this bill the pictures of the recent Barney Ross—Henry Armstrong fight when, in fifteen gruelling rounds, Armstrong took the welterweight title from Ross at New York.

Vaughan Davies Is Honored By Church

Presentation Made to Organist Who Is Leaving City Soon

Last evening after the regular church service, the congregation of First Baptist Church held a social gathering to honor W. V. Vaughan Davies who will soon be leaving Prince Rupert. Mr. Davies has been faithful as organist in the church for over twenty years, and his going will be regretted by all.

Miss Kay Watson, on behalf of the Baptist young people, and Harry Daggett, on behalf of the church members, expressed how Mr. Davies had aided the church by his co-operation and faithfulness. Rev. W. H. Pierce told how Mr. Davies has been held in the highest esteem by all friends and associates.

P. H. Linzey made the presentation to the guest of honor of a handsome desk pen to which Mr. Davies suitably replied.

Refreshments were served by the Ladies' Aid under the convenorship of Mrs. Norman Fraser and the evening came to a close with the singing of "Till We Meet again."

Ernest H. Wilson, well known retired Victoria business man, and Mrs. Wilson were here aboard the Princess Alice this morning going through to make the round trip to Alaska.
