PRICE FIVE CENTS

CIGARETTE CAUSES DISASTROUS FIRE AT WINNIPEG

TWO GRADING ACCOUNTS ARE PASSED FOR FINAL PAYMENT

ON RECOMMENDATION OF THE CITY ENGINEER TOM MAZLUM AND NICK GURVICH WILL GET SUM IN SETTLEMENT OF CLAIMS.

Nick Gurvich and Tom Mazlum are to be paid the amounts of their accounts for street grading on the recommendation of the City Engineer and the Board of Works. The matter came up at Council last night. The amounts are \$3,302.18 for Gurvich and \$1,700.22 for Tom Mazlum. Nick Gurvich wrote to the Council to the effect that he would accept the sum named in full for his account, and after consideration and report by the City Engineer and Public Works department the Council last night passed the accounts.

OUR TIMBER WEALTH

The Province Received Nearly Quarter Million Last Month.

(Canadian Press Despatch.)
Victoria, Jan. 5.—The provincial timber revenue for December is considerably over \$225,000. This sum, which includes license fees as well as stumpage dues, is well in excess of the usual monthly revenue.

Alderman Newton will hold his third mayoralty campaign meeting in the Empress Theatre on Monday night. Moving pictures and music. Be present and hear local issues discussed.

SURFACE WATER PROBLEM

City Is Not Liable for Cost of Special Drains Says Mr. Peters.

Surface water must follow its natural course of drainage as a general rule in the present state of the city, and the city is not liable for the cost of construction of special drainage to draw surface water off lots by different channels from the culverts constructed in line of the natural drainage. This is in brief the opinion of the City Solicitor on this point, which was dealt with presented at last night's Council meeting.

Alderman Newton will hold his third mayoralty campaign meeting in the Empress Theatre on Monday night. Moving pictures and music. Be present and hear local issues discussed.

Died of Drink.

A man named Macdonald died at Kitselas over the New Year season from the effects of taking too much liquor. He was a laboring man of reckless habits, who went a step too far for his strength.

WAS FINED FOR A MEAN OFFENSE

Man Fined \$100 for Supplying Liquor to an Indian Girl Under Fourteen Years Old at Kitsumkalum.

A Frenchman named Alex. Deschonges was fined \$100 and costs at Kitsumkalum the other day for having supplied Annie Bennett, an Indian girl scarcely fourteen years of age, with liquor. Accused was apprehended by Sergeant Phillipson, who had evidence to secure conviction.

MONASTERY BURNED.

Fifty-three Monks of Trappist Order Homeless Near Winnipeg.

(Canadian Press Despatch.)
Winnipeg, Jan. 5.—The Trappist monastery at St. Norbert, nine miles from here to the south, was burned last night. Fifty-three monks are homeless and must depend on the local farmers for sustenance during the winter.

TYPES OF CHINA'S NEW ARMY.

Are Fighting for the Eaby Emperor.
The soldier in the modern Chinese army is a well equipped and smartly uniformed man and can render a good account of himself in battle. The picture, snapped in the railway station at Pekin, shows some of the regulars going to the front to meet the rebels. In many cases, however, the men have themselves gone over to the rebel ranks.

ANOTHER QUAKE

Southern California Experiences Three Shocks During Night.

(Canadian Press Despatch.)
San Francisco, Jan. 5.—The southern part of the state of California experienced three distinct earthquake shocks during last night. Only slight damage was done, however.

RAILWAYS GIVE FARMERS RELIEF

C.P.R. and C.N.R. Grant a Through Rate to Duluth to Help Out the Grain Congestion at Elevators.

(Special to Daily News.)
Regina, Sask., Jan. 5.—The C.P.R. and C.N.R. have agreed to grant a through rate on grain to Duluth of 18 cents a bushel, the same as to Port Arthur. This will give the farmers relief to get their grain out, they being badly in need of money at present.

THE WEATHER.

Twenty-four hours ending 5 a. m., January 5: Bar., 30.259; max. temp., 34.0; min. temp., 31.0.

Alderman Newton will hold his third mayoralty campaign meeting in Empress Theatre on Monday night. Moving pictures and music. Be present and hear local issues discussed. 3t

HIS TURKEY WAS REAL GOLD MINE

Manitoba Rancher Found Gold Nuggets in the Crop When He Killed It—Will Hunt for Gold on His Farm.

(Special to Daily News.)
Minitosa, Man., Jan. 5.—Job Elliott, a rancher living close to Duck Mountain, brought to town today several gold nuggets that he found in the crop of a turkey he killed for his New Year's dinner. A large portion of his farm is black sand. It is the opinion of many of his friends that the soil contains gold.

Two of the largest nuggets weighed a quarter of an ounce each.

PASSENGERS SOUTH

INCORRIGIBLE INDIAN LAD

Jim Auriol in Prison Again for Theft—Had Furnished His Shack with Stolen Goods—Mostly of Small Value.

Jim Auriol, an Indian lad of sixteen, was sentenced to thirty days' imprisonment today for stealing blankets and a quilt from George Broderius. He has been found guilty of a previous theft of money from the Kaien Island Club. Auriol is apparently an incorrigible and takes his punishment placidly. He has been in gaol before over having liquor in his possession, and is quite at home in the Vickers-Bailey hotel. Jim had been building a nest for himself in a little shack uptown and had furnished the place, as Chief Vickers states, almost entirely with stolen property, the blankets, etc., being the only articles traced home to their owner.

JOE BAYLEY BEAT LAUDER INSIDE OF THREE ROUNDS

VICTORIA LIGHTWEIGHT WHO APPEARED IN PRINCE RUPERT IS ON WAY TO BECOME LIGHTWEIGHT CHAMPION—FRIENDS ARE ARRANGING ANOTHER MATCH HERE.

(Canadian Press Despatch.)
Edmonton, Jan. 4.—Joe Bayley last night defeated Lauder in the third round. He is thus entitled to the lightweight championship of Western Canada. Lauder has asked for a return match.

Owing to the fact that there is now a lightweight championship belt for Canada, donated by that sporting celebrity, Tom Flanagan, the Toronto hotel keeper, who managed Jack Johnson at Reno, it is likely the winner of the Bayley-Lauder bout, Joe Bayley, will be sent east to meet the present holder, Billy Allen.

Telegrams received in Prince

Rupert this morning state that Lauder has asked for a return bout to be pulled off in Prince Rupert, but there is little likelihood of this being granted.

In order to clinch the lightweight championship of Canada Bayley has now to meet Allen of Ottawa at the 133-pound weight. There is a good deal of talk of arranging a match here in Prince Rupert for Bayley as soon as the municipal election excitement is over. It is likely that Mickey O'Brien of Seattle will be his opponent. Bayley made many admirers here on his last visit and the local fight fans are very anxious to see him in action again.

HE OUTLINED HIS PROGRAMME

Ald. Newton Spoke for Nearly Two Hours to a Big Meeting in the Skating Rink Last Night

WILL CONTINUE SPEECH ON MONDAY

Mayoral Candidate Will by That Time Have a Complete Aldermanic Ticket to Offer the Electors—Messrs. Bullock-Webster, Lannic and Maitland Spoke in Support of Ald. Newton

Alderman Newton's second mayoralty campaign meeting, held last night in the Auditorium, was well attended. On the platform were three candidates for aldermanic honors, viz: L. Bullock-Webster, F. Lannic and Tom Maitland. Alderman Newton said that until Saturday he feared he could not present any other aldermanic candidates definitely pledged to stand, though he had a number of prospectives in view and promised a complete ticket.

In opening the meeting the chairman, A. Gamp, read a somewhat lengthy address setting forth the reasons for the existence of the Property Holders' Association. He spoke of the need for a council "consisting of honest medium men"—a council which would be guided by the people in everything. Mr. Gamp said "one young man" amongst the property holders' ticket had refused offers of support to switch his opinions and support. "That young man," he said, "is Bullock-Webster." (Applause.)

Alderman Newton's Address.

Alderman Newton was loudly applauded on rising to speak. The burden of his address was first and foremost his willingness, above all things, to be guided by the people's will as expressed in the opinion of the majority. He went on to refer to the idea of commission government. He agreed that this system was coming in on the continent, but mistrusted it while half approving it. He believed that there was a danger of power becoming merged in the hands of two or three men under that system. If these men were the wrong sort then things would go from bad to worse.

Tried to Get Water.

With the intention of dealing with the water supply question Alderman Newton mentioned that he had tried to get "some sort of half measure water supply system," at least, installed beyond Hays Creek. He had failed, he said. The water was only laid as far as Ambrose avenue.

Denied He Switched.

From this the speaker turned to the Ward bylaw, denying that he had ever switched his views against the ward system or wobbled on this bylaw or on any other point, in spite of what had been stated in the press.

Why He Had Switched.

Explaining his stand on the Hays Creek sewer system, the candidate stated that at the eleventh hour he had switched around against the Sewer bylaw because he had supposed that a sewer extending from a certain manhole to another manhole meant that it had a proper tide-water outlet. "I may have been dull," he said, "but if so I plead guilty to the charge. It never occurred to me that our highly paid City Engineer would recommend any other kind of sewer."

His Financial Policy.

Touching on the financial situation of the city, Alderman Newton declared that he could promise nothing for the outlying sections, for there would be no money to spare and the city's credit, pledged for the repayment of a debt of about a million and a half dollars, was strained to its limit.

"But," he said, "I will spend every dollar that can be spent when the credit of the city will allow on the outlying sections." (Cheers.)

Reviewed the Platform.

Alderman Newton spent con-

siderable time in going over the details of his platform.

Strong for the 45-cent wage rate, he laid emphasis on his plea for the employment of citizen workers until the advent of the railway.

"Replying to the attacks which had classed him as a "scrapper" who would not reflect credit on the city as mayor, Alderman Newton said he certainly was a fighter for principle every time and would remain so to the end of the chapter. (Applause.)

Will Continue Exposition.

Time did not permit of his completing his explanation of his platform, several planks being left to be dealt with at subsequent meetings. Alderman Newton broke off his address uncompleted at 10 o'clock, leaving the field for the three aldermanic candidates, who contented themselves with the brief announcement of their candidature.

Mr. Newton's Supporters.

Mr. F. M. Lannic went into his personal history at some little length to explain an accusation that he had been a money lender in the Old Country. He saw no harm in that any more than if he had been a banker, and he challenged anyone to say that he had ever been other than a good citizen.

Tom Maitland announced himself solid for the 45-cent rate, and L. Bullock-Webster took care to point out that he differed from Alderman Newton on certain minor points in his platform, notably the Asiatic labor plank, as some Asiatics are British subjects. The meeting broke up with cheers for Alderman Newton and his ticket, called for by Mr. Gamp.

OLE JOHNSON SHOT HIMSELF

Slew His Head Off in the Bush Near Kitselas with a Double Barrelled Shot Gun Two Days Ago.

News has just reached the city that a couple of days ago a Swede named Ole Johnson committed suicide by blowing his head off with a shot gun in the bush near Kitselas. Ole Johnson was well known by many workers in Rupert and vicinity. He was a peculiar man, and little surprise is expressed at his end. Before shooting himself Johnson went the round of his friends in a manner which in the light of the later event was evidently intended to be his last farewell visit. An inquest is being held at Kitselas. Dr. Trainor, who is staying at the Premier Hotel, has the medical evidence in charge, and Provincial Chief Vickers has been notified of the occurrence.

Alderman Newton will hold his third mayoralty campaign meeting in Empress Theatre on Monday night. Moving pictures and music. Be present and hear local issues discussed. 3t

SERGEANT "PAT" BACK

He Helped the Indians Herald the New Year at Gitwanger.

Sergeant "Pat" Phillipson returned last night from Kitsumkalum and the upriver district. He reports fine, hard weather conditions there and great good times at New Year amongst the Indians of Gitwanger. They raised a perfect hurricane of rejoicing, with war dances and all kinds of celebrations on the first of the year.

DEMANDS INQUIRY

Tardy Arrival of Fire Brigade Alleged by J. E. Unwin.

J. E. Unwin has demanded an inquiry into the cause of the delay he alleges took place on the part of the fire brigade when his house on Summit avenue burned. In a letter to the Council he claims that had the fire brigade been on the job when the alarm was first rung in much of his property might have been saved. The matter is referred to the Fire Committee, and an inquiry will be held.

ITALIAN SOLDIERS AT WORK

The telephone has long been a factor in modern fighting on the field, to enable a general to direct his troops over wide areas. The picture above, one of a series specially snapped for a syndicate of papers in which the News holds a franchise, shows the Italian engineers at work installing telephones on the outer forts of the city. At that time the inner forts were held by the Turks.

DAILY EDITION.

FRIDAY, JAN. 5

A HINT TO BOTH CANDIDATES.

In presenting their platforms to the public both mayoral candidates would do well to remember an uncomplaining class of the community who for nearly a year have been patiently waiting, suffering that condition of hope deferred which, the Scriptures state, maketh the heart sick. The uncomplaining but sick at heart ones are the users of power, who are longing to exchange the uncertainties and annoyances which go with gasoline engines for the more satisfactory kind that flows from an electric power plant.

Electric power was hoped for—promised, in fact—at the time the present light plant was under construction, and not until the tests were made was it discovered that the plant could not produce current enough to enable the city to sell power. In the meantime, those manufacturers who were planning to use electric power have had to do the best they could without it until the additional machinery could be installed to permit the plant to generate a day load of electric power.

At present there are three or four planing mills, five printing offices and several buildings fitted for elevators which are in the market for electric power. The city itself has had its own troubles with the gasoline engine that drives the rock crushing plant. The Public Works department will have even greater need for electric power.

Additional engine power is reported to be in course of erection at the electric plant, but so far no transformers have been ordered to transform the steam power into electric energy. The purchase of the transformers is likely to delay the operation of the new unit. Both mayoral candidates might with advantage to themselves give some definite pronouncement to the effect that among their first acts, if elected, they will see that the necessary equipment is ordered to enable the civic plant to enter the profitable and important business of selling electric power to the manufacturers in the city.

THREE DAY CURE FOR DRINK HABIT

Appeals to the Business and Professional Man, the Banker, and Man in all the Higher Walks of Life

BECAUSE OF THE TIME IT SAVES THEM

When a man's time is worth a great deal more to him than the cost of a drink habit cure he is not going to drag along for twenty-eight to forty-two days taking a treatment when he can get a cure in three days, without hypodermic injections, and be surrounded with every comfort of home.

A PERFECT CURE.

The Neal internal treatment cures the periodical, occasional or moderate drinker and the nervous man who has to drink to keep from becoming nervous. It takes away all inclination to drink, all desire and craving to drink, by neutralizing the poison of alcohol in the system—and ridding the blood of the poison by a rapid system of elimination, leaving the drinker in the condition that he was before tasting liquor, so far as the effect of alcohol may be concerned—all appetite for drink gone—and he a new man.

The treatment consists of the internal administration of a harmless remedy, tonic in its action, that removes the craving for liquor in a very few hours.

DRUG HABIT CURED.

At the Vancouver institute we also treat drug addicts with uniform success. Call, write or phone for booklet, giving full information.

312 FEET

Is the distance at which Mr. Beddall of Pennsylvania shot a crow with his 16-bore Greener gun. He considered his feat of such importance that only was the distance measured by a civil engineer but his statement was sworn to before a justice of the peace. Of course such a shot is only possible with a GREENER GUN. No other gun in the world shoots so far and close as the GREENER GUN. This has been proved over and over again from the time of the Great London "Field" gun Trials of 1875, when the Greener gun beat 102 guns by the world's best makers and won the Field Cup for choke boxes. There are many other features about the Greener gun, fully described in our latest catalog. Let us send you a free copy.

THE COSY CORNER

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will find a social need.

NEW YEAR SUPERSTITIONS

It is Lucky If You Saw a Man from Your Window First Thing New Year's Morning.

Many are the old superstitions peculiar to the New Year, and some are practiced even in this matter-of-fact twentieth century in country places far from the hoot of the motor horn or the whistle of the approaching train.

The most curious superstition is, perhaps, that relating to the future husband of any girl who is anxious to know her fate and cares to "put it to the touch." She must eat a hard boiled egg the yolk of which has been replaced with salt, and then go to bed without quenching the inevitable thirst she will suffer from. She will dream of someone who will bring her a glass of water, and the someone will be her future husband.

RAG EAG FROCKS

They Are Being Made from "a Little of Everything" This Year.

You simply cannot be out of style. It does not make any difference what you wear you are fashionably dressed.

Every sort of fabric is correct this year. It is a great chance for made-over clothes, because all the odds and ends can be put together. Chiffon, silk, velvet, ribbon, fringe, braid, buttons, lace, embroidery, indeed the more things one uses in the construction of a frock the handsomer it is.

A very handsome gown is made with the under petticoat of apricot pink. This is long, having a train about three inches. The tunic is wrapped about, lapping at the left side. The tunic proper is edged with black velvet, the fold patterned macramé lapping the velvet and narrow bits of the lace being used on the over gown.

In the bodice the lace is used next to the silk and partially veiled with the black chiffon. A black belt edged with the pink silk is at the waist and the same trimming is used on the sleeves.

Soft smoke colored gray is becoming if you are a blonde. An exquisite dress in this color was recently made. It was intended for simple dinners. The foundation was gray taffeta silk, with the over skirt being of chiffon in the same tone. This was heavily embroidered in the exact shade of the chiffon. The yoke of the blouse was of point de sprite and a plastron of the embroidery outlined the yoke. The edge of the tunic was trimmed with gray satin and the same fabric was used as a belt.

Two Tea Table Treats.

A Delicious Hot Cake—Mix one pound of flour, one ounce of castor sugar and a pinch of salt in a basin. Rub three ounces of butter into it. Beat up one egg in half a pint of milk and mix ingredients into a light dough. Roll out half an inch thick. Cut into rounds three inches in diameter, brush over with egg and

Wheaten Scones

Six ounces of wheaten meal, two ounces of flour, a small piece of butter, a teaspoonful of cream of tartar, half a teaspoonful of baking soda, half a teaspoonful of salt, a teaspoonful of sugar and a little milk. Method: Rub the butter into the dry ingredients, mix to a stiff dough with the milk. Cut into rounds, brush over with egg or milk and bake in a quick oven for ten minutes.

YAKOUN RIVER COAL

Steady Progress Made by Development Gangs on Graham Island.

Mr. Wright and party have reached twelve miles above the mouth of the Yakoun River with their plant for the development of the coal measures and are working steadily to accomplish the installation of the machinery. Mr. Wilson's party is also making headway and will be at their roads are along the surveyed mine in a short time. The two lines of railways, running from the mines to Queenstown, where the coal will be shipped.

Island Cold Storage.

A party of workmen will arrive shortly to construct a cold storage building at the entrance to Naden harbor, adjacent to the Indian village. The locality is ideal and a stream runs to Naden harbor from the interior of the island.

XMAS AT MASSETT

Season of Peace and Good Will Enjoyed to the Full.

(Special Correspondence.)

The residents of Massett Reserve held their Christmas festivities on Sunday and Monday, and were commended on all sides for their decoration of the Anglican Church and the manner in which the choir, under the able leadership of Alfred Adams, rendered the anthems and musical portion of the service. After an impressive service, conducted by the Rev. W. Hogan, the choir, numbering twenty-one voices, visited the homes of the residents of the reserve and sang their Christmas carols. They were entertained by the families visited and all of the 350 inhabitants of the reserve spent a very merry Christmas. The Sunday school children were given presents by Mrs. Hogan, and all will look back with feelings of gladness to the season which has just closed.

MONEY BYLAWS IN THE COUNCIL

Section One Grading Debentures Amounting to \$600,000 and the Issuance of Inscribed Stock.

Two important bylaws came before the City Council last night. One was to authorize the issuance of debentures for Section 1 street grading to the amount of \$600,000. This was introduced, passed its successive stages and will come up for reconsideration tonight. The other bylaw was to authorize the issuance of inscribed stock as provided by the 1911 statutes. This also passed first, second and third readings and comes up for reconsideration tonight.

City Is Healthy.
Prince Rupert is in a good state of health at present, with a birth rate of 19.2 per thousand and a death rate of only 4.8 per thousand. There were eight birth last month and two deaths, one of which was due to accident. This is the report of the Medical Health Officer at Council last night.

Servians Petition.
A petition from the Servian Society of Prince Rupert seeking special space in the new cemetery was presented at Council Thursday night and referred to the next Council.

City Printing
Two Contracts Were Awarded Thursday Night.

Bids for city printing were received at Council Thursday night. The bids are for the Water bylaw and for new work forms. The work goes to the Empire for the forms for \$30 and the Journal for the bylaw for \$57.50.
