APPEALS TO LONDON

Evidently this matter of appealing to the Privy Council from decisions of the Supreme Court of Canada is not! to be made a party question. The motion to abolish appeals to London is introduced by one of the Conservative leaders and backed by one of the Liberal leaders. The Social Credit group oppose it because they disagree with the recent judgment of the Supreme Court of Canada and are hoping that the committee of the law lords of the Privy Council will reverse that decision.

The appeals to the Privy Council seem to be scarcely in accord with the general trend of Canadian affairs. Canadian judges should be as well able to interpret the Canadian constitution as British judges. It is certain they are in a better position to understand Canada and her problems than are the privy councillors in London. Ontario legislature having killed It is time Canada cut loose in this matter. It costs a lot of Toronto's bills seeking to regulate have no property whatever money to take cases to the Privy Council and we have the coal trade and license private only eight percent of the people seen no particular case in the past quarter of a century schools, Mayor Ralph Day criticized in which any benefit has been derived from the practice. Toronto members of the House for

IS THERE A BREAK?

It begins to look as if there was a coolness developing between Premier Mussolini and Adolph Hitler. The British government is said to be making progress in formulating a treaty with Italy which will pave the way to a better understanding while Germany is finding that her alliance with Japan is not adding much to her prestige. Premier Chamberlain seems confident that he has avertted war for the present and, in the meantime, he is keeping the factories busy making war material so that, if the country should be called upon to fight, she may not be taken at a disadvantage.

WHY NOT A DUEL

It seems rather a pity that the Liberal party could not stand aside in the contest in Dewdney and let the Conservatives and the C.C.F. fight it out among themselves for the leadership of the Opposition. The Liberals have little to gain by contesting the seat. If they win they still will be no stronger than they are today. If they lose, their prestige is injured. To withdraw the Liberal candidate would show a sporting spirit which would be apreciated by many people of all shades of political faith.

The difficulty in this case may be that, since D. W. Strachan has been nominated by the Liberals, it is up to him whether he will withdraw. Also the wishes of his supporters have to be considered. The probability is that there will be a three-cornered fight and no candidate will obtain a majority of the votes.

Card of Thanks

Eric Hellman wishes to express incere thanks and appreciation to all friends for their many kindnesses and beautiful floral tributes during his recent sad bereavement lature, 38. He especially thanks the nurses of the Prince Rupert General Hospital for their kind care during Mrs. Hellman's illness.

WAKE UP YOUR LIVER BILE-

And You'll Jump Out of Bed in the

Morning Rarin' to Go The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk. A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

From the Waterfront

On the return to Vancouver alter a routine service flight up the coast, one of two Royal Canadian Air Force flying boats, which had arrived here last Thursday, hopped off Saturday afternoon in command of Squadron Leader E. L MacLeod. The second, in charge of Flight Lieutenant Pretty, developed trouble after leaving here and returned. It is still moored at Seal Cove awaiting repairs before leaving for Vancouver.

Union steamer Catala, Capt. James Findlay, arrived in port at 8:45 o'clock last evening from the south and sailed a couple of hours later for Port Simpson, Stewart, Anyox and other northern points. Hacreasing freights for canneries and other points along the coast are commencing to slow up the Union' steamers on their northbound runs.

With a cargo of fresh halibut for transshipment to the Eastern States over Canadian National Railways, motorship Beloit arrived in port this morning from Ketchikan. It is the second shipment of fresh halibut the Beloit has brought in so far this season. She expects to be back again with another shipment in time for tomorrow evening's extra train east.

C. F. Griffin, accountant, and other members of the white staff; of Arrandale cannery were passengers aboard the Catala last evening going north from Vancouver to the Naas River packing plant for the season.
