Constipated? You Should Get at the Cause!

Lots of people think they can't be "regular" without frequent trips to the medicine chest. "I just dose up and get it over," they tell don't "get it over" at all-until they get at the cause of the trouble! Chances are it's simple to find the cause if you eat only what most people do - meat, bread, potatoes. It's likely you don't get enough "bulk." And "bulk" doesn't mean a lot of food. It's a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement. If that fits you, your ticket is a crunchy breakfast cereal - Kel-

logg's All-Bran. It contains the "bulk" you need plus the great intestinal tonic, vitamin B. Eat All-Bran every day, drink plenty of water, and just watch the old world grow brighter! Made by Kellogg in London, Ont.

MEN WHO FEEL OLD

Get Back New Youth, Energy, Vitality

Too many men to-day feel tired out all the time-can't work, hate to get up mornings, haven't the vitality to do the things they used to do. A weak unhealthy liver caused by modern living, soft foods, lack of exercise, is the chief reason. Your liver is the storehouse for glucose or the "energy part" of the food you eat -it supplies energy to muscles, tissues and glands. If it is not strong and active no wonder you feel old! Take "Fruit-a-tives", it will build up your liver like nothing else will. You'll be surprised how young you soon feel. 25c., 50c., all Druggists.
