## GOOD YEAR FOR SHIPS TO INDIES

Canadian National Vice-President Appeals For Better Support

MONTREAL, Jan. 26.—The Canadian National (West Indies) Steamships has just closed the best year since it commenced operations and the net earnings will show an improvement over 1936, stated R. C. Vaughan, Vice-President in charge of the West Indies services of the company in a review of steamship traffic issued here today. "This improvement was in spite of the fact that operating expenses are rapidly increasing, particularly on account of increased bunker fuel prices advanced stevedoring charges, etc. Passenger bookings for this coming winter are ahead of last year and at certain seasons of the year it is sometimes difficult to find accommodation for the business offering," stated Mr. Vaughan. "We have eleven boats in the various West Indies services including the popular 'Lady' liners." Freight business in 1937 also showed some improvement over the previous year. "We feel that Jamaica, and other West Indian islands, should buy to a larger extent than they do now from Canada, especially in view of the very excellent and regular steamship service provided for them by the vessels of the Canadian National Steamships under the trade agreement between the various West Indian islands and Canada. "At one time the Dominion of Canada paid to private steamship interests who conducted indifferent services to the West Indian Islands with very old vessels, subsidies of approximately \$500,000 per annum. Those services were replaced by the regular liner service provided by the Canadian National Steamships with modern passenger and freight steamers. No subsidies have been paid by the Dominion of Canada since this service was inaugurated. The vessels of the Canadian National Steamships are faced with competition from lines who charter vessels flying foreign flags and manned by foreign crews. Canada gives a preferential duty on sugar shipped direct from the British West Indies to Canada, regardless of whether the sugar is carried in the vessels of the Canadian National Steamships or in foreign bottoms. "We believe that the very excellent service performed by the Canadian National Steamships provides the Canadian shipper with facilities which have not been taken full advantage of, and, in our opinion, there should be more Canadian goods sold in the West Indies. "The outlook for 1938 is most encouraging," concluded Mr. Vaughan.

### WAGES IN QUEBEC

It is no wonder that British Columbia cannot compete industrially with Quebec. According to latest revelations that province has a wage rate that compares with Central Europe. It is not much higher than the relief allowance in this province. In order to remedy the sweatshop conditions, the government has recently put into force a minimum wage scale which provides that for what is known as a "Class C" workman the pay must not be less than six and a quarter dollars for a 48-hour week. This will affect the wages of one hundred thousand persons who presumably have been getting less than that amount and will cost the employers of Quebec province something like twenty-six million dollars a year.

While a "Class A" workman in the better paid districts may not be paid less than twelve and a half dollars for a forty-eight-hour week, this affects only people living within the Montreal zone. Everywhere beyond that zone the minimum is less. No wonder the Premier of Quebec was fearful of any wage law which would affect the whole of Canada. Take the case of school teachers. Under the new Quebec law it is provided that they must be paid at least four hundred dollars a year if without free lodging or three hundred dollars a year when lodging is provided.

Granted that the cost of living is less in Quebec than in British Columbia, yet the difference is not so very great and workmen must find it very difficult to exist much less develop enough spirit to protest.

### NEW CANADIAN FLAG

It is understood that a bill will be introduced into Parliament at the coming session providing for the appointment of a committee to report on a design for a new Canadian flag. This bill is likely to become law and within a year or two we may be a country with a distinctive flag.

This is a matter that has been much too long delayed already. It is now beyond the point where argument is necessary. It is generally realized that a distinctive flag is desirable and it seems very likely that one will be adopted.

### CHARGE OF SQUANDERING

Dr. Frank Patterson, leader of the Conservative party in this province, spent most of the time he was speaking at a party meeting at Sidney recently in charging the Pattullo government with squandering the revenues of the province, failing to make ends meet and also failing to make provision for the future.

Dr. Patterson forgets that it was a Conservative government that ran the province into debt just as it was the McBride and Bowser Conservative governments that did the same on a previous occasion. Dr. Patterson forgets to mention that the present administration at Victoria is rehabilitating the province's sinking fund and is now very close to balancing its budget. The credit of the province is improving steadily.

## METLAKATLA BASKETBALL

Two Lively Games Played at Neighboring Village Saturday Night

METLAKATLA, Jan. 26:—The Young Men's Benevolent Association staged two games of basketball in the hall last Saturday for the entertainment of the villagers of which a good number turned out.

The opening game between the Maple Leafs and Panthers proved very exciting. The Maple Leafs, a junior team of the organization, proved their gallantry by leading their opponents during the first half with a score of 17 to 13 in their favor. In the second period, the Panthers put on the heat and held down their youthful opponents. The Leafs were the favorites of the fans who gave them every encouragement. However they failed to rally in the dying moments of the game and, at the final whistle the score stood 34 to 29 for the Panthers.

Dick Leighton was high scorer for the winners with 19 points, and Jimmy Haldane for the losers with 11 points.

Line-ups and scores:  
Maple Leafs—Eddy Leighton, 8; Jommy Haldane, 11; J. Louth, 10; W. St. Clair; F. Robinson, total 29.  
Panthers—W. Leighton, 2; Dick Leighton, 19; D. Campbell, 3; H. Leask, 8; Nelson, 2; G. Haldane, total 34.

### Second Game

The Panthers in the second game met the Tigers. From the outset it was quite evident that these two teams were evenly matched. First one team and then the other moved ahead by snaring one basket apiece. It was a ding-dong affair throughout the first half, at the end of which the score stood 13-15 for the Tigers.

During the second half, the Tigers tightened up their line by sending in their substitutes and gradually drew away from their tiring opponents. Referee H. Haldane held the tussel in check by calling out personals with monotonous regularity. At this period of the game, one Tiger guard and one Panther guard were out of the game with four personals apiece. Panthers were trying to make a rally by calling two times out and rearrange the position of their guards but

## Will Annex Stanley Cup. Says Lester

BOSTON, Jan. 26: (CP)—Lester Patrick, manager of the New York Rangers, who is not given to empty boasting, declared last night that the Rangers will win the Stanley Cup this winter. Principal opposition would come, he said, from Boston Bruins and Toronto Maple Leafs with the Canadiens and Montreal Maroons also having an outside chance.

The Rangers defeated Boston here in the only scheduled National Hockey League game last night by a score of 3 to 2 and the two teams are now tied for the leadership of the American division of the National Hockey League.

The standings are as follows:

### HOW TO WIN FRIENDS AND INFLUENCE PEOPLE

By DALE CARNEGIE  
Author of the famous book of this name

### GET THE OTHER PERSON SAYING YES

"When you wish to persuade some one to your way of thinking, begin by talking about things on which you both agree."

"If possible, get him saying 'Yes, yes', at the outset. Strive always to keep him from saying 'No'."

"There are sound psychological reasons for this. When a person says 'No', the whole neuro-muscular system sets itself on guard against acceptance."

"A negative, defensive attitude is induced. It becomes easy and natural to go on saying 'No'."

"A series of 'Yes' responses, on the other hand, causes a receptive and accepting state of mind."

"The more the other man says 'Yes', the better your chances become of getting him to say 'Yes' to your proposition."

"He has found himself agreeing with everything else you have said. You and he, it appears, look at things in much the same way."

"Consequently, he will hesitate before saying 'No'. He will not say it without very good reason. But a 'Yes' response comes easily, has no resistance to overcome."

## MEMORY OF BURNS IS OBSERVED

Splendid Banquet and Dance By Presbyterian Women's Auxiliary

Scots were out in full force last night in the Oddfellows' Hall at the annual banquet put on by the Women's Auxiliary of the First Presbyterian Church in commemoration of the 179th anniversary of the birth of Robert Burns, Scotland's immortal bard. The "Selkirk" grace was invoked by the Rev. J. S. Patterson, minister protem of the church, after which a capacity audience sat down to the festive board laden with the good and wholesome dishes of auld Scotland.

"The Haggis," carried aloft by Murdo McLeod, was piped in by Sam Leslie and the address to it was given by W. M. Brown in his own inimitable style. The toasts were in charge of the chairman, W. M. Blackstock, and his racy and witty remarks were much appreciated.

Speaking in response to "The Immortal Memory" Rev. J. S. Patterson treated the life of the poet from the human side. While commenting on the beauty of language in many of Burns' poems, it was more of the relationship of the poet with his fellow men that Mr. Patterson emphasized. His love, regard and respect for his parents, his condemnation of untruth and hypocrisy, his scorn of class distinction and his kindly feelings toward his fellows were the points brought out by the speaker.

The toast of "Bonnie Scotland" was responded to by J. J. Little who took his audience back to war days in a humorous description of a Burns Banquet he attended in 1917.

The response to "The Lassies" was given by Mrs. J. T. Mandy who, in humorous vein, gave the men some thoughtful remarks to carry home and ponder over.

## Fine Program

The vocal part of the program was in the hands of Mrs. E. J. Smith and was conducted by the choir with Mrs. Brocklesby and Mr. J. A. Teng as soloists and a quartette consisting of Mrs. H. N. Brocklesby, Mrs. J. L. Lee, J. A. Teng and A. J. Lancaster.

The "nicht" drove on wif sangs and clatter" and, with Scottish selections by the orchestra consisting of Messrs. John Bremner, J. L. Lee and James Watt, there ended one of the finest Burns' nights ever held in the city. Then on, with the dance and the lads an' lassies hooched to their hearts' content in the reels and country dances of auld Scotia until "Some wee short hour ayont the twa."

Those in charge of the banquet and dance were:

General convenor, Mrs. D. C. Stewart.

Banquet convenor  
 Banquet Committee—Mrs. J. M. Simpson (convenor), Mrs. Robert Cameron and Mrs. James Haddon.  
 Assistants—Mesdames J. Bremner, H. N. Brocklesby, H. Calderwood, J. A. Frew, A. Ivanson, and W. McLeod.

Serviteurs—Miss Nancy Bremner, Winnie Cameron, Tekla Fulton, Isabel McCrimmon, Dorcas McFinnis, Molly Owens, Anna Peterson, Sheila Stuart and Betty Woods.

## Man in the Moon

It is interesting in the light of modern developments to remember how excited some people became over the best policy to pursue at Cow Bay.

So far the bay has not developed into a beauty spot.

Who can say what the future may have in store for this place with the agricultural name.

It should be a good point for a civic dairy. There would be plenty of water near at hand.

How many local people know that this little muddy creek was once filled in by the railway company who were forced by the city to dig it out. Now the city would like to have it filled again. That's the way with Canadian people. They do not seem to know what they want. They may want something today and be glad to be rid of it tomorrow.

## CATHARTICS GOT YOU DOWN?

If you have common constipation, due to lack of bulk in the diet, harsh purgatives don't get at the cause of the trouble. Often they leave you weakened. It is better to eat a natural laxative food. Try regular breakfasts of Kellogg's All-Bran. It contains vitamin B—the intestinal tract's great tonic. And All-Bran provides "bulk." It absorbs moisture, softens like a sponge, and forms a mass that aids elimination. Eat this crunchy cereal every day, drink plenty of water and join the "regulars." Made by Kellogg in London, Ontario.

## Precipitation At Terrace Record

Heavy Snow Followed by Rain at Interior Town on Monday

TERRACE, Jan. 26:—Monday brought more freak weather, the day started with a snow blizzard and ten degrees of frost. By evening there was a foot depth of fresh snow. About 8 p.m. it turned to rain and the meteorological reporter at Terrace says that there was an equally heavy fall of rain during Monday night. Altogether he measured two and a quarter inches of "precipitation," half of which came in the form of snow. That is probably a record for a 24-hour measurement.

## Flock Propose To Indian Girl

Grandchild of Indian Chief Wishes She Had Kept Quiet About It

SALEM, Ore., Jan. 26: (CP) —Waste Agidiwih is sorry she ever mentioned she is the grand-daughter of Chief Sitting Bull, who led the Sioux Indian massacre of General George A. Custer and a party of United States cavalry in Montana in 1876.

A few days ago she confided in a fellow student at Willamette University who immediately wrote the story for the university newspaper.

"I even have received proposals of marriage from people I never have seen," she said. "I never knew people could be so crazy. Lots of people think I lived in a tepee and learned to speak English at college."

Waste, known to fellow students as Evelyn Walsh, is a senior studying social service work. Her home is on Fort Peck Reservation. She is the eldest daughter of the eldest son of Sitting Bull.

Sitting Bull was described by many historians as a renegade but to his grand-daughter he "was the greatest general of the North American continent."

## Harvey Davies Is Re-Elected

No Other Nomination for Vacancy on Smithers Board of Commissioners

SMITHERS, Jan. 26:—Harvey Davies was returned as commissioner for the village of Smithers by acclamation here Monday, there being no other nomination, thereby obviating the necessity of an election to fill the vacancy caused by the expiration of the two-year term of Mr. Davies. H. W. Windt, returning officer, officially declared Mr. Davies elected by acclamation.

Mr. Davies, who is the proprietor of the Bulkley Hotel at Smithers has been an efficient commissioner for the past two years, taking a great interest in matters pertaining to the welfare of the town and it was generally conceded that he would be elected even if he was opposed. The acclamation is an expression of appreciation of the services he has rendered already on the Board.

The other Commissioners for the ensuing year are L. H. Kenney and Charles Morris.

## OCEAN FALLS

The 1st Ocean Falls Boy Scouts and Rover Crew are busy preparing for a visit from W. Solway Commissioner for the Boy Scout in British Columbia, who is expected to arrive sometime during February.

All friends of Len Sturgess will be interested to learn that he now has fifteen minutes on the air every Sunday at 8 p.m., over CKWX, Vancouver. Len sings an all request program. Marlene Dietrich and Robert Donat in "Knight Without Armour" at Capitol Theatre—Capitolians Too

As the middle of the week feature on the screen of the Capitol Theatre here, Marlene Dietrich and Robert Donat are co-starred in a thrilling romantic adventure story "Knight Without Armour." Laid in Russia during the exciting time of the Revolution, the story provides the stars with fine acting opportunities. Donat plays the part of a young English journalist in pre-war St. Petersburg who is under arrest. He appeals to the British Secret Service which commissions him to investigate revolutionary activities. Trouble breaks out and the correspondent, now having taken Russian identity, is appointed by the Bolsheviks to guard the beautiful Princess Alexandra, played by Marlene Dietrich. The pair agree to escape together. Madly in love, they encounter many dangers. Suspense reaches a climax as they barely escape the firing squad and finally reach the haven of a foreign border. There are some magnificent settings such as the Winter Palace of the Czar. Miss Dietrich wears some gorgeous costumes.

Also on this mid-week program the Capitolians make their monthly appearance, featuring tunesome music of "The Student Prince."
