## Road Work To Be Resumed Father And Son Lose Their Lives When Boat Blows Up; Three Others Badly Burned

### Sum Of \$35,000 Over And Above Ordinary Vote Will be Spent

#### Announcement in Regard To Local Public Works is Made By Premier Pattullo—Confident of Success in Alaska Highway Project

Following his arrival from Victoria yesterday for a visit to his constituency, Premier T. D. Pattullo announced that there would be an appropriation of \$35,000 for road work this year in Prince Rupert riding over and above the usual appropriation. Details of the local road program for the year were discussed at a conference with the district engineer, J. C. Brady, this morning. New mechanical equipment will be introduced in the local highway construction this year in the interests of efficiency. The work will be started shortly.

It is expected to get as far as Hutchinson Lake on the local road this year giving visitors and local people a chance to drive direct to the lake.

Other ridings in the north will also receive additional appropriations.

Speaking of the Alaska Highway Mr. Pattullo was quite enthusiastic over the prospect of getting the project going. He said he had met with no difficulties so far that it had been impossible to overcome. He said that, while the first rough proposal had not gone through, all parties were becoming familiarized with the scheme and it was a matter now of working out the details of the plan and formulating a general agreement. As to the route, while he strongly favored the Hazelton route, it had been pointed out to him that the Hazelton route would cost more, the elevation would be higher, and it would be open for a shorter period each year. However, competent engineers would be set to work on both that route and the Rocky Mountain branch and much would depend upon their report.

Another matter that the Premier is interested in is the extension of the province northward, including the Yukon Territory. He saw no difficulty in regard to it and also he was anxious that the Mackenzie River basin should be taken into British Columbia.

Mr. Pattullo said his government was planning to drill for oil in the Peace and he was very hopeful that they would get results.

**Busy While Here**  
Looking fresh and fit, Premier Pattullo arrived on the Prince George yesterday morning to spend the week-end visiting his home constituency which comprises this city and the Queen Charlotte Islands. The Premier has had a number of delegations to receive while here and will be busy until he sails tonight by the Prince George on his return to Victoria. He is accompanied by his secretary, Ben Bethy.

Mr. Pattullo says he is enjoying his work. He says he likes the job just now because there are a number of big things to be undertaken and he feels confident that they will succeed. The Alaska highway alone would go a long way toward solving the unemployment problem in this province. He is looking a long way ahead. Among other undertakings he has ideas on how the highway connecting Prince Rupert with the interior should be tackled.

Another interesting opinion held by the Premier is that there will be

### HOLIDAY PASSED AT BORDEN ST. IS FINE

Dominion Day is Fittingly Celebrated With Parade, Flag Raising and Sports

#### Premier Speaks

Mr. Pattullo's Patriotic Address One of Features of Day

Superb weather, with bright sunshine and balmy breeze, favored Prince Rupert's observance of Dominion Day yesterday afternoon and, in spite of the Canadian National Recreation Association's excursion to Terrace having drawn nearly four hundred people out of town, there was a good crowd at the Acropolis Hill grounds to take part in and witness the sports program. Included in the crowd was Premier T. D. Pattullo who took keen interest in the sports.

Celebration commenced at noon with the parade, led by the Boys' Band and fire department, from downtown to the Acropolis Hill grounds followed by the Junior Football game won by Booth Memorial School one to nil after which the flag raising ceremony took place with Premier T. D. Pattullo and City Commissioner W. J. Alder as the featured speakers. Then came the field sports and the Senior football game for the Dominion Day Cup which Merchants won from Royal Canadian Naval Volunteer Reserve 2 to nil.

#### The Premier Speaks

At the flag raising ceremony, Premier T. D. Pattullo, the principal speaker, expressed pleasure at being in his old home town for the holiday and referred to the glorious weather. He declared that there had been no time in the history of the world when there was more need for unity within and between the nations. Unfortunately, there had never been a time when there seemed to be more disunity. It behooved the elder people of today to inculcate in the youth a spirit of love and loyalty of country and unswerving determination to uphold the institutions of law and welfare and combat those forces which would undermine them. With the privileges of free speech and liberty, the people of no nation in the world enjoyed more favorable conditions than did those of Canada. To say this, however, the Premier explained, did not imply that he failed to recognize that there were difficulties which all were endeavouring to surmount.

"Let us honor the flag and may God bless every one of you," concluded the Premier.

City Commissioner W. J. Alder felt that the young people of today should not be unmindful of the principles for which their fathers had stood. Canada, since Confederation, had made rapid progress and great advances. If there were wise use and development of the resources with which Nature had endowed the country, prosperity must come. Boys and girls would do well to follow in the footsteps of their fathers and carry on as they had done. They should learn to become "givers" as well as "takers."

J. S. Wilson acted as announcer and chairman at the flag raising ceremony. There were guards of honor from the local unit of the Royal Canadian Naval Volunteer Reserve, under Sub. Lieut. William Elkins, and the 102nd North British Columbia Battery, under Lieut. J. T. Harvey. For the singing of "O Canada" and "God Save the King" there was accompaniment by the Prince Rupert Boys' Band under Bandmaster Robert Greenfield.

### FATHER AND SON LOSE THEIR LIVES WHEN BOAT BLOWS UP; THREE OTHERS BADLY BURNED

#### ADVANCE IS CONTINUED

Japanese Capture Village of Matang on Yangtze River

#### Talking Peace

China Would Be Partitioned Into Three Areas Under New Plan

SHANGHAI, July 2: (CP)—The Japanese continued their advance up the Yangtze River with the capture of the village of Matang, defences of which collapsed before aerial bombardment and artillery fire.

Japanese bombers today started hammering Hukow, 25 miles up the Yangtze River from Matowchen, which is believed to be the next major objective in the drive on Hankow.

Chinese at Swatow said that more than four hundred, including many children, were killed Sunday when Japanese bombed that South China city.

Meantime a peace plan to end the conflict was reported under draft by Peiping officials and Japanese advisers. It would partition China into five autonomous states with Japan installed in three, Great Britain in Shanghai and the Yangtze River area and General Chiang Kai Shek would be recognized in the territory he now controls. Germany and France would also have spheres of influence.

### BULLETINS

#### U.S. DESTROYER HERE

In command of Lieut. Commander J. S. Cranshaw, the United States Navy destroyer Hopkins, on her way back to San Diego after a training cruise to Juneau and Skagway with cadets from University of Washington aboard, arrived here at 9 o'clock this morning and will be in port until Tuesday morning. Last calls of the vessel were at New Metlakatla and Ketchikan.

#### JUNE WEATHER

During the month of June there was 120.5 hours of sunshine and 3.75 inches of rain in Prince Rupert. The maximum temperature was 70 on June 6 and the minimum 41 on June 9. Mean temperature was 51.7.

#### SESSION ENDS

OTTAWA—The third session of Canada's fourteenth Parliament ended yesterday after five months' debate. Mr. Justice L. A. Cannon, acting deputy to the Governor General, prorogued the session, Lord Tweedsmuir having left the night before on a trip to England.

#### BURNS LAKE FIRE

BURNS LAKE—Fire completely destroyed the Community Hall at Burns Lake during the showing of a Mickey Mouse picture Thursday night. The operator, Cecil Steele, was slightly burned while attempting to save the films and projection room. Total loss is placed at \$15,000. The audience fled out without panic or injury.

#### Giacoma Colussi and Son Walter Perish Off Jap Point—Passing Fish Boat Picked Up Survivors From Sea

Giacomo C. Colussi of Prince Rupert and his son, Walter, an employee of the Georgetown Lumber & Box Co. sawmill at Big Bay between here and Port Simpson, lost their lives and James, Mike and Lino Colussi sustained serious burns and are now in hospital here as a result of a gasboat tragedy off Jap Point, a few miles up the coast from here, Friday night.

The elder Colussi, the four boys and a daughter, Angelica, were coming in from Georgetown when their boat, Margell, exploded and burst into flames. The father and Walter were either killed outright or rendered unconscious. It was later established that the boy died of shock. The other boys and the girl took to the lifeboat which, in the excitement, was overturned. The survivors were able to cling to the body of Walter but that of the father was lost.

The fish packer Carlisle S., passing at the time, saw the flames and went to the rescue, picking up the survivors from the water and bringing them with the body to Prince Rupert. The Margell was a mass of flames from stem to stern, evidently a total loss.

Provincial police are at the scene today with the boat P.L.M. 8 endeavouring to recover the body of the elder Colussi. The position, however, is an exposed one in Chatham Sound and the water is very deep which will make such operations as dragging unusually difficult.

The Colussi family is a well known local one. They have been residents here for many years. An inquest will be held.

The three burned youths were reported from the Prince Rupert General Hospital this afternoon to be doing as well as can be expected. They were burned about the face, arms and hands.

### REBUILD AT SURF POINT

Officials Now at Surf Point Mine Following Fire

S. W. Taylor, former president and now secretary of the Reward Mining Co., arrived in the city on the Prince George yesterday morning from Vancouver, accompanied by J. M. Robertson, insurance adjuster, and G. Pettigrew, appraiser, and left later in the morning aboard the gasboat Scrub. Capt. Ted Shrubbsall, to visit the Surf Point mining property on Porcher Island where the mill was recently destroyed by fire. The intention is to rebuild the mill and resume operations.

Also coming north was George Waddell, well known as an electrician here in the early days, who will take charge of the mine equipment pending settlement.

C. P. Reil, formerly of Prince Rupert, was elected president of the Reward Mining Co. at the recent annual meeting in Vancouver.

Mr. Taylor, Mr. Robertson and Mr. Pettigrew expect to be back here in time to sail this evening by the Prince George on their return to Vancouver.

#### CUSTOMS COLLECTIONS

Customs and excise collections at the port of Prince Rupert for the month of June this year totalled \$12,778.62.

#### THE CHAMBERLAIN POLICY

A subject that seems to be much under discussion in Prince Rupert today is the policy of Prime Minister Chamberlain in Great Britain. Many maintain that the Chamberlain policy is a weak one that must inevitably lead to trouble. Others say that Chamberlain has shown great strength in not being stampeded into war by the jingoists.

The head of the British government, undoubtedly, feels that a tremendous responsibility rests upon him. A European war today would be a terrible thing. While we all feel that the British would win in a war against what seems to be natural enemies, the cost would be so terrific that no sane man would want to risk a conflict if it is possible to avoid it. That seems to be the ruling passion of Chamberlain. He will not fight if he can possibly avoid it but, when he does fight, he wants to be prepared to win. In the meantime, every day gives him opportunity to prepare his defense forces.

#### LIKES PALESTINE

H. R. Coventry of Victoria, who is home on furlough from the air service, has been telling the people of the capital about Palestine. He says that it is hot there in summer. An interesting remark of his was, "Palestine is all right half the year. The other half it rains."

#### GERMAN OPINION

Germans are not at all unanimous for Hitler. Here is the way one explains the position:

"If a peasant has six cows and the government takes them all away from him, that's Communism; if he has six cows and the government commandeers three and leaves him three, that's Socialism; but if he is allowed to keep all six and feed them and look after them and the government takes all the milk, that's Nazism."

#### C.C.F. CONVENTION

Yesterday the C.C.F. convention opened at Kamloops with one of the duties to choose a House leader for the remainder of the term. The name of Mrs. D. G. Steeves is prominently mentioned in this regard and, if she should be chosen, it will be the first time a woman has led a political party in the British Empire.

A. Dickens, Merchants, 1.

**Errors**  
Ronalds, Navy, 1 (for Merchants).  
Murray, Legion, 1 (for Merchants).

The final of the Dominion Day Football Cup between the Merchants and the Royal Naval Volunteer Reserve yesterday resulted in a victory for the Merchants by two goals to nil. The Merchants were full value for their win which was gained before a large crowd. The first half was a splendid exhibition of fast open play and, while the second half play fell off a bit, towards the end it improved again. President Jack Preece wished the teams good luck and then City Commissioner W. J. Alder kicked off.

Right from the kick off Merchants attacked and the spectators had a thrill when Morgan stopped Cameron's fine high drive. Play was fast and open and then Holkestad centred a beauty that A. Dickens converted giving Morgan no chance. Navy attacked and got the ball in the net only to have the play pulled up—and properly so—for offside. Then the Merchants got the ball in the net but the play was offside too. Merchants were putting up the better team play and Holkestad beat Morgan from close in with a swerving drive that the goalie handled but could not stop. Darrow Gomez drove a long shot just over. Smith was nearly through but Parsons and F. Gomez cleared. Play became a little heated but the players settled down again and Ritchie headed past. Christison beat Parsons but Gomez came to the rescue. Vink ran out and missed the ball but Parsons saved. Bryant's corner was cleared. Armstrong was slow when he had a chance.

The second half opened fast. Gomez stopped Christison somewhat forcibly and then the Navy forced three corners. Cameron made a fine run but D. Gomez shot wide. Smith was just kept out and then Vink was thoroughly tested by a long drive from Davies. Then a fast bout of combination by D. Gomez, Ritchie and Cameron finished with the last named hitting the upright. Play deteriorated for a time but brightened up with Cameron's fine run that he finished weakly by driving high over the bar. A. Dickens gave Ritchie a grand opening but he made a mess of the finishing shot. Vink had a hectic time following Smith's grand centre. He saved on the ground, and then saved a second drive on the ground. When the dust had cleared away he emerged with the ball which he cleared safely. Navy tried hard and Vink fisted away a good shot and later saved from H. Dickens. Then Holkestad, Ritchie and Cameron indulged in a lovely passing bout that Morgan managed to stop.

**Teams:**  
R.C.N.V.R.—Morgan; Eby Ronalds; Eastman, Davies, McMeekin; Bryant, H. Dickens, Christison, Armstrong, Smith.  
Merchants—Vink; Parsons, F. Gomez; Veitch, Ferguson, Gillis; D. Cameron, J. Ritchie, A. Dickens, D. Gomez, Holkestad.  
Referee, Hugh Douglas.  
Linesmen, G. Howe, J. Bremner.

**Outstanding Players**  
Morgan again turned in a good game in goal for Navy. Eby and Ronalds were reliable backs after a shaky start. McMeekin, Davies and

## BOOTH SCHOOL Gyro Grounds BEATS BORDEN Open Monday

Only One Goal in Junior Football Game Yesterday

In the Junior Football exhibition game yesterday afternoon Booth Memorial School won from Borden Street School by the only goal of the match. There was a big crowd to see the game and the display of the boys was the subject of high commendation by old timers who did not realize the high standard of play the boys can put up. Booth had the advantage of the hill and wind and had the best of the first half. Hougan went close and Postolu saved from Sunberg. Hodgkinson was very clever and Gomez did well to stop Bill who was nearly through from Hodgkinson's centre. L. Keays tried a long shot that Pavlikis blocked. McLeod sent his forwards away and C. Mah went close. Strand was always in the thick of the play and, from his pass, Baker crossed to Sunberg who scored a beauty of a goal. Borden retaliated but Hodgkinson's centre was cleared.

Borden had more of the game in the second half but Booth defense was sound. G. Smith had a try and Blain and Bill went close but Gomez and Keays cleared. Hougan led his forwards in a good run but Vuckovich cleared. Booth had a lucky escape when Borden staged a prolonged attack following Hodgkinson's well taken corner but McCrimmon cleared. Wilson made a grand run but Baker finished weakly. Zbura stopped a good shot but there were no further goals, though McLeod went close.

Albert Dickens refereed very efficiently.

**Teams:**  
Borden—Postolu; Long, Pavlikis; Blain, McLeod, Vuckovich; Hodgkinson, G. Smith, A. Bill, Arney, C. Mah.  
Booth—Zbura; Gomez, McCrimmon; O. Keays, Strand, L. Keays; Wilson, Baker, Hougan, Sunberg, M. Holkestad.

Following the match the members of both teams were introduced to the Premier who congratulated both the winning team and the losers. Mr. Pattullo was interested to know the boys had learned their football here.

## Visit Of Zulu Giants Deferred

Comic Baseball Team From Detroit May Be Here Towards End of July

The visit to Prince Rupert of the Zulu Giants, comic baseball team from Detroit, which was to have been paid this week to Prince Rupert, has been deferred. It may take place towards the end of July in the course of a trip to Alaska.

Eastman played hard, the latter unfortunately hurting his arm but continuing to play well. Smith and Christison were the pick of the forwards but the team as a whole lacked combination and the punch that they had when they beat the Merchants six to two recently. Armstrong played hard while Bryant got no assistance from his inside man.

Vink played a good game and Parsons and Gomez put up a stonewall defence. The halves were always on top of the ball and never let the Navy get settled down. A Dickens made a great difference and held the team together well. The forwards were clever and fast and always dangerous with Holkestad, Cameron and Gomez the pick.

## ORPHAN LEFT ON DOORSTEP

All Tired of Westview Swimming Pool and No One To Take It Over

The Westview swimming pool is like an orphan left on the doorstep of the Rotary Club. Nobody wants to sponsor it and keep it going.

J. J. Little, chairman of the joint committee in charge of that project, announced that the city commissioner, on advice of the solicitor, had decided that the city would not take charge of the swimming pool as a public park because it was on private property. The Gyro Club was finished with it and the members knew that the Rotary Club did not want it. The Junior Chamber of Commerce had been approached but it had other projects in hand. What to do the Rotarians did not know.

The matter was turned over without discussion to the new board of directors of the club for recommendation to the members.

### There's a Good Reason You're Constipated!

When there's something wrong with you, the first rule is: get at the cause. If you are constipated, don't fiddle around with makeshift remedies. Find out what's giving you the trouble! Chances are it's simple if you eat only what most people do: meat, bread, potatoes. It's likely you don't get enough "bulk." And "bulk" doesn't mean a lot of food. It's a kind of food that isn't consumed in the body but leaves a soft "bulky" mass in the intestines and helps a bowel movement. If that fits you, your ticket is a crisp crunchy breakfast cereal—Kellogg's All-Bran. It contains the "bulk" you need plus the great intestinal tonic, vitamin B<sub>1</sub>. Eat All-Bran every day, drink plenty of water, and just watch the old world grow brighter! Made by Kellogg in London, Ont.

Dance Last Friday Night and Field Day Picnic on Sunday Made Active Week-End

With a flannel dance on Friday night and a field day picnic at Tugwell Island on Sunday, the local unit of the Royal Canadian Volunteer Naval Reserve was active at the end of last week.

The field day picnic, organized by Chief Petty Officer Instructor A. G. Bird, is an innovation which it is hoped to make an annual affair. The outing took place at Tugwell Island and there were about fifty present, transportation being provided by the boats of Dr. L. W. Kergin, F. A. MacCallum and G. A. Bryant.

Feature of the day was the sports program in which the winners were:

Men's 100-yard dash—Joe Naylor, Doug Christison.

Football Kick—Jack Armstrong, R. Cameron.

Place Kick—Walter Cross, Harry Robb.

Shot Put—Joe Naylor, Doug Christison.

Broad Jump—Joe Naylor, Bob Armstrong.

Cable Throw—Jack Armstrong, George Brown.

Tug of War—Starboard watch beat port watch with two straight pulls.

Ladies' Place Kick—Tona Blain, Nora Postulo.

Ladies' 50-yard Dash—Betty Woods, Nora Postulo.

Ladies' Potato Race—Tona Blain, Muriel Eby.

Softball Throw—Tona Blain, Peggy Blackhall.

Ladies' Broad Jump—Tona Blain, Cathie McMeekin.

Lieut. Orme G. Stuart, commanding officer, was official starter and the judges were Sub. Lieut. William Elkins and Sub. Lieut. James Bryant.

Refreshments were served and the usual picnic pleasures indulged in. The committee in charge consisted of Bob Elkins, Jim Bremner, Richard Thomas, David McMeekin and Don Eastman.

### The Dance

The summer flannel dance on Friday night at headquarters was a typically seasonal affair with about 200 persons in attendance. Decorations were appropriate to the occasion. Splendid music was furnished by the Serenaders' Orchestra and Walter Smith was master of ceremonies. Dancing was in progress from 10 p.m. until 2 a.m. and delicious refreshments were served at midnight.

The committee in charge consisted of Dick Thomas, Allan Davies, Johnny O'Neill, Bill Bremner and Walter Smith.

TELL ABOUT OWN LIVES

Interesting Biographical Sketches At Weekly Luncheon of Prince Rupert Gyro Club

Autobiographical sketches by two new members—Croft Brook and J. W. Kilpatrick—comprised the program at Wednesday's regular weekly luncheon of the Prince Rupert Gyro Club with President D. G. Borland in the chair.

Mr. Brook told the club that he was born in Khartoum, Egypt, where his father was a British Army doctor who later perished in action in France during the Great War. As a small boy, Mr. Brook came to California and later to Vancouver. He became a wireless operator and served aboard the boat Algie (later at Prince Rupert) when it was engaged in rum running on the Atlantic Coast. Later he was a wireless operator for the Mexican government at Ensenada. Three years ago he became identified with the Standard Oil Co. of which he is now local manager.

Mr. Kilpatrick told an interesting life story principally associated with railroading, his father being A. C. Kilpatrick, a former superintendent here. Mr. Kilpatrick was born in a small Ontario town and received most of his education at Ottawa. Before the war he came west to engage in railroading. After serving in the Great War, he joined the Grand Trunk Pacific. Since 1930 he had been with the service of the Fisheries Research Board as purchasing agent here.

The Gyro Club decided to co-operate with the Junior Chamber of Commerce in staging a regatta here by appointing W. M. Watts as member of the committee in charge.

F. A. MacCallum was a luncheon guest.

A minister met an old, bent farm laborer.

"Sandy," he said, "why are you walking with your back so bent? Keep it as straight as mine."

Sandy: "Tak' a look o' that field o' corn. It's a' the empty-headed stalks that are standin' strach't up."

COMMITTEES FOR ROTARY

President Coates Announces That Main Objective for Year Will Be Decided Upon Soon

In retiring Thursday as president of the Rotary Club, Weldon McAfee reviewed the work of the year at the weekly luncheon. He said there had been a number of excellent addresses given both from outstanding visitors and local members. Several good members had been lost during the year while a number of good new members had joined the club, there being now forty-one in all. He recommended a system of budgeting which would eliminate the system of making donations to various funds as has been the custom in the past. He congratulated the new president, W. L. Coates, on his assuming office.

Mr. Coates was installed by Dr. W. T. Kergin who referred to the new chairman's five years of service as secretary of the club. It was a tribute to his service that he was elected president. It was his duty to set the pace and the standard for the club during the year. Things had changed in Prince Rupert in the past years. They had come through six or seven years of depression. He considered the Rotary Club was never as badly needed as it was today.

Dr. Kergin said he considered the chief value of the Rotary Club was in giving an opportunity for members to meet at luncheon and thus cultivate a spirit of friendship. Then there was the community service. He urged that a definite project be carried out during the coming Rotary year. In regard to the matter of business ethics, this was a cold world and he did not harbor any silly ideals. All people were more or less selfish and he feared there was a certain amount of hypocrisy in the phrase "Service above self." He urged that honesty in business prevail. He then briefly addressed each new officer and executive.

President Coates said he deeply appreciated the confidence the club had reposed in him. He hoped their confidence had not been misplaced. He urged that a main objective be chosen and asked all the members to give it their close study in order that a wise decision might be arrived at. The following committees were appointed:

- Committees For Year: Aims and Objects Committee—The officers and directors. Club Service—Charles V. Evitt, Max Heilbronner and H. Linzey. Vocational Service—J. J. Little, Dr. L. W. Kergin and Geo. Franklin. Community Service—J. W. Nicholls, Dr. W. T. Kergin, R. C. St. Clair, W. P. Armour. Program—Peter Lakin and S. C. Thompson. Boys' Work—Roy M. Winslow, Neil M. Carter and Dr. C. H. Hankinson. Fellowship and attendance—Dean J. B. Gibson, R. G. Hopkins, Fred Scadden. Public Relations—H. F. Pullen and Lee M. Gordon. Classifications—S. D. Johnston, George Bryant, Hubert Ward. Bulletin—Lee M. Gordon, editor, and A. C. Small, assistant editor. Membership—J. W. Nicholls, Dr. W. T. Kergin and John Dybhavn.

Sockeye Fishing for First Week is Satisfactory—St. Faith in Port—Friday Busy Day With Travellers

The sockeye fishing averages for the opening week of the season on the Skeena and Naas Rivers have been considered satisfactory. On the Skeena an average of twenty fish is reported and on the Naas thirty fish. With good weather now looming, it is possible there may be further improvement in the second week of the season starting tomorrow evening. All fishermen were at work in this part of the district during the first week. During the week Rivers Inlet and Smith's Inlet fishermen voted in favor of going to arbitration in connection with the dispute with the cannery in regard to prices. Fishing will become general in those areas this Sunday.

Imperial Oil Co.'s tanker Imperial, Capt. A. S. McGaw arrived in port yesterday afternoon from Ioco with fuel supplies for the company's local tanks and sailed at 9:30 this morning on her return south after discharging. The company's smaller tanker Beececline, Capt. J. A. Rankin, was also in port overnight.

Powell River Co.'s tug St. Faith, Capt. E. Landheim, arrived in port last evening from Powell River and, after taking on fuel and supplies, sailed for Cumshewa Inlet to pick up a log tow for the mainland.

There were some four hundred tourists in the city yesterday morning. The steamer Princess Louise, arriving at 9 o'clock and leaving a couple of hours later for Alaska, had a total of 232 passengers on board including 190 tourists. Two disembarked here and 15 took passage for the north from this port. The Prince George, arriving half an hour later, had some 180 on board. She sailed at 3 o'clock yesterday afternoon for Anx and Stewart whence she will return here south-bound this evening. The Princess Adelaide arrived in port at 7 o'clock last evening, sailing at 10:30 p.m. for the Cardena at 1:30 this morning, sailing about an hour later on her return south.

The fine weather attracted quite a few to the water on angling expeditions and picnic parties on the Dominion Day holiday yesterday.

Alaska herring operators and fishermen have settled on a price of 7c for the coming season, this being a reduction of 22 per cent from last year. Kodiak herring plants will not operate this year but those in Prince William Sound and Port Alexander will.

The Seattle Fish Exchange will be closed on Monday next which is Independence Day, a general holiday in the United States.

Rod McLean and Billy Moffatt entertained yesterday afternoon at "Come On In Mansion." Out of town guests included Miss Ada Campbell, Toronto; Miss Nancy Fielden, Vancouver, and Alec S. Monroe and Wattie Cowan of the steamer Prince George.
