BIG FIRE AT INDIAN HEAD

Dominion Government Experimental Farm Destroyed—\$75,000 Damage Alone to Town of Macleod, Alberta.

(Special to Daily News.)
Winnipeg, Jan. 10.—News has reached here that the Dominion Government's experimental farm at Indian Head was destroyed by fire this morning. All the barns, buildings and machinery is in ruins. The fire spread to the stores and buildings on Main street, Macleod, \$75,000 damage being done.

The telegraphic despatch has evidently suffered in transit. Probably two fires are referred to. Macleod is in Alberta; Indian Head is in Saskatchewan. It is extremely likely that the flames from the experimental farm at Indian Head could set fire to the stores in the town of Macleod.—Editor.

AN INTERESTING PICTURE

Prince Rupert News in Place of Honor at London Exhibition.

Mr. T. R. Clougher of the Clougher Syndicate has forwarded to The News a photograph of his company's stand at the Colonial exhibition in London. Messrs. Clougher are the exclusive European representatives for the leading newspapers in Canada.

Occupying a prominent position on the handsome stand is a copy of The Daily News. It is the election day copy of September 21st, and the features of our good friend Duncan Ross can be easily discerned.

Messrs. Clougher have done a great deal to establish reciprocal trade between Canada and England, and their stall at the exhibition is replete with the grains, fruits and hunting trophies of the Dominion.

PREMIER INTIMATES THAT RAILWAY POLICY IS COMING

WILL PROBABLY GO TO THE COUNTRY ON THE QUESTION OF GIVING PROVINCIAL AID FOR THE PEACE RIVER RAILWAY—WILL HELP VANCOUVER.

Victoria, Jan. 10.—Important railway legislation is believed to be on tap, according to a statement today by Premier McBride after hearing a deputation from the lower mainland urging upon the Government the need of support for the immediate building of the Peace River railway to tap the resources of that district and bring trade to the coast cities.

The Premier, who was much interested in the claims set forth by the delegation, stated that the railway policy of the Government, which it is assumed will provide for the desired connection, will be announced to the country during the next few weeks.

BIG TUNNELS NEARLY READY

One at Kitselas is Ready for the Rails—One at Mile 44 Will Be Ready in Two Weeks Says Mr. McDougall.

Mr. Archie McDougall, of the firm of Rankin & McDougall, Contractors, was in town this morning, and stated that the big tunnel at Mile 44, which his firm have been blasting out, is nearly completed. He says that within two weeks it will be ready for laying rails. This tunnel is at the scene of the big snowslide last year, and will protect the traffic from danger and obstruction at this point.

The big tunnel at Kitselas is all complete now, and work at laying rails is probably going on now. Mr. McDougall informed a News representative. When the rails are through, another big section of the road will then be linked up.

TOMORROW'S ELECTION

Number of Aldermen Required for Each Ward—Two Trustees.

At tomorrow's election the citizens are asked to elect one mayor for the whole city, three aldermen for Ward 1, and five aldermen for Ward 2, also two school trustees. This is a little item of information which is asked for here and there, though apparently so simple as to be almost overlooked.

Equitable Building Goes Up in Flames and Six Persons Are Dead—Money Loss Is Way Up in the Millions.

(Canadian Press Despatch.)
New York, Jan. 10.—A terrible fire broke out here last night, in which the Equitable Life building was destroyed, with much surrounding property. It is known that six persons have perished and the death roll may be greater yet.

The property loss is placed at from six to fifteen million dollars. The fate of hundreds of millions of securities in the vaults is unknown. The ruins are still burning.

NEW BEACON IS MUCH WANTED

Launch Owners Running To and From Prince Rupert and Vicinity Point Out the Need of a Light on Fairview Point.

To bring a launch over from Digby Island on even as starry and clear a night as last night is to appreciate very thoroughly the assertion by launch owners in Rupert that a beacon light is badly needed on Fairview Point. The coast line of Kaien Island viewed from the harbor entrance at night merges very closely into the dark mass of the hills behind, and only the long experienced can pick out the line of Fairview Point. From the low wheel of a gasoline boat no lights can be seen in the city to guide close steering, and the help of a small light on the point would mean a saving of several minutes and much eye straining on dark nights.

VERY FINE HOT COFFEE DRINKS

Refreshments Supplied This Cold Weather by Dennis Sonoris so Much in Demand That Dennis Got Fined \$100.

Dennis Sonoris, fined \$100 and costs today for running a blind pig on First avenue, took a most ingenious method to evade the law. For long under surveillance by the police, his premises seemed innocent. Yet Chief Vickers knew that men were in the habit of going there and getting liquor enough to intoxicate them. At last the truth was discovered. Sonoris sold not whisky in the regulation glasses, but cups of hot coffee into which the spirit was poured plentifully. To sell liquor in any shape without a license is an offense under the act, and Dennis was fined this morning, accordingly, on being found guilty.

COUNCIL'S LITTLE LOVE FEAST

Mayor Manson Entertained His Colleagues Last Night.

After the "rendering of account" by the members of the City Council last night the whole platform party and the representatives of the three newspapers were entertained to a light supper at the Grill on the invitation of the Mayor. Alderman Hilditch, Alderman Newton, Alderman Douglas, Morrissey, Clayton, Kirkpatrick and Kerr partook of the hospitable spread at midnight. All were merry and in the best of good humor. "The lion lay down with the lamb," so to speak, and Alderman Newton shared in good-humored conversation with Alderman Hilditch. Even the much abused press was given the glad hand. It was a regular love feast.

COUNCIL RENDERED AN ACCOUNT

At Public Meeting in the Empress Theatre They Faced the Public and Told What They Had Accomplished During the Year

IT WAS A REAL LOVE-FEAST

Mayor Made a Lengthy Statement in Review of the City's Affairs—Discreet Silence Was Maintained on Several Matters—Ald. Newton Says That the Council Will go Down in History for Its Settlement of the G.T.P. Assessment

Before a large audience of citizens in the Empress Theatre last night Mayor Manson and the members of the Council of 1911 gave an account of their stewardship. The meeting partook of the nature of a love feast. Aldermen who all year have been in a state of constant war with one another combined to express their mutual admiration of each other and of the Mayor in particular. All claimed that the Council had accomplished a great deal of work, and congratulated each other and the citizens generally on the G. T. P. settlement. Alderman Newton going so far as to say that the Council of 1911 would go down in history for its work in settling the G. T. P. matter and in starting the hydro-electric works.

A feature of the meeting was the strong and convincing defense of the City Engineer's department by Alderman Hilditch. The Alderman showed that the report on the Engineer's department, made earlier in the year showed many evidences of bias, and saddened on the Engineer's department offenses for which it was not liable. The defense was endorsed by the generous applause of the audience.

The Mayor's Address.

Three important questions had to be dealt with by the Council of 1911, said Mayor Manson. These were the G. T. P. assessment, the hydro-electric undertaking and the selling of the city debentures. The Mayor maintained that on the first of these the Council had kept absolute faith with the people and had submitted the settlement to the citizens. The agreement meant that the G. T. P. should pay \$15,000 per year taxes, and lands had been secured in fee simple which enabled the city to find a site for the city hall.

A voice: "Why did you not take all the taxes from the Grand Trunk?"

The Mayor: "We took all we could get from them. I don't think my friend at the back could have gotten more."

Hydro-Electric System.

Proceeding, the Mayor went on

to the hydro-electric system by which, besides the much needed water supply for the city, the proposition was to give 835 horsepower to produce electric light and power for the city. This scheme the Council had well started. In spite of difficulties and drawbacks, things were shaping better at the present steam plant, which would more than pay, and with the additional units plus the hydro-electric plan would furnish a handsome profit as well as cheaper light.

Morse Creek Water.

The Mayor laid great emphasis on the importance of the water supply of the city and referred to the proposal to provide additional water from Morse Creek and its carrying out. The water supply would last 30 days in a dry spell and was of quality equal to that at present used by the city. When the alley in the business section was graded and the pipe from Morse Creek laid through it the water question would be settled for a year at least. The Acropolis

TWO MEN ARE ARRESTED FOR THE BIG BANK ROBBERY

JOHN McNAMARA IS CAUGHT IN NEW YORK AND CHAS. DEAN IN LOS ANGELES—DETECTIVES ARE AFTER A THIRD MAN AND BALANCE OF \$27,000.

(Canadian Press Despatch.)
Victoria, Jan. 10.—Arrests have been made at New York and Los Angeles in connection with the recent robbery of the Bank of Montreal at New Westminster, when a sum of \$274,000 was stolen. The robbery took place on Sept. 1st.

This morning, Attorney-General Bowser telegraphed to the British Consul at New York asking to institute extradition proceedings against John McNamara, alias Australian Mac, who was arrested by Pinkerton detectives. Similar steps are being taken to bring Dean, arrested at Los Angeles, to New Westminster.

After a Third Man

Seattle, Jan. 10.—With J. McNamara and Chas. Dean under arrest, charged with the robbery of the Bank of Montreal at New Westminster, the detectives are directing their efforts to capture Albert Anderson, alleged to be third member of the gang and to recover \$230,000 of loot not accounted for.

Detectives here who have done most of the trailing place no credence to the statements attributed to Frank McIlwain, under arrest at Chicago, that he participated in the Westminster bank robbery. They investigated his story last October and found he had no connection with the crime.

DAILY EDITION.

WEDNESDAY, JAN. 10

HOW SHALL WE VOTE TOMORROW?

Tomorrow from early morning till 7 o'clock in the evening a poll will be taken at the Police Court to decide who shall be the next Mayor and Board of Aldermen for the city of Prince Rupert. It is a task that none should shirk, for the privilege of expressing an opinion by way of popular ballot and of choosing our civic rulers is among the most dearly bought privileges we possess. It is also of importance if the civic welfare is to be considered.

A good deal of the importance is taken from the election by the fact that the Provincial Government reserves to itself the right to control the license and police administration. It permits the Mayor to be the ex-officio chairman of both boards, but it takes good care to see that he is accompanied into office by two commissioners of its own appointing. There is no law to compel the Provincial Government to make political appointments, but it always happens that the present Provincial Government does make political appointments, and both boards are pretty well manipulated in the interests of the government in power.

Alderman Newton, whose election is very probable, has announced that he expects to have the nominating of one commissioner on each board to help him secure a cleaning up. In this the trusting Alderman will find himself doomed to disappointment.

Who is the best man to vote in for Mayor? There are many among the business people who are asking this question. The News confesses that it finds it hard to become enthusiastic over either candidate.

Of the two Alderman Hilditch is easily the abler man. He has been virtually Mayor of the city during the last year, Mr. Manson having done little else but spend his time in taking care of his own endangered prestige as Provincial Member. But Alderman Hilditch has lost the confidence of a large section of the public. He, like the Mayor, has played politics too much while in office.

No one at all conversant with municipal affairs thinks for one moment that any member of the Council has made a cent by any direct or indirect graft. But Alderman Hilditch has showed a disposition to grant municipal favors to those classes among which he does private business, and to discriminate against those who were not actively supporting him. This has been much resented.

The good work Alderman Hilditch has done as chairman of the Board of Works would entitle him to strong support if it were proposed to elect him to a well-paid commissionership of public works, where he would be away from political influences. It is doubtful whether his acknowledged abilities, however, are sufficient to re-establish him in public esteem and confidence for the office of Mayor.

In regard to Alderman Newton, if his past career in the Council is a just criterion, those of his followers who expect that his term of office will be marked by progress or initiative will probably be doomed to disappointment. Though with exceptional ability as a propagandist and as a mouthpiece of insurgency, Alderman Newton's career has always showed a lack of initiative and executive force. His knowledge of civic economics is also a minus quantity.

On the other hand, he has won the confidence of a large number of people by his evident sincerity, and he has showed himself to be teachable. With a Council in harmony with him it is quite possible that he may exhibit a capacity for doing real work that has been denied him while in opposition. But in casting the balance of favor in Alderman Newton's way The News reminds its readers that they are backing him on his good faith, and not for anything he has accomplished.

Of the retiring aldermen there are only Alderman Morrissey, Alderman Douglas, Alderman Kerr and Alderman Clayton seeking re-election. Of these the first three are worthy of support on

the ground of their experience and progress during the past year. Each are very much more valuable councillors than when they entered office a year ago. Of Alderman Clayton the same cannot be said. He has gained in nothing but bumptiousness during his term of office, and the pitiful exhibition of childish temper he showed on the platform of the Empress Theatre on Monday night stamps him as unfit to be an alderman of the city, just as his recent assault on an Empire reporter at a public meeting stamps him as unfit to hold the office of Police Commissioner, for which he expressed an ambition. It would be a kindness to leave him at home on Thursday.

The other candidates are largely an untried quantity, but among them there are several who should possess fitness for the Council Board. This is true of Mr. John Dybham, who, in addition to having the respect of his Scandinavian friends, is very favorably known as a man of sound judgment among his business associates. He has also had experience as a member of the Council of the city of Bergen.

Three other candidates—G. H. Munro, E. H. Shockley and Herbert Dagnall—are experienced contractors, and favorably known in the city. Their special training should fit them to pass good judgment upon the various public works which the city has in hand for the forthcoming year of office.

Mr. Bullock-Webster is a good type of man, and should develop into a very satisfactory alderman. He should be supported with a strong vote in Ward 2.

In Ward 1 Mr. W. T. Robinson would make a good colleague to send in with Aldermen Kerr and Morrissey. Mr. Robinson is a business man who is out for clean, non-political administration and has the makings of a good alderman.

The school trustees are all such a good looking lot that any voter is quite safe in marking his ballot in the dark for any two of them.

he said. "We took it." (Ap-

whom Alderman Clayton called a
conspirator." He was no con-
spirator. We pay him wages to
attend to the clerical work of our
organization and he has no voice
at all in our affairs. Alderman
Hilditch and Patullo approached
us asking us to wait until the
present contracts were finished.
Some of them aren't finished yet!
But we stayed with our demand
and got the 45-cent rate for our-
selves. Our quarrel was with the
contractors, not the Council, and
the one mistake made was when
a few of our hot-headed lads lost
control of themselves after pull-

THREE DAY CURE FOR DRINK HABIT

Appeals to the Business and Professional Man,
the Banker, and Man in all the Higher
Walks of Life

BECAUSE OF THE TIME IT SAVES THEM

When a man's time is worth a great deal more to him than the cost of a drink habit cure he is not going to drag along for twenty-eight to forty-two days taking a treatment when he can get a cure in three days, without hypodermic injections, and be surrounded with every comfort of home.

A PERFECT CURE.

The Neal Institute treatment cures the periodical, occasional or moderate drinker and the nervous man who has to drink to keep from becoming nervous. It takes away all inclination to drink, all desire and craving to drink, by neutralizing the poison of alcohol in the system and ridding the blood

of the poison by a rapid system of elimination, leaving the drinker in the condition that he was before tasting liquor, so far as the effect of alcohol may be concerned—all appetite for drink gone—and he a new man.

The treatment consists of the internal administration of a harmless remedy, tonic in its action, that removes the craving for liquor in a very few hours.

DRUG HABIT CURED.

At the Vancouver institute we also treat drug addictions with uniform success. Call, write or phone for booklet, giving full information.

COUNCIL RENDERED AN ACCOUNT

(Continued from Page 1.)

Hill reservoir when completed will contain a million gallons of water—only enough to supply the city for four days. It would, however, be a valuable addition to the city's fire protection, but was of less importance than many people imagined.

Bouquet for Col. Davis.

Referring to the criticism directed against the City Engineer's department, the Mayor expressed the greatest confidence in Col. Davis. "If I were to be connected with the Council for 1912," he said, "I would stay right with the retaining of Col. Davis' services as city engineer. (Applause.) It counts for a lot to have honesty and straightforwardness in a man—and that you have in Col. Davis." (Cheers.)

The Lost Lawsuits.

On the matter of the contractors' claims and the lost lawsuits, the Mayor stated that the Judge had seen fit to decide these cases on points of law, not equity, and the present Council had filed appeals against them which the new Council might or might not continue.

The Financial Situation.

On the financial position of the city, the Mayor referred to the proposed selling of the city debentures on a fifty year instead of the twenty years first proposed. The bonded indebtedness of the city was \$1,250,000, which they proposed to meet by the issue of debentures. It was necessary to dispose of the debentures through the Bank of Montreal because of its advances to the city on the strength of the issue. The Mayor had every confidence in the Bank of Montreal to act as the city's fiscal agents. The city would be in the bank's hands for some time in respect to the sale of these debentures.

A Flaw in the Eylaw.

The bank had so far been very accommodating with loans, but on the \$300,000 bylaw which has to be ratified by the Legislature owing to a technical flaw in the bylaw only \$100,000 could be advanced until after the ratification of the bylaw, when the full amount would be advanced.

The Mayor concluded by thanking his audience, stating that he had not attempted to please all, but knew for certain that he had certainly not done so. He had at least the satisfaction of having done his utmost conscientiously. Cheers were cordially given for the Mayor as he sat down.

The other members of the Council all spoke in turn, Alderman Kirkpatrick speaking for the Finance Committee, Alderman Clayton for the Light, Fire and Telephone Committees and Alderman Hilditch for the Public Works department. Alderman Douglas brought the house down at the close of the evening by telling of his search through the books at the city hall in search of graft. He pronounced a verdict of "not guilty" upon all of his colleagues.

To the Electors of Ward 1

Ladies and Gentlemen:

Having served you for one year at the Council Board I am again a candidate for Alderman for Ward 1.

In response to requests from many ratepayers, I have decided to run as an independent candidate. I wish to thank the various associations and private ratepayers that have tendered me their support.

If elected I will do my best in the interests of the city as a whole.

Your vote and influence on my behalf will be appreciated.

Yours respectfully,

GEO. W. KERR

WOMAN ORDAINED MINISTER

Miss Laura Bowman is Now Universalist Pastor in States.

Oshkosh, Wis., Jan. 9.—Miss Laura Bowman, a graduate of the divinity school of Lombard College, has just been ordained to the Universalist ministry in the town of Markesan, southwest of this city. Dr. Effie McCollum Jones of Waterloo, Iowa, preached the ordination sermon.

To the Voters and Citizens of
Prince Rupert.

Ladies and Gentlemen:
As property holders and ratepayers of this young and prosperous city it is our duty to elect officers that will serve the people and handle the city's affairs in a clean and businesslike way. And we are quite sure that we in Alderman Newton have found the right man to fill the position as head of the city affairs.

And it is furthermore our duty to elect aldermen who will support Mr. Newton—men with experience and business abilities; men that are honest and will use their good judgment in everything concerning the people's and our city's welfare.

We have succeeded in getting Mr. John Dybhavn to accept the nomination as a candidate for alderman for Ward 2, and we feel it our duty to say that much to his credit he is a man with experience at a Council Board and a man with business abilities. And as far as we know there is not the slightest doubt about his character. We feel sure in saying that a vote for Mr. Dybhavn as alderman for Ward 2 will be a vote for clean administration and the city's welfare at large. Prince Rupert, B. C., January 7th, 1912.
