## MAPS ARE RESISTED

Meet With Stubborn Resistance From Chinese And Are Reported To Have Suffered Heavy Losses

SHANGHAI, May 27.—Meeting with stubborn resistance in heavy fighting along the north shore of the Yangtze River, the Japanese reported to have suffered heavy losses yesterday as they endeavored to carry their campaign along the Lunghai Railway line and up the Yangtze River. Despite their tanks, artillery and mechanized fighting equipment, the Japanese were able to make little effective headway against the Chinese forces.

The Chinese brought airplane bombers into play and a whole Japanese company is said to have been drowned when a railway bridge was bombed.

Low water has hampered Japanese warships from continuing up the Yangtze River.

## Tax Revision Bill Now At White House

WASHINGTON, D.C., May 27.—Political circles were wondering last night if President Roosevelt would sign or veto the \$5,000,000,000 tax revision bill.

The general expectation appears to be that he will sign today although he may have some sharp criticism to offer in regard to certain features of the measure.

## ANTICOSTI UP AGAIN

Bennett Charges That German Military and Naval Interests Are Negotiating For Strategic Island

OTTAWA, May 27: (CP)— Rt. Hon. R. B. Bennett, Leader of the Opposition, charged in the House of Commons yesterday that German interests were negotiating for the purchase of Anticosti Island in the mouth of the St. Lawrence River. Eminent military and naval experts from Germany were involved in the contemplated deal, Mr. Bennett charged.

Prime Minister William Lyon Mackenzie King replied that the Departments of Justice and National Defence were already investigating the alleged negotiations of which there had been reports for a year. It had been understood that the negotiations were primarily for pulp timber rights.

## FAVORITE IS DRAWN IN CANADA

Confident That This Will Be Good Year for Wheat Farmers—Price Slump Is Stayed

OTTAWA, May 27: (CP)—Despite the slump of the past few days in wheat prices, the federal government believes that wheat farmers of the Canadian prairies are in the strongest position in eight years. In view of continuing favorable crop conditions, no alarm is expressed. Even if the wheat price should be only between 75c and \$1 a bushel, it would still mean a quack stimulus in the economic rehabilitation of the prairie provinces.

**Slump Stayed**  
WINNIPEG, May 27: (CP)—The slump in wheat prices on the Winnipeg market was at least temporarily stayed yesterday when futures closed for the day at from 1 1/2c lower to 1 1/2c higher. May closed at \$1.10.

**Fire In Qualicum District Menaces Valuable Timber**  
NANAIMO, May 27: (CP)—Valuable stands of timber are threatened by a serious forest fire which is raging out of control along Nile Creek in the Qualicum district up the island from here.

**Coastguard Radio Station Will Be Established Soon**  
SEATTLE, May 27:—As soon as the funds are made available by the federal government under its public works program, work will be started on a United States coastguard radio station to be established near Seattle at an estimated cost of \$118,000. It will be of special service in receiving distress calls from sea and emergency messages from outlying points along the west coast and in Alaska.

**Weather Forecast**  
(Furnished through the courtesy of the Dominion Meteorological Bureau at Victoria and Prince Rupert. This forecast is compiled from observations taken at 5 a.m. today and covers the 36 hour period ending 5 p.m. tomorrow.)

## French Town Is Bombed By Spanish Planes

PARIS, May 27.—The French town Cerbere near the Spanish frontier was bombed late yesterday by Spanish insurgent planes. The railway station was wrecked. A number of persons were injured, two seriously. Anti-aircraft guns have been wheeled into position to protect the town from a repetition of such attacks. No French retaliation is expected.

## GET READY FOR KING

Elaborate Precautions Being Taken To Safeguard Their Majesties In Paris

PARIS, May 27: (CP)—Elaborate precautions are being taken to safeguard King George VI and Queen Elizabeth of England on the occasion of their visit to France in connection with the unveiling of an Australian war memorial. Preparations for the state visit of King George and Queen Elizabeth have been going ahead with a band of workmen at Quai d'Orsay Palace scraping woodwork, putting on new coats of paint and installing the rich furnishings chosen for the royal guests. Souvenirs have appeared in store windows—satin slippers with British flags embroidered on the toes; compact, handkerchiefs and gloves similarly decorated, silk scarfs with the French and British flags crossed, pins and trinkets—only the customary mug is needed to make it complete. Announcement of the program created a flurry of excitement because there is to be a gala performance at the Opera. A rush for seats is inevitable since for weeks now inquiries have been made for the box-office opening date. "The whole British colony has been here," volunteered the interpreter at the Opera. In a big flag-making establishment seamstresses have been busy on gigantic Union Jacks. They sewed them up and attached them to their poles correctly for the Union Jack flying above the poster announcing the Exhibition of English Art flew upside-down for four days before a passing Briton protested and had it reversed. The Duke and Duchess of Windsor have left for their new home at Cap d'Antibes, on the Mediterranean, whose chief interest to date has been its eight master-bedrooms each with its own bathroom. More particularly, that reserved for the Duchess with its rumored gold bathtub, has made a hit with the writers. Eight private bedrooms in one house is almost too much for the imagination of the French populace.

## Vending Machine License Fees Set

Will Be \$100 for First and \$20 for Each Additional One—City Lot Is Leased

In session as a city council this morning, City Commissioner W. J. Alder gave introductory readings to a bylaw setting license fees for confectionary vending machines. For the first machine, the license fee will be \$100 per year and for each additional machine \$20. The leasing of lot 29, block 35, section 1, to Charles O. Svedmark for five years at \$48 per year was authorized. Accounts were passed for payment.

## SITUATION EASING UP

Sudetan Germans To Be Given Jobs in Czecho-Slovakia—Nazi Planes Flying Over

PRAHA, May 27:—The German-Czech situation was further eased last night with the announcement that an agreement had been reached whereby Sudetan Germans would be allowed a proportionate number of jobs in relation to their population in Czecho-Slovakia. Other minority elements will be given similar consideration. This may lead to some arrangement in regard to the autonomy of the minorities. Czecho-Slovakian authorities last night said that no less than thirty-three German planes had been counted flying over Czech territory. These incursions have led to a protest being made by the Czechs government. The famous city of Pilsen is one centre that has been flown over by Nazi aircraft.

INTERFERENCE

Recently there was an attempt by a section of the people of Brazil to seize the reins of power, depose President Vargas and set up a Fascist dictatorship. As a result, a thousand people are now enjoying a quiet life at the expense of the state and some of them may die premature deaths.

The President, who by the way, obtained his position in the latest approved method, which is seizing it, recently issued a decree providing capital punishment for persons who, urged on by a foreign power, organize opposition to the government or do anything that might tend to bring about civil war.

Suppose we had this sort of a law in Canada, a great many people would have lost their lives already. Even today a good many movements seem to be instigated by people who are in close touch with foreign countries and whose interests are not really Canadian.

MORAL SUPPORT

In any dispute there are always groups of people who lend their moral support to one side or the other. Canadians lend moral support to China and sell war supplies to Japan. We lend our moral support to a Prince Rupert ball team when we gather in large numbers and root for the home town but this moral support will not make up for the lack of skill on the part of the players.

Newspapers sometimes try to exist on moral support but they find it very difficult going. A line of advertising is much more effective and subscribers that pay promptly also help. They are much better than tons of moral support. There are always plenty of people who encourage embarking on a new line of policy but all they offer is moral support. They are ready with a pat on the back but their support never reaches the pocket.

The support that really counts in all walks of life is the support that costs something. Moral support among nations is of little value and so is moral support in a community.

HEALTHY DISSATISFACTION

There is such a thing in any community as healthy dissatisfaction. This makes for improvement. It tends to lead to action which will bring about improvement. In Prince Rupert we are not satisfied. We want better kept streets and sidewalks, more sewers, better housing, improved gardens, a new civic centre, new industries, better communication with the outside such as a highway to the interior, more frequent steamship service with the Islands, daily train service with daily mail. All these things will come and the very fact that we are dissatisfied with present conditions indicates that there is a chance of getting the improvement.

SEASON SCORING SUMMARY

- Bryant, Navy, 3.
- MORGAN, Navy, 2.
- Holkestad, Merchants, 1.
- Gillis, Merchants, 1.
- Vink, Merchants, 1.
- Smith, Merchants, 1.
- Ferguson, Merchants, 1.
- O'Neil, Navy, 1.
- H. Dickens, Legion, 1.
- Campbell, Legion, 1.
- Vance, Legion, 1.
- Howe, Legion, 1.

Last night's senior football game was productive of good play with the Canadian Legion team, making its debut for the season, winning from Royal Canadian Naval Volunteer Reserve by four goals to three. There was a fair crowd of spectators and it was an interesting match.

The Legion had the better of the opening exchanges and Morgan was called on twice. There were some bouts of nice passing by the Legion but the Navy was dangerous in breakaways and Smith went close with two long shots. Vance missed an easy chance but Legion continued to press with Murray giving his forwards strong support. Then, all against the run of play, Bryant got a good goal from Dave McMeekin's cross. Howe made headway but Bryant got another good goal to give the Navy a two to nil lead. Dickens scored for the veterans. Morgan saved a free kick well taken by Currie.

The Legion had the better of the second half and Campbell scored a picture goal when he converted Dickens' pass with a first time drive. Morgan saved well but was beaten when Vance lobbed a ball over his head as he ran out. O'Neill equalized with a fine shot. Then Morgan did well to save Murray's penalty shot. Dickens got the ball through but the referee properly disallowed it for interference. Vance missed an open goal. Howe forced a goal for the Legion. Morgan later saved a couple of hard

Barney Ross and Henry Armstrong to Battle Fifteen Rounds for Welter Title

NEW YORK, May 27: (CP) — Rain having again stopped the fifteen round bout tonight between Barney Ross and Henry Armstrong for the world's welterweight championship title, the bout has been postponed until Tuesday night. It is a scheduled fifteen-rounder. Ross is the title-holder.

drives. There were no more goals.

Teams: Canadian Legion—Pierce; J. Currie, Bremner; J. Currie, W. Murray, Franks; Sinclair, H. Dickens, Vance, Jack Campbell (jr.), Howe.

R.C.N.V.R. — Morgan; Davies, Ronald; T. McMeekin, Eby, D. McMeekin; Irvine, Storrie, Smith, O'Neill, Bryant.

Jimmie Johnston refereed.

Deserved Win

The Legion deserved the win. Pierce was not severely tested. Currie was the better back while the three halves were all good with Bill Murray the best. Howe, Henry Dickens and Campbell were the best of the forwards. Howe worked hard all through and deserved his goal. Dickens, as usual, was clever and Campbell, with a little more "devil," would be a really good man.

The Navy was without the services of Bob and Jack Armstrongs. Morgan showed class in goal and saved many a hard drive. Davies and Donald defended well. Eby came through with flying colors and D. McMeekin was reliable. The forwards still lack a finishing drive. A little more deliberation in their passing would make the forward line a real source of danger. There is speed and at times good shooting but overhead kicking does not build up combination. Bryant had little difficulty in beating Bremner and shot well. O'Neill plays hard but sometimes too quickly. Smith will develop and Storrie showed neat touches.

While ragged at times and with some of the players still carrying too much "waist line" the match was worth seeing.

Two Jimmie Curries were playing for the Legion. One is the son of the accomplished Sam Currie and the other the son of the clever Jimmy Currie. They were both good although not as good as their fathers.

VISIT TO SOUTHERN CONTINENT

S. C. Thompson Tells Rotary Club Brief Outline of Recent Trip to Chili and Argentine

A brief sketch of a trip to the continent of South America which extended down the coast to Chili, across the Andes into Argentine and back up the East Coast including a trip up the Amazon River and home by way of the Panama Canal was described at the regular weekly luncheon of the Prince Rupert Rotary Club yesterday afternoon by S. C. Thompson and illustrated with motion pictures taken by himself and thrown on the screen by Jack Wrathall all of which proved extremely interesting. R. M. Winslow presided and guests present were W. O. Fulton, Group Captain Johnson and Squadron Leader T. F. Stevenson of Vancouver.

The trip along the coast was made in Japanese boats because the shipping strike tied up American and other craft. Calls were made at a number of points. At Lima he met the boys of the Canadian Navy and they looked very smart and behaved wonderfully well.

South from Lima they saw the islands where the guano birds nest and which supplied one of the industries of the coast. South again was the nitrate region. At Valparaiso, a very pretty city built on nineteen hills, the visitor found the British element very strong. The British people were popular there, the British having helped the Chileans in securing their liberty.

Santiago, at the foot of the Andes was also strongly British and there, as well as at Valparaiso, Mr. Thompson attended Rotary luncheons and was cordially welcomed.

Crossing the Andes in a snow-storm and Patagonia in a dust storm was part of the experience of the trip bringing them to Buenos Aires, a very fine city populated by a fine progressive people. The city is wholly man-made, one of the avenues being so wide eight cars can drive abreast each way. In the park every variety of tree in the world is said to be growing. The race track was very fine and in one of the squares there is free parking space for a thousand cars, the only condition being that they must move before 2 a.m. so that the janitor may clean up. It was at this city that William Turnbull, formerly of Prince Rupert, was met.

Calls were made at Santos, a coffee port, and at Sao Paulo, the Pittsburg of South America, a city with a population of a million. The climax came with Rio de Janeiro, described as the most beautiful city in the world, a place that baffles description. One of the interesting things about the city was the mosaic sidewalks. After a trip ninety miles up the Amazon they went on to the Panama Canal, one of the highlights of the trip. There the Canal authorities take over the ship and handle her through the locks. From there, by way of Los Angeles, he returned home.

## Ottawa Woman Club Speaker

Long Motor Trip Across Continent Described by Mrs. Holland Cox

Describing a long motor trip which she made alone recently from Ottawa to Los Angeles, Mrs. Holland-Cox of Ottawa, sister of Mrs. J. A. Hinton, was an interesting speaker before the Women's Canadian Club at a meeting yesterday afternoon in the city council chamber. Mrs. F. M. Good, the president, was in the chair and about seventy-five members of the club were in attendance.

Mrs. Cox was very entertaining in describing many places which she had seen as well as in the relating of experiences and the making of characterizations of interesting persons.

A vote of thanks was extended to Mrs. Cox on motion of Mrs. Samuel Massey and Mrs. Peter Bird.

S. Irvine had charge of the home cooking table.

## BOYS STAGE COME-BACK

Former Delinquents Working Out Their Own Salvation—Doing Useful Things

BURNABY, May 27: (CP)—A few months ago it was a sagging old mansion but now it's a trim place with a tidy garden where 25 youngsters are trying to get right with the law and themselves.

This is British Columbia's experiment in the honor system for young delinquents. Behind the scheme is the province's attorney-general, Hon. Gordon Wismer.

The boys came from the provincial jail, also in this municipality adjoining Vancouver. At the beginning of 1938 they were installed under Supervisor Angus McLeod in the building the government bought for the purpose.

Four months later they had repaired the building expertly and the gardens were neat and decorative. All that is lacking is a fence around the grounds. Visitors are welcome and not one inmate has tried to escape.

In preparation for eight hours work a day the youngsters have a morning service conducted in turn by each member of the "gang." It was suggested by themselves.

In the evenings there are special classes and some afternoons are given over to instruction in first aid, placer mining and other practical courses.

The objective is to equip the youths to pick up life in a normal way when they leave the institution. Vancouver businessmen who have contributed money for games equipment will be asked to keep an eye on them later.

Keeping an eye on them now is McLeod, who began his work among young prisoners in the provincial jail. He finds that 95 per cent of his charges were either orphans or came from homes that lacked the proper parental influence.

## ADVENTURE FOR YOUTH

Society Sending Boys to Northern British Columbia—One From Here

TORONTO, May 27: (CSP)—The Schools Exploration Society of Canada has sponsored what was described as a "thrilling adventure" for Canadian youth, exploration of the Dominion's northland, designed to inspire young Canadians "to take an active part in the further development of their country."

Incorporation of the Society was announced recently in the Canada Gazette. Incorporation, explained Nicholas Ignatieff, history master in Upper Canada College here and Chief Leader of the Society was decided upon to give the organization "more purpose, stability and national backing."

Its head office in Toronto, the Society will be carried on without share capital. Named among its incorporators were Mr. Ignatieff; Dr. D. E. Robertson of the Hospital for Sick Children (who was imprisoned in the Moose River Mine in 1936); Prof. T. W. L. MacDermot, principal of Upper Canada College and Barbe de Marbois and Robert E. Pennell, all of Toronto.

The Society's objects: "To acquaint young Canadians with the unexplored areas and resources of the Dominion and to inspire them to take an active part in the further development of their country and through practical experience to encourage them to find their places in such constructive pursuits as engineering, mining, colonization and northern development in general."

"Through a wider knowledge of Canada to overcome sectionalism and stimulate national unity. To foster that sense of comradeship and co-operation which rigorous living in the open can give. To develop self-reliance, resourcefulness, self-control, courage, physical fitness and endurance in boys and stimulate their imagination and love of nature and adventure."

Plans for 1938

Four expeditions are planned for this summer, said Ignatieff. The main party of 30 boys will travel up the Finlay River into Northern British Columbia to Fort Ware, 400 miles north of Prince George starting July 1 in Toronto and ending August 22. The second will be made by members of the first party, starting August 22 from Prince Rupert, and travelling by schooner to Alaska.

The third expedition envisages mountain climbing around Jasper Alberta, designed for a small group of Society members and will last three weeks. The fourth, the "Voyageurs" expedition to James Bay will "revive the spirit of the Voyageurs and fur brigades by re-discovering their old routes in Northern Quebec."

Ignatieff, who led an "experimental" expedition of private school boys into the north-west last year, said it was expected boys from private schools and colleges would comprise this year's parties but ultimately it was hoped the Society would be able to carry some youths of outstanding promise who could not afford to pay their own expenses. Under present plans, members pay their own way.

Son of the last Russian Minister of Education under the Czars, Ignatieff came to Canada as a youth working on farms, "mucking" in northern gold mines and in lumber camps. With his family, he settled in the Peace River district of Northern Alberta. He became master of history in Upper Canada College four years ago.

## REMO HAS SPORT DAY

Physical Education Display, Races, Games and Supper

REMO, May 27.—A very enjoyable sports day was held here on Victoria Day. Almost everyone in the vicinity came in to take part. Miss Annie Lips, the teacher, was in charge.

The program began at two o'clock with a physical education display by the pupils of the school. Then races and other contests were held. Some of the competitors showed remarkable athletic ability. The adults were as wholeheartedly enthusiastic as the children.

When the races were over, the school softball team, Remo Strawberry Growers, played a local team, the Remo Hawks. The game was finished after supper and Strawberry Growers were victorious. Ice cream and lemonade were served at intervals during the course of the afternoon.

Mrs. Lindstrom, assisted by the other ladies present, served a delicious supper in the school about six o'clock. Miss Lips made a speech, thanking all those who had helped to make the day a success and distributed the prizes to the winners of the contests. Mr. Laird, president of the School Board, then made a speech offering Miss Lips a vote of thanks for the splendid afternoon.

## WHIFFLETS From The Waterfront

Six halibut vessels sold catches aggregating 150,000 pounds at Seattle yesterday as follows: Liahona, 39,000 pounds, New England, 7½c and 6c; Grant, 40,000, San Juan, 7c and 6½c; Sea Bird, 28,000, Whiz, 7c and 6½c; Dawn, 10,000, San Juan, 7½c and 6c; Antler, 15,000, Sebastian, 7½c and 6c; Freya, 18,000, Booth, 7c and 6c. The Dawn had 2000 pounds of ling cod; Antler, 1,800 pounds, and Freya, 1,500 pounds, which sold at 3c. The Grant had refused 6½c and 5c at Prince Rupert on Monday, going on to Seattle. The time the vessel lost in going to Seattle more than offset the advantage of the slightly better price she received.

Taking over the Armour Salvage Co.'s pile driver which will be used in wharf construction for the B.C. Packers salmon cannery and reduction plant at Pacofi, Armour Salvage Co.'s service boat Pachena, Capt. Henry Hansen, left at five o'clock Wednesday afternoon for the Queen Charlotte Islands. At Pacofi the Pachena is to meet the Daly, Capt. Reg. Green, which left at the first of the week with the big scow in tow for Watun River to pick up equipment from the cannery there which is to be taken to Pacofi. The Pachena will return here while the Daly remains with the pile driver and scow in connection with the work at Pacofi.

C. A. Wrenshall, who graduated with distinction, heading his class in mechanical engineering, has arrived in the city from Saskatoon to join the engineering staff of the Northern Fishermen's Cold Storage Ltd.

There has been a marked falling off since the first of the week in the spring salmon run on the

trolling grounds nearer to Prince Rupert such as Dundas and Stephens Island. At North Island on the Queen Charlottes, however, there seems to be a good run continuing with a good deal of the fish being packed into Prince Rupert. During the past couple of days there has been a strong north-west wind outside which has made fishing impossible and rendered navigation uncomfortable, to say the least of it, for the smaller craft.

A Royal Canadian Air Force seaplane, which has been here and in the district for the past couple of weeks with Group Captain G. O. Johnson of Vancouver, commanding officer of the Air Force for Western Canada, left at 9:45 this morning on its return to Vancouver. Squadron Leader F. L. Stevenson is pilot of the plane and D. H. McLean, mechanic.

Two steamers are arriving in port this evening from the south. The Princess Adelaide, Capt. Henry Anderson, is due at 7:30 p.m. and will sail at 10 p.m. on her return to Vancouver and waypoints. The Cardena, Capt. John Boden, is due at 8 o'clock and will sail at 10:30 on her return south. The Cardena is making her calls in the Skeena River this afternoon.

## CELEBRATED MOUNTAINEER FOR JASPER

JASPER, May 27.—Word has been received here that Fritz H. Weissner of New York, conqueror of Mt. Waddington (13,260 feet) in the British Columbia coast mountains, will tackle some of the giant peaks in the Columbia icefield, some 75 miles south of here, this summer. He plans to bring a party of climbing friends with him into this spectacular territory at the apex of the main Rockies now easily available from the new trans-mountain highway running south from here. His party will likely do considerable climbing from the Alpine Club of Canada camp which will be established adjacent to the highway the last two weeks in July.

Weissner's ascent of Waddington in July, 1936, made him a notable figure in world mountaineering circles. Up to that time it bore the reputation of being unclimbable and had turned back many attempts to scale its summit cliff.

## Victoria Day At Terrace And Usk

Two Baseball Games In One Town And Dance at Another

TERRACE, May 27.—Victoria Day passed quietly at Terrace. First thing in the morning two truckloads of singing, rollicking young people left for Usk at which centre the celebrations had been planned.

Two games of baseball, both of which Terrace lost, were played on the Usk School lot and by six o'clock the river ferry had to cease operations owing to the menacing appearance of the stream with the consequence that the two trucks came back and the young folk hastily transferred their dancing propensities to the Odd-fellows' Hall at Terrace.

Mrs. William Bagshaw sailed last night on the Prince George for a trip to Vancouver.

## "GO-GETTER" FILM HERE

George Brent and Anita Louise Are Starred in Cappy Ricks Picture At Capitol Theatre

Cappy Ricks, that popular character of current magazine fiction, Peter B. Kyne's Cappy Ricks, comes to the screen in "The Go-Getter," which is the week-end feature offering on the screen of the Capitol Theatre. Cappy, who owns steamships and operates them out of San Francisco to all parts of the world, is portrayed by Charles Winninger. The "Go-Getter," however, is George Brent who takes the part of a member of the crew of the dirigible Macon in its fatal crash into the ocean. He escapes with his life but loses a leg and has to go into civil life. He meets up with Cappy Ricks and also Cappy's daughter, Margaret, played by Anita Louise. The story deals with the various tests through which Cappy puts Brent before he finally gives consent to a courtship. Through all these tests the hero successfully emerges, bringing everything to a happy culmination.

Other members of the cast include Henry O'Neill, John Eldredge, Joseph Crehan, Helen Valkis, Helen Lowell, Minerva Urecal, Harry Berneford, Herbert Rawlinson and Eddie Acuff.

## TERRACE

Fine, warm weather has brought the Skeena River up to the level of the spring freshet. There appears to be little danger of damaging flood, however, the nights being delightfully cool.

Captain J. Bowen - Colhurst, Matt Allard and an Indian packer spent a few days this week in the Kalum Lake region. They brought down a couple of bears.

## BLACKHEADS

Blackheads simply dissolve and disappear by this simple, safe and sure method. Get two ounces of peroxide powder from any drug store, sprinkle it on a hot, wet cloth, rub the face gently—every blackhead will be gone. Have a Hollywood complexion.
