French War Budget Is Presented Today Premier Chamberlain Has Something More To Say For Germany

All Country's Forces Would Be Used To Help Great Britain

Parliament at Paris Receives Estimate of \$820,000,000 for Defence Expenditures During Coming Year

PARIS, December 15: (CP)—The government of Premier Edouard Daladier, warning Italy and Germany that France will fight to protect the Empire, presented to Parliament today the greatest arms budget since the World War, providing for an expenditure of \$820,000,000 for defence for 1939.

In a statement to the foreign affairs committee last night, Foreign Minister Georges Bonnet asserted that the entire armed forces of the country would be used in the defence of Great Britain in the event of an unprovoked attack.

RESCUE IS TOUGH JOB

Devious Means Have To Be Employed To Get Survivors off Patterson

SEATTLE, December 15 (Canadian Press)—Eighteen survivors of the wrecked motorship Patterson are still stranded off Cape Fairweather, where rescue ships have been unable, owing to rough weather, to effect a landing, but three planes dropped food supplies for them yesterday.

A plane was to fly to Lituya today, guided to hike thirty miles overland to the beach where the men are, returning to Lituya Bay tomorrow to come out by plane to Juneau.

ANNEXING OF MEMEL Settlement Is Reached

Appeal Expected to be Made to Hitler to Take it Over

BERLIN, Dec. 15: (CP)—The new Parliament of Memel, following elections at the first of the week, is expected to precipitate the issue of annexation to Germany by voting that Memel belongs to Germany, an appeal that Chancellor Hitler would be unable to ignore as "Protector of All Germans."

MURDER CHARGE

Mrs. Gordon McKenzie, Aged 22 of Vancouver Formally Accused of Dropping Her Baby Over Bridge

VANCOUVER, December 15 (Canadian Press)—Mrs. Gordon McKenzie, aged 22, was charged today with murdering her three-month-old daughter who was killed Monday night in a drop from Burrard Street bridge. The mother said the child dropped accidentally while she herself was contemplating suicide because of poverty.

ALL MEN ARE SAFE

Second Search Party Went From Smithers to Babine Mountains

SMITHERS, December 15 (Canadian Press)—A search party which set out to recover the body of Martin Kane, 63-year old Vancouver and Smithers prospector, from the Babine Mountains where he died of exposure last Saturday night, is reported safe after a second party went out in search of it. Anxiety was aroused when the first party failed to return with the body yesterday after having been out three days on the forty-mile hike. All the men were reported safe last night. Associates "Statesmen" But Not "People" of That Country With Hit Latest Remarks—Money Power Might Be Deciding Factor

LONDON, December 15: (CP)—Prime Minister Neville Chamberlain told a luncheon audience today that Great Britain's financial power is the curb on Nazi statesmen when they think of war. We may take it that when German statesmen—I won't say the German people—reflect on the possible consequences of a conflict, they think not only of our armaments but of our great financial resources which, in a war of long duration, might well prove the deciding factor.

TELFORD ELECTED

C.C.F. Leader Had Majority of More Than 2000 Over Mayor Miller

VANCOUVER, Dec. 15: (CP)—Dr. J. Lyle Telford M. L. A. was elected mayor of Vancouver yesterday, with a majority of more than two thousand over Mayor George C. Miller. Four other candidates were in the field. Dr. Telford, who will have a two-year term as mayor, rode to victory on the crest of heavy voting support from the same district in the east end which returned him to the Legislature with a big lead in the last provincial election.

The complete tabulation gave the following figures:
Dr. Telford 16,903
Mayor Miller 14,842
Col. Nelson Spencer 8,397
T. H. Kirk 894
Dr. A. F. Barton 772
Ex-Mayor L. D. Taylor 424
Although Mayor Miller was unsuccessful, the Non-Partisan aldermanic slate, which supported him, swept the four council vacancies in the persons of Ald. John Bennett, Ald. J. W. Cornett, Ald. Halford D. Wilson and Fred Crone, who is also a Liberal Member of the Legislature for Vancouver Centre.
Dr. Telford, while elected mayor, will have a council largely opposed to his policies.

NOTHING TO FIGHT ABOUT

While the present situation in Europe is not a pleasant one, it is nothing just now to make us jittery. There is nothing to fight about. We do not like the way Chancellor Hitler is acting but we can hardly go to war in order to teach the dictator to act as a gentleman. If he is a cad, that is his loss. We simply have to endure him as a neighbor but we must not fight unless we have to do so. There must be some greater complaint than that poor Adolf is ill-mannered. Even the fact that he robs the German Jew is hardly a matter for international interference. It is purely a matter of Germany's internal economy.

SALVATION ARMY FUND

We make a special request to the people here to support the Salvation Army fund. While there are other organizations that doubtless do good work at Christmas time, the Salvation Army is in touch with the poorest people, the most needy, those whom we all would like to help. For that reason we suggest that they are well able to handle any donation the people of the city may like to make. Also it is very desirable that donations be sent in so that the officials may know how to lay their plans for Christmas Cheer.

ROTARY VISITORS

The announcement that several shiploads of delegates to the district conference of Rotary will be here in May will prove welcome news to many. These people come from British Columbia, the states of Washington, Oregon and part of two other states. They are mostly men of standing in their respective communities. They are making the round trip on chartered steamers to Juneau, Ketchikan and Prince Rupert and an effort is now being made to have them spend a day in the city.

CORRECTING AN ANOMALY

Under the law as it has been in force for several years, if a man stops and picks up a friend in his car and an accident happens, the man who was hospitable and friendly is punished and can be sued by the guest and damages collected. At the last session of the Legislature this was changed and no longer is it dangerous to befriend a person by giving him a lift. Only if it can be shown that the driver exercised gross carelessness can he be sued.

MAYOR OF VANCOUVER

We congratulate Dr. Lyle Telford on being elected to the position of Mayor of Vancouver, the most important civic position in the province. It is a particularly important position in view of the visit of the King and Queen to that city next year. We feel sure the genial doctor will carry out his duties in this connection with dignity.

It is not trying to take away from the victor any of the glory that comes from so important a win to suggest that, had there been only ex-Mayor Miller in the field, the result might have been quite different, especially in view of the fact that Miller's supporters were elected to the council.

MEETING OF MUSIC CLUB

Christmas Music Subject—Cup Is Presented to Dorothy Kergin

The Ladies' Music Club held its fortnightly meeting at the home of Mrs. Lee Gordon yesterday afternoon. There was a good attendance of members and the President, Mrs. Sheldford Darton, was in the chair.

Christmas Music, the subject for the afternoon, was in the hands of Mrs. Robert Blance who read a most interesting paper and arranged a very enjoyable program which consisted of the singing of carols by the club, a vocal duet by Mrs. R. G. Large and Mrs. Bernard Lundahl, a vocal solo by Mrs. J. H. McLeod and pianoforte solo by Mrs. W. L. Stamford.

During the afternoon the presentation took place of the Music Club Cup, which each year is awarded to the student ranking highest in the Toronto Conservatory of Music examinations. Miss Frances Moore, last year's winner, presented the cup with congratulations to little Miss Dorothy Kergin who won it this year. Afterwards both young ladies delighted the audience with beautifully rendered pianoforte solos.

Eagles' Bridge Series Winners

Pre-Christmas Series Concludes
With Twenty Tables in Play
Last Night

The pre-Christmas season series of bridge drives by the local Eagles' Lodge concluded last night when twenty tables were in play at the Aerie Hall. After cards, delicious refreshments were served and dancing followed.

The prize-winners for the series were: men's first, D. A. MacPhee; ladies' first, Mrs. Peter Solem; consolation, Mrs. Crittal; mystery prize, Mrs. G. Adams.

The winners on the evening's play were: ladies' first, Mrs. William Richards; second, Mrs. William Rothwell; third, Mrs. A. McIver; fourth, Miss Margaret Fritz; men's first, H. Wannamaker; second, L. Tusvik; third, C. J. Harmon; fourth, G. W. Rutherford.

Music for the dancing was furnished by Mrs. J. S. Black's Orchestra.

Angelo Astori was master of ceremonies for cards and Robert McKay for the dance. Frank Ellison presided at the door.

The committee in charge consisted of William Hutson, O. Carlson; Hugh Ferguson, Andrew Ronald and F. R. Hunter.

SEVERAL SHIPLOADS EXPECTED

Prince Rupert To Be Host to Rotary Delegates Middle of May
Coming

Marshall Cornett of Klamath Falls, Oregon, district governor of Rotary, told the Rotary Club yesterday that the district conference of the club would be held either at Juneau or divided between the three towns—Juneau, Ketchikan and Prince Rupert. In any event the district Rotarians would pay a visit to Prince Rupert in the middle of May, spending some hours in the city. So far two shiploads have been arranged for, numbering about six hundred delegates, their wives and families. It is hoped to increase this number to fill four ships—two Canadian and two American.

The local executive and club committee chairmen, at a luncheon at noon yesterday with the Governor, decided to ask that one session of the conference take place in Prince Rupert which would mean that the visitors would be in the city for the greater part of the day, probably May 16.

Don't Let Constipation Drag On!

Do you often have days when you wake up tired—when you feel dull, sunk, "all bowed down"? It's time you did something about it. And something more than just taking a pill. You should get at the cause of the trouble!

If you eat what most people do—just bread, meat, potatoes—chances are that just this fact is responsible: you don't get enough "bulk." And "bulk" doesn't mean a lot of food. It means a kind of food that is consumed in the body but leaves a soft "bulky" mass in the intestines that helps a bowel movement.

If this is your trouble, what you need is crisp crunchy Kellogg's All-Bran for breakfast. It contains "bulk" plus Nature's intestinal tonic, vitamin B1. Eat it every day, drink plenty of water, and see if your old sparkle doesn't come back! Made by Kellogg in London, Ontario.

Reduction Plants Are Running Steady—Fishermen's Naval Reserve Nearly Filled Up Now

With a substantial run of herring on at the head of Prince Rupert Harbor, Port Edward and Tucks Inlet reduction plants are both running steadily now, almost at capacity on some days. With colder weather in prospect, an increase in the run of fish is being anticipated which would make the reduction plants that much busier. After the first of the year it is expected other reduction plants in Prince Rupert district will be opening up.

Of 100 Prince Rupert fishermen who will go to Esquimalt aboard twenty fishing vessels at the end of January for a month's course of training under the fishermen's reserve plan of the Royal Canadian Navy, there are places left for only four more men. It was announced today by Jarvis H. McLeod, collector of customs, who has been appointed paymaster lieutenant in charge of the Prince Rupert unit of the fishermen's unit.

James Gillett arrived in the city on the Prince George yesterday from Vancouver to assume duty as watch officer of the steamer Prince Rupert which is tied up for the winter at the local dry dock.

C.N.R. steamer Prince John, Capt. Neil McLean, arrived in port at 8:30 last evening from Vancouver via the Queen Charlotte Islands with passengers, mail and freight. The vessel will sail at 10:30 Friday night on her return south over the same route.

C.P.R. steamer Princess Norah, Capt. William Palmer, arrived in port at 9 o'clock this morning from Vancouver and sailed an hour later for Skagway and other northern points whence she will return here next Monday afternoon south-bound. The Norah had 34 passengers on board. Two disembarked here and 9 went aboard at their port for the north.

HIS PRINCESS WON AFTER 37 YEARS

Pictured after their wedding at the register office in Paddington, London, Eng., are Major Ralph Peto and his bride, the former Princess Lichnowsky, and thereby hangs a tale. The Princess and the major were sweethearts 37 years ago, but she gave him up and married Prince Lichnowsky, German ambassador to England at the outbreak of the war. The Prince died in 1928, and recently the major met his princess on the French Riviera. He proposed, she said "yes," and so they were married.

VISIT FROM GOVERNOR

Head of Rotary District Addresses Club at Evening Dinner Meeting

The Rotary district over which Marshall Cornett of Klamath Hall is governor has eighty clubs with over five thousand members. It is his duty to visit each club during the year of his office so he is kept quite busy. That is what he told the Prince Rupert Rotary Club at its meeting last night at a dinner given in his honor in the Commodore Cafe. W. L. Coates president and visitors included D. G. Borland, president of the Gyro Club, J. D. Healey, special representative of Vice-president Warren of the Canadian National Railway at Winnipeg who addresses the Chamber of Commerce tonight, and W. M. Watts, President-elect of the Gyro Club, Buffalo steaks were served.

Governor Cornett complimented the Gyro Club on the work they had done in Prince Rupert, evidences of which they had seen. He said he had a profound belief in Rotary and especially so after visiting a great many of the clubs of this district. He mentioned particularly the work of the club at Fernie where in a town of 3,700 depending on a languishing industry the club of twenty-two members took care of five crippled children all the time and could show results in a number of wonderful cures.

He then dealt with the work of Rotary in its general sense, likening the four objects to a four-way road. Fellowship was a great thing in life and acquaintances made at the Rotary gatherings often deepened into lasting friendships.

Vocational service was the service the member extended to his own trade business or profession and the first important way of dignifying and improving the trade or profession he represented was by making his own business an outstanding example.

The third object was community service both by the club as a unit and by the members individually.

Many clubs devoted considerable attention to aiding young boys and girls who had fewer opportunities than others.

The fourth object, that of cultivating better international relations, was important. One of the first things to do was to learn about other nationalities and to always try to be tolerant, carefully guarding against adopting the critical attitude.

Governor Cornett left this morning for Ketchikan and from there he goes to Juneau where he will help that club make arrangements for the district meeting next May.

Harry Striethorst Of Seal Cove Dies

Elderly Prospector and Fisherman Passes away in Prince Rupert General Hospital

Harry Striethorst, Seal Cove Avenue prospector and fisherman, who had resided in Prince Rupert for nine years and in British Columbia for fifty-five years, died last night in the Prince Rupert General Hospital where he had been a patient for the past couple of months. The remains are being sent tonight aboard the Prince George to Vancouver where there will be cremation.

The late Mr. Striethorst was eighty-one years of age and was born in Hamberg, Germany. He was a widower.

BASKETBALL COMMENCED

Two Leagues Get Under Way At Armory With Soldiers Winning Both Games

Basketball play was inaugurated at the Armory Tuesday night with Army winning over Navy 58 to 47 in a senior game while, in a junior encounter, Army was also victorious, taking the measure of Recreation Centre 15 to 11. Both games were well contested and the play attracted a good-sized crowd of fans.

The senior game proved fast and exciting with Armstrong and Bremner of the Navy sinking them from left and right and Johnston and Clausen of the Army making it an even ball game. At half time the Army was in the lead by a narrow score of 27 to 25. In the second half Johnson of the Army continued looting them in the basket time and again as also did Bremner and Christen for the Navy with Armstrong's support.

Players:
Army—Johnston, 29; Mitchell, 9; Gills, 4; Clausen, 14; Comadina, Miller, 2. Total 58.
Navy—Bryant, O'Neill, 2; Armstrong, 15; Storrie, Christian, 6; Bremner, 21; Brown, 3. Total 47.

Junior Game
The opening game was fast with both teams playing good basketball. At half time the score was 9-4 in favor of Recreation Centre. The second half proved different with Woods and Blake netting three and two baskets respectively for the Army whereas Holkestad was the only scorer for the Centre, netting but one basket, leaving the Army in the lead at the end of the game with a score of 15-11.

Players:
Army—A. Smith, 1; R. Woods, 8; Smith, Norton, Houston, Blake, 6; Marr, 2. Total 15.
Recreation Centre—Holkestad, 5; Long, Morin, Blain, 2; Barber, Hopkins, 2; Mah, McDonald, Sher, 2. Total 11.

Bill Vance proved an efficient referee. Timekeeper was Bud Ponder and Scorekeeper was Roy Smith.

BRITISH SOLDIERS KILLED BY JAP SHELLS

This picture was taken shortly before a Japanese shell exploded at this British outpost in the International Settlement at Shanghai and snuffed out the lives of William Christopher Howard (sighting the Lewis gun) and James Melton (holding the mounting with both hands). Following the deaths of these British soldiers, orders were given all British outposts to open fire at will against any Japanese aeroplanes which came menacingly close to British lines around Shanghai.

COME OUT WITH BODY

Remains of Martin Kane Due In Smithers Yesterday From Babine

SMITHERS, Dec. 15—The party which left Smithers in charge of Police Constable Davidson on Monday to go into the Babine to bring out the body of Martin Kane, who collapsed and died on the trail about 20 miles out from Smithers, did not expect to be back before yesterday.

Kane was a partner of the late Tommy King who died here about three months ago. Together they had owned the mining property known as the Little Joe group but which is now called the Silver Pick. They also owned the Hyland Basin property. Both properties were situated on Babine mountain and not very far apart. They shipped about about ten tons of high grade ore from the Hyland Basin about three years ago which netted them about \$150 per ton. This year a shipment was made from the Silver Pick by Axel Elmstead who was operating the property and it too averaged \$150 per ton. It was to pay a visit to the property and talk matters over with Elmstead that Mr. Kane had just arrived from Vancouver and with an engineer was on his way to the property when he died on the trail and the body was found by Elmstead who came in to town to report the matter to the police on Sunday.

Kane had been in the Zeballos district all summer and had just left there recently. He and his partner King were among the first to settle in this district having arrived at Hazelton about thirty years ago. They were both very well known and considered to be among the best prospectors to arrive in the district.

In conversation with friends in Smithers upon his arrival here last Thursday he was very optimistic about the prospects of early activity in mining for this district and was enthusiastic about his own property which has responded so well to recent operations.

His many friends in the district were greatly shocked to hear of his sudden passing.

LONDON, Dec. 15 (CP)—They have guessing games at Great Ormond Street Hospital for Sick Children. "What's the name of a famous man beginning with T?" asked four-year-old Frankie. When others youngsters gave up he yelled—"Titer"—im that gave us gas masks."

VANDERHOOF

Robert Reid has taken out a permit to erect a modern hotel on Burrard Avenue in Vanderhoof. Arrangements are now being made for the construction of the new hostelry. Fergus Park is making arrangements to erect a hotel on the site of the old Vanderhoof Hotel which was recently destroyed by fire.

The Columbia Power Co., which operates the electric light system at Smithers, is considering entering Vanderhoof. A. Leith Murray, manager of the company, was in Vanderhoof the most of last week going into the possibilities.

The Canadian National Railways will be issuing tie contracts for the coming winter in the central interior within the next few days. There is to be a tightening up on the tie ratings this year which, it is said, will work a hardship on the tie makers.

The public works department has closed down its road camp at Alken Lake north of Vanderhoof for the winter. Practically all the camps in the district are now closed down for the season.

PASSES AT HAZELTON

Hugh "Sourdough" McKay Dies—Was Well Known Old Timer

SMITHERS, December 15—Word has reached Smithers of the death at Hazelton of Hugh McKay who passed away a few days ago.

Mr. McKay was one of the best known personalities of the North and was familiarly known as "Sourdough McKay". He came to the district thirty years ago at the same time as Martin Kane, and Tommy King and other well known prospectors and it is a coincidence that he passed away at almost exactly the same time as Martin Kane who died Saturday night on the trail in Babine Mountains.

Mr. McKay had not been in good health for the past few years and his death was not unexpected.

He had a very pleasing personality and had acquired very many friends throughout the north who will deeply regret to hear of his passing.

Mercury Flying Christmas Mail

Pick-a-Back Plane Helps Santa Claus on Long Routes

ON Dec. 15: (CP)—Helping with the rush of Christmas mails on Empire routes is the flying boat Mercury. It is in Canada on the trans-Pacific experimental hop in the upper component of the composite aircraft is scheduled to make flights between Vancouver and Alexandria before Christmas. At Southampton, she will be off from the back of the

Mala and goes non-stop to Egypt. The return flights are made by easy stages, carrying lighter loads, enabling Mercury to take off on her own.

Also pressed into service to handle the extra mails are three new Imperial Airways 24-ton flying boats, Cabot, Caribou and Conemara. They are operating between Southampton and Kisumu and between Southampton and Karachi on the South African and Australian routes.

This is the first time Mercury has been flown in regular scheduled air mail services. Mercury and other new flying boats are not carrying passengers. Their entire payload is devoted to mail and the crew has been reduced from five to three by elimination of the steward and the flight-clerk.

KING AND QUEEN SHARED IN WORK OF GREAT WAR THO' ONLY IN THEIR TEENS

Coming Visit to Canada Recalls Their Majesties' Varied Activities in Country's Services

For many Canadians who fought in the Great War the visit of the King and Queen next spring will mean a rekindling of memories of their overseas service 20 years ago. It is possible some of those who cheer Their Majesties as they traverse the Dominion may have served with the King in the navy or in the Royal Naval Air Service.

... and the loveliest pair of blue eyes I'd ever seen."

Memorable Birthday
One of the most memorable days of the Queen's life was surely her 14th birthday. The day falls on August 4 and in 1914 she was in London celebrating with a trip to the theatre. Both actors and audience were aroused by news of the declaration of war and in the streets outside there was cheering, military bands and the tramp of marching columns.

Within a week all four of the Strathmore boys—Patrick, John, Michael and Fergus—had joined the army. Glamis was undergoing its metamorphosis and her elder sister, Lady Rose Bowes-Lyon, was training as a war nurse.

It was not long before war took its toll. In September, 1915, Fergus was killed in action at Loos. Two years later Michael was reported killed but actually had been taken prisoner. He was held in one of the worst of the German prison camps but that did not prevent him from refusing a chance to be sent to Holland in favor of a brother officer who was badly wounded.

For the King the war reached its climax on that May day when the loss of Hipper's cruisers gave out of North Sea mists before Earl Jellicoe's Grand Fleet at Jutland. Having graduated from the Royal Naval College at Dartmouth just before the war, he had reached by then the post of second-in-command of No. 1 turret on the battleship Collingwood.

Cited By Jellicoe
In the brief engagement of the Grand Fleet the Collingwood took on the cruiser Derfflinger and fought off some destroyers. The big shells made fountains around the ship. At a high point of the engagement the youthful prince was sent to make cocoa for the sweating gun crews. The Derfflinger scored hits upon the Collingwood but herself was badly crippled. After the battle Earl Jellicoe cited Prince Albert for courage and coolness under fire.

The King still has a cherished memento of Jutland in one of the white ensigns flown by the Collingwood during the battle. He once made a humorous reference to the cocoa episode when preparing an evening snack in his home. "Let me make the cocoa," he said to his wife and guests. "I know all about this job."

Stationed at R.N.A.S. headquarters at Nancy, France, he steadily progressed up the ladder through the ranks of squadron leader and wing commander to become group captain before peace came.

But this suggestion did not appeal to the prince. With the remark: "I can't have it hanging over my head," he went up and passed with flying colors.

Soon after Jutland his health sent the prince ashore and following a serious operation he was ordered a period of land duty. The new-born prince was still without a royal wing commander to become group recruit and the prince was attached to the Royal Naval Air Service.

LEGION IS IN SESSION

Report Presented on Interview
With Provincial Government

The Prince Rupert branch of the Canadian Legion of the British Empire Service League met last evening in regular monthly meeting with President Jack Preece in the chair and a good turn-out of members.

Correspondence from the Provincial Command told of the interview between the provincial executive of the Canadian Legion and the cabinet of British Columbia. At this meeting the cabinet, with Premier T. D. Pattullo presiding, was presented with the views of the Canadian Legion on the question of having the Dominion government provide an economic allowance for unemployed single ex-service men. The Legion also presented a resolution regarding provincial sweepstakes.

The Legion has asked that all goods manufactured for the visit of the King and Queen to Canada next year should plainly show the country of origin and also that, where possible, such goods might be manufactured in the VetCraft and Red Cross workshops in Canada.

Arrangements were made for the Christmas dinner for ex-service men and also for hampers for families where needed.

Applications for regular membership from N. Bokshytz, Andrew G. MacDonald and H. L. Landry were approved.

Reports of the troop committee of the Legion Troop of Boy Scouts indicated that the troop gave every prospect of living up to the highest ideals of the Scout movement. The members are taking a keen interest in the troop and are looking forward to paying a visit at an early date to see the boys in action.

The Boys' Club will be supplied with a photograph of His Majesty.

BIG CROP IS MIXED BLESSING

Bumper Yields in Most Producing
Countries Made for Poor
Market

By FRANK FLAHERTY

(Canadian Press Staff Writer)
OTTAWA, Dec. 15 (CP)—The wheat problem, never absent from the minds of Ottawa cabinet ministers during the past eight years, assumed a new form in 1938. For the first time it became directly related to governmental finance with the prospect of a wheat board deficit estimated variously up to \$50,000,000.

This arises from the fact western wheat growers receive a fixed minimum price of 80 cents per bushel basis No. 1 northern at Fort William, and the market price during most of the autumn was about 15 to 20 cents less.

The Canadian wheat board must buy all wheat offered on the basis of 80 cents and sell on the open world markets at the prevailing price. The difference must be made up out of the federal treasury.

In former years the problem was more one for farmers and western economy in general than for the Dominion government. They were years of either short crops or low prices or both. This year the crop was of normal size, 324,000,000 bushels for the three prairie provinces, but the price is low and it is the Dominion treasury which must bear the loss.

The vast drought area in southern and central Saskatchewan, southern Alberta and southwestern Manitoba where crop failures have been the order for several years disappeared in 1938. The greater part of the area received normal rains and produced a crop. Some drought was experienced farther north.

But bumper crops were the order in nearly all wheat-producing countries and as the 1938 harvest advanced prices declined. Early in August under the wheat board act the government set 80 cents as the price the board should pay farmers for their crop.

Profit Certificates

In addition, the farmers received participation certificates entitling them to share in the board's profits, if any. Unless prices improve during the winter the board will have a loss which has been estimated as high as \$50,000,000. Premier John Bracken of Manitoba placed it at \$40,000,000.

The high fixed price tended to speed up deliveries of wheat from the farms to the elevators and early in November approximately 80 per cent of the crop had left

the farms. Exports during the first three months of the crop year, August, September and October, were brisk, particularly in October, aggregating 46,500,000 bushels. The carryover at the start of the crop year, August 1, was small—23,000,000.

At November 1, taking 103,000,000 bushels as domestic requirements for seed and consumption, the Dominion bureau of statistics estimated Canada still had available for export 319,000,000 bushels.

This compared with 88,000,000 bushels at the same time in 1937, allowing the small crop of that year. Should exports continue at the same rate as in the first three months of the crop year a total export for the crop year of something over 160,000,000 is indicated.

This would leave a carryover into the new crop year as of July 1, 1939, of approximately 100,000,000 bushels. While this would be considerably less than in preceding years when difficulty was encountered in finding markets for the Canadian surplus.

Carl Schreider and Ivor Enlund appeared in city police court yesterday on vagrancy charges and were each given one day's imprisonment.

Noted Statesman Writer Awarded
Gold Medal for Life of Ancestor

LONDON, Dec. 15 (CP)—Winston Churchill, reputed to have earned a small fortune for his literary works and articles on current political affairs, has been awarded a gold medal for his latest book, "Marlborough: His Life and Times."

Britain's noted statesman shared this honor with three other authors whose works were adjudged "the most outstanding" during the past year by a jury of distinguished writers. The medals, awarded by the London Sunday Times, were presented after thousands of books had been reviewed at the National Book Fair.

Mr. Churchill's study of the life of his grandfather, the seventh Duke of Marlborough, was placed first among the year's output of biographies. Other awards in their respective categories were:
