## DEVELOPMENT OF COUNTRY BETWEEN HERE AND JASPER GOVERNMENT DUTY — PERRY

Member For Prince George Also Approves Early Building of Road From Prince Rupert To Interior

The development and settlement of the country between Prince Rupert and Jasper should be one of the primary objects of any British Columbia government it is believed by H. G. Perry, member of the Legislative Assembly for Fort George, who paid a brief visit to the city, returning to the interior on the train last evening. He says he is sold on the Hornby scheme of land settlement and he believes the country between Prince George and Prince Rupert would provide favorable locations for the initiation of the plan in this province. There was plenty of good land to be secured and the plan seemed to him sound. He said he had examined it carefully and could not find any flaw in the scheme. He thought a good man or group of men should be sent to England to try to line up with the settlement fund that had been voted by the British parliament for just such a purpose.

Another improvement that Mr. Perry strongly favors is the building of the highway through to Prince Rupert. Even if the cost is three million dollars, Mr. Perry says he thinks the province, just as soon as it has balanced its budget and paid back its sinking fund, should do the work by contract and have it completed in a very short time. He considered it much more important than many of the schemes of development which have been proposed.

Mr. Perry controls the Prince George Citizen, a weekly newspaper which was formerly operated by the late R. A. Renwick. Since he has taken hold the paper has been much improved and its circulation increased.

Mr. Perry was taken around Prince Rupert and expressed surprise and appreciation at the number of beautiful gardens to be seen everywhere.

### Employment Question

Asked how he considered the unemployment question could be settled, Mr. Perry said it was a big question but there was one method that might be employed that would mitigate its evils considerably. He was not exactly advocating it but it might prove useful. He thought it possible that several unemployment camps might be established where single men, if they wished, could obtain board and lodging and a small sum such as a dollar a day for as long as they wished to stay. They would be kept in touch with the employment offices all over the province and might be called upon at any time to take work when it was offered. He thought employers would much rather take a man who came from a job of that kind than a man who had been walking the streets and was unused to manual labor. The objection that this would set a standard of pay he did not think was a reasonable one. It would be simply a relief project and while the men would have to work while there, it would be only while waiting for a job that they would stay. If offered a job at regular rates of pay they would not be expected to remain. One such camp might be established on the highway east of Prince Rupert. The employment bureau would have to be well organized and a means established for the men to keep in touch with the whole province all the time.

Mr. Perry was much interested in the financial condition of Prince Rupert and the operations of the administration under a commissioner. He said he much enjoyed getting a breath of sea air after the heat of the interior.

## MUST ALTER ITS POLICY

This Is Opinion of Sir Edward Beatty on Great Britain And Shipping

QUEBEC, July 30.—(CP)—Returning from a visit to Great Britain, Sir Edward Beatty, president of the Canadian Pacific Railway, declared that the trans-Pacific service of the Canadian-Australian line would be continued but asserted that Great Britain would have to change its shipping policy to meet the threat of foreign competition.

"It appears to me," said Mr. Beatty "that Britain will have to change its policy from that of the days when it was the only great shipbuilding and shipping nation and either subsidize its builders or steamship companies or both."

## Fires Are Now Under Control

### PROTEST REJECTED

TOKYO—Japan today rejected a protest by the Soviet government over the clash between Russian and Japanese border patrols on the grounds that Russia was the aggressor.

### BOOZE PRICES REDUCED

VICTORIA—Attorney General Gordon Wismer today announced reduction of prices of eastern-made liquors ranging from five to twenty cents per bottle for rye whiskey and fifteen to thirty-five cents for gin. It is also announced that a wider range of eastern liquors will be stocked in government stores. The government will also pay about 10 per cent. less for provincial distillers, passing the saving on to consumers. The distillers have objected to the price reduction, which follows several weeks of negotiations.

## FIRES ARE STILL BAD

Serious Situation Continues In Southwestern British Columbia With No Let-up in Hot Weather

VANCOUVER, July 30.—(CP)—With continued dry, hot weather, the forest fire situation continues serious in southwestern British Columbia. In the Similkameen district near Princeton bad fires are raging as well as in the Cariboo with a particularly bad one near Likely mining camp. The big fire on Vancouver Island also continues although not so badly out of control. From northern Alberta also come reports of large forest fires, the smoke from which is hanging over the capital city of Edmonton.

## Thick Oil Area Off Phillipines Suggests Fate Of Flying Boat

May Have Sank or Made Effort To Smooth Waters For Landing — Search Is Continuing

MANILA, July 30.—(CP)—A thick oil area, supposedly marking the spot where the Hawaii Clipper hit the ocean, was found today by the United States Army transport Meigs five hundred miles from the Phillipine Islands. Whether the oil marked the spot where the plane sank or whether it was used to calm water for landing the plane which then drifted is still a matter of speculation. The great flying boat became missing two days ago on a flight from Guam to Manila with fifteen on board. The search for wreckage continues.

## ONTARIO PREMIER VISITOR

Hon. Mitchell F. Hepburn in Prince Rupert—Welcomed by Local Citizens

Hon. Mitchell F. Hepburn, Ontario's dynamic Premier, is a prominent visitor in Prince Rupert for a couple of hours this afternoon. After an aerial tour of the Canadian Northwest which took him up to the Arctic rim at the mouth of the Mackenzie River and into the Northwest Territories and the Yukon, he is here aboard the Princess Alice this afternoon bound from Skagway to Vancouver. The intention had been to fly down the coast but unsettled weather along the route caused a change of plans and the use of the steamer was resorted to.

Premier Hepburn was welcomed on arrival by a party of local citizens who are showing him around. It is his first visit to Prince Rupert. The reception committee included City Commissioner W. J. Alder, F. A. MacCallum, president of the Prince Rupert Chamber of Commerce, G. W. Nickerson, C. V. Emtt, Lieut. Col. J. W. Nichols, J. J. Little, W. L. Coates, J. P. D. Malkin and D. G. Borland.

Mr. Hepburn's trip is entirely in the nature of a holiday. Accompanying the Ontario Premier is Bernard Smith, New York broker, who has extensive mining interests in British Columbia. J. P. Bicknell of Toronto, with whom Premier Hepburn and Mr. Smith have been flying, landed at Vancouver last evening from Carcross. They reported dense clouds of smoke between Prince George and Lilloet owing to forest fires.

## Australia Is Talking Trade

Minister of Trade From Down Under to Visit Ottawa and Washington in Course of Empire Tour

OTTAWA, July 30.—(CP)—Sir Earl Page, Australia's minister of finance, is due in Ottawa soon in the course of a tour of the Empire to discuss uniform trade agreements between the various countries of the British commonwealth. Sir Earl will also go to Washington to discuss the possibility of an American-Australian trade agreement.

Owing to heavy passenger bus-ness for the Queen Charlotte Islands, the Prince Charles will sail at 7 o'clock tomorrow morning instead of at 10:30 tonight.

VALUABLE TO BRITISH COLUMBIA

The work that Howard T. Mitchell is doing for British Columbia mining in drawing public attention to it by picture and by word of mouth is very valuable.

A PATRIOTIC SLANT

There is a patriotic slant to the move that Premier Pattullo announces will be made to prospect for oil in the Peace River country.

We know there is oil at Fort Norman on the Mackenzie River and there is every prospect that it will be found in the Peace River, according to experts.

Find 1815 Wreck In River Bottom

Hulk of One of Early Steamboats Juts Up In Richelieu Mud

MONTREAL, July 30.—(CP)—Discovery of the wreck of the S. S. Vermont, buried for more than a century in the muddy floor of the Richelieu River, was reported here by a research party of the Canadian Railroad Historical Association.

Half submerged in the river bottom with only a bare skeleton of ribs jutting toward the surface, the wrecked hull was found in 10 feet of water about three miles north of the United States border.

maximum speed of six miles an hour between Whitehall, N. Y., at the lower end of Lake Champlain and St. John's Que.

The War of 1812 interrupted the trips to Canada and the vessel became a troopship. Back into commercial service, the Vermont sank late in 1815 when the connecting rod became detached and drove a hole through the hull.

Steered toward shore and out of the path of marine traffic, the crippled vessel settled below the waves and gradually became submerged. Then, with the advent of modern methods of transportation the spot was forgotten.

A 10-foot rib of the wreck brought to the surface by a diver will be placed in the Chateau de Ramezay museum here.

Provincial Constable Andrew Grant left by last evening's train on his return to Hazelton after a brief visit to the city on official duties.

Otherwise Standings In Big League Unchanged As Result of Yesterday's Play

NEW YORK, July 30.—(CP)—Yesterday's games made little difference in the 1938 major baseball league pennant race situations.

In the American League one full game still stood between the first place New York Yankees and the Cleveland Indians, the former having won a close victory from the Chicago White Sox while Cleveland had no trouble in disposing of the Washington Senators.

In order to bring the schedule of football games for the Mobley Cup up-to-date the Merchants and the Canadian Legion played a postponed game last evening with the Merchants winning by two goals to nil.

Neither team was at full strength but the spares put up a good showing and the game was keenly contested. Smith was nearly through but Parsons stopped him.

There was more action in the second half. Simundson was through but Vink saved a sure goal by fouling him. The resultant penalty taken by Howe was saved by Vink—a bit of luck for the Merchants.

Teams: Canadian Legion—Krause; Murray, Bremner; Sam Currie, Howe, Simundson, Vance, Smith, Johnston. Merchants—Vink; Gomez, Parsons; Gillis, McLean, Roma; Cameron, Baker, O'Neill, D. Gomez, Husoy.

Referee was B. Armstrong. For the Legion the best players were Krause, Murray, Howe and Bremner while the Merchants were best served by O'Neill, Baker, Gomez and Cameron.

WILL HAVE FINE DOLLS

Paris Sparing No Effort to Make Offerings to Young British Royalty Complete

By GLADYS M. ARNOLD PARIS, July 30.—(CP)—When Marianne and France, the two magnificent dolls being prepared in Paris for Princesses Elizabeth and Margaret Rose, cross the Channel to greet their new mistresses they will be following a custom of many centuries.

As long as there have been princesses such gifts have gone from one country to another. Dolls from Russia and France and Germany have found their way into Buckingham Palace and some of them may be seen today in the Royal Museum of London where are displayed toys of Victoria, Alexandra, Mary and other royal children.

Nothing in the past, however, can approach the sumptuousness of the trousseaux in preparation for these dolls which are to be given by the "Children of France." No doubt one day after the princesses have enjoyed them, they too will find their way to the showcases where their trousseaux will constitute one of the most complete records of feminine apparel at any given period of history.

Inside the gowns, cloaks and hats are the names of some of the world's most celebrated dressmakers and milliners. Glove, shoemaker, jeweler, coiffeurs, even the silk and velvet manufacturers, have been called upon to produce materials which will be unique in their originality and rich beauty.

Marianne is blonde and her hair has been arranged suitably for a young girl. It is lifted at the sides and falls in soft curls at the shoulders; France, a brunette, is the elegant and stately young woman with her hair pressed as it would be at the opera or the smartest cocktail parties in the coming winter.

Complete wardrobe has been forgotten—beach clothes of crisp-colored piques, beach cloth, linens and rough-woven peasant cloth in bright-colored and daringly-original designs; sun hats which fold up like an umbrella; whole costumes which include bathing suit, sun shorts, air mattress, beach gowns with all the rest of the regalia, evening, afternoon, cocktail and morning clothes, sport things, a dozen complete sets of exquisitely hand-made "undies" in pale shades particularly the new silver blue which is this year's sensation.

Scarves, gloves in silk, velvets and the finest kid, suede and doeskin. They are embroidered, stitched, hand-painted and colored. Shoes which are a miracle of the shoemaker's art with microscopic tap-

ering heels and dainty decorations, stockings like cobwebs, purses, handbags and saucy veils.

Special roadsters are being made for them by one of the largest automobile companies in the country. The dolls will no doubt delight Princesses Elizabeth and Margaret Rose but they will also show future queen of England what a French genius can do to clothe a woman in beauty.

FAMILY LONGEVITY HACKETT'S COVE, N. S. July 30.—(CP)—The four Fralick brothers of this Halifax county village have reached a total of 355 years of age. John is the oldest, George is 91, Charles, 89, and the youngest, Albert, only 81.

CURFEW REGULATION HALIFAX, July 30.—(CP)—The Halifax city council decided to substitute a curfew regulation prohibiting children under 14 years of age to be on the city streets after 10 p. m. unaccompanied by older persons.

HALIFAX, July 30.—(CP)—The Halifax County Tennis tournament probably set a record that will be hard to beat. Rain and wet courts caused postponement of first matches for five days after they were scheduled.

# WEDDING OF LOCAL GIRL

### Miss Wadei Mussallem Becomes Bride of W. H. Trotter

Saint Andrew's Cathedral was the setting for one of Prince Rupert's largest and most beautiful weddings when Rt. Rev. G. A. Rix, bishop of Caledonia, united in the bonds of matrimony Miss Wadei Mussallem, eldest daughter of Mr. and Mrs. N. Mussallem, 344 Fourth Avenue West, and William Henry Trotter, only son of Mr. and Mrs. H. Trotter of Vancouver.

The bride, who entered the church on the arm of her father, was charming in a gown of lustrous white satin with lace inserts dotted with pearls and skirt sweeping out into a fan-shaped train. Her daintily embroidered bridal veil was caught with a halo of orange blossoms and she carried a bouquet of Talsman roses.

Miss Catherine Mussallem, sister of the bride, was a pretty maid of honor in a beautiful gown of American Beauty chiffon and hat trimmed with American Beauty roses and velvet ribbon. She carried an arm bouquet of pink carnations.

Misses Marie and Margaret Mussallem were charming bridesmaids, dressed in beautiful pink lace full-skirted gowns with matching boleros, picture hats and long gloves. They carried bouquets of gladioli, carnations and scabiosa.

The groomsmen were Joseph Scott, the ushers were Alex Mitchell, Evin Johnson, Earl Gordon and Jack Mussallem.

The cathedral choir was in full attendance and rendered beautiful selections appropriate to the occasion.

Immediately following the ceremony a reception was held at the spacious home of the bride's parents where many guests called.

The reception rooms were decorated with lovely summer flowers, mainly roses. In an arched setting artistically entwined with fragrant honey suckle, the bridal party acknowledged the congratulations of many friends.

The bride's table was centred with a beautifully decorated three-tier wedding cake topped with a miniature bride and groom.

Mrs. Mussallem was charming in a flowing gown of black georgette topped with a very smart, tailored bolero daintily trimmed in white. She wore a black and white picture hat and a corsage of white gardenias.

The servitors were Mrs. Alex Mitchell, Mrs. George Mitchell, Mrs. Henry Hansen and Misses Helea McCaffery, Caroline Mitchell, Freda and Adele Mussallem and Grace Cheater.

Presiding at the urns were Mrs. J. Fred Ritchie, Mrs. M. P. McCaffery, Mrs. A. G. Bartlett and Mrs. P. W. Anderson.

The toast to the bride was proposed by George Mitchell who recalled childhood associations. The toast was very fitting and well received. The groom replied appropriately.

M. P. McCaffery proposed the toast to the maid of honor and the bridesmaids, referring to Mrs. Mussallem and her charming daughters. This toast was responded to by the groomsmen.

Following the reception, the bride and groom, with an exceedingly large number of friends to bid them bon voyage, embarked on the Princess Adelaide for a honeymoon trip to southern cities.

For travelling the bride chose a three-piece ensemble of silk-faced wool in chocolate brown and clay-glow with matching accessories and corsage of yellow roses.

The couple will reside in Prince George.

Fraser, well known engineer, arrived in the city on Thursday night's train from the Omineca district north of Vanderhoof, where he is now operating, and proceeded immediately to Porcher Island to pay a visit to the Reward Mining Co.'s properties on which a new mill is about to be built, replacing the one which was destroyed by fire recently. Mr. Fraser is vice-president of the company, C. P. Riel, president of the company, has been on the property all week.

## MARRIED 50 YEARS

Mr. and Mrs. Louis Astori Celebrate Their Golden Wedding Anniversary

Mr. and Mrs. Louis Astori, well known and esteemed pioneer residents of Prince Rupert, have been receiving congratulations and best wishes of their many friends during the past week after having rounded out half a century of married life. They celebrated their golden wedding anniversary on Sunday last. Many friends called during the day at the home of Mr. and Mrs. Charles Balagno to extend their felicitations to the bride and groom of fifty years ago. There was also a family reunion with all six children and all but one of nine grandchildren in attendance.

Mr. and Mrs. Astori were married July 24, 1888, at Locarno, Switzerland, the bride a Swiss girl and the groom a young Italian. It was not long before they moved to this country. They were residents of Vancouver Island for some years and it was there that their children were born. They came to Prince Rupert nearly thirty years ago so have spent more than half of their married life here.

The children of Mr. and Mrs. Astori are Angelo, Harry and Louis Astori, Mrs. Charles P. Balagno, Miss Pulmira Astori and Miss Marie Astori.

The grandchildren are Marie, Delphine, Charlotte and Helen Balagno, Louis, Harry and Elizabeth Astori and Helen and Delphine Astori.

## Amateur Night Playground Party Held Last Night

The younger children from the Gyro Playgrounds again proved themselves adept at providing entertainment last night when an amateur night was held in the gymnasium. The program was presented entirely by the children themselves and there was a variety of talent on display.

The program was opened with three real "swing" selections by the "Prince Rupert Swing Band" composed of piano, mandolin, a couple of tin cans and a very able conductor in the person of Elsie Kraupner. Elsie, besides leading the band, favored the appreciative audience with a song and a tap dance.

From this point the program progressed smoothly through a hula dance number by two ten year olds and various song and dance numbers by children of from 7 to 15 years.

The most notable items of the evening were the songs of the very young children, Rose Marie Hartwig, Lorraine Youngman and Barbara Teng.

The evening was very much enjoyed by the children who finished off on a cheery note by joining vociferously in a sing song. Louis Judge was the pianist for the evening.

**The program:**  
Hula Dance, Isabelle Gay and Ingrid Anderson.  
Song, Norma Letnes.

## Treasure Hunt At Playgrounds

Novel Event To Be Held on Monday Rain or Shine

There is to be a treasure hunt at the Gyro Playgrounds on Monday for boys of all ages. The hunt will start from the playing field on Acropolis Hill.

At the start of the hunt the boys will be divided into teams with a captain for each team. Each team captain will be given one clue, a map, chart, or written directions as to how and where to look for the next clue. The teams will then follow directions and, after locating the next clue, will be able to progress through a series of these clues to the goal where will be found the treasure.

The route of the treasure hunt is, of course, being kept a secret, as is the nature of the treasure. However, the trail will not be so long and tiring as to make it impossible for the younger boys to participate.

The hunt will be held rain or shine and a large turnout is expected.

### BURNS LAKE

Robert Gordon, well known Prince Rupert hardware merchant, after spending two weeks fishing in the Ootsa Lake district, was a recent guest at the Lakeshore Lodge at Burns Lake. Other recent guests at the Lakeshore Lodge have included Mr. and Mrs. A. A. Arnold and son of Winnipeg, Miss D. Crandell of Santa Monica, California, and Miss E. Sameth of Reno, Nevada.

Mr. and Mrs. Arthur Davies and two daughters of Gardena, California, have been visitors here after spending two weeks fishing and boating at Ootsa Lake and other points. They travelled from California with a trailer attached to their car and expressed themselves as delighted with this lovely country.

Dr. Kincade and Miss Pease of the travelling provincial tuberculosis clinic have been spending a few days at Burns Lake.

Miss M. F. Eyre and Miss L. B. Coad of England, in charge of the travelling Anglican mission van, were here over last week-end, leaving on Wednesday for work in the southern districts.

Miss Janet Rochester of Prince Rupert is visiting at the home of

Mr. and Mrs. D. M. Gerow here. Last Sunday she was a guest at the Nourse ranch south of Burns Lake.

Rev. and Mrs. Frank Bushfield returned on Tuesday of this week from an eight-day trip through the districts south of Burns Lake. They covered about 230 miles and conducted services at many points, some of which are not often visited. Last Sunday afternoon there was a well attended communion service at Wistaria, Mrs. Bushfield singing "The Pilot Song" and "The Beautiful Garden of Prayer." At Harrison Bay an outdoor meeting for children and mothers was conducted on Friday. Bible stories and choruses of new hymns were featured and games and refreshments were enjoyed at the close. Other services included a well attended one at the home of Mr. and Mrs. B. Hogen at Tatalrose as well as in the Ootsa Lake and Uncha Valley schools. Solos and chorus singing were included in all services. Rev. and Mrs. Bushfield received generous hospitality at all places visited.

Harold Bushfield, son of Rev. and Mrs. Frank Bushfield, is spending a while at Wistaria as the guest of Mr. and Mrs. William B. Kerr.

The hay crop is being gathered as quickly as possible in this district to prevent further drying up. Rain is badly needed for gardens and grain.

### EDITOR IS INITIATED

Three Young Ranger Bands Carry Out Fine Ceremony on Island Near Burns Lake

BURNS LAKE, July 30.—On Friday last a combined team from Burns Lake, Palling and Decker Lake bands initiated L. F. Morris of Boston, travelling editor of the Christian Science Monitor, who was visiting this country. Four boatloads of youngsters and adults were taken down to the island on Burns Lake and others who had walked the track were ferried over. In all more than sixty people were present.

The initiation took place in the evening and Mr. Morris was much impressed with the ceremony, praising the youngsters for their work. He asked to be allowed to shake hands with the boys who had put out the Summit Lake fire and described graphically how such a story would have been published in the city, being on the streets fifteen minutes after it reached the newspaper offices.

A camp fire was lighted under the supervision of the forest ranger, and music was provided by the young people, two violins and an accordion forming a most pleasing band.

Coffee and cookies were served and a tired and happy crowd arrived back in Burns Lake at 11:30 p.m.

The Dacker Lake Young Rangers got up their work splendidly in a short time.

### BOYS PUT OUT FIRE

Young Rangers Prevent What Might Have Been Forest Catastrophe

BURNS LAKE, July 30.—Returning from a fishing expedition at Augier Lake, five Burns Lake young rangers found a camp fire spreading rapidly. With a frying pan, an old axe and billy cans they immediately set to work to get it under control. It proved to be a difficult matter in such hazardous weather so they sent in the youngest member of the party with the team and buggy to notify the forest ranger. By the time the pump and forest branch men arrived the fire was under control although it still took two hours pumping to put it dead out.

The young rangers wish they could find the party who tented by Summit Lake and left their camp fire burning. Millions of feet of timber were seriously endangered.

The boys who did this fine work were Charles Nourse, Kenneth Gerow, Albert, David and Sam Gerow, the last mentioned one of the youngest members of the band. They refused to have their names put on a payroll having simply done their duty as young rangers and good citizens.

### Gives Location Of Next Quake

Signs Point to Gaudeloupe or St. Vincent For Activity

PORT OF SPAIN, Trinidad, July 30: (CP)—The next signs of seismic-volcanic activity in the West Indies will probably appear in Gaudeloupe, St. Vincent or one of the intervening islands of the Windward and Leeward groups, according to a report by A. G. MacGregor received here. Mr. MacGregor is geologist to the Royal Society expedition which investigated volcanic disturbances in Montserrat.

The last major earthquake, in November, 1935, is believed by the scientists to have marked the beginning of the decline of the Montserrat disturbances. The shock was recorded over a large part of the world.

Noting the history of the West Indies earthquakes, Mr. MacGregor has found the tendency of the centres of disturbance is to swing back and forth along an arc between Gaudeloupe and St. Vincent. The last appearance of seismic activity in Montserrat in 1937 was mild. Hence the scientist believes the next disturbance will be among the islands farther south.

Halibut Landings Top Eight Million Pound Mark With Fishing In Area No. 2 Now Over — Salmon Fishing Light

Halibut landings at the port of Prince Rupert for the 1938 season up to and including yesterday which was the closing time for fishing in Area No. 2 the area in which the majority of the smaller vessels of the Prince Rupert fleet operate, had reached a total of 8,266,250 pounds of which 4,031,350 pounds had been brought in

by Canadian boats and 4,234,900 pounds by American. With the ending of fishing in Area No. 2 except for a small proportion of halibut allowed incidental to fishing for cod or other varieties, it is expected there will be, as usual, a sharp falling off in the landings at Prince Rupert owing to the tie-up of many of the Canadian vessels and the running through to Seattle hence boats with their catches. During the past week landings at Prince Rupert totalled 508,000 pounds of which 288,500 pounds was from Canadian boats and 219,500 pounds from American. Prices during the week continued at fair level with the top bid of the week for Canadian fish at 7.4 cents and 5 cents received by the Melville for 17,000 pounds and the low 6.5 cents and 4.5 cents which the Oslo, Rose Spit and Tramp received for catches of 14,000 pounds in each case. For American fish the high price of the week was 8.1 cents and 6 cents paid to the Pearl for 11,000 pounds, and the low 7.5 cents and 6 cents which a number of boats received.

C. P. R. steamer Princess Alice Capt. William Thomson, is due in port at 3:30 this afternoon from the north and will sail at 5 p.m. for Vancouver.

### Thames Lamps Light Capital

Relics Are Donated To Province Of Nova Scotia

HALIFAX, July 30: (CP)—Ancient wrought iron lamps that stood for a century on London's famous Waterloo Bridge now guard the entrance to old Province House in this Nova Scotia capital. The lamps were presented to the province by Freeman Davison of Boston, a native of Windsor, N. S. He obtained the relics two years ago when the bridge was being dismantled to make way for a new structure.

The iron stands blend perfectly with the architecture of Province House.

Angus Gillis of this city is reported to be doing satisfactorily in the hospital at Vancouver where he underwent an operation yesterday.
