STAY WITH UNCLE SAM

People of Philippine Islands are Agreed Upon Inadvisability of Independence—Dominion Idea Favored

MANILA, March 19: (CP)—Government leaders of the Philippine Islands are agreed with President Manuel Quezon of the advisability of United States sovereignty being continued over the Philippines instead of complete independence which it had been agreed to grant in 1946.

A form of autonomous Dominion government for the Philippines under the United States is favored by a majority of the assembly. A plan somewhat similar to that of Canada in relation to Great Britain is pointed to.

Business and government leaders are agreed on this. Complete independence for the Philippines in view of the present international situation would be inadvisable, it is conceded, and might make a battleground of the country.

EIGHTY THOUSAND VISITORS

During the month of June last year eighty thousand persons visited the field in the English Midlands where George Russell grew his wonderful new lupins which have been named after him. Eighty thousand was the number attracted by a field of flowers of only one variety grown by an old man eighty years of age.

It was twenty years ago that George Russell, an English jobbing gardener, conceived the idea of growing these lupins which have caused such a sensation in the old country. He was then celebrating his sixtieth birthday but he was sixty years young. He sowed various strains of lupin seeds and set to work to cross-fertilize and select.

Four or five years after he started, a neighbor boy was taken with infantile paralysis which left him unable to walk. Russell took him and daily carried him to his lupin field and taught him the secrets of cross-fertilization and selection and together they worked, man and boy, until the boy was recovered and the man began to see success coming his way.

As Russell gradually developed his new flowers many visitors came to his field and wanted to buy seeds of plants but without success. Not a seed could be purchased and not a plant would the old man sell.

Last year one of the large British seed merchants spoke seriously to Mr. Russell of the future of his young protege and suggested a plan by which the world would obtain the Russell lupins and the boy's future would be secured. The man and boy still work together on their floral development scheme but the lupins are being marketed and, as a result even Prince Rupert is able to secure some of the famous lupin seeds.

A WONDERFUL ATTRACTION

The point of the story is the wonderful attraction that a single flower can be at a country place difficult of access. What might Prince Rupert do if the local gardens were made sufficiently attractive? By the combined efforts of the provincial government at its court house gardens, the C.N.R. at its sunken gardens, the city of Prince Rupert at its Totem Park and the hundreds of individuals who are now taking an interest in beautification, Prince Rupert could be made so attractive that every visitor to Alaska would want to call at Prince Rupert and many would make the trip just to see the city. The possibilities are endless. Once it gets going one objective after another might be reached and passed.

Prince Rupert is right in the course of tourist travel. Already people are looking forward to visits to the city, chiefly because of the flowers. The fame of the local gardens is spreading and yet the work has only commenced. This summer should see all past records shattered. Splendid work is being done by many residents and, if each continues the work and others are added each season, we should have achieved fame from a source which at one time was not only unsuspected but thought impossible.

CENTRE IS VERY BUSY

Preparing For Competitions Here And in Vancouver

The Prince Rupert Recreation Centre is a busy place these days as the members, both boys and girls, are working hard to place well in the coming competitions. The high bar is continually up and in use in one corner. In another corner, when there are mats to spare, the grunts and groans of specialist wrestlers are heard charge an "A" team hopeful only to find that the best he can do with the running front somersault is to land on all fives instead of two. But up he gets, dusts off his fifth landing gear and tries again. In moving about the gym one must make way for boxers—sparing, shadow-boxing, skipping and punching the bags for the boxing night is only a week away. On Sunday morning these boxers will be going out from the gym for a little road work, leaving the fencers and girls class tumblers and aerobaters to work in peace.

The tentative card for the boxing on the 24th is as follows:

Blindfold Boxing—Frank Hodgkinson, Jack Christopher, Bob Long, Ted Arney, Ian Grimsson.

Wrestling—George Pearce vs. Emile Blain; Spencer Davies vs. Jack Wearmouth; Jimmy Bryant vs. Robert Gibson.

Boxing (3 two-minute rounds)—Don McCoover vs. William Long, Dan Healy vs. Steve Frost; Alex Bill vs. Kosta Killas; Stan Scherb vs. Bob Peache; Bill Barker vs. Norman Hebb; Marcel Blain vs. George Rudderham; Darrow Gomez vs. George Ferguson.

Main event (6 two-minute rounds)—Pat Berry (180 lbs.) vs. Frank Gomez (190 lbs.).

For Vancouver

The competition for "A" class men will be held at the Centre on Monday in order to determine the six members of the centre that will travel to Vancouver for the inter-provincial competition in April. The boys have been working very hard indeed in order to perfect the compulsory exercises that are set for "A" team men on five pieces of apparatus.

Mat Tumbling—Running forward somersault, extension roll backwards, standing hand spring.

Springboard Tumbling—Running forward pike somersault.

High Cross Box Vaulting—Long arm hand spring.

High Long Box Vaulting—Straddle vault.

Horizontal Bar—Hang, forward swing, backswing upstart, high underswing, full uprise (stem upstart at end of back swing), back circle to front rest, underswing, rear upstart to sitting, supported hollow back layoff.

In addition to these compulsory exercises, that are set in order to establish a high standard, each competitor must execute an optional exercise on each apparatus so that he may demonstrate his own particular ability. Naturally, the more difficult the exercise the higher the scoring but a more simple exercise done in good form may gain more points than a difficult exercise done poorly.

PLAY-OFFS IN HOCKEY

First Place Series Between Maple Leafs and Bruins Next Thursday—Canadians and Americans Have Issue to Settle

TORONTO, March 19: (CP)—National Hockey League championship play-offs between the Toronto Maple Leafs and Boston Bruins, leaders of the international and American divisions respectively, will commence next Thursday in Toronto. It will be a best three out of five game series. The first two games will be in Toronto and the scene will then shift to Boston.

Second and third place play-offs will probably commence on Tuesday. It has yet to be settled whether Montreal Canadiens or New York Americans will be in second place in the international division. This will be decided this week-end when the following games are scheduled:

Tonight—New York Rangers vs. Canadiens at Montreal; New York Americans at Toronto.

Sunday—Toronto vs. Americans at New York; Rangers at Detroit; Chicago at Boston.

The Canadiens are now half a point ahead of the Americans. They assumed this position with their six to three victory over the Maroons at Montreal Thursday night while the Americans were losing five to three to Rangers at New York. In the third game Thursday night at Detroit, the Toronto Maple Leafs inflicted the worst defeat of the season on the Detroit Red Wings by a score of 7 to 2. Bill Thoms made two assists to raise his point total to 35 for the season and win a \$1000 bonus.

The hero in Thursday night's play, however, was old Nels Stewart, who scored the three hundredth goal of his major league career which has extended over thirteen years. This is the greatest record in history.

The league standings to date:

International Division	
Toronto	23 9 14 141 120 55
Canadiens	18 12 17 122 127 48
Americans	13 7 27 107 161 34
Maroons	13 7 29 107 161 34
American Division	
Boston	29 7 11 136 88 65
Rangers	27 5 14 145 91 59
Chicago	13 9 25 90 139 35
Detroit	11 11 25 94 129 33

The teams compete as a unit doing the gymnastic table.

The method of scoring is as follows: Perfect, 100 points; Excellent, 90 points; Very good, 80 points; Good, 70 points; Fair, 60 points; Poor, 50 points; Very Poor, 40 points.

A sliding scale of ten points is added for approach and retreat from apparatus and additional points are added for vigour, etc.

In the event of the trip being made possible, the team will be leaving on the Princess Louise Monday, March 28, arriving Vancouver March 30 in time to participate in rehearsals for the mass display April 1 and prepare for the competition April 2. The team will embark for home Monday, April 4, arriving Wednesday, April 6. The only expense will be the transportation as all the visiting teams will be billeted out during their stay in Vancouver.

ARSENAL IS NOW ON TOP

Wolverhampton and Preston But One Point Behind—Rangers and St. Bernard's to Scottish Cup Semi-Finals

LONDON, March 19: (CP)—Arsenal defeated Grimsby Town five to one today to assume exclusive leadership of the English Football League, First Division. The Wolverhampton Wanderers played a draw with Stoke City and fell back into second place after having been tied at the top with the Gunners. Preston Northend won over Manchester City 2 to 1 and is now in a tie for the runner-up position with Wolverhampton. Thirteen teams continue the struggle against promotion to the second division while Sheffield United, Aston Villa and Manchester United are fighting hard for promotion from the second division.

Another feature of Old Country Soccer today were the quarter-finals for the Scottish Cup. As expected, Glasgow Rangers eliminated Falkirk 2 to 1. A surprise was St. Bernard's 3 to 1 victory over Motherwell. Kilmarnock and Ayr United played a tie as did East Fife and Raith Rovers, necessitating play-offs.

Today's scores:

Fourth Round—Scottish Cup: Kilmarnock 1, Ayr United 1. St. Bernard's 3, Motherwell 1. Falkirk 1, Rangers 2. East Fife 2, Raith Rovers 2. Scottish League—First Division: Celtic 1, Third Lanark 1. Hamilton Academicals 5, Morton 0.

Hibernians 2, St. Johnstone 2. Queens Park 1, Hearts 4. Queen of South 1, Aberdeen 0. St. Mirren 2, Dundee 1. English League—First Division: Arsenal 5, Grimsby Town 1. Blackpool 5, Leeds United 2.

Bernice Palmer says . . .

There is a lot to be said in favor of sidewalks perched on stilts! I have just returned from spending the day visiting in San Lorenzo—part of Oakland's suburb. After finally trying to walk around some of the miniature lakes, I just shut my eyes and splashed through them. It reminded me of the fun we used to have skirting the big pond on our way to school, between Second and Third Avenue (near the old mill). In the spring I used to have water lilies just too far out for us to wade to and, in the winter, it used to freeze over. Once I fell in "testing" the ice and, before I managed to get home, had a very thin layer of ice forming on my clothes.

Last winter we thought we had reached an all-time high when it came to rain but this year it would appear that California is out to beat her own record. There has been considerable minor damage with flooded streets overflowing into basements and so forth right here in Oakland but Los Angeles seems to be in a pretty serious condition. For some reason or another, rain seems a lot worse in the city than out in the country. Perhaps it is because you meet more people complaining of the weather—also there are more canvas window shades and "leaves" to dribble water down your neck. I guess I never was very fond of it, anyway. Everything here is "Snow White"

Sons Of Norway Farewell Party

Two Hundred and Fifty Persons in Attendance at Delightful Affair Thursday Night in Honor of Fishermen

Another enjoyable fishermen's farewell function prior to the opening of the 1938 season on the fishing grounds was a social and dance held Thursday night in the Oddfellows' Hall by Sons of Norway Lodge, a crowd of some 250 persons attending the affair. A delightful feature of the early part of the evening's proceedings was the showing of moving pictures of Norwegian views by B. Myvold of Winnipeg.

Dancing commenced at 10 p.m. to the strains of music by the Fossum Brothers Orchestra and continued until 5 a.m. with an intermission at midnight for the serving of refreshments. There were vocal solos by Ray Fossum and Oscar Haveroy.

Oscar Haveroy was master of ceremonies and Erling Wick and Arnold Peterson presided at the door. The committee in charge consisted of Mrs. John Gerstad, Mrs. George Anderson, Mrs. John Ivarson, Miss Lillian Lund, R. Hundelde, Anton Strand and Nels Vasseng.

Peter Myrvold, general agent of the Norwegian-America Line at Winnipeg, left by last evening's train on his return to the prairie city after spending a few days in town on business.

WHEN COLDS BRING SORE THROAT

The speed with which "Aspirin" tablets act in relieving the distressing symptoms of colds and accompanying sore throat is utterly amazing . . . and the treatment is simple and pleasant. This is all you do. Crush and dissolve three "Aspirin" tablets in one-third glass of water. Then gargle with this mixture twice, holding your head well back.

This medicinal gargle will act almost like a local anesthetic on the sore, irritated membrane of your throat. Pain eases promptly; rawness is relieved. You will say it is remarkable. "Aspirin" tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company, Limited, of Windsor, Ontario. Look for the name Bayer in the form of a cross on every tablet.

Children's Story Hour Is Ending

Final Session for Oldsters Was Held This Morning

The last Story Hour of the season for older children was held this morning. An Irish tale, "The Washing Chair," related by Eileen Hamblin, proved most entertaining. Dr. J. T. Mandy exhibited moving pictures of local scenes which were greatly enjoyed. Mrs. J. T. Mandy amused with "Fat King Peter and the Whales" and finished the mystery serial. Book prizes were presented to Beverly Barry and Sydney Youngman.

The last Story Hour for children between the ages of four and eight, next Saturday morning, will be in charge of Dr. and Mrs. Mandy, Kitty Cameron and Mrs. R. Cameron.

Considerable Activity Here in Building of New Trolling Boats—Herring Seining for Reduction Closes—\$10,000 of Dogfish Livers Landed Here

Construction has commenced at the Matsumoto boat-building yard in Cow Bay of what will be Prince Rupert's largest trolling boat. The keel was laid at the middle of the week and the vessel is to be completed and ready for sea by the end of May. It is being built at the order of John Kendall. A forty-footer, it will be equipped with a

This is but one of a number of new trolling boats which have been under construction since last season. The work has been keeping boatbuilders not only at Prince Rupert but at other points in the vicinity of the port busy. The most of them run from 34 to 36 feet, the conventional length of trollers.

There are also a number of new engine installations, mostly diesels, in Prince Rupert trolling boats this spring.

In preparation for the commencement of the season's fishing operations, overhaul work is now becoming general among the many units of the trolling fleet.

Herring seining for reduction purposes was closed throughout Prince Rupert district last Saturday in order to insure spawning escapement. A day or so later the Port Edward and Tucks Inlet reduction plants, which have been running pretty well through the winter on this fish, closed down. The Port Edward plant will resume with the commencement of the halibut season, using offal from Prince Rupert hoppers and later obtaining salmon offal from the canneries. It is uncertain whether the Tucks Inlet plant will operate during the summer. It did not operate last summer.

Dogfish Valuable

It is estimated that upwards of \$10,000 worth of dogfish livers have been landed at Prince Rupert during the past winter season. Eight or so vessels engaged more or less intermittently in this line of fishing. It has been the first time that fishing for dog fish had been taken up in a serious way. It would appear to have possibilities of expansion. The fish are caught convenient to Prince Rupert. Only the livers are retained at present, these being brought to port in cans especially provided for the purpose. The livers are delivered to the J. T. Carson Co. which prepares them for shipment to California where they are used in manufacture of animal and poultry preparations. The boats engaging in the dog fishing during the past winter have included the Sea Maid, Capt. Henry Dolron; Teeny Milly, Capt. George Cook; Fanny F., Capt. James Batt; Bayview, Capt. Dan Wedge; Joe Baker, Capt. Clarence Campbell; Annabelle, Capt. Peter Wengham; Arctic, Capt. A. Peterson, and Finella, Capt. David Ritchie. These boats are all turning back to halibut fishing now that the season is about to open.

John Dybhavn, Dr. Neal Carter and O. C. Young will leave Prince Rupert on the Princess Adelaide next Friday night for Vancouver to attend sessions of the Pacific sub-executive of the Fisheries Research Board of Canada. Mr. Dybhavn in his capacity as a member of the board and Dr. Carter and Mr. Young in their capacities at the Prince Rupert Fisheries Experimental Station.

With the 1938 halibut fishing season opening on April 1, the end of the coming week will see the departure of the first boats for the grounds. The boats are going out in four separate groups at intervals of two or three days between this spring instead of in two groups as during the past few years. Among the Prince Rupert boats returning to their home port shortly before the opening of the season after

having been in Vancouver are the Takla, Capt. Chris Parkvold; Pair of Jacks, Capt. Alfie Jacobsen; Gibson, Capt. Chris Henriksen; Lois N., Capt. Ben Peterson, and Charmine C., Capt. Minard Crowell and Capt. B. M. Newell. Capt. Newell will be welcomed back at Prince Rupert after an absence of a year spent in Nova Scotia. The Takla, Pair of Jacks and Gibson are already here. The Lois N. and Charmine C. will arrive next week.

Arrangements are reported to have been made whereby the Park-Davis Co., pharmaceutical manufacturing concern, will pay 50c per pound again this year for halibut livers, the same price as last year, and 10c per pound for viscera which are also to be put to use now in manufacture of medicinal preparations.

Dr. Bedford's Successor

Announcement is made of the appointment of Dr. T. L. A. Farr of Vancouver, for the past few years located in England, as assistant bacteriologist on the staff of the Prince Rupert Fisheries Experimental Station, filling the vacancy caused by the resignation some time ago of Dr. H. R. Bedford to take an appointment with a large American fisheries concern in New York. Dr. Farr has just returned to Canada from England and is due in Prince Rupert early in April to take over his new appointment. A graduate of the University of British Columbia, Dr. Farr obtained a Ph.D. degree at McGill University in the Department of Bacteriology under Dr. F. C. Harrison in 1931 and a second similar degree in the Department of Biochemistry at Cambridge University in 1934. He has also worked on bacteriological problems connected with cellulose under Dr. Harold Hibbard of McGill University and some ten years ago did summer work at the Halifax Fisheries Experimental Station in connection with decomposition of fish muscle. He also carried out work at one time on foul brood disease of bees. Dr. Farr gave up consideration of an Oxford grant in England in order to return to Canada by accepting the Prince Rupert appointment.

Appointment is also announced of Miss Norma Rogers of Prince Rupert as temporary technician in the laboratories of the Prince Rupert Fisheries Experimental Station.

Capt. Ernest Sheppard is now in command of the Union steamer Cardena, relieving Capt. John Boden who is taking his annual vacation. The Cardena arrived in port at 6:15 last evening from the south and sailed at 9 p.m. on her return to Vancouver and way points.

Different Ways To Relax Cited

Three Different Types of Fatigue Need Different Treatment

WINNIPEG, March 19: (CP)—Three different types of fatigue require three different forms of relaxation, Rt. Rev. Msgr. T. W. Morton, Winnipeg, told a service club here.

Muscular fatigue required rest. Mental fatigue required elimination of mental worries through reading, playing chess or some hobby. Nervous fatigue could be cured only by congenial company with laughter and good humor.

Frequent relaxation was needed for good health, good manners and well-being during these days of strenuous living.

Doctor And Nurse Safe

Confirmation Received in Regard To Dr. Norman Bethune And Miss Jane Ewan

NEW YORK, March 19: (CP)—Cabled confirmation has been received here of the safety in China of Dr. Norman Bethune, Montreal surgeon, and Miss Jean Ewan, Vancouver nurse. They had been reported missing and feared killed. Now it is learned they are safe and uninjured, working with a Chinese medical unit in the war zone.

What I need is a new house, new furnishings and a new outlook on life. Then I'll be all right.

Jake says he'll take a loan if they'll give him one. He earns a few dollars occasionally and is thoroughly dependable. You can depend he will spend any cash he can get as quickly as possible.

Can you imagine Prince Rupert people suddenly deciding to forget the past and move forward shoulder to shoulder and work for the interests of the city.

"What makes the Tower of Pise lean?" "If I knew I'd take a dose at once," answered Miss Corpulent.

A Yorkshire lad and his lass had spent the day together. On their return the girl's mother asked how she had enjoyed herself.

"Aw reet," said Jane, "but Ah think Joe's a bit mean. He nobbut spent sixpence on me all day."

"Well, if Ah were thee Ah'd tek him his sixpence back and mek him ashamed of hissen," said mother.

Late that night Jane knocked at Joe's door.

"Ere," she said, "tak thi sixpence back. Ah doubt if thi can afford it."

"Ee," said her lover, "Tha shouldn't a bothered t'neet. It would a doon in t'mornin'."

REPORTS OF COMMITTEES

Junior Chamber of Commerce Working for New Aids to Navigation

A report from J. L. Roaf on the recent observance of Traffic Safety Week told the Prince Rupert Junior Chamber of Commerce Thursday night of circulars being distributed to motorists, publicity in the press, addresses to school children by J. C. Gilker, G. P. Lyons, Sam Joy and Mike McCaffery and a suggestion to the city commissioner that school stop signs be renewed and repaired.

Hugo Kraupner of the marine safety committee told of action which had been taken with a view to obtaining a light at Beaver Pass, the replacement of the spar buoys in Metlakatla Passage with red lights, the installation of a light at Butterworth Rocks and the replacing of a dolphin at the entrance of Porpoise Harbor with a light. Cooperation of the boat owners' and fishermen's organizations had been sought and endorsement obtained.

In regard to the matter of having a railway diesel car placed in service on the railway for local traffic, Mr. Kraupner stated that this matter had been gone into and it was felt that the time was not opportune.

G. P. Lyons of the university extension committee referred to the forthcoming visit here of Prof. Rehnagel of Cornell University, eminent authority on forestry management and the pulp and paper industry, to give a series of lectures.

R. G. Van der Sluys reported on the matter of railway freight rates from the interior to the city or produce. In this regard, everything depended on an increase in traffic
