MINING AT SMITHE

Good Ore on Glacier Gulch—High Silver Values on Silver Pick—Ship to Sampler

SMITHERS, July 21.—S. F. Campbell was in town from the Glacier Gulch Mine on Saturday afternoon displaying some of the characteristics ore from the mining property from which a shipment is being mined by the partners, Campbell, Loveless and Banta.

Several specimens showed free gold and, as a previous shipment from the same location netted the owners more than \$100 per ton after paying all expenses, they feel confident of being able to duplicate that performance.

Gold Silver Values Tommy King and Axel Elmstead are mining ore for shipment from the Silver Pick group of claims in the Babine Mountains and assays of samples from the ore being mined have given returns of three quarters of an ounce in gold and over 600 ounces of silver.

This property is in a location where assays run pretty high and shipments from the nearby Hyland Basin property returned over \$150 to the ton when shipped by Mr. King three years ago.

Ships to Sampler A small shipment of ore was made recently from the Gold Group at Topley by Matthew Sam, one of the owners.

The shipment was made to the sampling plant at Prince Rupert and assayed 460 ounces of silver and three per cent. copper per ton. It is planned to put on some extra help and get out another shipment at an early date.

Calls For All Night Dancing

Teacher Home For Summer Tells How Natives Of Labrador Live

McADAM, N. B., July 21.—(CP)—A Labrador "coast wedding" is a big event for the natives, says Miss Margaret Craig, teacher at the Anglican Mission School at Mutton Bar, who is spending the summer with her parents here.

The groom leaves the house first, alone, to the accompaniment of gunshots. He is followed by the bride, bridesmaid and best man. The shots continue until they reach the church, the noise informing waiting people of the party's approach.

The groom enters the church and stands in front of the altar to await his bride. Then the best man and bridesmaid enter and, lastly, the bride with the person who is to give her away.

An all-night dance, to the music of a single "fiddle," is customary after the wedding feast. The most popular dance is known as the "Eight," similar to a square dance.

Napoleon's Hat Bought at \$800

PARIS, July 21: (CP)—Eight hundred dollars is a lot of money to pay for a hat—especially an old hat, faded and a little shapeless. But that's what was paid for Napoleon's headgear at auction here. The reason the hat looked so depressed was because it had fallen into the water once while Napoleon was boating near the Isle of Elbe. After that Bonaparte gave the hat to his chamberlain. An autographed document sewn into the crown testified to this. Almost anything from a Luther Bible to a lock of Bonnie Prince Charlie's hair can be purchased at these sales.

KINGSTON, Jamaica, July 21.—(CP)—The government of Jamaica received more than £20,000 (about \$100,000) in a week in rum duties as persistent reports that extra duties would be charged on wines and spirits and rum led to abnormal movements of the liquors.

Dr. Millikin Recovering

Getting Better After Operation At Mayo Clinic

ROCHESTER, Minnesota, July 21.—Dr. Robert Millikin, noted California cosmic ray expert, following a bladder operation, is announced at the Mayo Clinic to be well on the way to recovery and definitely out of danger.

CRISIS IS CONSIDERED

Japanese Cabinet Emergency Session Over Boarder Dispute With Russia

TOKYO, July 21.—The Japanese cabinet and War Office staff have been called into emergency session to consider the border dispute between Japan and Russia which has led to a second note being delivered to Russia after the first was ignored at Moscow. Russian planes from Vladivostok crossed a mile past the border into Manchukuoan territory, it is claimed by Japan.

ATLANTIC CROSSING

Imperial Airways Plane Mercury Lands At Montreal

MONTREAL, July 21.—The Imperial Airways seaplane "Mercury" arrived in Montreal from Foynes, Ireland, after its trans-Atlantic crossing this morning at 9 o'clock, having on board a cargo of 1,000 pounds.

This, the first trans-Atlantic freight to come by air, was consigned to the Canadian National Express. It consisted largely of newsreels, photographs, press despatches and English and Irish newspapers relating chiefly to the reception of King George and Queen Elizabeth in Paris.

The pick-a-back plane landed at Boucherville after spanning the Atlantic in twenty hours on the experimental flight. A few hours later it took off for New York. The plane flew from Foynes without stopping at Botwood, Newfoundland, where Imperial Airways has a huge base.

Today's Weather

(Government "Telegraph") Triple Island—Overcast, west-northwest wind, 15 miles per hour; sea choppy.

Langara Island—Drizzle, southwest wind, six miles per hour; barometer, 30.22; temperature, 50; sea smooth.

ROOSEVELTS IN CANADA

Son of President And His Bride At Montreal Enroute to Bermuda

MONTREAL, July 21.—Following the trail of hundreds of honeymoon couples who have sailed from Montreal this year and in past years, John Roosevelt, youngest son of the president of the United States, and his bride, the former Anne Lindsay Clark, Boston socialite, embarked on the liner Lady Somers of the Canadian National Steamships last night to complete their honeymoon by taking a trip along the scenic St. Lawrence seaway and through the Atlantic to Bermuda.

"Well, the boys trailed us all right," said John Roosevelt as they were met at the station by a group of press men and photographers, all of whom declared that the distinguished visitor was very generous with the press, emulating his father in this respect. Without seeking publicity in any way, Mr. Roosevelt realized that the arrival of himself and Mrs. Roosevelt Jr. was an event of considerable interest and, on request, immediately arranged to have the press boys meet them at the hotel.

Mr. Roosevelt's interest in sports was shown by the fact that no sooner had he sat down to the breakfast table at the hotel than he remarked "Say, could I have a morning paper please? I would like to see what baseball games are scheduled here today."

The time spent at the Roosevelt summer home on the island of Campobello, New Brunswick, was the first visit of Mrs. Roosevelt junior to Canada and consequently her first visit to Montreal, although her husband had been here before. She was much interested in spending the day in the city looking around before they sailed for Bermuda on the liner Lady Somers of the Canadian National Steamships along the great St. Lawrence River, famed from the earliest days of Jacques Cartier as a great artery of commerce and one of the scenic wonders of the world. Mrs. Roosevelt, having been there on previous occasions.

Honeymooners on "Lady" liners often band together and form the nucleus of gay and happy crowd. They radiate happiness, and the ordinary passengers have often stated that the life and jollity of the whole trip was noticeably enhanced by the congenial light-heartedness of celebrating newlyweds. The distinguished honeymoon couple, Mr. and Mrs. John Roosevelt, who sailed last night won the hearts of all aboard and were regarded throughout their trip as ambassadors of goodwill between Canada and her neighbor—the great republic to the south.

Canned Salmon Pack Is Lower

Output For This Coast This Year Shows Decrease of 48,437 Cases From 1937

VANCOUVER, July 21: (CP)—The weekly canned salmon pack bulletin of the Department of Fisheries shows a total of 122,219 cases of British Columbia salmon packed to date this year, a decrease of 48,437 cases as compared with the previous year.

Fire Situation Still Unchanged

Campbell River Still Menaced Although Flames Have Come No Closer

CAMPBELL RIVER, July 21: (CP)—Forest fire conditions remain unchanged, a stiff wind during the night failing to push the flames nearer Campbell River and the Comox Logging Co.'s camp which have been threatened for more than twenty-four hours.

BULLETINS

BLUBBER BAY RIOT POWELL RIVER.—The Pacific Lime Co.'s strike at Blubber Bay on Texada Island, across from Powell River, reached a brief stage of violence yesterday when one striker, attempting to board a boat, was attacked by another after which there was a general flare-up. The police arrested five men.

NO RELIEF FOR MOBS VICTORIA.—Hon. George S. Pearson, minister of labor, announced today no relief would be given unemployed men travelling about the province in groups in search of work. About two hundred men are now congregated at Kamloops and are attempting to have the government change its decision.

TORY HEAD HAS QUIT TORONTO.—Hon. Earl Rowe today announced his resignation from leadership of the Ontario Conservative party.

SEASON IS UNDER WAY SEATTLE.—The Puget Sound commercial salmon season got under way yesterday after being delayed for two weeks by fish price disputes. The United Fishermen's Union had signed a 1938 wage agreement Tuesday night.

BIG PARTY IS COMING

Important British Parliamentary Group to Visit Prince Rupert Next Month

A party of outstanding importance to visit Prince Rupert this summer will be a large group of British Parliamentarians which is due to arrive from the interior on August 20 by train, proceeding that evening by the steamer Prince Rupert to Vancouver. The party is touring Canada primarily for the object of studying the possibilities of an early resumption of Empire migration.

Heading the party is Brigadier-General Sir Henry Croft, C.M.G., M.P., for many years a prominent British parliamentarian who has especially interested himself in Imperial matters. The party will be entertained fittingly by the Prince Rupert Chamber of Commerce during its stay here. On the way here, it will also be entertained at Prince George, Vanderhoof, Smithers and Hazelton.

BUILDINGS DESTROYED

Heavy Damage Done to Valencia Devastating Insurgent Air Raid Yesterday

SARAGOSSA, Spain, July 21.—Many principal buildings in the business section of Valencia were either completely destroyed or severely damaged yesterday as they toppled under another series of devastating air raids by insurgent bombing planes.

The insurgents have unleashed a general offensive in eastern, central and southern Spain against the government lines which have been weakened by General Franco's drive towards Valencia.

ROAD WORK UNDER WAY

Construction on Local Highway Around Prudhomme Lake Is Resumed

With forty-two men at work under the foremanship of R. A. McLeod, work is now under way again on the continuation of construction of the Skeena River Highway from this end in the vicinity of Prudhomme Lake. There is about half a mile to go before the shore of the Lake is reached. D. McN. Lowe, who arrived on Tuesday from Stewart, is putting in grade stakes and lining up the work.

The work at Prudhomme Lake on the local road is included under the recently announced appropriation of \$35,000 out of which local projects on the Queen Charlotte Islands and at Port Simpson, Oona River, Jap Inlet, Osland, Dodge Cove and Lewis Island are also being taken care of.

Halibut Sales

Spencer Tracy Weds at Yuma

Mrs. Thomas of Los Angeles Becomes Bride of Popular Screen Star

YUMA, Arizona, July 21.—Spencer Tracy, noted screen actor, and Mrs. Thomas of Los Angeles were married here last night, leaving after the ceremony by airplane for Hollywood.

LEBRUN TO PAY VISIT

Accepts Bid of King George To Go To England Shortly

PARIS, July 21: (CP)—President Albert Lebrun of France today accepted an invitation of King George to visit Great Britain shortly.

France provided a tremendous military review for King George today. Wearing a field marshal's uniform, the King saw columns of infantry, artillery and motorized units. Brightly uniformed North African Spahis provided a most colorful spectacle.

The last British King to see such a review was George V just before the opening of the Great War.

The review assumed particular significance in view of recent declarations of Anglo-French solidarity and their resistance to Germany's campaign against Czechoslovakia.

Report Surplus For Australia

Customs and Excise Exceed Estimate and Commonwealth Comes Out Ahead

CANBERRA, July 21: (CP)—Receipts of the consolidated revenue fund of the Commonwealth of Australia exceed expenditure by approximately £3,500,000 (\$13,895,000) according to the interim statement by Commonwealth Treasurer R. G. Casey for the fiscal year ending June 30, 1938.

This surplus was mainly due to the receipts for customs and excise revenue having exceeded the estimate by approximately £3,880,000 (\$15,403,600).

The cost of invalid and old age pensions was £1,800,000 (\$7,146,000) in excess of the previous year's expenditure due in large measure to higher rates, normal increase in the number of pensioners receiving benefits and to the fact that there were 2 pay periods in 1937-38 as against 26 in the previous year.

The total amount provided during 1937-38 for sinking fund purposes was £10,280,000 (\$39,116,000).

Screen Star Is After Divorce

Lupe Velez Will Break Marital Tie With Johnny Weismuller, Former Swimming Star

LOS ANGELES, July 21.—Lupe Velez, Mexican screen star, has filed suit for divorce against Johnny Weismuller, former swimming champion and Tarzan of the screen.

Weather Forecast

General Synopsis—Pressure remains high on the coast and has fallen south of Vancouver Island while fine warm weather continues off British Columbia. Prince Rupert and Queen Charlotte Islands—Moderate to fresh southwest to west winds, part cloudy and comparatively warm. West Coast of Vancouver Island—Moderate to fresh northwest to west winds, fair and warm.

VALUE OF RAILWAYS

They Are Really Coming Back, Declares C. N. R. Official

BRANTFORD, Ont., July 21:—The value of the railways as the main artery of commerce of the nation, functioning without cessation day in and day out throughout the years, was stressed by A. A. Gardiner, assistant general passenger traffic manager, Canadian National Railways, in an address delivered before the Brantford Rotary Club last night. In developing his theme, the speaker touched briefly upon the history of the railways in Canada and the important part that they played in opening the country for settlement, in creating new centres of population and new marts of trade and distribution.

"Approximately 100 years of railway experience covers the Canadian span of this now firmly established servant of the people," he said. "In those hundred years great changes have taken place.

"Commencing as an insignificant auxiliary to the then existing forms of transport, the railways have described almost a perfect arc at the zenith of which they touched what was almost a supreme monopoly—a splendid isolation in the field of inland transport—and then moved on to a relative decline when highway and, latterly, air transport shared what had been their almost unchallenged field. They are now again occupying the place of one, if not the major, factor in what is the essential and fundamentally important part of our economic machine.

"The railways have not stood still. Air conditioning and streamlining are terms that within the last few years, one might almost say months have come to express concretely definite and productive progress. Changes have been accomplished in the important field of safety. Through safety practices and devices and, equally, the high development of safety habits on the part of railway employees the passenger on the railway train may not only feel safe and secure but much safer is he than in almost any other place, as carefully compiled statistics prove."

Amicable Relations

Mr. Gardiner pointed out that the changes in mechanical features and practices were not more pronounced than their relations with both the public and labor. As steam transportation developed over its century of operation, so it branched out to encircle the civilized world, to promote closer commercial relationships and develop trade. In the domestic field it continued to stimulate national development by its pioneering lines, serving both national and foreign markets, which in turn they had developed, and creating a new era in the relationship between management and labor. While, as he pointed out, there are differences of views arising from time to time, these are dealt with under "strikingly fair and reasonable conditions on each side and the absence of serious labor disputes for many years, including the countless occasions when the two interests have worked together under the most trying conditions, imposing at times the unavoidable necessity for mutual sacrifice, proves this."

In concluding, the speaker touched upon the spirit of co-operation which prevails among railway workers in general and the public and the increasing understanding of the problems which must arise from month to month in the transportation field. "We have tried in the past, as we are trying in the present, to give an adequate, first class service to all sections and requirements of the country. In winter cold and summer heat, by night and day, the railways operate and we feel confident that we are worthy of the support which the people of Canada have given us and will merit that support in the future."

#### THESE GOOD DAYS

We hear much about the "good old days." Many people are quite satisfied that these are evil days and that the world is getting worse every day. Donald Hough writes to refute this in an article published in the Rotarian this month. He says he does not think there are more hold-ups, robberies, murders, and other crimes today than there were one hundred years ago but that the collecting of news is so improved that we know all about these crimes of which our grand fathers were in ignorance. He quotes from an Assyrian tablet dated 2800 years before Christ as follows:

"The earth is degenerating these latter days. There are signs that the world is speedily coming to an end. Bribery and corruption abound. Children no longer obey their parents. Every man wants to write a book," etc. If the world has been getting worse ever since that time, it must be very bad today. But it is not. It is getting better. We do not burn old women or pretty girls of whom someone is jealous, after accusing them of witchcraft. We do not have public executions and crowds do not take holiday in order to jeer at the prisoners who are about to suffer, many of them innocently. We do not hang a man for shooting a deer, even if he is poaching. We could go on and cite all kinds of improvements that have taken place, but it is not necessary. We know that the world is getting better in spite of slight reversions. We expect to go on improving, sometimes rapidly sometimes slowly. What the end will be no one can say.

#### EYES ON JAPAN

Eyes are once more centred on Japan. An effort is being made to strike a blow that will bring China to her knees. Already the period of frightfulness has recommenced and the Chinese are suffering as they have never suffered before. We are sorry for them. Japan wishes to be the schoolmaster for China and is punishing the people for not submitting to the educational methods of Nippon. They are being badly whipped but it is all for their good, they are told. It is a queer world. Bad too, in spots.

## WAS ONLY PUSHOVER

Moving Picture Record Shows Clearly How Badly Schmeling Was Beaten by Louis

The moving picture record of the 124 seconds of the recent Louis - Max Schmeling world's heavyweight boxing championship bout at New York showed beyond peradventure of any doubt that the former German champion was nothing but another pushover for the deadly Brown Bomber. If anybody still harbors the thought that Maxie ever had a chance, all he needs to do is to see the picture. If any fighter ever made any other look like an impotent stumblum, Louis certainly did that thing to Schmeling.

There was talk about kidney punches having cost Schmeling the fight. There were a couple of kidney punches, the pictures disclose but, before them, he was beaten badly with those terrific slashes to the head and jaw. The pictures show with remarkable clarity how Louis measured Schmeling off for the knockout and then delivered the smash to the jaw that would probably have killed an ordinary man.

The fight pictures were on at the Capitol Theatre last night and will be repeated this evening.

## Acropolis Wins Still Another

Continues Its Unbroken Supremacy In Gyro Softball

Acropolis boys continued their unbroken winning streak by a 12 to 0 decision over Westview in last night's game of the Gyro Softball League.

The game was a loosely played affair. Westview again fielding a fairly good team which was woefully weak in pitching strength.

Acropolis scored one run in the third and one in the fourth inning. S. Schaeffer opened Acropolis' half of the fifth with a single. Another single by H. Schaeffer and two errors scored two runs. A walk an error and a single by Brass accounted for two more runs in this inning.

Again in the ninth inning Acropolis scored four runs. Smith singled, the next three batters walked, Mentenko's hit to short took a bad hop and went for a double. Another walk and a single by Magnet completed the scoring.

Westview's hitting was weak and erratic. It threatened once in the third when Mah was safe at first on an error, then stole second and third but he was caught out trying to steal home.

In only one other inning—the eighth—did Westview get a man past second base. Grimmson singled then advanced to third through a sacrifice hit by Blain and a single by Brown, but he died on third when Scherk flew out to left field.

Captains were: Ray O'Neill for Acropolis and Emile Blain for Westview.

Umpires were Neil Ross and Alce Gomez.

## Baseball Scores

<b>National League</b>	
Philadelphia, 11—1; Pittsburgh, 0—4.	
New York, 2—1; St. Louis, 7—7.	
Brooklyn — Chicago, postponed; rain.	
Boston, 4; Cincinnati, 3.

## M'DONALD IS WINNER

Lawn Bowling League Championship For Season is Settled—Other Competition To Proceed Now

Defeating George Hill's rink last night by the close score of 21 to 20, Angus MacDonald's rink clinched Canadian National Recreation Association Lawn Bowling League honors for the 1938 season. The league having now been settled, play will get under way in the Woodland Memorial and Tip Top trophy rink competition and the singles and doubles championships will also be cleaned off.

In a second league fixture to be played last night, G. P. Tinker's rink won over D. A. McPhee's 29 to 21.

The final league standing is announced as follows:

	Won	Lost	Pts
Macdonald	8	1	3
Tinker	6	2	6
Benson	4	3	4
Hill	4	4	4
Winslow	3	2	3
MacPhee	3	3	3
McMeekin	3	4	3
Frew	2	5	2
Borland	1	5	1
Preece	1	6	1

In a semi-final of the singles competition last night Ben Dalgarno defeated Frank Vickers 21-19, thus qualifying to meet the winner of Angus Macdonald vs Jack Preece in the final. In quarter finals last night Preece won 21 to 8 over W. H. Wilson-Murray while Frank Vickers beat Thomas McMeekin 21 to 5.

Second round games in the

lows:

A. T. Parkin and Ben Dalgarno, 25; Frank Vickers and J. S. Irvine 8.

Robert Gammon and Frank Dibb, 15; Peter Lakie and Fred Rogers 12.

Over the week-end lawn bowling matches were played between H. M. S. York and Prince Rupert, three rinks to a side. The result on Sunday afternoon was: Prince Rupert, 65; H. M. S. York, 62. On Monday evening the score was 60 for Prince Rupert and 54 for York.

#### Ever Wonder Why You're Constipated?

Do you ever have days when you just have to drag yourself along, when you feel tired, sunk—because of that constipation? Then why not find out the real cause of your trouble?

What have you had to eat lately? Just things like meat, bread and potatoes? If that's it, you may not have to look any farther. It's likely your trouble is you don't get enough "bulk." And "bulk" doesn't mean a lot of food. It means a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and aids elimination.

If "bulk" is what you lack, your ticket is a dish of crisp, crunchy Kellogg's All-Bran for breakfast every day. It contains the "bulk" you need plus Nature's great intestinal tonic, vitamin B.

Eat it every day, drink plenty of water, and join the "regulars"!

Made by Kellogg in London, Ont.

**LOCAL NEWS NOTES**

R. W. Sinclair, manager of Inverness cannery, returned to the city on the Princess Alice yesterday afternoon from a business trip to Wrangell.

Citizens of Prince Rupert are recommended to inspect the exhibition car accompanying the "Know Mississippi Better" train due to arrive at Prince Rupert 2:30 Friday afternoon.

On a charge of obtaining a chauffeur without ascertaining whether he had a licence, John Gurchich was fined \$5 by Magistrate McClymont in city police court this morning under the motor Vehicle Act.

Basil G. Ryan, agent for the Canadian Pacific Railway at Yokohama, and Mrs. Ryan were here aboard the Princess Alice yesterday afternoon returning south after making the round trip to Alaska. They will now proceed to Montreal and Ottawa for a visit.

Brigadier Walter J. Carruthers, divisional commander of the Salvation Army for Northern British Columbia and the Yukon, arrived in the city on the Princess Alice yesterday afternoon from his headquarters at Wrangell. He will visit here as well as with other corps in the district. Brigadier Carruthers was the speaker at the regular weekly luncheon of the Prince Rupert Rotary Club today with President W. L. Coates in the chair.

**Parents of Mrs. Irvine Observe Diamond Wedding**

Mr. and Mrs. Robert Glen, parents of Mrs. J. S. Irvine of this city, recently celebrated their diamond wedding anniversary at their home in Largs, Scotland, all their children being with them for the occasion with the exception of Mrs. Irvine and another daughter who lives in Spain. They were felicitated at a large family gathering in Curlinghall. Mr. Glen was station master at Largs for many years prior to his retirement from the London, Midlands and Scottish Railway service fourteen years ago.

**Moose Dances For Warship**

Highly Successful Affairs Held On Friday and Monday Nights

In connection with the visit over the week-end of H.M.S. York, highly successful dances were held Friday and Monday nights by the Moose Lodge, men from the visiting warship predominating on each occasion. Distribution of confetti and novelties lent further to the merriment on Monday night. On Friday night the attendance totaled 125 couples and on Monday night, one hundred couples.

Music for the dances was furnished by George Brown's Orchestra and Walter Smith was master of ceremonies.

The committee in charge of both dances consisted of Albert Stiles, Fred Cameron, Joe Ratchford and A. D. Vance.

**Canadian Legion Women's Tea And Sale Is Success**

A successful tea and sale of home cooking was held yesterday afternoon by the Women's Auxiliary of the Canadian Legion at Legion clubrooms yesterday afternoon. Many ladies called to lend their patronage.

Mrs. W. J. Lineham was general convener. Mrs. S. V. Cox and Mrs. W. H. Goodsell poured and servers were Mrs. Wilson, Mrs. William Rothwell and Miss Margaret Smith. Mrs. Ted Shrubbsall and Mrs. S. G. Ayres were in charge of the kitchen and Mrs. J. McGreist was cashier. There was tea cup reading by Mrs. John Bremner.

Mrs. M. J. Keays and Mrs. Robert Murray had charge of the home cooking and candy table.

The raffles were in charge of Miss Edith Gandy and Mrs. J. R. Murray and the winners were: Cushion won by Orme Stewart No. 205.

Box of Candy won by Betty East-

**"A few cents a day is all it costs to run my electric refrigerator"**

Automatic THRIFT UNIT Sealed-in-Steel

It's easy to say that a modern electric refrigerator pays for itself — and it's just as easy to prove. You can do it in your own home.

From the moment you install it, your Electric Refrigerator starts saving. It saves three ways. First, by elimination of food waste. Second, by letting you buy in larger quantities knowing the food will keep. And third, because its operating costs are lower than ever — far less over the year than you could spend for ice. Ask about our convenient payment plan.

**HOW TO MAKE ICED TEA**  
 Infuse six heaping teaspoons of Seleda Black Tea in a pint of fresh, boiling water. After six minutes strain liquid into two-quart container. While hot, add 1 to 1½ cups of granulated sugar and juice of 2 lemons, strained. Stir well until sugar is dissolved; fill container with cold water. Do not allow tea to cool before adding the cold water; otherwise liquid will become cloudy. Serve with chipped ice.

"Kellogg's RICE KRISPIES beat any alarm clock!"

That's the sound that gets them up—hungry! Children eat Kellogg's Rice Krispies without coaxing—and come back for second helpings! Because these tasty bubbles of toasted rice are so crisp they crackle out loud in milk or cream!

Rice Krispies are always ready to serve. Sold by all grocers, served by restaurants. Made by Kellogg in London, Ontario.

SO CRISP they crackle in milk or cream

### NEW BAND IS FORMED

Burns Lake Organizes Young Rangers At Decker Lake

BURNS LAKE, July 21.—At the request of the young people of Decker Lake, the officers of the Burns Lake Young Rangers Band initiated new members and installed the new officers in their stations.

About eighty-three people gathered in the community hall at Decker Lake for the occasion. Chief Ranger Gordon Rush opened the meeting and selected two candidates to take the necessary ordeals, the others joining in to repeat the oath of the Young Rangers Band. The initiation was then carried out in lively style, the blind-folded victims showing courage and good sportsmanship throughout.

After a short recess, the meeting was again called to order and Mrs. W. Wilson, organizing secretary of the bands, was asked to install the officers of the Decker Lake Band. This was done according to regulations, each officer being instructed in his or her duties. At the close, W. C. Saunders, president of the bands, gave an inspiring address.

Other speaker were W. Wilson and Rev. J. E. Whittles, honorary chief ranger of the Burns Lake Band.

The new band has about twelve members, with Mrs. R. Carroll as honorary chief ranger; Mary Carroll as chief ranger; Ross Goodwin, assistant chief ranger; Stewart Smith, inner guard; Paul Polson, outer guard and Adelaide Merrill, secretary treasurer.

At Mr. Saunderson's suggestion a collection was taken up to start the band with a small fund for the purchase of banners, etc. The response was generous.

The evening was brought to a close with refreshments and dancing, music being supplied by Rangers Margaret Saunders at the piano, Sidney Mills and Melvin Berg with violins and a banjo.

#### Bands in Picnic

On Saturday three young ranger bands met on Piche's Point, Decker Lake, for a picnic. The Burns Lake members arrived by boat. Swimming, sports and boat rides made for an enjoyable afternoon, followed by serving of tea made on the camp fire and ice cream. Community signing with camp fire stories rounded off a perfect day.

### SPORT CHAT

Falling in line with practically all other branches of team sport the English Football Association will identify players taking part in outstanding matches. At the summer meeting it was decided to number players, other than goalkeepers, in the Cup Final, semi-final, international matches and international trials. New Zealand put forward the resolution through Brig-Gen. W. R. N. Maddox, and the proposal will bring about the numbering from one to 10. The match between England and the Rest of Europe—in connection with the 5th anniversary celebrations of the F. A.—was fixed to take place October 26 on the Arsenal ground. The International Selection committee recommended that negotiations be entered into with Norway for an international match in the north of England on a suitable date in November or December next.

### Seal Cove Wins Sand Box Game

Was Adjudged Best Display At Gyro Playgrounds

In the Gyro Playgrounds sand box contest yesterday afternoon, the project was a South Sea Island design and at all the parks there was evidence of a great deal of thought and considerable effort on the part of the children.

Seal Cove playgrounds was adjudged the winner by Mrs. T. Fraser and Mrs. George Rorie. The scene was a complete island, mountainous and rocky at one end and covered completely with very realistic palm trees and vegetation. In the ocean part were ships, sea shells and sea weed. At one end was a pirate ship and in the rock on the shore opposite was a cave in which had been placed an iron treasure chest. In the centre were two toy natives one of which, after having been wound up, did a hula dance.

At McClymont Park just one end of an island was shown, with a beach, a wharf made to represent cane poles, two or three canoes, some huts actually woven of grass and realistic palm trees that were each made separately by tying twigs and leaves together.

Acropolis playground also showed only one end of an island including mud huts, a small island sparsely wooded of the beach, some hand drawn natives and a dugout canoe.

Westview playground was the only one to have a volcano in the centre of its island. This, in turn, was surrounded by vegetation, palm trees, etc. There was also a ship in the ocean of blue paper on which was placed cellophane to give the appearance of surf on the beach.

### Acropolis Wins In Basketball

Defeated Westview 15 to 6 in Gyro Playgrounds League

The first game of the Gyro playgrounds girls' basketball league was played off last night at the Exhibition Building between the teams of Acropolis and Westview with Acropolis winning 15 to 6.

Westview kept one point ahead of Acropolis as far as the third quarter; At this point Acropolis cut loose and scored all its winning points.

On the Westview team Dora Arney was the only scorer but she was retired at the end of the third quarter together with Rita Turgeon of Acropolis.

The game was fairly well played, but the shooting was poor and the girls will do well to practice this

### WHIFFLETS From The Waterfront

With continuing improved weather, the sockeye salmon run is gradually gaining volume and there was a distinct upward turn yesterday. Some gillnetters operating outside the mouth of the Skeena took as many as seventy fish.

Southbound from Skagway to Vancouver, C. P. R. steamer Princess Alice, Capt. William Thompson, was in port from 3:15 to 5 o'clock yesterday afternoon. The vessel's 198 passengers consisted largely of round trip tourists. Four persons disembarked here from the vessel.

Salmon prices were up to 17 1/2c, 12 1/2c and 7c at Ketchikan yesterday while halibut prices were lower at 7c and 5c. A number of salmon boats were in, the largest being the Echo with 14,000 pounds. Seven thousand pounds of sablefish was sold at 2 1/2c per pound. Seine fishing in the Ketchikan district so far is poor with few fish showing up. Nor are the salmon traps producing very much fish as yet.

Imperial Oil Co's tanker Imperial, Capt. A. S. McGaw, arrived in port at 11 o'clock yesterday morning from Ioco and, after discharging fuel for the local tanks, sailed last night on her return south.

C.P.R. steamer Princess Louise, Capt. S. K. Gray, northbound from Vancouver to Skagway with a large number of tourist passengers on board, is due in port at 9 o'clock tomorrow morning.

important part of the game. The chief fault that seems to characterize the girls games is that of two opposing players holding and struggling with the ball. This at-ways necessitates a jump ball and a consequent loss of time.

Players: Acropolis — Fanny Robertson, Chiea Nishikaza, Rita Turgeon, Isabel McDonald, Louise Bird, Eileen Thomas.

Westview — Betty Davey, Dora Arney, Eleanor Clapp, Emily Yam- anaka, Kay Nickerson.

### MORSE CK. DISCUSSED

Gyro Club Is Considering Whether Or Not To Take It Over— Moonlight Excursion Planned.

The Prince Rupert Gyro Club is considering the advisability of taking over the Morse Creek swimming pool and skating rink project as a part of its playground scheme in the city. The necessity of diving facilities being provided was taken up at the club luncheon yesterday and it was also suggested that, if the club took over Morse Creek, it might be possible to centre playground swimming and life saving instruction there instead of having to go to the Salt Lake. A committee consisting of Orme Stuart, G. A. Hunter and J. W. Kilpatrick was named to go into the Morse Creek question and report back at another business luncheon of the club to be held next Wednesday.

The club also received a report from W. F. Stone, chairman of the playground committee, on general playground activities which are now fully under way.

D. G. Borland was named the club's official delegate to the forthcoming district convention at Yakima in August at which W. H. Tobey, district lieutenant governor, will also be present. A committee consisting of Dr. H. N. Brocklesby, William Cruickshank and G. L. Rorie was named to go further into the proposal of having the 1939 or 1940 district convention here. It has been suggested that the district convention in 1939 might be held at Jasper Park incidental to the international convention which is to be held there with Edmonton as the host club.

The club is planning to hold a moonlight mystery cruise on the evening of August 12, chartering the steamer Prince Charles for the excursion. This will also be dealt with further at the special business meeting next week.

Other business of a general and routine nature was taken up at yesterday's luncheon.

The Daily News has an audited circulation. Play safe!
