Claims Canadian National Subservient to Liberals-Thorton's "Orgy and Debauch"

OTTAWA, March 10: (CP) -The Senate yesterday received notice of motion of the appointment of a special committee to investigate the Canadian railway problem after hearing Senator Arthur Meighen, Conservative Opposition leader in the Red Chamber, charge that he knew "who made the whole railway service virtually an appendage of the Liberal party.

Sir Henry Thornton's regime with the Canadian National Railways Senator Meighen described as "nine years of railway orgy, railway debauch."

Senator Meighen spoke after Senator Raoul Dandurand, government leader, had said that all rail commissions had rejected unification of the two lines as tending toward the creation of a monopoly prejudicial to the people's interests. "We have never had conditions under which the Canadian Pacific Railway would agree to unified management," Senator Dadurand said.

### SCHUSCHNIGG'S UNHAPPY TIME

Then came an interview with four army generals who put up an ultimatum that either he accede to their requests or Germany would invade their country. Following that was an interview with Hitler who, in rather more diplomatic language, urged the same course with the ultimatum that, if it were refused, the continued independence of Austria could not be guaranteed.

### DETERMINED TO WIN

Evidently Germany and Italy are determined that the Spanish government shall be crushed before the civil war in that country is ended. According to reports they are insisting that, on arrival of the withdrawal envoys in Spain, the Franco-Spanish border shall be closed and that six weeks later the insurgent ports shall be closed. This would give opportunity for running arms and ammunition to the insurgents for six weeks after the government is shut off from its sources of supplies. The ships going to fetch the Italian troops from Spain could carry arms and ammunition for the rebels. It is hardly any wonder that Anthony Eden refused to enter into such a bargain. His sense of fairness would not allow him to do so.

### ARE THEY DOOMED?

The question which now presents itself is whether, under present conditions, the Spanish government is doomed and the insurgents bound to win. Gyro Club Asking Rotary Extent of Its Desire to Participate

The proposed community centre project in Prince Rupert, towards which the Gyro Club has decided to concentrate its future efforts, was further discussed at yesterday's Gyro business luncheon and, before proceeding further with plans, it was decided to take the matter up with the Rotary Club to ascertain how far that organization is prepared to participate in the project. The matter of site was discussed at the Gyro Club luncheon. The Rotary Club has a site at the corner of third and McBride Street which there has been some mention of exchanging for a site at First Avenue and McBride Street.

It was decided to approach the city commissioner with a view to taking over and maintaining the Morse Creek skating rink and swimming pool which has been established jointly by the Gyro and Rotary Clubs. City Commissioner W. J. Alder, it was reported, had expressed his willingness to take the place over.

Another Sunday night concert by the Capitolians orchestra and choir next month will be sponsored by the Gyro Club, it was decided. As a result of last Sunday night's concert, the sum of \$30 was cleared, it was reported. The club passed a vote of appreciation to the Capitolians for the excellence of the entertainment.

# Golden Age For Babies

DABIES born in this modern age have so much better chance of growing up big and strong and healthy! We know so much more about their feeding and care. We know now, for instance, the great value of evaporated milk as an infant food. And Irradiated Carnation Milk is being used in so many thousands of homes because babies do thrive

on it. And we know the absolute need for "sunshine" Vitamin D for babies and children, so that is why Carnation Milk is irradiated for an extra supply of it. You know that Carnation milk is always safe (sterile), uniform (no matter where you buy it), convenient (needs no boiling, keeps without refrigeration until opened), more digestible than other forms of cows' milk. Also enjoy every day Carnation's rich, creamy smoothness in all cooking and in creaming cereals and coffee.

Write for these Carnation books. "The Contented Baby" is free: The Carnation Cook Book, containing a host of ideas and recipes, with full-page, full-colour illustrations is 15¢ (postpaid). Carnation Company Limited, Abbott Street, Vancouver.
