Japanese Military Is In Charge Will Try Non-Intervention Again New Cabinet Control To Drive Hard Upon Campaign In China

Withdrawing Foreign Troops And Border Patrol Again Adopted

LONDON, May 26: (CP)—With the Soviet Union dissenting, the Spanish non-intervention committee today adopted an Anglo-French plan for the voluntary withdrawal of foreign troops and the re-establishment of land and naval control around the Spanish border and coasts. The Soviet delegate had previously made objection to technical aspects of the plan and the other powers decided to go ahead without waiting for Soviet agreement. Tenthousand foreign troops would be withdrawn from either side before belligerent rights are granted.

Soviet Union is Opposed to Plan But Other Nations Go Ahead Notwithstanding—Terrible Air Raid At Alicante

Germany and Italy had proposed to the French government that there should be control of the passes of the Pyrenees through which the Spanish government is getting supplies to pursue the war. On the other hand, Germany and Italy are not so anxious about international control of seaports through which they are sending in war supplies to the rebels although today's action put them on record as supporting it.

Wages And Hours Bill Absorbing Topic Just Now

WASHINGTON, D. C., May 26:—The Wages and Hours Bill, which was brought out of the rules committee to the floor of the House by the House of Representatives a few days ago with a vote of 322 to 73, is still the centre of discussion in congressional circles. There is difference of opinion as to whether the measure will or will not improve employment.

A SANE VIEW

The Vanderhoof Board of Trade recently asked to support a resolution urging that the Alaska Highway be built by way of Hazelton. The Vanderhoof Board expressed sympathy with the movement but expressed the opinion that nothing would be done in this regard for some time to come and that, when the time did arrive, the route would be chosen only after the most careful consideration had been given it from an engineering standpoint, and that any representations which various communities might make in this matter would not receive any weighty consideration.

RUPERT MAN COMING UP

Number ten of "The Communicator," published at Bralorne by the Bralorne Community Club, is just to hand and it shows a picture of its business manager, Fred H. Stephens, formerly of Prince Rupert.

The manner in which the advertising in the paper has increased of late indicates that the business end is in good hands. The paper is very newsy and pretty soon should develop into a real newspaper published at more frequent intervals.

THE SOUTH AFRICAN VICTORY

"The victory for the Hertzog government serves a new reminder on the world at large that the British system of responsive and responsible administration can hold its own against all the assaults of totalitarianism," says the Victoria Times.

"Not many years ago the man who again has been endorsed as South Africa's Prime Minister—already having held that position for 14 years—was leading his countrymen in the field against British soldiery, who almost up to the time he became Prime Minister in 1924 still clung to the belief that South Africa ought to cut the Imperial painter and become a republic. Not until he had attended his first Imperial Conference in 1926, as the leader of a government within the British Empire, did he frankly confess, after the famous Balfour declaration which formed the basis for the Statute of Westminster, that there was nothing he could obtain for South Africa as a republic which he could not obtain as a member of the British family of self-governing nations. From that momentous gathering which heralded the new orientation of political management in the Commonwealth he went back to his native South Africa and readjusted his domestic point of view.

General Hertzog's crowning triumph in the Union's parliamentary realm came in 1934, when he fused his Nationalist Party with General Smuts' South African Party and called it the United Party of South Africa. These two political antagonists had thus buried their old animosities. The election verdict pays tribute to their wisdom."

FOOTBALL EXCITING

In another stirring football game in the Prince Rupert Junior Football League last evening, Borden Street School won from Booth Memorial School by two goals to one before an excited crowd. The win put Borden into a tie with High School for league leadership.

Play went from end to end with great rapidity, Gomez clearing strongly at one end and then Bird at the other. A perfect cross by Robertson was just as perfectly converted by Mah. Simundsen was nearly through but was crowded out. Booth forced several corners but the ball was cleared and Lee saved well when Hougan shot. Mah was dangerous but Leland came to the rescue. Then Lee was rather lucky to save at the expense of another corner.

Shortly after the start Booth had a lucky escape but a moment later Hodgkinson scored from close in. Booth attacked but Hayakawa cleared and McLeod forced the game until Strand stopped the Borden forward line. Holkestad and Simundsen were nearly through but the best they could do was to force another corner. Robertson was dangerous and Mah was pulled up in time. Then Booth got a goal when Simundsen converted a penalty. In the closing moments Borden was hard pressed to keep its lines intact but it did so and won a well contested game by two goals to one.

Borden — Jone Lee; Hayakawa, Bird; Long, McLeod, Pavlikis; Hodgkinson, G. Smith, Robertson, C. Mah, Arney.
Booth — Zbura; Leland, Gomez; Sunberg, Strand, Hodgeson; Haugan, Colussi, Simundsen, Baker, Holkestad.

Pete Doherty again refereed very satisfactorily.
Lee again was very safe in Borden goal and Hayakawa and Bird were strong defenders. McLeod played a good game at centre half with Pavlikis reliable. Robertson, Mah and Hodgkinson were the best forwards.

Zbura played a good game in goal while Leland and Gomez were splendid backs. Strand turned in a fine game and Sunberg was good. Simundsen was a clever forward and received most support from Baker, Hougan and Holkestad.

BALL RACE STILL KEEN

New York Giants Unable to Shake Chicago Cubs From Their Heels in National League

NEW YORK, May 26: (CP)—New York Giants again defeated St. Louis Cardinals in the National Baseball League yesterday but the Chicago Cubs kept pace two-and-a-half games behind by winning over Brooklyn Dodgers. The Boston Bees kept in third place with an eleven inning victory over the Cincinnati Reds in another long game.

In the American League the leading Cleveland Indians set the Boston Red Sox down. It was the third straight defeat for the Yanks when New York lost to Detroit.

The Boston Red Sox remain in second place. Chicago White Sox won over Philadelphia Athletics and keep the leadership of the second division ahead of Detroit Tigers.

Yesterday's Big League scores were as follows:

National League
St. Louis 1; New York 3.
Chicago 7; Brooklyn 2.
Pittsburg 1; Philadelphia 2.
Cincinnati 1; Boston 2.
American League
New York 3; Detroit 7.
Philadelphia 4; Chicago 7.

METLAKATLA WAS WINNER

Defeats Kitkatla in Closely Contested Softball Game to Retain Trophy

PORT SIMPSON, May 26.—For the fourth successive year, the Met-

laktla softball team was successful in defending its softball trophy against all comers at the Port Simpson Victoria Day celebration.

Metlakatla won the final game from Kitkatla by a score of 7 to 6. Kitkatla had qualified by eliminating Port Simpson and Prince Rupert teams, thus winning the right to challenge Metlakatla.

There was no scoring in either the first or second innings. In the third inning, Metlakatla made one run and Kitkatla, making it look bad for a time for the defenders. However, they were on their toes and added another run in the fourth and three more in the fifth to go ahead 5 to 4. Runs in the sixth and ninth made their count seven while Kitkatla added two more in the ninth, just falling short of evening up the score.

Dick Leighton was pitcher and W. Leighton catcher for the winning team. Ambrose Reid and J. Kawson of Port Simpson were umpires and Matt Leighton of Metlakatla and Jackson of Kitkatla, scorers.

SPORT CHAT

Pitcher Johnny Allen is playing no small part in the fine showing that the Cleveland Indians are making in the American League this season. On Tuesday he won his fifth straight victory when the Indians took the New York Yankees into camp. Allen has lost only one game so far this year, that having been his first start. Old Lefty Grove is doing good hurling duty for the Boston Red Sox and is helping to keep that club in second place next to the Indians. Like some of the other Yankees, Lefty Gomez does not seem to be able to hit his stride this year. He was driven from the mound again on Tuesday.

Boston Bees and Cincinnati Reds, so far, are doing better in the National League than a lot of the diamond sages had expected. The Bees are pretty well established in third place just now with the Reds in fourth. They staged a sensational game on Tuesday. At the end of the sixth inning, the Reds were ahead nine to one but the Bees scored nine runs in the last three frames to snatch the victory and end a four game winning streak for the Reds. The Bees have been having a lot of extra inning games this season, it taking them eleven innings to down the Reds yesterday.

MARRIAGE AS SEQUEL

"If I did not know from first-hand experience the wonderful effects of Kruschen Salts, I would not believe you to be the same young woman that stood before me in the dock three months ago accused of headaches."

"I am not, my lord. I have changed my name." (She smilingly shows her wedding ring).

"I congratulate you heartily."

"Thank you, my lord. And may I thank you, too, for that timely advice which I look back upon as the cause of all the happiness which has come to me lately. The little daily dose—it has worked wonders. I have forgotten what a headache feels like."

"And never again shall you remember. You have found good health for less than 1c a day. Stick to it!"

KRUSCHEN SALTS

relieve constipation and rheumatism

Kruschen is a combination of several mineral salts which your body must get, in some way, to keep the blood pure, the inside clean, and the system generally toned up, but which you can't get in Nature's own way without abundant exercise and fresh air. You should have those salts every day; hence the importance of the "little daily dose". Every drug counter sells Kruschen in 25c, 45c and 75c bottles. It's the little daily dose that does it.

ONTARIO FUNERAL

Remains of Archie Watt Are Going East For Interment

MONTREAL, May 26:—Word of the death of Archibald Watt, former master mechanic of the British Columbia division of the Canadian National Railways with office at Prince George, has been received at headquarters of the company here. Mr. Watt had retired from the railway about a year ago after 46 years of service in various capacities, most of which were spent in the West during the early construction period of railway development. He was closely identified with the building of the western section of the Grand Trunk Pacific Railway through British Columbia, working in conjunction with the late C. E. Brooks on that project.

Mr. Watt was born at St. Louis De Gonzague, Quebec, on March 5, 1873. He joined the Grand Trunk Railway on July 26, 1891, which he served until 1905 when he was sent to the Central Vermont Railway for a short period, afterwards returning again to the Grand Trunk. In 1908 he entered the service of the railway in the West until his retirement last year.

He is survived by his widow Jessie Watt, a daughter, Evelyn Watt, a sister, Mrs. James Maxwell and three brothers, Donald Watt of Lacolle, Quebec; David Watt of Still River, Massachusetts, and Charles Watt of Montreal.

Burial will take place at Magnetawan, Ontario.

Interior Needs Moisture Badly

Backward Spring Has Been Followed By Spell of Drying Weather

Moisture is badly needed at this time by Bulkley Valley crops, according to J. C. K. Sealy of Smithers who is a visitor in the city for a few days, having arrived on Tuesday night's train. A cold and backward spring has been followed by a week or so of quite warm weather and dry winds as a result of which the ground is parched. This is just the time when rain would be very welcome and would cause the needed growth.

HIS ROLE IMPORTANT

Former Mayor Waugh of Winnipeg, As Saar Commissioner, Had Arduous Task

WINNIPEG, May 26: (CP)—Former Mayor Richard Deans Waugh, who died last week, played only one role in the fast-moving drama of post-war international affairs—but it was a leading one. As British Empire representative on the Saar Commission, the former mayor of Winnipeg plunged into perhaps the most trouble-fraught aftermath of the Great War. When the Treaty of Versailles placed the wealthy Saar Valley under the aegis of the League of Nations the British government chose the foremost citizen of Canada's largest prairie city to see that British reputation of "fair play" was maintained by the League's administering commission.

When the genial Scot-Canadian gave up his honored position in his adopted city for the delicate but thankless task of conducting the affairs of the League's unwanted war child it exemplified his character and courage.

For three and one-half years Mr. Waugh strove to pacify the great German population in the fertile mining valley but his own interpretation of the Versailles pact could not be reconciled with that of the majority of the Commission and he resigned.

His subsequent charges of misrule by France echoed around the world; the League investigated, and things were adjusted. But by that time "Dick" Waugh was back in Winnipeg as chairman of the Manitoba Liquor Commission.

Born in Scotland
Richard Deans Waugh was born in Melrose, Scotland, March 27, 1868. He moved to Winnipeg in 1881 where his father, Richard Waugh, became editor of the Northwest Farmer. A brief experience in a law office was followed by his entry into real estate, inviting at that time in the rapidly-growing city, and before long Mr. Waugh was president of the Winnipeg Real Estate Exchange, a leader of the Scottish Association and prominent in curling and horticultural circles.

In Mr. Waugh's first political venture he headed the polls in 1908 as a city controller and in 1912 he became mayor. He declined

re-nomination in 1913 out of respect to his business partner who was drowned in the Titanic disaster. In 1915 and 1916 he was acclaimed mayor again.

The 98-mile aqueduct carrying Winnipeg's fresh water from Shoal Lake, Lake of the Woods region is material tribute to Mr. Waugh's enterprise. As chairman of the Greater Winnipeg Water District Commission from 1915 to 1920 he was instrumental in construction of this \$20,000,000 project. The aqueduct is exceeded in length on this continent only by those of New York, Los Angeles and San Francisco.

During the construction of the aqueduct Sir Robert Borden, then Canada's Prime Minister, asked Mr. Waugh to head the commission in charge of reconstructing the explosion-torn district of Halifax but Winnipeg would not part with its energetic servant. In March 1920 Sir Robert offered Mr. Waugh the Saar Commissionership, at the request of the British government, and it was accepted.

The British Commissioner's direct responsibility was control of finances and food supplies but he took a vital interest in the whole knotty problem of maintaining a smoothly-knit social, industrial and economic fabric about the fractious German and French residents.

Of the other commissioners Mr. Waugh once said: "One was a Frenchman; one a Belgian, just as good a Frenchman, and the third a Dane who had lived in France for 15 years and was a better Frenchman than the other two. It seemed I was always a minority of one as I thought it my duty to see the Treaty of Versailles was carried out to the very letter by both French and Germans."

Resigned in Protest
Mr. Waugh's struggle against what he considered anti-German administration came to a head in May, 1923. The Commission imposed heavy fines and imprisonment upon inhabitants who criticized the Versailles Treaty or any administration thereunder. Mr. Waugh resigned in August.

In an indictment of the alleged pro-French nature of the Commission, Mr. Waugh later declared: "The form of government contemplated by the Treaty of Versailles could have been a success and a credit to the League of Nations" but the other commissioners, he contended, were under orders from Quai d'Orsay. He "marvelled at the patience of the people" in the face

of "these farcical manoeuvres of the French government." When his resignation from the Saar Commission was announced Mr. Waugh was requested to head the Manitoba Liquor Commission. He returned to Winnipeg and in yet another executive position revealed his high administrative ability and added to his already-amazing popularity among "my own Manitobans."

Mr. Waugh was twice married. In 1892 he married Harriet Logan, daughter of Alexander Logan, four times mayor of Winnipeg, and of this union there were six children: Richard Douglas; Lieutenant Alexander Logan, Lord Strathcona Horse, killed in action; Frederick James and Heber Edward; Effie, who died in Winnipeg in 1930, and Margaret. Mrs. Waugh died in July 1931, and in August, 1932, Mr. Waugh married Miss Eleanor Lewis of Winnipeg.

IS PARSON AND PIRATE

George Arliss in "Dr. Syn at Capitol Theatre—Detective Thriller Is Also Presented

Appearing as the living ghost of a dead pirate, George Arliss heads the cast of "Dr. Syn" which is the main feature of a double bill program at the Capitol Theatre this mid-week. He is a Kentish village parson who preaches by day and smuggles in contraband by night. However, he turns out to be as honest a smuggler as ever rolled a hoghead of rum past the nose of an exciseman since smuggling in the Eighteenth Century was an honorable profession in the eyes of honorable men. The picture is a British production and the supporting cast includes John Loder, Margaret Lockwood, Roy Emerton, Wally Patch, Graham Moffatt.

"Arsene Lupin Returns," starring Melvyn Douglas, Virginia Bruce and Warren William, is the other end of the double bill program. It continues the adventures of the famous gentleman jewel thief who is supposed to be dead. The story's action races speedily from the Federal Bureau of Investigation in New York to haunts of crime in Paris. The supporting cast includes such favorites as John Halliday, Nat Pendleton, Monty Woolley, E. E. Clive and George Zucco.

WHIFFLETS From The Waterfront

Fred Coram, well known purser of Canadian National Steamships, is a patient in the Prince Rupert General Hospital to which, suffering from rheumatic fever, he was admitted on Monday. He was reported yesterday to be progressing favorably and expects to be able to leave for his home in Vancouver on the Prince George tonight. Mr. Coram came north last week as purser of the steamer Prince John and had transferred to the Prince Charles.

Having completed annual overhaul at the local dry dock, C.N.R. steamer Prince Charles, Capt. James Watt in command, sailed last night for Vancouver. She is shortly to be commissioned for the summer in the service between Vancouver and Prince Rupert via the Queen Charlotte Islands.

Two large fir timbers were brought from Vancouver yesterday aboard the steamer Prince George to be fashioned at the local dry dock into booms for the steamer Prince Rupert. The finished booms will be taken south next week to be installed on the Rupert.

Seven vessels landed a total of 169,000 pounds of halibut at Seattle yesterday. The list included the following three schooners from the western banks: Liberty, 38,000 pounds, 7½¢ and 6½¢; Vansee, 36,523, Washington, 7½¢ and 6½¢; Doric, 40,000, Booth, 7½¢ and 7¢. At Ketchikan yesterday the schooner Tongass landed a large catch of 72,000 pounds, being paid 6 7-10¢ and 4 7-10¢.

HOLLANDERS TO SETTLE IN BULKLEY

Party is Taking Up Land Near Palling—More to Follow

SMITHERS, May 26.—A party of seven Hollanders arrived in Smithers on Thursday evening by motor car from Prince George. Harry Bowman, Canadian National Railway's colonization agent, was in charge of the party and they were also accompanied by "Bun" Smith of Burns Lake.

One of the party, Mr. Prinz, was in this district two years ago looking it over with a view to settling a number of his countrymen and this party is a result of his previous trip.

They inspected the country around Prince George and all the way along the Nechako and Bulkley Valleys and detoured into the Ootsa Lake and Francois Lake countries.

They gave particular attention to a large block of land in the vicinity of Palling, near Burns Lake, and were very favorably impressed with the possibility of getting sufficient land in one block and of good quality at a cheap price and close to a railway station, all of these being requisite to their scheme of settlement.

They did not look around the Bulkley Valley as the topography of the country did not appeal to them being so much different from their native Holland and they returned the next morning to Burns Lake with the apparent intention of settling around Palling.

It is expected that about 25 families will form the initial settlement with a probable increase to 200 families in the not distant future.

Mr. Prinz was the only member of the party who talked English and he stated that, owing to the increase in population of his country and the very limited amount of farm land, it was absolutely necessary that a number of his people migrate to other suitable countries and that there would eventually be a considerable exodus.

A Fine Start for Baby

FOR bottle-fed babies, there is no finer start in life than a Carnation Milk formula. They get a milk which is more easily digested, even by babies who have trouble with other formulas. There is never any variation in the milk to upset them—and no matter where you may travel, baby's milk is always the same. And all babies can benefit by the extra vitamin D in Carnation Milk, for it helps to insure sound teeth and bones. When bottle days are over, there is no question of "weaning" baby—he goes on getting Carnation Milk in his cup.

Carnation is pure, cows' milk with only water taken out—homogenized to break up the cream into tiny, digestible particles—sterilized for absolute safety, and to make it keep. Carnation Milk adds creaminess, smoothness and flavour to cooked dishes—economical and delicious for creaming coffee and cereals. Write for Carnation Books. "The Contented Baby" is free. The Carnation Cook Book with full-page, full-colour illustrations is 15¢ (post-paid). Carnation Company Limited, Abbott St., Van.
