Local Boys, Home From School In War Ravished Shanghai, Are Confident Of Chinese Victory

By G. A. HUNTER

"The Generalissimo has said: 'We will fight to the last. The last victory will be ours.' That is the spirit of the Chinese people in the war against the Japanese. There is no question in the minds of the Chinese that they will win the war. With the victory will come the complete driving of the Japanese out of China. I am sure of that myself."

Kam Lee, seventeen-year-old Prince Rupert-born Chinese boy, with his fifteen-year-old brother, Jone Lee, arrived home yesterday afternoon on the Princess Empress from war-stricken Shanghai where they have been for the three years attending school. The boys are the sons of Mr. and Mrs. H. W. Lee, well known members of the local Chinese colony.

HOLIDAYS WITH PAY

Old Question of Time Off Without Loss Of Income In England

(By Pat Ussher)

Canadian Press Staff Writer LONDON, April 30: (CP)—Spring sunshine has got Britons busy thinking about summer holidays. And more of them every year are thinking that way. The holidays-with-pay idea is gaining momentum. Many industrial organizations are moving to allow their employees an annual week off with regular wages going on.

The whole problem is under examination by a committee with Lord Amulree as chairman. The question was raised in the House of Commons the other day. But the minister of labor, Ernest Brown, said he couldn't accept a motion urging the government to facilitate a spread-over of holidays through the summer months until the committee reported.

The rapid increase in the ranks of holiday-makers brought the problem of holiday dates to the fore. August traditionally is the popular month. It is the best month for the family because schools are closed.

The railway companies and other transportation agencies are campaigning in favor of earlier holidays. One company in its advertising emphasizes there is more sunshine and daylight in June than in August. Summer holiday travel bargains are being extended over a wider period. Every inducement is offered to avoid the annual transportation jam which starts with bank-holiday week-end and continues until September.

What the Amulree committee will recommend remains an official secret. But there has been plenty of speculation about its findings. The consensus seems to be that it will report in favor of at least one week's annual holiday with pay. But whether it will propose the arrangement should be voluntary or compulsory remains to be seen.

Estimates as to the number of British workers who do not receive holidays with pay vary. One estimate early in 1937, when the Amulree committee was set up, was 9,000,000. Another more recent estimate says about 13,000,000 workers still have not got paid holidays.

When the House of Commons discussed the spread-over of holidays idea Lady Astor said: "This is a question which is most essentially a woman's question." The people most in need of holidays were working-class mothers, she said, "and the best holiday for them is away from their children."

"I congratulate the minister of labor on having made splendid progress with the subject of holidays with pay," said Lady Astor. Lady members shouted across the Commons: "It is in our program."

Lady Astor retorted: "You have got it in your program but he has done it. You are too late."

Japs Will Build Huge Iron Plant

Nipponese Are Behind Big Project In Australia

PERTH, Western Australia, April 30: (CP)—Japanese interests are reported to be behind a project to produce 1,000,000,000 tons of iron ore at Koolan Island, on Yam-pi Sound.

The plant will embody the most modern methods in Australia, according to H. E. Vail, managing director.

In designing a jetty and loading device to handle 2,000 tons an hour, engineers have to contend with a variation in tide levels of 28 feet. The entire output will be shipped to Japan.

PIONEER OF CITY DEAD

Emil Van Gastel Passes Away in Victoria—Well Known Horticulturalist

Word has been received in the city of the death in St. Joseph's Hospital, Victoria, last Saturday of Emil Van Gastel, pioneer resident

Passes Away

EMIL VAN GASTEL

of Prince Rupert and for years Court House gardener here.

The late Mr. Van Gastel was born in Holland and all his life he had been a horticulturalist. In the early days he had the first hot house of any size in the city and for years did a thriving business in bulbs, seedlings, cut flowers and such products. He left here about ten years ago and had conducted a lavender farm at Sooke near Victoria. There his widow resides.

Deportation Not Mentioned

Minister of Justice Says Nothing About This In Paroling G. F. Powell

OTTAWA, April 30: (CP)—In issuing an order of parole for G. F. Powell, British Social Credit advisor to the Alberta government, who has been serving a term of six months' imprisonment with hard labor at Fort Saskatchewan penitentiary, Hon. Ernest Lapointe, minister of justice, made no mention of the question of deportation which had been recommended by the judge at the time of Powell's conviction.

France Urges Nazi Demands Be Met As Far As Possible

France and Britain Believed to Have Found Compromise Solution For Removal of Danger to Peace in Southern Europe

PARIS, April 30: (CP)—France is reported to have agreed to bring pressure to bear upon Czecho-Slovakia to persuade her to grant as many Nazi demands as possible without sacrificing her national honor and independence. Observers in Paris believe that France and Great Britain have found a compromise solution for the danger to European peace created by the ambitions of the Sudetan Germans in Czecho-Slovakia.

VISITORS FOR PARK

Resort in Interior Named for Governor General Will Become Popular, Commissioner Parsons Believes

Sydney Has Group Hospital Scheme

New Plan Working Out Well In Australian City

SYDNEY, N. S. W., April 30: (CP)—A voluntary group hospitalization scheme which costs contributors 25 cents a week today removed the burden of expensive surgical operations and hospital care from Sydney wage-earners' shoulders.

Benefits amount to \$20 a week towards the cost of treatments in intermediate wards of public hospitals and corresponding benefits in private hospitals. "People who formerly scorned the idea of a public ward and demanded private hospital treatment which they could not afford are now thinking in terms of the intermediate sections," an organizer of the fund said.

"We are bringing hospitalization down to a business basis, and by so doing are striking at the roots of that ridiculous snobbery that once made it bad form to discuss money in cases of illness—a snobbery that saddled people with a burden of debt."

T. W. S. Parsons, assistant commissioner of provincial police, Victoria, arrived in the city on the Cardena this morning from the south in the course of an official trip through this part of the province. He will proceed to the interior on Monday evening's train.

The long voyage north on the Cardena with its many calls gave the assistant commissioner an opportunity to get into a number of points which he would, otherwise, have been unable to reach. The steamer even made its annual call at remote Kinsquit.

Assistant Commissioner Parsons, who played an active part in connection with the visit of the Governor General's party to Tweedsmuir Park last summer, says that a good deal of interest is being manifested in that area on the outside. Already one party of some fifteen or so trail riders has been organized to go in from Bella Coola this summer and another is in process of organization. Visitors are also expected to go in by the approach from the Canadian National Railways at Burns Lake on the north. The police head is confident that Tweedsmuir Park is eventually destined to become a highly popular resort.

BUILDING IN APRIL

Principal Item Was For New Bakery Building on Third Avenue Placed at \$6500

Principal item being one of \$6500 for the construction of a new concrete bakery building on Third Avenue by H. K. Christensen, building permits for the month of April in Prince Rupert aggregated \$7030 in value. This compares with \$500 in the same month last year and brings the total for 1938 to date up to \$142,535 in comparison with \$5375 in the first four months of 1937.

Permits taken out in April were as follows:

- F. J. Fuller, Second Avenue, re-shingling roof, \$80.
- Frank Derry, Seventh Avenue East, foundation repairs, \$150.
- Standard Oil Co. of British Columbia, sign at Royal Motors Third Avenue, \$100.
- H. K. Christensen, concrete building, Third Avenue, \$6500.
- A. Montesano, Borden Street verandah repairs, \$50.
- Dr. J. H. Carson, garage, Emmerson Place, \$100.
- J. E. Jack, garage, Angus Apartments, \$50.

Ocean Falls Weather Fine

Only About Quarter of Inch of Rain In Week—Thermometer Goes Up to 69

OCEAN FALLS, April 30.—Fine, bright weather has been the order in Ocean Falls during the past week with only .29 inches of rain and a maximum temperature reading for the period of 69 on Sunday. The lowest thermometer reading was 38.

ACCIDENTAL DEATH IN SHOOTING CASE

Accidental death was established this morning by inquiry conducted by Deputy Coroner A. J. Lancaster into the fatal shooting of Jack White, Port Simpson Indian youth, near Oceanic cannery on Thursday. The police boat P. M. L. 8 returned to port yesterday afternoon with officers who conducted an investigation into the accident. The remains have been turned over to relatives.

Today's Weather

(Government Telegraphs)

BULLETINS

BARCELONA IS BOMBED
BARCELONA—Two insurgent air raids today subjected this temporary capital of government Spain to its worst bombing in the last six weeks. Officials estimate that thirty were killed and fifty injured in two attacks within three hours. Seven insurgent planes participated in the deadly raid.

HOTEL IS HELD UP
VANCOUVER—Two bandits held up Walter Mullins, night clerk in the Pennsylvania Hotel, Carrall Street, and locked him in an ice box, escaping with the day's receipts of \$588. Thirty-five minutes later Mullins, who was held up at the same hotel less than a year ago, was discovered and released.

CLOSE CALL FROM FIRE
VANCOUVER—Mr. and Mrs. A. J. Marling fought smoke and fire this morning to win their way out of their burning home with a small baby and their maid. The Marlings awoke to find their home ablaze. Mrs. Marling fled with the child and Marling remained to awaken the maid and assist her from the building.

JAP DRIVE IS BROKEN

Embattled Tairchwang Reported Today To Have Been Recaptured By Chinese

HANKOW, April 30.—With a smashing counter-attack, the Chinese last night turned back the new Japanese offensive today and it was officially reported had recaptured embattled Tairchwang, strategic centre of South Shantung Province. Fierce and determined fighting continues along the vital Lunghai Railway line skirting the Yellow River.

Weather Forecast

Furnished through the courtesy of the Dominion Meteorological Bureau at Victoria and Prince Rupert. This forecast is compiled from observations taken at 5 a.m. today and covers the 36 hour period ending 5 p.m. tomorrow.

General Synopsis—Pressure is relatively high over British Columbia. Shallow depression off the coast has caused showers on the north coast but it has been fair and warm elsewhere.

Prince Rupert and Queen Charlotte Islands—Moderate to fresh winds, mostly southeast, cloudy with a few light scattered showers. West Coast of Vancouver Island—Moderate to fresh southwest winds and mostly fair, probably a shower at night.

The Congoleum rug in the guessing contest at MacKenzie's Furniture store was won by Mrs. McLeod, 410 Sixth Avenue West, the number she guessed being 1113, the correct number being 1134. J. Feasby came very close with a guess of 1111. At Gordon's Hardware Jack Joy won with 1545, the number being 1569.

A FASCIST FOOL

"Fascism is not a national menace in Canada. To so describe it is to dignify it beyond any deserving," says an editorial article in the May issue of the Canadian Magazine. "It is merely a foul falsehood (like Communism or any other form of despotism)—but it is a falsehood that may blight the thinking of a multitude of eager, ardent young Canadians, until their minds become warped by hate, and their fine idealism deadened by folly."

"Canada is a free country. Every Canadian has the right and duty to advocate those causes that commend themselves to him. He has even the right to make a fool of himself, if he so pleases. That is one of the inalienable rights of democracy, and it is a small price to pay for freedom."

Further on the editorial says: "In Canada there is no left (Communism) nor right (Fascism) except as it exists in the disordered minds of a few who have failed to constructively exercise their rights as citizens, or who hope for some personal gain through serving factions whose importance is in reverse ratio to the noise they make. An internationalism which fosters class wars and a nationalism which forms race hatreds can find no Canadian soil on which to flourish."

"Then why are we so concerned about a movement which must die of its own poison? Only that young Canadians may be saved from the blight of this disordered thinking: for bitterness and evil and bias and hatred leave an indelible mark—and we want none of it in Canada; we want nothing of any 'ism' that would teach the young the way of hate and prejudice."

"Let the young forget the black shirt and make it a sweat shirt instead—the wholesome, healthful life of Canadian sport. But above all else, don't be the tool of anyone. Don't be a Fascist fool!"

LUMBER EXPORTS UP

British Columbia has sold more lumber in overseas markets in the first quarter of the present year than she did in the corresponding period of 1937, says the Victoria Times. The total number of feet—board measurement—was 254,250,791, a gain of no less than 20,000,000 feet, and United Kingdom purchases were responsible for the entire increase.

That market, by the way, took 181,000,000 feet as against 161,000,000 feet last year. Australian shipments also were better, increasing from 24,000,000 to 34,000,000, but there were losses in the Orient. The domestic waterborne trade also showed improvement, with shipments to the Atlantic Coast and other points totaling 38,000,000 feet against 17,000,000 last year.

BUILDING UP LEAD

Cleveland Indians Retain Commanding Margin of Supremacy in American League

ST. LOUIS, April 30: (CP)—Cleveland Indians continued their unquestioned leadership of the American League with a margin of two and a half games yesterday by winning a close victory over St. Louis Browns while the two runner-up teams, Boston Red Sox and Washington Senators, were both losing, the Red Sox to the New York Yankees and the Senators to the Philadelphia Athletics. The Yankees went into fourth place ahead of the Chicago White Sox who were losing to the Detroit Tigers in the day's fourth scheduled game. The Browns are now in the cellar below the Philadelphia Athletics and Detroit Tigers who are still tied, now for sixth place.

Cold weather prevented the playing of two National League games. The Brooklyn Dodgers moved into a tie with Boston Braves for fourth place by winning over Philadelphia in a twelve-inning contest. The Cincinnati Reds dropped into seventh place below the St. Louis Cardinals by losing to the third place Chicago Cubs.

Yesterday's Big League results:

National League

New York at Boston postponed on account of cold.
Philadelphia 4, Brooklyn 5.
Cincinnati 4, Chicago 6.
St. Louis at Pittsburgh postponed on account of cold.

American League

Boston 4, New York 6.
Washington 6, Philadelphia 7.
Chicago 1, Detroit 5.
Cleveland 3, St. Louis 2.

The standing to date:

National League

Team	W	L	Pct
New York	9	1	.900
Pittsburgh	8	2	.750
Chicago	7	4	.636
Boston	4	4	.500
Brooklyn	5	5	.500
St. Louis	3	7	.300
Cincinnati	3	8	.273
Philadelphia	1	9	.100

American League

Cleveland	8	2	.800
Boston	6	5	.545
Washington	6	5	.545
New York	6	6	.500
Chicago	4	5	.444
Philadelphia	4	6	.400
Detroit	4	6	.400
St. Louis	4	7	.364

LEARNED IN YOUTH

WAKEFIELD, England, April 30: (CP)—An 85-year-old man, first convicted 70 years ago, was sentenced again the other day for housebreaking.

Last Minute Overtime Penalty Gives Preston Sensational Win In English Cup Football Final

WEMBLEY STADIUM, London, April 30: (CP)—A last minute penalty, converted by G. Mutch, gave Preston Northend its second English Cup Football victory today. Deadlocked with no score after the regulation ninety minutes of play with Huddersfield, the teams went into thirty minutes of overtime. The penalty kick was taken thirty

seconds before the end, sensationally concluding a dogged battle before 93,000 persons. The English football cup competition, entered by clubs from Cornwall to Northumberland and played in preliminary rounds — on grounds ranging from suburban fields to streamlined stadiums, thus reached its climax today with the final in Wembley, young London borough famous for its huge bowl, another of those places like Altree, Epsom and Putney—uneventful 11-months of the year and bursting into sports prominence almost 100 years ago with the one blue ribbon event of the year.

The Grand National, the Derby and Oxford-Cambridge boat race all attract fans in varying degrees to districts where they are staged but only the cup final brings 93,000 paid admissions a year in advance and nearly another 100,000 rejected applications for pasteboards.

In view of the need for greater accommodation, Brig-Gen. A. C. Critchley, Calgary-born sports promoter, came forward with a plan to increase his 80,000-seat White City stadium to 175,000 if given the play-off. But his Wembley rivals, holders of the current contract, announced an expansion scheme and were awarded the classic for the next 26 years.

Wembley will be increased to 156,000 by 1939, involving an expenditure of £70,000 (\$350,000). If at the end of five years pressure for additional seats continues another 25,000 will be added.

North Has To Win

As in the 1937 final when Sunderland defeated Preston 3-1 this clash also was an all north-of-England encounter. The last time these squads met in the final Huddersfield won 1-0—in 1922.

Cup-final matches produce upsets and experts are wary of "calling their shots." The majority, however, have climbed out on the proverbial limb and favored Preston on its record of shutouts in the preliminaries.

"Proud Preston," one of the 12 original members of the league in 1888, climaxed its first year's play by capturing the double—cup and league titles. The team—which was well situated to duplicate this year—went through the original league campaign without a loss. It

DUNDEE IS RELEGATED

With Morton is Demoted to Second Division of Scottish Football League

GLASGOW, April 30: (CP)—Dundee and Morton will play in the Second Division of the Scottish Football League next season. The leading team early in the campaign, Dundee was held to a scoreless draw by Ayr United today in the concluding matches of the Scottish season. Morton had been doomed to demotion a month ago.

Today's Old Country football scores:

Scottish League—First Division
Ayr United 0, Dundee 0.
Celtic 3, Hibernians 0.
Hamilton Academicals 1, Queens Park 1.

Hearts 5, Kilmarnock 1.
Morton 1, Clyde 3.
Rangers 2, Queen of South 3.
St. Johnstone 2, Motherwell 2.
St. Mirren 0, Falkirk 3.
Third Lanark 1, Partick Thistle 1.

English League—First Division
Arsenal 1, Liverpool 0.
Blackpool 3, West Bromwich Albion 1.

Bolton Wanderers 23, Middlesbrough 1.
Brentford 1, Birmingham 2.
Derby County 1, Grimsby Town 2.

Everton 5, Portsmouth 2.
Leicester City 1, Charlton Athletic 0.
Manchester City 6, Leeds United 2.

Wolverhampton Wanderers 1, Chelsea 1.

Seek Artificial Ice For Hockey

Business Men of Port Arthur Are Becoming Interested

PORT ARTHUR, Ont., April 30: (CP)—Business men of this city are making a determined drive to have installed an artificial ice plant in the Port Arthur arena. Representatives of the Civic Finance Committee have been appointed to discuss the question with officials of the Arena Rink Company, Limited.

"We just tossed \$3,000 out the window," said W. A. McKinnon, president of the Port Arthur Hockey Club, referring to loss of home games in the Manitoba-Thunder Bay series. "That would have made a tremendous difference to the club and to the rink as well. We have been forced to pass up a lot of revenue during the year because of adverse weather."

SPORT CHAT

Frank Woolley, 50, one of the greatest British cricketers of all time, who joined Kent country club in 1907, will retire at the end of the season with a public testimonial.

The English football league match scheduled for today between Sunderland and Preston North End will be played May 4. Preston met Huddersfield in the cup final today.

Australian test cricketers enroute to England held a fancy dress carnival on board ship, Don Bradman as "Departing Spirits," portraying a covered bottle. They arrived at Southampton the other day.

Increasing interest in lawn bowling in South Africa was shown when 167 rinks entered championships held at Durban. Previous highest entry was 139 in East London two years ago.

Betty Nuthall, brilliant English tennis player, says she is more interested in cooking and music than in lawn tennis.

Three cricketers were knocked down and 12 others dazed when lightning struck the Kenmore cricket over at Sydney, Australia, recently, leaving four holes, each about two inches deep, near the pitch.

The Preston North End-Huddersfield Town English football cup final at Wembley Stadium today was televised.

LOCAL NEWS NOTES

Cash for Old Gold. Bulger's, of Mrs. J. S. Black sailed this morning on the Cardent for a trip to Vancouver.

St. Andrew's Cathedral Sunday School will meet in future at 10 a.m. (101)

Baptist Missionary Tea Monday, 3 to 6. Mrs. T. Christoff's, 4th Ave. East. (101)

Carl Erickson returned to the city on the Princess Adelaide yesterday afternoon from a trip to Vancouver.

Mr. and Mrs. Lee Gordon sailed last night on the Princess Adelaide for a trip to Vancouver.

N. Mussallem, who has been in ill health for some time, is shortly to undergo another series of operations.

J. W. Pottinger and J. R. McKenzie of the Northern British Columbia line staff left on last evening's train for a brief trip to Tye.

Miss Wadea Mussallem has arrived in the city from Smithers and will spend some time here on business. Miss Margaret Mussallem has left for Smithers.

W. H. Manuel, C.N.R. travelling auditor, who has been here on official duties for a few days, left on last evening's train for Prince George.

Oscar Fulton, son of Mr. and Mrs. W. O. Fulton, returned home on the Princess Adelaide yesterday afternoon from his studies at the University of British Columbia.

Annual official opening of P. R. Tennis Club takes place Sunday, May 1. Members and friends of all clubs invited to participate in American Tournament at 1:30 p.m. (101)

Winter Training Period Wound Up With Fine Dance

Members of the 102nd Battery, Royal Canadian Artillery, wound up their winter training period with a dance at the headquarters last night. About 100 couples were present, the members of the Battery and their guests.

Members of the Battery were in their new blue dress uniforms and looked very smart.

TRAPPED AND BURNED

HULL, England, April 30: (CP)—George A. Shepherdson, 61, was burned to death when trapped in his car, passersby being unable to extricate him.

Find Film Show Getting Better

British Council Still Sees Need For Sharp Sub-editing, However
LONDON, April 30: (CP)—Marked improvement in tone and presentation of films is welcomed by the Public Morality Council, in its annual report for 1937. The council notes with gratification the almost complete absence of the "sex" film in the old sense of the term. On the other hand there have been elements in 26 films which called for comment such as caricatures of religious acts, cruelty, daring and suggestion, actions or scenes or themes sordid throughout.
The council's receiver says: "The need of today with pictures is fierce sub-editing, such sub-editing as marks the conduct of the most successful newspapers."

KILLED IN NIGHTMARE

LONDON, April 30: (CP)—A coroner's jury advanced the theory that Mrs. Charlotte Warren, 90, died after falling out of bed during a nightmare dream. Death from shock was the verdict.

Not Heredity —Environment

Experts Report On 15-Year Study
of an Old Question

NEW YORK, April 29: (CP) — There is no correlation between the intelligence of children and their parents, and the influence of environment determines the growth or decline of children's intellectual development, according to the report of a 15-year study of children by Dr. Harold Skeels and Dr. Beth Wellman of the Iowa University Child Welfare Station.

Dr. Skeels, psychologist for the Iowa State Board of Control, has discovered that underprivileged children, taken from inadequate environment and placed in foster

homes, respond to love, interest and comfort by remarkable intellectual gains. He finds no correlation between the intelligence of true parents and their children, but notes the longer small boys and girls remain in poor surroundings, the duller they become. He points out that if these children are removed early enough to foster homes they have a good chance to reach normal or superior mental achievement.

Dr. Wellman has recorded that higher intelligence levels are the rule rather than exception following the stimulating atmosphere of nursery schools. Significantly, during summer vacations at home, without the incentive of school and influence of companionship, children show little or no development.

Miss Wellman studied the later progress of many boys and girls who received careful and sympathetic early training and discovered those transferred to progressive institutions of this type continued to gain in intelligence, while those who entered less progressive schools lost considerable ground.

"Children thrive best," Dr. Wellman concludes, "in schools where they are taught to think for themselves instead of obeying blindly. They do best in groups with children with capabilities as great or better than their own."

Heaviest Halibut Landings So Far This
Season Recorded During Past Week
Here—Native Salmon Fisher-
men on Way to Canneries

The past week saw heaviest halibut landings so far in the 1938 season at the port of Prince Rupert. The total was 642,200 pounds. Canadian landings were especially heavy at 407,700 pounds brought in by 42 boats. American boats accounted for the remaining 234,500 pounds. These figures brought the season's total to date up to

1,940,200 pounds of which 998,000 pounds was from Canadian vessels and 942,200 pounds from American. Owing to the heavy volume of landings, the price level for the week was rather low. The top bid of the week for Canadian fish was 6c and 4c which a small boat—the T.N.—received for 1400 pounds. The most of Canadian boats landing during the week received 5c and 4c which, it appears, may be taken as the year's basic low price. For American fish the high bid of the week was 7.5c and 5c which the A.L. was paid for 33,000 pounds and the low 6.5c and 5c pair the Star for 11,500 pounds.

There have been quite a number of native boats in port during the week on their way to the Skeena River canneries for the season. It will be a few weeks yet, however, before the full volume of natives starts moving to the canneries. Those going just now are mostly fishermen intent on making fishing arrangements for the season.

George Sankey of Port Simpson left yesterday on his own boat for North Pacific where he plans to spend the summer in the employ of the cannery.

SEATTLE HALIBUT LANDINGS

A total of 167,000 pounds of halibut was marketed at Seattle yesterday. Included in the list was the Canadian boat Haida Chief which sold a catch of 19,000 pounds to the San Juan Fish Co. for 7c and 6c. Other sales at Seattle yesterday were: Western, 40,000, New England, 6 1/2c and 6c; Thor, 36,000, Whiz, 7c and 6c; Swift II, 15,500, Sebastian, 7c and 6c; Unimak, 9,500, Washington, 7c and 6 1/2c; Mabella J., 5,000, Whiz, 7 1/2c and 6c; Irene J., 14,000, New England, 7 1/2c and 6c; Superior, 12,500, San Juan, 7c and 6c; Lively, 15,500, Booth, 7c and 6c. The President, with 12,000 pounds refused 6 1/2c and 6c, holding over until today. Mixed cod brought 2c per pound at Seattle yesterday and sablefish 5c.

The examiner of the Federal Communications Commission at Seattle has recommended against a public radio telephone station being established for Seattle harbor on the grounds that no definite need for such a service has been shown, especially since there is in existence a commercial service. The halibut fleet is not much affected by the matter, only one boat of the Puget Sound fleet, the Arthur H., being equipped with radiotelephone transmitting equipment.

Late again on account of heavy freights for cannery points which are preparing for the coming season, Union steamer Cardena, Capt. John Boden, arrived in port at 5 o'clock this morning from the south, sailing three hours later on her return to Vancouver and waypoints. During the night the vessel made her calls in the Skeena River.

In tow of the company's tanker Unacana, the Union Oil Co. tank scow arrived in port yesterday from Vancouver and was taken on by the Armour Salvage Co.'s tug Fearless, Capt. Reg Green, late last night to North Island trolling grounds where it will be stationed.

for the season. James Adam, marine superintendent for the Union Oil Co., arrived in the city on the Princess Adelaide yesterday afternoon from Vancouver and proceeded to the Islands with the outfit last night. The Fearless is expected back tomorrow.

Do fish suffer from sunburn? Dr. J. L. Hart of the Pacific Biological Station at Nanaimo thinks those in hatchery ponds which have no shade may be affected with blistering or the development of pigments if the sunlight is strong enough to burn a man badly. His conclusions were reached after goldfish kept in quart sealers were subjected to ultra-violet radiation from a quartz mercury-vapor lamp designed for therapeutic use. The experiments did not determine if strong sunlight has any effect on fish culture.

SOFT DRINK IS FAVORED

Paris Slimming Acclaims Merit Of
Fruit Juice—Hard Stuff Out

(By Gladys M. Arnold)
Canadian Press Correspondent
PARIS, April 30: (CP)—Today's drink "a la mode" in Paris is fruit juice. Yes in the Paris where one dreams of port and champagne, cognac and benedictine, bordeaux and chablis.

It was 1937 before Parisians discovered that anything more exciting than orange or lemonade existed in the non-alcoholic "juice" line. Then a rumor got about that fruit juice was responsible for the slim beauty of North American women and the height of their men and that tomato cocktails were the smart aperitifs on the western side of the Atlantic.

A request in a cafe or "bistro" for tomato juice produced only a blank stare and a titter among the wine-bibbers 18 months ago. Today a tour of 20 cafes in one small quarter revealed the walls plastered with signs announcing the health properties and refreshing qualities of not only tomato juice but no less than 11 other "squeezed" drinks.

The aperitif people are alarmed to see their bottles pushed to the back of the shelf while fresh unalcoholic drinks take the front row. The Canadian who remembers with emotion those war days in Paris when he sat on the sidewalk before a cafe with a glass of du-bonnet or the amber sparkle of champagne winking at him might be distressed to find today's public with a straw between its lips.

To drink wine is just old-fashioned. "L'Hygiene est a la mode" (hygiene is the fashion) is the new slogan. But once introduced, the new industry is being thoroughly exploited. In addition to orange and lemon you are offered juice of strawberries, pineapple, apple (not cider), gooseberries, black or blue berries, grapes, grapefruit, black currants, cherries, tomato and raspberries. In fact only the banana has been neglected.

Doctors endorse
And look what they do for you according to the French doctors whose interest is understood while it is realized France is Europe's heaviest consumer of alcohol in beverages.

Grape juice: rich in vitamins C and B will combat arthritis, skin troubles and clears the complexion; strawberry, a mineral tonic combatting rheumatism and stomach troubles; grapefruit, all its usual American qualities with the addition of being a disinfectant before and after operations; pineapple juice, rich in sugar; apple juice, rich in vitamins C and B and a cure for gastric troubles; black currant, excellent aperitif stimulates appetite and stomach juices; gooseberry, tonic and complexion clearer; orange juice, rich in vitamins A, B, C; tomato juice vitamins A, B, and C, makes skin firm and clear.

Watch for a new drink now in preparation. This is to be from common radishes or horseradish and is promised to be more appetizing than tomato juice and a guarantee against liver trouble. However, the war generation still sticks to pernods and port, detesting vitamins and calories and regretting the days when what they ate and drank meant units of pleasure and not units of energy.

coming to Paris in July is the celebration of the 300th anniversary of the birth of "Le Roi Soleil" Louis XIV. This King was born in the Chateau of St. Germain in what now is a Parisian suburb. To tourists he is better known as the King who, with the aid of John D. Rockefeller, built the palace of Versailles as it appears today. That is Louis XIV had the original idea and Rockefeller decided to spend

his money for its restoration about 290 years later. Night carnivals are to be held July 9 and 10 in the Chateau gardens.
