## NEW COUNCIL TAKES REIGNS OF GOVT. TONIGHT

### AMIDST MANY BOUQUETS OLD COUNCIL DEPARTED

STANDING VOTE OF APPRECIATION FOR MAYOR MANSON  
MOVED BY MAYOR-ELECT NEWTON WITH PLENTIFUL  
ENCONIUMS—RETIRED MAYOR COMMENDS OFFICIALS.

By a standing vote at the close of the last meeting of the City Council for 1911, which was held on Saturday afternoon, the members of the late council expressed their appreciation of the work during the past year of Mayor Manson.

It devolved upon Alderman Newton as the mayor to be to give expression to the feeling of the Council on the subject, and this he did in a straightforward speech. He declared that one point only during the past year had he been diametrically opposed in opinion to Mayor Manson, and thought that if in the coming council year he himself had only one point of opposition thus against him he would be doing exceptionally well indeed.

Alderman Newton referred to his coming tenure of the position vacated by Mayor Manson and said that he owed more than he could tell to Mr. Manson in the way of knowledge of municipal

affairs and the guidance of the city.

Replying in acknowledgement of the expressions of good will, the retiring Mayor summed up briefly his experience of the past council session. He was glad that it had been on the whole so harmonious. There had been heavy tasks to accomplish; they had been well done. He had himself endeavored to deal fairly with all, and all members of the council. In leaving the charge of the city's affairs to his successor, Mayor Manson took occasion to commend the City Assessor, City Engineer, City Clerk, Accountant and City Solicitor. Their work, one and all, he said, had been excellently done and under exceptionally hard conditions as regards the accommodation for the city staff in the City Hall. In the coming year Mayor Manson hoped the Council would have comfortable quarters in the new City Hall. He took his leave of his late colleagues with much good will.

### J. S. COWPER GOES SOUTH

Has Resigned Editorship of the Daily News and Will Devote Himself to Other Interests

By the ss. Camosun last night there left for Victoria and the south Mr. J. S. Cowper, who has resigned his charge of the Daily News. Matters move quickly in the west and Mr. Cowper, who has several valuable interests in mining and other enterprises in the district is taking steps to prosecute these with more attention than time allowed him while he occupied the editorial chair. Mr. Cowper will return shortly to Prince Rupert, where it is hoped that he will remain permanently resident.

The Baptist Brotherhood will meet tonight in McIntyre Hall at 8 o'clock for important business. C. ROGERS, Pres.

### EXPERT WILL ERECT PLANT

Recommendation by Old Council to New that the Firm Supplying New Electrical Plant Shall Send Their Man to Erect It.

In a lengthy letter to the council Engineer Thompson, of Seattle, recommended that the erection of the new machinery for the electric light plant extension be left to the care of an expert employee of the company supply the plant, at a fee of \$6.00 per day and his expenses up and back. On the motion of Alderman Clayton, seconded by Alderman Newton, and supported by Ald. Douglas, the matter was left to the new council with the recommendation that the recommendations of the consulting engineer be adopted.

### FAREWELL, MAYOR MANSON

Prince Rupert's Second Mayor Goes to Seat in Victoria House.

By the Camosun last night Mayor (now ex-Mayor) Manson left for Victoria to take his place as Member for the riding in the Provincial House. Friends saw him off. Relieved of his municipal charge, Mr. Manson will no doubt devote his energies still more closely to the duties of his House membership.

### Police Court Today.

Sentence was deferred this morning by Magistrate Carss in the case of W. Duggan, charged with vagrancy. W. McCann paid his fine and costs for a small pag and departed.

### "John" Arrived.

The Prince John arrived from the islands last night just before the Camosun got in.

### URGE PROVINCIAL GOVERNMENT TO SELL ITS CITY HOLDINGS

AMONGST LAST MEASURES PASSED BY 1911 COUNCIL IS  
RESOLUTION TO THAT EFFECT TO BE FORWARDED  
TO MINISTER OF LANDS FOR PROVINCE.

There remains a certain debt to be paid by the city of Prince Rupert to the Provincial Government for water works, and sewers put in previous to incorporation. A claim has been made by the Government for this sum, and the letter was read at the meeting of the council on Saturday afternoon. A letter drafted by the city clerk to explain the city's financial position was read also. The city clerk's letter explained the heavy accounts the city was meeting for grading and the financing ahead for the hydro-electric scheme.

Ald. Morrissey was anxious that in writing to the Government department, acknowledging this indebtedness, the city should bring the point that the Provincial Government is holding a great deal of property in Section One, as well as other sections of the city, which pays no taxes. He was anxious that some assurance should be obtained from the Government that in consideration of

the payment of the city's debt the Government should put on the market shortly, at least the Section One lots, so as to make them revenue producers for the city. After some discussion the following resolution was passed:

"Moved by Alderman Morrissey and seconded by Alderman Clayton, that the City Council of the City of Prince Rupert respectfully urge upon the Government of the province of British Columbia, the advisability of selling all its lots not needed for Government purposes, in the sold sections of the city of Prince Rupert, viz., Sections 1, 2, 5, 6, 7 and 8, at an early date, so that the same will be liable for taxation during the current year; and that this resolution be forwarded to the Honorable, the Minister of Lands."

### Don't Forget.

Installation of officers at the K. of P. Hall on Monday night at 8 o'clock.

### SUFFRAGETTES SPLIT CABINET

While Lloyd George is Speaking for It, Two of His Brother Ministers Are Out Speaking Against It.

(Canadian Press Despatch.)

London, Jan. 14.—The division of the Cabinet over woman suffrage promises the most interesting developments. Lloyd George, the chancellor of the exchequer, will address a meeting in favor of woman suffrage at Albert Hall on February 28. There will be a counter meeting at the same hall five days later, at which it is understood that Lord Loreburn, the colonial secretary, and possibly other anti-suffrage members of the Cabinet will speak. The promoters of this latter meeting also hope to be able to get Prime Minister Asquith to attend and make a speech.

Best meal in town at Savoy.

### Trades & Labor Council Tonight

The adjourned meeting of the Trades and Labor Council will be held in the Carpenters Hall this evening at 8 o'clock. A full representation of delegates will be in attendance.

### WILL TALK OF THE NORTH

F. H. Mobley Will Deliver Interesting Lecture Wednesday.

Of the many splendid addresses given last year in the Presbyterian Club the one by Mr. F. Mobley was among the very best. He himself has "whistled bits of ragtime at the end of all creation," and loves to tramp the wilds where the caribou calls, and as he talks he imparts the thrill of God's great out-of-doors to his audience.

In his address, "Mushing It," on Wednesday night in the Presbyterian Hall, Mr. Mobley will again give some reminiscences of the northland. The general public is invited to all these lectures.

Warm, clean rooms at Savoy.

## MORE ROBBERIES IN VANCOUVER

Ruffians With Guns Hold-Up Street Car on Venables Street  
Wounding and Robbing the Conductor

### MAKE THEIR ESCAPE IN FLEET AUTO-CAR

Same Night Two Clerks are Held at "Hands Up" at Revolver's Point in Grocery Store on Hastings Street While Till is Robbed by Two Masked Men—Reign of Terror Prevails for the Timid by Night

Vancouver, Jan. 15.—At 10.45 tonight two armed men held up an dromedary a Grandview street car on Venables Street, securing the contents of the collection box, after shooting and wounding the conductor, William Barker. The bullet struck Barker in the head, inflicting a scalp wound, but rendering him unconscious. The car was in-bound to the city

and was believed to have only one passenger, a woman, aboard. The men made their escape in a motor car, taking the controller of the street car so that it could not run, and at 3 o'clock Sunday morning had not been captured. About the same hour two men entered a grocery store on the corner of Hastings street east and Carl avenue and held up two

clerks at the point of their revolvers. They secured over \$60 from the till and escaped.

Later—No trace of the bandit who held up the Hastings street car Saturday night and shot Conductor Bullock in the head when he resisted has been found, despite the fact that the company has offered \$1,000 reward. Conductor Bullock will recover.

## PRINCE RUPERT'S HUGE DRYDOCK SCHEME

Engineer W. T. Donnelly and Frank E. Kirby Describe Construction Which Will be in Operation This Spring

Messrs William T. Donnelly and Frank E. Kirby, the American engineers appointed by the Grand Trunk Pacific Company to prepare plans for the construction of the terminals and floating dock and building yards at Prince Rupert, read a paper a few days ago before the United States Society of Naval Architects and Engineers at New York in which they told of their plans.

### Description of Dock.

The first work to be undertaken under their plan will be a pier, 520 feet long and 60 feet wide, with a shore platform 80 feet wide and 930 feet long, with area of 74,400 square feet. At the western end of this platform there will be an extension off shore 350 feet long by about 100 feet wide, and at right angles to this an extension 560 feet long by 80 feet for the attachment of a float-

ing dock. Owing to the excessive rise and fall of the tide, about 25 feet, a double line of diagonal bracing will be used in the pier work. The total area of the platform and pier work will be 181,400 square feet. In front of the main platform, east of the pier, there will be built a launching platform for side launching, 80 feet wide by 440 feet long.

The engineers say: "One of the controlling features in the general plan of development was the fact that the city of Prince Rupert will be 660 miles from the nearest base of supply or point where any considerable assistance, mechanical or otherwise, can be obtained. It was, therefore, determined at the outset that the mechanical equipment, large tools, etc., must be of the very best and most complete. Also that on account of

the high price of labor on the Pacific coast ample provision for the use of power in every way possible should be made. This has resulted in the design of an electric power generating station with ample capacity for all present needs and with a large possibility of extension.

### Complete Building Plant.

"The plans provide for a complete ship building and repair plant with large machine, boiler, blacksmith, carpenter and other shops. In the machine shop machinery will be provided to handle all the heaviest crank and other shafting for large steamers, and boring, drilling, turning machinery, etc. The large tools will be driven by individual motors. A 10-ton overhead crane will be provided for both boiler and machine shops.

"The drydock will be a pontoon

### Waterfront Note.

The Camosun arrived last night from Stewart later than had been expected. She had made her call at Claxton on the inward instead of the outward trip. A number of passengers left for the south by the "old reliable."

## HANDSOME NEW PLEASURE LAUNCH NOW ON HARBOR

GASOLINE BOAT "ALICE B." OWNED BY W. J. THOMAS, MAY  
BE RECOGNIZED BY HER DAINTY APPEARANCE—A  
FINE BOAT FOR JOY-RIDERS.

To Prince Rupert's ever-increasing fleet of smart gasoline launches there has just been added one of the smartest and most convenient for pleasure parties or for plain everyday gasoline boat service. This boat is the "Alice B," the property of

W. J. Thomas, who had the craft brought incomplete from Vancouver, and has just finished her equipment. Thirty-one feet long, with eight-foot beam, and three and a half feet draft, the Alice B is a graceful launch. She can be recognized at once from other launches by her trim house work with its rows of dainty varnished and panelled windows, which are designed like those of the big passenger steamers in miniature. Every one of the windows drop out of sight in fair weather. In a seaway they are all tight as portholes. With a 12-horsepower heavy duty Buffalo engine, the boat makes nine miles per hour. She is fitted throughout in the most finished manner with electric light, brass binnacle and compass, fog horn, copper side-lights and all that is required to enhance the appearance and increase the efficiency of a launch. Her accommodations for passengers is ideal, a deep cockpit being a feature. Awnings, leather cushions and a fine, strong upper deck add to her other attractions.

## LEADING LOCAL LAYMEN ON UNION OF THE CHURCHES

DR. KERGIN AND MR. A. M. MANSON EXPRESS INTERESTING  
VIEWS EXPLAINING THE SITUATION TO LARGE CONGREGATION  
IN EMPRESS THEATRE ON SUNDAY NIGHT.

Two laymen of the city, each well known in his own avocation and to the citizens generally, undertook to discuss church union from the layman's standpoint in the Empress Theatre last night at the hour of the regular Presbyterian Church service. They were Dr. Kergin and Mr. A. M. Manson. Dr. Kergin spoke first, and set forth his views very strongly in favor of the union of the three great churches—Presbyterian, Congregationalist and Methodist. The matter had passed through ministerial discussion and had received a majority vote. It was up now, he said, to the laymen, and he himself favored union on the conviction that it would be to live up to the Master's spirit and teachings.

A. M. Manson, who followed Dr. Kergin, gave an address on the subject, showing clearly to the congregation the possible difficulties in the way of union, which, nevertheless, he by no means opposed. The economic argument, he showed, bulked largely in the matter. It was an idea of economizing strength financial and other which impresses many. There were those who held that such economy was not good for church work, how-

ever good in commercial enterprise. One point, however, Mr. Manson brought out strongly, that was that if union aided in increasing the salaries paid so many pastors of all the churches in their responsible work, then it would be a thing to be welcomed. A large audience heard the discussion with great interest.

### SINISTER BUT FALSE

Rumor That a Drowned Baby Had Been Found at Wharf Denied.

The story that a drowned baby had been found at the wharf got around town this morning. Chief Vickers had heard nothing about it, and no official at the wharf had any knowledge confirming the report.

### Kaien Island Club Ball.

The second annual ball of the Kaien Island Club will be held in the club house tonight. Every preparation has been made for the entertainment of the guests. The hall has been prettily decorated, and Gray's orchestra of five pieces will supply the music. It promises to be an occasion long to be remembered in the social annals of Prince Rupert.

## RETIREMENT OF MR. J. S. COWPER.

This issue of The Daily News sees a change in its management. In the retirement of Mr. J. S. Cowper as managing editor, we have only to express our sympathy and endorsement of his untiring efforts toward the upbuilding and advancement of the paper in particular, and the interests and welfare of Northern British Columbia in general. In his work Mr. Cowper has been unselfish and devoted, and has certainly done his duty well and good, always confident of the future of the paper, confident as well of the field of his endeavor.

His ability as an editorial writer ranks along with his unquestioned ability as a public speaker, among the first in the land. He will always be looked upon as a foremost exponent of the wonderful advantages and resources of our great Northern British Columbia. We wish you well, Mr. Cowper.

The policy of the paper will continue to be for progress—for instruction, observation and reasoning—upbuilding, not tearing down. We claim no great natural aptitude, but will set to work and with the earnest devotion of our best efforts feel confident of maintaining the position of The Daily News as the leading newspaper of Northern British Columbia.

**\$2.50 per year \$2.00****LOOK FOR BEAUTY**In a Special Article Lillian Rus-  
sell, the Stage Beauty, Talks  
on a Good Theme.In the foreword of a November  
magazine are these words:  
"There once lived a woman who  
was blind to all but beauty." She  
was criticised for drawing pic-  
tures that were not true to life,  
but she replied that her pictures  
were life as it appeared to her.A life of perfect beauty was  
Kate Greenaway's, and who shall  
say that her influence was as  
great because nothing ugly ex-  
isted for her?I contend that Kate Greenaway,  
who is said to have founded a new  
school of art and who has dressed  
the children of two continents,  
was much greater because she  
saw only beauty. I wonder if you  
realize that the beautiful women  
of history or the world's great  
beauties of today are not more  
beautiful than many others you  
pass on the street in your morn-  
ing walk? The only difference  
between them is that the famous  
beauty has had the attention of  
the world called to her perfec-  
tions, and when one sees her for  
the first time one unconsciously  
looks for beauty.If your attention had not been  
called to the turn of Langtry's  
throat, the glinting bronze brown  
of her hair, the distinct oval of  
her face and her beautiful com-  
plexion, you probably would have  
seen first her ugly mouth; as it  
was, few people ever thought of  
it. Everyone was looking for  
beauty when they looked at Lang-  
try, and found it.I rarely see a face that has not  
some beauty points—in fact, has  
more beauty than ugliness. Often  
these are covered by neglect and  
thoughtless modes of living until  
it takes some one who, like my-  
self, is always hunting for beau-  
ty. One thing is much neglected  
on a woman's face, and that is  
her eyebrows. I have often want-  
ed to tell women whom I have  
seen in shops or hotels how much  
they could improve their appear-  
ance simply by training their  
eyebrows properly. I do not be-  
lieve one woman in a hundred  
ever brushes her eyebrows—and  
just this one simple act would  
add 10 per cent. to her good looks  
to the other 90.Sometimes you find a woman  
with brows that grow across the  
nose. This is always a great  
beauty defect, as it gives the face  
a look of hardness. There are  
many ways by which this hair can  
be taken care of. It can be pulled  
out with tweezers as often as  
necessary or destroyed perman-  
ently with an electric needle. A  
number of my friends, however,  
who have heavy, unruly eyebrows  
are going to an expert about once  
in six weeks.The expert shaves the hair  
over the nose and shapes the  
brows perfectly. He works with  
the skin perfectly dry, removing  
each hair separately, not taking  
any strokes as a barber would  
when shaving. This man is most  
dexterous, and it does not take  
one long to have the eyebrows  
shaped as to have a manicure. My  
friends tell me this process does  
not make the hair grow heavier  
and coarser, and they insist that  
a half hour is well spent occa-  
sionally in this part of beauty  
culture; and, looking them over,  
I am quite sure they are right.  
For in most cases it makes them  
look five years younger and in all  
cases immeasurably improves them.Remember, beauty as well as  
other things is precarious when  
it hangs by an eyebrow.**New

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper which from day to day will be devoted to  
subjects of special interest to women. Any and all of the ladies of Prince Rupert  
are invited to contribute to its columns, and to take part in its discussions. Sug-  
gestions and criticisms are invited by the editor. The hope is expressed that "The  
Cosy Corner" will find a social need.**ENTERPRISING GIRL TRAVELER.**Miss Sue McNamara, who visited the Panama Canal on her own  
account, and may come soon to Rupert.Here is a picture of a young American girl, Miss Sue McNa-  
mara of Iowa, who, on her own account set off to see for herself  
the big doings at the Panama Canal, which means so much to  
Prince Rupert's sea trade. Miss McNamara will probably visit  
Prince Rupert about the time the G. T. P. gets through in order  
to put two and two together about the great canal, and the easiest  
grade transcontinental in the world.**KEEPING THE BODY WARM**Magazine enthusiasts to the  
contrary, the best way to preserve  
one's health in winter time on  
the North American continent is  
to keep the body warm. Even if  
those who indulge their taste for  
light underwear throughout the  
winter suffer no immediate ill  
results—such as a cold—they  
probably are paying the way, un-  
consciously, for serious ill-  
health in future years. A phy-  
sician with long experience stated  
recently that many backaches and  
many internal ailments that afflict  
women are due to insufficient  
clothing of the arms, chest or  
feet. Nature avenges certainly,  
though often silently and slowly,  
any violation of her laws, and  
that the body shall be warm is  
one of her most important laws.If we substitute our vitality for  
clothing, we pay for its loss in  
old age. Three Englishmen,  
hardy, athletic, came to live in  
one of the middle states a few  
years ago. They decided to carry  
out their same mode of life as in  
England, notwithstanding the  
greater severity of the Americanwinter, and even continued their  
morning plunge in the river after  
the water had become icy. None  
of the three survived longer than  
five years. This is a rare and ex-  
treme case, but the principle is  
the same. Even the Indians  
knew enough to keep warm, es-  
pecially the extremities. A white  
man on a surveying trip had a  
severe cold and asked his Indian  
companion how he managed to  
keep free from colds. "Keep the  
feet and ankles warm and dry,"  
was the laconic answer.**TAKE YOUR RUBBERS OFF**A visitor to Prince Rupert has  
remarked that "some Americans,  
and especially Canadians, have a  
habit which, if practiced in  
Europe, would be considered an  
insult. I have noticed several  
times that people who ought to  
know better will come right from  
the dirty street into my drawing  
room without taking off their  
rubbers."Rubbers and overshoes had bet-  
ter be left in the hall; they were  
never intended for and are cer-  
tainly not needed on the parlor  
rug.**WALTHAM

## FINANCE AND ENGINEERING

Two Lengthy Reports Handed on to the New Council from the Last Meeting of the Old 1911 Council.

Copies of the reports of the Finance Committee and of the City Engineer for the year 1911 were handed to each member of the late City Council at the last council meeting on Saturday. The recommendation was passed that these reports be handed to the incoming Council. The balance sheet for 1911 was not ready, and the accountant, Mr. W. D. Vance, thought it hardly possible to promise it before February 1st. The City Engineer's report is a lengthy one, extending to some twenty pages, with illustrations in blue print and special plan of Woodworth Lake water scheme pipe line, and showing the proportion of grading done in the city. The report is complete and full in all essential details. It comes up at tonight's meeting of the new Council.

### COUNCIL COMMITTEES

Mayor's Appointments to Be Made at Council Tonight.

By courtesy of Mayor Newton, who took trouble himself to inform The News, the following committee appointments for the 1912 council are given. The Mayor will make the appointments tonight.

Finance Committee—Chairman, Alderman Douglas; Alderman Bullock-Webster and the Mayor.

Board of Works—Alderman Morrissey, chairman; Alderman Dybavon and Alderman Maitland.

Fire, Light and Power—Alderman Clayton, chairman; Alderman Kerr and Alderman Montgomery.

## BY AUCTION ON THE SPOT

New Departure in Real Estate Sales for Prince Rupert Proved Interesting and Successful—Eight Lots Sold by Frank Ellis.

A new departure in real estate sales for Prince Rupert took place on Saturday afternoon, when Mr. F. A. Ellis, the successful auctioneer of Section 2 lots for the G. T. P., sold by auction on the spot a number of lots in Section 5. Following were the lots sold, their buyers and prices: Lot 14, block 32, to K. Smith, for \$1,550; lot 5, block 32, J. Gluck, \$975; lot 4, block 32, J. Gluck, \$1,300; lots 3 and 4, block 46, C. A. Smith, \$700. The above were advertised by dodger. Following were sold unadvertised and on the spur of the moment on the spot: Lot 39, block 22, J. Gluck, \$1,050; lots 32 and 33, block 22, J. Gluck, \$1,650. The total sum realized was \$7,225. A lively little crowd followed the sale with interest, and bidding went smartly.

Announcement is made this morning by Mr. H. Helgeson of the firm of O. M. Helgeson, Ltd., that his firm will hold in the future monthly auction sales of real estate in Prince Rupert on the spot. Particulars of these sales will be announced in the regular advertisements of the firm, and preliminary details will be gone into fully tomorrow. The first sale is to take place early in February.

## WILL DEVELOP COAL LANDS

Five Companies Already Organized to Work on the Coal Deposits in the Groundhog District on the Upper Skeena.

The B. C. Brokerage has this week completed the organization of another syndicate which will start in next spring to develop a piece of the Groundhog coal fields. It will operate under the name of the Upper Skeena Anthracite Syndicate. They have twenty claims and development work will be done on all of them. Those interested in the company are all eastern capitalists, and they have the funds ready for operation.

This makes five companies now organized that will operate this year at Groundhog and there is every indication that at least three more will be organized in the near future. — Omineca Herald.

## S. S. BEATRICE IN QUARANTINE

Case of Supposed Smallpox Discussed on Board at O. M. I.—Passenger Came from Rupert—May Be False Alarm.

When the C. P. R. steamer Princess Beatrice arrived in port yesterday afternoon it was made known at once to the waterfront officials and her agents here that she had landed a passenger from Prince Rupert at Queen Charlotte City who was believed to be suffering from smallpox. Efforts had been made by the officers on board to get into communication with Victoria to see about quarantining the ship here. At 4 p. m. no information had been received and the vessel was kept isolated at the wharf. A wire arrived shortly afterward from Dr. Fagan, quarantine officer at Victoria, ordering the Beatrice to proceed to William's Head to be quarantined. No passengers, of course, could go south with her. It is said that the case of supposed smallpox may not turn out to be so serious after all. The patient was not a foreigner, and the complaint was apparently mild.

## THREE DAY CURE FOR DRINK HABIT

Appeals to the Business and Professional Man, the Banker, and Man in all the Higher Walks of Life

BECAUSE OF THE TIME IT SAVES THEM

When a man's time is worth a great deal more to him than the cost of a drink habit cure he is not going to drag along for twenty-eight to forty-two days taking a treatment when he can get a cure in three days, without hypodermic injections, and be surrounded with every comfort of home.

A PERFECT CURE.

The Neal internal treatment cures the periodical, occasional or moderate drinker and the nervous man who has to drink to keep from becoming nervous. It takes away all inclination to drink, all desire and craving to drink, by neutralizing the poison of alcohol in the system and ridding the blood of the poison by a rapid system of elimination, leaving the drinker in the condition that he was before tasting liquor, so far as the effect of alcohol may be concerned—all appetite for drink gone—and he a new man.

The treatment consists of the internal administration of a harmless remedy, tonic in its action, that removes the craving for liquor in a very few hours.

DRUG HABIT CURED.

At the Vancouver institute we also treat drug addicts with uniform success. Call, write or phone for booklet, giving full information.
