Admiral Visiting Skeena River-Searchlight Display Tonight

Marines from H. M. S. York, on route march of almost two hours through city streets this morning, presented a smart appearance and were a centre of attention. They were led by the visiting warship's band of twenty pieces which played enlivening numbers.

In the past, His Majesty's visiting ships have usually staged a church parade on Sundays and it had been expected that there would have been one yesterday. However, it failed to materialize and crowds who had turned out in anticipation of the usual custom being observed were disappointed. A church service was held in the morning aboard the ship.

The ship was open to visitors. on Saturday and Sunday afternoons and many took the opportunity of inspecting her.

On Saturday afternoon there was a calisthenic drill on the railway track near the ship. This also excited interest.

Tonight, if weather permits there will be a searchlight display at 10 o'clock from the warship It will be in progress for about twenty minutes and promises to be quite spectacular as the ship has very powerful lights.

Yesterday afternoon about o'clock the York's airplane arrived from Vancouver, having been left, behind at that port. A flying boat it came alongside the ship and was hoisted with precision and dis-, patch on to its platform.

Active Week-end Officers and men of H. M. S. York spent an active week-end here. There was a round of various kinds of social affairs.

Yesterday a number of the officers were out on fishing trips. The tug Fearless, Capt. W. P. Armour, made a trip to Baker Inlet with eight of the officers.

Corrigan made the surprise trans-Atlantic flight in an antiquated single motored plane of the Spirit of St. Louis vintage in twenty-

eight hours and thirteen minutes. Last year Corrigan had been refused a United States permit to attempt the hop.

He is the seventh man to fly the Atlantic Ocean solo.

He had no radio and only the barest of navigating instruments. Friends of the flier who were at the field when he roared dwn the 4,200 foot runway, scouted the notion that he was attempting a 'sneak hop' across the Atlantic.

They believed he had circled over the ocean to gain altitude and would then head west across the

Airports along the transcontinental airlines were notified of the take-off and asked to report the plane if it was sighted.

Prior to taking off, Corrigan obtained weather information and maps of the route to Los Angeles. He spent part of the night sleeping on a cot in the hangar where his plane was kept during his week's stay here.

Fine Display of Football Ends In 5 to 3 Victory for H. M. S. York Over Prince Rupert

The first of the two game series between H. M. S. York and a Prince Rupert representative team Saturday night for the Hanson football trophy provided a splendidly contested match before the largest crowd of the season with the visitors winning by five goals to three. The game was only won in the last ten minutes, the display of the local team being very gratifying. The ship's band provided music before the game and also at intervals to the great de light of the large crowd.

In the opening exchanges, Morgan saved from Kelso and Eveleigh from McMeekin. Christison had chance but failed to control the score. Bryant had an opening from with ability to feed their forwards. LIVER BILE-

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name | Stubbornly refuse anything else. 25c.

... AT YOUR GROCER'S

• Children and adults will have a barrel of fun assembling one or all of these exact copies of the Queen Mary, Empress of Britain, Normandie, Bremen! The finished models are 16 inches long, printed in full color on a special waterproofed cardboard, all ready to assemble — and water-tight! They really float. Bathtub sailors, choose your boat and go to work - no cutting or pasting. It's just grand sport building them up from stem to stern, from hull to radio masts — a bridge fore and aft, wheelhouse, main cabin, lounge deck, funnels and even life boats!

You'll like, too, the crisp goodness of Kellogg's Corn Flakes. These golden flakes are delicious at any time of the day. In cool milk or cream, they're refreshing and nourishing.

Go to your grocer's. Buy three packages of Kellogg's Corn Flakes and you can have your choice of these model liners. You'll find, after you get one of them, that you'll want all four!
