# Insurgents Are Driving Forward

## ANSWER OF INSURGENTS

Deliver Note to Britain—May Mean End of Intervention

BURGOS, Spain, August 17.—Spanish insurgent authorities yesterday delivered to the British consul here for transmission to his government their reply to British proposals regarding the withdrawal of foreign volunteers from the war.

The text of Franco's answer to the British plan for removal of foreign fighters remains secret but insurgents predict its terms may mean an end of the non-intervention scheme.

However, the Spanish insurgents are reported definitely to have cast their lot with Italy and Germany, perhaps thereby jeopardizing hopes of Great Britain and France to withdraw foreign volunteers from the civil war.

## COMMUNISM IS RAMPANT

Charges Made of Red Activities on Pacific Coast

SAN FRANCISCO, Calif., August 17.—John P. Frey, American Federation of Labor official, in commenting on the Sullivan report, charged yesterday that "John L. Lewis Committee for Industrial Organization is shot through with communism."

Sullivan's report deals chiefly with labor unrest and violence on the Pacific Coast and lays much of responsibility on Harry Bridges, west coast Coast strong man.

The report also stated that Communist activities are "rampant" among Californian agricultural workers because of the ease with which agitators have obtained funds from the "movie employees."

## Two Escaped Convicts Die

Week From Tennessee Penitentiary Is Attended by Fatal Results

KNOXVILLE, Tennessee, Aug. 17.—Two convicts were killed and one returned to prison by pursuing officers while four are still at large following a break from the state penitentiary yesterday in which a guard was seriously injured.

## Heat Wave In New York Now

Wet Early Summer Is Followed By Extreme Temperature on Atlantic Coast

NEW YORK, Aug. 17: (CP)—After an early summer which had been marked by an unusual amount of rain along the Atlantic coast, a heat wave is now being experienced. There have been several prostrations.

## GIVING UP COW LINE

Duke of Windsor to Quit Raising Cattle at High River—Selling Shorthorns

HIGH RIVER, Alberta, Aug. 17: (CP)—The Duke of Windsor is going out of the cattle raising business on his ranch near here. W. L. Carlisle, ranch manager, announced a herd of 135 Shorthorns will be sold. Horse, sheep and pony raising will be continued.

## GO INTO HIGHWAY

Personnel of Five-Man Commission Is Named By President Roosevelt

WASHINGTON, D.C., Aug. 17.—President Franklin D. Roosevelt yesterday announced the personnel of the five man commission to go further into the Alaska international highway project. It consists of Donald McDonald and Thomas Riggs of Alaska, Congressman Warren G. Magnuson of Seattle and two others—one from California and the other from Maine.

## Alberta Coal Mines Doing Much Better

LETHBRIDGE, August 17 (Canadian Press)—Owing to increased orders, many of them from southern Saskatchewan, greatly increased activity in coal mines of the Lethbridge district is to be recorded. It is felt that the mines may be operating on full time basis again before long.

## Flames Destroy Seal Cove Shack

Dwelling of Alfred Smith Largely Consumed by Fire on Monday Morning

Fire caused by a defective chimney largely destroyed a small shack at Seal Cove which had been occupied by Alfred Smith. The fire took place Monday morning. At 7 o'clock the roof had caught fire but Smith thought he had extinguished it himself. Three hours later the place was on fire again and the fire department was called but by this time the flames had taken quite a hold. Smith estimates his loss at about \$60.

## VOYAGE OF MERCY BY FISHING BOAT

On her way from Seattle to Ketchikan enroute to the fishing grounds, the American halibut boat Wireless, Capt. Andrew Sira, put in here at 6 o'clock last evening to land Mitchell Gay of this city who had been stricken with acute appendicitis while working at Klemtu cannery. The youth, who is the son of Mr. and Mrs. Joseph Gay, was immediately placed in the Prince Rupert General Hospital for an operation. No other boat being available, the Wireless was hailed into Klemtu as she passed there and gladly took the boy aboard.

## IS THOUGHT PREMATURE

Vancouver Province Jumps to Conclusion That Local Liberals Are Critical of Government

VANCOUVER, Aug. 17: (CP)—A special dispatch from Prince Rupert published in the Vancouver Province yesterday says that the Prince Rupert District Liberal Association criticizes the British Columbia government in a resolution to go before the forthcoming provincial convention at Kelowna.

Consulted yesterday afternoon in regard to the Vancouver Province dispatch, officers of the Prince Rupert District Liberal Association, assuming that the resolution referred to is one urging that all tenders for public works be open to the public and that brewery and canneries licenses be open to anyone applying, stated that the resolution is not critical of the government but is of general character. It was felt proper that the text of the resolution not be made public at this time but should come out in the usual way after being dealt with at the Kelowna convention.

## DIONNES GO TO SCHOOL

## COMING TO PR. RUPERT

British Settlement Party at Vanderhoof Today—Interested in Prince George District

PRINCE GEORGE, Aug. 17: (CP)—After spending Monday and Tuesday here making trips through the surrounding country to visit farms and inspect lands available for agricultural settlement, Brigadier General Sir Henry Page Croft and his party left this morning by motor car for Vanderhoof. After luncheon at Vanderhoof, the party will be driven through the Vanderhoof district and tonight there will be supper with the Vanderhoof Board of Trade followed by a public meeting. Tomorrow the party will proceed to Smithers and on Friday will be at Hazelton. They will arrive in Prince Rupert Saturday afternoon by train and proceed that evening on the steamer Prince Rupert to Vancouver.

The party, having come to Central British Columbia at the invitation of the Prince George Board of Trade to study large scale settlement possibilities of British emigrants, consists, besides Sir Henry Page Croft, who is Member of Parliament for Bournemouth, England, of Councillor R. S. Dalgleish, former Lord Mayor of Newcastle; Brigadier General M. L. Hornby of the Hornby Farms, Lethbridge, Alberta, and Michael Croft, secretary of the party.

Following the British Columbia tour, Sir Henry will consult with the Saskatchewan, New Brunswick and Nova Scotia governments concerning settlement in those provinces.

At a public meeting with the Prince George Board of Trade while here it became known that Sir Henry would submit proposals with a view to investigating the possibility of settling British families on a million acres of fertile unsettled land in Northern British Columbia between the junction of the Nechako and Fraser Rivers and Chief Lake.

## Would Start Prosperity

Speaking at a dinner tendered him here, Sir Henry said: "If a plan can be devised by which 10,000 settlers, backed by capital of say \$25,000,000, could be established in Central British Columbia, wheels would be started again towards prosperity. Those 10,000 settlers, with wives and families, would at once require 20,000 horses, 50,000 dairy cows, 10,000 head of swine and 100,000 poultry."

There would be many subsidiary industries such as pulp and paper.

## HOLY LAND SITUATION

Two Arabs Slain Yesterday in Reprisal for Murder of Jewess

JERUSALEM, August 17.—Several shootings and a \$10,000 highway robbery marked another day of violence in Palestine. Two Arabs, one a member of a prominent family, were shot and killed presumably in reprisal for the murder of a Jewess.

Today a Jewish police inspector and five members of his family were kidnapped by an Arab band near Haifa. A British police inspector and an Arab warden were wounded.

## No Partitioning

LONDON, Aug. 17: (CP)—The technical committee on Palestine, it was revealed last night, has decided against dividing the Holy Land up into self-governing units although an area 37 by 8 miles square around Tel Aviv will be given to the Jews with autonomy privileges. It is not deemed advisable to permit self-government to Arabs.

## Bulletins

BACK FROM OLD COUNTRY  
Dr. Neal M. Carter, director of the Prince Rupert Fisheries Experimental Station, returned to the city on the Prince George this morning from a trip to Great Britain and Europe, having travelled as far as Switzerland, also visiting Germany and France. Mrs. Carter and sons are at present in Vancouver and will be returning later. Dr. and Mrs. R. G. Large, who made the trip abroad with Dr. and Mrs. Carter, are at present visiting in Toronto and, accompanied by their family, are expected back in the city next Monday afternoon by train.

COUPLE RESCUED  
NEW WESTMINSTER—Knut Hagen and his bride of six months, Victoria Hagen, were rescued from the mouth of the Fraser River yesterday by Japanese fishermen. The couple had clung for an hour to their overturned gillnet boat which had been swamped by a terrific wave. Hagen said the wave threw the boat for 100 feet and it then heeled over. He went down deep but got back to find his wife in some way had got out of the cabin and was clinging to the small craft. The boat finally settled with the wheelhouse above water and they clung to that. The couple had returned from Rivers Inlet a week ago.

LINDBERGS TO MOSCOW  
MOSCOW—Col. and Mrs. Charles Lindbergh are flying to Moscow to witness the annual Soviet air show at the Tushino airport, the Soviet radio announcement said they were expected to arrive tonight. Lindbergh intended to stay several days in Moscow after which he will make several flights to points in the Soviet Union, the announcement said.

TO CRUSH CHIANG  
TOKYO—The cabinet adopted a series of fundamental Chinese war policies yesterday including a re-affirmation of its determination to fight until Generalissimo Chiang Kai-shek, the Chinese leader, has been crushed.

NEW ADMINISTRATOR  
WASHINGTON—Elmer F. Andrews took the oath of office as administrator of the New Wage Hour law yesterday, formally launching the government on an effort to establish a floor under wages and a ceiling over hours in American industry. As he was sworn in Andrews said the law he will enforce "might well be termed a better business act both from a moral and monetary view point."

THREATENED TO JUMP  
SAN DIEGO—Pretty Noreen Leonard, 24, threatened to jump from the tenth floor lodge of a San Diego hotel yesterday, but was pulled to safety before she could carry out her threat. While a crowd of two thousand watched below, completely jamming the street and paralyzing traffic, assistant Fire Chief George Courser and Deane Crocher, beautician, sneaked out on the three-foot ledge and grabbed the girl.

STRIKE CONTINUES  
PHILADELPHIA—Striking taxicab drivers yesterday were advised by Charles Pirollo, President of the union, to apply for relief and continue their walk-out until Yellow Cab Co. met Union demands for a minimum wage and higher percentage of gross receipts. All but 100 of the city's 700 cabs were idle as the strike entered its second day with no immediate prospects of

## Spanish Loyalists Are Appealing To Boys To Fight For Their Homes

Two Rebel Armies Continuing Advance With Ciudad Real Province as Objective—Are Also Coming Down From North

HENDAYE, Franco-Spanish Frontier, August 17.—Loyalist Civil authorities of Ciudad Real province appealed to every able-bodied man and boy yesterday to defend their homes against two advancing Nationalist armies. Gen. Gonzalo Queipo de Llano, Garrulous Southern insurgent commander, was within striking distance. His forces reported they had crossed two parallel mountain ranges to within ten miles of Almaden, capital of the world's richest mercury mining region and less than fifty miles from the city of Ciudad Real. To the north, another insurgent army under Gen. Juan Saliquet, claimed to have conquered the band of farm land between the Guadiana and Guadalquivir Rivers and was attempting to surround Puebla de Alcocer and Herrera del Duque.

## THIRD IRON LUNG COMES

Fight Against Infantile Paralysis In Calgary District Continues—Thirty-three Cases So Far

EDMONTON, August 17: (CP)—The Alberta government is bringing in a third "iron lung" for use in the infantile paralysis epidemic in the Calgary district. To date there have been thirty-three cases of the malady, five of which have resulted in death.

## DECLINE IN STOCK

Reactions of Opinion Differ On Last Week's Setback

NEW YORK, August 17.—Stocks declined in each of the full sessions last week and industrial averages broke ten points from last Saturday's high. Trading picked up. Experts held that the decline was a good tonic and that the market should recede a bit while business catches up. The extent of the setback caused some worry, however, and the chart experts said that lower levels in the industrial section might signal a further sharp decline.

Motors suffered, Ford was closed, and Chrysler produced only a few cars. General Motors production was only about 10,000 units but Detroit forecasts opening of many automobile plants shortly.

The tire companies swung into a larger production and gasoline inventories were reduced.

Bank clearings dropped to the lowest level since April 13.

Oil shares, though easier, did better than most of the others.

Steel and motors were the hardest hit.

settlement. There was no violence.

HANKOW BOMBED  
HANKOW, China—Eighteen Japanese airplanes bombed the tri-city area of Hankow, Yangtze and Wuchang heavily yesterday. Casualties were believed high. Some of the bombs appeared to have fallen in the vicinity of American mission properties.

FRANCE RETALIATES  
PARIS—France's retaliatory tourist ban against Italy went into effect at noon yesterday at frontier railroad stations and all frontier road posts. The Ministry of the Interior ordered that no French tourists who did not possess special passport visas should be permitted to cross into Italy. In deference to protests from Roman Catholics and other tourists who desire to visit Vatican City, the Ministry of Interior ordered that they be given passport visas permitting them to pass through Italy to their destination but they were forbidden to stop enroute.

THREATENED TO JUMP  
SAN DIEGO—Pretty Noreen Leonard, 24, threatened to jump from the tenth floor lodge of a San Diego hotel yesterday, but was pulled to safety before she could carry out her threat. While a crowd of two thousand watched below, completely jamming the street and paralyzing traffic, assistant Fire Chief George Courser and Deane Crocher, beautician, sneaked out on the three-foot ledge and grabbed the girl.

### THE RIGHT METHOD

There was recently a dispute between Great Britain and the United States as to the ownership of the Canton and Enderby Islands in the middle of the Pacific. Each government claimed the islands belonged to it. Instead of fighting it out in the historic way, the two governments decided that, as each needed the islands for a similar purpose, they might both use them in connection with aviation, the islands to be under a joint control.

This is an example that will probably be followed between other countries in future. There was no need to quarrel over a little matter like the ownership of a speck in the Pacific and the two countries did not quarrel. They did not even spar. They simply talked over the situation and agreed to compromise.

### PEGGED WHEAT PRICE

At the first of the week we got word that the United States would bonus export wheat from that country. A few days before that it was announced that Canada would peg the price of wheat at 80c which meant a bonus on today's market price.

Peace River farmers say the bonus is not as good as it looks because it costs them twenty-one cents to get their wheat to Fort William. This meant that they obtained less than sixty cents for the highest grade wheat. As much of the wheat grades below number one, the price is still lower than that mentioned.

Still it is a great boon to the farmer to have the price pegged in such a way that he can make a reasonable living. Should the market price fall to fifty cents, however, it would mean a heavy tax on the rest of the country to keep the price paid to the farmer at eighty cents. And yet the farmers are not satisfied.

### OFFICIAL SECRETS

Duncan Sandys, a member of the British Parliament, had in his possession some official secrets. He knew something about anti-aircraft guns which none but military officers were supposed to know. He was summoned before the attorney general and threatened that, if he did not reveal the source of his information, he would be prosecuted. Next day he arose in his place in the House of Commons and complained that he had been threatened and also that he had been summoned to appear before a military court. Parliament was aroused and so was the whole of Great Britain. The privileges of Parliament had been invaded and young Mr. Sandys became more or less of a hero. He got himself into the limelight and he also showed that official secrets were not always secret and that, if a friend could obtain those secrets, so might an enemy. There was a lot of fuss in Parliament and in the newspapers and there it seems to have ended. However the ruling powers were shown that there were certain rights and privileges in Britain that were still sacred, more sacred even to the individual than the safety of the kingdom.

## NAVY WON FOOTBALL

Merchants Contested Game Well  
But Did Not Score

Last evening's football fixture between the Royal Naval Volunteer Reserve and the Merchants was well contested with the Navy winning by five goals to nil after a much more closely fought out game than the score would indicate.

Cross opened the score from close in. Morgan saved well from Gillis who was nicely fed by Currie. Armstrong showed to advantage and then a nice bout of passing by Currie, Gillis and Grimble resulted in Morgan being well tried out by Gillis' parting shot. All against the run of play Armstrong added a second goal, and later shot narrowly past. Currie shot hard and Gillis missed with a good header. Merchants pressed but could not score. Vink saved a drive from Dickens. Eby just saved his goal when he cleared dangerously over the bar.

Navy attacked strongly on resumption and several shots were blocked. Davies shot wide. Cameron's cross went in front of goal with no one to touch it through. Baker was good. Gomez took a grand corner kick that Morgan saved well. Cross added a third. McLean went into goal and saved splendidly twice. He had a chance with Armstrong's goal. Later Cross headed a fifth goal from Bryant's perfect centre. Morgan saved from Vink and Baker was too high. Gomez shot just past.

D. Gomez refereed.

Teams:—Merchants:—Vink; Parsons, F. Gomez; R. McLean, Ferguson, W. Gomez; Cameron, G. Baker, S. Currie, Gillis, Grimble.

R.C.N.V.R.—Morgan; Eby, Ronalds; Eastman, Davies, D. McMeekin; Bryant, H. Dickens, Cross, Armstrong, Robertson.

Vink did well in goal but the team was weakened when he went forward and replaced McLean who

had been playing effectively at halfback. Parsons and F. Gomez were sound backs. Ferguson was good and Billy Gomez did many good things. The forwards were weak though Sam Currie was clever.

Morgan was very safe. Eby and Ronalds were not very severely tried out. The halves played a good spoiling game with McMeekin giving Cameron little leeway. Cross was effective with the other forwards all playing a fair game. Robertson did quite well and will certainly be a useful member of a senior team in a couple of years.

## SPORT CHAT

The committee at Boston in charge of the International Fishermen's Race, scheduled for October 9, are still going ahead with plans despite Governor Hurley's refusal to grant state money for the event. Max Grossman, prominent Massachusetts business man and member of the race committee, said a number of wealthy persons in the city of Boston have indicated they would support the fund, the goal of which has been set at \$50,000. Asked whether the committee would be able to raise the necessary money after being turned down by the governor, Mr. Grossman said, "it looks good." Paul Ryan, first secretary to the governor, said the only way Governor Hurley could grant money for the race would be from the state emergency fund. This was created only to have money available in the event of a disaster or other unforeseen circumstances.

Originally it had been the intention of the Massachusetts Industrial and Development Commission to help the fishermen's race by donating \$50,000, but it was found that under the terms of the act establishing the commission an expenditure of that sort was not authorized. No attempt has been made by the committee to seek an appropriation from the state legislature, the only means of getting government aid. Local hotels and other businesses have been solicited for funds and private contributions have been sought. Captain Ben Pine's schooner Gertrude L. The "aud, out of Gloucester, Mass., and Captain Angus Walter's schooner Bluenose, of the Nova Scotia fishing fleet, will be competitors in the race. Both will require much work to be put in shape for the event.

## Season Winners Playground Games

Acropolis Took Honors in Senior  
Softball and Seal Cove in  
Basketball

With the various divisions of the Gyro Softball and Basketball Leagues finished, the following are the detailed results with the exception of the intermediate section of the boys' Softball League.

Senior boys' Softball, Acropolis Hill were the winners when they finished the season with six wins and no losses. This team scored a total of 71 runs in the six league games while opposing teams managed to score only 22 runs against them.

In the Senior girls' Basketball, Acropolis again came out on top with three straight wins over Westview. The Acropolis girls scored 41 points to the 13 that were scored against them.

The Senior boys' Basketball League ended with the Seal Cove team on top by virtue of their 5 wins and one loss. The only team to beat them were the Westview lads whose early season form made them look good like the team to beat, but this team faded in the last few games to drop one to McClymont besides suffering a setback at the hands of the ultimate winners.

Montesano of Seal Cove was top scorer for the season with 61 points while Bussanich of the same team was next with 48. Following is the complete list of the players and their respective standings for the season:

## WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk. A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

## LADY EDITOR ENJOYING WEST

Miss Ann Grant of Calgary Visits Terrace and Prince Rupert and Has Good Holiday

"The flowers at Prince Rupert are so colorful. This is the only place where I have had flowers in my hotel room except at Salmon Arm where the room was decorated with apple blossoms". That was the farewell of Miss Ann Grant, women's editor of the Calgary Albertan, who has been visiting the city for a few days.

Last evening she climbed Mount Oldfield with Miss Jean Harrison R.N., lady superintendent of Prince Rupert General Hospital, and enjoyed the sunset from that vantage point. She also visited other points of interest but she was particularly pleased with the gardens which were gay with flowers.

Miss Grant spent a week of her holiday at Terrace and she says she enjoyed it immensely. She went there without knowing anyone and had a grand time. She stayed the week with Mrs. Elwood Brooks and visited with Mr. and Mrs. R. L. McIntosh at "The Crossways", at the Pioneer Farm with the H. L. Franks and with Mr. and Mrs. Will Robinson. She climbed her first mountain, visited Lakelse Lake, picked fruit from the trees and enjoyed every minute of her visit. She particularly enthused over the beautiful McIntosh garden.

At Prince Rupert Miss Grant enthused over "the wonderful harbor" and reluctantly is planning to leave this evening by train, having been unable to secure accommodation on the boats.

## ENO ENSURES HEALTHY HOLIDAYS

Every vacation it's the same old story—upset stomach, congested foodways, indigestion and miserable headaches. Of course, it's the change of food and water that does it, and what nature needs is the gentle help of Eno's "Fruit Salt". Simply take Eno first thing every morning.

Eno and nature together quickly overcome the disturbance, clear away congestion and keep you regular as clockwork. At the same time, Eno neutralizes the acid condition which often accompanies upset stomach.

Experienced vacationists never drink "strange" water without adding a dash of Eno to it. Eno prevents ill effects, and at the same time makes a pleasant, refreshing drink which quenches thirst marvelously, and cools you through and through. Yes, Eno's "Fruit Salt" will ensure that you have a happy, healthy holiday from the moment it starts. Obtain a bottle today.

## THIS BILL IS VARIED

"Penitentiary," Dramatic Tale, and "Cowboy From Brooklyn," Comedy With Music, at Capitol

"Penitentiary," a dramatic tale of politics and prison, and "Cowboy From Brooklyn," the hilarious story of a crooner who goes West, comprise a double bill this mid-week at the Capitol Theatre.

The drama of "Penitentiary" centres around the affairs of a politically ambitious warden who finds that life inside a penitentiary goes deeper than mere individual desires. There are complications when his daughter falls in love with a prisoner. A chain of grim circumstances, including a murder, an attempted prison break, bring about a dramatic crisis. Walter Connolly, John Howard, Jean Parker and Robert Barrat are the featured players.

There is plenty of comedy in "Cowboy From Brooklyn" when a New York theatrical producer, played by Pat O'Brien, comes to a Wyoming dude ranch and assumes that a trio of stranded eastern musicians, led by Dick Powell, are authentic cowboys. There is a fantastic and delicious series of events with music plentifully interspersed with the action. The cast also includes Priscilla Lane, Dick Foran, Ann Sheridan, James Stephenson and Hobart Cavanaugh. Five song hits were especially written for this picture.

## Man in the Moon

The question agitating the public mind this week is who is the most popular girl in the city? The candidates all seem to have nice sweet names.

Jake says he'd like to go to the ball but he wonders if he can raise the dough.

It might not be wise to do any betting as yet because dark horses have been known to win.

Of course I should apologize for suggesting that any of the ladies looks like a dark horse.

If I can make some money betting on the winner, I might buy a ticket.

Jenkins: "I never could see why they always call a boat a 'she.'"

Johnson: "Ever tried to steer one?"

She: "I'm awfully glad you've got a part in the dramatic society's next show. Have you much to say?"

He: "Practically nothing. I'm playing the part of a husband."

"Here comes a friend of mine. He's a human dynamo."

"Really?"

"Yes, everything he has on is charged."

Ha, Ha, the Editor made a mistake. Trip him up.

Mid much hilarity And great disparity We have him now. The editor wrote it

Forgot to quote it Its wrong and how.

Good Morrow merry sunshine! Why did you wait so long? We thought you had forgotten us

We really had you wrong.

Doctor: Have you told Mr. Brown that he's the father of twins?

Nurse: Not yet. He's shaving.

Barber: Haven't I shaved you before, sir?

Customer: No, I got that scar in France.

## Dress Up Party Westview Kiddies

Last night an enjoyable dress up party was held by the kiddies of Westview playground. The children arrived in various get ups ranging from cowboys to ghosts.

Games were played followed by a "Peanut Scramble." Refreshments were served followed by a delightful program. Those taking part were:

Eleanor Barber, Highland Fling.  
Alan Forman, song.  
Alan Hartwig, song.  
Rosemarie Hartwig, song.  
Pay Ingram, song.  
Pat Beasley, song.  
Lenora Smith, song.  
Ted Farmer and Denny Garon, duet.

## TERRACE

J. Scott, circus advance agent, is here with Mrs. Scott to make arrangement for the circus which will be here next week.

Miss Ann R. Grant, editor of the Women's Section of the Calgary Albertan, has been in Terrace as the guest of Mr. and Mrs. T. E. Brooks and is now in Prince Rupert.

Mr. and Mrs. McIntosh entertained a number of local people at a garden party on Saturday at "The Crossways" where Mr. and Mrs. W. J. Alder of Prince Rupert were guests. The gardens at "The Crossways" are looking lovely just now with many flowering trees and shrubs in bloom. Mr. McIntosh is making a considerable extension to the landscape features for which this home is becoming famous.

E. Willie, proprietor of the Terrace Hotel, had an unpleasant surprise Sunday morning when he went to do some tidying up in the beer parlor. Some prowlers had forced one of the windows and made away with a barrel and a

## WHIFFLETS

From The Waterfront

Making her final voyage of the season in the Alaska tourist service, C.N.R. steamer Prince George, Capt. Edward Mabbs, arrived in port two hours late at 12 noon today from Vancouver, Powell River and Ocean Falls and sailed at 2 o'clock this afternoon for Skagway and other northern points whence she will return here next Monday southbound.

Two halibut vessels sold catches totalling 79,000 pounds at Seattle yesterday as follows: Liberty, 39,000, Whiz, 9½c, and 8c; Aleutian, 40,000, Sebastian, 9½c, and 8c.

Halibut landings at Petersburg, Alaska, this year total some 1,300,000 pounds or about 500,000 pounds greater than last year. Petersburg, which now has greatly improved halibut landing facilities, is the second southeastern Alaska port to record an increase in halibut landings this year, the other having been Juneau where this year's landings amount to 1,700,000 pounds, 200,000 pounds better than a year ago.

H.M.C.S. Skidegate, in command of Lieut. Commander Donald, after spending a couple of weeks here in connection with the organization of the fishermen's naval reserve, left at the first of the week on her return to Esquimalt. Stops will be made by the Skidegate at various points on the way down the coast.

C.P.R. steamer Princess Louise, Capt. S. K. Gray, is due in port at 3:30 this afternoon from Alaska points with a full list of round trip tourist passengers returning south and will sail at 5 p.m. for Vancouver.

half of bottled beer.

Following a long dry spell of weather Tuesday brought a welcome downpour to bless all the local flower gardens.

## PORT DAY GOES OVER

Success of First Event of Its Kind in Prince Rupert Appears Already Assured

The success of Prince Rupert's first Port Day under the auspices of the Junior Chamber of Commerce seems to be assured. The committees in charge are working hard and have arrangements well in hand. The public is also entering into the spirit of the affair and "Port Day" is what everybody is talking about. Undoubtedly, there will be many visitors in the city for the occasion and, of course, everyone in Prince Rupert will be turning out.

It has been decided to add some comic events to the program of marine sports in addition to the regular features already scheduled. To facilitate the transmission of announcements and progress and results to shore spectators, a public address system is to be installed. Charles P. Balagno will be called into consultation in connection with the coronation ceremony which will be the feature of Port Day ball and for which there is keen competition in the popularity contest.
