Eden Resigns After Hitler Talks

Der Fuehrer Desires Peace But Is Ready For War, He Asserts

Renews Demand For Return of Colonies—This is Only Point of Difference with Britain—Singles Out Eden for Attack

BERLIN, February 21: (CP)—Germany does not want war but does not fear it. Reich iron and steel is ready to speak if necessary. So declared Chancellor Adolf Hitler in his speech before the Reichstag yesterday.

There is no point of difference between England and Germany except on the question of colonies, said Hitler who again demanded the return to Germany of colonies lost under the Treaty of Versailles. Each year, with increasing vigor, Germany would demand the return of her colonies, asserted Hitler.

In the course of his speech, Hitler singled out Foreign Secretary Anthony Eden of England for attack. This was a few hours before Eden resigned after a break with the British cabinet.

Speaking of Austria, Hitler said that all differences with that country which might have ended with catastrophe had been settled by last week's agreement.

As for the Far East, Hitler said Germany had no territorial interest there and only desired to engage in commerce and trade. To maintain that Reich iron and steel was ready, if necessary, to speak. Chancellor Hitler gave Europe's troubled capitals no hint of his next move as leader of rearming Germany. He declared that Germany was "entitled to equal rights" with other powers.

His speech was seemingly addressed directly to Great Britain and the threat of possible armed action to protect German minorities on the Reich's border failed to give an answer.

After saying that the Reich has no litigious question of any sort with Great Britain unless it be in connection with colonial demands, the Chancellor hurled his barb at Captain Anthony Eden, on the ground that the Foreign secretary did not recognize that "Bolshevized territories are no longer sovereign states but sections of the Muscovite revolutionary centre."

Premier And Foreign Secretary Break

CHAMBERLAIN EDEN

CHAMBERLAIN-EDEN HEARD BY PARLIAMENT

Prime Minister Announces Intention of Negotiating Italian Agreement—Former Foreign Secretary Favors Stronger Action

LONDON, February 21: (CP)—Conversations for an Anglo-Italian agreement will open shortly in Rome. Meanwhile the Italian government accepts formula on the withdrawal of volunteers from Spain. This formula, to be submitted to the Spanish non-intervention committee, provides that Great Britain shall grant belligerent rights to both sides in Spain when a substantial number of volunteers have been withdrawn.

Prime Minister Neville Chamberlain announced this unexpected sequel to Foreign Secretary Anthony Eden's resignation almost at the close of a speech in which he had a running fight with the Opposition, interruptions and outbursts of jeering and laughing featuring the proceedings.

Chamberlain declared that for Great Britain to rebuff Italy's desires for such conversations would bring relations to a point where "ultimately war between us might become inevitable."

The Prime Minister accused Eden of being "unfair" in implying that he (Chamberlain) succumbed to Italian "now or never" threats.

"What we are seeking to do is to get general appeasement throughout Europe which will give us peace," Chamberlain said. "Peace of Europe must depend on the attitude of four major powers—Germany, Italy, France and ourselves."

Chamberlain had conferred with Count Dino Grandi, Italian ambassador, before facing Parliament.

EDEN'S DRAMATIC SPEECH

Captain Anthony Eden, who preceded the Prime Minister in addressing the tense House, spoke with his right fist dramatically clenched. His voice broke when he declared that settlement of the Spanish issue was paramount to any Italian settlement.

Eden declared that he had resigned rather than deal with Italy in the face of Mussolini's propaganda against Great Britain, which was "rife throughout the world," and Il Duce's "glorification" of Italian victories in Spain.

"Agreements that are worth while are never made on the basis of threats," the former Foreign Secretary declared.

Eden was cheered repeatedly by the Labor benches and some sections of the government majority.

"I do not believe we can make progress in European appeasement . . . if we allow the impression to gain currency abroad that we yield to constant pressure," the young statesman said.

TOKIO IS TROUBLOUS

All Not Harmony in Capital of Flowery Kingdom—Political Crisis Over General Mobilization

War Toll Huge

Casualties so Far Well Over Million With Many Dead—Chinese Destroy Bridges

TOKIO, Feb. 21: (CP)—There was a near riot in the lower house of the Japanese Diet yesterday. Fisticuffs were engaged in as the government was criticized for its explanation of a raid on the headquarters of two political parties.

The Japanese press agrees that a tense political situation exists over the question of general mobilization for the Chinese campaign. The government is said to favor imposing a Fascist control over all fighting forces.

Casualties Estimated SHANGHAI, Feb. 21: (CP)—It is estimated here that the seven-month-old Sino-Japanese conflict has resulted in 260,000 Japanese casualties and 1,000,000 for China. Of the Japanese casualties, 60,000 have been killed and 200,000 wounded. Four hundred Japanese are being slain daily in the fight for the Lunghei Railway with mortality among the Chinese defenders much higher.

Chinese troops on Saturday blasted the longest steel bridge in China and have now destroyed all crossings of the Yellow River in their effort to prevent the Japanese from capturing Suchow on the south of the river, important point on the Lunghei Railway line which the Nipponese are endeavouring to cut off.

Again the Japanese were repulsed today in an attempt to cross the Yellow River just north of Kaifeng, important city on the Lunghei Railway in northern Honan Province. Japanese forces are meantime reported to be spreading widely to the west in Shansi Province, gradually closing in on Linfeng, provincial capital.

TORONTO, Feb. 21: (CP)—Sir James MacBrien, commissioner of the Royal Canadian Mounted Police, who is critically ill, passed a "fair" night and his condition remains unchanged, it was announced today.

Viscount Halifax Expected to be His Successor—Viscount Cranborne Also Quits—German and French Reactions

LONDON, February 21: (CP)—Following a break with Prime Minister Neville Chamberlain on foreign policy, Foreign Secretary Anthony Eden resigned yesterday afternoon. His resignation followed one Sunday session of the cabinet. Immediately after, another meeting of the cabinet was held without his presence. Viscount Cranborne, principal Under Secretary of Foreign Affairs, resigned at the same time. Lord President of the Council, Viscount Halifax, is expected to succeed Capt. Eden as Foreign Secretary.

Prime Minister Chamberlain and Captain Eden broke dramatically over concessions to Chancellor Adolf Hitler of Germany who yesterday demanded return of Germany's colonies lost under the Treaty of Versailles which brought the Great War to a close. Chamberlain favored a settlement with Germany. Eden opposed any concessions. Both Chamberlain and Eden, it was announced, would explain their positions before Parliament today.

The central European crisis, brought about by the Nazi accord between Germany and Austria, was considered of sufficient importance to keep the British cabinet in session both Saturday and Sunday for the first time since the abdication of King Edward VIII. Anxious crowds hovered outside No. 10 Downing Street as a three-and-a-half hour cabinet session was held. No announcement followed on Saturday except that the cabinet would be in session again Sunday by which time the speech of Chancellor Adolf Hitler before the German Reichstag would have been made including an expected statement on Germany policy in regard to Austria, return of colonies and other matters.

Rumors persisted over the week-end that Foreign Secretary Anthony Eden and other ministers would resign rather than negotiate further with Italy unless that country withdrew definitely from the Spanish civil war. It was also reported that there would be united action between Great Britain and France to prevent German-Austrian fusion.

Berlin Pleased BERLIN, Feb. 21: (CP)—Official Germany last night expressed pleasure at the prospect of Viscount Halifax becoming Foreign Secretary of Britain in succession to Captain Anthony Eden. Viscount Halifax last fall conferred with Chancellor Adolf Hitler on the possibility of an Anglo-German agreement. Eden's resignation is viewed by many Nazis as another Hitler triumph. Some optimists predict that a British-Italian-German - French agreement is just around the corner.

Caller Surrender PARIS, Feb. 21: (CP)—Premier Camille Chautemps and Foreign Minister Yvon Delbos of France saw in the resignation of Foreign Secretary Anthony Eden of Great Britain a "surrender to Rome and Berlin." Hope was, however, expressed that there would be no break in friendly relations and co-operation between Great Britain and France.

COLONIES ONLY AN EXCUSE FOR WAR

An article, "Solving the Colonial Riddle," by F. A. W. Lucas K.C., of South Africa, published in the current number of the Christian Science Monitor, gives some interesting information in regard to Japan. It recites that Japan states she must have foreign outlets for her people. Yet the density of population in Japan is little more than half that of Belgium and only half that of England. The cause of the poverty and overcrowding is that Japan has to pay high rents to a few landlords. The "Japan Year Book 1936" shows that one half of the land in Japan is owned by a million people or one-and-a-half per cent of the total population. Thirty-three million get their living on rented agricultural land and of these twenty million are compelled to try to exist on approximately an acre per household. On this little tract of land they pay a high rent as well as high taxes.

A number of other countries, including Italy and Germany, are similarly situated, this situation being responsible for the seeming poverty in those countries. The writer points out that none of the countries possessing colonies use them for emigration purposes and the trade with them is not important.

What the writer fails to show is that Great Britain, which also has a landlord class, has already freed most of her colonies. Canada, Australia, New Zealand, South Africa are all free to cut the ties of Empire if they wish to do so just as southern Ireland seems to be doing just now. There is very little difference between the ties which bind Canada to Britain and between those which bind United States to Britain. It is one of sentiment. India is also gradually moving in the direction of self-government and if other countries would let her alone the speed of emancipation would accelerate.

ANGLO-AMERICAN AGREEMENT

In another number of the same paper is an editorial article in which it is shown that, while United States and Great Britain have no offensive or defensive treaty binding them, they are so closely in agreement on world questions that it is correct to say there is an agreement between them. Also it is true that they keep each other informed on all important moves. United States people are always interested in London and British people are interested in Washington and this union of ideas is being gradually strengthened. It is the wonder of the world that one of the countries of the British Empire lives alongside the United States without any boundary defenses on either side. They do not fear each other. In other words they are in agreement on important principles, particularly the one of respecting each other's rights. Britain will not worry if the United States builds a bigger navy than herself. She needs it to defend the Pacific while Britain looks after the Atlantic. A written agreement is not necessary between countries that understand each other.

Smithers Ski Tournament Is Great Success; Chris Dahlie Wins Senior Championship

SMITHERS, February 21:—The regular annual ski tournament of the Smithers Ski Club took place here on Thursday and Friday and included slalom racing, cross country racing and jumping for all classes. Quite a number of visitors were in town for the occasion from points along the line from Prince Rupert to Burns Lake. Many were enjoying the thrills of ski jumping for the first time. A number of the old contestants were in the various line-ups but one conspicuous feature was the large number of new names in the lower grades which augurs well for the future of the sport in the Bulkley Valley.

The slalom racing took place on Thursday afternoon while the cross country racing was held Friday morning and all of the jumping took place on Friday afternoon.

The weather was ideal for the occasion, the temperature being just below the freezing mark which made it more enjoyable for the spectators even if the racers could have stood it a little colder.

As a majority of those participating in the jumping were a little backward about using the big hill, compromise was reached and the intermediate hill was used which curtailed the length of the jumps made considerably. To the delectation of the visitors several of the Smithers boys gave exhibition jumps on the big hill after the contests had been completed. The Smithers ace, Chris Dahlie, made several long jumps in this way, while Steen Olofson and Graham Collision also demonstrated their ability on the big hill.

The winners in the various contests were as follows:
Class "A", Slalom—1. Chris Dahlie (Smithers); 2. Kaare Engsted (Burns Lake); 3. Stein Olofson (Smithers).
Class "B"—1. Albert Gerow (Burns Lake); 2. Harold Windt, (Smithers); 3. Ed Malkow (Gientanna).
Class "C"—1. Billy Trousdell (Burns Lake); 2. Jergen Dahlie (Smithers); 3. Martha Dahlie (Smithers).

The tournament was very successful from every standpoint and it is now looked upon as one of the outstanding events of the year in this district.

Is This the Reason You Are Constipated?

If you're wondering why your bowels don't work right—stop and think about what you eat. Bread, meat, eggs and potatoes. All good nourishing foods—but all concentrated, lacking in "bulk." And you need "bulk." Some food that forms a soft, spongy mass in the bowels—helps them move.

If it's this lack of "bulk" that's causing your constipation, Kellogg's All-Bran is just what you need. It soaks up water and softens like a sponge. And this soft mass helps your bowels move.

In addition, All-Bran gives you Nature's great intestinal tonic, vitamin B. Eat this crisp crunchy cereal every day, drink plenty of water, and enjoy happier days. All-Bran is made by Kellogg in London, Ont. Sold by every grocer.

Rotary Dinner Dance Enjoyed

Instead of the regular luncheon for last week, the Prince Rupert Rotary Club held an enjoyable dinner dance Saturday night in the Commodore Cafe, the affair being in honor of Mr. and Mrs. W. M. Blackstock who are leaving the city next week to take up residence in Vancouver. During the evening, President W. R. McAfee, in a speech suitable to the occasion, referred to the impending departure of the guests of honor, voicing regrets at their leaving and expressing best wishes for the future. Mr. Blackstock responded.

There were about thirty-five couples in attendance at the affair. Music was by Mrs. DeCarlo's Orchestra and dancing kept up until shortly after 11 o'clock.

WHIFFLETS From the Waterfront

There was considerable activity along the local waterfront late yesterday afternoon and during the evening with a good deal of shipping moving about. About 5 o'clock the fisheries patrol steamer Malaspina came in and moored alongside No. 1 Canadian National wharf. Just before 6 o'clock the big Imperial Oil Co. tanker Albertolite, the Union steamer Cardena and the lighthouse tender Alberni were all coming in at the same time—the Albertolite with a cargo of fuel from Ioca for the company's local tanks, the Cardena on her regular run from Vancouver and the Alberni bringing in the body of John Desmeulles who had been drowned at Ivory Island on Friday while a small boat was attempting to land at the light there. Later in the evening the

freighter Evelyn Berg arrived from Ketchikan with fish for transshipment East over Canadian National Railways.

The group of local young fellows who were invited to attend a party aboard the steamer Baranof and found, when they went down to the ship that it was a hoax and that they were not even allowed to visit the vessel, are said to be much abashed. They have been twitted so much by their friends that they have become real bad-natured, it is said. Better luck next time, boys! It just shows one can't believe everything they hear, even over the telephone.

Imperial Oil Co.'s big tanker Albertolite, Capt. Alex Mosher, arrived in port at 6 o'clock last evening from Ioca with a cargo of fuel oil for the company's local tanks and will sail at about 4 o'clock this afternoon for San Pedro, California. Capt. Larry Thompson came north as pilot of the Albertolite.

PASSES AT JAP INLET

Mrs. Jane Elstermann Dies After Lengthy Illness—Was Widow of Member of German Nobility

Mrs. Jane Elstermann, widow of the late Frederick William Bernhardt Elstermann von Elster, passed away at 9:30 Saturday night at Jap Inlet, Porcher Island, and the remains were brought here Sunday afternoon by gasboat for burial. Funeral arrangements are in the hands of the B.C. Undertakers and will be announced later.

Mrs. Elstermann had been in failing health for several years and of late her condition had become quite serious. Death was not unexpected.

Member of one of the leading native families of the Naas Valley, Mrs. Elstermann was born seventy-five years ago at Gitlakdamiki, the daughter of the late Chief and Mrs. James Woods. Forty-seven years ago she was married to Frederick William Bernhardt Elstermann von Elster, a member of the nobility of Germany who had come to this coast as a sailor. For some time they lived at Morse Cove. In 1914 they went to Lawyer Island where the late Mr. Elstermann became lighthouse keeper, remaining there for seventeen years until 1921 when they went to Refuge Bay and took up land. The family home had been there since that time. Mr. Elstermann died in the Prince Rupert General Hospital April 21, 1934.

Deceased leaves one daughter, Mrs. M. A. Dewhurst of Seattle, who was here recently, and one son, Frederick W. B. Elstermann of Jap Inlet. The late Mrs. Edward Hudson of Prince Rupert, who died several years ago, was another daughter. There are eight grandchildren—Leslie Hudson of Prince Rupert, who brought the remains of his grandmother in on the boat Elida; Percy Hudson of Prince Rupert; Walter Hudson of Jap Inlet; Edith Hudson of Prince Rupert; Mrs. W. P. Herman of Prince Rupert, and Phyllis, Ethel and Lenora Dewhurst of Seattle.

The Armour Salvage Co.'s power tugs Daly and Pachena returned to port at noon yesterday from Porcher Island bringing in a big scow laden with 150 yards of gravel to be used in connection with the new federal building here. The clamshell dredge, which was used in digging the gravel, was also brought back. The outfit will be going out again for another load.

PRECAUTION WAS FATAL

John Desmeulles Might Have Been Still Alive If He Was Not So Careful—Was Not Drowned

The very precaution which John Desmeulles, veteran fisherman and small boat skipper, had taken with the idea of insuring his safety in a rough sea is believed to have been responsible for his death last Friday morning in the swamping of a landing boat at Ivory Island from the lighthouse tender Alberni. According to word brought here by the Alberni, which arrived last night with the body Desmeulles actually reached a rock after the swamping of the landing boat but a painter, which he had previously tied around himself as a safety measure in the rough seas breaking on the rock, pulled him back in on a receding wave. He was crushed against the rock on the return wave and it was established at an inquest, conducted at Ocean Falls by Coroner G. H. Hill, that his death was due to shock and not to drowning as indicated by first reports of the tragedy. There was no water in the lungs.

The accident occurred as a landing was being attempted at Ivory Island with some 700 pounds of supplies for the lightkeeper there. A rising wave carried the boat against a rock where it caught, tipping over and sliding off on the receding wave and throwing Second Officer D. R. Barclay with Desmeulles and other men into the water. Barclay and others were able to jump clear and either swam or scrambled to safety on the rock. Desmeulles had also reached the rock but was dragged back into the water by the painter when the boat upset. He could not swim. Desmeulles' body was immedi-

Girls' Branch Of Auxiliary Gives Farewell Party

A delightful Valentine party was held by the Senior Girls' Branch of the Woman's Auxiliary of St. Andrew's Cathedral at the home of Mrs. G. Dawes, in honor of Miss Frances Daglish who is leaving shortly for England.

A short business meeting was held, the rest of the evening being spent in playing games. Delicious refreshments were served by the hostess during the course of which the president, Miss Edith Smith, presented the guest of honor with a High School brooch and an album, autographed by the members of the Woman's Auxiliary.

The party was brought to a close by the singing of "For She's a Jolly Good Fellow," and "Auld Lang Syne."

ately recovered and, within twenty-five minutes, the Alberni was on the way to Bella Bella for medical aid. Meanwhile artificial respiration methods were being applied in the belief that his lungs were filled with water. On arrival at Bella Bella, Dr. G. E. Darby pronounced life extinct and the Alberni proceeded to Ocean Falls to report to the coroner. The inquest was held before leaving on the return to Prince Rupert.

The remains have been turned over to Hayner Bros., undertakers and the funeral will take place tomorrow morning with rites of the Roman Catholic Church.

Jack Watson, who broke his leg at the sametime as Desmeulles lost his life, was left in hospital at Ocean Falls.
