Rev. J. C. Jackson, pastor of First United Church, sailed this afternoon on the Catala for a trip to Vancouver.

SEES WAR VERY SOON

World on Brink of Great Conflict is Opinion of North Vancouver M. P.

TORONTO, March 8: (CP)—Addressing a gathering of war veterans here last night, Grant McNeill, C.C.F. Member of Parliament for North Vancouver and himself a prominent ex-service man, expressed the opinion that the world was on the verge of another Great War. In view of the general situation and the intensive preparations that were being made, he did not see how a conflict could be averted.

Mr. McNeill said that many young Canadians appeared to be even looking forward to war as a "fine adventure." Possibly, in view of the general outlook as far as the young were concerned, they could not be blamed for such an attitude.

TURN OVER BIG MILL

Installation Completed at Big Missouri Mine, Bringing Large Engineering Feat to Close

M. M. O'Brien, chief field engineer for the Consolidated Mining & Smelting Co., was in the city this morning aboard the Catala returning south after a visit to the Big Missouri mine in connection with the turning over of the new mill which has been installed on that property.

Nine years of the most scientific geological and mineralogical investigation, co-ordinated with a like period of systematic development work, culminating in the most interesting engineering feat in Canadian mining history to date, the installation of the 500-700-ton concentrating mill, 400 feet below the surface outcrop, has just terminated with the turning over of the Big Missouri mill.

While, naturally, it will take some little time to co-ordinate all the various complicated machinery necessary to the smooth functioning of such an undertaking, still, one of the most highly complicated problems ever undertaken by Canadian mining has been brought to a conclusion and within a few weeks the Big Missouri mine will be adding its quota to the gold production of British Columbia.

The remains will leave on tomorrow evening's train for Calgary, accompanied by Mr. and Mrs. Cook.

Cause of the young man's death was a rare malady of agranulocytosis involving disappearance of white blood cells from the system. Three blood transfusions proved ineffectual in the effort to save life.

Dora Larsen, for vagrancy, was fined \$10, with option of seven days' imprisonment, by Magistrate McClymont in city police court this morning.

TELLS OF LIFE IN ITALY

The London Spectator recently published a letter from an English resident in Italy which, while admitting the splendid improvements that had been made in Italy, tells stories of individuals who have found the country under the present regime a most unpleasant place in which to live. The son of a resident returning from France wrote his father that he would be home just in time to vote in this "comic" election. The letter was opened and the lad was sent to jail. Another case was of a hotel which served particularly good meals, so good that Fascist officials liked to eat there but refused to pay. The result was the hotel man was forced out of business. Another man operating a mill was visited by an official of the Labor Bureau who insisted that twenty men he named should be put on the payroll. He had to give up owing to continued interference from officials. Another man had his farm taken away from him because it was charged he was not working it to advantage. Yet the next man who operated the farm did not increase the production. The writer of the letter said he was sitting outside a cafe one evening when a Fascist official called and inquired why there was no orchestra playing. The owner of the business said he could not afford one. "Well, get one within a week," was the order. An orchestra was secured but the cafe went broke.

This writer says he feels sure there are millions of Italians who loathe and detest the methods of the present regime. From the beginning it has been a question of force and blackmail. He says the officials of the Fascist party would be incapable of earning a living in the open market. They must, therefore, stick to their posts at all costs. Propaganda talk about unity and co-operation sound well but what matters, he says, is the reality behind the talk.

THE OTHER SIDE

Having read stories in Red journals about the hardships which Canadians have suffered in this country, we feel a little suspicious and do not give credence to all the talk about injustices in Italy. Yet we can easily see that there must be very grave injustices where so much power is placed in the hands of officials as seems to be given to the Fascists in Italy. We have almost wept at the terrible tales told of wrong-doing in Canada, only to find that the person supposed to be wronged was a waster who never spoke well of any person and who should have been treated much more severely instead of more leniently. In enforcing a new system there are bound to be injustices, as witness what took place and still takes place in Russia under the dictatorship of Stalin and his proletariat. All dictatorships are objectionable.

NEVILLE CHAMBERLAIN'S WARNING

Evidently the speech in the House of Commons yesterday in which Prime Minister Neville Chamberlain told the world that, if the peace talks with Italy and Germany failed, Great Britain would speed up her gigantic rearmament program, was intended as a warning to those countries. Already there had been rumors of disagreements with Italy over withdrawal from Spain and other rumors that Italy had no intention of agreeing to and carrying out any terms that did not suit her.

GOOD VISIT MAY NOT AT PREMIER COMPETE

Banquet Friday Night and Dance On Saturday Were Features Of Entertainment For Local Hoop Team

The people of Premier as usual proved themselves fine hosts on the occasion of the visit there at the end of the week of the Prince Rupert basketball team for the first two games of the championship series, it is reported by Manager Bud Barrie and his party of hoopsters. Nothing was left undone in making the stay of the local players at the mining camp a pleasant one.

After the first game at Premier on Friday night there was a banquet. During Saturday there were various things of interest to do. The most of the party were guided through the mine by D. Saunter-bane and Ted Kergin. Some later were taken on a drive to Stewart and others visited the B. C. Silver mine. A number of Prince Rupert boys now working at Big Missouri came over to Premier during the day. Saturday night after the second game there was a dance in the Community Hall after which the Prince Rupert team left Premier. The night was spent at Thirteen Mile and bright and early Sunday morning departure was made from there. Stewart was left at 10 a.m. Sunday and home reached at midnight.

Premier won the first game of the series at Premier Friday night by defeating Prince Rupert with a score of 69 to 46. The Prince Rupert players were off form due to the long fourteen-hour gasboat trip. They had arrived at Stewart at 2 o'clock Friday afternoon. The party was met by cars from Premier and taken straight to the mine, arriving there not long before game time.

It was a fast game and there was a large crowd in attendance. An amusing incident of the game was when Sonny Stiles of Prince Rupert walked on the floor and scored on a free throw for Premier after Lambie had been dismissed for four personals.

The Prince Rupert team had become quite at home by Saturday night and put up a much better game to win 44 to 37 and even up the series. It was a nip and tuck game until Prince Rupert started to pull out in front near the end. The closeness of the play in these two games augurs well for an exciting pair of games to be played here in the return series on April 1 and 2.

In addition to those previously mentioned, Jimmy Ciccone was among those who made the trip

Jap War Minister Would Not Let His Men Compete in Olympics, Cancellation of Which He Urges.

TOKYO, March 8: (CP)—War Minister Sugiyama yesterday announced that Japanese soldiers on the active list would be prohibited from participating in the 1940 Olympic Games. Sugiyama also advocated the cancellation of the games which are scheduled to be held in Tokyo.

The organizing committee of the 1940 Olympics answered War Minister Sugiyama's recommendation that the Games be cancelled by announcing a \$1,500,000 building program.

Whether or not the games will be held in Tokyo will probably depend, in the end, on the response of the nations.

IDEAL OF PACIFIC

British Columbia Likes Grace In Kitchen as Well as On Tennis Court and Dance Floor

By John Dauphinee
Canadian Press Staff Writer
VANCOUVER, March 8: (CP)—The sweetheart of British Columbia has blue eyes, a light complexion and chestnut hair, but above all she has plenty of "spark."

This is the ideal projected today by Ian Eisenhardt, director of the provincial government's department of physical education, which has 10,000 women in its classes throughout the province.

Eisenhardt said British Columbians are as appreciative of aesthetic lines as most people, but they place more emphasis on a quality of being "interesting to look at," or, being more intensely and vividly alive.

To conform with this ideal, according to Eisenhardt, a girl would be fairly accomplished in two or three games, preferably golf, tennis and swimming. These sports he said, are aids to beauty but are not strenuous enough to cause "big, ugly muscles." British Columbia's mild climate gives its daughters a better chance to excel in these sports than is allotted to girls of other provinces.

Eisenhardt said he himself, and probably most citizens of the province, have an aversion to "unnaturalness of any kind."

They want a girl who is able to converse intelligently on almost any subject, and who is equally as graceful in the pantry as on the tennis court or the dance floor. In other words, British Columbians insist that their cream girls be able to cook, "not just use a can opener," Eisenhardt declared.

LOOKING FORWARD

Capitolian Orchestra and Choir Proves its Versatility

Synchronization of the Capitolian orchestra and choir groups will, doubtless, be further improved upon as practice proceeds and, meantime, all those who attended Sunday night will be eagerly looking forward to the next concert planned for April.

The size of Sunday night's audience indicated the interest which was taken. The response was full indication of the appreciation.

With the orchestra and choir acquitting themselves with credit, the Gyo Club sustained the prestige it has won over a period of many years now in the sponsorship of good entertainment for the people of Prince Rupert.

The program Sunday night presented a wide enough variety of moods to satisfy all tastes. The tuneful Drigo "Serenade" and Lidie's smooth-flowing "How Lovely Are Thy Dwellings," with its full harmonies, were suitable for opening and were fittingly enough followed by the chorus in "Come, O Blessed Lord" and "Bless Thou The Lord, O My Soul." The "Miserere" or "Prison Scene" from "Il Trovatore" by Miss Nellie Lawrence and A. C. Cameron, violinists, and the choir was an ambitious undertaking. In lighter vein were the familiar "Temple Bells" and "Less Than the Dust," Indian love lyrics by the choir. The humorous Russian folk song "The Goldfinch's Wedding" caught the fancy of the audience. The suite of Mozowski's Spanish Dances, played as a piano quartette, was something new and was marked by precision of action and the usual skill of the four artists.

Mrs. E. J. Smith, Mrs. W. L. Stamford, C. P. Balagno and Dr. W. A. Riddell. The condition of the instruments used was no encouragement to the artists. "Gypsy Chorus" and "Have You Forgotten?" (which some recognized better as "Moonlight and Roses") were done nicely by the choir. Selections from "The Fire" were timely in view of the picture now being shown. Dr. and Mrs. R. G. Large, handicapped by their precarious perch, won an ovation with their vocal duet "Come to the Fair" with partial orchestral accompaniment. "Who is Sylvia?" and "Allah's Holiday," always popular, were rendered excellently by the choir. The descriptive and colorful "Finlandia" was executed with good effect by the orchestra, the choir taking part in the Finnish National Anthem which is part of the number. This concluded the program and left the audience happy and tasteful for more.—G.A.H.

Legion Official To Visit Rupert

Robert Macnicol, Secretary of British Columbia Command, to Tour North

The executive of the Prince Rupert branch of the Canadian Legion of the British Empire Service League was in session last evening in preparation for the regular monthly meeting of Wednesday of this week.

A communication from Robert Macnicol, secretary of the provincial command, advised that he would be making a tour of branches of the Canadian Legion in this district. His itinerary includes visits to Stewart, Anyox, Terrace, Smithers, Vanderhoof, Fort Fraser, Prince George, McBride and Ocean Falls.

To hear him a joint meeting of the local branch of the Canadian Legion is being planned for March 29. Mr. Macnicol will also address the regular monthly meeting on his return from interior points on April 13.

Mr. Macnicol has been secretary of the British Columbia provincial command for ten years and has built up this province into a leading one in Legion activities. More recently he was the third member of the War Veteran's Assistance Commission which, after a year's study of ex-service men's problems, brought in important recommendations to the Dominion government.

Following this Wednesday's meeting a knock-out crib tournament has been planned. One held after the last meeting was a great success.

President Jack Preece was in the chair and other members present were W. J. Rance, W. M. Brown, C. L. Youngman, G. J. Dawes, Henry Smith, J. M. Walker, C. L. Barker and H. Thrupp.

John E. Moody of Port Simpson, made the round trip from there to Stewart and Anyox on the Catala this trip.

Sergeant E. Gammon, new district chief of the provincial police here, and Mrs. Gammon, who arrived last week from Prince George, have taken up residence in the Dawson house on Fifth Avenue East.

Grave Charge of Internal Sluggishness

(Before Mr. Justice Kruschen)

JUDGE: It literally astounds me that such charges still come before this court. With Kruschen Salts on sale at every drug counter this crime is inexcusable and will not be tolerated. Prisoner, I order that you take Kruschen Salts—as much as will lie on a 10c piece—every day from now onwards in your breakfast cup of coffee or tea.

COUNSEL FOR THE DEFENCE: My client desires to put one question to your lordship.

JUDGE: The prisoner may ask what question he likes, but nothing can alter the fact that he needs and must take the little daily dose of Kruschen. Now, my man, speak up.

PRISONER: My lord. Why is anything like Kruschen Salts necessary. Surely Nature never intended.

JUDGE: Nature, my good man, never intended you to live as you do live—sitting at a desk, eating cooked foods, riding when you should be walking. Don't you realize that?

PRISONER: Yes, my lord.

JUDGE: Then you must realize that something must be done to rectify all this. Internal sluggishness is simply Nature's revenge on humanity for being civilized and not living like healthy animals.

PRISONER: I see what you mean now, my lord. And will these Kruschen Salts supply what we miss through our unnatural way of living?

JUDGE: The little daily dose is one day's supply of those vital mineral salts of which normal men and women are deprived by their lack of exercise and fresh air and their improper diet. In fact, everything in Kruschen is necessary if you want constant, vigorous physical fitness.

Now you may go, prisoner. Never miss your daily dose in future and we shall never see you here again. And let me warn you—if there is ever a recurrence of this crime the results may be very serious indeed.

KRUSCHEN SALTS

relieve constipation and rheumatism

Kruschen is a combination of several mineral salts which your body must get, in some way, to keep the blood pure, the inside clean, and the system generally toned up, but which you can't get in Nature's own way without abundant exercise and fresh air. You should have those salts every day; hence the importance of the "little daily dose" of Kruschen. Every drug counter sells Kruschen in 25c, 45c and 75c bottles. It's the little daily dose that does it.

OFFICER RETIRES

Lieut. Commander Walter Hume Honored—Succeeded by Lieut. Commander Haworth

Last night the Prince Rupert Division, Royal Canadian Naval Volunteer Reserve, said farewell to the retiring commanding officer, Lieutenant Commander Walter Hume, who has commanded the local division for the past twelve years.

The division, in full strength, was reviewed by Lieutenant Commander Hume who took the salute on the saluting base.

After the review, the division returned to headquarters where a guard of honor was drawn up under Sub-Lieutenant O. G. Stuart. Lieutenant Commander Hume then took the general salute and inspected the men of the division.

A presentation of a silver cigarette case, suitably engraved was made to Lieutenant Commander Hume from the officers and men of the division. The presentation was made by Able Seaman Wm. Murdoch. This was followed by three cheers for the retiring commanding officer who then addresses the division.

As Lieutenant Commander Hume left the main hall he was given the traditional naval ceremony of being "Piped Over the Side." The incoming commanding officer, Lieutenant Commander L. H. Haworth, was then "Piped On Board" and the division dismissed.

After dismissal, a toast to the health of Lieut. Com. Hume was proposed by the incoming commanding officer, Lieut. Com. L. H. Haworth, which was replied to by Lieut. Com. Hume who reminisced over his associations with the unit since its inception. A social evening then followed.

OPERETTA IN FILMS

"The Firefly," With Jeanette MacDonald, Allan Jones and Warren William, at Capitol Theatre

"The Firefly," screen adaptation of Rudolf Friml's great operetta, presenting Jeanette MacDonald in her seventeenth starring musical picture, opened last night at the Capitol Theatre for a three-day engagement. Allan Jones, brilliant young tenor, and Warren William, always popular, share the honors as leading men.

A powerful story of dramatic romance as well as a vehicle for wonderful music, "Firefly" is a tale of old Spain in the days when Napoleon was defeated by Wellington at Vittoria.

Support is given Miss MacDonald and her two leading men by Billy Gilbert, Henry Daniell, Douglas Dumbrille, Belle Mitchell, George Zucco, Corbett Morris and Matthew Bolton.

Seven outstanding musical numbers, five of them retained from the original Friml operetta and two written by him especially for the picture, are featured by Miss MacDonald who dances with grace and sings "Love is Like a Firefly," "He Who Loves and Runs Away" and "When a Maid Comes Knocking at Your Heart." Jones sings "A Woman's Kiss" and "The Donkey Serenade" and, with Miss MacDonald in duet, "Giannina Mia" and "Sympathy."

Christian Youth Society Meets

Theatre Party Enjoyed After Business Session Last Night

By MAURICE DAVEY
Members of the Christian Youth Society met last night in First United Church for their business and devotional session after which most of the members present adjourned to the Capitol Theatre to witness the presentation of "The Firefly" as part of the evening's program of the Society.

The devotional talk was given by Wilf Hicks and was, as usual, up to a fine standard.

Business discussed included the society's dance to be held on March 18. A church service with members of the society in charge will be held in First Baptist Church on March 27. Wilf Hicks will be chairman and the speakers will be Ken Harding and Eileen Hamblin with Bert O'Neill taking part also. Congregations of both churches will be in attendance.

In regard to the question as to where the society would meet in future, it was decided the society should meet in one place only and that place would be the United Church. Although this would be contrary to the aims of the society the majority thought it would be to the advantage of the society as a whole.

Proceeds from the society's recent play presentation were distributed to the Women's Auxiliary of the hospital and to the society. The agreement was that the society should receive ten dollars of the net proceeds and the Women's Auxiliary the remainder.
