JUNIOR HIGH SCHOOL IN PRINCE RUPERT IS PLAN OF CITY COMMISSIONER

Will Have it and High School in Booth Memorial Building, Moving Public School to King Edward on Seventh Avenue

At the beginning of the next school year after the summer holidays Prince Rupert will probably have a Junior High School, thus falling in line with most of the other cities of British Columbia. It is not planned to erect any new building for the purpose just now for the finances of the city will not allow of it. The tentative scheme is to use

the Booth Memorial School for High School and Junior High and to move the elementary school into the King Edward building. This Museum Board to. Have. Annual would serve the present school population until the present school attendance increases to such an extent that increased accommodation

Principal's Views

In an address to the Rotary Club yesterday afternoon Arthur Sutton, principal of King Edward High Hitler Advised School, stressed the changes that were taking place in education. He showed that when the high school To Take Change was first established in the present building there were only 95 pupils. Health of German Chancellor Today there were 293. There had been during that time practically no change in the population of the city. In 1920 the school registration was 751 pupils. In 1930 it was 909 but this had fallen down to 820.

ing grade 9 numbered 105 to 110 20. Der Fuehrer has been suffering and by the fourth year this dropped from strain. to from 30 to 35. This showed what ne referred to as a "tremendous waste." The difficulty seemed to Authority On be that the course was not suited Authority On to the students who were taking it. RADIUM SUPPLY STILL SMALL

Radium is now being punchased from the Eldorado Radian Corporation at \$25,000 a gram, less than half the price changed prior to the development of the mine at Ladies' Subject Great Bear Lake. In 47 cities in the United States there is in all 82 grains of radium held by 213 hospitals.

Present commercial sources of radioon throughout the world are limited to two-the Eldorado mines in Canada, at Radium City on Great Bear Lake in the Camadian sub-Arctic; and the Belgian Congo mines in Africa. Eldierrada, believed to be the greatest producer today, mines gape on the early life of the conand reffines about five grams a month. It takes 1,000,000 peses, Ludwig von Beethoven was pounds of the Canadian ore, belived to be the richest in the read by Mrs. Mone, and a very en- GIEL Desires employment. It is used in certain types of cases for short exposure periods in place of milder doses for longer exposure periods. The largest single unit in use in any of the bospitals on the continent is a 417-gram pack (4500 maligrams).

AN EXCELLENT OBJECTIVE

The Prince Empert Gyro Club is to be congratulated om its decision to devote its resources towards the objectime of constructing a civic centre in the city, this to inchade a swimming pool and gymmasium. It is something bradly meeded and, doubtless, the club will receive the undiwided support of the people of the city in the undertaking.

ELECTION IN ULSTER

The election of Northern Ireland has gone as was exmeethed in flavor of the government of Wiscount Craigavon. This strops for the present the move to have Northern Inebound join with the south. It means that there will be no change in the present set-up. It is to be expected that. eventually, the morth and south will get together but there will have to be changes in the viewpoint of each before tibey will be able to work together as one political unit.

HERE'S COLD CATCHERS SHOULD KNOW.

THIS specialized medica-L tion—Vicks Va-tro-nol is expressly designed for the nose and upper throat, where most colds begin-and grow. Used in time—at the first sneeze or sniffle or irritation in the nose-it helps to prevent many colds, or to throw off head colds in their early stages. Even when your head is all clogged up from a cold, Va-tro-nol brings comforting relief—lets you breathe again!

Miss May Skinner Gets First with Miss Margaret Smith a Close Second in Competition

Miss May Skinner of Seal Cove has been adjudged the winner of the first prize given by the Museum Board for the best collection Miss Margaret Smith second while she has seen in England. a special prize is to be given Miss Marie Boulter for an excellent little collection, the donor of the third prize being Rev. Canon Rushbrook. The winners will be asked to be For the Eastguests of the Board at the annual dinner to be given Thursday, March 10, when the prizes will be present- From the East-

YOUR

And You'll Feel Wonderful-Never Headaches, Tired, Sick, Constipated

Your liver is the largest organ in your body and next to the heart the most imortant. It does four things. It supplies the body's natural laxative, gives proper nourishment to your blood, helps the kidneys and stomach, supplies the muscles, tissues and glands with energy. You can't feel well if your liver isn't well. System becomes poisoned and you feel "rotten". "Fruit-a-tives" quickly make your liver healthy. You soon feel like a new person. A celebrated doctor's formula fruits and herbs has given perfect health to thousands.
