STILL HOLD POST OFFICE

Single Jobless Men, Charged With Tin Canning, Expected to be Dismissed

VANCOUVER, May 31: (CP)—Seven hundred single unemployed men are still in occupancy of the lobby of the Post Office and Art Gallery here today, continuing their demand of an adequate program of public works to take care of unemployment. They have been occupying the two places for eleven days now.

Two of the single jobless men were dismissed in city police court yesterday for tin canning on the ground that officers arresting them had omitted a certain technicality. It is expected that 107 may be similarly dismissed.

Young Couple Are Drowned

Tacoma Girl and Youth Lose Their Lives When Caught in Undertow

LONGBEACH, Washington, May 31.—A Tacoma girl and a youth who endeavoured to rescue her after she had been caught in an undertow while bathing were drowned yesterday.

John G. Bennett of the contracting firm of Bennett & White Construction Co., after a brief business visit to the city, sailed by the Catala his afternoon on his return to Vancouver. Mr. Bennett conferred with the hospital board last evening in connection with the building of the new hospital unit here.

JAPS STRIKE HARD
SHANGHAI—The Japanese air force struck heavily today at two vital centres of Chinese resistance—Hankow, the provisional capital, and Canton, southern metropolis and gateway for foreign war supplies.

ANOTHER KIDNAPPING
PRINCETON, Florida—W. P. Cash said today that \$10,000 ransom demanded by the kidnapper of his five year old nephew, James Bailey Cash Jr., had been paid. The money had been thrown from an automobile by the lad's father who said he expected to be notified momentarily of the release of his son. However, there was no word up to noon, the appointed time, and grave fears were felt. The kidnapping took place Saturday.

THREE MINERS KILLED
MONTREAL—Three miners were killed in a premature blast believed to have been caused by lightning at Sladen Malartic mine in northern Quebec today, according to word received here. The dead are Peter Prokop, Casey Topel and George Mackay.

Dominion Government Makes \$5000 Available for Studying Possibility of Removal

VANCOUVER, May 31: (CP)—The Vancouver Merchants' Exchange was advised yesterday that the Dominion government has allocated a sum of \$5000 to be used this summer on the surveying of Ripple Rock in Seymour Narrows with a view to ascertaining the possibility of the removal of this barrier to coastal navigation.

W. J. Crawford of Stewart was a passenger aboard the Catala today going through to Los Angeles where he will attend a Shrine convention.

Three Lose Their Lives As Vancouver Building, Owned By Skeena River Man, Burns

VANCOUVER, May 31: (CP)—Three children died when fire swept an east end tenement housing seven Japanese families shortly after midnight last night.

Taizo Isotani, fifteen-year-old son of Hachiro Isotani, who had left two weeks ago for the Skeena River salmon fishing, George Taninuchi, aged 12, and Yoshikazu Ono, nine, were trapped in the two-story frame structure and burned to death.

Mrs. N. Kamba is believed to have broken her back when she jumped from a second floor window, striking a fence.

There were twenty-seven Japanese, including seventeen children, in the structure. All but four escaped injury.

Hachiro Isotani was the owner of the building. The police are investigating the possibility of the fire having been set by an incendiary, possibly one working from racial hatred. No one definite is suspected, the chief constable said.

ARE STILL ENTRAPPED

Reinforcements Having Difficulty in Reaching Imperilled Japanese Division—Canton Again Bombed

Hankow Object

Million Chinese Are Awaiting Advance of 400,000 Nipponese
SHANGHAI, May 31: (CP)—Japanese reinforcements battled yesterday in an effort to reach General Kenji Doihara's trapped division virtually surrounded by Chinese northwest of Lan Feng. Chinese dispatches said that the reinforcements were still five miles away and blocked by masses of Chinese troops.

Four hundred thousand Japanese soldiers are reported massing along a 250-mile front awaiting orders for a general advance on Hankow. More than a million Chinese are awaiting the advance.

A fierce battle was reported last night to be raging west of Suchow. Japanese bombing planes again blasted Canton yesterday, raising the toll of dead to at least 1000 and wounded to 2000.

Two Chinese planes crashed along the west coast of the main Japanese Islands yesterday, giving rise to fears among the people of mass attacks. Japanese citizens have been warned to observe air raid precautions.

OPPOSE NAZISM

Demonstration in San Francisco As German Convention is Held—Only One Arrest Made

SAN FRANCISCO, May 31:—There were Anti-Nazi demonstrations in San Francisco outside the California Hall where a German convention was in progress with 800 delegates in attendance.

Twenty-five hundred persons took part in the demonstration and for a time a crowd of at least 7500 gathered.

There were protestations of the meeting being un-American and banners bore the legends "Down with Nazism" and "Down with Hitler."

There were no serious disorders and only one arrest was made—that of an overly enthusiastic youth.

Yesterday the convention passed resolutions urging the severance by United States of all diplomatic relations with Soviet Russia and the withdrawal of American volunteers from loyalist Spain.

Weather Forecast

General Synopsis—Pressure has risen over British Columbia but remains low off the Charlottes. Scattered showers have occurred over this province.

Prince Rupert and Queen Charlotte Islands—Moderate to fresh southeast to east winds. Cloudy and cool with a few scattered showers.

West Coast of Vancouver Island—Moderate southeast to east winds. Fair, not much change in temperature.

First Two Cargoes of Season Have Been Shipped to Orient From Montreal

MONTREAL, May 31.—The first two scrap metal cargoes of the season from Montreal to Japan are now on their way to the Orient. The metal consisted of dismantled Ontario and Quebec pulp mill machinery.

TO FINISH LARGER HOSPITAL

Decided to Complete Seventy-Bed Unit of Hospital—Contract Signed

A contract was signed this morning between Bennett & White Construction Co. Ltd. and the board of directors of the Prince Rupert General Hospital for the building of a complete new 70-bed reinforced concrete unit for the local hospital instead of the partially completed unit of 47 beds which had been at first contemplated. The contract figure is \$113,724. The good response which has been met in the sale of hospital bonds has made it possible for the building to be completed. Already bonds to the extent of \$19,000 have been taken, leaving \$15,000 yet to be sold. There will be no difficulty in selling these, it is believed.

The construction will start as soon as the question regarding lane encroachment of the site is settled.

The first sub-contract to be let is that for plumbing awarded to Smith & Mallett.

It is hoped to be able to use local gravel in the concrete work.

British Planes Are Home After Australian Trip

PLYMOUTH, May 31: (CP)—Five Royal Air Force planes returned to England after a trip to New South Wales. They had been away since December and, during their absence, flew 30,000 miles.

Joe Gilbertson Glad To Be Home

Marine Engineer Who Took Snaps and Ran Foul of Jap Authorities Back in Vancouver

VANCOUVER, May 31: (CP)—Joe Gilbertson, marine engineer, who was held under arrest for three weeks at Osaka, Japan, recently for taking photographs of Japanese fortified areas, being released later after paying a small fine, is home and glad of it. He explains that he merely took snapshots from the deck of the steamer Hesquiat on which he was employed.

WEATHER IS WARM

Some Parts of Prairies Get Precipitation While Others Could Stand More Moisture

WINNIPEG, May 31: (CP)—Weather stations on the prairies, in their reports for the past week, show temperatures to have been generally above average, above 95 being recorded at many points. The foothills and northern sections of Alberta had heavy showers. There were moderate rains in some sections of Saskatchewan while other parts could have done with more moisture.

Jamaica Banana Workers Strike

Another Wage Dispute Arises as Old Ones Are Settled

KINGSTON, Jamaica, May 31.—A new strike has developed in the banana fields of Jamaica but there have been no disorders. The waterfront strike has been settled with longshoremen getting a wage scale of 10c per hour and cargo workers on ships 11c per hour.

AN IMPORTANT MATTER

The business people of Prince Rupert, through their Chamber of Commerce, are asking the Dominion Government to subsidize a monthly steamship service to Europe to enable shipments to be made direct instead of transshipping at some other port. It is pointed out that the country has a heavy investment in the railway, the elevator and the docks and that a steamship service would help bring the railway and elevator nearer to a point where they will pay their way. Subsidies are being given to other ports and Prince Rupert, the terminus of the Canadian National Railways on the north coast, has a right to encouragement of this kind. The Dominion would benefit from having important shipping ports on all parts of the coast rather than having the business centred at one point on the United States border.

The government is spending money for a good many purposes, some of which will prove of much less value to the country than that of encouraging shipping from Prince Rupert. When the line was built the government of the day had plans for making this a large shipping port and it put in all the facilities that go with deep sea shipping. These facilities have never been used because the driving force which caused the building of the line and the making of the original plans was removed.

Prince Rupert people feel that the port should take a prominent part in the commercial life of the country and they look to the government to help them get a start. They are asking that the subsidy be granted for three years by which time it is thought the port will have developed to such an extent that ships will make the call without any inducement.

Olof Hanson, member for the riding, strongly favors the granting of this subsidy and we understand he has used all his influence to try to induce the government to grant it. Two delegations have been sent to Ottawa, one last year and one this but so far without result. People are beginning to wonder if the government has faith in the big scheme of development that was initiated by its predecessors of the same political faith.

For several years past Skeena people have supported the Mackenzie King government, through Mr. Hanson. They have had faith in Liberal principles and hoped that the government would see that Prince Rupert got a start in commercial life. Through Mr. Hanson's efforts a small bonus was offered ships calling for logs but, owing to conditions prevailing at that time, it was impossible to secure the cargoes. The port did not receive the business or the bonus. Now it is asked that an adjustment be made in the bonus offer and the people here are looking to the government to do its part.

This subsidy may mean more to Prince Rupert and district than anything that has ever been proposed in the past. It is hoped here that the people of Skeena have been justified in the faith they have shown in the Mackenzie King government and the member they sent to Ottawa to support it.

BIG CROWD Sees Game Foster Hewitt To Visit City

Largest Attendance in Baseball History at Yankee Stadium—Yanks Down Red Sox Twice

NEW YORK, May 31: (CP)—The biggest crowd in baseball history—82,990—swarmed the Yankee Stadium yesterday to see the New York Yankees take both ends of a Memorial Day double-header yesterday from the Boston Red Sox. By virtue of the double victory, the Yankees moved from fourth into second place in the American League standing. The Cleveland Indians remained supreme, however, as a result of winning both ends of a double-header from the Chicago White Sox. The margin of the Indians over the Yankees is three-and-a-half games. The Boston Red Sox, who had been in second place, are now in fourth below the Washington Senators who split a double-bill with the Philadelphia Athletics at Shibe Park. The Athletics have displaced the Chicago White Sox from sixth place in the standing.

The feature of the National League program yesterday was the double defeat of the New York Giants by the Boston Bees who held the league champions scoreless for eighteen innings. The Giants' margin of supremacy was cut to two-and-a-half games over the Chicago Cubs who were splitting with the Cincinnati Reds.

Yesterday's Big League scores:
National League
New York, 0-0; Boston, 6-1.
St. Louis, 4-9; Pittsburgh, 5-6.
Philadelphia, 9-7; Brooklyn, 5-4.
Cincinnati, 7-0; Chicago, 3-3.
American League
Boston, 0-5; New York, 10-4.
Chicago, 2-1; Cleveland, 5-8.
Washington, 9-7; Philadelphia, 4-0.
Detroit, 10-0; St. Louis, 9-3.

Drove Fast To Set New Record

Floyd Roberts Travelled at More Than 117 Miles Per Hour Yesterday on Indianapolis Speedway

INDIANAPOLIS, May 31: (CP)—Floyd Roberts of California drove at an average speed of upwards of 117 miles per hour in setting a new record yesterday as he won the annual Indianapolis Speedway classic. He bettered the previous mark of 113½ miles per hour made last year by Wilbur Shaw. The 38-year-old driver drove the entire 500 miles without relief and with only a brief stop for fuel and tire change at the half way mark.

Yesterday's race was marred by one fatality when a spectator was killed by a flying wheel.

LAWN BOWLING POSTPONED

The Canadian National Lawn Bowling Association's league season was to have opened last night but showers and wet greens prevented the start of play. Weather prospects are none too promising for the coming week.

Dr. A. E. Jure, geologist for the Consolidated Mining & Smelting Co., after one of his periodical visits to Anyox on official business, was in the city aboard the Catala today returning to Vancouver.

IMPRESSION OF ESKIMOS

What Natives of North, on First Trip, Think of Civilization

MONTREAL, May 31.—Speaking neither English nor French, three Eskimos, on their way from Chesterfield Inlet to Quebec for a Eucharistic Congress, gave their impressions of the rail journey and this part of the world through Father Ducharme, who speaks their tongue fluently. What surprised them most, they said, was the size of the buildings and the trees and their journey in the train. "Never having seen an engine bigger than an outboard motor, they were over-awed by the great locomotive and appreciated the opportunity given them by the train crew to visit the engineer's cab. They described train berths "as moving igloos."

Given his first taste of ice cream in the diner, Simon asked: "why is it cold? You can have things hot here, can't you?" When he followed the ice cream, the Eskimos laughed merrily at the weird look of the white man.

Biliousness vanishes after a sparkling glass of Eno's "Fruit Salt"

On their arrival in Montreal, the Eskimos were welcomed at the Canadian National station by Monsieur Turquetil "Bishop of the Arctic", by other members of the clergy and by O. A. Trudeau of the Canadian National Railways passenger department. They attended mass in the Bishop's private chapel and were not at all surprised to hear chants in the Eskimo language on phonograph records.

The memorable journey began April 28. The train was boarded at Churchill. The Eskimos will return to Arctic by boat in July.

PING CHANGED TO PURR

WHEN YOU SWITCH TO TRITON

IN 1000-CAR TEST, TRITON STOPPED CARBON KNOCKS... BOOSTED HORSEPOWER 5.4%... INCREASED GAS MILEAGE!

Here's proof that Triton gives the finest type of lubrication any oil can give—and in addition cleans out carbon as you drive! Proof from 1024 owner-drivers in a recent research test!

Carbon knocks were greatly reduced or completely stopped in every test car finishing 3000 miles with Triton!

Horsepower picked up an average of 5.4%. Two-thirds of the car owners reported increased gasoline mileage.

Triton gives these results because it is propane-solvent refined... 100% pure paraffin-base... 100% pure lubricant. Triton forms so little carbon that motors burn away old carbon caused by other oils. Carbon "ping" is changed to "purr"!

You save four ways with Triton Motor Oil. You save on carbon scrapes, gasoline, motor wear, and oil drains.

Try Triton next time you buy oil!

KRUSCHEN SALTS

relieve constipation and rheumatism

Kruschen is a combination of several mineral salts which your body must get, in some way, to keep the blood pure inside clean, and the system generally toned up, but which you can't get in Nature's own way without abundant exercise and fresh air. You should have those salts every day; hence the importance of the "little daily dose". Every drug counter sells Kruschen in 25c, 45c and 75c bottles. It's the little daily dose that does it.

Fire On Highway Delayed Traffic

Tank Truck Blew Up And Burned Alberta Road Near Macleod

MACLEOD, Alta., May 31: (CP)—Traffic was held up on the Macleod Highway for a few hours when a tank truck blew up and burst into flames. So intense was the heat for

a time that cars attempting to pass would have been endangered. The driver of the truck, Thomas Gulligan, was severely burned about the hands. The truck was on the way from Turner Valley to Drumheller.

Orme Stuart, who has been taking a naval officers' training course at Esquimalt, is returning to the city on the Prince George tomorrow morning from the south.

BORROWING EXPERIENCES

Typical of the many ways in which the Bank is able to render assistance to customers is the following experience from our records.

the Bank, on furnishing satisfactory security that the loan would be paid.

That transaction was followed by the making of further loans and was the beginning of substantial profits for our customer. By his hard work, perseverance and sagacity, together with banking assistance, he not only drew wealth of more than a million dollars from his property, but stimulated prosperity throughout the whole mining district.

A prospecting miner took out his first car of ore practically with his own hands, from a property upon which he had an option to purchase. He was enabled to complete the purchase by borrowing from

MANY ARE IN FIELD

Saskatchewan Likely To Have Record Number of Candidates In Forthcoming Provincial Election

REGINA, May 31: (CP)—There are indications that there may be a record number of nominations in Saskatchewan's provincial general election. The previous record was 169 in the last general election. So far there are 123 candidates definitely in the field for the approaching contest not including Social Crediters, whose nomination list is being announced today, and further C. C. F. and Conservative candidates. Liberals have already nominated 53 candidates; C. C. F., 31; Conservatives, 26, and Independent Liberals, 13. Nominations close this Wednesday, the election to take place next Wednesday.

At least three women are candidates, two of them Co-operative Commonwealth Federation supporters who face prominent public men in their campaigns.

Mrs. Warner Strum, Windthorst Sask., housewife and past president of the Saskatchewan Homemakers' club, is opposing Hon. W. J. Patterson, Liberal premier, in Cannington riding.

Mrs. Gertrude Telford, housewife at Pelly, is the C. C. F. candidate opposing Hon. R. J. M. Parker minister of municipal affairs in the Patterson government, in Pelly constituency.

Miss C. E. Sheldon-Williams, Independent, prominent in Regina school circles for years, was the first candidate in the Regina constituency. She is one of nine persons contesting the two-member riding.

After teaching school in various parts of Saskatchewan, Miss Sheldon-Williams became connected with the department of education's provincial outpost correspondence school. She resigned this post in 1929. A Regina Collegiate Board Trustee for the past 16 years, Miss Sheldon-Williams is now a member of the Regina Public School Board.

Terrace Active In Building; General Improvements

TERRACE, May 31:—Building operations at the drug store now in progress will double the capacity of that useful institution. The telegraph office has been remodelled and now appears as a handsome red brick structure. The Canadian Legion Hall is being overhauled and painted. Kerr's light and power plant is now installed and street lights have appeared experimentally the past few nights. There are two commodious buildings at the plant. All of this shows that things in Terrace village are in a state of healthy activity.

There's a Good Reason You're Constipated!

When there's something wrong with you, the first rule is: get at the cause. If you are constipated, don't fiddle around with makeshift remedies. Find out what's giving you the trouble!

Chances are it's simple if you eat only what most people do: meat, bread, potatoes. It's likely you don't get enough "bulk." And "bulk" doesn't mean a lot of food. It's a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement.

If that fits you, your ticket is a crisp crunchy breakfast cereal—Kellogg's All-Bran. It contains the "bulk" you need plus the great intestinal tonic, vitamin B. Eat All-Bran every day, drink plenty of water, and just watch the old world grow bright! Made by Kellogg in London, Ont.

CLEAR CASE OF MURDER

So Say G Men In Levine Affair—Search Is Intensified

NEW YORK, May 31: (CP)—Federal Bureau of Investigation officers, immediately taking charge of the body of Peter Levine, found on a Long Island Sound shore, announced that it was a clear case of murder. The belief is that the boy, after being kidnapped, was bound up and thrown into the water.

It was feared from the outset of the tragic three months since he became missing that the boy had been kidnapped. A demand for \$60,000 ransom was made but it was never paid over. The boy's father had tried vainly to contact the abductors. All clues came to nothing.

A new and widespread search is now being taken up for the brutal slayers.

WHIFFLETS From The Waterfront

The United States Navy sub-chaser Eagle No. 57, on the way to Alaska, is due in port tomorrow for a one day stay. She will be the first of a number of United States naval vessels which are to visit Prince Rupert this summer.

Armour Salvage Co.'s service boat Pachena, Capt. Henry Hansen, returned to port last night from Pacofi, Queen Charlotte Islands, to which point it had taken the company's pile driver for use in connection with the construction of a new wharf for the B. C. Packers which commenced yesterday. The wharf is being built by the Armour Salvage Co. with Reg Green in charge. Remaining on the Islands in connection with the construction work at Pacofi and the dismantling of the old Alford Bay plant in Skidegate Inlet is the tug Daly, the Armour Salvage Co. having crews both at Pacofi and Alford Bay.

The B. C. Packers cannery tender Nishga from Sunnyside left at 5 o'clock this morning for the Queen Charlotte Islands, having on board the general manager of the company, J. M. Buchanan, who will visit Shannon Bay in Massett Inlet, where the company is to operate its cannery this year, and Pacofi, where a cannery and reduction plant is being established.

Union steamer Catala, Capt. James Findlay, arrived in port at 11:20 this morning from Stewart, Anyox and other northern points and sailed at 1:30 p.m. for Vancouver and waypoints.

Killed On Highway By Stray Bullet

Robert J. Glendenning of Coleman, Alberta, Loses His Life Under Mysterious Circumstances

FERNIE, May 31: (CP)—Crow's Nest Pass police officers are investigating the death Saturday night of Robert J. Glendenning who was mysteriously shot in the chest while he was engaged in repairing his car on the highway. The possibility of it having been a stray bullet fired by children playing with firearms is considered.

Amendments To Criminal Code

Mining Frauds and Reckless Driving Among Things Being Aimed At By Parliament

OTTAWA, May 31: (CP)—Amendment to the Criminal Code of Canada dealing with many matters including salting mines, slot machines and curbing of reckless driving were under consideration of Parliament yesterday.

Cancellation of licenses of drunk drivers would be made effective throughout the Dominion instead of in individual provinces as at present.

For salting mines there would be a prison sentence of two years and for operators who defrauded owners or the public up to five years could be imposed.

TEST PILOT

Adapted from the METRO-GOLDWYN-MAYER Picture by GERTRUDE GELBIN

SYNOPSIS: Jim Lane, test-pilot for the Drake Aviation Company, is a hero to everyone who knows him—including himself. His mechanic, Gunner Sloane, is his best friend. Jim takes a Drake plane on a Transcontinental flight to break the speed record. He develops engine trouble and is forced to land in a Kansas wheat field. A girl watches him land.

NOW READ CHAPTER TWO—BELOW

"Did you go to college, Mr. Lane?"

"Joe and I are going to be married."

"You're a nutty dame."

"What's this Ann stuff?"

As Jim (Clark Gable) crawls out of his plane, the girl runs up to him. He turns to flash her the old smile that gets 'em. "I broke the record so far," he grins, "but then I see you—and I can't get by. And goodbye record!" He expects her to be bewildered and dazzled. Instead, she laughs outright, then murmurs, "Why have you been so long? I've been waiting for you." Jim frowns as he realizes the dame's a wisecracker.

He thinks to put her in her place by telling her who he is, but she answers that he'd better come to the house and wash his face. She tells him she's Ann Barton (Myrna Loy), daughter of the farmer on whose field he's landed. Jim grins again—"a country girl, eh?" But, breakfasting with the family, he discovers Ann's been to college—that she's smart as a whistle—and that she has a sense of fun and humor as great as his own.

Jim phones Gunner Sloane (Spencer Tracy) to rush out to fix the plane so he can continue the flight. He and Ann spend the day together. He likes her because she is more down-to-earth than anybody he's ever known, except Gunner. Ann realizes that given half a chance she could love Jim to distraction. However, that evening, she introduces Jim to Joe (Ted Pearson), as the man to whom she's engaged to be married.

Gunner arrives "You saw a dame, so you landed," he jeers. He fixes the plane and departs. Jim sets out for New York. Ann watches him take off, her eyes filled with tears. She sees him fly a short distance, turn back and land. "I forgot something," he mutters. "You forgot me," she cries. He seizes her in his arms and kisses her. Together they set off in the plane.
