TO SEARCH FOR TIEGEN

Well Known Stewart Trapper and Prospector Now Considerably Overdue on Overland Hike

STEWART, Aug. 20: (Special to Daily News)—It is expected that a search will shortly be instituted for Matt Tiegen, well known trapper and prospector, who has been unreported for over a month after leaving Tiegen's Lake with the intention of hiking overland to Stewart. Tiegen has not been in town since he was taken by airplane to his trapline on Tiegen's Lake, seventy miles north of Stewart, in June 1937.

The Pacific Airways was under contract to send a plane in for Tiegen about June 10 of this year, but owing to an accident costing the life of Pilot Elliott, was not able to do so until June 23 when they brought out Jack Sutherland to the north of Tiegen Lake. Owing to the lake being frozen over the plane was not able to pick up Tiegen at that time.

Going back on July 23 with Sutherland and Bob Mathers to Echo Lake, to the north of Tiegen Lake, the plane landed at Tiegen's Lake only to find a note that he had left his cache on July 16 to walk to Stewart. His route to do so would be down the Bell-Irving River, with no trail across to head of Bowser Lake, entering the Coast Range over the American Creek divide or the Salmon River past the Big Missouri mine. He would have encountered high water. He should have made the trip in less than three weeks.

MANY DEAD IN BATTLE

Fighting in Holy Land Assuming Increasingly Serious Proportions

JERUSALEM, Aug. 20: (CP)—A fresh clash between Great Britain's Irish Guards and Scotsmen of the Black Watch and an Arab guerrilla band brought the casualty list for two days' conflict in Palestine to sixty-five dead and hundreds wounded.

Sixty Arabs are reported killed and five British soldiers as the hills of the Holy Land echo with rifle and machine gun fire. There is also fierce hand to hand fighting. Thirteen Britons and hundreds of Arabs have been wounded.

Clamp On Curfew British authorities clamped on a twenty-four hour curfew at Hebron today and pushed in troop reinforcements to battle hundreds of Arab terrorists who stormed into the town and looted important buildings.

The authorities also sent heavy reinforcements into terrorized northern sections trying to drive bands of Arabs into a pocket on the Syrian border. Arab casualties are still reported heavy.

Proposes Paper Mill In Jamaica

Would Utilize Waste Material and Provide Employment

KINGSTON, Jamaica, Aug. 20 (CP)—Establishment of a paper mill with the double purpose of utilizing waste material and providing employment has been suggested to the government by the Kingston and St. Andrew Corporation.

The suggestion was contained in a resolution passed by the corporation council. Utilization of banana trash, rags and cane waste was proposed. The waste would be turned into paper. The council considered enough material was available in the island for the manufacture of paper.

Perfect Boyhood Specimen

LONDON, Aug. 20: (CP)—Sir Leonard Hill, eminent British physiologist, has found what he declares to be a "perfect specimen of British boyhood." The boy is a nine-year-old youngster whose diet is entirely vegetarian. He takes a ten-mile walk every morning and his breakfast consists of a slice of pineapple. His luncheon and tea are similarly frugal consisting of vegetables and fruit.

Bulletins

INSURGENTS DRIVE ON HENDAYE — Insurgent dispatches today said that five thousand government militiamen had been captured and additional thousands killed as General Franco opened what apparently was a carefully planned general offensive.

IS ORDERED OUT

LONDON — Captain Thomas Kendrick, official of the British passport office, was ordered out of Germany today because of what an official German statement called "proof" of his conducting espionage. A Berlin announcement stating that the British ambassador had been requested to see that Captain Kendrick leaves Vienna at the soonest possible time coincided with a terse London confirmation that the passport had been released from German custody. Complaint had been made that he had been unduly active in issuance of visas for Germans out of Austria.

VANCOUVER DOCK FIRE

VANCOUVER—Fire of unknown origin swept two lumber-laden scows anchored off a flat near Ballantyne Pier late last night. The value of the lumber was estimated at \$10,000.

TEST CRICKET PLAY

LONDON—England scored 347 runs for the loss of only one wicket in the opening day of the fifth cricket test match with Australia. Leonard Hutton and Laurie Leyland created a new second wicket partnership record in piling up a huge score. Play will be resumed Monday in the match which will be to a finish. In the previous four games, two were drawn, Australia won one and one was called off on account of rain at Manchester.

AUSTRALIA WINS TENNIS

BROOKLINE, Mass. — Adrian Quist and Jack Bromwich of Australia won from Henrich Henkel and George Metaxa of Germany in the doubles of the Davis Cup inter-zone tennis play yesterday. This gave Australia the round, having won the opening singles the day previous. The score yesterday was 6-2, 6-1, 6-4. The two remaining singles are to be played today but they do not affect the result.

CHAMBERLAIN STIFFENS

LONDON—There is a definite stiffening in the attitude of Premier Chamberlain towards Italy over the question of assistance to insurgent Spain. Further representations are being made to Rome in protest against such aid.

Anglicans Aid Coast Mission

Assistance is Coming From all Parts Of Canada

VANCOUVER, Aug. 20: (CP)—Anglicans all over Canada are helping the Columbia Coast Mission establish chapels for isolated settlers along the British Columbia coast.

A Communion set from the Deanery of Lanark in the Diocese of Ottawa was among gifts received for a new chapel at Rock Bay, Vancouver Island logging town, where the Mission also has one of its three hospitals.

At nearby Whaletown, on Cortes Island, the Mission Church was repaired with funds donated by the Parish of St. James the Apostle, Montreal. Other gifts are being used in tiny churches scattered throughout the 2,000 square miles of territory served by the three mission ships.

LICENSE FEE CUT

This is Being Asked by Salmon Cannery Following Price Agreement

VICTORIA, Aug. 20: (CP)—Hon. George Pearson, minister of labor, announcing yesterday the agreement between British Columbia salmon cannery operators and fishermen on the same price for fish as last year, said that the cannery operators, due to short pack this year, that they stood to lose by the agreement. They were, therefore, requesting a reduction in license fees which would be placed before the government for consideration.

Production Of Turner Valley Being Boosted

EDMONTON, Aug. 20: (CP)—Increased production from the Turner Valley oil field is ordered by the Alberta fuel and petroleum board. The production is at present on a forty-eight per cent schedule. The increased production will be on a pro rata basis. Efforts will also be made to halt waste from the wells of the area.

INTENSELY INTERESTED

Central British Columbia intrigued by Croft Party Plans

VANCOUVER, Aug. 20: (CP)—J. G. Turgeon, M.P. for Cariboo, said today that Central British Columbia was intensely interested in the colonization proposals advocated by the Croft party in Prince Rupert.

Here After Touring Interior On Migration Project Study

COUNCILLOR R. L. DALGLEISH SIR HENRY PAGE CROFT

Following a tour of the central interior for the purpose of investigating the possibilities of a huge Empire settlement project somewhere in that area, Sir Henry Page Croft, C.M.G., M.P. for Bournemouth and chairman of the Empire Development and Settlement Research Committee, and Councillor R. S. Dalgleish, former Lord Mayor of Newcastle, arrived in the city this afternoon's train and will proceed to Vancouver on the steamer Prince Rupert this evening. They are accompanied by Brigadier General M. L. Hornby of Lethbridge, Alberta, father of the well known Hornby Plan for agricultural settlement, and Michael Croft, secretary. A dinner is being tendered the party by the Prince Rupert Chamber of Commerce during its stay.

"We have travelled in British Columbia from Kamloops to Hazelton," said Sir Henry. "In that area we have seen a new country possessing all the natural resources that any nation needs. Into this new land we hope by joint action of the British Canadian and British Columbia governments to cause a veritable river of immigration to flow from the Motherland."

The Croft expedition, accompanied by a cavalcade of automobiles from Smithers, arrived at Hazelton last night and came in here from there.

Brigadier General M. L. Hornby, whose efforts were responsible for the Prince George brief on immigration to the Rowell Commission, has been taken ill because of the strenuous week. He accompanied the party in to Prince Rupert and will be able to continue from here to Vancouver. He is suffering from an asthmatic condition.

MORTGAGE OF LABOR

Service Takes Men Needed by Industry and Agriculture

BERLIN, Aug. 20: (CP)—Owing to the increasingly large number of men that have been drafted into service, a shortage of labor for industrial and agricultural purposes has developed. Industrialists are finding it difficult to keep their plants open and farmers are unable to get help. Women are being pressed into service.

Mrs. Troup, Widow of Former Steamer Manager, Is Dead

VICTORIA, Aug. 20: (CP)—Mrs. W. Troup, widow of Capt. J. W. Troup, a former manager of the British Columbia Coast Steamship Service of the Canadian Pacific Railway, died here yesterday.

LONDON GOLD PRICE

LONDON, Aug. 20: (CP)—Bar gold was up 2c on the London metal market yesterday, closing at \$34.92 per fine ounce.

SILENT ABOUT WAR

SACKVILLE, N.B., Aug. 20: (CP)—Although anxious about the possibility of war, people in England do not make it a subject of conversation but characteristically keep their feelings to themselves. Dr. G. J. Trueman, president of Mount Allison University, said after his return from a visit to England.

Well Known Trader Dies

Herbert Henry Hall, Who Was Born in Port Simpson, Passes at Prince Albert

PRINCE ALBERT, August 20 (Canadian Press)—Herbert Henry Hall, one of the Northland's best known traders, died here yesterday as a result of injuries sustained last winter when he was thrown out of a dog team sleigh on to the ice of a northern lake. Delay in obtaining proper medical treatment for the injuries was held largely responsible for his dying. Born at Port Simpson, Hall held important positions in the service of the Hudson's Bay Co. in the Northwest Territories before going into the trading business for himself.

SUDETENS ASK MORE

Offer of Czechoslovakian Government is Held "Wholly Inadequate"

PRAHA, August 20 (Canadian Press)—The offer of the Czechoslovakian government to give certain political positions to the Sudeten minority was declared last night by Konrad Heinlein, Sudeten leader, to be "wholly inadequate". There is believed to be a possibility of more substantial concessions being made by the Czech government.

F. W. Guernsey of Vancouver arrived at Port Esington on the Cardena this morning on his way to his Northern Pyrites mining property on the Estall River.

COURTEOUS PEOPLE

Recently a train load of people from the state of Mississippi visited Prince Rupert for a few hours during which a few of them were extended slight courtesies. Since then four letters have been received by the editor of the Daily News thanking him for what had been done to make the visit pleasant. In one or two of these cases the courtesy was so slight that it is wonderful how the interested parties could have remembered them.

We are telling this just to note what a difference there is between people. The majority of people do not take the trouble to write. Many of us are so busy on return home that it seems almost impossible to acknowledge everything. That is what makes this case so outstanding. If these people wrote personal letters to all the places visited as they did here, it must have been a big job and in neither case was it a secretarial letter. All were personal letters.

DENIAL OF HUMAN FREEDOM

Dr. John Pitts, a prominent United Church clergyman, addressing the summer school for clergy at MacDonald College, warns the younger clergy against the totalitarian states. He charges that politics should be the science of good government but instead it had become a terrific instrument for the moral and social degradation of vast multitudes of men and women. He continued:

"We see this fact embodied in all its naked ugliness in the totalitarian state, that is, the state which claims the totality of man's being and seeks to exercise complete control over the opinion, utterances and activities of all individuals and groups within its borders.

"Both Communism, on the one hand, and Fascism and Nazism, on the other, constitute the denial of human freedom. Personality is shorn of its dignity and human beings are treated not as ends in themselves but as means to the ends determined by their political bosses.

"With the totalitarian state the Christian religion can make no terms and remain Christian. The Gospel insists upon both man's national freedom and what it calls 'the Deity of the sons of God.' Totalitarianism, whether Communism or Fascism, would destroy both and is therefore opposed to the Christian concept of personality."

Increase Margin of Leadership in American League to Ten Full Games

PHILADELPHIA, Aug. 26 (CP)—The New York Yankees increased their margin of leadership over the Cleveland Indians in the American League to ten full games yesterday. The Yanks defeated the Philadelphia Athletics here while the Indians lost to the Chicago White Sox.

The National League leadership of the Pittsburgh Pirates was trimmed to four and a half games by the New York Giants winning over the Phillies at the Polo Grounds. The Brooklyn Dodgers scored the only run of the game in the eleventh inning against the Boston Bees and the teams are now tied for leadership of the second division. Yesterday's Big League scores:

National League
Boston, 9; Brooklyn, 1 (eleven innings).
Philadelphia, 2; New York, 4.
American League

SCORING IN BASKETBALL

Jack Dunn, captain of the British ice skating team of the 1936 Olympics, died in Hollywood of leukemia, a rare disease caused by contact with rabbits. Dunn had been in Hollywood trying to make his way as an actor, and was on the verge of stardom when he died.

SPORT CHAT

The balance sheet of the British Empire Games held in Sydney, Australia, last February shows a deficit of \$30,400. The deficit will be met out of \$40,000 guaranteed by the Australian government.

Joe Louis entered the circle of challengers for the world's heavyweight title two years ago this week when he knocked out Jack Sharkey in three rounds at New York. The Detroit negro reached the top June 22, 1937, with an eight-round knockout over Champion Jimmy Braddock at Chicago.

Albert (Scotty) Campbell, Canadian amateur golf champion in 1932, retained the crown three years ago yesterday at Montreal. The 29-year-old Seattle shotmaker downed Canada's first-ranking amateur, Sandy Somerville of London, Ont., one up. Somerville became six-times champion in 1937.

Rogers Hornsby was sold to St. Louis in the National Baseball League by Denison, a minor-league club, for \$500, 23 years ago today. The Rajah played for New York Giants, managed Boston Red Sox and performed for Chicago until his return to the Cards in 1933. One of the games' greatest batters, he now manages Chattanooga, minor-league club.

Man in the Moon

Now that the color of the post office is settled it might be well to devote our attention to some pressing problem such as having our mails properly prezzed for Port Day.

What about a glass of port for Port Day?

I heard a story the other day which is appropriate to Port Day. The Librarian of that day, it seems, was worried over the fact that a number of books were objected to as being too racy for Prince Rupert young people to read. These had been kept under lock and key by the librarian for some time. When the number increased to such an extent that they became a nuisance, the problem of disposal was considered. Books do not burn well, and the janitor at that time was the preacher's son, and if the books were put in the stove and did not burn up the preacher's son might become contaminated by the racy literature. The final result was that the librarian hired a row boat, took the bundle into the middle of the harbor, tied a rock to it and sank it to the bottom.

No one need apply to find out the place where the interesting books were drowned. I do not know and if I did I would keep the librarian's secret.

Take Fish And Diamond Ring

Prince Edward Islander Finds Gem In Trout

CHARLOTTETOWN, August 20 (CP)—Preparing his catch of trout for supper after a successful fishing trip, Wilfrid Cullen of Charlottetown was amazed to find a diamond ring in one of the speckled beauties.

The ring was not in the stomach, but lodged just behind one of the gills. The fisherman had the ring valued and it proved to be the real thing. He is retaining it to see if the owner will turn up to claim it.

Quite often small gold nuggets have been found in the crops of poultry in Prince Edward Island but diamond studded trout eclipses even these stories. Cullen doesn't mind telling he caught the fish in Sherry's Creek, well-known fishing hole, because he has an idea his catch won't be repeated in a hurry.

Cancel License For Two Years

Drunk Driver is Severely Dealt With in Prince Edward Island

SUMMERSIDE, P.E.I., August 20 (CP)—Justice in the British Isles is noted the world over for its strictness and drastic enforcement especially in matters pertaining to reckless driving. Residents of this Prince county town believe the law is equally well enforced here.

A driver, who overturned his car while speeding around a turn in the business section and struck another car, was sentenced to 30 days in jail on a charge of driving while under the influence of liquor, and his license was cancelled for two years.

Engagement Is Made Known At Delightful Tea

A delightful engagement tea was held in the Oddfellows' Hall yesterday afternoon at which Mr. and Mrs. S. V. Cox announced the engagement of their daughter, Agnes Rose, to Daniel Healy of Nanaimo. The marriage will take place on October 7.

There were in the neighborhood of one hundred guests who were received by Mrs. Cox and Miss Rose Cox.

Mrs. J. W. McKinley, Mrs. J. R. Morison and Mrs. W. C. Aspinall presided at the urns and those serving were Mrs. Alex Barbe, Mrs. George Adams and the Misses Edna McLean, Jean McLean, Norma Smith, Maureen Kirkpatrick, Betty Barber and Margaret Smith.

The attractively appointed table was covered with an all-over lace cloth, and centered with flowers and tall pink tapers. A profusion of seasonable flowers added to the appearance of the hall.

During the afternoon there were songs by Miss Hilda Bond and Miss Barbara Teng, who were accompanied by Mrs. J. S. Black and Mrs. J. A. Teng respectively. Piano selections were rendered by Miss Jean McLean.

Dances Graceful In Better Times

Depression Brings Jittery Capers in Opinion of Expert on Steps

NEW YORK, Aug. 20: (CP)—The jitterbug is just a depression pest, according to Donald Grant, president of the Dancing Teachers Business Association. Discussing the effect of the economic situation on dancing trends, Grant asserted in an address here that "young people, disturbed by the uncertainty of their present economic position, have found in swing neurotic and erotic expressions of physical activity."

He predicted the return of good times would revive the suave, smooth, graceful dances which offer to young and mature people "greater spiritual and physical satisfaction."

The Cape Cod Capers, a group dance with smooth lateral glides, came in for a word of praise for its lack of hops and similarity to folk dances.

BEE'S INVADE FACTORY
SUMMERSIDE, P.E.I., Aug. 20: (CP)—Either there was a queen bee in the truck, or the bees mistook the truck for a queen. In either case, a large swarm of the honey-harvesters followed a truck belonging to a local concern from some distance out in the country right into the concern's factory here. Aid of a bee fancier was summoned and he gathered the swarm into a hive. Spectators watched from a polite or discreet distance.

ALCOHOLIC UPSET
DUNSTAFFNAGE, P.E.I., Aug. 20: (CP)—Add to the list of things which don't mix: liquor, flour, barbed wire and a truck. A truck driver here failed to turn when the road did and residents spent considerable time extricating the vehicle and part of its load of flour and barbed wire from the surrounding landscape. The driver was arrested and sentenced to seven days' imprisonment on a charge of operating a motor vehicle while intoxicated.

Timely Recipes

PLUM JELLY
4 cups (2 lbs.) juice
7 1/2 cups (3 1/4 lbs.) sugar
1/2 bottle fruit pectin
To prepare juice, crush thoroughly four pounds fully ripe fruit. Do not peel or pit. Add one cup water. Bring to a boil, cover, and simmer 10 minutes. Place in jelly cloth or bag; squeeze out juice. Measure sugar and juice into large saucepan and mix. Bring to a boil over hottest fire and at once add fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard 1/2 minute. Remove from fire, skim, pour quickly. Paraffin at once. Makes about 11 glasses (6 fluid ounces each).

Is Unaware Of Needle In Body

Newa Scotia Man Carrying One Around For Five Years and Didn't Know It

GLACE BAY, N. S., Aug. 20 (CP)—For five years or thereabouts, Mackey McEachern of Glace Bay carried around a sewing needle and didn't know it. It wasn't until an X-ray discovered the needle that he found the solution for the aches and pains that had been bothering him.

He had been treated for various ton from Scotland more than 125 disorders believed to have caused the pain, first noticeable in one of his shoulders and finally in his hip. An operation removed the needle

and now the aches and pains are over. He doesn't know how or exactly when the needle got in his system.

ACREAGE DOUBLED

FREDERICTON, Aug. 20 (CP)—Certification has been requested for about 15,000 acres of seed potatoes in New Brunswick. This acreage is twice as large as that last year. No serious disease infestation has been observed.

OLD HAND-MILL

BADDECK, N.S., Aug. 20 (CP)—A hand-mill brought to Cape Breton from Scotland more than 125 years ago, will be put in operation during the Victoria County exhibition August 11-13. Visitors will see grain ground as in the old days.

Waterfront Whiffs

Port Day Idea Takes Hold of Waterfront—Sockeye Season Comes to Close—Halibut Landings for Week

The idea of an annual Prince Rupert Port Day, happy innovation of the Junior Chamber of Commerce, has intrigued the interest of the local waterfront, as it quite properly might have been expected to do, and in that section of the community particularly the big marine doings of next week are being looked forward to with a good deal of enthusiastic anticipation.

It is the first time that such contests as will be engaged in have been staged here although they are not unique in other fishery ports. It is fitting enough that something like this should become a permanent institution in the port of Prince Rupert which owes its existence to a large extent to the pursuits of the sea and those who go down to the sea in ships. For the entire population of this city to make the waterfront the focal point of its active interest for at least one day a year is quite as it should be. Not only will it be a day of gala celebration on the water of the harbor and along the front but it should present the opportunity for many to learn a little more than they know at present of marine activity and to better acquaint themselves with the workers of the deep and their pursuits. There is every indication that Prince Rupert's first Port Day is going to prove such a success that it will be perpetuated henceforth from year to year. Arrangements are well in hand, everybody is behind it and, of the Weather Man will only do his part, it will, doubtless, be a real day of days.

The sockeye fishing season came to a close on the Skeena and Naas Rivers in Prince Rupert district last evening with the ending of fishing with 5/8 inch mesh gillnets. Seining is also closed in the same areas as well as on the north arm of Kitkatia Inlet. Gill-netting for cohoes with 3/4 inch mesh nets continues to be permissible, probably until well along into September. Salmor canneries, it is expected, will commence closing up for the year during the coming week following the ending of sockeye fishing, some, of course, remaining open to pack fall varieties. The gillnetters on the Skeena and Naas River made rather light and irregular catches of sockeye during the final week while pinks taken in sockeye nets were averaging seventy or eighty to the boat. Taken on the whole, the sockeye run this year, while by no means spectacular, was quite up to expectations. Pinks are making a very poor showing in the Massett Inlet seining areas on the Queen Charlotte Islands, the run being only about one-quarter of that of 1936 and, in fact, almost a failure. Reports from the trolling areas are of continued fairly good catches.

Halibut landings at the port of Prince Rupert for the 1938 season up to and including yesterday had reached a total of 9,494,050 pounds as compared with 10,130,250 pounds at a corresponding date last year. The Canadian total was 4,632,650 pounds in comparison with 5,418,250 pounds a year ago while American landings had reached an aggregate of 4,861,400 pounds as against last year's 4,512,000 pounds. Landings for the past week amounted to 352,500 pounds of which 24,000 pounds was from Canadian vessels and 268,500 pounds from American. Prices showed somewhat of a falling off again during the week. For Canadian fish the highest bid of the week was 8.5c and 5c received by the Balaida for 8,000 pounds and the low 7.5c and 5c which the Lois N. and Signal were paid for catches of 39,000 and 23,000 pounds respectively. The top bid of the week for American fish was 8.9c and 6c which the Coolidge was paid for 29,000 pounds and the low 7.5c and 6c which the Blanco received for 18,000 pounds.

Installation of a grist mill has been completed by the Prince Rupert Feed Co. at the Trotter Dock on the local waterfront.

Only one small halibut catch was landed at Seattle yesterday, this being 1500 pounds from the boat Flint. The halibut had been taken incidental to cod and sable fishing.

Announcement is made of the

sale of the Chase Fish Co. of Seattle to a company consisting of five employees. The name of the concern is being changed to Chase Fish Corporation.

Only seven vessels of the Junesean halibut fleet are still engaged in fishing following the recent closing down of Area No. 2 for the season. The Virian, Ina J. and Fremont are operating in Area No. 3 while four others are engaged in sable and cod fishing. The remainder of the Junesean fleet is now tied up.

The National Geographic Magazine, in its next issue, will have one of its characteristic illustrated articles dealing with Pacific Coast fishing. Halibut fishing will be prominently featured.

Union steamer Cardena, Capt. John Boden, arrived in port at 11:45 this morning from the south and sailed about an hour later on her return to Vancouver and waypoints. The vessel had on board a large number of round trip passengers.

There were no halibut landings here today. The Lancing American, and Oldfield Canadian, were in with black cod.

C. P. R. steamer Princess Alice, Capt. William Thomson, is due in port at 3:30 this afternoon from Skegway and other Alaska points and will sail at 5 p.m. for Vancouver. The vessel has on board a capacity list of tourist passengers returning south.

Model Yacht Race

The model yacht race to be held Sunday afternoon in the Prince Rupert Harbor will begin from opposite the Royal Naval Volunteer Reserve and finishing at approximately the same place. At number three buoy the umpire will be C. V. Eviitt in the Confidence, assisted by Dave Borland and W. Elkins. At number four buoy will be the Aledor, Dr. L. W. Kergin, assisted by Alex McRae and Walter Hume. General course supervisor will be William Smith and Max Assemisen. J. S. Wilson will be the starter. Captain J. R. Effert is in general charge of the whole proceedings. In charge of signals and instruments will be Chief Petty Officer Instructor Bird. The Talisman owned by A. J. Croxford will be skippered by Murdo McKenzie and George Howe. This afternoon most of the boats will be given final overhaul in the harbor by their owners and skippers. Following the conclusion of the race the David Todd trophy will be presented to the winner who will hold it for a year.

Exploring Shark Fishing Grounds

Germans Propose To Use Floating Fertilizer Plant

KINGSTON, Jamaica, August 20 (CP)—The German steamship Aquator was in Kingston harbor on a tour of the Caribbean sea, exploring the shark fishing possibilities off Central America and the West Indies.

The vessel is manned by a crew of 25, including two scientists who have had experience in shark fishing in the North Atlantic. The expedition is being undertaken as a commercial venture, the vessel proposing to catch sharks and other types of fish from which fertilizer could be manufactured on board.

The ship is fully equipped with machinery and equipment for catching sharks, also a fertilizer factory, oil factory and other appliances for carrying through the manufacturing processes. Tests will be made at the various shark fishing centres in the Caribbean and the best-suited area will be selected for permanent activities.

WARM, COOL, HOT

HALIFAX, Aug. 20: (CP)—Two residents of this city, finding the weather rather warm, decided to take a dip in the North West Arm of the harbor. While they were cooling off, their automobile was getting hot. They returned to find the vehicle a mass of flames and a total loss.

NEARING A CENTURY

WILLIAMSTOWN, Australia, August 20 (CP)—In her 96th race in less than four years, Lady Koorringal won the Point Cap Handicap by five lengths.

When Australia joined the rest of the British Empire in celebrating the birthday of King George one of the features of the celebration was this parade of tanks through the streets of Melbourne. The idea was to give Australians an idea of how motorized defence forces have progressed since the world war.
