YEAH! FRIENDLY External Relations Loomed Large For Canada in 1937 (By Thomas Wayling) OTTAWA, Jan. 10.—The past year has been "External Relations" year for Canada, the Dominion having participated in more imperial and foreign affairs than is normal. Canadian statesmen, officials and Canadians generally have been overseas to a greater extent than for many years, not even excepting 1936 with its great Vimy Pilgrimage.

New Principal Of McGill Has Assumed Post MONTREAL, January 10: (CP)—Dr. Lewis William Douglas, 43-year old former director of the United States budget, at the week-end assumed the principalship of McGill University in succession to E. A. Morgan, resigned. Douglas was welcomed to McGill by Lord Tweedsmuir and Chancellor Sir Edward Beatty.

HOPES ARE ABANDONED Missing United States Navy Plane Believed Lost at Sea SAN DIEGO, Jan. 10.—Hope has been abandoned for a United States naval bombing plane, with seven men on board, which has been missing since early last week on a coast patrol flight from here. A widespread search has failed to reveal any trace of the machine which is now believed to have crashed at sea.

HIS HOME DESTROYED William Dimsdale of Glacier Gulch Loses All Belongings SMITHERS, Jan. 10.—Fire destroyed the cabin occupied by William Dimsdale at the camp of the Lake Kathryn Anthracite Coal Syndicate at Glacier Gulch about five miles from town at one o'clock last Thursday.

Weather Forecast General Synopsis—Pressure remains high off the Queen Charlotte Islands but comparatively low over the interior. Showers have occurred on the coast and light snowfalls over the interior.

Other nations showed their friendly interest in Canada by strengthening their relations with the Dominion. Germany sent a Minister to Canada but, as Canada has not yet sent a Minister to Germany, the new incumbent only has the status of a Consul-General in Canada although he is a Minister-plenipotentiary in the records at Berlin.

Japan and France sent new ministers to replace diplomats transferred to other spheres and China has recently sent a new Consul-General. The Dominion now receives ministers from the United States, France, Belgium and Japan. There is also the British High Commissioner from the United Kingdom.

OTTAWA ACTION

Nickerson Thinks Prince Rupert Will Soon Be a Real Ocean Port Speaking Friday night at the annual meeting of the Prince Rupert Chamber of Commerce, G. W. Nickerson recounted some of the work that had been done and expressed confidence that, at this session of Parliament, action would be taken which would place Prince Rupert really on the map as an ocean port.

W. R. McAfee urged all to get behind the various movements and work in the interests of the city. H. F. Pullen spoke briefly on the work of the Peace River committee. D. C. McRae, for the radio committee, said that the reception situation had become unbearable. He thought they should get more assistance from the government in view of the amount paid here in licenses.

Rich North China Port Abandoned Without Offering Of Resistance

Battle Over Lunghai Railway Now Looms—British Protest Ill-Treatment of Policemen—Tokyo Considers Campaign TSINGTAO, January 10: (CP)—The Japanese Navy occupied this rich North China port today without firing a shot. Landing parties of Japanese marines marched in without meeting the slightest opposition. The Japanese posted patrols and began lowering white flags which, in accordance with previous Japanese demands, had been hoisted on Flagstaff Hill and public buildings in token of surrender.

BRING OUT FINE GOLD

Nuggets Exhibited from Unuk Property by Operators Passing South From Ketchikan Walter Blanton and George King of Ketchikan were in the city for several hours Saturday when the Northland was in port and were showing a nice lot of gold nuggets which they had panned from ground in the Unuk River district. They represent the Unuk Placers Ltd. and hold under lease five miles of frontage on Mitchell Creek tributary to Sulphurets Creek.

Three years ago these men went in there and spent their time in general exploration. The next year they drilled part of the ground and this past year they have been testing thoroughly with open cuts and pits, about nine men working all season. From the dirt taken from the operations they panned eight ounces of coarse gold nuggets valued at from one to five dollars each.

They report that on Sulphurets Creek sulphide was mixed with the sand and, in the testing places, it was associated with heavy granular pyrites with an average gold value of six dollars to the ton. The ground was tested on both banks of the creek from 30 to 100 feet wide and with a length of 600 feet and gold was found all over this area. Up to the present the sum of \$26,000 has been expended in testing and the plan of the present owners is to turn the ground over to an operating company. The Unuk field is one of the newest in British Columbia. The British Columbia government has been assisting by opening up trails. The Alaska government has built a good tractor road from the boundary toward the mouth of the river to the head of navigation on the river, spending \$75,000 in all up to the present. The past year the sum spent was \$40,000. It is planned to continue the work right to the mouth of the river, a total distance of 24 miles. The work done on the Canadian side is not so good but has been helpful. The Consolidated is also operating on the south fork of the river, theirs being a lode property. The Premier and two other outfits have also been operating in the headwaters area.

In Conference With British

Former Premier of Belgium In Commission for Government LONDON, January 10: (CP)—Former Premier Paul van Zeeland of Belgium was in conference at the week-end with Premier Neville Chamberlain and other government officials. Van Zeeland was recently engaged by the British government to make a survey of prospects for settlement of international problems. He is reported to have been won over to the belief that settlement of international political differences must prelude a settlement of economic and financial problems. His report to the British government is expected to be made in about two weeks.

ZOLA

The Capitol Theatre is showing a picture of the life and work of Emile Zola, the great French novelist who is best known for having brought about the liberation of Captain Dreyfus who had been wrongfully imprisoned at Devil's Island.

Zola was a man who lifted himself from life in the slums of Paris to a position of leading novelist in the country and, incidentally, accumulated millions. Curiously enough, he had done this while fighting in behalf of the downtrodden and oppressed in his own country. Then he became interested in the case of Captain Dreyfus, a Jew, who had been falsely accused of supplying military secrets to rival countries. Zola investigated the case thoroughly and then wrote "J'Accuse," one of the most terrible denunciations ever published in which he attacked the army high command and the government of the day.

Zola was accused of criminal libel, brought to trial and convicted, escaped to England and continued his campaign from there. He continued his exposures of those in high position and eventually Dreyfus was liberated from the living hell of Devil's Island. Then Zola returned in triumph to France but he never met the man whose cause he had espoused.

"Zola" is the story of a genius who believed the life of a man he did not know to be more important than his own reputation or even his liberty. He fought for the liberty of his own country from the taint of corruption in high places. It is the story of valor which admits of no defeat, a battle for justice. It is a timely story coming at a time when the world is filled with subterfuge and double dealing.

BATTLE AT TEREUL

Evidently it must have been a terrible conflict that was fought in Spain when the loyalists recaptured Tereul from the insurgent rebels. Again and again the insurgents reported publicly that they had won the battle and that the city was still in their hands and this report was broadcast to the people of Germany and Italy and surrounding countries. The strongest forces obtainable on each side seem to have been assembled and the fight is still proceeding but, in the meantime, the city is in the hands of the government.

Smithers Curling Gets Under Way.

Ham and Egg Bumpies Start Despite Soft Ice Conditions

SMITHERS, Jan. 9.—The "Ham and Egg" bumpies got away to a good start here on Thursday evening when the first two games in the "Ham and Egg" bumpies were played with the Simpson and Downey rinks playing on No. 1 ice and the Stephens and E. Davidson rinks playing on No. 2 ice. The Simpson team had no difficulty winning its first game but Stephens just managed to nose out Bob Davidson in a game that was close all the way through.

On Friday night the rink skipped by Dr. R. C. Bainford won over Frank Johnson's rink while George Wall took Stan Noodle's team into camp by a big score. The Newbery rink won over the team skipped by L. G. Calder and R. C. Mutch's contractors beat the Bill Duff rink.

Owing to the softening of the ice, the two last games were played with difficulty. The weather had softened to such an extent that rain was falling outside and the ice, softened in the using, became heavy and spoiled the finish of the game.

HOT GAME OF HOCKEY

Elks Stage Eleventh Hour Rally to Defeat Native Sons

SMITHERS, Jan. 10.—One of the best games of hockey played in Smithers in a long time was put on for the benefit of the spectators and lined the boards and hurried for their fingers when the Native Sons and the Elks tangled Thursday evening, the final score being 6 to 4 in favor of the Antlers Herd.

The Sons had been unbeaten so far this season and the Elks did not intend to let them get any further away from them in the race for honors in the Town League. The ice was keen, the weather mild and the crowd was enthusiastic, all of which laid the foundation for a good game when the teams took the ice.

The Native Sons took possession of the game right at the start and had the best of the play in the first period leaving the ice at the first intermission with the score 2 to 0 in their favor.

The second period was very fast with the Sons continuing to hold their lead and get the best of the breaks and, when the second period was over, the score was 4 to 0 in their favor and the fans were about ready to concede the game.

The third period opened as a fiasco with the Elks fighting hard to catch up. The Natives were out-lucked every time they got around the opposite goal and the goal tender, Wilfrid Abel, was performing some wonderful feats in turning back shots that were being fired at him.

With only six minutes left to play in the last period the score still stood 4 to 1 against them and then the Elks started things going. They scored two goals in short order and were bidding fair to tie the score when defense man Herb Leach was sent off the ice with a penalty.

Nothing daunted the fast going kid from line of the Elks—Dunlop, Simpson and McIntyre—put on a wonderful display and tied the score 4 to 4 while still a man short. Things began to get a little rough and, with the Elks pounding the Sons' goal again, their star center man, Simpson, was yanked out of the game with a penalty. Nothing, however, could stop the "Thundering Herd" and again they whipped in two more goals in quick succession to make the score 6 to 4 in their favor.

The Sons brought every man forward in the last two minutes of play and there were eleven men all battling within a few feet of the goal mouth. Goal-tender Lewis was busier than a one-armed paper hanger and was stopping shots from all angles. Most of the time there was a pile-up of half a dozen men in front of the goal with the goal tender at the bottom of the heap but the defense succeeded in keeping out the puck.

The final score of 6 to 4 in favor of the Elks was highly popular with the fans as it tightens up the race between the Sons and the Elks and gives the young lads of the Elk team who are playing their first year in the first company a great deal of encouragement. The Legion team has been dogged with hard luck since the beginning of the season and has yet to score its first win. They hope to shake their first jinx on Sunday afternoon when they meet the Native Sons again.

The boys are all travelling very fast and showing a great brand of hockey.

NOT LEAVING RUPERT

Editor, Daily News:
It has been brought to my at-
tention that statements have been
made in Prince Rupert to the ef-
fect that I am going to live in
Victoria and am leaving Prince
Rupert. You have my authority
for saying that I have no thought
whatever of leaving my northern
home nor retiring from my prac-
tice of law there.

I am having another session
with the director of the Interna-
tional Fisheries Commission some-
time within the next week over
our proposed recommendations for
the ensuing year after which I
shall leave at once for home.

I may say that the much vaun-
ted Victoria weather has been any-
thing but good while I have been
here. For the last month we have
had an average of less than one
sunny day out of five. I think
Prince Rupert can boast of weath-
er equal to that.

NOT WILLIAM LEASK

Daily News:
It appeared in the Daily News
of January 7 that William Leask
of Stewart will serve a term of
three months imprisonment for
selling liquor. William Leask
wishes to make it clear that he is
not the William Leask involved in
this case.

WILLIAM LEASK,
Metlakatla.

(Note: The item referred to
stated that the convicted man be-
longed to Stewart—Ed.)

PLAY THE GAME

Sir:
I would like to draw to your at-
tention and to the people of Prince
Rupert, seeing we have Christmas
and New Year over and that some
of us were fortunate to have a
good time and others were not
what was done by the local Chi-
nese storekeepers and restaurants
I take my hat off to them. They
made happy homes for a day or
two and put a brighter look on
children's faces when they saw
that Christmas dinner which in
these times the parents could not
afford to give them.

What a shame and disgrace in
our so-called Christian civilized
world that Canada should be send-
ing war material to Japan to mow
down peaceful Chinese and their

little loved ones, our friends. It is
up to us all, if we have any prin-
ciples left, to boycott Japan and
put an end to this slaughter of
the human race. Make the world
a home of pleasure and happiness
and content. But don't be a double
crosser as some are. They will take
all the good things in life that
John Chinaman will give them
and then buy Japanese goods just
the same.

Thanking you for your valuable
space. I remain, yours for a better
world.

ROBERT KYDD.

WHIFFLETS

From the Waterfront

With a fair-sized list of passen-
gers, Union steamer Catala, Capt.
John Muir, arrived in port at 8:30
last evening from the south and
sailed at 10 p.m. for Stewart.
Anxox and other northern points
whence she will return here tomor-
row southbound. Purser A. H. Ro-
binson has returned to his regular
duties on the Catala after being
ashore in Vancouver for vacation
during which time he was relieved
by H. A. Hughes.

ANGLICAN GIRLS

ELECT OFFICERS

A meeting of the Senior Girls'
branch of the Woman's Auxillary
of St. Andrew's Cathedral was held
at the home of Mrs. G. J. Dawes,
superintendent, during the course
of which officers were elected for
the ensuing year as follows:
President, Edith Smith.
Vice-President, Doreen East-
ment.
Secretary, Norma Smith.
Treasurer, Edna McLean.
Membership Committee—Matilda
Larson.

After the meeting, delicious re-
freshments were served by the
hostess and a social evening was
enjoyed by all.

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the
Morning Rarin' to go

The liver should pour out two pounds of
liquid bile into your bowels daily. If this bile
is not flowing freely, your food doesn't digest.
It just decays in the bowels. Gas builds up
your stomach. You get constipated. Harmful
poisons go into the body, and you feel sour,
sick and the world looks pink.
A mere bowel movement doesn't always get
at the cause. You need something that works
on the liver as well. It takes three good, old
Carter's Little Liver Pills to get these two
pounds of bile flowing freely and make you
feel "up and up". Harmless and gentle, they
make the bile flow freely. They do the work
of a laxative but have no calomel or mercury in
them. Ask for Carter's Little Liver Pills by
name! Stubbornly refuse anything else. 25c.
