## TO BUILD NEW MILL

Work To Be Started Almost Immediately on Porcher Island Mine, Head of Company Announces

Arriving this morning on the Princess Alice from Vancouver enroute to Porcher Island to visit the property, C. P. Riel, president and managing director of the Reward Mining Co., announced the company's decision to proceed immediately with the construction of a new and up-to-date fifty-ton mill to replace the one which several weeks ago was destroyed by fire. Within the course of the next ten days, construction of the mill will be started and mining on the property resumed. The new mill will cost about \$50,000 and the property, when it gets into production again, will employ some fifty men. There is estimated to be enough ore for fifteen years' operation.

The site of the new mill, Mr. Riel announced, would be on the Edy Pass property at sea level instead of up the hill on the Surf Point property as was the last one. Mr. Riel is proceeding by boat this afternoon to Porcher Island to finally check up on the site. He will be accompanied by R. McX. Fraser, a well known mining engineer and vice-president of the company, who is arriving on this afternoon's train from Omineca country where he has a mining operation.

Resignation of Alex. Smith as manager of the Porcher Island property is announced. Mr. Smith is leaving for the East to take up geological postgraduate work.

Other directors of Reward are S. W. Taylor, secretary, George S. Elridge, J. McInnis and M. Ryan.

## Weather Forecast

(Furnished through the courtesy of the Dominion Meteorological Bureau at Victoria and Prince Rupert. This forecast is compiled from observations taken at 5 a.m. today and covers the 36 hour period ending 5 p.m. tomorrow)

General Synopsis—The pressure is comparatively high on the north coast and the temperature is somewhat lower over the interior.

West Coast of Vancouver Island—Moderate north to northwest winds, fair and moderately warm.

Prince Rupert and Queen Charlotte Islands—Moderate winds, mostly fair and quite warm.

## BULLETINS

**HOLY LAND TERRORISM**  
HAIFA—A bomb killed thirty-nine Arabs and wounded fifty in the latest Palestine terrorism today.

**BIG INSURGENT DRIVE**  
HENDAYE—A swift insurgent drive has given the rebels more than 3000 square miles of new territory with population of about 400,000 and twenty-three important towns in Estremadura Province. The government defence of Valencia is weakened.

**MANY ACCIDENTS**  
TORONTO—Twenty-six persons were killed during week-end accidents throughout Canada, the heaviest week-end toll of the year. Nine died in Quebec and Ontario, three in British Columbia, two in Alberta and Nova Scotia and one in Manitoba.

**AUSTRALIA WINS CRICKET**  
LEEDS — Australia won the fourth test cricket match today, defeating England by five wickets. English batsmen fell disastressously before Australian spin bowlers on the wicket. Scores were: England, 223 and 123; Australia, 242 and 107 for five.

**HORRIBLE TRAGEDY**  
BOGOTA, Colombia—A death toll of fifty was fixed today after a stunting plane plowed into the centre of a crowd of 50,000 during a military review Saturday. Victims' heads were severed by propellers and many were burned to death by burning gasoline spray.

**CRISIS IS SETTLED**  
TOKYO—Settlement of the Siberia-Manchukuo border crisis, which threatened a serious rupture between Japan and Soviet Russia, has been reached, according to unofficial reports circulated here yesterday. The Tokyo Asahi said it "understood" that a Russian radio broadcast from Moscow had declared that a "virtual settlement" of the dispute over occupation of a fortified hill on the border near Changkufeng, already had been reached.

## SPAT ON HENLEIN

Free For All Rioting in Bohemian Watering Place

FRAZENBAD, Czechoslovakia July 25.—Free-for-all rioting broke out yesterday at this Bohemian watering resort when a young Jew spat upon Konrad Henlein as the "Czechoslovakian Hitler" roared through the street in an automobile. Deputy Anton Wollner, Henlein's Bohemian leader in parliament, jumped from the car and collared the Jewish youth, holding him until police arrived.

## CONFERENCE OF LABOR

Experts To Confer With Employees and Employers at Couchiching

LAKE COUCHICHING, Ont., July 25.—(CP)—Discussion of Canadian labor problems and a four-day conference of employers, employees and government officials will feature the seventh annual session of the Canadian Institute of Economics and Politics at Lake Couchiching August 6-19.

Under the chairmanship of Prof. J. Finkelman, of the University of Toronto department of administrative and industrial law, distinguished Canadian businessmen will discuss with trade union officials and authorities in economics and business such subjects as: the committee for industrial organization, the American Federation of Labor, national unions, Catholic employers to trade union organizations. The labor discussions begin August 12.

What Britain is doing in the problem of labor and unions will be discussed by Sir Francis L. C. Flood, high commissioner for the United Kingdom. A distinguished leader in labor relationships who will attend the sessions is Phillip Murray, chairman of the Steel Workers' Committee, Pittsburg, Canadian labor men present will include A. R. Mosher, president of the All-Canadian Congress of Labor, and John Bruce, Toronto leader.

Others expected in the institute's discussions include Hon. J. G. Taggart, minister of agriculture for Saskatchewan, and Dr. Hans Simons, former director of the Deutsche Hochschule for Politik in Berlin and a member of the graduate faculty of the New School of Social Research, New York.

Among the subjects to be discussed in the four days when labor problems will come to the fore are: legal status and right to organize of trade unions in Canada; present forms of trade union organization; relations of government to trade unions and labor questions; what can be learned from British and American experience.

R. E. G. Davis, secretary of the committee sponsoring the institute said prospects were for a successful conference.

## Falling Of Wind Has Relieved Situation On Vancouver Island Now

Towns of Courtenay and Cumberland Are Believed Out Of Danger — Outbreaks at Terrace and Hazelton Are Reported

H.M.S. YORK STANDING BY  
COURTENAY, July 25.—(CP)—H.M.S. York arrived at Comox Sunday from Prince Rupert and Alaska to assist the Canadian destroyers St. Laurent and Fraser which are standing by to help the fighters of the Vancouver Island forest fires which remained tranquil over the week-end because of lack of wind. The huge blaze, covering 100,000 acres, would, however, threaten half a dozen settlements if a northwesterly wind came up. These towns include Bevan, in the most precarious position, Courtenay, Cumberland and Campbell River.

VANCOUVER, July 25.—Smoke-blackened men scattered through the great forests of the Vancouver Island, lower mainland and Pacific Northwest appeared last night to be winning their fight against the worst series of forest fires in more than twenty years. Progress in the battles against the blazes, most of them due to exceptionally low humidity, was reported on all fronts. Higher humidity and a drop in the velocity of prevailing winds aided the fighters in the woods of British Columbia, Oregon, Washington and Northern California.

## HOME WAS DESTROYED

Residence of R. L. Gale At Smithers Consumed By Flames Yesterday

SMITHERS, July 25.—(Special to Daily News)—The home of R. L. Gale was totally destroyed by fire at three o'clock Sunday morning together with all the contents and personal belongings of the family.

Mr. Gale and one son were asleep in the house when the fire started, the rest of the family being in camp at Lake Kathlyn.

Fire had a good start when discovered and nothing could be done to save anything.

Mr. Gale drove into town for the fire department which was quickly on the scene but could only direct its efforts to the saving of the home of Angus McLean very close by which suffered no damage. The loss is a severe one to the Gale family as many articles were lost which cannot be replaced.

Forest fires have broken out in the Terrace and Hazelton districts, the local Forest Branch office was advised over the week-end. They have not reached serious proportions, as yet, it is understood. Crews of thirty or forty men are being organized in each case. With the weather hot and dry, the forest fire hazard is now very high throughout the interior and special precautions against outbreak are being urged.

The Terrace fire has started on the high ground about four miles north of town. Crews of men have been organized by Forest Ranger Cooper and the boys at the forestry camp in Lakelse Valley were brought in to battle the blaze early Saturday morning with around thirty willing workers on the fire-fighting job with good prospects of getting it under control, the wind having died away.

## Flood Threat In State of Texas

Heavy Rains Cause Rivers to Swell — Two Dead, 13 Missing

SAN SABA, Texas, July 25.—Heavy rains are threatening one of the worst floods in the history of southwestern Texas over a danger area 100 miles long and 50 miles wide with rivers at record high levels. Four persons have already drowned with 13 more being missing.

An army of doctors and nurses took measures yesterday to prevent outbreaks of disease among the 1,000 persons made homeless by the San Saba River flood. The river had receded but city water supplies were cut off and health authorities were taking no chances of an epidemic starting. More than 1,100 persons already have been inoculated with typhoid serum. Flood damage is already estimated at well over \$1,000,000.

## Still Endeavour To Settle Dispute

Hope of Ending Sudeten Crisis In Czechoslovakia

LONDON, July 25.—Prime Minister Chamberlain is disclosed authoritatively to have given the German ambassador certain assurances of continued British efforts for solution of the Sudeten German dispute in Czechoslovakia.

J. C. Brady, district engineer for the provincial department of public works, sailed this morning on the Princess Alice for a trip to the Telegraph Creek district on official duties.

## ROOSEVELT AT EQUATOR

Ceremonies in Connection With President's Cruising Taking Place Today

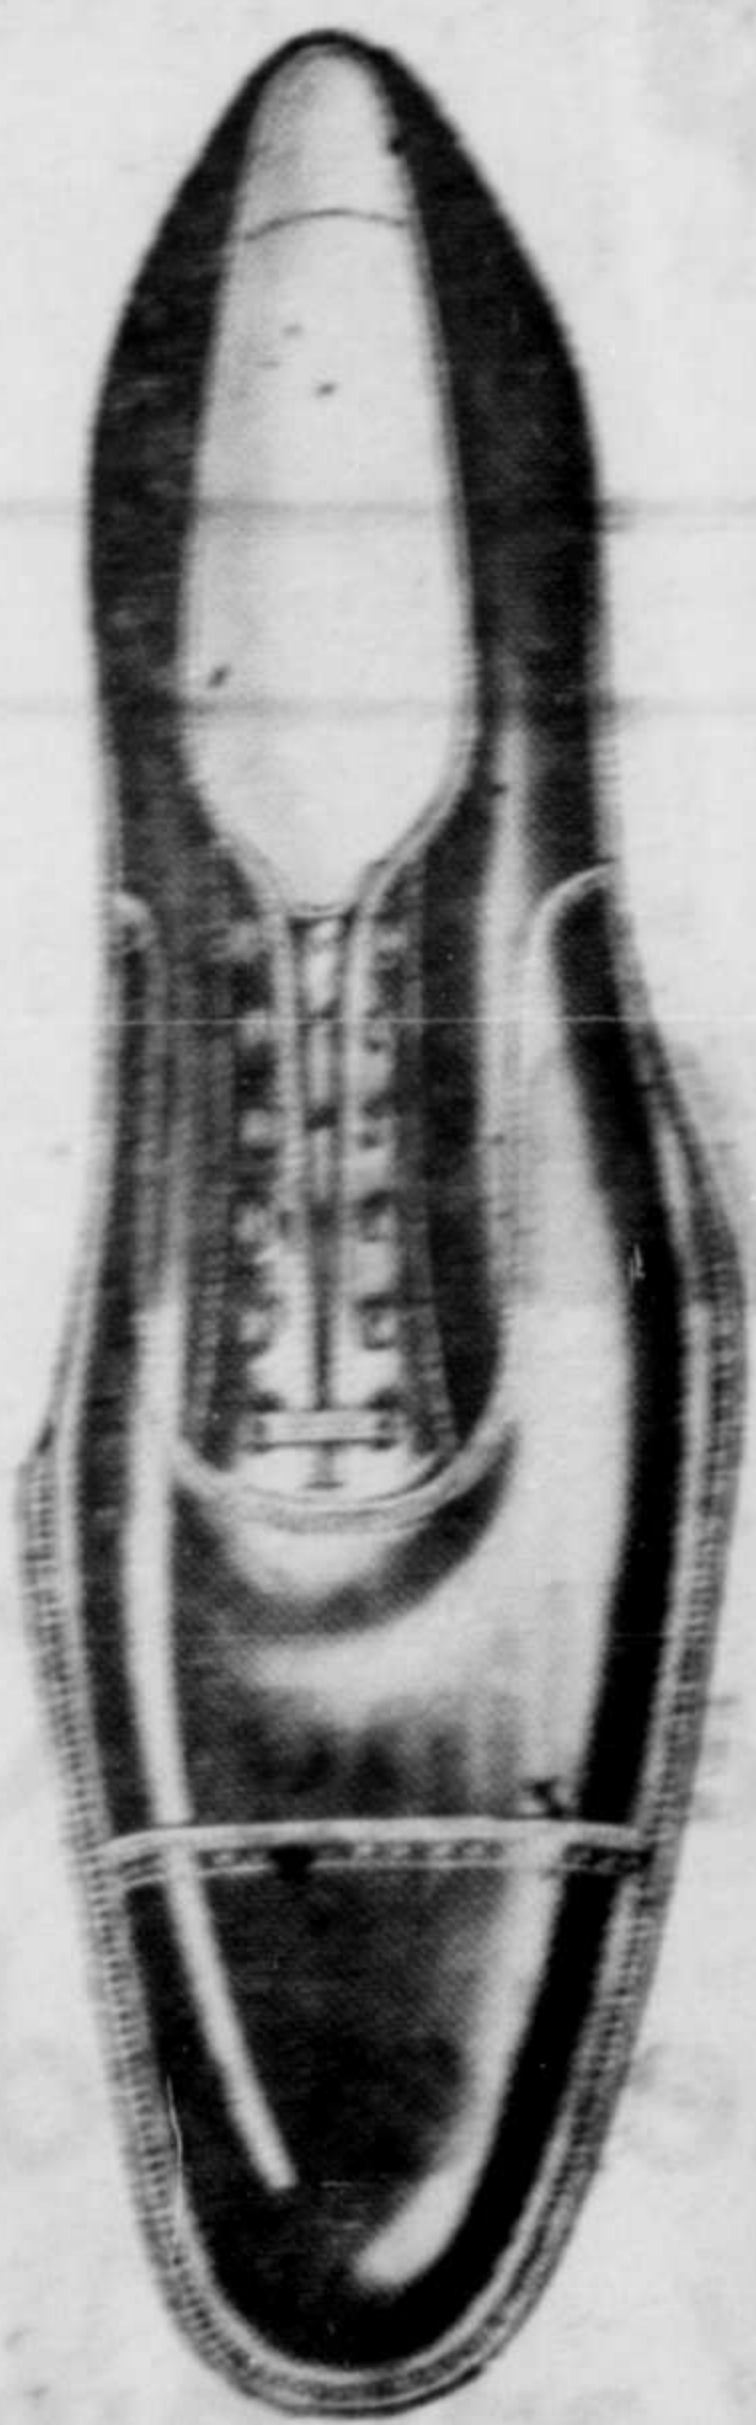

ABOARD THE U.S.S. HOUSTON, Enroute to Cocos Island, July 25.—President Franklin D. Roosevelt and his party crossed the Equator yesterday and anchored in Sullivan Bay off St. James Island in the Gallapagos group, completing the longest unbroken leg of the President's vacation cruise in Pacific waters. Because it was Sunday, the ceremonies marking the crossing of the Equator were postponed until today when the Houston will go north of the line and then recross it in order to get to Albermarle Island.

### GOOD COMES FROM WAR

At least a small amount of good comes from war. Two instances have recently come to notice. One is that tear gas is valuable as a weed killer, it having been noticed in war that where tear gas was used weeds disappeared. The result is that tear gas is being used to kill weeds on bowling greens or putting greens. The second is that canned heat attracts and kills slugs. It is said that, when soldiers had bivouacked and used canned heat for cooking, it was found that there was a freedom from slugs in the neighborhood afterwards. As a result of this discovery canned heat is being mixed with bran and used as bait for slugs and is very effective. So it is plain that war affects our supply of slugs in Prince Rupert.

### PULP COMPETITION

The exhibit seen in the car brought here by the Mississippi tour party at the week end indicates that the danger of competition in pulp to be expected from the Southern United States may not be so great as has been stated; Canadian mills will survive and there will also be room for a large mill at Prince Rupert. Exhibits on the car showed twelve years growth of the southern pine. It does not seem to be much greater than the growth of some of the British Columbia timber. Much of the pulp manufactured in that state is used for manufacture of building material such as insulating board and kitchen and bathroom finishes. There will not be much for us to worry about in the way of southern competition. The use of paper products is increasing every day.

### DUTY ON HALIBUT

Now that there is in preparation a new trade treaty with the United States it is to be hoped that the duty on halibut entering the States will be removed altogether. At present the fish are all caught in the same waters, sold at the same port, shipped over the same railway but the Canadian fisherman gets a cent a pound less than the American because of the one cent duty charge on it. This duty is a source of constant irritation and, if it can be removed, it would be found that Canadians would be much more inclined to co-operate with the United States in other matters.

## MANY ARE ENROLLED

Over Three Hundred Children Benefitting From Gyro Playground Work

The total registration at the four Gyro parks to date is 308 and during the past week the total attendance figures at the four grounds and the Gyro Ball Park amounted to 1247.

For the coming week an amateur hour is planned for Friday evening in the gymnasium building. There is to be no going, no first, seconds, or thirds but it will serve only as an evening of entertainment for the children provided by themselves.

During this week also physical efficiency tests for boys will be practiced on the grounds—running, jumping, softball throw, hop step and jump, chinning and push-ups. This will be practiced as last year with a record kept of each individual's daily progress and, at the end of the season, the interplay-ground physical efficiency championship will be determined.

Classes are still being held at McClymont Park for children who wish to learn swimming. The classes now commence at 2:00 p.m. instead of 3:00 and are held on Tuesdays and Fridays. Also on the same days at 2:30 swimming and life saving will be held at Morse Creek, rain or shine. On Sunday fifty-three children travelled to the Salt Lakes in the Gyro boat and twenty-six of these took the life saving class. In the future the transportation to the lakes will be only for those who are to be enrolled in the life saving class.

To date eleven league games in soft ball and basketball have been played off with Acropolis in the lead for soft ball and Westview ahead in the basketball portion. The following league games are to be played off this week:

#### Softball.

Monday—Westview vs. McClymont, senior boys.  
Tuesday—McClymont vs. Westview, intermediate boys.  
Wednesday—Acropolis vs. Westview, senior boys.  
Thursday—Westview vs. McClymont, intermediate boys.

#### Basketball.

Monday—Seal Cove vs. Acropolis, senior boys.  
Wednesday—Westview vs. Acropolis, senior girls.  
Wednesday—Seal Cove vs. McClymont, senior boys.  
The softball games are to be played at the Gyro Ball Park. The basketball games are to be played at Exhibition Building.

### NOTED SWIMMER DIES

SYDNEY, Aust., July 25: (CP)—Richard (Dick) Cavill, 54, first swimmer to cover 100 yards in less than 60 seconds, died here. His father swam the English Channel from Calais to Dover.

### TOOK WRONG CUE

SOUTH PETHERINGTON, England, July 25: (CP)—Mistaking a radio announcer's "yes" for a call from his batting partner, a Weymouth cricketer was run out when he bolted down the pitch after playing the ball. His puzzled partner stood still.

## STAMFORD IS WINNER

Takes Prince Rupert Club's Title After Gruelling Contest With G. J. Norrington

In a gruelling three hour contest, W. L. Stamford defeated G. J. Norrington yesterday 5-7, 4-3, 6-4, 6-2, 6-4 to win the men's single of the Prince Rupert Tennis Club's championship tournament.

### SPORT CHAT

Big Bill Tilden was reinstated at Paris as a member of the United States Davis Cup team 10 years ago today by the United States Lawn Tennis Association after French tennis officials pleaded with the American ambassador. He had allegedly violated amateur rules. France won the challenge round, 4-1, Tilden trimming Rene Lacoste but bowing to Henri Cochet for his first straight-set defeat in nine years of Davis Cup tennis.

School is out and that means plenty of time for 16-year-old Mary Jane Fisher of Toronto to brush up on shot-making that already has stamped her as one of Ontario's best women golfers although she has competed in only a handful of tournaments. Mary Jane, a husky blond, created quite a stir last month by reaching the semi-finals in the Ontario Women's Golf championships in her first try. She lost to the eventual winner, Mrs. E. H. Gooderham of Toronto. The Toronto girl, who celebrated her sixteenth birthday this month, took up the game five years ago. She intends to enter the Canadian tournament this year at Ottawa.

New Hospitals For Far North

Roman Catholic Church Active In This Field in Northwest

EMONTON, July 25: (CP) — Hospital accommodation in the far- flung North West Territories is be- ing increased this year.

Bishop Gabriel Breynat, grey- haired vicar apostolic of the Mac- kenzie and head of three-score Ob- late missions in the far north, an- nounced the construction of three new hospitals with total capacity of eighty beds.

Construction of two of the hospi- tals—at Fort Resolution and Fort Norman—is already underway and material has been shipped for start of construction on the third at Fort Rae.

The Fort Resolution hospital will have twenty beds, the Fort Rae forty and the Fort Norman twenty. Fort Resolution and Fort Rae will be operated by Catholic mis- sionaries and the one at Fort Norman by the Anglican Church.

Bishop Breynat—"the flying bish- op of the Arctic," is now on a tour as far north as Aklavik, on the of missions throughout the North West Territories. It will take him as far north as Aklavik on the shores of the Arctic Ocean. When he returns he will start eastward by train and sail from Quebec, Aug. 13 to attend the convention of the Oblate Fathers.

VANCOUVER MAN DIES

John Maxwell, Who Was Head Plasterer on Federal Building, Passes Away

James Maxwell, who came to Prince Rupert two weeks ago to take charge of the plastering of the new federal building here for the contractor, E. C. McDougall of Vancouver, and had to be admitted to the Prince Rupert General Hospital the day after his arrival for an emergency operation, died at 7:15 Saturday evening. He was a native of Glasgow, fifty-two years of age and is survived by a widow and daughter in Vancouver. He had been in the province about twenty-five years and was well known in his trade.

The remains will be forwarded this afternoon on the steamer Prince George to Vancouver for burial.

BIRTH RATE INCREASED

New Soviet Laws Increase Prob- lems—Four Months Off For Mothers

MOSCOW, July 25: (CP)—Soviet women are having so many child- ren since abortions were made il- legal and divorce became difficult that mother and child welfare is a major social problem. Births in Moscow more than doubled in 1937 over 1936. The registrations were 135,846, compared with 71,073.

The social problem of the So- viet child is realized more fully when one is reminded Soviet wo- men work. That is part of their equal rights with men. In Mos- cow one sees women subway dig- gers in overall at lunchtime in the centre of the city. Street sweeping, mail deliveries and garbage collection are woman's work. Millions of women work beside the men in factories and on farms.

Since Soviet women are preven- ed by law from avoiding childbirth factories, mines, mills and collec- tive farms must provide for the maternity period. Care of the expect- ant mothers figures largely in the Soviet industrial plans. The mater- nity vacation begins two months before birth and ends two months after. In the Stalin automobile plant, 2,384 women became mothers in 1937.

Hospitals, nurseries and kinder- gartens are provided by the moth- ers' employers, which is the gov- ernment. There are 20,300 nurseries and 4,175 mother and child wel- fare centres. Nursing mothers work only six hours a day, taking time out every three hours to nurse their babies.

The emphasis on rearing child- ren to provide the government with tollers and soldiers has caused some anxiety in the rising gen- eration of Soviet womanhood as revealed in letters some time ago to Communist youth newspapers.

Young women wrote they were divided on the question of trying to fit children into their work. Others inclined to the rearing of children. The birth rate indicates that biological laws settled the question for many.

James Killas sails this afternoon on the Prince George for Vanco- uver enroute to the Anahim Lake country in from Williams Lake where he will pay a visit to his Mountain Boss mining property. Mr. Killas will be accompanied from Vancouver by a geologist who will make an examination. Already extensive development work has been carried out on this promising gold property including the driving of a 250-foot tunnel.

CHINATOWN IS MODEL

Less Crime Than In Other Parts Of Gotham One Authority Declares

NEW YORK, July 25: (CP) — New York's Chinatown, long de- picted in movies and mystery thrill- ers as a dark, sinister district of skulking shadows and flashing knives, is in reality the most crime- free section of the metropolitan area.

Court records show the oriental population of New York have the lowest percentage of juvenile delin- quency of any racial or sectional group in the city.

Recently a legislative committee went into Chinatown to confer with Chinese elders and learn the secret. And this is what they heard from W. H. Pyn, Chinese interpreter in the courts, who could only recall three minor offenses by his coun- trymen within the previous six months:

"The Chinese child is taught rever- ence for his parents. Whenever a boy or girl is guilty of misconduct in public it is a disgrace not only to himself or herself but to the family. And the Chinese family is pretty big. We are 45,000,000 bro- thers. Here if some Chinese boy committed the most minute crime the whole community would know of it and he would be losing face. Among the young the most severe punishment is to lose face. Chinese children are not punished physically."

In the course of other remarks Mr. Pyn said divorce was almost unknown among the Chinese com- munity.

Entertaining Double Bill Program At Capitol Theatre At First Of Week

A bright British comedy romance "Storm in a Teacup" comes as the feature offering to the screen of the Capitol Theatre here at the first of this week. Based on a Scottish satire and introducing a new romantic pair in the persons of Vivien Leigh and Rex Harrison, there is fast and furious fun, culminating in an hilarious climax where a crowd of mischievous dogs of all shapes, sizes and breeds take part in a novel sequence. Miss Leigh plays the part of the pretty daughter of an egotistical provost while

Harrison is a humanitarian newspaper reporter who jabs his pen into a hornet's nest. The cause of all the trouble is a small dog whose mistress has not the wherewithal to pay his licence. The whole town and almost the whole nation become interested in the case.

A love masquerade, with Maureen O'Sullivan and Dennis O'Keefe, forms a constant source of comedy, trials and tribulations in "Hold That Kiss," a laugh-filled drama of smart society, which is the other end of the first of the week double bill. Mickey Rooney, George Barbier, Jessie Ralph, Frank Albertson and Edward S. Brophy are other important members of the cast.

PRESTON, Eng., July 25: (CP)—Jimmy Walsh, Chester, British lightweight champion, knocked out Jim Cameron, Glasgow, in 80 seconds in a scheduled 10-round bout here.

M. M. Stephens Back in Port—Capt. Griffiths Here With Sueja—Many Tourist Boats In.

M. M. Stephens did not suffer any serious physical injury in the recent incident when he lost the work boat Annie McKay in Hecate Straits after the vessel broke down while being delivered to Queen Charlotte City for delivery to Frank Gale who had purchased it. After having spent a few days off Banks Island in the hope that salvage of the Annie McKay might have been effected, Mr. Stephens returned to port last week with his other boat, Vera S. Frye, which picked him up after it had become necessary to abandon the Annie McKay.

With 227 passengers, consisting largely of round trip tourists returning south, C. P. R. steamer Princess Charlotte, Capt. William Palmer, was in port from 3:30 to 5 o'clock Saturday afternoon bound from Skagway to Vancouver. Only one passenger disembarked here. The tourists included the Buchanan Boys party of Detroit returning south after making the round trip to Skagway.

Making his annual cruise to Alaska aboard his well known yacht Sueja III, Capt. James Griffiths of Seattle arrived in port at 6:30 Saturday night, leaving this morning for Stewart. After Stewart, Ketchikan and Petersburg in Alaska will be visited. Capt. Griffiths' party includes Mrs. Griffiths; Capt. A. J. Hailey, former commander of the trans-Pacific liner Empress of Canada, and Mrs. Hailey and daughter, Miss Daphne Hailey, and Mr. and Mrs. Stanley of San Diego. The Sueja III tied up during her stay here at the floats of the Armour Salvage Co.

With a capacity list of 328 passengers on board, C. N. R. steamer Prince Robert, Capt. H. E. Nedden arrived in port at 10:30 yesterday morning from Skagway. Sitka and other Alaska points and sailed at 4 p.m. for Vancouver.

C. N. R. steamer Prince John, Capt. David Birss, is now on her way back to Vancouver after a freighting voyage north as far as Shannon Bay cannery in Massett Inlet.

Prince Rupert was not the only port on the coast which had heavy halibut landings last week. At Seattle the landings for the week were just short of the million pound mark, aggregating 986,800 pounds. The largest purchaser was San Juan which took 335,000 pounds, more than twice as much as the next heaviest buyer. On Saturday five boats landed a total of 97,500 pounds as follows: Portlock, 36,000 pounds, Whiz, 7½c and 7¼c; Rosaria, 15,000, Sebastian 7½c and 7¼c; Merit, 12,500, Washington, 8c and 7c; Argo, 18,000, Booth, 8c and 7¼c; Al Jr., 16,000, McCallum, 7¾c and 7¼c. The Lane landed 20,000 pounds of sablefish and 1,000 pounds of lingcod to Washington, all at 3¾c per pound.

Unusually late owing to heavy freight handlings for waypoints.

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk.  
A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes these good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. Etc.
