Seaport On South Coast Is Bombarded By Nipponese Navy

Force Landed After Metropolis Had Been Set Afire By Gunnery From Ships and Planes—British Destroyer Is Standing By

SHANGHAI, May 10: (CP)—The Japanese Navy today launched an expedition against Amoy, chief port of the southern coastal province of Fukien. Dispatches said that Japanese naval forces had landed after there had been heavy bombardments by twelve warships off shore and relays of bombing planes. The invaders came to grips immediately with the Chinese garrison. Part of the city is reported to be in flames and there has been heavy loss of life, it is feared.

A British destroyer is reported standing by in readiness to take on board British nationals.

Railwayman Of Montreal Wins

A McLennan Wrote Best Essay On "Freight Claim Prevention"

MONTREAL, May 10:—With an essay entitled "Freight Claim Prevention" G. A. McLennan, clerk in the office of the fruit foreman, Canadian National Railways, Montreal, won the competition sponsored by the Canadian Railway Club. The competition, open to anyone in transportation service in Canada below the rank of chief clerk, has been held annually since 1924. This year 42 papers were submitted from all parts of the Dominion. Mr. McLennan's achievement brings the third award in the past four years to Canadian National employees. One of the other two was a Montrealer and one a man in Edmonton.

Mr. McLennan read his paper last night at the final meeting of the Railway Club for the season in the Windsor Hotel. More than 500 attended and presentation of the prize was made by W. S. Emery, president of the club.

GRAIN SHIP IS IN PORT

Norwegian Motorship Taranger Arrives Here To Load For United Kingdom-Continent

The Norwegian motorship Taranger, here to load a full cargo of some 3800 tons of grain from the Alberta Wheat Pool's local elevator for delivery to United Kingdom or Continent, arrived in port at 2 o'clock this afternoon from Seattle. The vessel tied up immediately at the elevator where loading may start this afternoon. She should be ready to sail by Wednesday night.

FORTY-HOUR WEEK ASKED

MONTREAL, May 10: (CP)—A forty-hour week for shop workers throughout the Canadian National Railways is asked by the Canadian National Protective Board.

JAPS TO USE GAS

Dr. Wellington Koo Asks League of Nations to Forestall This—Appeals for Intervention

GENEVA, May 10.—Dr. Wellington Koo, Chinese delegate, asked the League of Nations council today to take action to forestall the Japanese from using poison gas on the southern Shantung Province front. It was expected momentarily that the Japanese would resort to this, Dr. Koo said. Dr. Koo also asked the League to take a hand against the ruthless carnage of civilian populations such as the Japanese were engaging in through bombardment of cities. The whole Japanese campaign, Dr. Koo asserted, was an act of aggression in violation of all League principles.

SUCHOW IS OBJECTIVE

Japanese Now Driving on Central China Nerve Centre From Different Angle

SHANGHAI, May 10: (CP)—Stalled in desperate and costly efforts to reach Suchow from the north, the Japanese last night reported rapid progress in two secondary thrusts from the south towards that nerve centre of the central Chinese battle area. Japanese dispatches declared that two columns had captured Mencheng, 85 miles southwest of Suchow, after a desperate battle.

PRESIDENT FISHERS IS DENIED

United States House Gives "Pump Priming" Funds To Committee Rather Than Chief Executive

WASHINGTON, D. C., May 10:—The House of Representatives has approved the administration "pump priming" program but decided that the funds made available should go to the relief committee for disposal rather than to the President. The return of President Roosevelt to Washington yesterday following his fishing trip to the Gulf of Mexico was followed by a speeding up of the legislative mill. After five minutes' debate, the Senate approved the \$5,000,000,000 tax bill and the House of Representatives is also expected to give speedy action on it.

REID VOTED DOWN AGAIN

New Westminster Member's Case For Lower Freight Rates Fails

OTTAWA, May 10: (CP)—The House of Commons at the weekend again tossed out the bill of Tom Reid, Liberal member for New Westminster, calling for lower freight rates from the prairies to the Pacific Coast. Mr. Reid's bill was supported by J. H. Blackmore, Social Credit leader from Alberta, who declared that Alberta farmers were suffering from excessive freight rates.

REPORT OF COMMISSION

Turgeon Recommends Development of Co-operatives and Continuation of Futures Trading

OTTAWA, May 10: (CP)—Development of producers' co-operative societies for wheat marketing combined with continuance of the futures trading system on the Winnipeg exchange are key recommendations in the report of Mr. Justice Turgeon on grain and grain marketing which was tabled in the House of Commons yesterday afternoon by Hon. W. D. Euler, minister of trade and commerce. The report said that a compulsory government board was impractical and that the present wheat board should be continued because of uncertain world factors.

BIG CHURCH UNION PLAN

Thirty-Two Denominations Represented at Meeting in Netherlands

UTRECHT, The Netherlands, May 10.—Over fifty church leaders from twenty countries and representing thirty-two faiths are gathered in conference here with the aim of forming a world union of Protestant churches. Delegates include Rev. Dr. G. G. Pidgeon of the United Church of Canada and Rev. R. A. Hiltz, representing the Anglicans. The German Evangelical Church is not represented.

Many Unemployed In United States

Total For March Was 11,000,000, Largest Number Since 1935, A. F. of L. Figures Show

NEW YORK, May 10:—Statistics of the American Federation of Labor show that there were 11,000,000 unemployed in the United States in the month of March, the highest number for that month since 1935. There was a lessening of the number in April.

Seventy-Two Miners Are Known Dead As Roaring Blasts Wreck Markham Colliery, Derbyshire

BUCKMANTON, Derbyshire, England, May 10: (CP)—Seventy-two miners were killed, forty-nine are known to be injured and a number of others are entombed in wrecked workings today after two violent gas explosions in the Markham coal mine. It was one of the most terrible mine disasters England has ever known. Sobbing women gathered around the pithead as the dead and injured were brought to the surface. Scenes were particularly grievous at the little mortuary where wives and relatives sought to identify bodies marked by yellow tags. One woman, Mrs. J. W. Grainger, found that four members of her family were still in the blasted workings, their fate undetermined. Two roaring blasts reverberated through the huge coal mine as the night shift was preparing to emerge. Doctors and nurses displayed courage under difficult conditions in ministering to the injured. One physician, Dr. J. B. Mackay, was overcome by gas while working over a victim and was removed from the pit to hospital. Forty-one of the men still left in the mine have perished, it is feared. There were 160 miners in the pit at the time of the explosion. It is the second time in two years that here has been a disaster in this mine but today's is by far the most serious. In January last year nine men lost their lives.

FLYING PACIFIC

Plans For Air Service From Canada To New Zealand In British House

LONDON, May 10: (CP)—The government announced in the House of Commons today that it was considering the establishment of an air service across the Pacific Ocean from Canada to New Zealand. Negotiations are already under way with the Dominions concerned and also with the United States over the ownership of certain Pacific islands along the proposed route. Lieut. Col. A. J. Muirhead, Under Secretary for Air, announced. Muirhead said that preliminary surveys were being made on a number of Pacific islands which might be suitable air bases.

INTERIOR HAS FIRES

Sawmill and Residents East of Prince George Have Close Call

According to word received at Canadian National Railways divisional offices here, mill and residences at Sinclair Mills, 55 miles east of Prince George, were for a time on Sunday menaced by a raging forest fire. Fortunately, the fire was brought under control before it had done any damage to the property. There is also a forest fire in green timber and slashing on the south side of Decker Lake across from the railway line. Forest Branch officials have the fire in hand, it is reported.

Train Service To Be About Same As It Was Last Year

Providing five passenger trains a week in and out, the summer time table on the local line of the Canadian National Railways this year is expected to be similar to that of last year. Last year trains left here for the East Mondays, Tuesdays, Wednesdays and Fridays at 6 p.m. as well as at 11 a.m. Fridays. Incoming trains from the East last year were at 2:30 Monday and Saturday afternoons and at nights Sunday, Tuesday and Thursday. The expectation is that the summer train schedule will go into effect the latter part of June.

DOMINION HOUSING FAILS

So far as the average man can see the only reason that Prince Rupert and other of the smaller cities cannot get loans under the Federal Housing Scheme is because the loan companies are afraid to take a chance on loaning in these places. The Dominion government assumes a portion of the loss, if there is any, but the mortgage companies refuse to do anything.

If the loan companies will not loan for house building with the protection of the federal government behind them, we suggest it is time the government found some other method of meeting the situation. The opinion of the members of Parliament, judging from the spokesmen, is that the scheme should be extended and, possibly, the rate of interest reduced. At any rate the money should be made available all over the country outside of the big cities. Until this is done the scheme may be looked upon as a failure. It fails at the crucial point. In fact it discriminates between the people who wish to own their homes in the large cities and those who would do the same in the smaller cities.

NORTHERN ROAD SYSTEM

The Financial News editorially suggests that Japan will have had enough of war to last a long time and that there is no immediate danger from her. If she cannot defeat unarmed China, how could she expect to defeat United States?

This opinion was given in advocating the building of the Alaska Highway and the editorial writer also urges that some day Northern British Columbia must have a road system. The future greatness of British Columbia depends upon the development of the northern half of the province. The only problem that the paper sees is whether the province can get the money at a rate of interest which it can afford to pay.

INCREASE SALE OF EGGS

Poultry raisers are trying to start a campaign for the purpose of increasing the consumption of eggs. They are asking the minister of agriculture to procure an advertising appropriation for the purpose of advertising the use of eggs throughout the country. The slogan is to be "Develop the Home Market." The industry is said to be worth a hundred million dollars a year and is capable of great extension. We hope the poultrymen succeed in their efforts.

May we suggest that one way of inducing poultry raising in Prince Rupert would be to give a better rate on feed grain from the prairies. The local rate for grain is much higher than the export rate. If the poultrymen could get the export rate they could compete with the prairie egg-producers.

CLEVELAND IS BEATEN

Indians Drop Into Tie With Second Place New York Yankees In American League

BOSTON, May 10: (CP)—For the first time this season, the Cleveland Indians are not in exclusive possession of first place in the American League. The Boston Red Sox pounded them for a 15 to 3 defeat yesterday, it being the Red Sox fourth straight victory. The Indians, as a result, slipped into a tie with the second place New York Yankees whose game with Chicago White Sox at Yankee Stadium was rained out. The slugging of the Red Sox included home runs by Jimmy Foxx in the sixth and seventh innings and a circuit clout by Joe Cronin in the fifth.

The 7 to 1 victory of the Washington Senators over the St. Louis Browns was the Senators' sixth straight win and the seventh straight loss of the Browns. The Senators are now but half a game from the league leadership with the Red Sox, in turn, only half a game behind them.

Boston Bees took a ten-inning 7 to 5 victory over Pittsburgh Pirates in the National League to move into sixth place ahead of the Brooklyn Dodgers who were losing 9 to 7 to the St. Louis Cardinals.

Yesterday's Big League scores:

MONDAY
American League
 Chicago at New York, postponed on account of rain.
 St. Louis 1, Washington 7.
 Detroit at Philadelphia, postponed rain.
 Cleveland 3, Boston 15.

National League
 Boston 7, Pittsburgh 5.
 Philadelphia 4, Cincinnati 9.
 New York at Chicago, postponed cold.
 Brooklyn 7, St. Louis 9.

Big League standings for the season to date:

Jap Exports Of Canned Crab To World Increase

TOKYO, May 10.—Japanese exports of canned crab during 1937 totaling 363,036 cases, reflected a gain of 37,944 cases, or 11.6 per cent compared with the 1936, but were about 30,000 cases below exports compared with 1935. The expansion in Japan's canned crab exports during 1937 was due to larger shipments to the United States, which received 205,115 cases during the year, an advance of 50,883 cases, or 23 per cent and accounted for 56.5 per cent of the total trade compared with 47.3 per cent during 1936. Great Britain was Japan's second most important market for canned crab.

ROOSEVELT FRIENDLY

United States President Urges Need of Better International Relationships

WASHINGTON, May 10: (CP)—Renewed efforts to improve international understanding and relationships were urged yesterday by President Franklin D. Roosevelt on his return from a holiday cruise to Guli waters. The United States, declared the chief executive, was pledged to international economic co-operation. By this he was believed to be alluding to reciprocal tariff arrangements with various nations.

"No nation can enjoy prosperity when a great part of the world is suffering privation," declared Mr. Roosevelt.

SOME FACTS ON PAPERS

British People Are Confirmed Readers—Few, if Any, Are Without Their Papers

LONDON, May 10.—Every family in Britain buys on an average more than ten newspapers in each week. This is one of a large number of facts brought out in a comprehensive report on the British press that has been issued by Political and Economic Planning, an organization in London working through expert committees which investigate social questions of all kinds.

The British public, one learns, gives first place to the picture page. Accidents come second, while third place is taken by the leader page including as it often does special articles or comic items.

In 1935, it appears, the press stood twelfth among British industries in size. It circulated 19,000,000 copies daily. It gave employment to 80,000 workers.

A newspaper that is sold for a penny costs on the average three halfpence to produce and distribute. The publisher gets back only two-thirds of a penny from the purchaser and has to make up the balance of the cost from the advertisements. The chief costs are the paper and the ink—which between them absorb from 35 to 40 per cent of the total outlay.

Censor Bonfires In South Africa

Clean-up of Bookshops Finds 176 Publications Food for Flames

CAPE TOWN, May 10 (CP)—Customs authorities in Cape Town have been busy making bonfires of hundreds of books and imported periodicals among 176 publications which have been banned in South Africa under new stringent censorship regulations. Acting on the secret report of Col. H. F. Trew, who was appointed last year to investigate literature entering the Union, R. Stuttaford, minister of the interior, has exercised his power of applying an all-embracing censorship on publications including books by Balzac and Rabelais and various detective and other magazines.

"It seems that a good deal of light reading which is sold everywhere else in the world will be unobtainable in South Africa," a leading Cape Town bookseller said in an interview.

As well as the formidable list already compiled, the minister has empowered the censor board to stop many other periodicals entering the Union. It is stated that in many cases it is not the written matter that is responsible for the action taken but the advertisements and cover illustrations.

Government Has Lost Six Fights

Won But One of Seven By-Elections In Britain Since October

Inspector John A. Fraser, provincial police, who has been seriously ill, continues to make a very satisfactory recovery and is now able to take short walks about the house. Shortly he expects to be able to leave for the south, accompanied by Mrs. Fraser.

LONDON, May 10: (CP)—Since last October there have been seven by-elections in Great Britain and the National government has lost all but one of them. Four of the seven seats had been previously held by government supporters.

Ill-Health Charge Withdrawn (Before Mr. Justice Kruschen)

JUDGE: All the evidence proves conclusively that this unhappy woman has been consistently neglecting her health. In this Court preventable illness is treated as a crime. Ignorance of the remedy cannot be accepted as an excuse. Kruschen is sold by all drug stores. Kruschen is—
PRISONER: (Excitedly, undoing her handbag) I have a bottle with me now, sir!
(Sensation in Court.)
JUDGE: A bottle of what? Pass it up to me, please.
(The Judge examined the bottle and handed it on to the jury.)
JUDGE: (continuing) This is an amazing development. We have here an unopened bottle of Kruschen. (Turning to the Prisoner): When did you buy it?
PRISONER: This morning, my lord. I intended to take it with my coffee tomorrow and every day. I thought it might put me right.
JUDGE: Prisoner, your timely good sense has earned you your acquittal. You will leave this Court without a stain on your character. (At this juncture there was an outburst of clapping, which was rapidly suppressed.) You have yourself done precisely what I should have ordered you to do; you have adopted a good remedy for your present affliction, a splendid precaution against a recurrence of it. I am very glad. I have one word of advice to add: do not, on any account, miss the little daily dose of Kruschen—and then, indeed, you will be the happy possessor of good health for less than 1c a day.
PRISONER: Thank you, my lord. I shall never forget what you say.

KRUSCHEN SALTS

relieve constipation and rheumatism
Kruschen is a combination of several mineral salts which your body must get, in some way, to keep the blood pure, the inside clean, and the system generally toned up, but which you can't get in Nature's own way without abundant exercise and fresh air. You should have those salts every day; hence the importance of the "little daily dose". Every drug counter sells Kruschen in 25c, 45c and 75c bottles. It's the little daily dose that does it.

NURSES ARE GRADUATED

Ceremonies in Connection With Completion of Their Courses by Six Students Are Impressive

Before a large and interested congregation, graduation exercises for six student nurses who complete their three-year courses this year at the Prince Rupert General Hospital training school for nurses were held last night in First Presbyterian Church followed by a reception in the Oddfellows' Hall. The graduates are the Misses Elizabeth L. Cameron, Ida Kathleen Giraud, Elizabeth S. McCubbin, Mary A. Molloy, Lillian A. Moss and Margaret A. Pallant. The class is the final one that will be graduated from the local training school for the time being at least since no new students have been admitted during the last couple of years.

The graduation ceremonies last night were of the usual impressive nature. The church had been attractively decorated for the occasion, the chancel with spring flowers and foliage. After the lady superintendent, Miss Jean Harrison R.N., the president of the board and others who were to take part in the ceremonies had taken their places, the members of the nursing staff passed up the aisle to their seats followed by the six graduates who, in their new white uniforms and each carrying beautiful bouquets, were greeted with the applause of the congregation. Mrs. E. J. Smith presided at the organ.

Very Rev. James B. Gibson, dean of St. Andrew's Anglican Cathedral, gave the opening prayer after which there were brief remarks by G. P. Tinker, the president of the board, who spoke appreciatively of the interest which was manifested by such a large turn-out and, on behalf of the hospital association and board, expressed best wishes to the new graduates.

Address to Graduates
 The address to the graduating class was given by Arthur Sutton, principal of King Edward High School whose discourse was appropriate and befitting the occasion. "The profession which you have entered," said Mr. Sutton, "presents a great challenge. Are you ready to meet it?" The profession of nursing was a comparatively young one, continued the speaker, but it already had its high traditions built up by the high standard of its personnel. It was a calling that required much of those who entered it. Personality and character were essential. Mr. Sutton emphasized the desirability of democratic service especially in nursing. The nurse must minister to rich and poor alike with the same conscientiousness and devotion. Monetary reward

must be a secondary consideration. The nature of the work was such that the nurse could not always measure her duty to set hours or times. She must be prepared to meet all sorts of conditions, often conditions which were not pleasant. She must exercise cheerfulness, courage, tact, judgment, mental understanding, dependability, sincerity, punctuality, friendliness, patience and resourcefulness. Rewards would come in self-realization and the satisfaction of a fine service rendered to humanity.

The nurse, said Mr. Sutton in concluding, should keep interests other than those of her profession awake but, he exhorted, "let nothing ever come between you and your service in which you will find your satisfaction and your reward."

The address was followed by the investing of class medals on the graduates by the lady superintendent and the presentation of diplomas by the president of the board, each of the young ladies receiving a round of applause.

Closing prayer was by Dean Gibson. The program had also included vocal solos by Dr. R. G. Large, accompanied by Mrs. E. J. Smith, and violin solos by A. C. Cameron accompanied by Dr. H. N. Brocklesby. Ushers were S. J. Hunter, George Dibb and Earl Gordon.

Many at Reception
 After the church ceremonies, a large number repaired to the reception at the Oddfellows' Hall where congratulations were personally extended to the new nurses. Delicious refreshments were served and dancing was enjoyed with music by George Brown's Orchestra.

VARIETY SHOW AT CATHEDRAL

Capacity of Hall Taxed On Friday Night For Entertainment Staged By Anglican Young People

The capacity of St. Andrew's Cathedral Hall was taxed to accommodate the large crowd which attended a variety entertainment staged on Friday night by the Anglican Young People's Association. The program, which included two playlets, musical numbers and a comic fashion show, proved highly enjoyable to all present.

The first one-act play was entitled "The Jewelled Hand" and the cast included Miss Phyllis Taylor, Peter Allen, Miss Ruth Nelson, Miss Jean McLean, Miss Betty Ellison, Alfred Rivett and Harold Ponder jr. "Out of the Darkness" was the title of the second short play and taking part in it were Robert Yerburgh, Jack Storrie and Richard Keenleyside. Other items on the program included vocal solos by Miss Betty Ellison, accompanied by Miss Marybelle Stiles, piano duets by the Misses Ruth Nelson and Jean McLean and tap dancing by Miss Phyllis Taylor.

The fashion show was directed by Miss Phyllis Taylor and all members of the Association participated. It was both comical and novel. Following the entertainment there was a social for members of the Association and those who had taken part, refreshments being served.

WHIFFLETS From The Waterfront

The Armour Salvage Co. now has in hand the work of shifting floats of the Prince Rupert Rowing & Yacht Club a little further towards the centre of the entrance of Cow Bay. The move has become necessary in order to give adequate access to the newly established fuel plant of the Standard Oil Co. of British Columbia.

There was a good demand for medium halibut on the Seattle exchange yesterday with prices mounting to as high as 15 1/2c. Five boats sold a total of 75,000 pounds of local halibut at Seattle yesterday as follows: Eleanor, 15,000, Whiz, 15c and 6 1/4c; Recovery, 13,000, Sebastian, 15 1/4c and 6c; Antler, 14,500, San Juan, 14 1/4c and 6c; Al Junior, 12,600, Booth, 12 7/8c and 8c; Angelus, 15,000, Washington, 15 1/4c and 6 1/4c. Ling and mixed cod was selling at 3c at Seattle yesterday.

According to the United States Bureau of Fisheries holdings of cold storage halibut in United States on April 15 this year amounted to 1,455,000 pounds, 1,376,000 pounds less than at the same date a year ago.

There were 69 passengers aboard the steamer Princess Louise which was in port yesterday afternoon southbound from Skagway to Vancouver. Eight persons disembarked from the vessel at this port while five took passage here for the south.

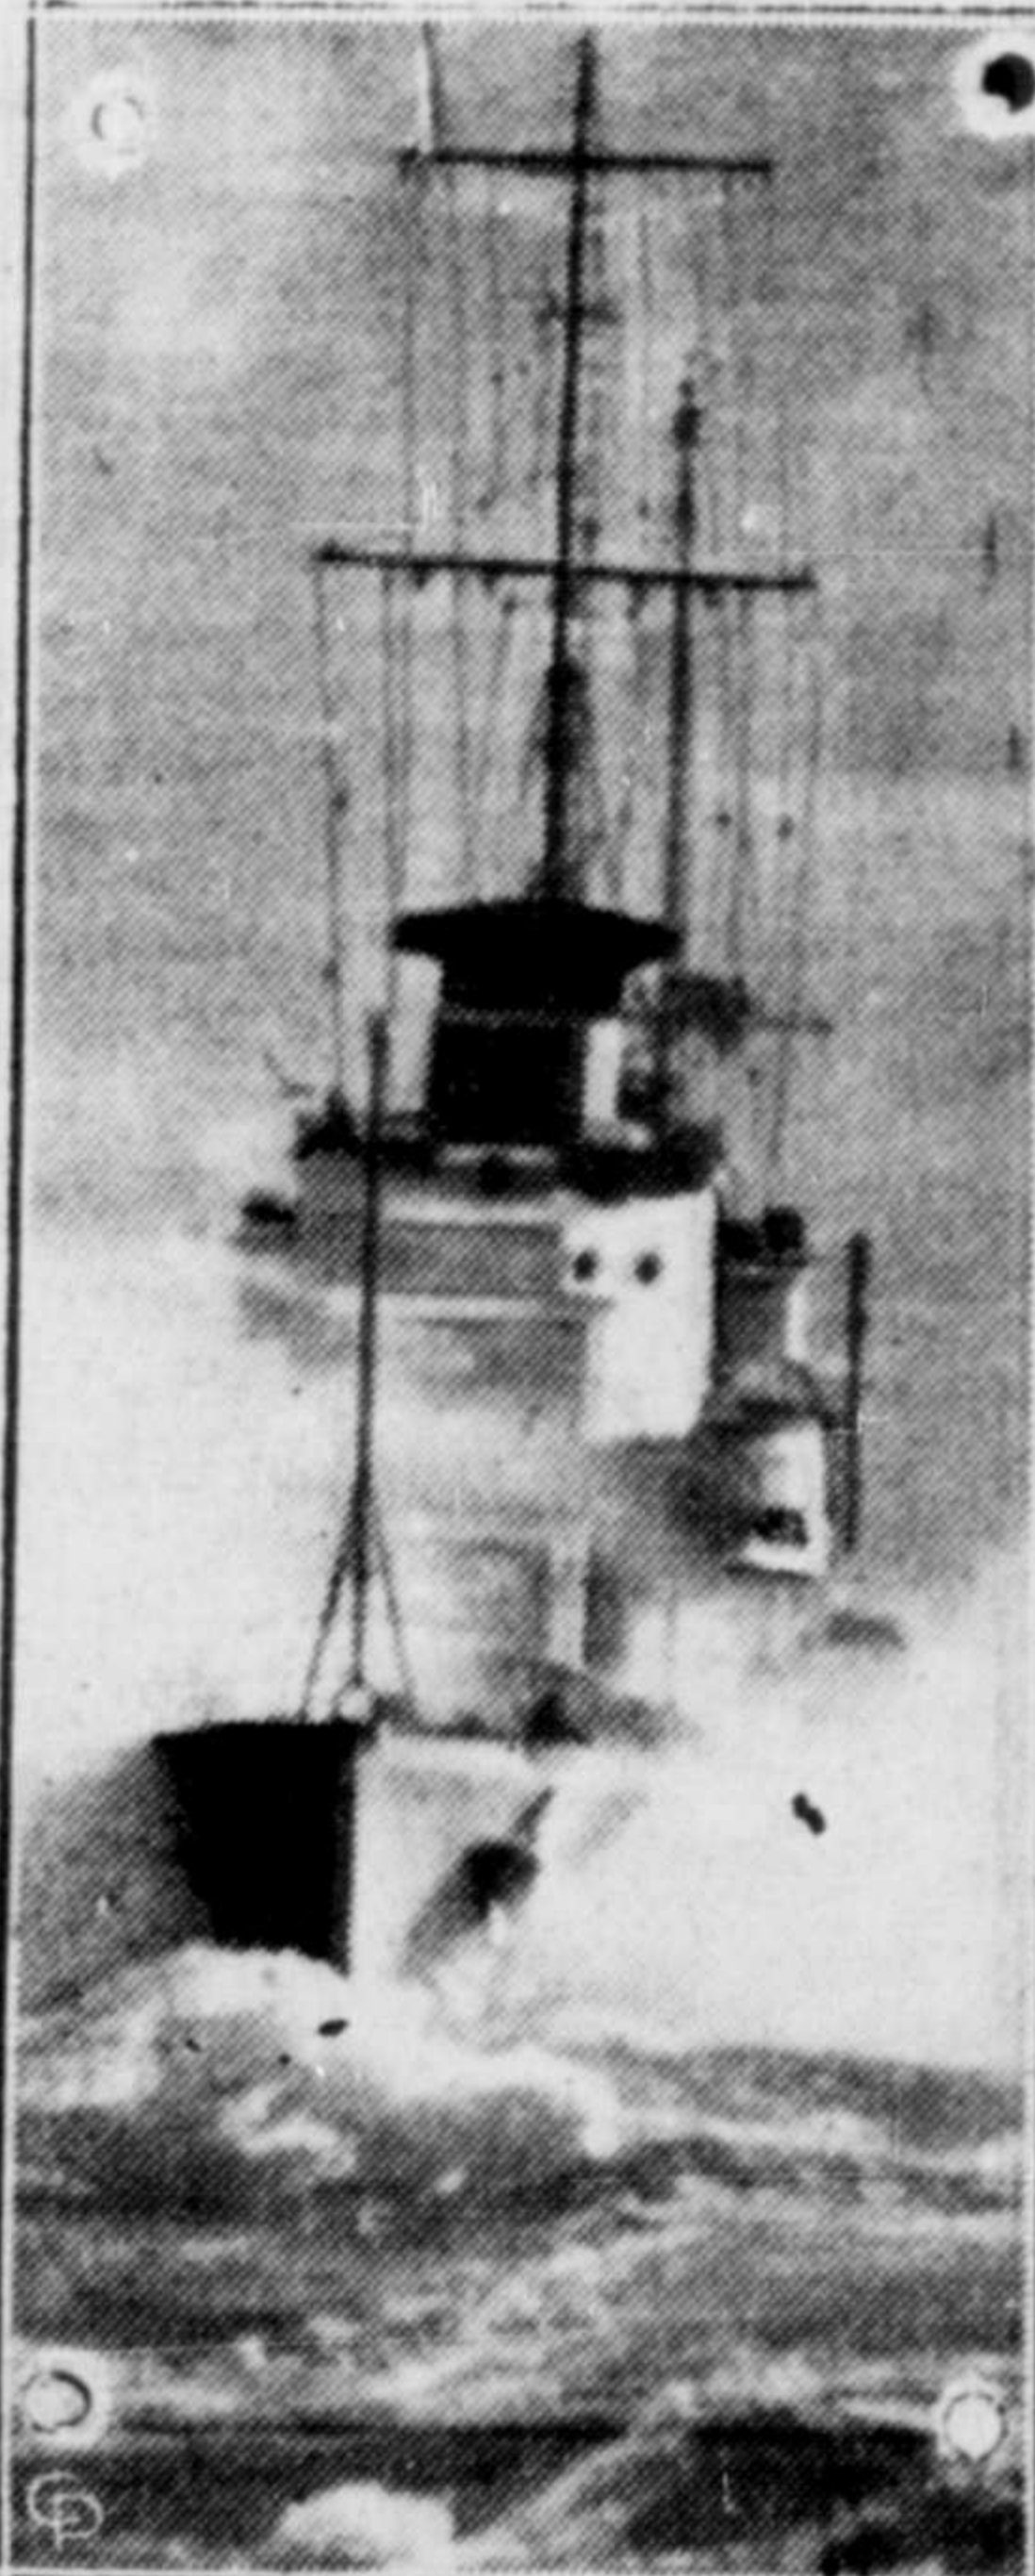

Union stamer Catala, Capt. James Findlay, arrived back in port at 2:20 this afternoon from Stewart, Anyox and other northern points and sailed half an hour later for Vancouver and waypoints.

Doesn't Talk About Women

Famous Singer Makes Personal Appearance in Winnipeg

WINNIPEG, May 10 (CP)—Nelson Eddy, famous singer, never discusses women, he said in an interview here. "Women!" exclaimed the singer,

AFTER PIRATES

With orders to "sink on sight" any submarine found submerged or near the trade routes, the advance ship of one of Great Britain's destroyer flotillas is shown (above), splashing through the Mediterranean. The order was the result of attacks on British shipping off the coast of embattled Spain by "pirate" submarines.

"Why, all those things I'm supposed to have said about women, and all that has been written about my private life is just synthetic bunk! It must be, because I never talk about women or my private life."

Eddy, making a personal appearance in Winnipeg, is shy of mounties. "I would like to see them here," he said, "but I don't know. Those fellows kind of scare me. They might just look at me and say: 'Oh, so you're the guy who thinks he's a mountie.'" Eddy played the part of a mountie in the picture "Rose Marie."

Seriously speaking, the singer said he has the greatest admiration for the force and for the mounties he had met and who had directed him in "Rose Marie."

Eddy is keenly interested in paintings, sculptures, antiques and deep-sea life.

"I didn't think the Bank would be interested"

Many responsible men and women, faced with a temporary emergency, are reluctant to apply to the bank for a loan to tide them over their difficulties. Yet, such loans are made by this bank every day. They must be used to meet a definite need and the borrower must be financially able to retire the loan within a reasonable period. If necessary, arrangements can be made with the bank to repay the loan by convenient installments at stated intervals. Branch Managers of this bank welcome the opportunity of discussing such personal loans with any responsible individual.
