## BIG STRIKE IS AVERTED

### Shipping Interests in Puget Sound Meet Ultimatum of Sailors' Union

SEATTLE, May 13.—A tie-up of the port of Seattle through the calling of a walk-out by the Sailors' Union was averted last night through the meeting by the Waterfront Employers' Association an ultimatum to resume negotiations with the International Longshoremen's Association with a view to reopening the port of Tacoma. The sailors' union had set 5 o'clock last evening as the deadline for the reopening of Tacoma. Otherwise, a walk-out was to have been called in Seattle. It appeared until the last minute that the whole of Puget Sound might be tied up including shipping to Alaska.

## SENATORS UP AGAIN

### Victory Over Detroit Gives Them Leadership—Yanks and Indians Tied For Second Place

WASHINGTON, D. C., May 13: (CP)—Washington Senators are back on top in the hectic scramble for the American League pennant, their close victory over the Detroit Tigers yesterday giving them a one game lead over the New York Yankees and Cleveland Indians who are tied as a result of the 3 to 2 victory for the Indians yesterday over the Yanks in one of the finest ball games that has been seen for many a day in Yankee Stadium with Bob Feller and Lefty Gomez engaging in a pitchers' duel.

In the National League, Chicago reduced the first place lead of the New York Giants to five full games by downing the Brooklyn Dodgers. The Dodgers dropped from sixth into seventh place below the idle St. Louis Cardinals. The Cincinnati Reds blanked the Boston Bees and are but half a game behind the third place Pittsburgh Pirates.

Cold weather and rain caused postponement of the National League games of Philadelphia at Pittsburgh and New York at St. Louis and the American League games of St. Louis at Philadelphia and Chicago at Boston.

Yesterday's Big League scores:

## MEANING OF AMOY

### Chinese Believe It Is Just a Show—Shantung Town Taken—Canton Raided Again

SHANGHAI, May 13.—Capture of the town of Yunching, thirty miles from Soochow, was claimed by the Japanese last night as they continued their efforts to gain control of the Lunghai Railway in south Shantung province.

The opinion is expressed in Chinese quarters that the Japanese are not actually planning any major offensive in south China but that they have plenty to occupy them in other quarters. The capture of poorly-garrisoned Amoy, it is felt, was merely to show the Japanese people at home a victory. Canton was shelled by warships and bombed by airplanes yesterday.

## TO VISIT CHURCHILL

### Annual Excursion To Hudson Bay To Take Place In August

WINNIPEG, May 13.—The sixth annual excursion to Canada's youngest port on Hudson Bay will leave Winnipeg on August 12 for Churchill, the most northerly point reached by rail in Canada and terminus of the Hudson Bay Railway, according to Robert Creelman, passenger traffic manager of the Canadian National Railways.

One of the most unique rail trips of the summer, this all-expense-included excursion will afford an opportunity to visit points of unusual interest as stops will be made at Dauphin, Manitoba, for a motor trip to Riding Mountain Park, also at the Pas, Flin Flon, Manitoba's largest mining centre, with one of the most modern mining plants on the continent, Manitou Rapids and Kettle Rapids, finally reaching the port of Churchill near the Arctic.

Six days will be occupied covering the round trip journey of 2200 miles and, in order to provide adequate accommodation enroute and at the northern terminus, passengers will sleep and eat on the train during the full journey.

"Many tourists have a desire to visit this north country to get a glimpse of the wonderful scenery, thriving towns and industrial enterprise enroute, to see the mighty turbulent rivers rushing north to the Arctic, to feel the peculiar loneliness of the barrens as the train moves toward Hudson Bay. This may be realized by taking this special tour from Winnipeg on August 12," stated Mr. Creelman.

## Gov't Reorganization Cannot Be Much More Delayed, 'Tis Certain

### Number of Peers in Ministry and Condition of Country's Air Defenses are Causes of Complaint—Lord Swinton To Go

LONDON, May 13: (CP)—Cabinet changes are impending. The number of peers now in the cabinet and sharp attacks from both sides of the House of Commons on the air ministry yesterday lead to the conclusion that a shake-up cannot be long deferred. The resignation is mooted of Viscount Swinton, Air Secretary, who for a long time has been the object of attack. Formation of a council of state composed of party leaders to speed up air rearmament is suggested. All government critics want an inquiry.

Prime Minister Chamberlain had an audience with King George today, presumably in regard to the ministry.

### Philadelphia Man And Sons To Hunt Big Game And Take Pictures

WINNIPEG, May 13.—Enroute to Juneau, Alaska, where they will spend the next month big game hunting, Kirkland D. Marter, accompanied by his two sons, Budd and Walter, left for the West yesterday over Canadian National lines. Mr. Marter, who lives in Philadelphia, will make a short stay in Jasper and will proceed to Prince Rupert where the party will board steamship for the north.

Mr. Marter has been interested in big game hunting for many years. During his short stopover in Winnipeg he stated he had brought down a specimen of practically every type of big game on the North American Continent except the Kodiak bear which lives in the Alaskan country. The Kodiak is the largest type of bear on the continent.

Not all the time will be spent in hunting with rifle as Mr. Marter and his two sons are expert photographers. They have with them several cameras, including a movie outfit, and hope to be able to bring back a series of interesting pictures after their month of holiday in the northwest section of this continent.

### Church Of England In Canada Showing Great Progress In Missionary Work In West

Wonderful Story Of Work Being Done in the Field Told At Diocesan Meeting Held in Cathedral Hall Last Night

That the work of the Church of England in Canada is growing rapidly and is in need of considerable greater extension was indicated by reports given at the old time missionary meeting of the synod of Caledonia and the Women's Auxiliary of the diocese held in the Cathedral Hall last evening, the speakers being Very Rev. Ramsay Armitage and Miss F. O. Phepoe of Vancouver, Miss Kathleen Long of Prince Rupert, Miss R. M. Davies O.B.E., of Prince Rupert, Rev. C. J. Brown of Vanderhoof, an interesting story of how she was induced to enter missionary work when in England and expressed the wish that more young people would take up the work. She had led a very happy life here.

Dean Armitage spoke briefly before leaving to catch the boat for Vancouver. In his address he emphasized the fact that the church was a missionary church.

Miss Phepoe, who is western vice-president of the Dominion Board of the Women's Missionary Society in Canada, emphasized the fact that there were ninety thousand women working together with the one aim. She told of the money they raised annually and what was done with it. They had 40 missionaries working overseas and 86 in Canada, the total number including helpers, whose salaries they paid was 179. This took \$240,000 but, over and above that, they help in the education of children, the building of new churches and helping missionaries in emergencies.

The work of the church in Japan, China and India was explained in some detail.

#### Japanese in District

One of the most interesting addresses was that of Miss K. Lang, missionary of the Japanese in the Prince Rupert district. She said there were 35 Japanese families in Prince Rupert and 58 on the Skeena River, at such places as Port Essington, Claxton, Sunnyside, Inverness. In order to reach these she was badly in need of help. At Port Essington the problem was increased by the presence of a Buddhist temple which divided the colony.

At Prince Rupert the missionary said she met chiefly the women. Japanese services were held at the mission Sunday evenings and in the afternoon there was Sunday School for the children. The great need was a young native worker who would hold the boys together after they reached the age of about 14. They had a young people's society called the Nippon Young People's Association which held two meetings a month and once a month there was a fellowship meeting. The Junior N.Y.P.A. was also very successful. For the benefit of a few who were unable to come to the mission they held a Japanese Bible Class once a month at Seal Cove. Once a month a visit was paid to Port Essington and Claxton and other canneries had been visited. The women wanted to learn about Canada and a number of men were also asking for teaching. There were 28 families at Claxton and it was difficult to get a place to stay. However, a Japanese man had started a Sunday School there and six visits had been paid. There were over forty children at this place.

Miss Lang stressed the need of more help in this work. There were plenty of opportunities for missionary work but not enough helpers. Last year she helped conduct three funerals of people who were not Christians.

#### CONGRATULATIONS IN ORDER

We take great pleasure in congratulating Roy Thomas, son of Mr. and Mrs. N. Thomas of this city, on his success at the University of Alberta where on obtaining his Bachelor of Science degree, he was given the Governor-General's Gold Medal for highest standing in the university.

The local boy now goes to a United States university to continue his studies but we hope he will return to Canada later. He was given the groundwork of his education at the Prince Rupert schools and, doubtless, this groundwork was a great help to him in his higher studies.

#### GENERAL APPEASEMENT

Right Hon. Neville Chamberlain, Prime Minister of Great Britain, speaking in the House of Commons recently, said the only circumstances under which recognition of the conquest by Italy of Ethiopia could be justified was that it was part of a general appeasement. If there is to be a general appeasement and an end to the present period of uncertainty, it will be well worth while. Possibly the Chamberlain method may be the right one.

Metlakatla before Prince Rupert. Long of Prince Rupert, Miss R. M. Davies O.B.E., of Prince Rupert, Rev. C. J. Brown of Vanderhoof, an interesting story of how she was induced to enter missionary work when in England and expressed the wish that more young people would take up the work. She had led a very happy life here.

Rev. C. J. Brown recounted how he and Rev. Russell Brown of the Peace River had set out to make a survey of the mining district north of Vanderhoof. He was going north and meeting his brother at Gernanson Creek. He gave an interesting history of the gold mining of that district which commenced about 1867. It was today no poor man's district, the work being carried out chiefly by big outfits. During their visit services were held at a good many points and the first communion service to be held in the district was conducted at one of the points. The men he met there generally were of the type who did not go to church but most of them attended the services and joined heartily in the singing. He was making a recommendation to the Church in regard to future visits to the district. Everywhere they went they were well received.

#### Peace River Block

Rev. Canon Proctor told of the growth of Church work in the Peace River Block from almost nothing to the present satisfactory condition. By the end of the present year they would have ten churches and possibly twelve, some of which would be consecrated on the next visit of the Bishop in the coming summer. He told how difficult of access from Prince Rupert was this district and how large and capable of further settlement. He recounted the hardships of many of the soldier settlers and others who had moved in from the burnt out areas. While some had given up, those remaining were of the right kind of stuff and would make a success of farming.

At Dawson Creek, which was very small when he went there they now had a population of between eight and nine hundred with a six room school. He told of the splendid fellowship of the west and how the field was growing in that area. There was a huge district north of the Peace River extending for three hundred miles which would eventually be settled. The Church would have to minister to these people.

Rev. Canon Rushbrook gave a most interesting story of the establishment of the coast mission in the early days and of its gradual growth. Every mission was an expression of the ideals of the Christian people.

Bishop Rix closed with a general appreciation of the work being done, a work which cheered him so greatly.

This afternoon the members of the girls, the juniors and the little helpers branches of the W.A. with their respective presidents are being entertained at tea by Mrs. Rix at Bishop's Lodge in order that they may hear an address from Miss Phepoe.

#### WHAT ABOUT DUPLESSIS?

Judging from the discussions that are going on in political circles, the problem for the Conservative party managers just now is what to do about Premier Duplessis of Quebec. He is the only man that was able to put to rout the old Liberal force of that province and, evidently, he still retains to a large extent the confidence of the French-Canadian people. He is said to be able to control something like fifty French-Canadian seats in the federal Parliament, enough to insure the election of a Conservative administration under ordinary circumstances.

With a situation like this facing them, the party managers are wondering how they can woo this magnetic leader and secure his support. He is still a Conservative and stands in well with the English-speaking financiers whom he was supposed to be out to fight. He is sound enough for them to be willing to approve his being chosen as leader but, in the first place, it is not certain that he would accept the leadership of the party and in the second it is not certain that the party wants him, even if it cannot well get along without him. The chief difficulty is that M. Duplessis is responsible for the infamous Padlock Law in Quebec and has been flirting with the Fascists of that province to such an extent that he could not secure the support of the English-speaking workers. To choose him as leader would tie the Conservatives up with Fascist movements and particularly with the Padlock Law.

Even if M. Duplessis should take an important place in the coming Conservative convention it would injure the chances of the party in the next election and yet there are those fifty seats which he is supposed to be able to deliver. It is indeed a difficult situation for the steering committee in charge of the convention arrangements.

#### WHIFFLETS From The Waterfront

Heading for port with a catch of halibut, the Prince Rupert halibut boat Signal, Capt. Paddy Ivarson, on Tuesday morning ran into one huge wave in Hecate Straits about twenty miles off Oval Hill on the west coast of Porcher Island as a result of which she lost eleven skates of gear, the baiting table and half of her pipe railing. There was no one on deck at the time so the crew suffered no injury. The vessel came on into port Tuesday night with her catch.

No halibut was sold at Ketchikan yesterday. One boat, the Rapid, refused a bid of 6½¢ and 5¢. The price for halibut at Seattle yesterday was 15¢.

Members of the Alaska Packers Association will meet at Ketchikan Sunday to consider a proposed price of 7c, 4c and 3c for salmon this season.

Union steamer Cardena, Capt. John Boden, is making her calls in the Skeena River this afternoon. She started at North Pacific at 11:15 this morning and is due at Claxton at 4 o'clock. She is expected to arrive here tonight at 8 o'clock.

C.P.R. steamer Princess Adelaide, Capt. Henry Anderson, is due in port at 5 o'clock this evening from the south and will sail at 10 p.m. on her return to Vancouver and waypoints.

### W.A. HAS SESSIONS

Successful Meetings Concluded Yesterday Afternoon—Miss Davis Again President

Coincident with the holding of sessions of the synod of the Anglican diocese of Caledonia, successful annual meetings of the diocesan Women's Auxiliary of the Anglican Church were held on Wednesday and Thursday. The principal guest and speaker was Miss P. H. Phepoe, of Vancouver, Dominion vice-president of the Women's Auxiliary for Western Canada.

Yesterday afternoon, Canon T. D. Proctor of Dawson Creek, who had conducted noontide prayers, gave an interesting address descriptive of the Peace River district.

Prior to the afternoon session, there had been a joint luncheon of the synod and the Women's Auxiliary in the Boston Hall. The presentation was made to Miss Phepoe by Mrs. R. L. McIntosh of a handsome bouquet of flowers.

Routine business at the afternoon session of the Women's Auxiliary included the presentation of reports. An outstanding one was that of the Women's Auxiliary at the native village of Greenville on the Naas River, this being read by Mrs. W. W. Calder.

## SESSIONS OF SYNOD

Reception on Wednesday Night Was Interesting Event — Reports Presented Show Progress Of Church Work

One of the features of the proceedings in connection with the sessions of the eighteenth Caledonia diocesan synod of the Anglican Church here this week was the reception on Wednesday night in the Cathedral Hall when all the delegates had the opportunity to mingle in a social way. Very Rev. Ramsay Armitage, dean of Christ Church Cathedral, Vancouver, and Miss F. O. Philpoe of Vancouver, western vice-president of the Dominion Women's Auxiliary, were the speakers of the evening, the addresses on both occasions being interesting and diverting. The large audience roundly applauded both speakers.

Business sessions of the synod included the receiving of a number of important reports. Rev. J. E. Birchall of Smithers told of the splendid work of the general board of religious education in the church throughout Canada. Rev. C. A. Hinchcliffe of Terrace presented an excellent account of the way in which the church was facing up to the social problems of the day through the work of the council for social service.

Rev. J. M. McCormick of Fort Fraser gave a stimulating paper covering the work of evangelization within the church over the past twenty-five years and made special reference to the efforts of the church in Canada to meet the present situation in which apathy and opposition seemed everywhere present.

The Indian workers also gave moving testimony to the value of the church's ministrations among them.

Yesterday afternoon the synod was engaged in a long distance discussion of diocesan matters.

This morning the final session

of the synod was held with the consideration of financial problems.

**Officers Elected**  
The election of officers for the synod resulted as follows:

Chancellor, Judge W. E. Fisher  
Secretary-Treasurer, C. V. Evitt  
Registrar, C. J. Norrington  
Auditor, Ernest Unwin  
Correspondent, Rev. Roy Durnford

Historian, Canon W. F. Rushbrook

Bishop Rix presided over all the synod meetings.

Mr. and Mrs. A. E. Lawson of Sunnyside cannery sailed last night on the Prince George for the south, the former going to Vancouver and the latter to Powell River.

Mrs. Jens Larsen and daughter, Joan, of Alice Arm arrived in the city from the north on the Prince George last evening and are leaving on tonight's train for New York where they will embark May 29 on the liner Pilsudski for a visit in Aalborg, Denmark.

## DUNNE AND FAIRBANKS

Diverting Comedy With Music is Feature Offering at Capitol Theatre This Week-end

With a fine cast headed by Irene Dunne and Douglas Fairbanks Jr., "Joy of Living," feature picture at the Capitol Theatre this week-end, presents a new theme for a comedy with music. The principals in the picture are two contrasting characters—one a popular musical comedy star who is constantly in debt owing to the extravagant demands of a selfish family, the other a forthright sort of playboy who has broken away from his wealthy family to enjoy life as he sees fit. Certain that her parents and sister love her in spite of their faults Miss Dunne indignantly quarrels with Fairbanks when he urges that she leave the relatives shift for themselves and have a good time herself before it is too late. The story then proceeds along a unique path marked by arguments, reconciliations and a charming romance. There are a number of unique and entertaining episodes.

Miss Dunne's talents as a comedienne and singer are fully used. A number of tuneful songs by Jerome Kern are introduced into the picture.

In the supporting cast are such favorites as Alice Brady, Jean Dixon, Guy Kibbee, Eric Blore, Lucille Ball and Warren Hymer.

## Address Of Dean Armitage Proved Very Interesting

The address at the weekly luncheon of the Prince Rupert Rotary Club yesterday was given by Very Rev. Ramsay Armitage, Dean of Christ Church Cathedral at Vancouver, who took as his subject "Myosis." The meaning of the word he explained was a faculty of understatement. On this continent people were used to hearing overstatements of nearly everything but in England they were accustomed to understatements from such men as former Premier Stanley Baldwin. He quoted one outstanding example of this in the case of Otis, the explorer who was with Scott at the South Pole. When he found that he was an encumbrance to the others and might endanger their return, he remarked: "I am going out and I may be some little time." Of course, he did not return.

Applying the title of the address to the Rotary Club, the father of all service clubs, the Dean said he hoped they would look upon the word "service" in its myotic sense. They would not be able to say how much they were really doing. If service was their motto, life would be an amazing thing full of adventure. Members of the club said that service was the rent they paid for their occupancy on earth.

The speaker went on to tell of a wonderful poem written by Owen, Seman, editor of Punch, a copy of which he had written in the handwriting of the author. One verse was left out and it was explained that, in transcribing, Mr. Seman had omitted it because it might give pain to a former enemy. The

Dean read the poem and commented on it most interestingly. The address was filled with bright and pithy anecdote and was much enjoyed.

Visitors at the luncheon included Rotarian W. N. Kelley of Vancouver; Rev. Canon T. D. Proctor of Dawson Creek, Frank Burrell of Hazelton, Dr. R. G. Large, W. H. Wilson-Murray and W. Joy.
