

NO PEACE IN SIGHT FOR ASQUITH GOVERNMENT

SYLVIA PANKHURST CAPTURED BEFORE MAKING ADDRESS -- PROVED DEAD MAN TORTURED

SYLVIA PANKHURST ARRESTED ATTEMPTED ADDRESS MEETING

PROVED SUFFRAGETTE ARRESTED FOR THE SIXTH TIME--
RESULTED IN BATTLE WITH POLICE

(Special to the Daily News)
London, March 9.—The militancy had another battle with the police at Trafalgar square in a driving rain. The arrest of Sylvia Pankhurst for the sixth time was precipitated. Several hundreds had marched to the meeting of the Women's Federation for Women's Suffrage. Sylvia Pankhurst had been hiding from the

police for several weeks, arrived in a taxicab to deliver her speech, but detectives surrounded her and she started for Holloway before the rest had realized it. When this was discovered the chairwoman shouted: "Follow the flag and see if we can't start something." The militants then surged towards the government buildings, but a cordon barred the way and the women used sticks. Seven were arrested.

TRACT ALASKA FISH TO PRINCE RUPERT

Report Expressed in Government Fisheries Report Just Arrived

Victoria, March 8.—The report of the Hon. W. J. Bowser, minister of fisheries has been issued. Presenting an outline of the work of the department during 1913, the main body of the report gives the value of the products of British Columbia and compares these with those of other provinces, showing that British Columbia produced \$14,756,488 out of a total of \$33,389,464, more than equalling the products for the same period of the three other provinces.

With the opening up of the railway through to the east direct shipment of fish in bond will quickly follow. This will naturally bring out several points of international law which the authorities here should be prepared for. It would be a matter of great convenience, in fact almost a necessity, to have a United States consular agent here in order to overcome the delay necessary in sending papers to and from Vancouver. The public bodies of the city should press this question until the office is created here.

WORKERS WILL STRIKE PROTEST TO HOSPITALS

(Special to the Daily News)
Rome, March 8.—The workers declare they will strike tomorrow as a protest against the policy of the hospitals. Every shop will be closed and no food will be sold, even the newspapers ceasing publication. The police being reinforced by the militia, will total a force of 15,000 to prevent disorders.

RAILWAY MEN WILL JOIN IN MINERS' CONFERENCES

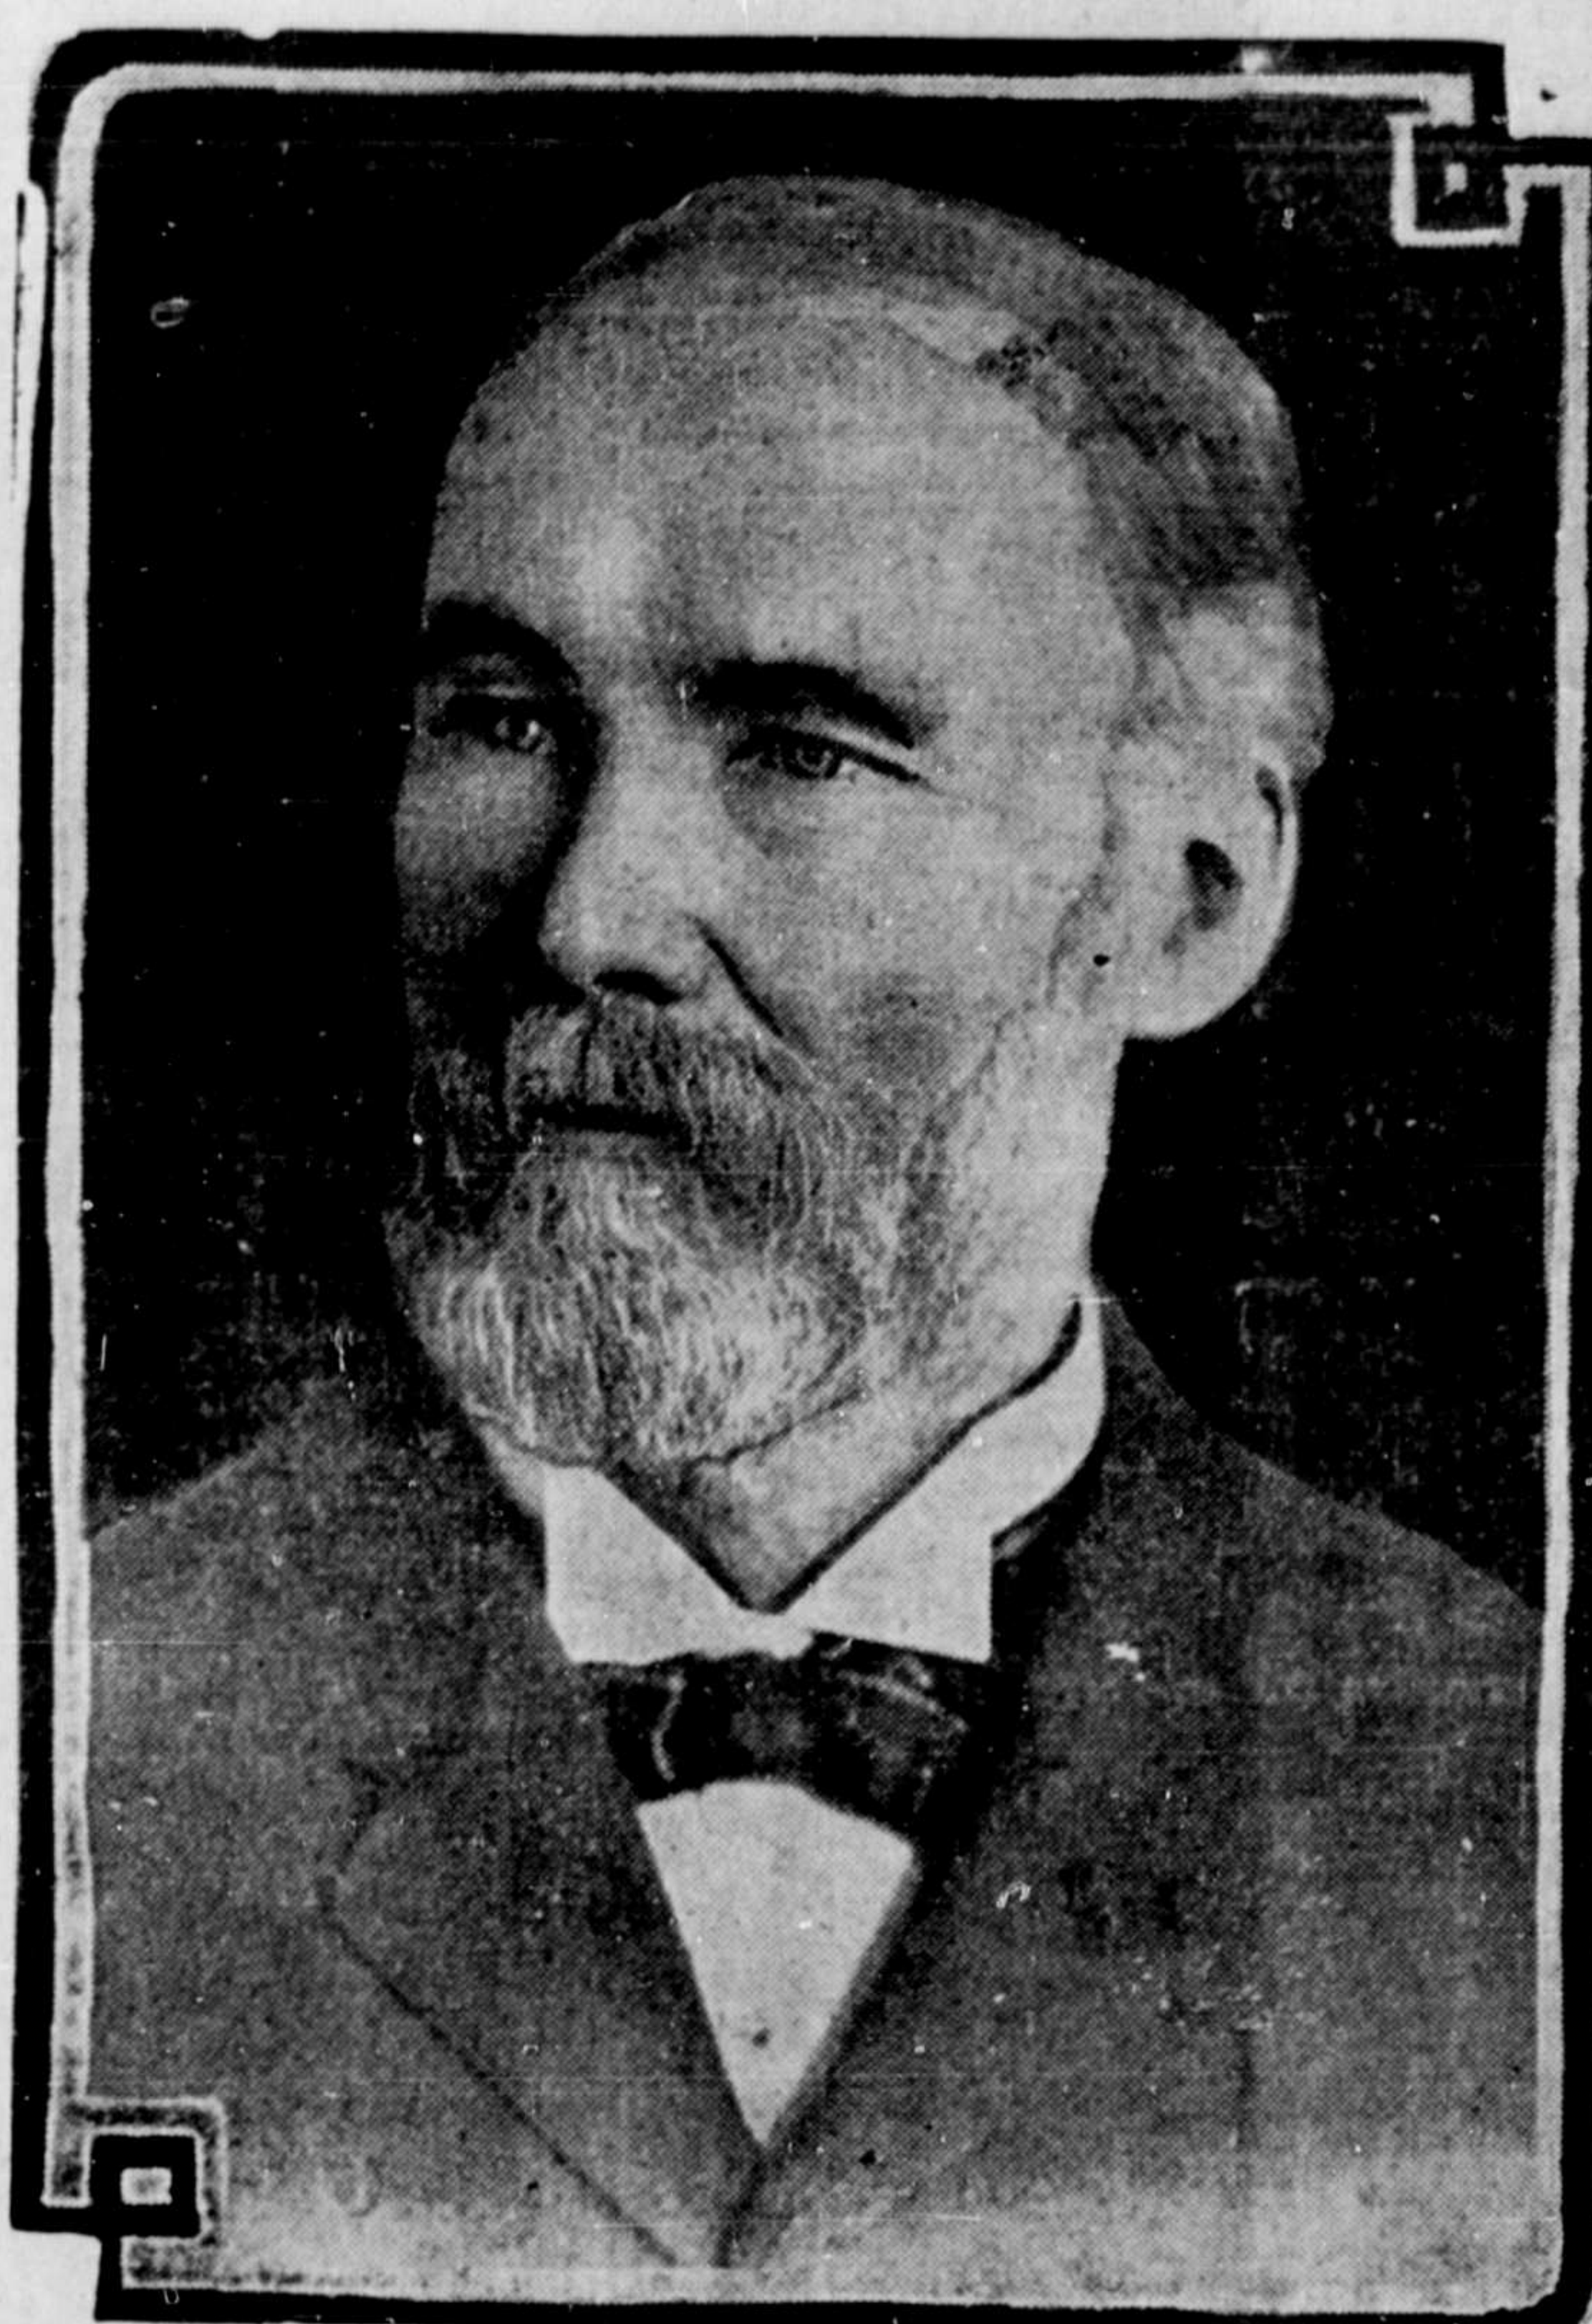

(Special to the Daily News)
London, March 9.—The National Union of Railway Men has accepted the invitation of the miners to join in a conference. Transport workers view it as a sign of united action in all future disputes. The total membership of one million seven hundred thousand will therefore be able to cause a serious paralysis of industry at any given time.

Settlers Form Organization

There has been organized on Queen Charlotte islands an organization known as the Graham Island Settlers' league for the purpose of getting some results from the government. The object is to unite the members in a body that will have some influence at the polls. In the past all they have received were mere promises and now they are determined to get results. Some of the things they contend for are a proper handling of the roads and trails, the regulation of coal licenses, financial assistance to farmers and fair pre-emption laws. It is surely a sign of the times when the settlers are taking this independent stand.

Wants \$2000 Salvage

On November 29 the Prince George picked up the gasoline launch Bee-Bee in a helpless condition two miles out of Vancouver harbor. The Bee-Bee was out of fuel and a gale was blowing. The Grand Trunk claimed \$2000 salvage which the owner refused to pay. The craft is valued at \$3000. The case was heard last week before Justice Martin in Vancouver. The decision was reserved.

GREAT LIBERAL STATESMAN

Sir George W. Ross, leader of the Senate, who died in Toronto on Saturday.

SIR GEORGE ROSS HAS PASSED AWAY

Leader of Liberal Party in the Senate Succumbed on Saturday

Toronto, Mar. 7.—Sir George Ross, Liberal leader in the Dominion senate and formerly premier of Ontario, died today after an illness lasting several weeks. A little over a week ago Sir George had a relapse. He has been lying in a state of coma ever since until Thursday night, when he returned to consciousness. From then he became clear and rational in his mind and was able to talk to visitors.

Yesterday he was still conscious and Lady Ross and other relatives spent some time with him. Sir George became worse yesterday afternoon, however, and from that time on he fell into an unconscious condition with more rapid failure. At five o'clock in the morning it became evident that he was sinking, and he passed peacefully away at 8 o'clock.

Sir George Ross was born in Middlesex county, Ontario. As a young man he taught school and was afterwards made school inspector. He took a prominent part in the creation of model schools and was made inspector of that branch of the provincial educational system. He was elected for Middlesex county in 1886 and made minister of education in 1889, under Sir Oliver Mowat. In 1899 he became premier, which position he held until 1905. Two years later he resigned the Liberal leadership in Ontario and went to the senate, where he has been the leader of the party. He was created a knight bachelor in 1914. He was considered one of the best platform speakers in Canada. During his political life he was a strong temperance advocate. He was three times married.

C. P. R. STEAMER TEES HAD FIRE IN HOLD

Returned to Victoria Where the Firemen Extinguished Blaze

One night last week while the C. P. R. steamer Tees, Captain Gillam, was on passage from Victoria to Holberg, smoke was discovered issuing from the fore-hold of the vessel. An energetic and determined effort was made by the crew to locate and extinguish the fire, but they were unsuccessful and Capt. Gillam decided to turn about and return to Victoria. He flashed a wireless to officials of the B. C. coast service, and when she came up to her berth at Victoria with a stream of water pouring into her hold, Fire Chief Davis and some of the brigade were on hand and in a short time had the blaze extinguished. The hull of the Tees suffered no damage as a result of the fire. It is thought the blaze may have started from a cigarette stub dropped into the hold.

Mr. Bud Corley, who has been away from Rupert for several months, is expected back on Wednesday's boat. Bud has been in El Centro, Cal., where he has been running a garage. He will remain in Rupert, looking after the Royal hotel.

BODY OF AMERICAN EXAMINED BY RAIDERS

Cross Mexican Boundary in Dead of Night—Find Marks of Torture and Cruelty

(Special to the Daily News)
Laredo, Texas, March 9.—An unidentified band crossed the international boundary, dug up the body of Clemente Vergara and returned secretly to the American side in the dark hours of the morning. At first it was believed the party were Texas rangers. The raiders proved that the American was shot twice through the head, once through the neck, and the skull crushed by a blow of a rifle butt, and the charred fingers of the hand indicate that he was tortured before being killed by the Mexican federales.

Bringing Steel for Rupert

The Norwegian steamer Arna, under charter to the Maple Leaf line, is expected in Victoria about March 10 from New York with a full cargo of steel. She left New York on December 17. The Arna will discharge 75 tons at Victoria, 700 tons at Vancouver, 3500 tons at Squamish and 2000 tons at Prince Rupert. The steel is for the dry dock.

HOUSE OF LORDS WILL REJECT ARMY BILL TO DISSOLVE HOUSE

PEACE IN ULSTER NOT LIKELY TO BE SECURED -- PEERS WILL FORCE ELECTION--ARMY BILL PUTS THIS IN THEIR POWER

(Special to the Daily News)
London, March 9.—There is no peace in sight for the Asquith government. The premier's announcement that a settlement would be secured is hardly credited. There is a growing conviction that the peers are determined to force an election at any cost. The army bill is likely to be the subject of attack. It will probably be rejected or amended in such a way that the government will be forced to go to the country.

RECOMMENDS CONSUL FOR PRINCE RUPERT

U. S. Office in Vancouver Anticipates Considerable Shipping Through Prince Rupert

The appointment of a consular agent at Prince Rupert has been recommended by Mr. Mansfield, the United States consul at Vancouver, in order to cope with the increase of the export business from that port and in readiness for the expected development which will follow the completion of the Grand Trunk Pacific. Large quantities of fish are now being shipped to Vancouver for export and activity in the export trade of shingles and mining products is also expected when transportation facilities are installed. On the completion of the new transcontinental line fish and other British Columbia products will be shipped direct to the prairies and eastern points via the G. T. P.—Province.

KNIFE SEVERS TWO JOINED IN BIRTH

Delicate Operation on "Siamese Twins" Performed in Paris

Paris, March 6.—The delicate operation of separating the "Siamese Twins," Madeleine and Suzanne, who had been born united, was performed successfully here today. No such operation had taken place in France since Dr. Doyen in 1902, separated the two Hind children, Radica and Roodica, who died of tuberculosis after the operation. The twins operated on today were born on November 28, 1913. At birth they weighed ten pounds. Both children appeared perfectly healthy and were extremely lively.

Madeleine and Suzanne were joined together in the region of the stomach. The juncture was of the most superficial kind, and X-ray examination showed that there was no organ of importance in the united membrane. Today's operation was considered justified by French surgeons, in view of the tragic deaths of former pairs. Eng, one of the original Siamese twins, saw his brother Chang die by his side, and himself died of horror in a delirium a few hours afterwards. Millie and Christine, and Helen and Judith died in a similar manner.

ANOTHER BRITISH CASE IN MEXICAN TURMOIL

(Special to the Daily News)
Washington, March 6.—There is another British subject in trouble in Chihuahua and the state department has been called upon to give protection. Ambassador Spring-Rice called on Secretary Bryan and informed him that an Englishman named Syndan was driven away from his ranch and his property was in danger of destruction. Mr. Bryan wired the United States consul to make full enquiry prior to action.

"THE OTHER WOMAN" AT WESTHOLME TONIGHT

"The Other Woman" is the title of a very fine two-reel Reliance feature showing at the Westholme theatre tonight. There will also be a new and up-to-date British Gazette and two real good comedies.

Wednesday and Thursday are red letter days again at the Westholme, the occasion being the first presentation north of Vancouver of the famous four-reel Thanhouser feature "Moths." This is a real event in moving pictures and the fore-runner of more four, six and eight-reel productions to be shown at this popular playhouse in the near future. A splendid Keystone comedy entitled "Barney Oldfield's Race" and a very fine Reliance comedy the title of which is "The Buffer," make up a program that should and no doubt will fill the Westholme from top to bottom. Admission Wednesday and Thursday, 10, 15 and 25c.

First This Year

Wm. Wright pleaded guilty to being drunk when called before the magistrate this morning. "Is this your first offence?" asked the magistrate. "It is the first time I have been here this year, your honor." The police records show several appearances last year. Five dollars and costs will be the penalty.

DAILY EDITION

Monday, March 9, 1914

The Conservative press has been uttering great praise of late for the government's timber policy. They have even been able to quote from foreign papers in support of the government sharing in the timber revenue. Surely we must have a wonderful paternal government when the people are allowed to collect a small timber royalty.

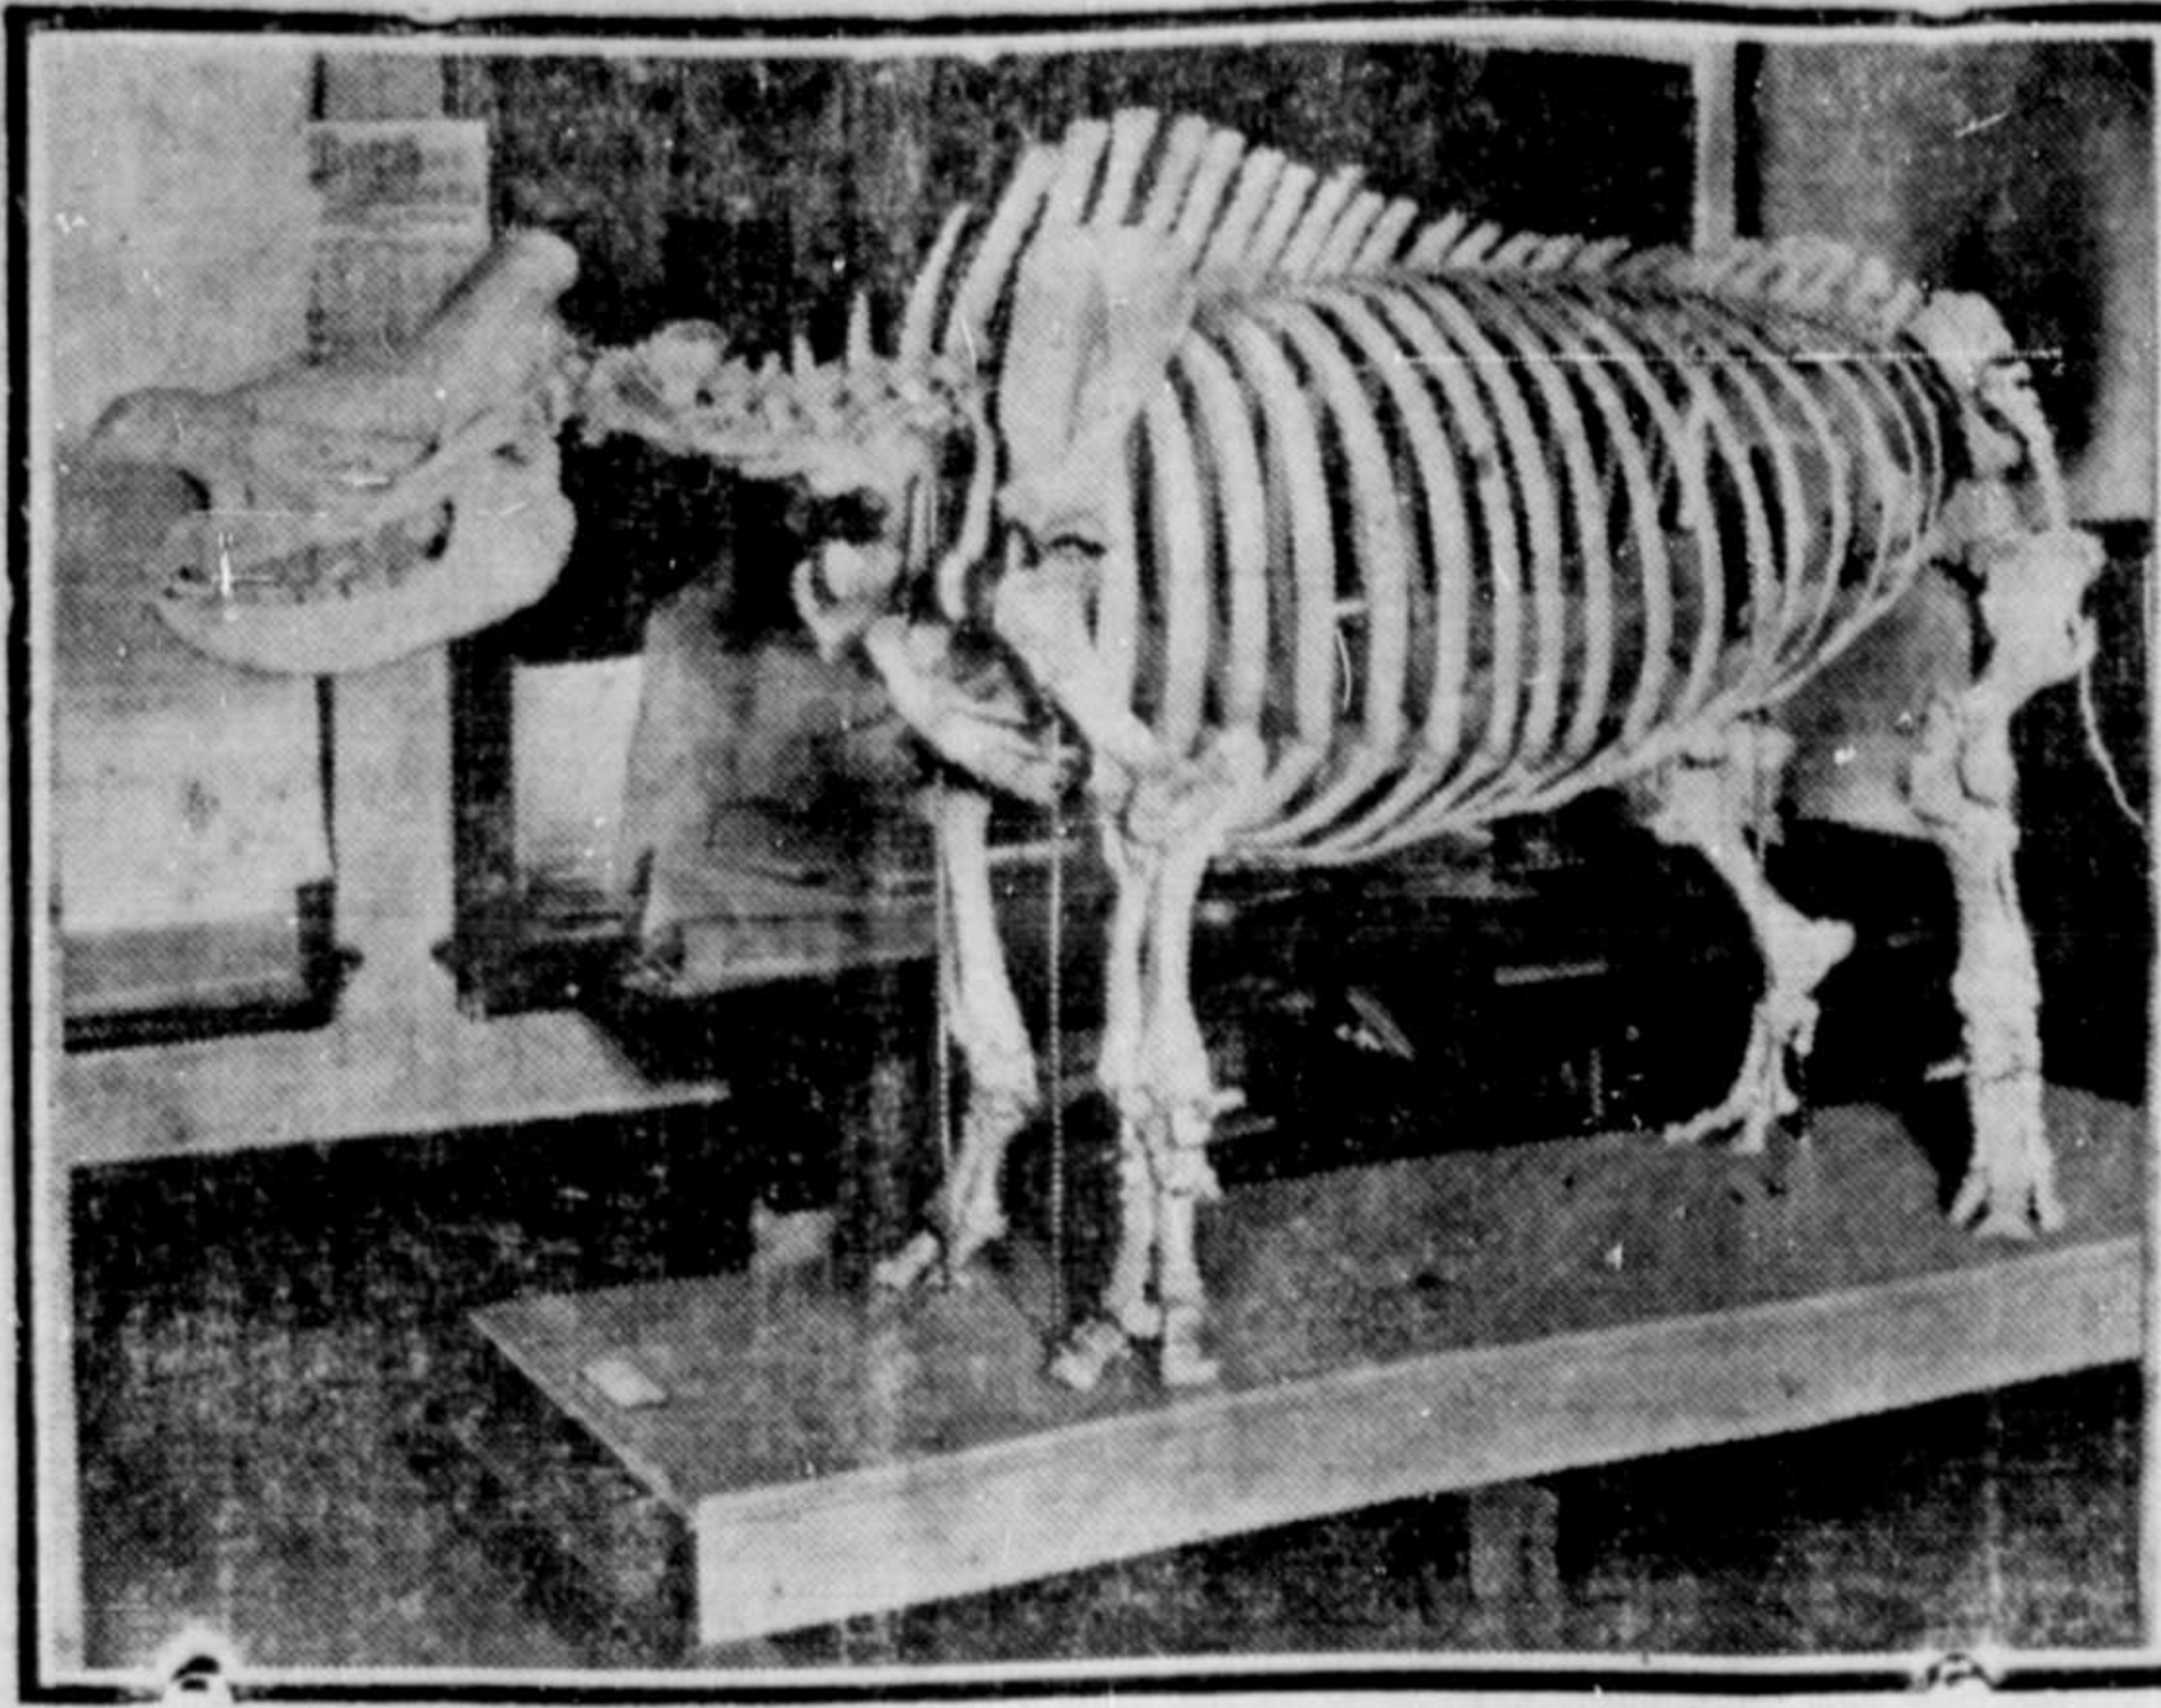

This looks like praising the man who took your cloak in that he did not take your coat likewise. The timber of this country was thrown open to exploitation on all sides. Anybody might have come in and staked thousands of acres and scores of people did, and the people got nothing. One man from across the line staked a block of timber which did not cost him one cent and immediately turned it over to an American capitalist at a profit of twenty-five million dollars. It will take a long time for timber royalties to make up that sum.

If the McBride government were dealing with a Latin race they would long ere this have had a revolution on their hands. The outrages committed in Mexico are not any greater than those we have

seen in British Columbia. The best of the land and the timber valued at many millions of dollars have been alienated, and in return the people are asked to be comforted because a little royalty still remains.

The Doukhobors are again looking for trouble. They are determined to resist the encroachment of the Canadian government on what they consider their personal rights. These people ought to be made to realize that before any individual has rights in a country he must accommodate himself to its laws and usages. Personal liberty ceases when it interferes with the liberty of someone else.

A new law has been put on the statute book to deal with such cases and it is to be hoped that it will be enforced. The Doukhobors left Saskatchewan because they were forced to obey the law. If they had received the same treatment here when they arrived they might by this time have become law-abiding citizens. Their threat to expose themselves if interfered with stamps them as a very inferior class. A few cowboys with sharp lashes turned in among them might be a good cure if they carry out their threat.

**TORY BOSSISM IN VANCOUVER
COARSEST DEAL EVER KNOWN**

PRESIDENT OF VANCOUVER CONSERVATIVE ASSOCIATION
WOULD DEPRIVE MEN OF BRITISH FREEDOM—
WOULD EXTERMINATE OPPOSITION

At a recent meeting of the Conservative association in Vancouver the president, Dr. E. P. Patterson, made the following statements, which should condemn the party in the minds of all men who prize British citizenship:

"We have had several meetings of the executive this year already and I have attended some of the ward meetings," said Dr. Patterson, "and I wish to say we have determined that no application for any government job in this city will be considered by those who have the selection of the man for the job unless the applicant is hall-marked by a Conservative ward association of the city."

"I know that there are a great many young men who are Liberals in Vancouver and are out of a job at present and they will try their best to get a share of the government patronage. Some of them will even try to get an entrance into our ward associations. I warn you to beware of them. Do not take any one into your association unless you know that he will be a good worker for the cause. We will then keep all the jobs which the government has to offer unless he is a member of a ward association or has in the past proved himself to be a worker for the cause in this city."

This was not all the doctor had to say, though he started at the outset with the remark that he had little to say and also expressed the wish that the reporters might take a rest for a time while he was talking. He said that at the present time the government had few positions to offer to their young men in Vancouver. At present both the customs and the post office departments in Vancouver were twenty per cent overmanned, but in these hard times the government

had determined not to turn its faithful workers on the streets and meant to keep them on. Yet in a few months things would be better and the government would then be prepared to find work for those now on the job and drawing their salaries, while it might also take on a few more of the faithful.

Even this did not suffice the doctor. There were many large firms and warehouses in the city, he declared, who by contract were drawing large sums of money from the two governments. "If any of you has a good Conservative friend who sees a job he would like with any of these companies he should let the members of the executive know and they will get the position for him."

John, a rather backward lover, sat at one end of the sofa and his sweetheart at the other. Both minds were too full to carry on conversation, but at last the lady spoke:

"John, what are you thinking about?"

John, awakened from his dreams, answered from a drawl: "Oh, just the same as you are," and was surprised to get the retort:

"If you do I'll box your ears."

DEBATING SOCIETY DISCUSSED HOME RULE
At the weekly meeting of the Progressive Debating society on Thursday evening Mr. C. R. Murray in a lucid and convincing address dealt with the grave difficulties involved in the Irish home rule question. The imperial parliament, he contended, had been more than liberal in its efforts to satisfy the grievances of the Irish people, and in this respect the land purchase bill of Ireland had no parallel in any other country. In spite of this, however, with the exception of the Protestant north, Ireland had continued to decrease in population and productiveness. From this the speaker drew the inference that since Catholic Ireland had failed to co-operate and administer domestic rule in Ireland, she could not therefore be capable of the greater duties of initiating legislation. It was only natural that under these circumstances Ulster should resist any attempt to saddle them with a government likely to jeopardize their progress. As might be expected, the speaker was vigorously attacked by several of the members, which added considerably to the interest of the debate.

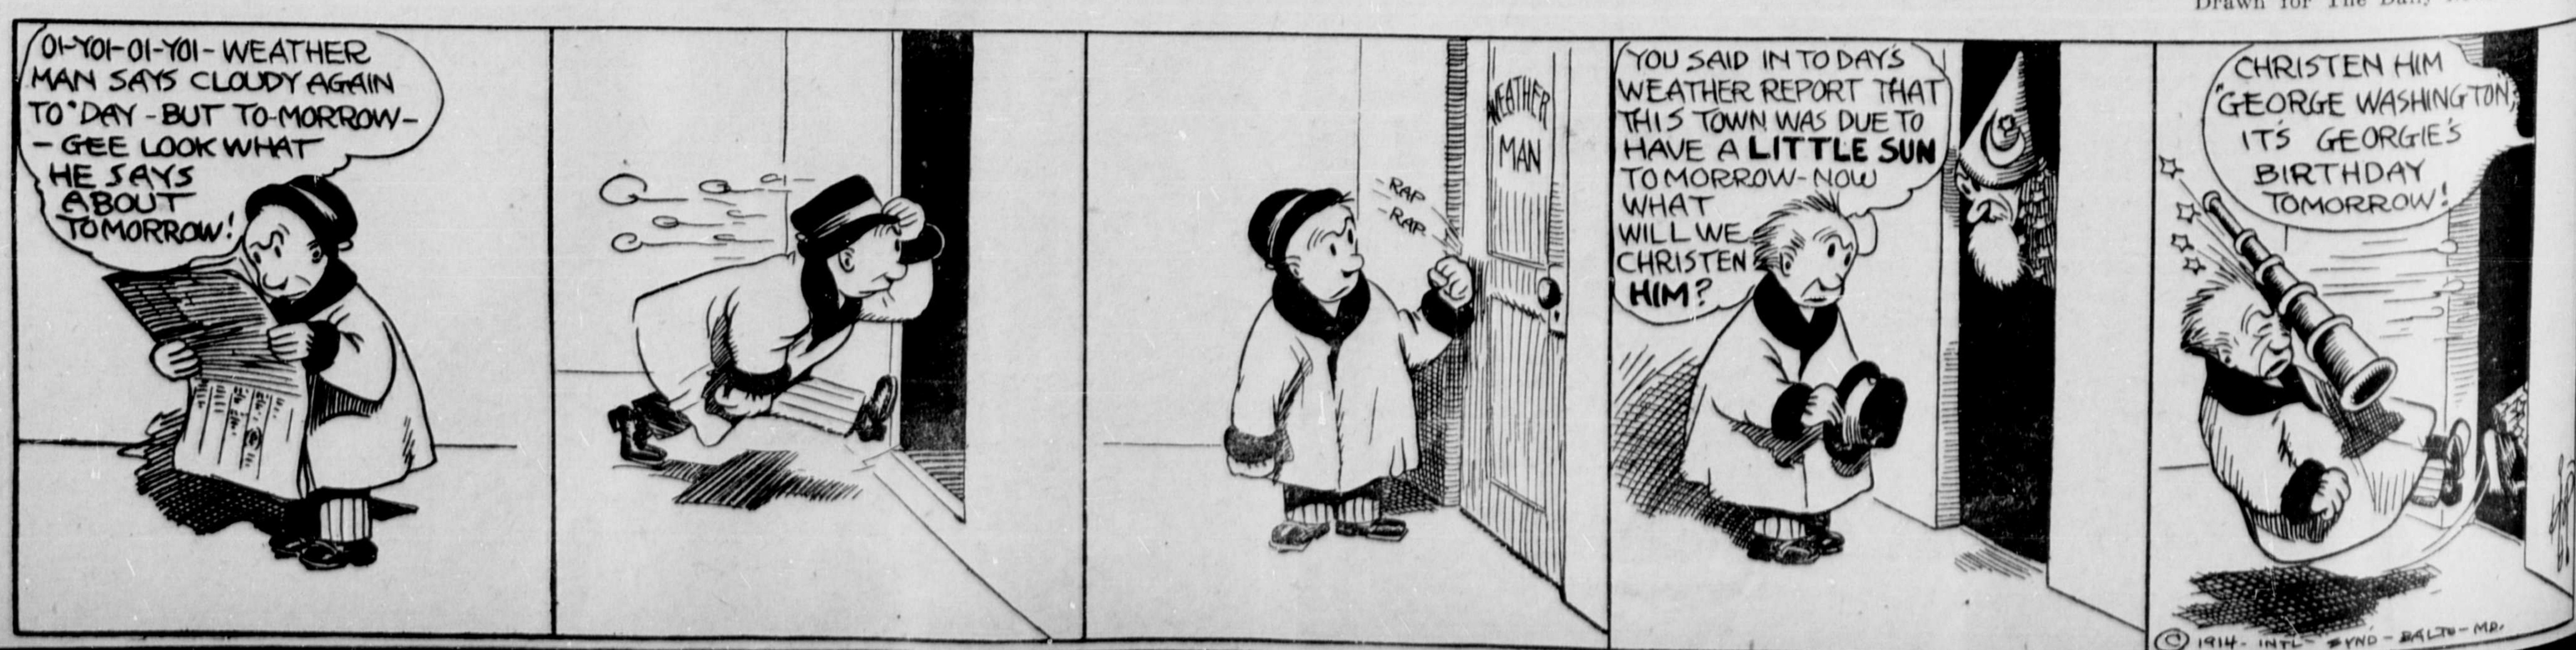

A Single Thought.
John, a rather backward lover, sat at one end of the sofa and his sweetheart at the other. Both minds were too full to carry on conversation, but at last the lady spoke:
"John, what are you thinking about?"
John, awakened from his dreams, answered from a drawl: "Oh, just the same as you are," and was surprised to get the retort:

SPORT

LACROSSE THE RING FOOTBALL BASEBALL LAWN TENNIS HOCKEY

If you've got to be a knocker, buy yourself a bass drum. Having bought the drum, "beat it."

Ottawa, March 9.—The hockey match played here Saturday resulted in a victory for the Pacific coast team. The score was Vancouver 7, Ottawa 3.

The Wisconsin boxing commission has decided not to change its previous decision suspending Packey McFarland for six months for his failure to put sufficient effort into his fight with Jack Britton in December.

G. B. Taylor, Toronto, Toronto university and Trinity college, Oxford, has been awarded his blue. He is rowing No. 3 with the Oxford crew now training at Henley-on-Thames for the varsity boat race to be rowed from Putney to Mortlake on Saturday, March 28. It was thought for some time that he would not get a place in the boat.

Everything in the neighborhood of Montreal at present points to the revival of the old combination in senior lacrosse, and the existence next year of a league controlling the professional game that will have at least six clubs, two in Toronto, two in Montreal, one in Cornwall and one in Ottawa.

The London Times declares lacrosse a better game than baseball: "We admire the American game of glorified rounders called baseball, but if and when we want a new national game other than cricket, we will certainly choose lacrosse in preference to baseball. It is faster and one of the most beautiful field pastimes without a vestige of professionalism in England."

The Vanderbilt cup race has degenerated into a very tame affair. Nobody was killed, neither spectator nor driver. There was only one very trivial accident. What is automobile racing coming to, anyway? First thing you know it will be sport.

Jack Marshall, manager of the Toronto hockey team, has received a cable from Fred Merkle, who is now in London with the Giants, warning him that the N. H. A. championship is not yet

won. "Tell the boys to be sure to touch second," admonishes Merkle.

And they say that England wouldn't take to baseball. Somebody in the crowd stole the Earl of Chesterfield's \$2,500 diamond scarf pin. What could be more like the New York polo grounds than that? Then, too, there was the handshaking. McGraw and Callahan, the respective managers, were "mited" by the King.

In the old days of boxing in Troy and the Roman gladiatorial combats, hair pulling, eye gouging and heavy brass-studded gauntlets were in vogue. Now Willie Ritchie, the lightweight champion of the world, has a sore heel. In the gory old days the fighters used to pickle their hands. With many of the present-day mollicoddles "pickling" is still popular.

There are four candidates to coach the Canadian Olympic material for the 1916 Olympiad at Berlin: Bobby Kerr of Hamilton, an Olympic champion; Alf Shrubbs, Toronto; Frank Luke-man, Montreal, and Noseworthy, Montreal. Walter Knox of Orillia, the coach of the last Canadian team, has been engaged in a similar capacity by Britain.

Montreal, March 9.—In the first of the home and home hockey matches played on Saturday to decide the championship of the N. H. A., the score was Canadiens 2, Toronto 0. The ice was very slushy for the match. The Canadiens and Toronto will play the second game tonight at Toronto. The total number of goals for the two matches will decide the winner, who will play the Victoria team for the world's championship and Stanley cup.

ERNEST G. McCONKEY
 Of McConkey's restaurant, Toronto, a well-known resort, which is now being investigated by the magistrate, as the result of the revels on New Year's eve. The investigation was ordered by the provincial government and Mr. McConkey is charged with keeping a disorderly house. The policeman on the beat testified that between midnight and 3 o'clock New Year's morning he saw forty or fifty drunken women come out of McConkey's.

The Poor Man's University

"JONES knows more about motor cars than any other man I know," said a man to his friend. "He has obtained his knowledge chiefly from motor car advertisements, and the catalogues and booklets circulated through them."

"All I know about photography," declared a well-known amateur, "I have learned from the men who advertise cameras, plates, papers and films."

Advertisements have been well called "The Poor Man's University," but other than poor men have been schooled thereby.

Much of what the average individual knows concerning personal and domestic hygiene, modern office methods, books and authors, electricity, precious stones, investments, and almost everything else, he has learned from advertisements.

Advertisements have stimulated our intelligence, added enormously to our knowledge, and given us aspirations which have raised us to higher levels of thinking and living. Advertising is indeed "The Poor Man's University."

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.

If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lumsden Building, Toronto.

A NEWSPAPER

for Prince Rupert and Northern B.C.

The Daily News goes into nearly every home in Prince Rupert. It is the popular newspaper of the city because it is clean and reliable. It has all the news of the city, and keeps in touch with events and topics interesting to Northern British Columbia. It treats these subjects with moderate optimism and reliability.

The Daily News is the most valuable paper to advertisers because it is read by the buying public. It has a bigger circulation than any other paper in the city. It is read by the class of people the advertisers want to talk to.
