## LANCASHIRE COTTON TIE-UP ENDED

## HEGGIE AND LOUTET HEARD FOR FIRST TIME IN VICTORIA

### Mill Owners Withdraw More Loom Demand Open Up Factories

Result of Dispute Marks Complete Victory For Weavers Who Refused to Comply With Proposal of Their Employers' in England

MANCHESTER, Feb. 12:—The long drawn out tie-up of the Lancashire cotton industry ended today. Three hundred thousand weavers, who were locked out on January 17, will return to work on Monday. The mill owners agreed to withdraw the lock-out and discontinue the "more looms per weaver" experiment which precipitated the trouble. The weavers refused to operate more looms and decided to strike, the mill owners heading them off with a lock-out. It was expected that the trouble would have had more reaching effects than turned out. Had it continued, there would have been.

### JOHN KYLE IS SPEAKER

Addressed Senior Pupils of Booth Memorial School Yesterday

Mr. John Kyle, director of technical education for the province of British Columbia, who has been in the city for the last few days in connection with the work of his department, addressed the senior pupils of the Booth Memorial School yesterday afternoon in the auditorium of the school with Miss Mercer, principal, presiding. Mr. Kyle told of his meetings with the business heads of the province in connection with technical training, the question of apprenticeship and the preparation of the youth of the province to be ready for and equal to the demands of present day commercial and industrial interests. He emphasized the paramount importance of health. In this connection he felt compelled to regret the out-of-date attitude to so-called children's diseases that was apparent in certain parts of the province. There was no need of the recurrent epidemics. They had been stamped out in other parts of the province where the parents and the medical authorities insisted on the observance of the notification and quarantine regulations. Department was of great importance too and the ability to make known one's desires and qualifications in correct English. The speaker stressed the fact that the assimilation of learning depended on the pupil's attitude toward his work and not on the ability of the teacher to drive. The importance of having an objective in life was forcibly brought home to the children even at the elementary school age. The value of technical training was illustrated by narrating stories of successes of boys and girls (Continued on Page 4.)

### OFFICERS OF LABOR

T. and L. Council Has Meeting—Macdonald Again President—Many Matters Taken Up

The Prince Rupert Trades and Labor Council, at a meeting last evening re-elected officers for the ensuing year as follows:  
 President—Ald. S. D. Macdonald.  
 Vice-President—Thos. B. Black.  
 Secretary-Treas.—Frank Derry.  
 Sergeant-at-Arms—Jack Ratchford.  
 Statistician—J. M. Morrison.  
 Executive—W. M. Brown, J. J. Gillis, J. S. Black and Ald. James Black.

Legislative Committee—J. S. Black, Geo. Geddes, F. W. Stamp-Vincent, D. McPhee and Ben Dalgarno.  
 Credentials were received at the meeting from J. M. Morrison, Geo. Anderson and Ewan McAuley, representing the Deep Sea Fishermen's Union, and J. Pottinger of the Electrical Workers.

A resolution from the Association of the Blind in Vancouver that the provincial government be asked to see that pensions for the blind be provided was endorsed. The executive was empowered to draft such resolutions as it sees fit to be presented on behalf of Labor at the forthcoming conference between the British Columbia executive of the Trades and Labor Congress and the provincial government.

A communication from Tom Moore, president of the Trades and Labor Congress of Canada, regarding further organization here was referred to the executive with power to act. Schools, Y.M.C.A., the elevator and city policing were among other matters discussed by the meeting which was in session until a late hour. Ald. S. D. Macdonald, president of the council, was in the chair.

### COLONEL IS DEAD

Late Col. Patrick J. Daly Commanded Twenty-Seventh Battalion in Great War

EDMONTON, Feb. 13:—A victim of acute appendicitis, Col. Patrick J. Daly C.M.G., D.S.O., former commander of the Twenty-Seventh Battalion during the Great War, died at Loughheed, Alta., on Thursday.

### Flyer Was Decorated By His Countrymen

Zensaku Azuma, former proprietor of San Francisco chop suey parlor, has just returned from a flight across United States, Europe, Siberia, to his native Japan, and where he was decorated by his own countrymen

### BOATS ARE GOING OUT

One Seattle Vessel Signs Agreement—Juneau Fleet Decides to Leave

KETCHIKAN, Feb. 13:—The two-man fishing vessel Supreme yesterday signed a new Union agreement to go to the halibut banks when the fishing season opens on Monday. Joe Bremio, agent here for the Union, has been sent to Petersburg to represent it. Advices from Juneau said that independent boats there will go to the banks.

### Police Cannot Stop Drifters

PRINCE GEORGE, Feb. 13:—Hon. R. H. Pooley in a communication to the city council, dealing with the complaint of a suggested laxness on the part of the provincial police in permitting drifters to make their way into Prince George and become charges upon the municipality, stated that the provincial police had no authority to interfere with the movement of Canadians from one province of the Dominion to another, nor could their movement be regulated by the amount of money they happened to have on their persons.

### BRITISH DRY BILL IS BADLY BEATEN

LONDON, Feb. 13:—The House of Commons, by a vote of 137 to 18, today rejected a bill which would have prohibited the use of alcoholic liquors as a beverage throughout the United Kingdom. The bill was sponsored by Edwin Scymgeour, doughty Scotch Prohibitionist member from Dundee.

### FUNERAL NOTICE

The funeral of the late Ruby Duggan will take place tomorrow afternoon (Saturday) at 2 p.m. from the parlor of the B. C. Undertakers.

### NAPIER HAS SHAKING UP

Still Another Series of Earthquakes Felt in Stricken New Zealand City

NAPIER, N.Z., Feb. 13:—Severe earthquake shocks rocked the Hawkes Bay district again today, causing considerable damage in Napier and throwing residents, who were returning to the city, into a panic. A number of workers removing debris were slightly injured when tottering walls collapsed.

### FINE BALL BY MASONS

Was, As Usual, One of Outstanding Affairs of Social Season—Held in Moose Hall

The annual ball last night in the Moose Hall of Tsimpsaan and Tye Lodges, A. F. & A. M., as usual, proved to be one of the outstanding affairs of the social season in this city. There were about 180 persons present and the affair was highly enjoyable to all. Splendid music was furnished for the occasion by the Premier Orchestra, dancing starting at 9 p.m. and concluding at 2:15 a.m.

The hall was tastefully decorated with appropriate emblems and adornments. The decorations were in charge of Joseph Naylor, A. C. Smail and C. J. Dawes. At midnight, delicious refreshments were served, Alex McRae and J. J. Little being in charge of arrangements. George H. Munro made a popular master of ceremonies and Dan Jabour and E. B. Baker presided at the door.

The dance committee consisted of W. D. Vance, chairman, Joseph Naylor, G. H. Arnott, G. H. Munro, R. F. McNaughton and A. A. Connon.

### New Members Make Maiden Speeches in Legislature; Fruit and Peace River Outlet Are Up

VICTORIA, Feb. 13:—Maiden speeches by George Heggie, Conservative, North Okanagan, and Jack Loutet, Conservative, North Vancouver, occupied the sitting of the legislature yesterday. Both spoke in reply to the Speech from the Throne. Mr. Heggie commanded the attention of the House when he stated that the values of farm products had dropped 34% and field grains, 45%, the greatest decrease on record in commodity prices the world over. He urged the government to avoid coercion in dealing with the fruit marketing situation and to supplant direct control by distribution of agricultural information on suitable crops to plant and marketing advices.

### OBLATE BURSAR

Rev. Father McGrath Formerly of Prince Rupert, Honored

The many friends of Rev. Father McGrath in Prince Rupert will be glad to learn of his complete recovery of health. More than a year ago he underwent a very serious operation in an Edmonton hospital. Leaving the hospital, he visited his brother, Bishop McGrath of Baker, Oregon, where he spent the past year recuperating. Recently, he was called home by Bishop Bunoz to assume duties of Bursar for the Oblates of the Vicariate of Yukon and Prince Rupert. He will reside at Lejac, B.C., where he will be Assistant Principal of Fraser Lake Residential School. He will also visit periodically the Catholic Missions along the C.N.R. from Prince George to Jasper.

The people of Prince Rupert are proud of the honors conferred on him by the Oblate Order, and the Catholics of the Rocky mountain region are to be congratulated for they will find in Father McGrath besides the Church man, a big, broadminded sympathetic Irish gentleman.

### Description of Telegraph Creek Airport is Made

A splendid description of the airport at Telegraph Creek and a sketch showing its location in relation to the town and river has been prepared by William F. Castle of the Consolidated Mining & Smelting Co., who recently had occasion to fly there. He discovered that the field about half a mile northeast of the town, was somewhat difficult to find from the air and therefore took the trouble to make a report on it.

### VANCOUVER WHEAT

VANCOUVER, Feb. 13:—Wheat was quoted at 60½c on the local exchange today.

### NO SETTLEMENT YET OF FISHING TERMS

Apparently a deadlock has developed in differences between boat owners and fishermen regarding terms covering the 1931 season's operations. This morning no announcement was forthcoming from either quarter with respect to the matter. Meanwhile, although fishing becomes legal next Monday, no boats have so far left for the banks and there was no sign of any going. Evidently, there is a tendency to wait and see what Seattle is doing about it.

### WARMER IN EDMONTON

Weather Lady Finds it Milder Than in Thirty-Six Years

EDMONTON, Feb. 13:—This city has a "weather lady" in the person of Mrs. W. H. Owen. She keeps records of temperatures, etc., and finds this year's higher than for 36 years.

"We have had two northwest winds this year. This fact along with the chinooks, explains our mild weather," she said. "The lack of moisture this year is rather serious. The ground is very dry and we should have at least 17.5 inches of moisture by this time, yet we have only recorded 12.4 inches. This will, undoubtedly, have an adverse effect on the crops in Alberta unless much more moisture comes. Incidentally it is the second lowest precipitation record in this city, the low mark being set in 1888 when it was only 10.9 inches. It takes 10 inches of snow to make one inch of rain. I have been here 21 years, in fact it was 21 years ago last Saturday, and I have never seen anything like this."

### JOE NORTH IS ACTIVE

Another Member of Victoria City Police Force is Fired by Commission

VICTORIA, Feb. 13:—A motion adopting a recommendation of Chief Constable Heatley that Detective Marcus Phipps, member of the city police force for nineteen years and a central figure in what is known as the La Marr case, be asked for his resignation was passed at Thursday's session of the board of police commissioners. Mayor Anson, the chairman, voted against the motion.

### Quesnel Creamery Sells Its Butter In Prince George

The Cariboo Brand Creamery butter of Quesnel has established a good market for its product in Prince George. Last year the Quesnel creamery made a total of 59,039 pounds of butter.

**SURPLUS JUST ENOUGH**

It is announced that the Tolmie Government has a surplus of a little over \$200,000, not a big amount, but just enough to enable them to carry on with the work on the highway connecting Prince Rupert with the rest of the world by way of Terrace. The spending of that amount would give a nice fillip to the work and would enable the people of the city to get just a little nearer their objective, which is to drive to Terrace under their own power.

**COST OF HAULING CARS**

We have no quarrel with the railway company over their freight rates. They should know how to run their business better than we can tell them. If it costs them \$27 to carry a car by train to Terrace, they are right in charging that much. All we know is that if the highway were through we could drive that far for two or three dollars on a road that would be nothing like as smooth as the one used by the railway company.

Now Prince Rupert people would like to visit often with the people of Terrace but it is very difficult under present conditions. If they pay the fare required, which is not unreasonably high, they still find that they have to hire a car at the other end and that they have to wait overnight in order to return. If they could drive their own cars they could return the same day and while there could go direct to whatever part of the district they wished.

**SEE TERRACE GROW**

If there were a highway connecting Prince Rupert with Terrace, the suburban centre would grow rapidly. New life would be given the place. A ready market would be available for all they produce and much Prince Rupert money would be spent there. To a lesser degree the same would happen to the smaller places along the railway. Nothing would stimulate them as much as direct road connection with Prince Rupert.

Mrs. Arthur Myrland, Chicago, Ill., has to feed her eight-month-old pet bear cub, Brownie, a bottle of milk before he could be coaxed into taking his daily swim at Miami Beach, Florida.

**Family Beneficiary Society Has Showing Of Notable Increase**

**Home Conducted Institution Adds to Its Value In Severe Year**

SHOWING decided progress and an increase in assets the Family Beneficiary Society, of Vancouver, B.C., through its president, Dr. D. A. Dunbar, in an address to members of the Society, points out the part this young and virile British Columbian institution is playing in the affairs of our citizens.

At the annual meeting of the Society held at the head office on February 2, the certified financial statement of the Society was presented as approved by the auditor, showing an extremely healthy condition of affairs despite vicissitudes of the year just passed through.

In his address, Dr. Dunbar said in part: "Notwithstanding the world-wide depression so unprecedented in its severity, the year has been for our Society one of increased progress and greater service to our members and beneficiaries. There has been a steady gain in membership and the lapses have not exceeded the normal expectation."

"The merits of the Advance Assessment Plan have again been demonstrated during the year, and beneficiaries have invariably received prompt settlement of their claims. In accordance with the change in the bylaws made during the year, the directors are now enabled to pay, since August, claims to the maximum of \$2,500.

"During the year there have been eleven claims paid or adjusted.

"The reserve of the Society shows a satisfactory increase. Not only have our bonds constituting our reserve which are held by the Sterling Trust Company been substantially increased, but the market value of all our reserve securities have appreciably increased in value during the past year.

"It is especially in times like the present that the great value and importance of The Family Beneficiary Society is again brought home to all of us, offering as it does a shield and protection against the grave disasters that ever threaten

our families. It is therefore particularly gratifying that the great body of our members are loyally maintaining their membership in the Society in good standing. In unity there is strength.

"We face the new year with justified confidence."

The statement of the assets and liabilities of the Society as of December 31, 1930, is shown herewith:

Assets	
Bonds deposited with Sterling Trust Company	\$18,025.95
Office furniture and fixtures (\$1,225, less 10% depreciation, \$122.50)	1,102.50
Cash in bank	
Current acc't	\$3,506.12
Trust account	8,798.64
	12,304.76
	\$31,433.21
Liabilities	
Trust Fund	\$ 8,798.64
Bills Payable	138.15
Assets in excess of Liabilities	22,496.42
	\$31,433.21

All our requirements as auditors have been complied with; we have received all the information and explanations necessary and in our opinion the above balance sheet represents the true financial position of the society both as shown by the books and from information received.

(Sgd.) E. B. McMASTER,  
E. & O. E. Auditor.  
29th January, 1931.

**PRESIDENT WAS HEARD**

Voice of Chief Executive of United States in This City—Gave Lincoln Day Address

The address of President Herbert Hoover from Washington, D.C., in connection with the observance of the birthday of Abraham Lincoln came in excellently last evening on Prince Rupert radio. The hour was 7 o'clock and many local radio owners listened in on the speech of the chief executive which was delivered from the same room in the White House which the revered Civil War president himself used as a study.

President Hoover made an appeal to the people of the United States for personal or community effort as far as possible in meeting the problems of the day. Local government was much to be preferred to a district federal bureaucracy such as there was if all problems were sent to Washington for settlement.

Centralization of government, President Hoover asserted, only tended to stifle personal initiative and opportunity. The tendency was for everybody to become a servant of the state and all personal liberty was gone. This was not the ideal of Abraham Lincoln.

The president urged the desirability of individual or community assumption of responsibilities. In such a way character was to be developed and could be used.

Federal co-operation, of course, was often necessary and it was the desire and aim of the administration to always extend this.

Referring to the present period of national depression, President Hoover asserted that, never before under such circumstances, had there been such widespread efforts to allay distress and provide employment. Never before, under such circumstances, had there been so little social disorder.

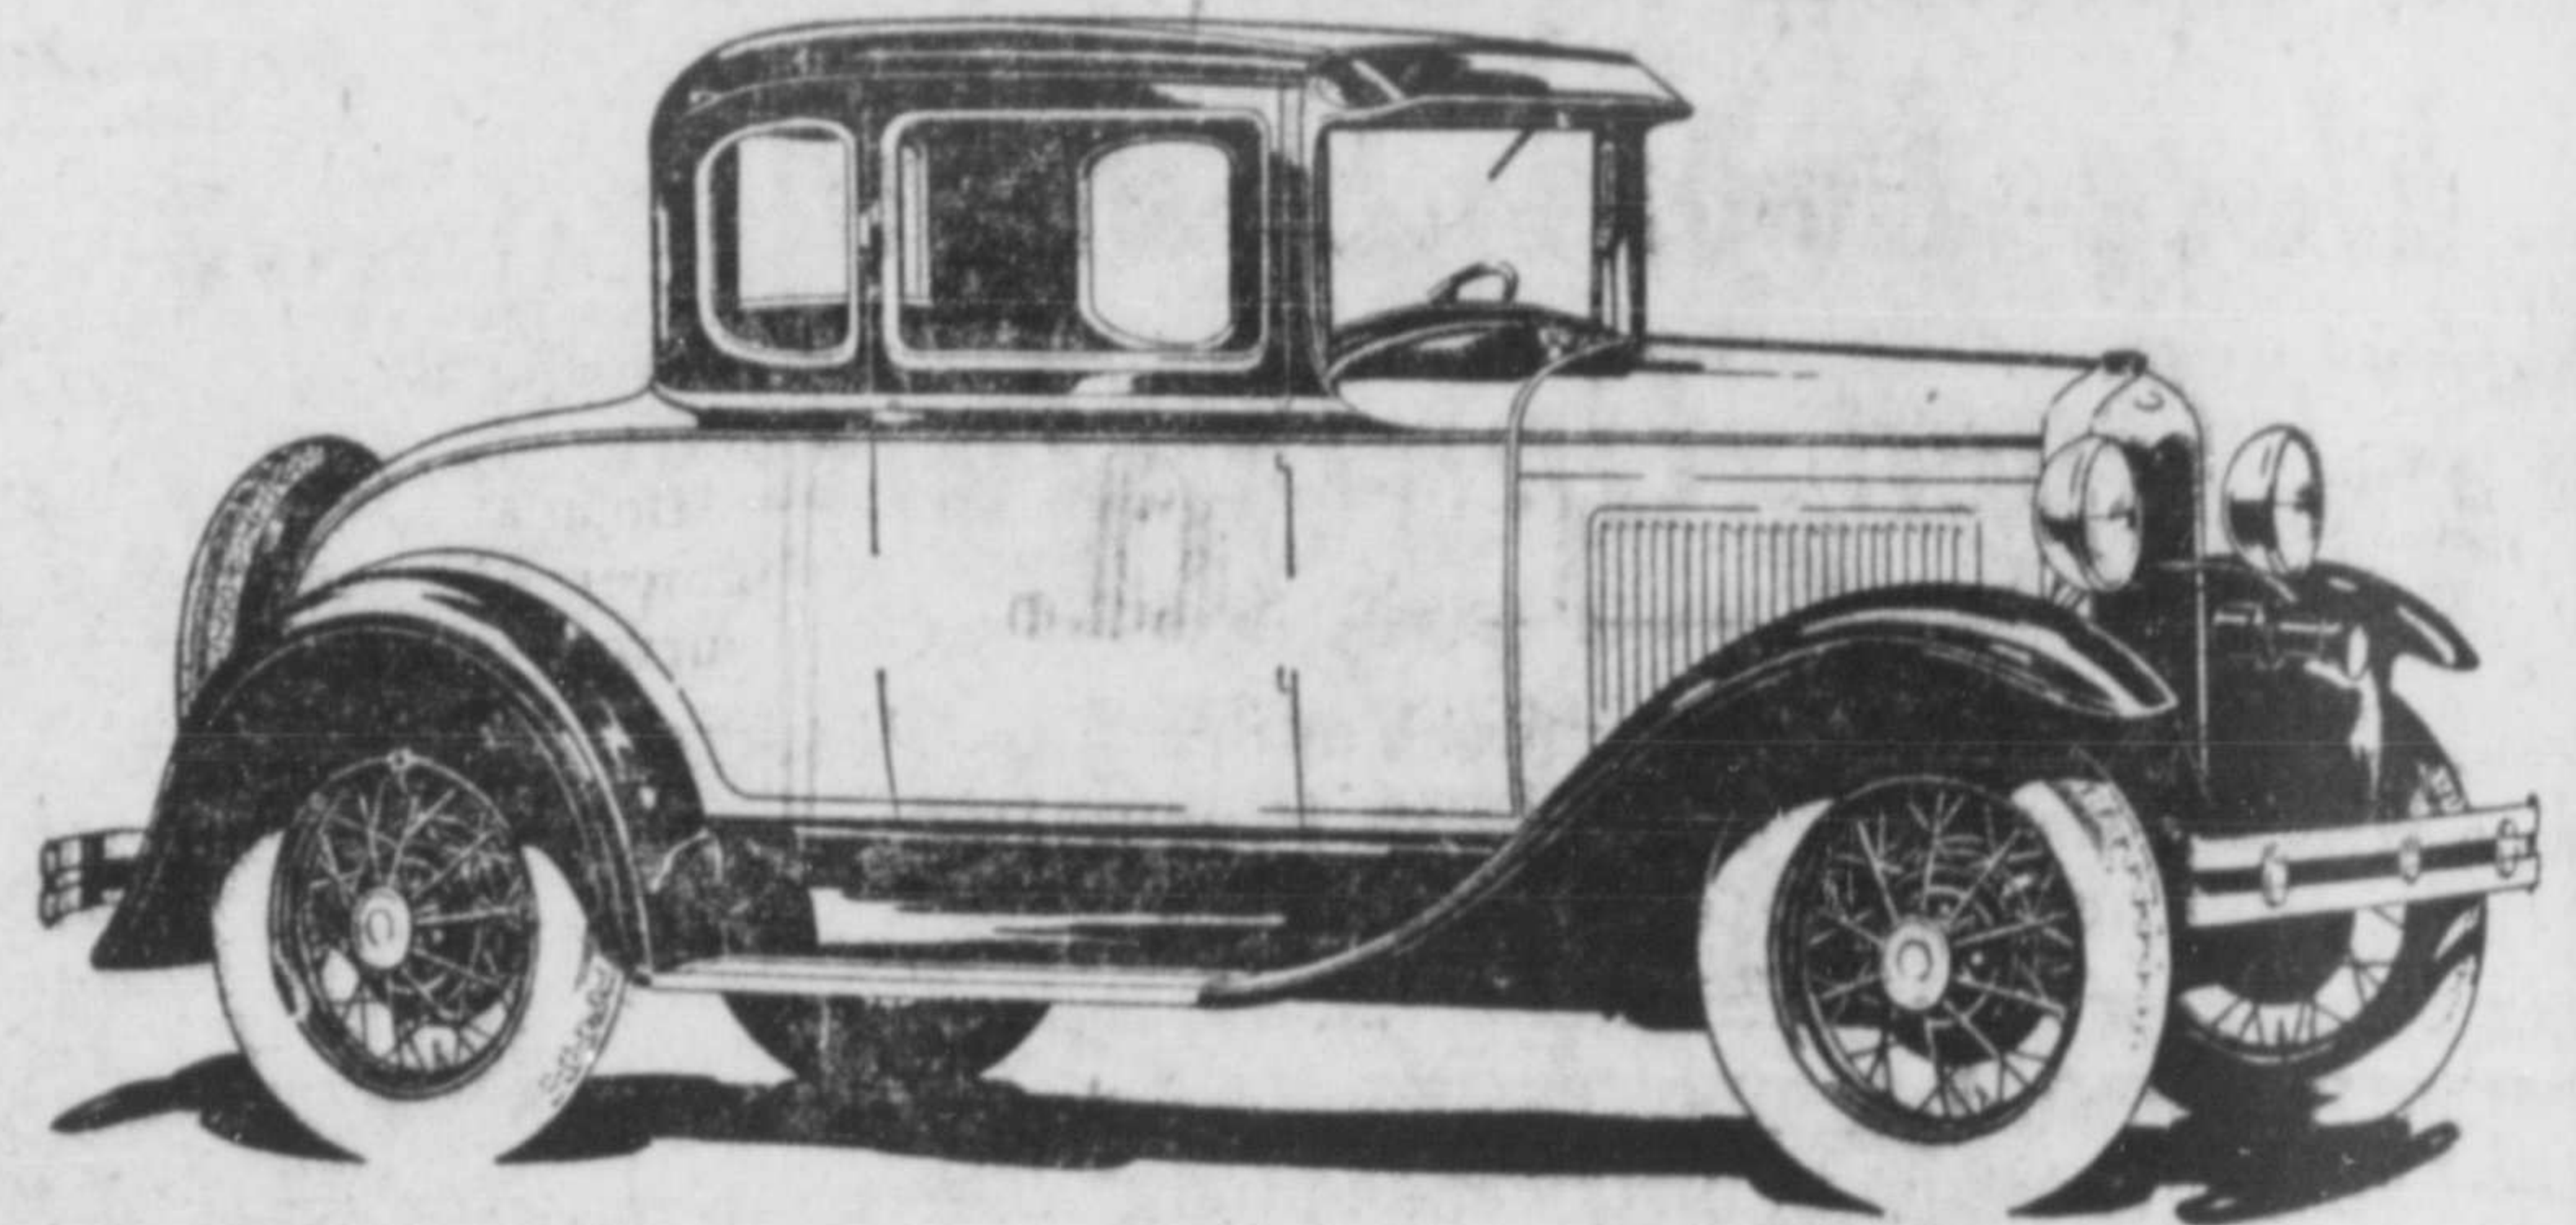

The president urged his people not to lean upon the government but, through their own determination, to solve their own problems.

**Stewart United Church Progress**

STEWART, Feb. 13.—Rev. Evan Baker and the people of the United Church were gatified at reports received at the annual meeting held recently. A new building is in course of erection and will be opened shortly. At a recent communion service five new members were received. There is a growing Sunday School and services are also held at Premier from time to time.

**THE NEW FORD**

**BEAUTY COMFORT SAFETY SPEED POWER ECONOMY LONG LIFE**  
**\*RELIABILITY\***

**NEW FORD COUPE \$585**  
Fully enclosed four-wheel brakes... four Houdaille double-acting hydraulic shock absorbers... shatterless glass windshield... five steel-spoke wheels... torque-tube drive... three-quarter floating rear axle... Rustless Steel for exterior metal parts.

\*Of all the features of the new Ford there is none more important than reliability. It is a reflection of the substantial worth of the car.

Evidence of the high quality built into the Ford is the extensive use of ball and roller bearings. There are more than twenty in all—an unusually large number. From the engine to the road, the entire drive of the new Ford on all forward speeds is entirely on frictionless ball and roller bearings.

In addition to smoother operation, this saves gasoline, gives the car more speed and power, decreases noise and increases the durability and efficiency of every moving part.

Another important factor in good performance is the care with which the car is made. The aluminum pistons are an interesting example of precision manufacture.

Though weighing more than a pound each, they are made so accurately that they do not vary more than one gram in weight. In size they are held true to within one-thousandth of an inch. The wrist-pin holes in the pistons are diamond bored to within a limit of two ten-thousandths of an inch. In each motor, complete piston-assemblies are not permitted to vary from each other by more than 3 grams.

Throughout the car you find many other instances of this same accuracy in the manufacture of vital mechanical parts. Combined with simplicity of design and high quality of materials, it is the reason for the economy and long life of the car and the satisfactory service it is giving millions of owners the world over.

See the nearest dealer and have him give you a demonstration ride in the new Ford. You will know then that it brings you everything you want or need in an automobile at an unusually low price.

**FORD MOTOR COMPANY OF CANADA, LIMITED**

**PRESBYTERY MEET HERE**

Arrangements Being Made For United Church Gathering in March

Arrangements are being made to hold the Prince Rupert Presbytery meetings of the United Church in First United Church in Prince Rupert on March 4.

The chairman, Rev. Wm. Deans, B.A., B.D., Ocean Falls, and Rev. T. H. Wright B.A., the secretary, are mapping out a very interesting program for the occasion.

Ocean Falls has the distinction of being the only self-supporting church in the Presbytery.

The leading places to be represented are: Anyox, Stewart, Prince Rupert, Prince Rupert East, Terrace, Ocean Falls, Hazelton in the white work, and Port Simpson, Bella Bella, Bella Coola, Port Eslington, Kitimaat, Kispiox, Kitzequa where mission work is organized on Indian Reserves.

A new church has been built at Stewart under the supervision of Rev. Evan Baker.

A United Church Army has been established in Kispiox which is virtually a resurrection of the former Epworth League with a few additions bringing it up to modern times.

Great strides have been made in connection with the hospital work of the church. A new hospital has

been built and is now in operation in Hazelton where Dr. H. C. Wrinch is superintendent. Dr. L. B. Wrinch and Dr. Galbraith are looking after all the interests of the hospital during the absence of Dr. Wrinch who is in Victoria attending the sessions of the legislature.

Bella Bella, Bella Coola and Port Simpson are the other three places with splendid hospital accommodation, and expert medical supervision of which any church might well be proud. Very interesting volumes could be written of the work of medical missionaries in the Presbytery of Prince Rupert.

**Marine Missions**

The two Marine Missions have been active during the year. Rev. Capt. Scott of the "Thomas Crosby" and Rev. S. V. H. Redman of Queen Charlotte City have both rendered heroic service for Christ and the church in their cruising along an extensive coastline bringing cheer to lighthouse keepers, isolated settlers, canneries and lumber camps.

The United Church has been asked to take over the hospital at Queen Charlotte. Dr. G. A. C. Roberts is in charge and he and his capable wife have been working overtime to keep up with the work and various calls for medical aid.

Rev. W. B. McIntosh is looking after the work at Dawson and Whitehorse in the Yukon Territory. The Oriental work has a regular pastor who is stationed at Ocean Falls, and gives service to a number of Japanese residents in the district.

When the reports are tabulated it

will be found that there is no room for pessimism but they will bring a message of joy and inspiration to all concerned showing that the Christian minister has made a real and genuine contribution to the development of character and the highest type of manhood, the value of which cannot be estimated in dollars and cents.

**ALICE ARM LECTURES**

Prospectors Take Great Interest In Discourses By Dr. Smitheringale

ALICE ARM, Feb. 13.—Much interest is being shown in the series of lectures being given here this week by Dr. Smitheringale of the Department of Mines, Victoria. These lectures, which are planned to cover the general field of the geological formation and structure of the earth and the deposition of minerals in relation thereto, are given primarily in aid of the prospector. The lectures are being conducted in the afternoon and evening talks, the afternoon talks related to the study and recognition of minerals and rocks and the evening talks on some phases of geology in general. Some thirty persons have attended the classes throughout the week.

Dr. Smitheringale's itinerary calls for the spending of next week at Anyox, and going from there to Stewart.

**SOMETHING NEW FOR LADIES AND GENTS**

Large assortment new clothes for autumn and winter just to hand. All finest quality and latest patterns. Come in and see us today. Suit or overcoat complete and finished in three days. Ling, the Cutter Steam cleaning, pressing and altering. We deliver any part of the city.

**LING — THE TAILOR**

817 Second Ave. Phone 649

**Dr. Wood's Contracted Bad Cold Believed Getting Pneumonia**

Miss Marguerite Croft, R.N., Chester Basin, N.S., writes:—"Last winter I contracted a very bad cold. Nothing I tried gave me any relief from the severe pains in my chest, and I believed I was getting pneumonia. My father told me one night he had a new cough medicine for me to try. Before I had taken a half bottle of Dr. Wood's Norway Pine Syrup the pain was greatly relieved. I took two bottles and my cold had disappeared." Price 35c. a bottle; large family size 65c.; at all druggists and dealers; put up only by The T. Milburn Co., Ltd., Toronto, Ont.

**Local Items**

Glasses fitted by registered optometrist at Heilbronner's store.

J. J. Payne of Fraser & Payne sailed last night on the Prince George for a business trip to Vancouver.

Miss A. M. Barbeau sailed last night on the Prince George for a business trip to Vancouver and elsewhere in the south.

Walter Hume, accountant of the local dry dock, who has been on a trip to Montreal, returned to the city on yesterday afternoon's train.

Special for Saturday at La Casse Bakery—100 lbs. peanut brittle at 25c. per lb. LaCasse famous pound cakes 18c. each, two for 35c., not more than two to any one customer. 37

On a charge of driving to the common danger, George Casey jr. was fined \$10, with option of seven days' imprisonment, by Magistrate McClymont in city police court yesterday afternoon.

Douglas Lay, resident mining engineer for the northeastern mineral survey district with headquarters in Hazelton, arrived in the city from the interior on yesterday afternoon's train and sailed last night on the Prince George for a trip to Vancouver and Victoria on official business.

One more boy of the quintet which has been in the hands of the police on charges of breaking and entering was sentenced to two years in industrial school by Magistrate McClymont in city police court yesterday afternoon. Another boy had been sent down for a similar term by Judge F. McB. Young the day previous. Three other boys were allowed to go with a warning. The two boys who have been sentenced were taken south last night on the Prince George by Sergeant and Mrs. W. J. Service.

**WHY TAKE PILLS?**

THERE'S no need to drug yourself with laxatives when constipation can be overcome by eating a delicious cereal. Mr. F. C. Aminsen (address on request) writes:

"I suffered with chronic constipation for many years and was compelled to use pills every night, but since I got your Kellogg's ALL-BRAN it works fine. I would not be without it. I was so deathly sick of taking pills every night. Now it is so different. Kellogg's ALL-BRAN works so naturally and is pleasant to take."

Just eat two tablespoonfuls of Kellogg's ALL-BRAN daily. Relief is guaranteed. It is the natural, safe way.

Delicious with milk or cream, fruits or honey added. Kellogg's ALL-BRAN also furnishes iron for the blood. In the red-and-green package at your grocer's. Made by Kellogg in London, Ont.

**Kellogg's ALL-BRAN**

Billiards tonight Grotto vs. Canadian Legion.

Dinnerware, china, crockery, glassware, Heilbronner's Store.

The seduction charge in city police court against Leo Contoli has been further adjourned for eight days.

W. H. Tobey, C.N.R. divisional superintendent, returned to the city on yesterday afternoon's train from a brief trip to the interior.

Miss M. A. Clark, who has been nursing on the staff of the Port Simpson Hospital, sailed last night on the Prince George for Vancouver.

A. Pringle, Post Office inspector, who has been here in the district for the past couple of days on official business, will sail by the Catala tonight on his return to Vancouver.

John Kyle, director of technical education for the province, sailed last night by the Prince George on his return to Victoria after spending a couple of days here on official business.

**United Church Valentine Tea**

Very Successful Affair Held Yesterday Afternoon at Home of Mrs. E. P. Jenner

The Valentine tea held yesterday afternoon at the home of Mrs. E. P. Jenner, Fifth Avenue West, by the Women's Missionary Society of First United Church was a very enjoyable and successful affair, many ladies calling during the afternoon to tender their patronage to the function. The rooms were artistically decorated with Valentine motifs and colors and the tea table was centred with red tulips.

The hostess, Mrs. Jenner, was assisted in receiving by Mrs. W. T. Kergin, president of the Missionary Society, Mrs. W. H. Kergin and Mrs. P. C. Miller poured while those assisting were Mrs. James Krikevsky, Mrs. G. V. Wilkinson, Mrs. G. Edgecumbe and Mrs. W. B. Cornish. The home cooking table was in charge of Mrs. D. Santerbane and Mrs. J. S. Irvine and the cashiers were Mrs. T. J. Shenton and Mrs. George McAfee.

During the afternoon there was a fine musical program for the arrangement of which Mrs. Alfred Wilson was responsible. Those taking part in the program were Miss M. A. Way, Miss Isabel Sinclair and Mrs. E. J. Smith with piano solos and Miss Ruth Wilkinson with a violin solo, accompanied by Miss Edith Wilkinson.

A. McCowan, assistant general superintendent of car equipment, Canadian National Railways, and Mrs. McCowan arrived in the city from the east on yesterday afternoon's train in the course of a trip to the coast and sailed last night on the Prince George for Vancouver.

**District News TERRACE**

Joe Felber returned on Thursday from Chilliwack where he has been staying for some months.

Mrs. Hamblin, wife of G. Hamlin and Thomson, is at present very sick at the home of Mrs. Carr.

The members of the Anglican W. A. have contributed towards the presentation of a clever painting executed by Mrs. McCarthy representing the church at Terrace and which is being built as a souvenir to Mrs. H. L. Smith, who left the district a little while ago after being closely identified with the W. A. for many years.

A pair of attractive vases was the prize at the show on Wednesday night, the lucky winner being Miss Betty Anderson.

The Rev. and Mrs. McCarthy left for a brief visit to Mr. and Mrs. R. L. McIntosh.

W. Chapman left on Tuesday's train on a visit to Vancouver.

Austen Goodenough, representing the Hanson Lumber Co. was a visitor on Tuesday.

Carl Hillstrom of Vanarsdol was a business visitor on Tuesday.

Rev. H. T. Allen paid a ministerial visit to Usk on Monday.

Philip Austin accountant of the Liquor Control Board is registered at the Philbert Hotel.

Mr. McSwain, district manager of the Excelsior Insurance firm is spending a little time in town with headquarters at the Philbert hotel.

Ben Agar is losing no time in getting a move on to replace his lost garage. A gang of men are clearing away the debris and levelling the site preliminary to the erection of a large and more up-to-date equipped garage.

Jack McDougall passed through on his way to Prince Rupert on Tuesday.

Mrs. Brooks who was recently the victim of accidental poisoning is making satisfactory progress towards recovery.

A donation of \$50 has been received by the Fall Fair Association from the village commissioners which will be a material help in filling the gap left by the last exhibition.

**NEW HAZELTON**

Miss Ellison R.N. of Calgary arrived this week to take the position of lady superintendent of the Hazelton Hospital.

The ice harvest in now on in the interior. New Hazelton will get its supply locally while old Hazelton will get its from Lake Kathlyn.

Quite a number of Hazelton people are ill with influenza and a number of cases of chickenpox are also reported.

## CHURCH AT HOME HELD

Seal Cove Hotel Was Scene of Very Pleasant Affair Last Evening

The annual "At Home" of St. Peter's Anglican Church took place last evening in the spacious dining hall of the Seal Cove Hotel and proved a thoroughly delightful affair from start to finish. There was an exceptionally fine banquet spread which was followed by a program of speeches and musical numbers, the evening's proceedings being rounded off with a happy dance. There were 65 persons at the banquet and about 100 were present for the function which followed. Canon W. F. Rushbrook, the clergyman in charge of the church, was host while Mrs. G. A. Kelsey, president of the Woman's Auxiliary, acted as hostess.

The dinner started at 7 p.m. with Mayor C. H. Orme in the chair. Grace was sung by the choir and the gathering then proceeded to do full justice to an exceptionally elaborate and tasty dinner which had been spread by Mrs. H. Worsfold, the proprietress of the hotel.

The program which followed the dinner included a happy speech by the mayor; vocal solo by C. J. Norrington; remarks by Canon W. F. Rushbrook; vocal duet by Mesdames J. E. Boddie and Robert Blance; speech by Robert Blance, who set forth the work of the church and mentioned the good prospects of a church hall being erected soon; vocal solo by Allan Hill-Tout, and a quaint song, "The Milk Maid," by demure four-year-old May Skinner. Mrs. C. J. Norrington was piano accompanist for the vocal numbers.

J. E. Boddie, in the course of a brief speech, presented to Canon Rushbrook, on behalf of the congregation of St. Peter's in token of its appreciation and esteem, a handsome solid brass reading lamp. Canon Rushbrook, although taken completely by surprise, responded feelingly.

The dinner was following by dancing until 11 p.m. when refreshments were served, the dance then continuing for another hour. Fine music was provided for the occasion by Charlie Balagno's orchestra. J. E. Boddie was master of ceremonies.

## NEW SLANT ON SCHOOLS

Manual Training May Conform to Industries of the Place—Night Classes Urged

That the technical education movement is steadily growing throughout the province was a message that John Kyle, superintendent of technical education for B.C., left with the people of Prince Rupert before he sailed last night for Vancouver. He said this was abundantly evident everywhere. They did not have to worry about it any more. It carried itself forward.

Mr. Kyle suggested that next winter there should be night schools established in Prince Rupert. Classes might be established in dress-making, cooking, woodworking, cabinet making, carpentry and joinery, mechanical drawing, art and music as well as English, particularly English for the new Canadians.

For these night schools the government provided three-fifths of salaries of the teachers, which made the operation of the classes fairly simple. The usual plan was to appoint a director at the beginning of the season and let him organize the work. Choral singing and instrumental music were often popular subjects.

Discussing the question of manual training, Mr. Kyle said that at Powell River the work done in that department was all in the way of paper making. The pupils of the schools got a grounding in the theory and practice before they left school and then they usually entered the mill. He thought there was a possibility of Prince Rupert turning her attention to vocational training such as boat building. It was not necessary to carry on the courses just like they did in other places. In a place where fishing was the great industry, the manual work might be adapted to conform with the inclinations of the people.

## Valentine Tea Is Delightful

Affair Held Yesterday Afternoon by Catholic Women's League at Home of Mrs. McCaffery

A delightful Valentine tea was held yesterday afternoon by the Catholic Women's League at the home of Mrs. M. P. McCaffery, Fourth Avenue West. Many ladies called during the afternoon and a substantial sum was realized. The rooms were appropriately decorated for the occasion.

Mrs. W. H. Kinkade and Mrs. Curtin poured and serviteurs were Miss Jean Stalker, Miss Bessie Campbell, Mrs. I. Fraser and Miss Pulmira Astori. In charge of refreshments were Mrs. Whiffin and Mrs. Murray. Mrs. Wilfrid Gratton and Mrs. J. Lorne McLaren were in charge of the home cooking table and Mrs. J. J. Gillis acted as cashier.

During the afternoon there were delightful vocal solos by Mrs. J. H. McLeod and Mrs. J. H. Carson with Mrs. J. S. Black acting as accompanist.

In the raffle of a pair of beautiful pillow slips, Mrs. Murray was the winner.

## 'Under Suspicion' Scenes Were Shot In Jasper Park

Scenic settings of the moving picture "Under Suspicion," which is the feature at the Capitol Theatre this week-end, were found last summer in Jasper Park. The picture was first produced under the name "Red Sky" which was changed before the film was released.

It is a Mounted Police story with J. Harold Murray and Lois Moran as stars.
