WILL FORCE GERMANY TO PAY FOR REPARATIONS LEFRAY DELIVERS ELOQUENT ORATION AT BIG MEMORIAL SERVICE

Britain and France Agree Regarding Action Against Germany over Reparations

BRUSSELS, April 25.—Lloyd George and Premier Briand of France are agreed on the French plans of enforcement of the reparations on Germany. Considerable military movement is indicated in the details it is said, but the plans are as yet unannounced.

A new German move is expected by the conference.

BRUSSELS, April 25.—New German counter proposals in regard to reparations were sent to Washington Sunday night. The leader of the people's party says they represent a liberal compromise between the Entente demands and the German offer to London, including far-reaching guarantees and to economic obligation assumed by Germany.

BRUSSELS, April 25.—Premier Briand stated in the House of Commons this afternoon that the new German reparations proposals, which had not been discussed, proved unsatisfactory to the Allies. He said that the Allies would support France at a conference on Sunday to discuss the proposals for the occupation of the Ruhr coal fields.

BRUSSELS, April 25.—Premier Briand stated in the House of Commons this afternoon that the new German reparations proposals, which had not been discussed, proved unsatisfactory to the Allies. He said that the Allies would support France at a conference on Sunday to discuss the proposals for the occupation of the Ruhr coal fields.

COAL STRIKE SETTLEMENT DISCUSSED

Temporary Arrangement is Proposed Leading to Permanent Scheme.

LONDON, April 25.—Renewed efforts to find a basis of settlement of the coal miners' strike was made today when representatives of the owners and miners met in conference with the government representative.

It is understood that a temporary settlement was under discussion for a period of three months, after which a permanent settlement embracing a standard wage and standard profit.

MINISTER TO ADDRESS CLUB

D. Pattullo to Speak to Rotary Organization Thursday

Reply to an invitation from the Rotary Club to address at one of their Thursday meetings in the near future, a letter has been received from D. Pattullo stating that he expects to arrive in the city on Monday and if convenient he will address the club on Thursday. Arrangements are being made for this effect.

D. Pattullo did not say what subject would be.

Shaugnessy would Merge All Railways Of The Dominion

MONTREAL, April 25.—That the railroad property of the Canadian Pacific be merged with the Canadian National system was proposed by Lord Shaughnessy, chairman of the board of directors of the company, in a letter to Premier Meighen. More than \$50,000 a year would be saved to the people of Canada by the merger, it is suggested, in his assertion that the total deficit of combined railway systems of Canada would amount to about \$100,000,000.

Under the present plan the C. P. R. company controlling many of the interests would be divided, the present directors retaining control of the railway property and the government management of the present government line as a separate set of directors and control the steamship lines and other assets.

The government would, under the plan, pay the shareholders of the C. P. R. a fixed annual dividend.

SURPLUS REVENUE GREAT BRITAIN VERY LARGE SUM

LONDON, April 25.—Britain's surplus revenue over expenditure during the last year amounted to £230,000,000, according to an announcement made by Austen Chamberlain, chancellor of the exchequer, in the House of Commons.

TWO STEAMERS ARE DISABLED

Both Being Towed to Port, One at Yokohama the Other at Punta Arenas.

YOKOHAMA, April 25.—The disabled United States Shipping Board steamer Wauatchee on her maiden trip is being towed here by the freighter Edmore, which picked her up 115 miles from here.

SAN FRANCISCO, April 25.—Steamer Orani from Portland, Ore., to United Kingdom has been picked up in a disabled condition by freighter Jephtha and is expected to arrive at Punta Arenas, Costa Rica, on April 28.

SCHOOL TEACHERS ARE BACK TO THEIR WORK

Edmonton Pedagogues Fail to Get Increase and Lose Time.

EDMONTON, April 25.—Seventy-five striking school teachers returned to work today after having failed to secure their demands for higher wages. They lost the pay for the time they have been on strike.

MARINE ENGINEERS TO GO ON STRIKE

NEW YORK, April 25.—The Marine Engineers' Association have issued a strike proclamation to go into effect May 1. It is asserted by them that 100,000 men will support the strike.

FIGHTING GOES ON IN IRELAND BETWEEN THE RIVAL FACTIONS

DUBLIN, April 25.—Twelve hours' fighting between fourteen policemen and a flying column of republicans took place on Sunday at Galway, in which one policeman was killed and one wounded. The republicans retreated to the hills taking their wounded with them.

Patrick and Daniel Daffin, brothers, were shot at Belfast, it is believed, in reprisal for attacks on crown forces when one policeman was killed. A policeman was killed and another wounded by mistake in exchange shots between military parties.

"PRINCESS PAT" AND HER BABY.

Lady Patricia Ramsay, who before her marriage to Commander Ramsay, of the British navy, was the much sought Juliet of many Romeos. She is shown with her little son. As a daughter of the Duke of Connaught, then Governor General of Canada, she was the sponsor of the famous Princess Pat Regiment of the Canadian army.

Premier Oliver Plans to Have Busy Time in East on Business of Province

VICTORIA, April 25.—Premier Oliver left on Saturday for a trip east as far as Halifax where he will attend a good roads convention and will return to Victoria about June 1.

The Premier will visit Edmonton to discuss with the Alberta Government the proposed extension of the Edmonton, Dunvegan and British Columbia Railway into this province.

At the Dominion capital Mr. Oliver will try to persuade the Government that it would be a good thing for them to take over the P. G. E. Railway. He will also urge upon the Federal Government the desirability of passing legislation supplementing the Liquor Control Act of this province to give British Columbia complete control of all imports into the province for the better working out of the law.

After a short visit to New York, the Premier plans to go to Grey County to see his father before returning.

NO MORE GAMBLING ON RESULT OF GAMES

VANCOUVER, April 25.—The Police Commission has shut down on the gambling game being conducted by the Vancouver Sun in connection with the football results. It was understood that the paper was about to commence a series in connection with baseball. The prizes had reached huge dimensions.

MOUNTIES MAY HAVE AEROPLANE FOR STEED

OTTAWA, April 25.—The natives of the farthest north are due for a surprise if the request of Commissioner Perry, of the Royal Canadian Mounted Police, to the air board to share in an air service to Fort Norman from Peace River is carried out. Instead of carrying the "White man's law" by dog team or horseback the red-coated horsemen of the plains would arrive at outside posts by airplane, covering in a few hours their patrols which now take as many days.

SONS OF ENGLAND AT CHURCH PARADE

There were about sixty persons taking part in the joint church parade of the Sons of England and Loyal Orange Lodge last evening. Lining up at the Knights of Pythias hall the procession went to the Anglican Church where Canon Rix delivered a "splendid" address on "Loyalty to the Empire." After the church service the whole assemblage proceeded to the Westholme Theatre where seats had been reserved for the Second Battle of Ypres anniversary service.

PRINCE RUPERT TO BE READY ABOUT MAY 6

VICTORIA, April 25.—The steamer Prince Rupert is to be delivered to the owners about May 6, Yarrows announce. She is just receiving the finishing touches after being thoroughly repaired and renovated following the trouble at Swanson Bay and has had some of her cabins converted to sleep three people instead of two.

Memorial to Those Who Fought So Bravely at Second Battle of Ypres

The Westholme Theatre was packed to the doors last night by citizens of Prince Rupert to celebrate the anniversary of the Second Battle of Ypres. President Kelly of the Great War Veterans Association was in the chair and Rev. Father E. LeRay delivered a short but eloquent oration suitable to the occasion which appealed to every man and woman in the audience for its simple directness and sincerity. Others on the stage were Mayor Rochester, Rev. Canon Rix, Rev. Dr. Grant, Rev. T. H. Nuttall, and Rev. W. B. Redman, American Consul Wakefield, Belgian Consul Collart and Jack Plant.

The G. W. V. A. band was the feature of the evening. It played a number of selections and Conductor Greenfield is to be congratulated on the first appearance in public of this organization. It has 24 pieces and played like an old and experienced band. It will prove a great acquisition to the city and should receive every support.

The Oration.
Rev. Father LeRay in his address said he was glad to celebrate with those present the anniversary of the Second Battle of Ypres. On that memorable date in 1915 the allied troops were enormously outnumbered yet they fought for two days and two nights. The anniversary brought back to many thrilling and sorrowful scenes. Any Canadian citizen must be proud and rejoice over this great event. Many great battles had taken place and all were important, but future history must record that the Second Battle of Ypres was the most far-reaching of all in its effects in the winning of the war. There were the first and second battles of the Marne, the battles at Verdun and the Somme and the famous Vimy Ridge where Canadians won such renown. Those were great and famous battles and important, but for the final success of the war the Second Battle of Ypres overshadowed them all. This battle saved France, England and Belgium from the enemy.

Pious Remembrance.
"O France, my dear France that I love so well, the scene of so many great and glorious battles would have been a German province today had not the Allies fought this and other great battles. In celebrating this anniversary, let us do it by pious remembrance of the fallen and by learning the lesson of patriotism. The heroes of Ypres fought, suffered and died for their country, and we too must love our country and work for her prosperity. Glory and immortality to the Canadians who proved their bravery so many times and in so many struggles and whose name will never be forgotten in France. They gave their lives for France and I say from the bottom of my heart to Canada, God bless you."

Number Took Part.
Those who took part in the proceedings in addition to the speaker and the band were Rev. G. A. Rix who led in prayer, Rev. W. B. Redman who read from the scriptures, H. Pattinson, Mrs. Ackroyd and Mrs. Baker, who sang, and J. C. Brady who recited "The March of the Dead." The boys of the naval brigade acted as ushers and took up the collection for the memorial fund, which amounted to \$126.30.

ONCE MORE A CAR SHORTAGE

Something Like 200,000 Pounds and Cars for Half Amount.

There is a large fleet of fishing vessels with about 200,000 lbs. of halibut moored at the government wharf today awaiting the bidding at the fish exchange, which started this afternoon, to be completed.

The sale, which is usually held on Sunday, has been held up on account of the railroad trouble due to the fine which prevented the arrival of the four refrigerator cars which did not reach here until after noon today. Even with these cars no more than half of the arrivals will be accommodated for eastern shipment.

MICHELSEN CASE IS ADJOURNED TO WEDNESDAY NEXT

F. Michelsen, charged with robbery with violence from Jack Miller, was further remanded in the police court today until Wednesday morning on account of there being no stenographer available to take the notes of the evidence.

A good deal of interest is being taken in the case. One of the men on the boat Valorous, on which the robbery is alleged to have been committed, was the man Johnson who was shot over a card game in a Ketchikan hotel recently.

T. B. Hooper, city solicitor, and A. M. Manson, for Miller, are appearing in the prosecution while W. H. Johnson has been retained for the defence.

TRAYNOR EXECUTED MURDER OF PARRELL

Wife and Ten Children Sobbed Outside Jail as Notice Posted

DUBLIN, April 25.—Thomas Traynor was executed in Mountjoy prison for the murder of Cadet Parrell. Traynor's wife and ten children stood outside the prison in the crowd and sobbed when the execution notice was posted.

Enthusiasm For Sport.

It is difficult to understand the enthusiasm of some of the English people for sport. For a man to stay up all night in a cold rain and remain in the same place all next morning in order to get a good seat at a football match seems like carrying the sport craze to the limit.

Why be Cynical And Suspicious?

Why are Prince Rupert people so cynical and suspicious? With a few notable exceptions nothing good can come out of Prince Rupert. The citizens will not recognize local ability.

As a matter of fact Prince Rupert has some of the finest people, the cleverest artists, the keenest businessmen, and the best women there are in the country. There are few places that compare with this in the personnel of its citizens.

Snow on Saturday On the Prairies.

On Saturday there was a bad snowstorm in Southern Alberta. That is where they get the climate. Sunny Alberta is a fine place to live but they have their set backs and their disagreeable times.

Congratulations to G. W. V. A. Band.

We take great pleasure in congratulating the G. W. V. A. band on its successful debut last night. The music last night was excellent and this aggregation should develop into one of the best on the coast.

C. Gazette and for three months in one issue each month of some newspaper published in the Prince Rupert Water District.

Dated this 24th day of March, A. D. 1921. T. D. PATTULLO, Minister of Lands.

WHEAT SHIPPED THROUGH STATES

Only 24 per cent of Product Goes Out of Canadian Ports.

WINNIPEG, April 25.—In the half year which ended with February last less than 24 per cent of Canada's exports of wheat to overseas countries was shipped direct through Canadian ocean ports. Of the total export business to all countries about seventy per cent was done from Western Canada. These are striking statements from an article in the Grain Trade News, a daily market paper issued in Winnipeg, which gives details of the exports of wheat from this country during the six months from September 1, 1920, to February 28, 1921.

The article says: If the figures for the Canadian ocean ports are picked out of the general list it is found that the direct exports of Canadian wheat to overseas countries from our own ports for the six months totalled only 14,936,022 bushels. These are the revised official figures.

Vancouver, 466,328 bushels, Montreal, 11,943,564 bushels, St. John, 2,484,544 bushels, Quebec, 41,186 bushels, North Sydney, 100 bushels.

These are very small shipments from eastern Canadian ports and it will be noted that no shipment at all is reported from Halifax. Less than 24 per cent of Canada's exports of wheat to overseas countries was shipped direct through Canadian ocean ports. This is below the average per centage and may perhaps be partly accounted for by the fact that an unusually large proportion of our wheat exports during these months was destined to central and southern European countries for which there was liner accommodation at United States ports. Tabulated, the figures are as follows: Exports from Canadian ocean ports—Vancouver, 466,328 bushels; Montreal, 11,943,564; Quebec 41,186; St. John, 2,484,544, and North Sydney 100 bushels. Total from Canadian ocean ports, 14,936,022 bushels.

Illustration Stations to be Established and Man to be Appointed to Study Conditions

John Foster, chief supervisor of illustrations for the Federal department of agriculture is here in the course of a tour of the province with the object of establishing illustration stations. Up to the present stations have been started at Armstrong, Kamloops, Barrier, Ladner, Langley Prairie, Merville and Comox.

It is Mr. Foster's intention to establish six stations along the line of the Grand Trunk Pacific during the coming week, and he is stopping off at various points along the line for this purpose.

Mr. Foster further says that he expects to send a man into that country to study conditions and give advice to farmers. This he thinks will be of considerable practical advantage.

The time used is Pacific Standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight.
The table given is for Port Simpson but the time for Prince Rupert varies only a few minutes on some days and on others is the same. The range of the tide may be computed as 5 per cent greater at Prince Rupert than at Port Simpson both at springs and neaps. Therefore the rise in the Prince Rupert harbor is slightly greater than Port Simpson.
The height is in feet and tenths of feet above the average level of lower low water.

BEWARE OF BRONCHITIS

Bronchitis is generally caused by neglecting a cold, or exposure to wet and inclement weather. It begins with a tightness across the chest, difficulty in breathing, and a wheezing sound comes from the lungs. There is a raising of phlegm, especially the first thing in the morning. This is at first white, but later becomes of a greenish or yellowish color and is occasionally streaked with blood. On the first sign of bronchitis you should check it immediately by using Dr. Wood's Norway Pine Syrup, thereby prevent it becoming chronic, and perhaps developing into some more serious lung trouble. Mrs. Brice Cuthbert, Sheffield, Ontario, writes:—"In December, 1919, I was very sick with bronchitis, and had to stay in the house all winter. One day I saw Dr. Wood's Norway Pine Syrup advertised, so I got a small bottle which helped me very much; I then got a 6oz. size, and it completely relieved me. I cannot praise Dr. Wood's enough for what it did. Two of my neighbors are now using it for colds." Don't accept a substitute for Dr. Wood's Norway Pine Syrup; the genuine is put up in a yellow wrapper; three pine trees the trade mark; price 35c. and 60c.; manufactured only by The T. Miltburn Co., Limited, Toronto, Ont. Advt.

WAS KILLED BY X-RAYS

British Doctor Victim of Newer Tubes Used in Instrument

LONDON, April 25. — The death of Dr. Ikonside Bruce, radiologist to Charing Cross Hospital, is said now evidence of the risk run by physicians who make use of X-rays in their daily practice. It would appear that the new X-ray tubes possess powers of penetration, and so of injury, far in excess of those which characterize the early forms, and that Dr. Bruce has fallen a victim to a destruction of the blood caused by frequent exposure to the gamma rays which these tubes emit. In other words, the protective measures devised against the older tubes are inadequate when used against the newer, the rays from which are not stopped by the screens.

When the tubes of high penetrating power were introduced, Dr. Bruce was among the first to obtain them. He believed then that the improvements obtained would greatly enlarge the usefulness of the X-rays, more especially in the treatment of malignant growths and blood diseases. His hopes have been in a measure fulfilled and his own work on the anaemias remains as a memorial to his industry and imagination. Every effort, including a transfusion of blood from a willing donor, was made to save him. He was only 45 and had attained a position in the front rank.

ODDFELLOWS' PARADE

Members of Order and Rebekahs Attend Presbyterian Church.

The Oddfellows and Rebekahs paraded last evening to the Presbyterian Church where Rev. Dr. H. R. Grant delivered a special sermon, taking as his subject "Friendliness and Neighborliness." The music of the choir was especially good and a solo by Mr. Teng was much enjoyed. Owing to the uncertainty of the weather and a number of counter attractions there was not a large parade.

Last night's regular passenger train, delayed on account of the slide at Salvus where the way freight was wrecked on Friday night, arrived here at 1:10 this afternoon. The train, due to leave for the east at 11:15 this morning, did not get away until 2 o'clock this afternoon.

A man named William Rogers was admitted to the General Hospital yesterday morning, having been picked up on the railroad track near the city garbage wharf. His account of how he came to be there is somewhat vague and all that he is able to state is that he was knocked out.

Samuel J. Douglas and Jack A. Sutherland, the victims of Friday night's railway wreck are resting as easily as can be expected at the General Hospital today, although both are suffering a good deal. The former sustained the most severe burns while the latter had the double injury in having his leg broken at the same time as being scalded. After the wreck Mr. Douglas walked half a mile to the Salvus section foreman's house.

PROHIBITION IN MOVIES

Bryant Washburn in "The Six Best Cellars" Here

Holworthy Hall and Hugh Kahler recently wrote a screamingly funny story about Prohibition called "The Six Best Cellars." It proved so popular that it was brought out in book form. Now it has reached the movies and, with Bryant Washburn as the star, the picture will be shown at the Empress tonight. Mr. Washburn has the role of a leading member of a fashionable social set of young married people. To keep in the swim he is pretending to possess a big private stock of choice drinkables. On the eve of a big dinner which he is giving, he unexpectedly locates several cases of wine bottles at the home of a Prohibition aunt. At the crucial moment at the party he is horrified to discover the bottles empty. He saves his face by launching into a fierce diatribe against drinking for drinking's sake, which leads him into complications too rich to tell about here.

A. R. Holtby, master of bridges and construction, and R. A. Harlow, roadmaster, came in on the train this afternoon from up the line.

Take Over General Store at Duncan

W. C. Tanner and Walter Harper have purchased a general store business at Duncan, Vancouver Island, and Mr. Tanner will go south on Thursday to take it over. Mr. Harper is already there, but will be back in a few days to clean up here. The purchase was made from Jack Kirkpatrick, who bought it recently.

It is understood that Mr. Kirkpatrick may return here to take Mr. Harper's place, but this is not sure. There will be a re-organization, as Mr. Harper is selling out his interest in the local concern.

Mr. Harper has been in the city twelve or thirteen years and both he and Mrs. Harper will be much missed. Mr. Tanner is with Kelly Douglas and though he and Mrs. Tanner have been here only two years they have made a host of friends and their departure will be regretted.

RED SOX WINNERS IN FIRST BASEBALL GAME OF SEASON

The Red Sox defeated the Sons of Canada by 8 to 4 in the first baseball game of the season played yesterday afternoon at the Acropolis Grounds. The game was an exhibition one, but the play was bright and fast on occasions. Both teams presented good fields that promise to put on many a good contest in the City League this season. Owing to the uncertainty of the weather, there was not a large attendance, but those who were there showed keen interest in the match. P. Laporte was the referee.

The teams lined up as follows:
Red Sox—Harry Astori, p. and lf.; R. Frizzell, c.; R. Matheson, p. and lf.; S. Bazzett Jones, 4b.; L. Astori, 2b.; P. Alee, ss.; V. Maxwell, 3b.; S. Haudenshield, rf.; R. Davidson, cf.

Sport Chat

Both Terrace and Port Simpson are going to make a bid for the Prince Rupert holiday crowds on Victoria Day, May 24, this year. The former place, enthused with the great success that attended the excursion from Prince Rupert last year, proposes to extend a similar invitation this year for a baseball game and participation in the field sports. No less attractions will be offered at Port Simpson where there are to be three Indian bands, Greenville, Massett and Kitimaat, accompanied by the football teams of the same villages. The Port Simpsons also have a good baseball team and there will be plenty of sports offering, besides the quaint scenic attraction of the historic village.

Can Georges Carpentier defeat Jack Dempsey? James J. Corbett and Willie Lewis, Jack McAuliffe and Joe Jeannotte all agree that the idol of France has more than a Chinaman's chance of capturing the world's heavyweight crown. Lewis declares with positive assurance that Carpentier will knock Dempsey out and McAuliffe says that Carpentier's speed and his haymaker is going to prove the downfall of Dempsey. Although Carpentier seems slight in street clothes he looks altogether different when he is stripped. His massive legs and magnificent arm and back muscles dissipate the illusion of slightness and show the man as he really is, a compact, swift moving, sure hitting fighting machine. And after all he is not much smaller than Dempsey.

The following is a comparison of the two great fighters:

TOMMY BURNS WAS NOT KNOCKED OUT

Letter Tells of Fierce Battle at Sydney When Johnson Gained Heavyweight Title.

The following letter has been received at the Daily News office: In an article of Saturday last you state that the gloves with which Jack Johnson knocked out Tommy Burns at Sydney, Australia, are in this city. I would respectfully submit that this is impossible for in the classic words of the down east Yankee, "There ain't no sich gloves."

The mill was stopped in the fourteenth ostensibly to save Burns further punishment but Tommy was still on his feet and gamely fighting.

Furthermore, sporting authorities agree that in case of police interference, no decision should be given. So Johnson cannot be credited with a knockout in that event.

I do not doubt, however, that the gloves used in that contest are in possession of the club mentioned.

CARPENTER IS WONDER MAN

Great French Fighter to be Seen in Action at Westholme

Georges Carpentier, the French heavyweight who aspires to the world's championship crown now worn by Jack Dempsey, unlike many American fighters of the first rank, has a distinguished war record—a record involving the winning of three medals for exceptional acts of courage. It is for this reason as well as his pugilistic ability and his charming personality which caused Carpentier to become the idol of France and, perhaps, the most popular man in the world. He is to be seen in picture tonight at the Westholme.

The French boxer did not wait for his class to be called. When the war broke out he was in London. He broke a lucrative exhibition contract to enlist as a pilot at St. Cyr on August 5th, 1914. He spent four months as chauffeur of staff cars and then, at his own request, was transferred to the aviation service. After a course of instruction at Avord he passed the flight tests in February, 1915, and went immediately to the front as a pilot of artillery observation planes.

For his bravery and devotion to duty, while at the front Carpentier

GOOD AND WELFARE.

Editor Daily News:
With your approval would submit a few suggestions regarding the welfare of our rapidly developing city. Perhaps many of us have good reason to view the future with optimistic eyes—but, I sound a note of warning, we are doomed to disappointment if we continue to lack those essential qualities that make a community appealing to those who would make it permanent headquarters.

Undoubtedly Rupert has greater possibilities in store than any city in Canada, providing the citizens and residents in general acquire a much more "live wire" spirit than at present prevails.

Not Pass Buck.

Do not "pass the buck" to the municipal officials, because in their hesitant and passive attitude toward important public matters, their lack of initiative, they only reflect a condition with which the great majority of our residents are imbued.

Rupert has every natural advantage that could be wished for; harbor, railroad, a comparatively splendid townsite, the benefits to be derived from great industries such as fishing, with its cold storage, canneries, etc.; logging, with its great sawmill, and in the near future perhaps pulp and paper mills; mining with its contributory commercial value. The railroad necessitates a round-house (Rupert being the terminus) which will eventually be enlarged and, oh, no! I have not forgotten our beloved drydock and shipyard.

Live Wire Habit.

But now, Mr. Editor, this suggestion I contemplate giving requires that I first remind our inhabitants that not only are they citizens of a wonderful city but also share in the responsibilities of the province of British Columbia and the Dominion. I give this little reminder because the first answer to suggestion number one will be, "It can't be done—it's up to the Dominion Government," where there's a will—there's a way has been known to work wonders in places where the people have acquired the "live-wire" habit!

How many times have you walked from the wharf or railroad station, up to our main thoroughfares naturally using that board-walk that was constructed for pedestrians only and which terminates at 2nd Avenue and Sixth Street? Have you ever feasted your eyes on the immediate grounds surrounding this walk? Do you realize that often our first impressions of a city, whether we are strangers or merely coming back from a prolonged trip, we'll say, urge us on, until finally we can get to dislike the place?

An Eyesore.

This land, of which I speak, from the G. T. P. office building right up to the Prince Rupert Hotel, has been an eyesore to me a long time, and a silent witness that some of the statements I have made heretofore are correct.

If you will note the soil in question is more free than any other in Rupert from muskeg and its repelling features. Are there any imaginations so weak that they should not picture this area with a lovely grassy, rolling, lawn-like appearance? Just think! right at the entrance to our city and all that remains to be done to make it a practical reality is to exterminate the stumps, gather the numerous small rocks, gather up an occasional halibut head or two, put the "live-wire" switch on to our inhabitants—and presto! Dreams come true!

Lead, Not Follow.
Alas, I am not sure I am ad-

Ireland are Irish. They are the descendants of the invaders under the Prince of Orange. Their policy has been, with the assistance of the English aristocrats, to preserve a little Ireland and giving the English politicians the excuse that it was a religious question in Ireland. Today the Irish people are more united than ever in her history. Religious barriers are being broken down. Her present and past history is sufficient proof of her right to say what form of government she shall live under. That is all which the Self-Determination League of Canada for Ireland advocates. If Ireland had received Home Rule as proposed by Gladstone, Campbell-Bannerman or Asquith and endorsed by the people of Britain, English speaking people would have been spared the everlasting disgrace which the Tory Government has inaugurated in Ireland.

Sincerely yours, LEONARD WAIDE.

MONTGOMERY AGAIN.

Editor Daily News:
In answer to Mr. Stott's letter, I cannot see where he can logically draw any comparative relations between those states hostile or otherwise, to England, and compare them with Ireland and England. These states bear relations to Germany on account of their geographical position are many times a greater menace to Germany than Ireland would be to England. France is much closer connected to the vital parts of England than Ireland is. At one period England realized that, but France was able to exert sufficient force to convince English imperialism that it was mistaken. Today both nations realize that it is much better to be friendly nations than enemies. This is no reason why a similar position cannot be occupied between Ireland and England.

Land Abiding Country.

Mr. Stott attempts to justify the actions of the army of occupation in Ireland by assuming that the Republican army would do the same thing. He suggests that it would be nice for the army to remain indoors and allow their comrades to be shot. Why not bring in their comrades also where they would be safe, if they wished more safety they could retire unmolested to their home in England where they belong. Ireland would then reoccupy her original position in the world as one of the most intellectual, moral and law-abiding countries. In celebration of such event they would undoubtedly set such date as a day of commemoration which would far exceed St. Patrick's day when that saint east all the reptiles out of Ireland.

Comparisons.

In 1914 the north of Ireland set up a government in Belfast to resist the laws of Britain. The leader of that movement, Sir Edward Carson, was appointed to one of the highest positions in England. General French became Lord Lieutenant of Ireland and others have got their rewards. In 1916 a government was set up in Dublin but all the leaders, which could be captured, were executed, some without any form of trial, just lined up and shot. The crimes are identical. It seems that there is a law for the north and another law for the rest of Ireland.

The loyal ancestors of the north assisted to fling one English crown in the Boyne river and to place a foreign prince on the English throne. They have through their leaders expressed their willingness to repeat their former action.

Not Religious.

The great mistake is made when people assume that this small minority in the north of

BECAUSE IT'S BETTER

People in the East buy Pacific Milk because they like it better than any other. There's a reason for its superiority. We in British Columbia have a double reason for buying only PACIFIC. It's a home product and helps to keep money in circulation here. And it is the only canned milk put up in our province.

HUSKY DOGS IN THE NORTH

They Take Place of Flivver and Horse; Wonderful Value

WINNIPEG, April 25.—The horse or the flivver has no chance with the dog teams in the north-land during the winter season, according to Miss Mary Glendonan, staff writer for the Manitoba Free Press. Dogs are the winter burden bearers of the north. The young men of the towns buy a dog team and toboggan instead of a flivver with which to take the girls riding. On the other hand, pioneers at remote posts do not mush the dogs as sport. The dogs are harnessed when it is necessary to make the round of the trap lines; to replenish the larder; to fetch supplies or mail from the nearest post or to make a hurry-up trip for the doctor.

The only wagon roads north of The Pas and vicinity run to Elm Flon mine, about 100 miles, and from Mile 82 on the Hudson Bay Railway to Herb Lake, about 18 miles. Aside from these roads horses are unknown in the north, and where the horse cannot go the automobile has no chance.

Water in Summer
Northern traffic goes by water in summer and the dogs for their sins of fighting and howling are banished to outlying dog camps. They come into their own again each fall at freeze-up, for then passenger, freight and mail service depends on dog power.

The genuine husky is a cross between the big timber wolf of the north and the collie dog. Many of the present huskies are generations removed from the original cross by which the type was produced. Many other working dogs show points of the husky, all but extinguished in the conglomeration of almost everything doggy.

Proof of Breed.
Pure huskies are known by their sharply pointed ears, the plumelike tails carried well over their

HEARTBURN LIVER TROUBLE

When the liver becomes torpid and inflamed, it cannot furnish sufficient bile to the bowels, thus causing them to become constipated.

The stomach is also affected. In the case of heartburn there is a gnawing and burning pain in the stomach, attended by disturbed appetite, caused by great acidity. Whenever too much food is taken, it is liable to ferment, and become extremely sour, vomiting often occurs; and what is thrown up, is sour and sometimes bitter.

Other liver trouble symptoms are pain under the right shoulder, yellowness of the skin and eyes, hoarse specks before the eyes, coated tongue, bad taste in the morning, foul breath, water brash, jaundice, constipation, etc.

Keep your liver active by using MILDUR'S LAXA-LIVER PILLS and you will have no heartburn or other liver troubles. Being purely vegetable they do not grip, weaken or sicken like the old-fashioned purgatives generally do.

Mrs. Mary Strone, Glasgow, Sask., writes:—“I have used MILDUR'S LAXA-LIVER PILLS, and they have cleared me of heartburn and liver trouble. I don't think they can be beaten by any other medicine, and I can highly recommend them.”

backs, the rich, smoky silver of their coats which are long and silky, and also by their wolfish howling. Such dogs can not really bark. Some of them weigh 100 pounds, and a load of 100 pounds per dog is not considered excessive. They are fit for work before they are one year old and are good for the hard trips of several hundred miles with a spin of perhaps 60 miles per day, for almost seven years. After that they may be used at easy hauling for two or three years. Fifty miles a day is considered good stalling and 2,000 miles in a winter is a conservative estimate of what a dog at regular work will cover.

Dog Languages.

There are different dog languages. “Mush,” pronounced in a hoarse, guttural sound, is used for the start, with “gee” and “haw” for right and left, “whoa” for the stop and other words too numerous and hectic to mention, reserved for the lazy contrary beast. The Indians say “yoo” for the right turn, and an explosive “cha” for the left. The Alaskan, Walter Goyno, uses a monotonous conversational tone with his dogs, starting them with a short whistle and “all right.”

Garage Gossip and Giggles

From Literary Digest “Topics of the Day.”

The great automobile driving public often meets at that forum of gasoline gossip—the garage. The motorist who is a good sportsman, does not mind a trip now and then for a few repairs. He realizes the importance of keeping his machine in tip-top trim. But to hear some flivver owners talk one would be led to imagine that a garage is a good place to keep away from. In

reality, all reliable garages aim to render “service that makes friends.” It is not only the good services that makes friends, but the cheerful conversation between the mechanics and the patrons who swap stories about cars and experiences. Many humorous gags and giggles told in garages reach print in the daily newspapers and some of the best appear on the motion picture screen in “Topics of the Day.”

Newly Rich: “I’m getting an automobile. What is the first thing one ought to learn about running it?”

Wiseacre: “The telephone number of the nearest repair shop.”—Boston Transcript.

The time to buy a used car is just before you moved, so people in the new neighborhood will think you were the one who used it.—Kansas City Star.

“Tommy, can you spell?”
“Sure! I can even spell words of four cylinders.”—Motor Life.

A man refers to his automobile as “she,” probably because it is something he can't reason with.—Syracuse Herald.

Kitty (playfully): “Oh, Tommy boy, why do you call your motor kitty?”

Tommy (mechanically): “She has such a gentle purr.”
Kitty: “Tom!??? Cat!!!” —Rutgers.

Robby's dog was limping along on three feet.
“Look, daddy! Tige's not hitting on all cylinders.”—Motor Life.

“Why, Teddy, how did you catch that chicken?”
“Oh, I des runned him and runned him till his gas gave out.”—Motor Life.

The Farmer: “Am't that a fine cow?”
Motorist (absent-mindedly): “How many miles will she do on a gallon of milk?”—Passing Show.

There's no more use in having goods that nobody knows about than in winking at a pretty girl in the dark.

PRESSED GENTLY BUT VERY FIRMLY!

This is the fourth machine used in cleaning your clothes by our

Dry Cleaning Process

The garments are folded carefully and great care given to have the case just right. Once in position, steam is pressed through the fabric and pressure applied gently but very firmly. In a few minutes the garment appears thoroughly renovated and looking as good as new.
