Erb Injunction Continued In Shipbuilding Dispute

Control Left in Hands of New York Man Until Case Comes To Trial in Supreme Court in Near Future.

(Special to the Daily News via Government Telegraphs.)
VANCOUVER, January 27.—The chambers application for an injunction restraining W. E. Williams, A. M. Manson, Miss Thompson, J. R. Morgan, Col. S. P. McMordie, E. C. Gibbons, F. F. Schellenberg, and J. L. Mullen from acting as directors of the Prince Rupert Drydock & Engineering Co., Ltd., and placing the temporary control in the hands of Newman Erb of New York, who claims to control 51 per cent of the stock in concern, concluded yesterday and the injunction was ordered continued until the case can come to trial. The application was heard by Mr. Justice Murphy.

Mr. Manson left last night for Prince Rupert and should arrive there Wednesday morning. Newman Erb has brought suit against the directors of the company to recover control and this will be tried in the Supreme Court in the near future.

At the conclusion of the argument S. Alexander, counsel for the Grand Trunk Pacific, announced that the minister of railways and canals at Ottawa had instructed him to support the claim of Mr. Erb. His Lordship's decision came at the end of a five-day hearing, in which E. P. Davis, K. C., counsel for the New York railway magnate, and E. C. Mayers, counsel for Mullen and Manson, filed hundreds of documents, and argued for a day and a half, and in which Alex. M. Manson had an interesting duel of wits with E. P. Davis as the latter cross-examined him on his affidavits.

His Lordship decided that the controversy between the parties was so involved that it could not be decided on the present interlocutory proceedings. The original board controlled by Erb, but in which Mullen and Manson were members, he said, had certainly acted as such with the full knowledge of both sides of the present dispute and had in fact done the whole business of the company for many months. Apparently doubt had arisen among some of the parties, continued his Lordship, as to whether the board was legally constituted or not. Tribunals existed in this country for the determination of such questions, but two people, each holding one share in the company, merely for the convenience of the corporation, had taken it upon themselves to decide that the original board was not legal. His Lordship held that the two shareholders were not justified in determining this serious legal question, at least without notice to the others who appeared to have strong legal grounds for notice of any meeting that was to be held.

"That makes the case for continuing the injunction to the trial where the whole question of the legality of the respective boards can be determined," the judge added.

Mathias Erzberger Fired at; Wilhelmstrasse Barricaded at Berlin Monday by Noske

(Special to The News via G. T. P. Telegraphs.)
BERLIN, January 27.—The Wilhelmstrasse is barricaded and under guard of numerous troops, a patrol of eighteen armored automobiles and half a dozen huge motor trucks loaded with armed troops. They took up their position in front of the Government Buildings and shut off all traffic from the thoroughfare. The precautions were taken by Minister of Defense Noske, stimulated by an assault that was made on Mathias Erzberger and by rumors that the monarchists would attempt an insurrection on the eve of the former Emperor's birth day, which occurred today.

The attack was to be primarily directed against the independent Socialists and radicals. Mathias Erzberger, minister of finance, was wounded by a shot fired at him yesterday as he was leaving the criminal courts building. He was slightly wounded in the shoulder.

DOCTOR GETS CLAIM

It was decided at last night's council meeting to grant Dr. McNeill his claim of damages against the city for damage sustained to his car when it went over the side of Sixth Ave. near the skating rink due to a loose guard rail. The city engineer reported in favor of the doctor's claim and the motion granting it was made by Alderman Perry and seconded by Alderman Kerr.

ICY WEATHER IN OUTSIDE WATERS

Two boats were in for this morning's fish sale, the "Tom and Al" and the "Convention." The former sold 65,000 pounds to the Cold Storage for 14.5c and 9.7c, while the latter disposed of 20,000 pounds to the Royal Fisheries at 14.7c and 10c. The Panama was in with 55,000 pounds but anticipating low prices cleared for Seattle early this morning. The "Tom and Al" presented quite a picture with her rigging and winches frozen fast with a thick coating of ice telling of the cold weather prevailing on the banks and the wintry passage south. The "Senator" left at 10 o'clock for the banks.

FISTIC FIGHT BY PLAYERS IN HOCKEY MATCH

Vancouver and Victoria Teams Drop Sticks and Mix It Amid Intense Excitement.

(Special via G. T. P. Telegraphs.)
VANCOUVER, Jan. 27.—Battling under tension shared by 6,000 spectators, the opposing players of the Vancouver and Victoria hockey teams dropped their sticks when there was but one minute to go and staged a brief but highly interesting fistic combat. It was a wild game and was won by Vancouver with a score of 7 to 5. Eddie Oatman of the Viscounts had the distinction of being assessed \$25 for smacking the referee on the nose. When 19 minutes of the third period had elapsed Dunderdale and Jack Adams, in their efforts to gain possession of the puck ran foul of each other and knocked down the referee, who replied with a blow on the jaw. This was a signal for a general mixup.

I. W. W. Attorney Claims That Centralia Men Fired in Self Defense; No Change in Venue

(Special to The News via G. T. P. Telegraphs.)
MONTESANO, Wash., January 27.—An attempt by George F. Vanderveer, counsel for 11 alleged I. W. W. members accused of murdering American Legion members on Armistice Day at Centralia, Washington, to introduce newspaper articles and editorials as a basis for a change of venue met defeat when the trial began yesterday before Superior Judge M. Wilson of Olympia.

Attorney Vanderveer said he would prove to the court that the I. W. W. attacked the legionnaires in defense only. "This won't be disputed when the trial is over," he said. "We'll prove it by presentation of witnesses."

Change of Venue Refused Winnipeg Strike Leaders

(Special to The News via G. T. P. Telegraphs.)
WINNIPEG, January 27.—A change of venue for the trial of the strike leaders was refused by Mr. Justice McCalfe at last evening's session of the Assize Court. The motion had been introduced by John Queen, one of the accused, on the ground that the minds of the people of the Eastern Judicial District of Manitoba have been and are influenced and prejudiced against the accused men and that the crown counsel had prosecuted inquiries among prospective jurors to the prejudice of a fair trial. A verdict finding that there was no misconduct on the part of the sheriff or deputy sheriff in the preparation or giving out of the jury panel was found at the afternoon session of the trial yesterday.

(Special via G. T. P. Telegraphs.)
VICTORIA, Jan. 27.—After the severance of negotiations between Capt. George E. Robertson, superintendent of pilotage for British Columbia, and the B. C. pilots, the grievances of the latter have been adjusted and the pilots are now working under the new pilotage regulations, which became effective at the beginning of the year. The pilots have been guaranteed a fixed salary of \$325 a month. Capt. Robertson, accompanied by Alexander Boyle, chief accountant for the Marine Department, left for Ottawa.

Engine Plowed Way Through Three Cars

Neither Engineer nor Fireman saw Section of Train in Front until Within 20 Yards; Travelling at High Speed.

(Special to The News via G. T. P. Telegraphs.)
NORTH BAY, Ont., January 27.—Individual railwaymen assert that there may be more bodies still buried under wreckage of the Winnipeg train Number 1, the second section of which telescoped the first section at a curve about one and a half miles east of Corbeil, eight miles from North Bay. The total of eight dead officially announced included two bodies recovered from the wreckage.

Wonder is expressed now that the damage to the second section was not greater. The second section, travelling between 35 and 40 miles an hour, crashed into the first section and the huge engine plowed her way through three cars practically, before the emergency brakes brought her to a standstill. Then she toppled over. The observation car crumpled almost to match-wood and the sleeper nearest was thrown to the right side of the track.

How the fireman and engineer escaped was one of the miracles of the tragedy. The fireman was seeing to his fires as the crash came. The noise of his shovel probably had something to do with his failure to hear the crash. The huge boiler of his engine prevented the engineer from seeing the first section until he was within 20 yards. Neither engineer nor fireman had time to jump.

SEAL COVE MILL WANTS MORE POWER

Proposed to Take Drydock Power Over City Transmission Lines.

A special meeting of the Council of the Board of Trade was held last night when E. F. Duby, of the Emerson Lumber Co., was heard. Mr. Duby desires to obtain further power for the use of Seal Cove sawmill which will amount to 350 horse power. Obtaining more power for the mill presents difficulties as the city plant is now taxed to capacity and cannot supply more power under present conditions, it is said. Mr. Duby's solution of the question is to get power from the drydock and transmit it over city lines. A delegation was appointed from the Board of Trade to meet the City Council on the matter.

ALICE ARM STILL TIED UP BY COLD

Chelohsin Was Unable to Force Her Way Through Ice Yesterday Afternoon.

Alice Arm is still frozen in and the "Chelohsin," which arrived at 10:30 this morning from Anyox, reports that after several attempts to get in the vessel had to turn back and return here. The last boat for the outside from Alice Arm was the local gasoline boat "Wake" which made the trip to Anyox last Tuesday. The last time that the Arm has been tied up for such a time was the winter of 1916.

CITY WILL HOLD CLAIM

On the recommendation of the Board of Works of the City Council a letter is to be written to J. R. Morgan, Ltd., stating that the city does not intend to relinquish any claims it may have of foreshore in the vicinity of Cow Bay. This will be in answer to the communication received from the company in the matter of obtaining a site for a lath mill on the foreshore.

DROWNED WHEN CROSSING OVER LAGOON ON ICE

John B. Hagen of Gas Boat Giffen Lost Life on Saturday Afternoon.

The drowning of a Norwegian fisherman named John B. Hagen was reported at the Provincial police office this morning by his partner, Andrew Garton. The drowning occurred on Pitt Island on Saturday afternoon last when the deceased fell through the ice of a lagoon which he had attempted to cross instead of walking around.

Garton and Hagen, who jointly owned the salmon fishing boat Giffen, were tied up at Union Pass to the south of Pitt Island. They went ashore on Saturday afternoon to take a walk, about 4:30, but before returning the two men separated, Garton proceeding at once to the beach. After a while he began to wonder what was delaying Hagen, so a search was instituted. He was easily traced as the ice of the lagoon had broken through under his feet from the shore and had gone to pieces when it got deeper till there was a large hole where the unfortunate man had drowned. His action in continuing with the ice breaking under him seems very strange.

Hagen was 33 years old and came from Regina, Sask. His body has not yet been recovered. The drowning was reported to the police by Andrew Garton.

Optimistic But Not Too Fast.

The opinion of all financial authorities is that we are travelling too fast and that we shall come a cropper one of these days unless we are careful. Looked at from a business point of view, times have been very good during the past year. There have been fewer failures in Canada and the United States than have been recorded for years. Prices have been steadily advancing and it is not difficult to do business on a rising market.

The Daily News stands for optimism. We believe in the city, the province and the country. We believe in our fellow citizens and we want them to prosper. It is because of this that we give them a gentle warning that it is well to be careful. Prices cannot continue to advance as they have been doing and business will not always be as good as it is today.

Prince Rupert will undoubtedly continue to grow and prosper but should a financial panic come it would go hard with those who are trading on small margins. As a matter of safety it would be well to keep within bounds. All the financial journals, bank managers and financiers strongly recommend care in doing business. There is too much of the speculative spirit abroad. Business men are taking chances which are sometimes dangerous. Of one thing we may be sure, that whatever comes Prince Rupert is likely to be injured less than any other place because we are producing. The farmers of the interior will continue to prosper, the mines will be worked, lumber will be needed and fish will be used as an article of diet. For that reason we need not fear much. Falling prices, however, will mean falling profits. After the next harvest it is possible that there will be a change.

We are told that after some of the previous wars prices have soared inordinately, wages went up and times were good. Then came the crash when business men were ruined, because prices fell and money was difficult to get. Men were out of work and labor-unions became disorganized. In order that we here may be safe in case of a tightening up, it would be wise to play the safe game, refrain from speculating, keep accounts as close as possible and have a few dollars on hand all the time. This applies to employers and employed.

Interesting Leaflet Of Safety League.

The Canadian National Safety League is sending out leaflets drawing attention to various dangers. Its latest is taken from the United States Public Health Service and is worth quoting:

I AM THE ENEMY OF MANKIND

I have destroyed more lives than all the wars in the world. I steal more than a billion dollars each year. I tear homes asunder; I snatch babes from mothers' breasts. I am more powerful than the combined armies and navies of the world.

I have burdened mankind since the dawn of history. I spread misery and desolation. Innocent children are my special prey.

I bring pain, sickness, yet few seek to escape me. I destroy and maim; I give nothing but take all. I destroy health and wreck homes. I am relentless, the rich and the poor alike I seek. both weak and strong, old and young are my victims. I cause commerce to stand still; I depopulate cities and destroy nations.

I Am a Preventable Disease.

I AM THE CONQUEROR OF PREVENTABLE DISEASE I am stronger than all the nations of the world. I am the co-worker of medicine and surgery. I save thousands of lives each year. I restore children to their parents. I banish plague and pestilence. I convert the fever ridden jungles into health resorts. I prevent sickness, disease, suffering. I add years to the lives of thousands. I am on guard at all times, my vigilance never ceases. I bring cleanliness, good cheer, and wholesome living. I make mankind happier, I bring prosperity. Towns spring up and grow under my protection. I am necessary for the progress of the world. Trains and ships move under my protection. I watch over the children in the schools, the soldiers in the camps and trenches, the sailors on the sea and the people at home.

I Am Sanitation.

UNION BANK NOTABLE YEAR

Impressive Addition to Total Assets, While Bank Continued to Extend in Canada and Abroad.

Significant progress, as one of the leading banking institutions of the country, is revealed in the fifty-fifth annual statement of the Union Bank of Canada. During the twelve month period ended November last total assets have increased from \$153,000,000 a year ago to nearly \$175,000,000 an increase of \$22,000,000 or

JOHN GALT
President of the Union Bank of Canada.

14.23 per cent. So striking a gain in the bank's resources is indicative of the policy pursued in this new era of reconstruction. To this aggregate, liquid assets contributed \$76,000,000, compared with \$72,000,000 and represented almost 50 per cent of the Bank's total liabilities to the public.

An impressive feature of the report is the addition of \$2,000,000, to the Rest Account, whose total has been brought up to \$5,600,000, contrasted with \$3,600,000 last year. The Rest Account was added to by the application of \$218,830 from current profits and by the allocation of \$1,781,170 premium from the \$3,000,000 new capital stock issue. With this addition the Bank's reserves represent 70.28 per cent of capital.

The year's profits were \$932,256 compared with \$824,174 in the previous year.

Heavy Gain.

Total deposits are shown at \$135,496,514 as compared with \$127,242,698 a year ago. To this

of Vancouver, Director of the Union Bank.

grand aggregate interest-bearing deposits which actually represent the public savings contributed \$84,376,709, a gain of \$15,939,219 or 23.29 per cent. But for the heavy public participation in the Victory Loan savings probably would have stood even higher. The total shown, however, will be accepted as highly satisfactory evidence that the banking campaign for increased economy and thrift, based upon the country's necessity, is accomplishing a very full measure of its design.

From the public viewpoint interest will be found in the total of the current loans which reaches \$86,529,156, compared with \$74,021,028 an increase of \$12,508,127 or 16.89 per cent.

Expansion.

In addition to an expansion of the Bank's system within the Dominion itself, to a total of 390 branches, of which 89 were opened during the year, a working partnership was entered into with the National Park Bank of New York by which branches of the Park-Union Foreign Banking Cor-

Are Washdays Necessary in Winter?

There was a time, back in the days of stone hatchets, when woman was harder than she is today. A biting wind, damp air and slush underfoot did not so much endanger her then.

But is this exposure necessary now? Is woman exercising her best judgment in hanging clothes on the line in winter weather? Is man showing chivalry when he permits it?

A simple and safe solution of this problem is to send your family washing to us—especially during these days while the weather-man is surly.

No washboards or heavy soaps are employed by us. We wash for you in the twentieth century way by letting soft water and billowy suds surge through the fabric. It is a laundering method that saves clothes.

So, also, is our ironing process. We give a charming lustre to your linens not with hot irons, but with special steam heated presses that protect the textiles.

Telephone us. Our driver will call at a definite time for your family bundle. At a definite time also he will return it. Our method saves you labor and protects you from the rigors of wind and weather.

LILA LEE STARS AT THE WESTHOLME

The success achieved by Lila Lee, the dainty, youthful star, in her brief cinema experience has placed her in the front rank of American screen celebrities. Her work in "The Cruise of the Make Believe," "Such a Little Pirate" and "The Secret Garden," proved indisputably that she is a stellar attraction of vast importance to exhibitors and her latest picture, "Puppy Love," should prove a big winner.

Lila Lee has been declared by reviewers everywhere to be the embodiment of grace and beauty, and ingenuousness personified. In addition to her personal charms, her youth and vivacity, she has mimetic talents of a high order. In her new photoplay, "Puppy Love" she is an ideal heroine, for while the story deals with the loves of a girl of sweet sixteen, Miss Lee, being just sixteen herself, fits the part to a nicety.

A 15 YEARS' FIRE

Just think! That is the time through which Mr. H. C. Buckley endured all the fiery torture of itching, burning eczema. His life was a perfect misery until Zam-Buk—the great herbal skin-cure—brought complete relief.

Mr. Buckley, who lives at 461 East Broadway, Portland, Oregon, writes:—"For fifteen years I suffered with eczema, and although I tried many so-called 'eczema cures,' nothing seemed capable of dealing with a case like mine. It was not until I had Zam-Buk recommended to me that I began to have hope. This wonderful skin healer soon brought about a change for the better. As I persevered with Zam-Buk the burning sensation got less. I found Zam-Buk wonderfully soothing. Gradually the patches of soreness and the inflammation were reduced, and complete and permanent cure finally resulted. I would strongly advise all afflicted with eczema to give Zam-Buk a trial. It will give them satisfaction. They will not be disappointed."

No skin disease can resist the potent healing forces stored up in Zam-Buk, which is unequalled for old wounds, ulcers, abscesses, bad legs, scalp sores, blood-poisoning, piles, scalds, burns, cuts and all skin injuries. All druggists and stores, or Zam-Buk Co., Toronto. 50c. box.

When Will Prices Stop Advancing?

We feel safe in predicting that present prices will maintain, or go higher for the next six months. The flour market seems ready for a further advance, also canned goods, jams, and practically every staple commodity have advanced during the past month or will advance shortly. Export business never was so large, and storage stocks are being depleted rapidly. Our advice to the buying public is to take advantage of the specials we are quoting during the quiet business months and stock up. Money in the bank will not yield you nearly as much interest as if invested with us.
