### Germany Agrees Upon Conference On Polish Issue, It Has Been Stated

Preliminary Meetings Have Been Held by Papal Nuncios in Various Countries—Responsive Chord Struck With Nazis

BERLIN, May 9: (CP)—Havas News Agency quoted Nazi sources today as saying that Germany had accepted a proposal from the Vatican for a conference of representatives of interested powers in the German-Polish dispute over Danzig, most acute of the present European problems. Interviews between Monsignor Cesare Orsen-

### South Coast Of China Is Badly Bombed By Japs

HONG KONG, May 9.—Japanese bombing planes yesterday caused heavy loss of life and property damage along the south coast of China where many people are in flight to the interior.

### WAR RISK IS LOWER

LONDON, May 9:—War risk rates covering the Baltic and Mediterranean areas were reduced yesterday from £1 to twelve shillings stipence per £100.

### Bulletins

INDIAN GIRL STRANGLED NANAIMO—British Columbia police said today that an Indian was being held for questioning in connection with the strangulation to death of Isabel Rice, six-year-old Indian girl, whose body was found on an Indian reservation here yesterday.

FATTULLO FEELS GOOD OTTAWA—After spending two days conferring with Dominion officials, Premier T. D. Pattullo of British Columbia said he believed the mission would bring satisfactory results. He refused, however, to say what matters had been discussed. He will return from Toronto to Vancouver by air, probably tomorrow.

Italy Ready To Prove Strength ROME, May 9: (CP)—Speaking in connection with an Army Day parade, Premier Benito Mussolini said that Italy would prove the strength of her decisions "when the hour comes."

### CROSSING ATLANTIC WITH KING

Their Majesties Proving Good Sailors—Decorations Along Railway Line

ABOARD EMPRESS OF AUSTRALIA, May 9: (CP)—A south-west by south wind beat the port side of the Empress of Australia today as she sped the King and Queen to Canada at seventeen knots per hour. The wind gave the ship quite a roll but the fog lifted partially. The King and Queen are proving good sailors.

MONTREAL, May 9:—Good progress is being made by the Canadian National Railways in the decoration of the stations, hotels, general office buildings and ticket and express offices of the system for the forthcoming tour of Their Majesties, King George and Queen Elizabeth. It was stated at headquarters of the company here today. In the general theme, the most prominent feature will be the Union Jack, flanked by Canadian red ensigns, while in the province of Quebec the French tricolor will take its place along with the other flags.

The centre of greatest attraction will be the Chateau Laurier Hotel in Ottawa in which several state functions will be held during Their Majesties' visit in the capital city for more than four days. Over the main entrance will be a large Britannia centrepiece in high relief 18 feet high and 12 feet wide with shields of the royal arms on each side, the whole being surrounded by hedges of green shrubbery. On the front of the hotel facing the square will be long red streamers linked together at the top with festoons of tricolor bunting. Each of these streamers will be capped by a large shield with flags. Over the porte-cochere at the northeast entrance on Mackenzie Avenue which will be used by Their Majesties when entering for state functions at the hotel, there will be a large high relief piece of brilliant colors of the royal coat of arms flanked by shields and flags. On the facade of the chateau Laurier over the entrance and also over the entrance facing the canal will be four long red streamers similar to the front.

The Chateau Laurier on all sides will be very brilliantly flood-lighted every night during the royal visit at the capital.

The Union Station facing the Chateau Laurier Hotel at Ottawa will be decorated by a large cut-out relief of the royal coat of arms standing against a back canopy surmounted by the royal crown and three flags, the whole being brilliantly flood-lighted. All stations passed during daylight hours will be decorated along the Canadian National Railways, the Union Jack in the form of a shield being the predominating feature throughout the system. The shield will bear the Union Jack in centre, flanked by red ensigns and a Union Jack on each side.

At all hotels, telegraph and express offices located in cities visited by Their Majesties, the general scheme of decoration in the main will be a royal crown in high relief, with a cluster of seven flags, while the sides of these buildings will be decorated with shields, flags and crests of the three English lions and Scotch lion, accompanied by long red, white and

LONDON, May 9: (CP)—The British House of Commons early today approved a resolution appropriating \$150,000,000 for military training. At 5:15 a.m. a fourteen-an-a-half hour session, the longest in two years, concluded.

blue streamers capped with a Union Jack or royal crown.

In the windows of main city ticket offices of the Canadian National Railways across Canada will be a large plaster cast reproduction of both sides of the medals being specially made by the government on the occasion of the royal visit to Canada. These casts will stand on a draped background of rich royal blue silk, surmounted by a Union Jack and red ensign on oak poles.

For smaller cities where the Canadian National have ticket or telegraph offices, frames containing pictures of the King and Queen in colors, flanked by a Union Jack and red ensign, are being used.

The docks used by Their Majesties at Vancouver and Victoria are also being decorated.

### GOOD YEAR FOR MUSEUM

Increase in Number of Visitors Over Previous Year Shown In Annual Report

### Building Fund

Number of Valuable Donations Received During Year Toward Increasing Exhibits

At the annual meeting of the Museum of Northern British Columbia held in the City Hall last evening with Dr. Neal Carter presiding in place of R. L. McIntosh, the president, the chief business was the adoption of the annual report as follows:

"It is most gratifying to be able to state that the number of visitors to the museum in 1938 was greater than in any previous year and the interest that the museum holds for these visitors has been augmented by the addition of a considerable number of new exhibits.

"The resignation of Canon W. F. Rushbrook from the board has been much regretted, as was also the resignation of C. G. Ham, representing the Junior Chamber of Commerce. N. Mussalem was appointed to the board early in 1938.

"Visitors during the year totalled 3218, an increase of 343 over the number visiting the museum in 1937. The majority of these visitors were tourists passing through the city. Three classes of school children were taken on a conducted tour through the museum. This is a facility which greater advantage might be taken by the local schools.

"Among the new exhibits placed on display there may be mentioned:

Mounted moose head donated by D. Sutherland; Indian food dish, Peter Ryan; Indian burial board, W. F. Rushbrook; Unborn sea lion, F. A. MacCallum; collection South African curios, F. J. Fuller; Chinese monk stick, A. J. Edlund; Japanese sword, P. Ratchford.

"It is impracticable to present the complete list at this time but the gratitude of the board is extended to each and every person who has donated or loaned exhibits during the year. Special mention may be made of the growing interest displayed by the fishing fraternity in bringing to our notice some of the oddities encountered in deep-sea fishing and the board wishes again to extend its thanks to George Cunninghamham for permission to display during the summer months his very fine collection of Indian carved "slate" totems. Through the kindness of the Department of Fisheries permission was received to retain a young fur seal which, on account of lack of facilities in our own museum, has been deposited in the exhibit of frozen specimens on display at the Canadian Fish and Cold Storage plant. The petroglyph stone presented some time ago by Canon W. F. Rushbrook was transported to a suitable position in the park and fenced in for protection.

The valuable services of the Rev. Mr. Pierce were again much appreciated during the tourist season. His informal lectures and aid in conducting the tourists through the museum added greatly to the interest of these visitors.

"The kindness of H. F. Pullen in so generously reporting through the press the activities of the As-

### Senator Urges Canada To Go Slow In Using United States Money

General Griesbach Believes Finances Are Being Offered So That Road Would Be Available for Military Use

OTTAWA, May 9: (CP)—The government was urged last night by Senator W. A. Griesbach, Conservative of Alberta, to go slow in the matter of using United States money to build the Alaska Highway. He told the Senate that the road had all the aspects of being financed by the United States so that it might be available for the transport of troops and supplies in the event of war with Japan. It would be dangerous for Canada to lend itself to this policy.

### NAVY BILL APPROVED

Enormous Expenditure For This Branch of Uncle Sam's Defence Is O. K'd.

WASHINGTON, D. C., May 9: (CP)—The \$773,000,000 naval appropriation bill providing for the construction of new major battleships, 500 fighting planes and air bases in the Pacific including Alaska was approved by the House of Representatives yesterday.

### POPE ASKS FOR PEACE

Sends Message To All European Nations—Responsive Note In Germany

VATICAN CITY, May 9: (CP)—Vatican News Service today announced that papal nuncios in various capitals were conveying to the heads of governments messages expressing the "ardent desire for peace of Pope Pius."

Disclosure of the Pope's peace moves in European capitals have struck a more responsive note in Germany than any such efforts thus far. Meantime the Nazis admitted that friendship negotiations were being conducted between Russia and Germany.

### Scarlet Fever Hits Shanghai

Over One Hundred Cases Reported Among Refugees And There Are Undoubtedly More

SHANGHAI, May 9:—Scarlet fever is epidemic among refugees in Shanghai. There are at least one hundred cases with one death reported. Undoubtedly, there are many more cases which have not been reported to the authorities.

### RUSSIA NOT GOING AXIS

Britain Assured That Foreign Policy Stays Same Despite Resignation of Litvinoff

LONDON, May 9: (CP)—It was reported on good authority in London today that Great Britain had received assurance that Russia was not swinging towards the Rome-Berlin axis. Ivan Maisky, Soviet ambassador to Great Britain, has stated that foreign policy of Russia will not be changed as a result of the resignation of Maxim Litvinoff as foreign commissar.

### Alaska Highway Commission Will Visit District

OTTAWA, May 9.—The Canadian Commission on the Alaska Highway will go west early this summer to fly over the projected routes, particularly those from Hazelton and Prince George, it is announced by Hon. Charles Stewart, the chairman. There will be public hearings at Prince George, Hazelton and Whitehorse.

### ELECTIONS IN NORTH

Provincial By-Elections In Skeena and Fort George Mooted

VICTORIA, May 9.—According to some political quarters here, E. T. Kenney may accept the federal Liberal nomination in Skeena as Olof Hanson will not be seeking reelection. This would necessitate a provincial by-election in Skeena.

H. G. Perry, member for Fort George, may go to the Board of Transport Commissioners which would cause another by-election.

As far as can be learned here at the present time, Olof Hanson has no intention of relinquishing his seat in Skeena. There is nothing to indicate that he would not accept renomination.

Peter Almer returned to the city on the Catala this morning after making the round trip to Stewart and Anyox.

#### THE LATE SEASON

A great many people seem to be worried because the season is so late this year. Yet it must be remembered that a late season is usually the best season so far as crops are concerned. The chief worry seems to be that, owing to the wet spring, it has been difficult to dig the gardens. Those who have mixed ashes with the soil are reaping an advantage this year.

#### POPULATION OF CITY

The population of Prince Rupert has been static for a number of years. Now there seems to be an increase. With it the circulation of the Daily News is increasing, the figures being well ahead of last year at this time. This is true both of city deliveries and street sales. Each day the press run is over 1900.

#### WHERE IS THE CHANGE?

It seems to have been generally understood that Germany and Italy were closely bound not only by common interest but by what was known as the anti-comintern pact. The new treaty does not seem to have changed the situation unless it was to assure the world that they were still together and that any efforts to separate them had proved unsuccessful.

#### SPOILS SYSTEM PASSING

From four states in the neighboring republic comes the announcement that the "Great American Pie Counter" is being shortened from year to year, that the principle of "to the victor belong the spoils" is being whittled down to make way for the practical application of the merit system, says the Victoria Times. Minnesota, Alabama, Rhode Island and New Mexico, according to the Civil Service Assembly, are operating under the fairer and more practical plan, while legislation is pending in at least a dozen more states.

Administrative and policy-making positions must always be what is termed the spoil of politics under a political system. It is difficult to see how it could be worked otherwise, for when the voters have registered a wish for a change in policy, those must be put in key positions who favor the new policies and have more than a passing understanding of what they mean. But the vast bulk of routine and technical employees are gradually being given the protection from the winds of politics that they need and deserve. Nor does the public service suffer in this process.

The Daily News is a member of the Canadian Daily Newspaper Association, of the Canadian Press and of the Audit Bureau of Circulations. It is the only paper north of Vancouver and west of Edmonton holding membership

## BALL RACE VERY TIGHT

NEW YORK, May 9. (CP)—With only two-and-a-half games between the first place Cincinnati Reds and the cellar-dwelling Pittsburgh Pirates, the National League pennant race continues exceedingly close. The Reds lost a close 3 to 7 decision to the Philadelphia Phillies yesterday. The Brooklyn Dodgers were beaten by the St. Louis Cardinals in a one run game and were joined in second place by the Cards, the two clubs being but one game behind the Reds. The Boston Bees dropped into fourth place by losing a close 3 to 2 verdict to the Pittsburgh Pirates who are still in the cellar. Chicago Cubs defeated New York Giants 4 to 2 and the two teams are now tied with the Phillies for fifth place.

In the American League the New York Yankees were beaten 5 to 3 by Chicago's White Sox and dropped into second place below the idle Boston Red Sox. The Washington Senators, by losing 6 to 2 to Cleveland Indians, dropped to fifth place below the idle St. Louis Browns. The Senators and the Indians are now in a tie for leadership of the second division. The Philadelphia Athletics at last emerged from the cellar by winning a close 6 to 5 victory from Detroit Tigers who went to the foot of the class.

## Junior Hi School Softball Played

Beta Defeats Alpha By Score Of 10 To 4

The first game of the Junior High School Softball League was played Monday when Beta defeated Alpha 10 to 4.

Alpha tried hard but the plays were weak and Beta got off with a good lead.

Tadojoshi made some fine catches for Alpha which helped keep Beta down. Alpha is getting some practice under supervision of Mr. Leighs and hope to take Beta in next match.

Players were:

Alpha—Hodgson, Lee, Laurie Macdonald, MacLean, Alexander Arney, Tadojoshi, Dawes.

Beta—Bird, Simundson, Selvig, Holkestad, Blain, Joy, O'Neill, Bond, Hayakawa.

## Beta Wins Over Alpha In High School Softball

In the senior softball league yesterday afternoon, Beta scored its first victory over Alpha by a score of 10 to 9. This victory puts Beta into second place with Alpha.

The game looked like a sure victory for Alpha in the seventh as they led by a score of 9 to 4 but Beta came up from behind and tied the score. An inning was played overtime and Beta added another run.

Batteries for Beta were Tobey, Kihara and Hopkins and for Alpha, McNabe and Long.

John Grimson was the umpire and Bob Capstick, scorekeeper.

League standing:

	W.	L.	Pts.
Gamma	2	0	2
Beta	1	0	1
Alpha	1	2	1

### GOOD YEAR FOR MUSEUM

(Continued From Page One)

sociation during the year are also acknowledged.

"Thanks are also due to the custodian, Noel Jones, and to Mrs. Jones, for the manner in which the public has been enabled to appreciate the exhibits placed on display.

"The donation of a showcase by R. L. McIntosh was greatly appreciated.

"The board wishes to express its thanks to one of its members, the City Commissioner, for the continued free use of the present quarters in which the Museum is housed.

"As you probably know, current expenses of the museum have to be met out of funds secured through the one dollar annual dues for membership in the Association, the ten dollar consolidated life memberships and the ten cent admission fees collected from non-members of the Association. It is true that the board received a grant of \$1500 several years ago but the stipulation under which this was given restricts its use to the acquisition, display and upkeep of actual exhibits. All but \$100 of this grant is still intact, considered as capital being reserved for such use as the museum and its adjacent display of Indian totem poles in the park plays a definite role in attracting the attention of these tourists to the points of interest and business in the city. Moreover, the cultural value of a museum to local residents and students should be evident. Hence this opportunity is taken of asking the Association membership to demonstrate its interest in museum activities by continuing such annual membership and endeavoring to interest others. There are seventeen life members of the Association but of the 164 listed subscribing members, quite a few have failed to keep their membership in good standing through being remiss in the payment of dues."

### Financial Statement

The financial statement showed the sum of \$123.71 at the end of the year, most of which has since been expended. The income for the year was made up of admission fees \$265.60, membership fees \$108, sale of post cards \$18.30. The chief expenditure was for the custodian's salary amounting to \$330.

The trust money received from the Carnegie fund is still almost intact, this not being available for ordinary expenditure for upkeep. The sum of \$97.66 has so far been used but that has partly been replaced by interest received amounting to \$35.96.

A building fund has been opened during the year with the sum of \$10.19 on deposit, this being donations for the purpose made by tourists.

A committee of the board announced that owing to the fact that Custodian Jones was unable to undertake the work mornings, William Lamb had been appointed assistant custodian at a salary of \$15 a month. Mr. Jones to receive \$20 a month.

City Commissioner W. J. Alder announced that this was the last time he would appoint the board. In future it would be elected at the annual meeting. The board this year consists of R. L. McIntosh, president; Neal Carter, vice-president; Robert Bartlett, secretary; C. Gilker, representing the Junior Chamber of Commerce; Rev. W. E. Collison, W. J. Alder, Dr. J. T. Mandy, Mrs. J. B. Gibson, H. F. Pullen and Arnold Flaten.

The sum of \$25 was voted as the museum's share of the cost of painting the building this year.

An appeal was made to the members to pay their annual dues in order that the work might be kept going.

### Notes of Thanks

Notes of thanks were passed to the officers for their valuable work during the past season, to Rev. W. H. Pierce for his help in entertaining and instructing the tourists and to Mrs. Jones for her co-operation with her husband at various times.

An impromptu address was given by Mr. Pierce in which he spoke of the value of the museum and the need of a new building. He said that many of the visitors were monied people and some of them spent a good deal of money. They found the totem poles of much interest. He explained to them what the totems meant. He was able to answer most of the questions asked. He told them that the natives had 226 varieties of food which cost them nothing, taken from the sea, the lakes and the land. They started to gather their harvest in March and kept at it

## HI SCHOOL FOOTBALL

In Senior High School League football on Saturday afternoon Gamma defeated Beta by a score of 6 to 1 while in the Junior game Gamma and Beta played to a two-all draw.

The Senior game was a one-sided affair with Gamma having fielded a much superior team.

Judge, Holkestad and Simundsen, backed up at times by Kihara, tried valiantly to make Beta the winning team but, lacking the support of their half-backs, their efforts were in vain. Keays and Bird, the Beta backs, worked well to thwart the Gamma onrushes and cleared from some difficult positions. Pierce, in goal for Beta, was kept constantly busy, shots being driven in at him from all angles. The Gamma players worked well together as a team. Brown and Hebb put up a stalwart defence. Mah was outstanding for his head-work.

Judge opened the score for Beta with a high shot which Keays managed to handle but could not hold. Those responsible for Gamma goals were Jones, Sylvester, Mah, Knutson and Schubert.

The line-ups:

Gamma—Keays, Brown, Hebb, Vuckevich, Christian, Robertson, Schubert, Knutson, Cameron, Mah, Jones.

Beta—Pierce; L. Keays, Bird, Good, Bussey, Sylvester, Weir, Kihara, Simundsen, M. Holkestad.

### Junior Game

Early in the Junior Game King opened scoring for Gamma. Ten minutes later Pierce equalized. In a goal-mouth scuffle the ball rebounded from Perkins into the Beta goal, putting Gamma in the lead. Weir saved a difficult shot from Mah. Another drive from Astoria went outside the post.

In the second half Simundsen scored from rebound of a hard shot, by Pierce. However, this was off-side. Beta now was strongly on offensive. McAfee was called upon to exert himself in stopping a high job from Simundsen. A solo run by Holkestad was foiled by Gamma's defense and resulted in a field-long run by Gomez which, however, came to nothing owing to Bird's aggressive tackling. Pierce again equalized after a concerted rush by Beta forwards. The game ended with Bent threatening to score from a series of corners caused by persistent mis-kicking of the Gamma backs.

The Juniors showed better form than they have so far this term. Combination among forwards has noticeably improved.

Gamma—McAfee; Bussey, Kingston, Wong, Knutson, Gomez, Capstick, King, Mah, Jones, Astoria.

Beta—Weir, Bird, Perkins, McRae, Sylvester, Gurvich, McLeod, Pierce, Simundsen, Holkestad.

Mr. Pierce urged the people of Prince Rupert to look after the tourists. He valued the fourteen local totem poles at \$14,000. They should be carefully preserved in order that they might last a long time.

City Commissioner W. J. Alder said he considered the museum had made excellent progress and was really an asset to the city.

Andy Blair, second oldest player with the Maple Leafs hockey team in point of service, was sold to Chicago Black Hawks for a reported price of \$7,500 three years ago yesterday after playing with the Leafs since the 1938-29 season. He was a sensation in his first season but the forward pass rule cut down his scoring.

The National Hockey League took in the 'New York Americans' franchise at the annual meeting at Detroit three years ago today. William B. Dwyer, who was forced to relinquish control for financial reasons, had failed to exercise his option to retain the club April 15.

## SCHOOL IS SUCCESSFUL

Youth Training Organization Here  
Off to Fine Start

The Leadership Training School held last week under the direction of Bert Fiddes, Boys' Work Secretary for the Religious Education Council, was an overwhelming success. Lasting for five nights the attendance remained almost constantly at sixty of whom the greater proportion were teen-age young people.

Dealing particularly with the need for youth leaders and workers to vitally experience Christ in their lives, Mr. Fiddes fired his listeners with an enthusiasm and a zeal which is bound to have its effect on Christian young people's work in this city. The service of consecration was a never-to-be-forgotten experience for those taking part.

By the flickering light of ten tall white tapers arranged in the form of a cross on the centre table, Mr. Fiddes spoke feelingly to the members of the school who were seated on the three sides of a square about the table. He emphasized the need today for people who not only professed Christ but actually practised his teachings in their daily lives. By a series of timely anecdotes and stories he caused many of his listeners to have a more vivid understanding of what is meant by worship than had ever been their privilege to experience before. Finally he called upon those present to reconsecrate their lives in the service of Jesus Christ. A heartening response was shown when everyone present came forward and lit their candles from the centre ones as a pledge of their newly affirmed allegiance. After a few moments of silent prayer the service closed with the singing of "Abide With Me."

Mr. Fiddes, earlier in the evening expressed his gratitude for the sincere interest shown by so many and urged a full attendance at the continuation of this school this Wednesday, May 10 and Thursday, May 11. He announced that Rev. H. C. Burkholder of Vancouver, young people's secretary for the United Church in British Columbia, would conduct the sessions on these two nights. Mr. Burkholder is one of the most outstanding young people's speakers in the province. He will deal particularly with problems facing young people's societies.

Rev. E. Brandt of First Baptist Church kindly offered the further use of his church for the use of the training school during Mr. Burkholder's visit.

Mr. Burkholder, who has been on a trip to Toronto, is coming in on tonight's train following visits at Hazelton and Terrace and will sail for Vancouver on the Prince Rupert Thursday night.

**CONSTIPATION  
SAPS YOUR AMBITION**

You can't go out and win if constipation pulls your punches. It's what you don't eat that hurts you. Ordinary diets often fail to supply "bulk" of the kind your bowels need for regular movements. Adopt an easy-to-follow habit that fosters regular habits: Eat Kellogg's ALL-BRAN every day; drink plenty of water. ALL-BRAN helps in the formation of the soft "bulky" mass required for good elimination. And ALL-BRAN is also a rich source of Nature's intestinal tonic, Vitamin B. When your system is running on schedule you are ready to go places.

For drunkenness, Einar Rundell was fined \$25, with option of seven days' imprisonment, in city police court this morning.

For passing a stop sign in a car without stopping, Dido Gurvich was fined \$3, with option of two days' imprisonment, in city police court this morning.

Darrow Gomez, charged with assaulting Lee Larsen in a downtown restaurant, was remanded for eight days on appearing before Magistrate McClymont in city police court this morning.

Rev. A. L. Anderson, United Church pastor at Stewart, was a passenger aboard the Catala this morning going through to Vancouver where he will attend the annual British Columbia Conference to be held next week in New Westminster. Mrs. H. C. Harrison will be lay delegate from Stewart to the Conference.

Shelving Being Placed In New Federal Building—Expected To Move About June 1

Bennett & White Construction Co. are at present engaged in carrying out the sub-contract of putting in shelving in the post office and other quarters of the new Federal Building here. As far as can be learned, the only part of the fittings yet to be received are the screening and some of the cases for the Post Office and that should be here any time. The present expectation is that occupancy of the new building will take place about June 1.

### MRS. EVITT PRESIDENT

Annual Meeting Yesterday Afternoon of Prince Rupert Girl Guides' Association

The annual meeting of the Girl Guide Association, with a large attendance of members, was held yesterday at the home of Mrs. R. L. McIntosh with the president, Mrs. D. G. Borland in the chair.

Reports showed that the newly formed I.O.D.E. Guide Company at Seal Cove was making excellent progress but, unfortunately, leaders are still required for First Prince Rupert Company and the Brownie Pack.

On behalf of the Association, Mrs. M. P. McCaffery presented Mrs. R. L. McIntosh with a "Thanks Badge" in recognition of her many years service as president and her never-

failing interest in all the Guides' activities.

It was decided that the local Guides should take part in the tree-planting ceremonies which are to be held throughout the Dominion on His Majesty's birthday to commemorate the Royal visit to Canada. Miss S. A. Mills kindly offered to donate a tree and Mrs. McIntosh a bronze marker for same.

Officers for ensuing year were elected as follows:

- Honorary President, Mrs. R. L. McIntosh.
- President, Mrs. C. V. Evitt.
- Vice-President, Mrs. M. P. McCaffery.
- Secretary, Mrs. F. A. MacCallum.
- Executive—Mrs. D. G. Borland, Mrs. J. B. Gibson, Mrs. C. J. Northington and Mrs. H. L. Landrey.

## ROCKING HORSE DRILL FOR BRITAIN'S CAVALRY RECRUITS

Before the novice is entrusted with a valuable cavalry charger in the British army, he must prove his efficiency in horsemanship aboard a wooden rocking horse. Here you see a class of recruits for the 16th Lancers undergoing the necessary—if undignified—early training at Hounslow. The galloping motion of a horse is duplicated by other soldiers pushing the horses from behind.

## New Members In Canadian Legion

Enrolment Increasing—Rev. J. C. Jackson Appointed Chaplain—George Dawes Sergeant-at-Arms

The executive of the Prince Rupert branch of the Canadian Legion of the British Empire Service League was held last evening in the clubrooms with President Jack Preece in the chair.

There was routine business in preparation for the monthly meeting of Wednesday evening of this week. Three applications for regular membership were considered including two from Queen Charlotte Islands. The desire of the ex-service men in the outlying districts to affiliate with the Legion is gratifying. Their anxiety to enrol in the National Veterans' Survey, the voluntary registration of ex-service men and women which is being undertaken through the Canadian Legion, is also pleasing. Loyalty in such outposts of the Empire is a real proof of the hold that the love of the Motherland has on her subjects.

The improvements made in the club quarters have been the subject of much very favorable comment. Initiation of recently joined members will be carried out on Wednesday evening.

Rev. J. C. Jackson has been appointed chaplain to the branch. George J. Dawes was re-appointed sergeant-at-arms.

Other members present were H. A. Breen, W. J. Rance, N. Cameron, H. T. Lock, G. J. Dawes and W. Wilson.

## MAN HUNT KEEPS UP Prince Rupert

Police and Posse. Continue Their Pursuit of Armed Bandit in Rugged Mountain Country

Staff Sergeant Ernest Gammon continued today to lead other police officers and a posse of twenty-five employees of the Consolidated Mining & Smelting Co. of Anyox on a manhunt over the rugged mountains between Observatory Inlet and Portland Canal for an armed bandit who last Thursday held up the Consolidated store at Anyox and made his getaway with \$800 in cash.

The fugitive has been tracked to the snowline where he donned snowshoes. Deep snows in the mountains have become softened by recent alternate wet snowfalls and rain and progress will be necessarily slow for both pursued and pursuers. There is also further difficulty in the way of the increasing distance from the base of operations.

Even under the best of conditions in midsummer the trail between Anyox and Marie Bay is no easy one. Between seasons, it is vastly more arduous.

The authorities believe the robbery was committed by a man who since has disappeared from the camp. This is the man who is believed to be on the trail. His capture is believed to be a certainty.

## Celebration In Prince Rupert

King's Visit Should Be Observed

At a regular meeting of the Toc H group last night agreement was expressed with a letter recently published by Boy Scout leaders suggesting joint action with a view to observing locally the visit of the King and Queen to British Columbia. It was suggested that the proposal should be actively gone into and, with that end in view, a meeting will be held in the Toc H Rooms this Friday night at which delegates from any and all organizations interested in such a celebration will be welcomed to discuss the possibilities of putting on a suitable program here.

# EXAMS

SAY to him:—"Son, I know you want a C.C.M. Bicycle. I was going to reward you with one if you passed your midsummer exams. But I'm going to be a good sport and buy you one right away so that you'll have all the extra time between now and midsummer to enjoy it. But I'll expect you to prove you are a good sport, too, by studying hard and passing with good marks. If you fail we will have to take the bicycle back to the dealer."

The C.C.M. Company and the C.C.M. dealer will back you up in this offer, Dad. They will allow you the full price you paid for the C.C.M., if your boy (or your girl) fails to pass at midsummer. (Claim must be made within one week of the announcement of the term's results.) But he will not let you down. When your boy says he will do a thing he will do it.

This year's C.C.M.'s set the pace in style, beauty and easy running. With working parts of specially hardened steel, machined to hair-line accuracy, they run with marvelous quietness and smoothness. To pedal a C.C.M. requires little effort, and the free-running C.C.M. Coaster Brake enables a rider to frequently coast long distances without any foot-work.

All models have seamless tubular steel frames; plated or enameled steel rims; rustless steel spokes; bright parts chromium plated over a 20-year nickel foundation; Dunlop Fort or Imperial Tires; and other C.C.M. features. For quality and value a C.C.M. is still the big bicycle buy of 1939.

# COLD CURED ICE

For the Halibut and Salmon Fleets

Following the investigations of the Fisheries Research Station, the Company has just completed extensive changes and improvements in ice storage and ice delivery methods.

Ice for the boats will all be old ice, thoroughly cured or aged at new low temperatures. It will be delivered into the hold, even in the hottest weather, as cold as the storage room.

Fishermen are invited to inspect the new system. Better ice than ever before, at no increase in cost, means economy to the boat and improved quality in fish delivery.
