ROOSEVELT HAS PEACE PLAN

President Of United States, In Unprecedented Plea, Puts It Squarely Before Dictators

OFFERS TO ACT AS INTERMEDIARY FOR GERMANY AND ITALY IN COMMUNICATING OFFERS TO OTHER NATIONS — ASSURANCES MUST NOT BE TEMPORARY

Would Have Pledge Of Non-Aggression Made

DER FEUHRER HURRIES FROM BERCHTESGADEN TO BERLIN TO CONSIDER PROPOSAL—GREAT BRITAIN AND FRANCE ARE IN HEARTY ACCORD

WASHINGTON, D.C., April 15: (CP)—President Franklin D. Roosevelt has urged Chancellor Adolf Hitler and Premier Benito Mussolini to assure peace for a period of at least ten years, it was disclosed at an unusual Saturday press conference. The President has offered to act as an "intermediary" in communicating any peace offers by Germany and Italy to other nations. He asks specifically whether Hitler and Mussolini are willing to give assurance that armed forces will not attack a score of now independent nations. "Such assurance must apply not only to the present day" the message says "but also to a future sufficiently long to give every opportunity to work by peaceful methods for a more permanent peace. I, therefore, suggest that you construe the word future to apply to a minimum period of assured non-aggression of ten years at least and a quarter of a century if we dare look that far ahead. If such assurance is given by your government, I will immediately transmit it to the governments of the nations I have named and will simultaneously inquire whether, as I am reasonably sure, each of the nations enumerated will, in turn, give assurance for transmission to you."

HITLER ACTS QUICKLY

BERLIN, April 15: (CP)—Chancellor Adolf Hitler is reported to have hurried from his Berchtesgaden mountain home to Munich on receipt of President Roosevelt's peace appeal and to have summoned his foreign minister, Joachim von Ribbentrop. Before Germany will make known its reactions to the Roosevelt appeal, a spokesman said: "We must first confer with our axis partner."

CHAMBERLAIN APPROVES

LONDON, April 15: (CP)—Prime Minister Neville Chamberlain authorized an official statement today saying that "His Majesty's government entirely endorses the President's estimate of the international situation." He said he had learned of the message with cordial approval. The statement further said: "The government believes that the statesmanlike initiative which President Roosevelt has been inspired to take offers real opportunity of avoiding a catastrophe which hangs over Europe."

FRANCE ACCEPTS

PARIS, April 15: (CP)—The French government today accepted unreservedly what it considered the proposal by President Roosevelt for a ten-year non-aggression pact in his peace plea.

AROUND EUROPE TODAY

LONDON — Reactions, favorable and otherwise, were immediate yesterday to the statement of President Franklin D. Roosevelt of the United States in regard to foreign relations in the course of which the chief executive declared that the Americas could and would help the Old World to prevent war, asking whether civilization was to be dragged into the vortex of military aggression with periodical warfare or whether it was to enjoy peace by the practice of democratic principles. London official circles welcomed the declaration of the President but in Berlin he was bitterly attacked. He was described as a war agitator lining up with Great Britain and France in the effort to encircle Germany. One newspaper went so far as to suggest that Roosevelt himself had plans to annex Canada to the United States.

ROME—A conference opened here between Premier Benito Mussolini and Vice-Chancellor Herman Goerring of Germany. It is forecast a new movement may be started by axis powers to obtain what they say they consider their "just rights and legitimate claims."

PARIS—Paris is watching especially for possible Spanish co-operation with the axis powers.

WARSAW—Poland continues to call its regular and reservists to arms for emergency service. At least a million men are now estimated to be ready. This country is still nervous with reports that German troops continue to be concentrated along the frontiers and that Chancellor Adolf Hitler plans to observe his birthday on April 20 by entering the free port of Danzig.

BUCHAREST—Roumania today recalled several classes of troops which have been concentrated on the Hungarian frontier following assurances by the Hungarian foreign minister that the border would be respected if the natives could agree on Hungarian minority problems in Roumania.

LONDON—The War Office announced that the First Battalion of Welsh Guards would be sent to Gibraltar next week to strengthen defences.

LONDON—The promise of guarantees to Roumania and Greece by Great Britain and France was well received in those countries. Germany viewed the move with astonishment in view of the guarantee given to Greece by Italy.

Vancouver Rejects Daylight Saving

City Council Decides To Disregard Proposal in View of Opposition

VANCOUVER, April 15: (CP)—The Vancouver city council yesterday decided to disregard proposals for daylight saving in the city this year. There had been vigorous opposition from the Vancouver Trades & Labor Council and Theatre interests.

OPPOSING ITALIANS

Anti-Mussolini Demonstrations Are Reported In Syria Following Albanian Occupation

BEYRUT, Syria, April 15: (CP)—There were anti-Italian demonstrations in Syria yesterday as a reaction to the occupation of Albania. "There is only one God and Mussolini is his enemy," said one banner. Damascus and Moravia were centres of demonstrations.

Birthday Suit And Gum Boots

Cecile Dionne Tries Out Her Waders in the Quintuplets' Bath Tub

CALLANDER, Ontario, April 15: (CP)—Rubber boots arrived at the Dionne hospital and the quintuplets were told that they were only to wear them in water. Cecile, the mischievous one of the five, was found soon after wading in a bath tub clad only in the rubber boots.

Port Arthur Wins Opener

MONTREAL, April 15: (CP)—Port Arthur Bear Cats took the opener of the Allan Cup finals last night by defeating Montreal Royals 6 to 5. It was an overtime contest.

Survey Under Rotary Clinic Well Under Way

John Dybhavn Reports and Pays Compliment to Excellent Work Done by Miss Priestley

At a business meeting of the Prince Rupert Rotary Club Thursday John Dybhavn reported on behalf of a committee in regard to a dental survey and clinic which the club is conducting in the city. So far nearly three hundred children of the lower grades have been examined and only eight have been discovered where the teeth had no defects. Cards had been filled out and sent to parents. Mr. Dybhavn paid tribute to the valuable co-operation given the committee by Miss E. D. Priestley R.N., the public health nurse, who was in close touch with the families most vitally interested. He also said the committee had received a donation of \$25 toward the work from the Japanese Association and it expected donations from others as well as from the Provincial Department of Health. So far all the work had been done from the sum set apart by the Rotary Club for the work. Dr. Carter had been able to furnish reports of what was being done in England and other places. Col. J. W. Nicholls, who is also a member of the committee, spoke of the tremendous amount of work done by the chairman. Mr. Dybhavn had devoted a great deal of time and energy to it with good results. Miss Priestley's work had been extremely valuable. President W. L. Coates said he knew something of the amount of work entailed in carrying out this survey and spoke highly of Mr. Dybhavn's keen attention to it.

 Prince George—Cloudy, southwesterly wind, four miles per hour; barometer, 30.26.

CITY MAY BUY MINE

Colliery Tie-up In Appalachians Is Seriously Affecting Some Parts of East

NEW YORK, April 15: (CP)—Coal shortage is facing certain parts of the country as a result of the deadlock in the dispute between miners and operators which has tied up mines in the Appalachian area. In order to provide for its own needs, the city of New York is considering buying or leasing a mine.

DOMINOES WIN AGAIN

Score Second Straight Victory Over Winnipeg St. Andrew's in Western Canada Basketball Championship

VICTORIA, April 15: (CP)—Victoria Dominoes took their second straight victory by a score of 45 to 35 last night in the Western Canada basketball championship series. Half time score was 20 to 13 for the Dominoes who had won the first game 42 to 26. The Dominoes will now meet the Eastern champions for the Dominion title.

Education Costs Total \$4,400,218

Were Highest in History of Province of Nova Scotia

HALIFAX, April 15: (CP)—Expenditures on education in Nova Scotia during the year ending July 31, 1938, totalled \$4,400,218, highest in the history of the department of education, according to the annual report tabled in the provincial legislature. It was an increase of \$85,899 over the previous year. Total number of pupils in public schools during the year was 116,438, a decrease of 218. Average salary of the 3,794 teachers employed was \$772, an increase of \$23.

Prairie Province Marketing Act Is Being Drawn Up

WINNIPEG, April 15: (CP)—The government of Manitoba is drawing up a natural products marketing act along lines similar to that of the province of British Columbia.

LONDON GOLD PRICE

LONDON, April 15: (CP)—The Montreal price of bar gold was down 1c at \$34.95 on the London metal market yesterday.

WINNIPEG WHEAT PRICES

WINNIPEG, April 15: (CP)—Wheat futures were up ¼c to ¼c on the Winnipeg market yesterday. May closing at 61c.

Falkirk Winner Over Motherwell

Extra Scottish League Football Games Were Played Yesterday

LONDON, April 15: (CP)—Falkirk defeated Motherwell by a score of 3 to 1 in a First Division Scottish League soccer match yesterday. Morton downed Dumfries 3 to 1 in the Second Division.

Saskatchewan Families Are Being Moved

REGINA, April 15: (CP)—Thirty-eight farm families are to be sent from the dried out areas near here to Rolling Hills near Brooks, Alberta, where rehabilitated sub-marginal land has been obtained for them.

INDO-CHINA ROAD

Chinese Endeavouring To Stop This Source of Supplies For Chinese Nationalists

HONGKONG, April 15: (CP)—Japanese war planes were reported yesterday to have bombed the rail-line from French Indo-China for the first time yesterday. Supplies for the Chinese Nationalists, it is said, have been coming in over the railway.

Terrorist Arsenal Has Been Found

Quantities of Rifles and Explosives Found In Palestine

LONDON, April 15:—A terrorist arsenal has been discovered, quantities of rifles and explosives having been hidden in wells in Palestine.

ETHIOPIAN UPRISINGS

Breaks Among Natives Reported—Railway Station Destroyed And Italians Killed

ADDIS ABABA, April 15: (CP)—Ethiopia is having fresh trouble in the north. Natives are reported to have attacked and destroyed a railway station on the Djibuti-Addis Ababa line yesterday, killing a number of Italians.

England Wins Over Scotland

Score of Two to One in Final International Football Game of Season Today

GLASGOW, April 15: (CP)—England defeated Scotland by a score of 2 to 1 today in the final international soccer match of the season at Hampden Park before 150,000 spectators in a pouring rain. The result put England in a tie with Scotland and Wales for the international title.

ANTI-BRITISH POLICY

Evidently "The Federationist," which has considerable circulation in Prince Rupert, is an anti-British publication. In almost every number it carries articles reflecting on the honesty, the good intentions, the foreign policy of that country. It whines continuously at supporting any capitalist government and keeps up the barrage against the British until people begin to wonder who is responsible for the anti-British attitude. In view of what Germany and other countries are doing in regard to anti-British propaganda, the Federationist policy leads to suspicions.

If Canada becomes involved in a war it will be a war against dictatorships and, if there were a dictator, the Federationist would not be allowed to publish.

SIR STAFFORD CRIPPS

This week's London Letter gives an interesting account of the political life of Sir Stafford Cripps by Beverly Baxter. Evidently the British Socialists do not like him. He cannot be made to toe the line and it must be remembered that under Socialism there is no liberty. Italy, Germany and Russia are all Socialist and in those countries you are scarcely allowed to think, much less speak. The British Socialists tried to make Sir Stafford obey orders but this he would not do. He was a leader rather than a follower. In the second Labor government he was solicitor general and at the election in which it was driven out he was so extreme in his views that the electorate took fright and voted against his party. Under his plan the Socialists must not take office again until they control Parliament and then the constitution will be changed so that the ministers are responsible not to the King but to the Socialist executive, much as in Russia, Italy and Germany.

It was his final suggestion of a united front just like the various united fronts organized in various countries including Spain by the Communists. This was to include all who were opposed to Chamberlain, no matter what their aims. He planned to take in Socialists and their cousins, the Communists, the Sinclair Liberals and any others. The Socialists refused to do that so Cripps toured the country. While the Cripps supporters shouted "Down with Chamberlain," the Socialists shouted "Down with Cripps." The Trades Union Congress came out for a moderate policy, stating: "Merely to attribute the cause of unemployment to capitalism is out of date and irresponsible; nor can a cure be found in orthodox and rigid Socialist theories. There is no one cause and no one solution."

Mr. Baxter concludes "More and more the principles of Socialism appear to the average Briton as first rate soap box stuff but not sound politics. Like Social Credit, Communism, Syndicalism and other devices, it was all right until somebody tried it out."

The warmer weather has made all gardeners busy and it is wonderful how many gardens there are in the city, especially at this time of year. Nearly every householder does a certain amount of digging in the early spring and most of them get as far as planting or sowing at least a small patch of ground. Then from that point there are some who drop off. They forget to pull the weeds.

Early this week I drove along Ninth Avenue and there was great activity on that avenue, between McBride and Fulton with promise of great things. I hope to walk along that avenue often and find out how things are going. The soil there seems good and there is no reason why it should not lead the other streets in garden results. I should like to see a little healthy competition between the various avenues in this line.

The other morning I was agreeably surprised, not to say excited, to find a trillium (Wake Robin) in bloom in the garden, also a couple of lilies, such as are so common in Victoria, coming in bloom. These are the erythronium or dog's tooth violet. They are very fragile, delicate but beautiful little lilies. Around Victoria at this time of year it is a common thing to see people coming in from the country with huge bunches of these flowers.

There are two distinct varieties of the Leouardsbane (Doronicum) in the city. The big yellow daisy-like blooms will soon be seen in most of the gardens but the dwarf variety seems to be preferred. It is a little earlier than the other and makes a better showing. It may be seen making a great show in Theo Collart's garden on Fifth Avenue and the flowers will be out in a few days.

It is not too late to divide delphiniums. Try to find a sheltered

position for them or they are likely to be whipped all to pieces by the winds just as they are coming in bloom. These flowers do well throughout the interior as they stand the winters well in the coldest climates.

It is about time to plan now for dahlia beds in Prince Rupert although it is hardly safe to plant until about May 1. My tubers are all started and will be much too early and liable to be cut off by late frosts.

Some people are planting their gladioli. The prizes offered by a local florist are having a stimulating effect on the growing of these plants this year. I suggest the planting of a dozen of each variety. They look better in clumps than in rows or in beds, preferably will all of one variety or color in a clump. The keen gardener buys named varieties, even if they cost a little more.

Forget-me-not may be planted out now and as soon as the bloom is over pulled out and thrown away or retired to the back garden. They seed themselves easily and usually there are plenty of young plants for the spring blooming. Do not discard them as useless. They are one of the best flowers we have in Prince Rupert. However, it is well to avoid the swamp variety which spreads rapidly and cannot be easily rooted out. It blooms later than the other and is often seen blooming in the ditches at the roadside. —H.F.P.

Good Friday Recital Here

Augmented Choir of St. Andrew's Cathedral Acquired Itself Creditably

A Good Friday evening recital of Easter music proved highly acceptable to a fair attendance at St. Andrew's Cathedral. The augmented choir was under the direction of A. J. Lancaster and acquitted itself very creditably in Maunders' cantata "Olivet to Calvary," with John E. Davey and Len Cripps as soloists, and two choruses—Nevin's "Into the Woods My Master Went" and "Stainer's 'God so Loved the World.'" Peter Lien presided at the organ.

BAND AT SMITHERS IS ACTIVE

Fine Concert Staged On Monday Night, Followed By Dance

SMITHERS, April 15.—One of the best concerts heard in Smithers for a long time was put on in the Town Hall Monday evening by the Smithers Brass Band conducted by Bandmaster John S. Gray. There were twenty-seven pieces under the baton of Mr. Gray and a number of band selections were rendered interspersed with vocal numbers and finished off with several short sketches which were loudly applauded. J. W. Turner was chairman for the evening and carried the program through in his usual efficient and enthusiastic manner.

Vocal solos were given by Doris Barker, Jean Buchan, A. H. R. Howell and K. MacBean. A male quartette composed of Messrs. M. Collison, K. MacBean, W. Collison and A. H. R. Howell sang "Love's Old Sweet Song."

A special dance by little Inez Persson and June Aida was one of the hits of the evening and was heartily enjoyed. These little girls, who are pupils of Miss Hazel Leach, were very clever and a dance brought down the house.

A negro sketch, "Two Black Crows" by E. Bodger and Ray Cunliffe was well put on, Cunliffe displaying a great deal of ability as an actor and impersonator.

The sketch which finished the program, "The Fall of the Dictators," put on by W. Collison, C. Steele, J. Graham and H. Lewis kept the audience in an uproar. The personalities portrayed were Hitler, Mussolini, Chamberlain and Mae West. These clever amateur actors wrote their own play and carried out the characters portrayed in a very professional and mirth-provoking manner.

The instrumental quartette played by Mr. Bodger, his son and two daughters, all members of the band, was exceptionally well rendered.

The concert was followed by a dance under the auspices of the band, the music being supplied by "The Rhythm Rascals," and was well attended.

Both events were quite apparently successful financially and this will enable the band to continue with its work and procure new music and other requirements.

COMEDY IS ROMANTIC

"Brother Rat," at Capitol Theatre This Week-End, Has Good Entertainment Value

"Brother Rat," a college and service comedy, differing from any picture of this type so far offered the public, comes to the screen of the Capitol Theatre here as the feature presentation for this week-end. Wayne Morris and Priscilla Lane head the cast but Eddie Albert of the Broadway cast really steals the show. Other members of the cast are Jane Wyman, Ronald Regan, William Tracy, Henry O'Neill, Johnny Davis, Olin Howland and Louise Beavers.

Morris plays the part of the most reckless of three room-mates, Ronald Regan the sanest but susceptible one and Albert, the stolid romanticist who has married secretly and is about to become a father. Discovery of this fact interferes with his pitching and, in their efforts to offset wagers made on a baseball game, the others get the trio ensnared in various violations of academy rules which constantly threaten to bring about expulsion.

Moments of tense, human emotion are injected into a swiftly flowing current of comedy in a manner which gives audiences that inner glow so often striven for but so seldom achieved.

SPORT CHAT

After a brief career as a great athlete, Sylvanus Apps is ready to enter politics. Nominated by the Conservative party for the House of Commons he will run for Brant in the next general election, expected within a year. He is 24. Apps achieved fame in 1934 by winning the pole vault for Canada at the British Empire Games in London. Two years later he placed sixth in his specialty at the Berlin Olympic Games. Then Apps signed a professional ice hockey contract with Toronto Maple Leafs and for the last three seasons has been one of the sensations of the National League. Apps will quit hockey if he is elected to parliament.

Champion surf-men and swimmers of four countries are expected to compete in the Pacific Surf Games to be held next July in Honolulu. Australia and the United States have already decided to compete. Canada and New Zealand also may each send a team. Competitors will meet in the water, on surf-boards, in Australia's unique surf-boats and in Hawaiian canoes. The Commonwealth will send at least 10 life-savers. The surf-boats used in life-saving operations on Australia's beaches are high-ended four oared craft. They are steered by a heavy oar at the stern instead of tiller and rudder. They are practically self-balancing, contain water-tight compartments at each end and resemble in design boats used by American whalers.

Priscilla Lane head the cast but Eddie Albert of the Broadway cast really steals the show. Other members of the cast are Jane Wyman, Ronald Regan, William Tracy, Henry O'Neill, Johnny Davis, Olin Howland and Louise Beavers.

Morris plays the part of the most reckless of three room-mates, Ronald Regan the sanest but susceptible one and Albert, the stolid romanticist who has married secretly and is about to become a father. Discovery of this fact interferes with his pitching and, in their efforts to offset wagers made on a baseball game, the others get the trio ensnared in various violations of academy rules which constantly threaten to bring about expulsion. HEAT OR COLD ON RAILWAY

Recent Developments in Refrigerator Cars Subject of Paper By C. N. R. Expert

AUSTIN, Texas, April 15:—Recent developments in railway refrigerator cars was the subject of a paper prepared by J. L. Townshend, general supervisor perishable traffic, Canadian National Railways, Montreal, and delivered yesterday at the Food Preservation Conference of the American Society of Refrigerating Engineers. In effect, Mr. Townshend declared that, because of the great progress made on Canadian railroads during the past two or three years, there had been developed "the refrigerator car of the future."

Mr. Townshend reviewed experimentation which began six years ago on the Canadian National Railways and resulted in the development of the liquidometer, a device to show on the outside of the refrigerator car the correct interior temperature either when iced or heated. The importance of such information was to be realized when it was stated that, in ice bunker cars, there was frequently a difference of 15 or 20 degrees in temperature between the warmest and the coldest part of the car. When such cars were heated by means of portable charcoal heaters placed in end ice bunkers, the differences might be even greater with a spread of from 20 to 40 degrees. As an example, with an attempt to keep apples at a temperature of 32 degrees at the bottom of the load, the top might easily be as high as 60 or 70 degrees, depending on the length of the heaters in use.

The problem for the refrigeration engineers was to find means to introduce cold from the top and heat from the bottom. They first tackled the heater problem and experts of the Canadian National Railways, in co-operation with the

National Research Council at Ottawa, developed an outside heater using charcoal fuel to warm an interior pipe and coil system filled with an anti-freeze solution which distributed heat as it circulated to maintain even temperature.

It was found quite possible to handle transcontinental shipments of perishables through outside temperatures with variation of 60 or 70 degrees with a spread of not more than 4 or 5 degrees in inside car temperature. Use of such heaters which were installed under the car floor also eliminated the danger of poisonous carbon monoxide gas given off by portable heaters when used in end bunkers.

Icing Problem
The icing problem was solved by building brine tanks in car ceilings and with a new type of interior construction and drainage. It was found possible to maintain even temperature while in transit. Overhead icing gives more interior space, approximately five feet being gained by doing away with the previous end bunkers.

Mr. Townshend concluded by stating that the drastic but entirely feasible changes effected in Canadian railway refrigerator cars had made unnecessary any mechanical form of refrigeration or heating in such type of car for a long time to come.

NO PARTY
LUNenburg, N. S., April 15: (CP)—The 18th birthday of the Lunenburg schooner Bluenose North Atlantic sailing champion slipped by without any observance although she was in port. She was launched March 26, 1921.

REBUILD ACADEMY
Pictou, N. S., April 15: (CP)—The famed Pictou Academy, badly damaged by fire a year ago, will be rebuilt. A New Glasgow firm's tender for \$66,000 for the job has been accepted.

GOLD SHIPMENTS
HALIFAX, April 15: (CP)—Nearly \$900,000 in gold for an undisclosed Canadian destination was landed here from two steamships in 24 hours. The Andania from Liverpool had \$700,000 and the Veendam from Rotterdam \$184,000.

TOWN PLAN COMMISSION

City Commissioner W. J. Alder has completed the appointment of the Prince Rupert Town Planning Commission, following ratification by the provincial government of the bylaw providing for same. The commission consists of J. J. Little, chairman; C. V. Eviatt, Robert Gordon, John Currie, C. H. Elkins and W. R. McAfee. The first two are appointed for three years, the second two for two years and the last two for one year.

LOCAL NEWS NOTES

Tonight's train, due from the east at 11 o'clock, was reported this afternoon to be on time.

Mrs. J. Lorne McLaren sailed last night on the Princess Adelaide for a trip to Vancouver.

Envoy S. Leighton, Metlakatla officer of the Salvation Army, is in the city enroute home after spending Good Friday and Easter Sunday at Kitselas where he was the guest of Adjutant and Mrs. M. G. McKay.

George Ross returned to the city on the Princess Adelaide yesterday afternoon. He drove west from Windsor, Ontario, in a new car of which he took delivery there. Coming home through the United States, he visited the Golden Gate International Exposition at San Francisco.

Eagles' Dance To Help King's Visit Fund

The attendance at the dance staged by the Eagles' Lodge last night for the purpose of assisting the fund to send local school children to Victoria for the visit of the King and Queen was not as large as might have been hoped for. Yet an enjoyable time was spent by all present. Music was by Mrs. J. S. Black's Orchestra and Robert McKay was master of ceremonies. Fred Hunter presided at the door. Dancing was in progress from 10 p.m. until 2 a.m. and refreshments were served at midnight.

Timely Recipes

SALMON AU GRATIN
One package noodles, 1 small can salmon, 2 oz. grated cheese, 1 cup milk, 1/2 small onion sliced, salt.
Throw the noodles into rapidly boiling water to which salt has been added. Boil for 7 minutes, then drain. Mix salmon, cheese, onion and milk together. Add the boiled noodles and bake ten minutes before serving. For evening entertainment substitute a can of crab meat for the salmon.

ATTENDANCE UP
HALIFAX, April 15: (CP)—Attendance at the Nova Scotia Provincial Museum has shown steady increase in the last three years according to the curator's report. Last year it was 10,464, an increase of 954 over 1937 and 722 more than 1936.

TOO LATE TO CLASSIFY
FOR SALE—English pram, only \$10. Phone Red 182. (90)

FOR LEASE
FOR LEASE—The whole of the two upper floors of Alder Block; 36 rooms. Furniture for sale. Apply W. J. Alder, City Hall.
HALIFAX, April 15: (CP)—A ban on pari-mutuel or any form of betting on horse races in Nova Scotia was sought by the province's Social Service Council in a conference with government officials. No action was taken immediately.

Cash for Old Gold. Bulger's of Local school teachers, who have been in Vancouver for the annual Easter convention of the British Columbia Teachers' Federation, will be returning to the city from the south on the Catala tomorrow evening.

Inspector C. G. Barber, who has been in Victoria to take part in an official farewell gathering for Col. J. H. McMullen, retiring Commissioner of provincial police, will return to the city on the Catala tomorrow evening.

A. O. Franks, suffering from his second attack of pneumonia within a year, has sufficiently recovered to be able to leave the Prince Rupert General Hospital for home but it will be a while yet before he is sufficiently strong to be able to resume his work.

IS FINED \$300

Otto Olsen, for supplying liquor to Indians, was fined \$300, with option of three months' imprisonment, by Magistrate McClymont in city police court this morning. Herbert Reece and Josiah Dundas, for drunkenness, were each fined \$5, the former with option of three days' imprisonment and the latter with one day's option.

CLEAN-UP WEEK BEGINS TOMORROW
The coming week being "Clean-up Week" will see great activity in all parts of the city. City lots will be carefully scanned and note made of those who do not co-operate. The city is providing service in the way of removing rubbish.

Kitchen Shower For Bride-Elect

Mrs. D. W. Taylor and Miss Isabel Brannan Entertain For Miss Grace Cheater

Mrs. D. W. Taylor and Miss Isabel Brannan entertained at a kitchen shower at the home of the former at 135 Fifth Avenue East last night in honor of Miss Grace Cheater of this city. Thirty guests surprised the bride-to-be with beautiful and useful gifts. The gifts were presented to the recipient under an imitation shower. The rooms were decorated in pink and white streamers. Games and bridge were played, the winners being Miss Helen Stamp-Vincent and Miss Marie Mussallem. Dainty refreshments were served at midnight.

MORE LICE
FREDERICTON, April 15: (CP)—Entomologists here have succeeded in breeding plant lice to be used on experimental potato varieties in an attempt to find a variety immune to the lice. For 15 years other experimenters have tried vainly to discover a way to breed these lice.

NEW AND BETTER

COLD CURED ICE

For the Halibut and Salmon Fleets

Following the investigations of the Fisheries Research Station, the Company has just completed extensive changes and improvements in ice storage and ice delivery methods.

Ice for the boats will all be old ice, thoroughly cured or aged at new low temperatures. It will be delivered into the hold, even in the hottest weather, as cold as the storage room.

Fishermen are invited to inspect the new system. Better ice than ever before, at no increase in cost, means economy to the boat and improved quality in fish delivery.

Canadian Fish & Cold Storage Co. Ltd.

Bad Weather Holds Down Halibut Landings to Rather Low Level—Prices So Far Are Up To Last Year

Due, no doubt, in large measure to the unfavorable weather which has prevailed since opening of the fishing season, halibut landings at the port of Prince Rupert up to yesterday were much lighter than in the corresponding period of last year. The total for the first two weeks following the opening of this season is 484,000 pounds in comparison with 797,700 pounds in a corresponding period last year. The Canadian total is 215,000 pounds, comparing with 337,700 pounds last year, and the American 268,900 pounds as against 460,000 pounds. Considerably heavier late April landings were anticipated. Prices so far this season have been holding about the same as last year but it is considered possible that, with pressure of heavier landings, an early downward trend may be anticipated. During the past week a total of 400,600 pounds was landed, 150,100 pounds being from Canadian vessels and 250,500 pounds from American. High Canadian price of the week was 10.1c and 6c paid the Unome for 8,000 pounds and the low 6.2c and 5c received by the Point May for 4,500 pounds. For American fish the top bid of the week was 10.9c and 7c received by the Eleanor for 9,000 pounds and the low 7c and 5.5c paid the Explorer for 23,500 pounds.

8 1/4c and 6c; Aln., 12,000, Washington, 8 1/2c and 6c; Gony, 12,000, New England, 8 1/4c and 6c. Several of these boats also landed cod, receiving 1 1/2c and 2c per pound.

Frank Waterhouse freighter Southolm, Capt. R. B. Bennett, arrived in port early this afternoon from Vancouver, having come north via the Queen Charlotte Islands. The vessel is discharging local cargo before sailing on her return south.

Freighter Salvor, Capt. Albert Georgeson, arrived in port yesterday afternoon from the south and was discharging local cargo this morning.

Statistical Work Is Overwhelming

Hospital Board Complains at Ever-Increasing Requirements of Authorities

Receiving demands from the provincial government at the city for further statistical information in regard to patients, the hospital board, at its meeting last night, took the view that the amount of statistical information now being required was beyond all reason. The particular objection was that it took so much of the secretary's time. Indeed, he was finding it impossible to comply with all the requests for such information.

This matter came up in connection with a communication from Percy Ward, inspector of hospitals, stating that certain information from the local hospital requested some time ago had not been sent in.

There were also letters from the inspector of hospitals clearing up certain misunderstandings in regard to the definition of "patient days" and outlining procedure in connection with the collection of hospital bills.

HOSPITAL NEWS

Hospital Notes

A communication received by the local hospital board last night from the municipality of Terrace advised of a decision of the provincial board of arbitration that the municipality of Terrace was not responsible for payment of per capita charges covering a Mr. and Mrs. Sanderson who recently received treatment in the hospital. These people were not residents within the municipal area of Terrace and, further, the man was getting a war veterans' allowance. The matter will be followed up further with a view to establishing by whom the per capita charge should be paid.

Dr. G. F. Kincade, travelling tuberculosis officer for the provincial government, had a letter before the hospital board last night expressing hope that the board would find it possible to provide accommodation in the new building for tuberculosis clinical work here. The matter was left over until after occupation of the new hospital has been made.

The increasing importance of the observance of National Hospital Day so as to keep up the public interest in hospital board matters was referred to in a letter read at last night's hospital board meeting. National Hospital Day is set for May 12 but, as far as local observance is concerned, it is planned to defer it until the opening of the new hospital.

In his report for the month of March, presented at the regular meeting of the hospital board last night, Fire Chief H. T. Lock stated that the usual inspections had been made. The Nurses' Home fire alarm system had been found to be in good order, boiler rooms were in orderly condition and free of combustibles and housekeeping conditions were satisfactory.

A three year contract is being signed between the Pioneer Laundry and the hospital board for the handling of hospital laundry at the same scale of rates as now in effect. The president and secretary were authorized by the hospital board last night to sign the contract.

The regular monthly meeting of the Prince Rupert General Hospital board of directors was held at the hospital last evening. Those present were G. P. Tinker, chairman, Frank Dobb, F. A. MacCallum, W. M. Brown, G. V. Wilkinson, W. O. Fulton, Dr. R. G. Large, and Mrs. H. L. Landry, directors; Miss Jean Harrison R.N., lady superintendent, and H. W. Birch, managing secretary.

The Department of Pensions and National Health has signed an agreement with the Prince Rupert General Hospital in regard to treatment of certain types of ex-service men's cases in the local institution instead of sending them to Shaughnessy Hospital in Vancouver as has been the practice in the past.

The report of Miss Jean Harrison R.N., lady superintendent, at the regular monthly meeting of the board of directors of the Prince Rupert General Hospital last night, was merely of a routine nature. Work of the hospital was proceeding satisfactory with nothing of an unusual nature.

The house committee, W. M. Brown, chairman, had no report to present at the regular monthly meeting of the board of directors of the Prince Rupert General Hospital last night. No information had yet been received in regard to prices of casters with which all hospital beds are to be fitted on removal to the new hospital.

Dr. W. T. Kergin, who has been on a trip to Australia, will be returning to the city on the Catala tomorrow evening. He has been away for three months and also visited Honolulu, Suva and New Zealand.

Reply From City Is Still Awaited

No Answer Yet in Regard to What is to be Done with Indigents at Hospital

In answer to questions, it was stated at last night's regular monthly meeting of the board of directors of the Prince Rupert General Hospital that there had been no reply from City Commissioner W. J. Alder to notice issued from the meeting of the board a month ago that the city would be expected to remove by the end of April indigent patients for whom the provincial government's per capita grant had expired. The board had also notified Mr. Alder that the city would be expected to pay for these patients on the basis of \$1.40 as from the first of this year.

The only communication received at last night's hospital board meeting from the city was a letter from the treasurer and collector calling upon the hospital henceforth to furnish full particulars in regard to address and length of residence of hospital patients on whom city grants were to be paid, this information to be verified by statutory declaration.

Laboratory Fees Set By Hospital

Scale Drawn Up By Executive Committee and adopted by Board Provides for Flat Minimum Charge of \$1.50

The hospital board, on recommendation of the executive committee, W. O. Fulton, chairman, last night adopted a scale of charges in connection with the laboratory service which has been established at the hospital. There will be a flat charge of \$1.50 for a routine urino-analysis for all patients who are able to pay, fifty per cent of this to go to Dr. Coleman, twenty-five per cent to the hospital for laboratory equipment and twenty-five per cent for administration. Distribution of proceeds from additional laboratory service will be sixty per cent to Dr. Coleman, twenty per cent to the hospital for laboratory equipment and twenty per cent for administration. This basis of charges is tentative, being subject to review in thirty days.

The discussion of laboratory service charges brought a question from Frank Dobb as to how hospital rates generally here compared with other places. Reply was that they were about the same here as elsewhere although it was pointed out that there was no charge here for routine carerom work nor was there a charge for babies as patients.

HOSPITAL FINANCES

The report of the finance committee, F. A. MacCallum, presented at the monthly meeting of the board of directors of the Prince Rupert General Hospital last night, showed a total of 1556 hospital days during March at a cost per hospital day of \$2.99. Ordinary disbursements for the month had totalled \$4,650.36 and capital expenditure on the new building was \$14,106.14.

MOVING OF HOSPITAL

With New Building Nearing Completion, Board Considers Making Transfer—Possibly About June 15

With the building committee, of which Frank Dobb is chairman, reporting the new Prince Rupert General Hospital building now well on the way to completion, the board of directors of the Prince Rupert General Hospital, at its regular monthly meeting last night, commenced consideration of plans for transferring to the fine new structure. Premier T. D. Pattullo is expected to conduct the official opening but, in view of the King's visit in the meantime, it is considered unlikely that he will be able to be in Prince Rupert much before the middle of June so it may be about then that the opening will take place. After the contractors are finished, possibly in about a month's time, there will be the job of transferring equipment and furniture from the old to the new building, to say nothing of actual moving of patients.

Reporting for the building committee at last night's meeting, Mr. Dobb referred to progress of construction of the new building which was turning out to be a very attractive appearing structure, particularly in the interior. Laying of the asphalt tile was now being carried out, the top floor being practically finished, and the electrical fixtures were now going in. The outdoor painting job might not be all that was desired at present but this would be rectified. There was discussion as to the advisability of moving the kitchen range from the old building or installing a new one, this being left to the house committee to go into. The probability that some people would probably desire to make donations in connection with the equipping of the new hospital was mentioned so it was decided to draw up a post a list of articles which would be welcomed. The meeting was advised by Mrs. H. L. Landry that the Women's Auxiliary had decided to furnish a ward as soon as funds became available. The donation of an electric water still from C. H. Orme was also reported. The possibility of installing a radio receiving system in the new building was mentioned but there appeared to be some difference of opinion as to the desirability of this.

Ways and means of removing patients from the old to the new hospital were discussed. Mr. Dobb favoring the installation of a special ramp to connect the two buildings. No difficulty is expected in transferring the patients unless it might arise in connection with patients who are very ill.

Grounds and Driveways

In regard to driveways and grounds of the new buildings, it was reported that City Commissioner W. J. Alder had been a visitor to the new building and had reacted favorably to the city putting in a driveway on Fifth Avenue. The cost was estimated at \$350 and expectations were that the work would be proceeded with shortly. As for space for the parking of doctors' cars and the entry of ambulance and hospital service traffic this had already been provided for by the grading of an area on the lane with entrance from Green Street. The Fifth Avenue driveway would be for general public traffic.

Reporting further, the building committee announced that disbursements in connection with the new building had to date totalled \$86,892.

In regard to the engineering requirements in connection with the operation of the heating plant of the new building, the board is now in communication with the provincial government. As soon as advice is received in regard to the requirements, applications for the position of engineer will be called for. Already there are a number of applications in, the latest last night being from James Black.
