Canada Pays Homage To Her King

Locomotive of Royal Train Ready

Scheduled for the biggest job ever assigned to a steam locomotive, Canadian Pacific engine 2850, photographed at the Angus Shops in Montreal, is ready to haul Their Majesties the King and Queen on their 3,000-mile trip across Canada. The royal tour will mark the first time one engine has made a continuous journey of this length, and 2850's record will not be equalled on the tour.

Specially re-fitted and decorated for the occasion the big Canadian Pacific locomotive is a mass of shining stainless steel, royal blue, silver and gold. The semi-stream-

lined engine bears the royal arms over the headlight which has been sunk flush with the front of the boiler-casing; Imperial Crowns decorate each running board; the crest of the Canadian Pacific appears beneath the window of the cab and, on the tender, the royal arms four feet high are blazoned in relief.

The general decorative scheme comprises a background of deep blue on the underframe, smoke-box, front of engine and all marginal work on engine and tender. The sides of tender, cab and running boards are painted Royal Blue.

A panel of aluminum leaf laid in diagonal squares matching the panel on the cars of the royal train extends half way on the tender. The panel is outlined in gold.

The jacket on the locomotive, handrails on it and the tender and other trim is of stainless steel. Gold leaf has been employed on the engine numbers.

Engineer Eugene Leclerc, of Quebec, who was fireman on the royal train in 1901, will be the first Canadian engineer. He has been in regular Canadian Pacific service between Quebec and Montreal for approximately 48 years.

Sergeant Macdonald is well known in Prince Rupert, having been a member of the old city force here before local policing was taken over by the province.

Statesmen of Country Assemble to Give Welcome to Monarchs at Historic Quebec—Thousands of Loyal Subjects Acclaim

QUEBEC, May 17: (CP)—For the first time in history, a British King, while reigning, has set foot on Canadian soil. This memorable epoch occurred at 10:30 this morning at historic Wolfe's Cove at Quebec with the landing of King George VI. All Canada rejoiced and celebrated at the safe arrival of the King and Queen. Beautiful weather conditions prevailed and thousands of loyal and cheering subjects, led by the statesmen of the Dominion, were assembled to do homage to Their Majesties.

Last night at 11:30 the liner Empress of Australia which brought the King and Queen to Canada arrived opposite St. Jean, Island of Orleans, fourteen miles below Quebec, and a few minutes later dropped anchor. This morning the white liner moved up to Quebec to land their Majesties. It was a thrilling sight as the royal flotilla moved in. The Canadian destroyers Skeena and Saguenay, which had met the Empress of Australia down the river late yesterday, led the way and the cruisers Southampton and Glasgow, which had conveyed the Empress across the Atlantic, followed. Flying boats and seaplanes of the Royal Canadian Air Force, which had met the royal flotilla in the Gulf, soared overhead. The shores were lined with cheering thousands. Many had stayed up all night in order to keep points of vantage.

Premier Mackenzie King was present to extend a welcome to Canada at the landing of Their Majesties. The only Canadian cabinet ministers not present were Hon. Ian Mackenzie, minister of national defence, and Hon. J. G. Gardiner, minister of agriculture. There were presentations to Their Majesties during the morning.

At noon there was an official luncheon by the Canadian government at Chateau Frontenac. This afternoon Their Majesties were taken on a motor drive to points of scenic and historic interest around this historical capital. Great crowds were gathered wherever they went.

Tonight there will be a state dinner at the Chateau Frontenac with Lieutenant Governor E. L. Patenaude presiding.

The royal party received Canada's first greeting yesterday when three flying boats of the Royal Canadian Air Force flew to sea and circled the Empress of Australia as she was approaching the Gulf of St. Lawrence. The King and Queen went on deck to acknowledge the tribute from the air.

There were thousands of bonfires along either shore of the river as yesterday as the result of injuries reported to have been received in a fist fight. Sheriff Hutchins said he did not know exactly what had happened but that he understood Palmer had been beaten up by a group of thugs in Bradentown, Florida.

Just a few days before, Palmer patched up a rift with his fourth wife. During the domestic strife, the fourth Mrs. Palmer filed and then withdrew separate maintenance suits.

Three boys of juvenile age walked into a police trap Monday night by breaking and entering Phillips' Grocery on Eighth Avenue West. The boys entered by lifting a window. After they had helped themselves to cigarettes and chocolates, waiting police made their presence known and took the boys into custody. This morning they appeared in juvenile court before Magistrate McClymont and, pleading guilty, were remanded for sentence.

Just a few days before, Palmer patched up a rift with his fourth wife. During the domestic strife, the fourth Mrs. Palmer filed and then withdrew separate maintenance suits.

BRITAIN IS TRYING FOR AGREEMENT

New Note To Be Sent To Russia On Anti-Aggression Matter

LONDON, May 17: (CP)—The British Foreign Office said that the government would probably send a new note to Moscow this week in a renewed effort to bring Russia into the Anglo-French anti-aggression pact.

There is no official indication of the nature of the British reply to Russia's latest statement of views which declined to join the anti-war front unless the British made an outright military alliance with the Soviet and France.

Soviet Russia's rejection of Britain's proposal for a pact has not dampened British hopes for an agreement. The negative answer given by Russia had been expected since last week. At that time Soviet news declared the British proposal was unacceptable because it gave Russia nothing in return for her pledges to aid France and Britain.

Diplomatic quarters in London and Paris said it was almost certain the British would make a further proposition to Russia. The Soviets want an outright military alliance or at least pledges of British aid if Russia were attacked while trying to protect such neighboring states as Latvia and Estonia which have no guarantee of aid from France and Britain.

The Chamberlain government is under strong pressure to come to agreement with Russia. For this reason neutral observers believed Britain would make concessions in her next approach to Moscow.

Both countries are hoping that a final agreement can be reached when British Foreign Secretary Lord Halifax meets Foreign Vice-Commissar Potemkin a week from today at Geneva.

SULIKOSKI ACQUITTED

Freed On All Charges Arising Out Of Gun And Knife Affray In Local House

Nick Sulikoski, 38-year old Pole, was acquitted by an Assize Court jury here last night on a charge of attempted murder and on two lesser counts in connection with a gun and knife affray in a local rooming house on February 15 last. Sulikoski had pleaded self defence and that not he but Jack Butler, 54-year old railway engineer, was the aggressor in the matter. The jury deliberated for two hours and a half, returning its verdict at 6:35 p.m., after a two-day trial.

T. W. Brown was crown counsel and R. L. McLennan appeared for the defence.

Mr. Justice A. I. Fisher took a long time to analyse the evidence for the jury before allowing it to retire and consider it at 4:05 p.m. He drew attention to the conflicting nature of the evidence and to the fact that independent witnesses supported the evidence of Butler. He read and expounded the law as it applied to the case and left it to the jury to decide how much of the evidence to believe and what to discard. It had the opportunity to find Sulikoski guilty of wounding with intent to murder, wounding with intent to do grievous bodily harm, wounding without intent or a fourth verdict might be assuault. The only other was acquitted.

VISITING DEFENCES

Hitler and Mussolini Personally Watch Frontiers of Their Countries With France

LONDON, May 17:—German and Italian dictators are continuing their speedy tours of defences along the French frontier.

Premier Benito Mussolini of Italy opened a new military airport at the town of Cassella, only 25 miles from the French border.

Chancellor Adolf Hitler of Germany arrived at Saarbrücken where he was joined by his army commander-in-chief and high Nazi party officials for further inspection of the German fortifications opposite France's Maginot line.

Popular Figure In Naval Dress

His Majesty Prefers Less Formal "Civies" When Occasion Permits

Ottawa, May 17: (CP)—While the King's wardrobe for his tour of Canada and the United States will include at least six different uniforms, the royal visitor can be depended upon to prefer grey lounge clothes or black-coated morning suit whenever the occasion permits. For sports—and the itinerary provides for two or three periods of recreation and rest—the King generally wears plus four, heather wool stockings and pullovers that come from Scotland.

On more formal occasions, of course, the King will be seen in uniform. As the Sovereign and head of the Royal Navy, and with a fighting record entitling him by word and deed to the surname "the Sailor King" he is a popular figure in the deep blue, gold-brained uniform of Admiral.

IS MOVING ON MONEY

Roosevelt Endeavours To Speed Up Legislation Providing For Continuance Of Currency Stabilization

WASHINGTON, D. C., May 17:—President Franklin D. Roosevelt is endeavouring to speed up legislation which would continue the currency stabilization fund and the President's power to devalue the dollar. The administration's authority to maintain the fund and the President's power to regulate the silver content of the dollar expires June 30.

President Roosevelt has called Senator Miller of Arkansas to the White House to discuss the situation. The bill to extend the powers over currency has been approved by the House of Representatives and awaits Senate action. Senator Miller refuses to discuss the President's strategy but says Roosevelt's great concern is over the delay.

The President is proposing a survey of "frozen capital" in the country with a view to devising some means of forcing its release and bringing about an increased measure of prosperity. He has taken the matter up through a message to the anti-monopoly committee of Congress.

Train This Evening Following Delay

Derailment East of Prince George Cause of Trouble

The train, which was to have been in at 11 o'clock last night, will arrive at 8 o'clock this evening. Delay was caused by a derailment of seven cars of a freight train one mile east of Croyd on the Tete Jaune subdivision which tore up the track. Superintendent W. H. Tobey was on the derailed train and is coming in on the delayed one.

on board the Empress to extend a welcome.

Later on the pier the King and Queen took their places on a richly decorated dais where they received the Canadian Privy Councillors, Dominion cabinet members and provincial and civic leaders.

In a specially built car Their Majesties were carried through narrow streets to the Legislative buildings where Premier Maurice Duplessis and Lieutenant Governor E. L. Patenaude as well as Cardinal Villeneuve awaited them.

Premier Duplessis pledged the King and Queen the loyalty of Quebec province, "in particular of Canadians of French descent." The King handed him a reply in French paying tribute to the loyalty of French Canadians.

THE KING IS IN CANADA

The King and Queen of Canada have arrived. Long may they live. They come, not as czars, or dictators, but as heads of a democratic state and are today being acclaimed by the mass of the people, not under compulsion or from fear but from a feeling of loyalty and good will to British institutions under which the country has grown up and will continue to grow stronger and greater. With all true Canadian citizens we join in saying "Long Live the King and Queen."

OUR DEMOCRACY

In the assize court yesterday a man was accused of attempted murder and was put on trial in a case in which his liberty was involved. He was from one of the central European states and spoke the English language, the language of Canada, only imperfectly. No one inquired if he was of Canadian or British birth or even if he was now a British citizen. All that concerned the court was that he must be given British justice.

The question arose as to whether a statement he was alleged to have made when arrested was made as a free expression of opinion or whether any pressure might have been brought to bear to make him confess. The judge made the jury retire and, while it was out of the courtroom, all the witnesses who had been present at the time were closely questioned as to what was said prior to the statement of the accused. More than an hour of the time of the court was devoted to making sure that this man of foreign birth was protected from himself in connection with the trial. In no other country in the world would so much care be taken to see that an accused person was given justice.

MAIL IS LATE

It is difficult to describe all the inconvenience it brings to Prince Rupert people when the mail from the East is delayed by trouble on the line, such as must happen on almost any line in the country and especially in a more or less mountainous country. A daily mail would do away with much of the inconvenience but to get a daily train it seems we must have population both in Prince Rupert and in the interior.

If you have something to sell, a classified advertisement in this paper will soon let you know if there is a buyer in the city.

CARDINALS MOVING UP

Improve Lead In National League Standing—Boston and Cincinnati Tied For Second Place

ST. LOUIS, May 17: (CP)—St. Louis Cardinals improved their hold on first place in the National League yesterday by winning a close seven to six victory over New York Giants at Sportsman's Field here, the defeat sending the Cardinals to seventh place below the Pittsburgh Pirates who, playing at home, won eight to five over the Phillies. At Cincinnati the Cincinnati Reds defeated the Boston Bees four to one and the two clubs are now tied for runner-up position. Brooklyn Dodgers and Chicago Cubs are in a tie for fourth place as a result of yesterday's game in which the Dodgers won 12 to 2 over the Cubs. Dizzy Dean pitched the latter part of the game for the Cubs after the damage had been done by the Dodgers.

In the American League the New York Yankees opened series at the Yankee Stadium by winning 7 to 5 from St. Louis Browns while the second place Boston Red Sox kept in step by smothering the Chicago White Sox 18 to 4. The Cleveland Indians won 8 to 3 over the Philadelphia Athletics and went into third place ahead of the White Sox. The Detroit Tigers won 6 to 2 over Washington Senators and supplanted them in sixth place.

SPORT CHAT

Larry Franch received strong support from his teammates Friday as the Chicago Cubs defeated the Pittsburgh Pirates 6 to 2. Bartell's double in the second inning drove in Augie Galan and Hank Lieber with the Cubs first two runs. Galan had received a base on balls and Lieber had singled. The Cubs clinched the ball game after two were out in the fifth when Herman received a base on balls. Galan singled, and both crossed the plate on Lieber's double. Lieber scored on a bad throw to third base by catcher Ray Berres.

New York Yankee hurlers shut out the Philadelphia Athletics for the second straight time Monday. The Yanks, with Ferrell and Murby doing the hurling, defeated the Athletics 3 to 0. The shut-out ran the string of scoreless innings for the Athletics to 27.

Fritz Ostermuller pitched the Boston Red Sox to a 9 to 2 victory over the Washington Senators Monday. The tall hurler allowed only eight hits and kept them well scattered. Boston scored all of its runs in the first six innings.

F. Wallien Committee

Miss M. L. Bollert, professor of English at the University of British Columbia, here on a lecture engagement, arrived in the city on the Prince Rupert this morning from Vancouver and will sail tomorrow night by the same vessel on her return south.

National Traffic Safety Week will be observed in Prince Rupert commencing next Sunday, having been postponed from this week on account of other activities. The observance is to be carried out under the auspices of the Junior Section of the Prince Rupert Chamber of Commerce with a committee headed by John Connell. Police officers will address school children on the subject.

CITY BORROWING
Editor, Daily News:
"May I have space in your paper to say when the city got rid of the old bunch of borrowers I was glad and I thought that Mr. Alder we had a man who would put the city on its feet but now, when I hear that he is going to put us in debt for another \$40,000, I would like to know how the rest of the tax payers are taking it. For me I think there should be some way to repair these water pipes without borrowing. It seems to me that, if I was in Mr. Alder's place, I would try to arrange a three year plan to get the job done. First of all, to give a good example, I would take one thousand dollars off my salary. I would raise the taxes for that period and I would cut down the interest on the bonds and I would close the "can road" and have these men work on the water system. I would also find out if it is necessary to pay six hundred dollars for a health officer and now I wonder if Mr. Alder worries much about the one million and a quarter dollars that we pay interest on. Some day he will resign and stay just long enough to pack up. We will stay here to pay the interest the rest of our days but if it's all right with the rest of the tax payers, it will have to be all right with me

New Hymn For King

Local Churches and Schools Have Adopted "To Their Majesties" During Royal Visit

Composed by George A. Kingston Toronto barrister and brother of Dr. C. M. Kingston of Grand Forks, Masonic Grand Master of British Columbia, a hymn entitled "To Their Majesties," has been written in connection with the visit of the King and Queen to Canada. It is being sung in churches, schools and Masonic lodges. The tune is that of "Eternal Father Strong to Save" and the words are as follows:
God bless our Sovereign Lord and Queen,
As they for our fair land set sail,
Protect them while upon the deep,
And guard them over road and rail;
While thy our far-flung borders see,
Lord, from all danger keep them free.
As they from coast to coast proceed
On this glad visit of good-will
Protect Thou them on every hand
Against whatever might cause them ill.
May all a loving tribute pay
The Royal travellers on their way.
When quite too soon the journey ends,
And they embark to sail for home,
As their great ship recedes from view,
Across the wild Atlantic foam,
Our voices o'er the sea will ring—
God bless the Queen, God Save the King.

Auxiliary To Furnish Ward

This Will Be Their Contribution To New Prince Rupert General Hospital

The Women's Auxiliary of the Prince Rupert General Hospital, in session last night, decided to furnish a two-bed ward in the new hospital building. Final arrangements were made for a tea and sale to be held Thursday afternoon.

The hospital board was in committee session Tuesday night to consider the appointment of an engineer for the new hospital.

Whifflets From The Waterfront

Back in service for the season following annual overhaul, C.N.R. steamer Prince George, with Capt. Neil McLean in command, arrived in port at 10:30 this morning from Vancouver, Powell River and Ocean Falls and sails at 4 o'clock this afternoon for Anyox and Stewart when she will return here tomorrow evening southbound. A notable improvement which has been made to the Prince George this spring has been the putting in of new seating arrangements in the observation room. The finish is in rust brown tapestry, matching harmoniously with new green carpets. New Composition floor covering has also been placed in the forward social hall on the main deck. Similar improvements are to be made in the steamer Prince Rupert which the Prince George has now replaced.

C.N.R. steamer Prince John Capt. George Coles, is due in port at 6:15 this evening from Vancouver via the Queen Charlotte Islands.

The Kitkatla boat Cecilia B., Captain Solomon Brown and with David Campbell also on board, has been in port for the past couple of weeks undergoing overhaul. It is expected to be finished and ready to return home this week.

Are Honored At Anyox Before Leaving Town

ANYOX, May 17:—The Anyox Social Club held a card party and dance on Saturday evening in honor of Mr. and Mrs. D. Thomas Evans who will be leaving Anyox this week. Mr. Evans has been transferred to the Consolidated Mining & Smelting Co. property at Goldfields, Saskatchewan.

The winners at bridge were: ladies' first, Mrs. J. H. Fee; men's first, J. McDonald; consolation, Miss Helen Ward and J. T. Langridge.

After cards a tasty supper was served, followed by dancing, with Ward's Orchestra supplying the music.

J. T. Langridge, on behalf of the community, in well chosen words, wished Mr. and Mrs. Evans the best of luck and prosperity for the future.

ROTARIANS PAY VISIT

Party of 187 Here Yesterday Enroute to Juneau for District Convention

A party of 185 members of Rotary Clubs of Oregon, Washington and British Columbia arrived in the city yesterday at 4:30, two and a half hours behind schedule as a result of fog down the coast and were met by members of the local Rotary Club. After being welcomed by City Commissioner W. J. Alder and W. L. Coates, president of the local club they were taken in cars for drives around the city. Some rambled around the town and a few visited the local museum and were given an interesting talk on Indian customs by Rev. W. H. Pierce.

At 8:30 a large number of the visitors attended a dance put on by the local club at the Armory for them. Music was by Balagno's orchestra and A. C. Smail was master of ceremonies. The fun kept up until close to midnight when the party embarked for Ketchikan where they spent a few hours this morning before proceeding to Juneau for a district convention.

As the Aleutian, with the party aboard drew into the dock yesterday, they were greeted with music by the Leslie Pipe Band and many moving pictures were taken of the band in action.

Great interest was taken by the visitors in the various British flags exhibited in shop windows. From the large number seen they realized fully that they were in a British country and many of them had never been in a British country before. Most of the visitors were from American cities and were prominent citizens in their own communities. The pilgrimage is headed by C. Reeve Vanneman of New York, international vice-president, and Marshall Cornett of Klamath Falls, Oregon, district governor. Also in the party is Arthur V. Vickery, secretary of the Vancouver club.

The district convention is being held at Juneau tomorrow and Friday and the boat will then return to Seattle direct. She did not call at Vancouver or Victoria northbound so British Columbia visitors had to cross to Seattle to make the trip.

NEW AND BETTER

COLD CURED ICE

For the Halibut and Salmon Fleets

Following the investigations of the Fisheries Research Station, the Company has just completed extensive changes and improvements in ice storage and ice delivery methods.

Ice for the boats will all be old ice, thoroughly cured and aged at new low temperatures. It will be delivered into the hold, even in the hottest weather, as cold as the storage room.

Fishermen are invited to inspect the new system. Better ice than ever before, at no increase in cost, means economy to the boat and improved quality in fish delivery.
