OBSERVING BIG EVENT

Prince Rupert To Mark Visit of King—Many Local People To See Royalty

Prince Rupert will hold its celebration of the royal visit to Canada next Monday on the occasion of the arrival of Their Majesties in British Columbia. There will be several parades during the day including a visit to the war cenotaph and to the new Prince Rupert General Hospital for a tree planting ceremony.

Between 100 and 200 Prince Rupert people will actually see the King and Queen. Already they are beginning to converge on Vancouver, Victoria and Jasper. The largest individual group consists of sixty officers and men of 192nd Battery, Royal Canadian Artillery, who left at the week-end for Victoria where they will form part of the military guard of honor for Their Majesties.

Some fifteen Prince Rupert and district High School pupils left at the end of last week for Vancouver. More local school children will leave in a party Friday night on the Princess Adelaide for Victoria. Their trip having been financed by local capital.

A special train, leaving here next Tuesday evening, will take people from Prince Rupert and all intermediate points along the line of Canadian National Railways to Jasper Park to see the King and Queen.

Expansionist Policy In Canada's Budget; Credit Against Income Tax For Enterprising Concerns

OTTAWA, May 25: (CP)—In the face of a serious business lag, the Canadian government appears firm in its intention to continue the present monetary policy with its main goal the restoration of private capital creation.

The expansionist policy had been successful in effecting a substantial reduction in both short and long-term interest rates and had materially reduced the interest burden on governments. It had been designed to expand money and credit as rapidly as the public need required but not so rapidly as to create an unhealthy speculative expansion.

### SOVIET AS AN ALLY

One of the chief reasons why Great Britain objected to making a hard and fast agreement with Soviet Russia was the effect it would have on some of the nations that Britain is pledged to protect. Poland objected to having Russian troops crossing her territory because she did not trust Russia.

So far as Canada is concerned the mass of the people will favor the present British policy. It seems as if a considerable majority of the people of Prince Rupert were strongly for co-operation with the Soviet, not because they like Soviet ideology but because it seems to be the only way to stop Germany.

There is also a strong minority that seems to dislike the policy because they have not liked Communistic methods in the past. However this treaty is not an alliance with Communism but a defensive alliance of nations who fear the confessed aggressive policy of the German dictator.

### A CONSTANT WORRY

Palestine has been a constant worry to Britain and we see no good reason why she should have to police the country and enforce a policy to which many of her people are opposed and which is continually causing her trouble and loss of valuable lives. Now, evidently, she is going to let the people there do their own policing. We have great sympathy with the Jewish people in their national aspirations but also we have sympathy with the Arabs who feel their country being gradually taken from them by the peaceful invasion of a more aggressive people. It is to be supposed that Britain will still keep her fingers on the reins of government in the new state to prevent any racial trouble that may arise.

### QUEEN AND QUINTS

The account of the interview between the Queen and the quint was a very human little story and would be appreciated by all Canadians. For a brief few minutes the Queen forgot her position and the little French Canadians also forgot theirs and they embraced in the good old fashioned manner. Five healthy happy children with a motherly woman. It was a delightful scene.

### CONNECTING WITH PEACE

Press despatches from Ottawa intimate that a survey will be made this year both by air and land of the western rail outlet for the Peace River country. The proposal is to continue west from Hines Creek, passing through Fort St. John and Hudson Hope and it is suggested it may go south from there to Prince George connecting with the Pacific Great Eastern to Vancouver. While this serves Prince Rupert, it would not be the most direct route to the coast and would simply duplicate the highway which it is planned to complete this year as far as Finley Forks from Manson Creek.

## NAVY WINS IN OPENER

Defeated Velvet By Score of 4 to 1 Tuesday Evening

The senior football season got off to a fine start Tuesday evening when, in the opening game of the Stuart Cup competition, Royal Canadian Naval Volunteer Reserve won from Velvet by four goals to one.

At the start Morgan saved well from Dickens. A moment later when he let a ball slip between his legs and go behind but it did not go in. The referee called for a foul. Play was fast from end to end until Christison crowded Krause who failed to fist clear and Navy were one up. A fine bout of passing when the ball was played eight times in succession by the Navy without the Velvet team touching it was finished with Frank Gomez clearing strongly. Dickens and Cameron played well but Christison got a second goal. Offside in the goal mouth saved Velvet a moment later. At the start of the second half Velvet pressed and Gillis had a good try. Cameron made a fast run and, from a pass from D. Gomez, Dickens scored a good goal. Play was faster and Gomez went through but shot too high. The Navy took control for a time and, from a nice pass back from Christison, Armstrong added a third. Krause saved well from McMeekin and just after picked up another dangerous shot. However, from a strong attack McMeekin added a fourth.

Teams:  
Velvet—Krause; P. Gomez, Parsons; Bremner, Ferguson, Greer; Cameron, Veitch, Dickens, D. Gomez, Gillis.

R. C. N. V. R.—Morgan; Eby, Romalis; Eastman, Davies, McKay; Smith, Armstrong, Christison, Hunter, McMeekin.

Referee was George Dawes.

**Officially Opened**  
The season was officially opened when, after shaking hands with both captains and wishing them a successful season, J. S. Wilson kicked off. A fine spirit was evident during the greater part of the game and, if this continues, players and spectators will both profit.

The Navy was the better team.

## Baseball Standings

Big League standings to date:

National League			
	W.	L.	Pct.
St. Louis	19	9	.679
Cincinnati	20	10	.667
Chicago	17	14	.545
Pittsburgh	15	15	.500
Boston	14	16	.467
New York	13	18	.419
Brooklyn	11	17	.393
Philadelphia	10	20	.333
American League			
	W.	L.	Pct.

Boston	16	9	.640
Chicago	16	14	.533
Cleveland	14	14	.500
Washington	12	16	.429
Philadelphia	11	17	.393
St. Louis	12	19	.387
Detroit	12	20	.375

A well balanced defence was equal to most of the demands made on it. A fast forward line showed speed and combination with a newcomer, Hunter, showing up well.

Velvet will do better. Krause leads a little more aggressiveness. Parsons and P. Gomez were both good with Ferguson, who later changed places with Veitch, the best back. Cameron and Gillis were the best of the forwards. Cameron was neglected too often. With a couple of additions, Velvet will be a strong team.

## OPENER IN FOOTBALL

Rangers and Shamrocks Play to Three-All Draw in Season's First Game at Ocean Falls

OCEAN FALLS, May 25.—The first league football game of the season at Ocean Falls saw the Rangers and Shamrocks play to a three-all draw. The players of the two teams were the same as last year with the exception of J. Arzeneau who played outside right for the Shamrocks. F. Skenstrom kicked off and the referee was J. O'Leary. The game was marred just before the close by the unfortunate accident in which Sonny O'Leary, who played with the Ocean Falls team that visited Prince Rupert last fall, collided with R. Robertson and broke his leg.

Play was even during the first ten minutes. Then R. Burgess, centre forward for the Shamrocks, received the ball and went through to beat L. Simpson. Rangers' full back, and scored with a hard drive. Burgess looked the better balanced player, keeping the sphere in the Shamrocks' area for two-thirds of the time. Jack Maxwell, in goal for the Shamrocks, saved several dangerous shots. The referee called a penalty on N. Compton, Rangers' goal keeper. R. Burgess passed the ball kick to R. Taylor who put the ball in the net to make the count two to nil in favor of the Shamrocks. Rangers then pressed hard and were rewarded when J. O'Leary put the ball well out of Maxwell's range to score and make the count two to one for the Shamrocks at half time.

Soon after the resumption of play, Burgess gave the Shamrocks their third counter. Veteran J. Orr, mainstay of the Rangers, put the ball through for E. Barclay to drive it between the posts from twenty yards out. A Gourlay then almost scored for the Rangers claiming the ball was over the line when Maxwell cleared. This was somewhat evened up when R. Burgess scored a goal which was disallowed for being off-side. C. Langdale then scored for the Rangers making the count three-all. Both teams, although played out from the pace, continued to try hard. There was but one minute to go when the unfortunate accident to

## And so "THE BABY GETS NEW SHOES"

Jim Morgan, switchman at Plessey, watched No. 7 fast freight thunder past. Then he trudged home to his wife and four children. As he went, he jingled the money in his pocket. "No. 7 was heavy tonight", he said. "Business must be picking up." That made him feel happy, for better business meant more steady "time". He knocked the dottle out of his pipe and went to bed.

Jim did not know what was in those cars. If their sides had been glass, he would have seen that several of them were loaded with tobacco products. It never occurred to him that you who smoke help to put that money in his pocket.

For the Tobacco Industry increases freight traffic by over \$1,000,000 a year. Thus it helps to make work and wages for thousands like Jim, enabling them, in turn, to buy the necessities and luxuries of life... The money goes round and round... and so "the baby gets new shoes".

**RADIO LICENCES**

Editor, Daily News:  
In the Daily News publication under date May 2 there appears a statement which is not true and may lead to considerable inconvenience to radio owners at Prince Rupert when a check-up is made for radio licences at some future date. A Radio Inspector of this department is quoted "that he intended, during his recent interference investigations at Prince Rupert to bring action against unlicensed set owners but decided not to do so when he found what poor results they obtained." Our inspectors made no such statement, being well aware that the receiving licence is required under the Radiotelegraph Act and has no bearing on receiving conditions.

The department does, however, endeavour to eliminate preventable interference as much as possible although it is under no legal obligation to do so.

W. HOWARD,

# EMPIRE DAY IS HONORED

Special Significance This Year on Good Queen's Birthday

Yesterday was Victoria Day but there was no special observance in Prince Rupert. Weather was warm but unsettled with alternate bursts of sunshine and showers. Towards evening it settled down to steady rainfall.

Thirty-eight years after Queen Victoria's death, Canada still keeps

Victoria Day as a public holiday in her memory. Empire Day ceremonies and school exercises being held on the last school day preceding May 24.

In recent years many of the ceremonies, military parades and bonfires that at one time marked the celebration of Victoria Day have been forgotten. The advent of the motor-car brought opportunities for enjoying the countryside in its spring attire and generally the day is marked as the first outdoor holiday of the year.

"The Maple Leaf Forever," Alexander Muir's great national hymn finds place on programs from one end of the country to the other.

Some may recall it was first sung at Beaverton, Ont., on Victoria Day, 1871.

A Canadian also receives credit for the establishment of Empire Day. It was Mrs. Clementina Fessenden of Hamilton, Ont., whose efforts resulted in the Hamilton School Board in 1893 setting aside one school afternoon of the year as "Flag Day." The observance spread and in 1902 Empire Day was being celebrated in the United Kingdom and other parts of the Empire, the Earl of Meath being responsible for the growth of the movement outside of Canada.

Advertising is an investment.

# EMPIRE DAY IS HISTORIC

Observance by King Edward School Pupils at Oddfellows' Hall

Empire Day was observed by the pupils of the King Edward School with an interesting program given at the Oddfellows' Hall on Tuesday afternoon under the sponsorship of Hill Sixty Chapter, Imperial Order Daughters of the Empire.

Miss E. A. Mercer, principal, presided and, in her opening remarks referred to the valuable and continuous support given by the Daughters of the Empire to education. Mrs. J. D. Allan was standard bearer as the children saluted the flag and then sang "Land of Our Birth." Mrs. R. E. Moore, regent of Hill 60 Chapter, expressed her pleasure at being present and in a brief address, told of the origin of Empire Day and the connection of the Order of the Daughters of the Empire had with the initiation and the perpetuation of the observance.

The principal address was given by H. T. Lock who spoke on patriotism and the Empire. Mr. Lock emphasized that patriotism really began in the home but in the home, as exists in a country, where people are free. He counselled the children to cherish the ideal of freedom to appreciate it and to pass it on.

Dr. H. M. Morrison, inspector of schools, who presented the medals issued to each child as a memento to the visit of Their Majesties also emphasized the fortunate state

of countries such as this where the personality of the individual was sacred and the rights of each jealously guarded by laws of justice. He asked the children to make a point of keeping their medallions safely for fifteen years. By that time they would fully realize what Empire Day and British freedom stood for.

Another interesting item was the presentation of a check by Mrs. R. E. Moore to the school to be used for the purchase of books. In accepting, Miss Mercer thanked the Order for the gift which would be of great help in adding to the library and be an incentive to the children to read more extensively.

**Musical Program**  
Other items in the program included a very smart flag drill given by a group of girls in white and carrying national flags. A dramatization of the "Story of the Union Jack" was well presented with various pupils telling the history of each of the flags that make up the flag of the empire. Musical numbers which added greatly to the enjoyment of all included a group of national airs "Hearts of Oak," "The Harp That Once Through Tara's Falls," "All Through the Night," (with descant arrangement) and "Will Ye no Come Back Again?" with Norma Letnes as soloist. Other numbers of particularly imperial character were: "Brightly, Brightly, Sun of Spring," "The Empire is Our Country" and "To Their Majesties." The program concluded with the national Anthem and three cheers of honor of Empire Day and Their Majesties.

# Borden Street School Observes Empire Day

Empire Day was fittingly observed in Borden Street School on Tuesday afternoon, a goodly number of members of Queen Mary Chapter, I. O. D. E. were present. A suitable program of patriotic songs were sung by the pupils, opening with "O Canada" and including a hymn to their Majesties; song, "The Maple Leaf;" song, "Land of Our Birth;" choros, "Land of Hope and Glory."

The Rev. R. C. H. Durnford spoke on the meaning of Empire Day, stressing the need of unity in the Empire. Starting with the ascension of Queen Victoria to the throne, pointing out what she did for her subjects and her influence in the Empire and leading up to the present day, reminding the present generation that they should appreciate the freedom handed down to them and what it meant to be members of our Empire. The speaker urged courage, loyalty and devotion in fitting themselves to future citizens, also to go school with an objective in later years be taken a leading part in the affairs of the Empire.

Miss S. A. Mills on behalf of the pupils thanked Mr. Durnford for his encouraging address. The gathering then closed with the singing of "God Save The King."

# A JOB FOR A SPECIALIST

When there's an important job to be done we look to a specialist to do it. His knowledge, his training and his understanding of the particular problem, is our solution—and rightly so. The same principle applies to newspaper reading habits. The daily newspaper is a specialist in reporting, interpreting and dramatizing events of world importance. The local newspaper is a specialist in presenting the chronicle of "Main Street." Its function is local—its equipment is geared to perform that task better than any other medium. There is a need for both in every modern home. The brilliant panorama of world events presented in vivid form by the daily newspapers must be localized and analyzed from the standpoint of their effect on YOUR locality. Your home needs the stabilizing influence of a GOOD LOCAL newspaper and the broadening, worldly, thought-provoking stimulus of a GOOD DAILY newspaper.

and do not believe that public spending is any substitute for this private endeavour.

### Private Investment

Mr. Dunning said industry and business had not shown all the initiative or grasped all the opportunities offered and, in his budget speech, said that "it is in the field of private investment that leadership and courage are most needed in Canada today."

Mr. Dunning forecast a deficit of \$60,000,000 for the fiscal year ending March 31, 1940, and estimated the deficit for 1938-39 at \$55,660,000. These figures he described as regrettable but not alarming if Canadians with idle dollars only would put them to work.

To the end of revitalizing business, he announced the granting of a credit against income tax to all firms proceeding with construction, plant extension or improvement within the next year equal to 10 percent of the amount of capital expended.

Judge Nederer, in Superior Court at Seattle, has awarded damages of \$1100 to the halibut boat Blanco against the tugboat Active following a collision of the two vessels in Puget Sound last October. Both vessels were held equally to blame for the collision in which the Blanco was considerably damaged while the Active sustained little, if any, injury. The damage was assessed equally between the two vessels.

The baffling thing about low blood count is that you can weigh about as much as you ever did—feel healthy and energetic—you can feel as if you had had in your legs, energy, tired and restless.  
Low blood count means you haven't got enough red blood corpuscles. It is their vital job to carry life-giving oxygen from your lungs throughout your body. And just as it takes oxygen to explode gasoline in your car and make the motor to turn the wheels, so you must have plenty of oxygen to produce the energy in your body and give you going power.

## CANADIAN PRAIRIES JOIN IN GREAT WELCOME

(Continued From Page One)

Queen's birthday, her grandson was honored in the hub of the great grain industry which its genesis in the Empire extension marking the latter part of the reign.

Last December the King intimated it was his intention to discontinue the practice of making a broadcast address on Christmas Day. It was His Majesty's desire that the Christmas broadcast should be associated with the memory of his father, King George V. At that time the King expressed a wish to broadcast a message on Christmas Day observed in all parts of the Empire except Canada as "Empire Day."

"Paying the Rent"  
Later in the afternoon Their Majesties drove through the streets of the city visiting St. Boniface, after which they proceeded to Fort Garry where the historic "paying the rent" ceremony of the Hudson Bay took place. P. Ashley Cooper, governor of the company, presented the King with two wide spread elk head and two lustrous black deer skins.

During the day the King sustained a slight injury to his index finger on the right hand which was slight in a door.

On the way from Winnipeg to Regina, a twenty-minute stop was made by the royal train at Brandon where there was a large crowd to attend a typical welcome. As the

royal train sped across the prairies, thousands of Canadian farmers and their families waved their greetings. Much of the time the King and Queen spent on the rear platform of the train waving back.

### Crossroad of Empire

When King George and Queen Elizabeth on Tuesday afternoon visited Port Arthur and Fort William—Canada's twin grain ports at the head of the Great Lakes—they viewed a commercial crossroads of their greatest Dominion. Hillcrest Park, high above a 15-mile waterfront of towering grain elevators and shipyards, commands a 50-mile view in all directions. There was a 21-gun salute at Fort William and a civic reception led by Mayor C. M. Ross.

Often called the finest between Quebec City and the Rockies, the panorama set out for the royal party before moving on to the prairies offered a striking contrast of marine and rocky woodland splendor.

Across Fort William is the picturesque Mount McKay and behind it lower Thunder Bay and a long stretch of Lake Superior's rocky shore. To the south are Welcome and Pige Islands, Thunder Cape, the Sleeping Giant and Isle Royale, a United States island far across a bay dotted with moving vessels.

Making an automobile tour of the two cities Their Majesties saw where Western Canada's great grain crops are sent for trans-shipment by water down the Lakes to Canadian mills in Eastern cities and foreign ports overseas.

### HOSPITAL BENEFITS

Ladies of Queen Charlotte Unite in Staging Successful Affair in Aid of Institution

QUEEN CHARLOTTE CITY, May 22.—A highly successful sale of work was held in Miller's Hall here under the auspices of the Ladies' Aid of Skidegate Inlet to aid the Queen Charlotte Hospital. The affair drew donations and patrons from practically all island points within access and a substantial sum was realized for the good cause. The proceeds far exceeded expectations. The proceeds will go towards purchase of linens of which the hospital is at present badly in need.

Conveners were Mrs. A. L. Mallory of Port Clements and Mrs. E. C. Stevens of Skidegate with Mrs. Fred Atkins as secretary. Those in charge of the stalls were: Fancy Work—Mrs. F. Gale and Mrs. E. C. Stevens. Candy Stall—Mrs. D. McCall and Miss Jean Carmichael.

Fish Food—Miss Olive Fairbairn. Refreshment counter—Mrs. O. Hill, Mrs. Fred Atkins, Mrs. George Newberry and Miss Vanderveen.

Among the visitors were the beloved Mrs. A. L. (Granny) Richardson who, in spite of her eighty-five years of age and none too good health of late, motored down from Tlell to lend her generous patronage to the affair and give a helping hand.

Capt. Charles Valley proved himself an effective auctioneer in selling off the hampers and home cooking.

The donors included Mrs. A. L. Mallory, Mrs. E. M. Dyson, Mrs. Williams, Mrs. O. Dunlop, Mrs. Doris Leary and Horatio Ross of Port Clements; Mrs. G. Ross of Southeast Harbor; Mrs. A. L. Richardson and Mrs. H. M. Hallowell of Tlell; Mrs. S. DeBour of Lawn Hill; Mrs. V. Flett of Dead Tree Point; Mrs. C. A. Moses, Mrs. A. Jones and Miss M. Ross of Skidegate Mission; Mrs. B. P. ### MIRTH AND MUSIC TOO

Jack Benny and Joan Bennett in "Artists and Models Abroad" Is Capitol Feature

Jack Benny, popular star of screen and air, and beautiful Joan Bennett are co-starred in "Artists and Models Abroad," top feature on the screen of the Capitol Theatre tonight and Friday. Benny is seen as the wise-cracking head of a troupe of American comedians who become stranded at the Paris Exposition. Miss Bennett is a Texas oil heiress whom Benny takes under his wing when he thinks she is broke too. Adventure follows adventure as the swift-moving action succeeds, the romance culminates when Jack is forced to choose between a hoodler's freedom and a millionaire's life of ease. Other important members of the cast include Charley Grapewin, as Miss Bennett's father; Mary Boland as a social-climbing American dowager; Fritz Feld and the Yacht Club Boys. There are a number of new song hits in the musical interludes.

Companion picture with "Artists and Models Abroad" on the double bill is "Illegal Traffic," with J. Carroll Nash and Mary Carlisle. This is another of the type of "crime does not pay" pictures.

Mr. and Mrs. Maurice Irving left in last evening's train via Jasper Park for a visit to Vancouver on vacation.

Kenneth Johnston, son of Col. and Mrs. S. D. Johnston, left by Pacific Airways' plane today for Kingham on the occasion of the King's visit.

In extent to a virtual Empire in itself. It receives patients from the important logging camps in the vicinity of Cumshewa Inlet, the cannery and fish reduction plant at Panofti and the settlements of Queen Charlotte City, Skidegate, Skidegate Mission, Sandusit, Dead Tree Point, Lawn Hill, Tlell, Port Clements, Old Massett, and New Massett, some of these points being as far removed as one hundred miles from Queen Charlotte City.

Just now the hospital is filled overflowing and Dr. and Mrs. McCall and Miss McCormick are having a busy time.

### Two Local Garden Beauty Spots

Canadian National Railways Sunken Gardens

Residence of Dr. Joseph T. Mandy. Courtesy of Prince Rupert Rotary Club. —Photos by Wrathall

It has been suggested that there should be prizes given soon for rock gardens as distinct from the ordinary garden. A great many people are making rock gardens and possibly more would do so in a place which is admirably adapted for them. To commence with one class would be sufficient. It may be too early to commence this year or, as some argue, the sooner the society starts the sooner results will be obtained. It is largely a matter of providing the prizes. So far no public-spirited citizens have offered cups, rose vases or any other prizes for competition, outside of those in the trade.

Every day seems to emphasize the increase in the number of new gardens and the steady development in the old gardens. New flowers, new styles, new life, better grown plants are everywhere in evidence. Daily advertising in the Daily News is sure to bring daily results. The value of the begonia as a bedding plant or house plant has been so well exemplified in the past that it hardly needs repeating. This flower stands the rain well and, although the foliage is very delicate, the wind does not hurt it as it does many other plants. The main thing is to give the plant a good start by getting it in early and never allowing it to dry out. Moisture is necessary all the time. Several local people who were given a begonia plant a few years ago are now ardent begonia fans.

### HONORED AT BURNS LAKE

Mr. and Mrs. Kay Commons Farewelled at Interior Town

BURNS LAKE, May 22.—On Friday evening last over forty of the business men and other friends of Kay Commons met at the School Hall in Burns Lake to bid him farewell before leaving the following day for his new post as manager of the Royal Bank of Canada at Quenert. The evening was spent in games, cards and singing. On behalf of those present, Rev. J. E. Whittles, in a few well chosen words, expressed regret at Mr. Commons' departure and presented him with a leather fitted travelling case. Mr. Commons replied, expressing thanks for kind thoughts.

Originally intended as a farewell party from the United Church Women's Auxiliary of which Mrs. Commons had been president for two years, an affair held in the Elks' Hall became a community event, included among the forty ladies present were members of the Women's Auxiliary and other friends who wished to express their regret at her departure. At the close of the various forms of entertainment provided, at which first prize winners were Mrs. W. Wilson, Mrs. J. Small and Mrs. J. A. Clark, the entire company was seated at a long table with the guests of honor at the head. Mr. John Gowans, on behalf of those present, read a suitable address and Mrs. G. Hadden presented a set of twin travelling bags in grey. The guest of honor replied in a few words, expressing her regret at leaving the assembled friends. The singing of "Auld Lang Syne" brought the evening to a close.

Mrs. Commons will be greatly missed from St. Paul's United Church where she taught in the Sunday School. She was also a member of the board and President of the Women's Auxiliary. She was an active member of the Hospital Aid Society, the Badminton Club and other community organizations.

### RETURNS TO TERRACE

TERRACE, May 22.—Last Saturday's train brought back to Terrace W. F. Lindsay after an absence of some three years. Mr. Lindsay expresses himself as

pleased with the appearance after seeing for himself the conditions are in other places, besides living for a period in Vancouver. Mr. Lindsay travels to his native Scotland and is found time to pay a visit to Europe.

### COLD CURED ICE

For the Halibut and Salmon Fleets

Following the investigations of the Fisheries Research Station, the Company has just completed extensive changes and improvements in ice storage and ice delivery methods.

Ice for the boats will all be old ice, thoroughly cured or aged at new low temperatures. It will be delivered into the hold, even in the hottest weather, as cold as the storage room.

Fishermen are invited to inspect the new system. Better ice than ever before, at no increase in cost, means economy to the boat and improved quality in fish delivery.
