HOW BODY WAS FOUND

Further Particulars of Tragedy Which Befel Constable Prescott

Staff Sergeant Ernest Gammon, provincial police, returned to the city on the Prince Rupert this morning after an absence of two weeks during which he led the search over Princess Royal Island for Constable Clifford Prescott, who was lost between Surf Inlet and Butedale and whose body injured body was finally recovered last Saturday.

Speaking this morning, Staff Sergeant Gammon said that Prescott had, quite evidently, met instant death in a fall down the sheer side of a cliff. Skull was badly fractured, arms and legs were broken and it was apparent there had also been other extensive injuries.

Accompanied by the brother, Claude Prescott, who had come north before the body was found, the remains were taken on to Victoria for burial. A widow and four small children reside in Victoria.

PERSONAL INCOMES

A paper that purports to be published in the interest of the workingmen says three thousand people, presumably in Canada, although it does not say so, have an income of \$150,000 a year each. Take this away from them altogether and give it to the other eleven million people and they get approximately \$45,000,000 or slightly over forty cents a week more than they get now. Another 23,000 people get about \$40,000 a year each or a total of \$92,000,000 which would give each person eighty cents a week. The total coming to each person from the distribution of these high incomes would be \$1.20 a week. However, already many people are receiving good salaries or wages from those incomes so that the distribution would be nothing like that amount.

The paper also points to the large earnings of some corporations but that is the same money that provides the income for the individuals so there would be little gain from it. While we do not defend the paying of such high incomes we feel bound to show just what would happen if the money were divided. As the government already gets large sums in income taxes, probably over 25 per cent altogether from these same incomes and hundreds of people earn subsidiary incomes from them, it is very clear that the abolition of these high incomes would be of very little advantage to anyone and would cause much suffering to many who directly or indirectly benefit from them. The men who receive these high salaries do not eat or drink any more than the rest of the people and the surplus money is used in keeping industries going or providing incomes for someone else. Figure how one will, it is found that about all any person gets from a very high income is power and ability to travel and increase the income of the railways, car manufacturers, hotels and thus distribute the money to others. Any person with money to spend helps to give earning power to others.

OLD MOORE

Anyone can prophesy what is going to happen and one guess is about as good as another. In England there is a publication known as Old Moore's Almanac which makes good guesses sometimes. Prime Minister Chamberlain, in an address to South Wales Conservatives, said Old Moore was just as likely to be right as he and Old Moore says that in September there are signs of much tension in Berlin to be followed by calm. In October foreign affairs will continue to be of supreme importance inasmuch as Venus is culminating at both Rome and Berlin. In summing up he says: "There is good ground for anticipating that the cause of peace will make further great headway for conditions are certainly most propitious for a real and lasting understanding on a very wide and comprehensive scale."

Evidently Mr. Chamberlain also is hopeful that the end of his efforts will mean a real understanding but the fact that he referred to the guesses of an almanac as to what was likely to happen indicates that he too is uncertain as to the final outcome.

Errors

Greer, R.C.N.V.R., 1.

Last evening's football game brought together the Royal Naval Volunteer Reserve and the Velvet teams in the first game of the Mobley Cup series with the Navy reversing the result of the Dominion Day Cup and winning by three goals to two. The game was again a closely fought one with Velvet pressing hard towards the end but unable to tie or force a win.

History repeated itself when Davies got the opening goal with a long drive as he did on Dominion Day Bryant went close and Krause fielded a long drive from McMeekin safely. Baker, Dickens and Cameron combined well but Nelson cleared. A long shot from the left by Christison beat Krause, hit the inside of the upright and rebounded outside in some remarkable way. Vink missed from Dickens

centre. Morgan saved from Baker and again from Cameron's centre. Morgan was quick to kick clear and spoil Dickens' shot. Vink shot just wide. Morgan fisted away Ferguson's long drive. Holkestad and Baker passed instead of shooting and a good chance was missed.

Navy attacked and Krause fisted weakly away. F. Gomez stopped Christison's hard drive. Baker shot well. Cameron had three good centres but all were cleared and Baker shot straight at Morgan. Navy got away and a fast swinging game found McMeekin converting Smith's cross. Nelson stopped a dangerous attack. Christian saved on the goal line with Morgan beaten and then Dickens hit the upright. Parsons cleared at the other end when Krause missed. Some miscalculating gave Christison an opening and he added a third for the Navy. Velvet attacked and Morgan had to save from Cameron and Dickens while a hard drive of Baker's rebounded off the goalie's chest. McMeekin's hard cross just missed Morgan fielded a dangerous header and at last Vink scored. Cameron's shot was fielded on the line. Holkestad went close. Play was fast and exciting but the Navy defence held out and with no further scoring the Navy won the first game of the Gilhuly series.

The game was fast and interesting. Krause fields long shots nicely but needs to go for the crosses more vigorously. F. Gomez and Parsons were good with Gomez the better. Ferguson played hard at centre half and D. Gomez and Sunberg were good. Dickens did a lot of clever playing but does not keep to his position and leaves the other players guessing. Cameron and Baker were a fair wing but, with no centre to set the

centres, their work was not capped off. Holkestad was clever but hangs on too long. Vink tried hard and is dangerous near goal.

Morgan had more to do than Krause and the Navy owe it to him that they won. Ronalds was his usual reliable self and Nelson did splendidly. Davies was very safe too. Christian was hard to beat and saved a certain goal. Norman McLeod also put up a grand game. Forwards were fast and dangerous. Christison keeps his players working well and is fast on the shot. McMeekin missed few chances and Smith played his usual fast breaking game. Bryant combined well and Keays tried until the end. It speaks well for the Navy management that they were able to turn out a full team with Armstrong, Eastman and Eby all away.

What would happen if the referee swayed the rules of the game strictly? "A player shall not by word or action dissent from any decision given by the referee." Yet players persistently question decisions. The players, and some spectators, should remember that the referee does his best. Pete Doherty has made a good job of refereeing the games. He is entitled to everyone's support.

Teams:
Velvet—Krause; Parsons, F. Gomez; Sunberg, Ferguson, D. Gomez; Cameron, Baker, Dickens, Vink, Holkestad.

R. C. N. V. R.—Morgan; Donald Nelson, Ronalds; Norman McLeod, Davies, Christian; Keays, Smith, Christison, Bryant, McMeekin.

Referee, Peter Doherty; linesmen, Brown, W. Gomez.

It's the cumulative effect of advertising that counts.

COLD CURED ICE

For the Halibut and Salmon Fleets

Following the investigations of the Fisheries Research Station, the Company has just completed extensive changes and improvements in ice storage and ice delivery methods.

Ice for the boats will all be old ice, thoroughly cured or aged at new low temperatures. It will be delivered into the hold, even in the hottest weather, as cold as the storage room.

Fishermen are invited to inspect the new system. Better ice than ever before, at no increase in cost, means economy to the boat and improved quality in fish delivery.

Whifflets From The Waterfront

The Alaska freighter Tongass, Capt. E. Hansen, was in port from 3 o'clock yesterday afternoon until 7 o'clock in the evening discharging fish from Ketchikan for transshipment East over Canadian National Railways. After discharging, the vessel sailed for Seattle.

Southbound from Skagway to Vancouver, C. P. R. steamer Princess Louise, Capt. S. K. Gray, is due in port at 3:30 this afternoon from Alaska and will sail at 5 p.m. in continuation of her voyage.

Union steamer Catala, Capt. James Findlay, arrived in port at 9:10 Sunday evening from the south and sailed a couple of hours later for Stewart, Anxox and other northern points whence she returned here yesterday southbound.

On a regular Alaska tourist voyage, C.N.R. steamer Prince Rupert, Capt. Neil McLean, arrived in port at 9:30 this morning from Vancouver, Powell River and Ocean Falls, and sailed at 1 o'clock this afternoon for Skagway and other northern points whence she will return here next Monday southbound.

SMITHERS

Mr. and Mrs. R. J. Collison, who were delegates from the Smithers lodge to the Oddfellows' Grand Lodge meeting in Victoria last month, returned home on Saturday night. They had motored south a month ago and, on the return trip, they were held up near Choate for a couple of days, a heavily loaded truck having crashed through a bridge on the highway. They returned to Vancouver while awaiting the reopening of the road and then came through without further delay.

Mrs. A. S. Cunliffe, who went south a month ago on the occasion of the visit of the King and Queen, returned home from her trip on Saturday evening.

Young Arthur Gale and Reggie Gale, sons of R. L. Gale of Smithers, accompanied by two chums, started on a 45-mile hike from Smithers to Houston Monday. They expect to make the trip each way in about four days, stopping with friends each night along the route.

A. R. Sinclair, formerly of Prince Rupert but for a number of years clerk in the office of the public works department at Smithers, has been a patient in the local hospital for about two weeks. His friends regret to hear that his condition is not very satisfactory but hope that he will soon turn for the better.

Cliff Warner, who met with an auto accident near Ashcroft about three weeks ago, was a patient in the Ashcroft hospital with a badly injured knee. His car was run into by a Vancouver party of fishermen

Fine Holiday At Terrace Is Much Enjoyed

TERRACE, July 5.—The Canadian National Recreation Association excursion from Prince Rupert arrived promptly at 11 o'clock Saturday morning. The train's arrival brought a scene of animation with the Boys' Band marching to the tune of "The Gang's All Here," followed by an excited throng of young people.

The day went off with nothing to spoil the holiday. There were sports in the park for the youngsters; a ball game, which Terrace won, and another game of baseball played by a team of "Oldsters" versus "Crooks." At the Oddfellows' Hall there was a dance after 8 p.m. which lasted until train time at 11 p.m.

District News

NEW HAZELTON

Raymond Stanyer of Francois Lake is taking a portable sawmill into the Babine Lake district shortly to saw lumber for the Indians.

A few spring salmon are being taken by the Indians from Hagwilget Canyon but the water is too high and too muddy for much fishing.

A couple of tourist automobiles from California arrived here last week.

Many Babine Indians have been in the Hazelton district over the week-end for a big feast which was held at Hagwilget.

Mrs. David Pratt has been a patient in the Hazelton Hospital for a couple of days.

Quite a number of cars of poles are now enroute to the east and several loading crews are at work in various parts of the district.

Rev. Mr. Burridge has arrived from Fort Fraser to take charge of the United Church work in this district.

Rev. and Mrs. D. M. More of Kispiox left last week for Vancouver where Mr. More will take a course at the University of British Columbia during the summer months.

Hazelton gardens are this year as far advanced as those at Terrace which are ordinarily about ten days ahead.

Alex (Sandy) Grant is reported to be doing fairly well at the Hazelton Hospital following a recent operation.

Preparations are now under way for harvesting of a hay crop which promises to be exceptionally good.

Mr. Walker of Kitwanga has been appointed manager of the Hudson

TERRACE

Terrace Tennis Club members played two American tournaments on Saturday. It had been hoped that tennis players would come from Prince Rupert on the railway excursion but, owing to the uncertain weather conditions, no one stepped off the train with a tennis racket. Tea and light refreshments were served at the conclusion of the first tournament in which seven couples joined and which was won by Mrs. D. G. Little and R. M. Cory. In the second play there were again seven couples competing for the victory which went to Mrs. Little, playing this time with N. Sherwood.

A survey party has been put to work by the public works department. The operation of the party will commence at the end of the Skeena Highway east of Usk. The special duty of the party will be to determine the quantities of the various materials to be moved along the route of construction.

Bay store here, succeeding Mr. Butterell who is returning to Winnipeg.

Fred Bugb has been a patient in the Hazelton Hospital undergoing treatment for his knee which he injured while chasing a horse.

Morning prayer was held on Sunday in St. Peter's Church at Hazelton with emphasis on Dominion Day and its meaning. There were two soloists Mrs. M. A. Myros sang "Land of Hope and Glory" (Elgar), with chorus by the Junior Choir; Mrs. A. Falconer sang "There's A Land" (Allitsen). The service, which was fully choral, was well attended. Hymns for national occasions were sung, closing with the National Anthem. Red and white ponies beautified the church.

Hazelton Church Tea Is Success

HAZELTON, July 5.—The Woman's Auxiliary of St. Peter's Church held a successful afternoon tea and cold supper on Thursday last. Dainty tea tables were ready on the lawn with gay garden furniture when heavy showers necessitated a move to the Church Hall. However, there were many people in the afternoon and evening to do justice to the excellent fare provided.

Mrs. William Larkworthy of New Hazelton was responsible for the delightful afternoon tea and also provided the delicacies with Mrs. W. W. Anderson pouring tea, assisted by Miss Mary Sargent.

Supper was served by Mrs. Sealy and Mrs. James Turnbull, assisted by other auxiliary members.

An acceptable musical program was held in St. Peter's Church House. Little Helpers and the Junior Choir gave a singing game and a rhythm band selection. Elida and Geraldine Myros danced the Highland Fling. Vocal and instrumental solos were included in the program. Mrs. Myros sang "Here Comes the

School's Out!

Now come the days of care-free play... of romping rough-house... of exercise and energy!

It takes plenty of fuel to give that flame to youth... to provide that energy so generously used... to replenish and renew the vitality that each day takes.

It's time for those delicious meals of Canadian Fish and Shellfish! In salads, or cold... in tasty sandwiches, or summer snacks... or, as a scrumptious, satisfying meal at the close of a summer day... Fish has no equal! Serve it often. It provides the nourishment and energy that Nature demands. It tempts lazy appetites with its rare tang and savour. It is the ideal food for the play days or the heydays... a food that provides cool refreshment for young and old alike!

DEPARTMENT OF FISHERIES, OTTAWA.

BAKED FISH

Select an oily meaty variety of fish weighing from 3 to 5 pounds, clean and scale, removing the fins with scissors. Rub the inside of the fish with salt, sew up the cavity and place back up, in a well oiled baking pan. Brush all over with cooking oil and place in a hot oven (500 deg. Fahr.) for 10 minutes or until the fish begins to brown. Reduce the heat to about 350 deg. and continue to bake for 30 to 45 minutes—depending on the thickness of the fish. Chill and serve cold with lettuce, parsley and eggs stuffed with sardines.
