## WAITING TO GO ASHORE TO SEARCH

Weather Holds Up Investigation Of Wreckage on Calvert Island

Landing parties from the fisheries patrol steamer Givenchy, the provincial police motor launch P. M. L. 9 and the Game Branch boat were standing off Grief Bay, Calvert Island, north of Queen Charlotte Sound, today awaiting an amelioration of very stormy weather conditions before going ashore to search the beach where wreckage is reported to have been sighted which may furnish a clue to the fate of Hugh Grexton and his son Jimmy, missing since December 19 when they left Alert Bay for Cape Caution to engage in salmon fishing. The police boat is in charge of Constable Fred Brooksbank and the game boat in charge of Game Warden Ed. Martin.

The provincial police boat P. M. L. 8 of Prince Rupert was storm-bound at Minktrap Bay, down the coast from here, this morning. It has in tow the boat of John Hammer, fisherman-cannery watchman, who was drowned at Lowe Point recently.

## INSURGENTS ARREST IN MOVING ON DOPE RING

Heavy artillery, tanks and crack infantry were used.

The insurgents today reported their troops had captured the town of Guardia de Prals, north-east beyond Montblanch, in their drive toward the Mediterranean at Tarragona.

## CUT DOWN ON WHEAT

Acreege Must Be Reduced Says London Committee—Decide on World Conference

LONDON, Jan. 12: (CP)—The International Wheat Advisory Board today decided to call a conference to tackle the world wheat problem. It will be the first time since 1933 and will probably be held in London.

LONDON, Jan. 12: (CP)—Warning was issued in a report at the session of the International Wheat Advisory Committee here yesterday that there would be an inevitable increase in world stocks with a serious marketing problem unless such major producing countries as Canada, Australia and Argentina curtailed their production. The present acreage could not be maintained.

Representatives of fourteen nations have expressed themselves as favoring the calling of a world wheat conference. Eight nations remain to be heard today when it is expected a decision will be made.

Work Out Itself  
OTTAWA, Jan. 12: (CP)—Hon. W. R. Motherwell, a former minister of agriculture and M.P. for Melville Saskatchewan, thinks Canada should work out its own wheat production problem. Turning to other varieties than wheat would help he believes.

## Would Head Off March On London

LONDON, Jan. 12: (CP)—Rt. Hon. W. S. Morrison, British minister of agriculture, is determined to forestall a proposed march of farmers on London next month to ask relief.

The minister has asked representatives of the farmers to come to London at once to discuss their problems with him.

## OTTAWA SESSION OPENS IN DUE STYLE; GETTING DOWN TO BUSINESS SOON

Many Important Matters to Be Considered Although All Are Desirous that Business Be Expedited

OTTAWA, January 12: (CP)—Salutes of guns resounded and there was military splendence as the Governor General went to Parliament Hill this afternoon to open the session with the usual pomp and panoply. As usual, here was a distinguished company in attendance to witness the traditional ceremonial proceedings. Lord Tweedsmuir read the Speech from the Throne, indicating the government's program for the session. With ceremonies of opening proceeding, the members will get down to business, the general desire being, apparently, to expedite business in view of the visit to the Dominion in the spring of the King and Queen.

However, there are many important questions to be considered, not the least among which are international affairs in relation to Canada, trade agreements, unemployment and relief. A busy four months is indicated for members of Parliament and senators assembled for the fourth session of the Eighteenth Parliament.

## Asks Help In Marketing Of Eastern Coal

OTTAWA, Jan. 12: (CP)—Premier A. A. Dymally of New Brunswick is asking for federal aid in the marketing of New Brunswick coal. A cabinet council is considering ways and means.

## GUILTY OF SMUGGLING

Albert N. Chapereau Admits Offence but Jack Benny Pleads Not Guilty

NEW YORK, Jan. 12: (CP)—Albert N. Chapereau pleaded guilty yesterday to an indictment charging him and Comedian Jack Benny with smuggling \$2000 worth of jewelry into the country. Benny, who came east from Los Angeles by airplane, pleaded innocent Tuesday to the same charge. This is the same conspiracy in which other celebrities are alleged to have been involved.

## Further expansion of Canadian defence forces to guard against continued threats to world peace and the establishment of a defence purchasing board were forecast in the Speech from the Throne as major projects for the present session.

"The government has considered that uncertainties of the future and conditions of modern warfare make it imperative that Canada's defences be materially strengthened," the speech read. "The government intends to continue this policy rigorously and to propose to Parliament that the program of defence should be further augmented with particular emphasis laid upon air defence."

Employment, trade and grain marketing will be other subjects affected by legislation this session. Aid will be offered municipalities in putting in to work and federal public works will be expanded.

The Canada-West Indies trade agreement will be terminated and negotiations opened for a new one. A law to regulate grain exchanges will be introduced.

### Annual State Dinner

Last night the annual state dinner of the Governor General was held at Rideau Hall. There were 150 guests including Prime Minister William Lyon Mackenzie King, other government and Parliamentary leaders, foreign diplomats, church heads and members of the judiciary.

There was a reception by Lady Tweedsmuir.

## REGIMENT FOR HOME

Famous Royal Scots Complete Year's Service in Holy Land With No Peace in Sight Yet

JERUSALEM, Jan. 12: (CP)—After a year's service in Palestine, the famous Royal Scots Regiment is returning home. It leaves behind fourteen dead while forty-three were wounded.

Yesterday four British constables were sentenced to terms of from one year's imprisonment on probation to three years in connection with the shooting of an Arab. Disorders in the Holy Land continue.

## Diplomatic Words Do Not Hide Cleavage Of Ideas As To How European Peace Is To Be Kept

NOTHING IS DONE  
ROME, January 12: (CP)—Premiers of Great Britain and Italy concluded their formal conversations on the future of Europe today. British sources said that no new commitments had been made by either side.

ROME, January 12: (CP)—Premier Benito Mussolini of Italy asks for "Peace with Justice."

Premier Neville Chamberlain says "Peace by process of negotiation."

And therein last night was perceived the first note of cleavage in the meeting between the two Prime Ministers which may have an important bearing upon the course of events in the immediate future in Europe.

At a brilliant state banquet last night in the Palazzo Venezia, Chamberlain and Mussolini, with honeyed words, assured each other of their mutual desire for peace.

Mussolini's remarks were construed, however, as meaning that there can be no appeasement without colonial concessions for Italy and Germany.

On the other hand, the accepted implication of Chamberlain's words is that there can be no peace unless Fascist claims are put forth in diplomatic form and duly negotiated.

Premier Chamberlain takes the stand that the Mediterranean interests of Britain and Italy are such that there is no need for conflict.

Mussolini indicates that only one outcome of the Spanish civil war will be satisfactory to Italy—victory for the forces of General Francisco Franco.

Some British officials see no concrete results of benefit arising from the Mussolini-Chamberlain conference.

Following the banquet, Premier Chamberlain was taken through the palace museum by Il Duce.

Premier Chamberlain and Foreign Secretary Viscount Halifax, who were met at the station on arrival by Mussolini and Count Ciano, his Foreign Secretary, were given a great welcome. A band played "God Save the King" in streets which were lined with great crowds. Union Jacks and flowers were used profusely in decorations.

The British Premier was clothed quietly in black and carried an umbrella.

### HIGHWAY TO ALASKA

The longer the Alaska highway is considered, the keener the people of British Columbia seem to be to have the work carried out. So strong is the feeling in the interior of British Columbia that scarcely anyone openly opposes the road. The federal government seems to be convinced that it is feasible and desirable although it has been slow to act. Now it is committed to the project provided the commission finds it a reasonable proposal.

### QUITE A CHANGE

It will be a great change for Right Hon. R. B. Bennett to settle down in England after having spent practically all his life in Canada. Down in Surrey he will have a beautiful home with plenty of servants to do his bidding both inside the house and out. He will find everything different from life in Canada. He has plenty of money to enable him to live a life of luxury. He has had that for many years and did not need to have worried about the Premiership of Canada only as he considered it his duty to his country.

Doubtless R. B. will continue to take a keen interest in Canadian affairs, especially as they affect the Empire. He is still a member of His Majesty's Privy Council. Happily he is fond of gardening, being in this respect like a great many British statesmen. He will be able to grow orchids and show the British people the Canadian idea of landscape gardening. It should be an ideal close to a very active life and we hope Mr. Bennett will enjoy every minute of it.

### WILL BE NO CHANGE

Evidently there is to be no change in the control of the Department of Defense. We were fearing that, if Captain Ian Mackenzie were to resign, the department might be placed in control of some easterner who knows little of conditions here and we might suffer. It is satisfactory to hear from eastern dispatches that the department is not likely to remain in the same control but that there will be more money available this year than there was last.

### IT IS POSSIBILITY

It seems quite within the bounds of probability that the railways of the Dominion may have to be not only nationalized but that all long distance carrying may be made a government monopoly just as is the carrying of letters today. If the railways are suffering, as they undoubtedly are, from competition of trucks and buses, and if they cannot carry on without a very serious curtailment of long distance trucking activities then action must eventually be taken. To tell a man who owns a truck that he cannot operate without paying a prohibitive license but that a big corporation may carry the same goods to the same place by rail goes against the grain in a democracy. The only way to handle it with public approval would be for the state to take over all long distance carrying and make it a monopoly. What is certain is that we cannot do without railways, no matter how good our highways may be.

## Jack Allen Wins Billiard Tournney

### Thirty-two Entrants in Recent Canadian Legion Competition

In the recent billiard tournament played at the Canadian Legion Jack Allen won from J. P. Elfert in the final.

There were thirty-two entrants in the semi-final "Skipper" Elfert won a close game from Sid Thomson and Jack Allen won easily from Nell Cameron. In the previous round Cameron had won from A. K. Nelson and, in doing so, had made two fine breaks, one of 57 and the other of 59. His handicap of fifteen or no count was too much for him and Allen won comfortably.

In the final Allen continued to play in good form and won from the "Skipper" fairly easily.

### Beta Takes Two Games From Alpha In High School League

The second half of the High School basketball league was started yesterday. The teams playing were Alpha and Beta, the latter winning both senior and junior games.

The senior game was a one-sided affair with Beta winning by a margin of 38 points. The Alpha team played very badly with ragged passing and poor checking. Holkestad was best for Beta, ending with 21 points, while Husoy seemed to be the only Alpha player with any life.

Scores were as follows: Alpha—Husoy 8, Killas, Bill 4, Kadonaga, Scherk 2. Total 14.

Beta—Eby 4, Kihara 16, Keays 1, McCavour 2, Hopkins 6, Bussey, H. Holkestad 21. Total 52.

### Junior Game

The junior game proved to be more evenly contested although Beta led all the way and won by 11 points. The Alpha team's passing was poor in this game also. O'Neill and Simundsen were the stars for Beta, O'Neill getting 18 points. The mainstay for Alpha was Lee with 15 points.

Individual scores:

Alpha—Hougan 8, Arney, Petersen, Lee 15, McDonald 2. Total 25.

# Good Morning, Cup!

by Mary Blake

And a good morning cup of coffee it will be if the cream pitcher holds Irradiated Carnation Milk! Coffee of tempting golden-brown colour—smooth, delightful flavour. You'll bless the day you first tried creaming coffee with Carnation.

also make it much more digestible as an infant food. Carnation is just whole milk with part of the natural water taken out; sterilized so it keeps on the pantry shelf indefinitely; homogenized to give every drop equal creamy smoothness; irradiated for extra "sunshine" vitamin D.

What Carnation does for coffee, it does for all creaming—on cereals, in cream soups and sauces, in ice cream—and in fact in every dish in which it is used. That's because Carnation is double rich.

## COFFEE SECRETS

Use good coffee. It will pay you in flavour. Use the correct grind. Many coffees now come in two grinds—"regular" for grinding or percolating; "drip" for drip or glass coffee-makers. Use enough coffee—a heaping tablespoonful for each cup, and boil or percolate about ten minutes. Drip coffee one for the pot. Boil or percolate about ten minutes. Do not let coffee stand with grounds in it for any time. Serve hot and cream with undiluted Carnation Milk.

## HOW WORK IS GIVEN

Canadian Legion Satisfied With Employment on Defence Project

Considerable interest was shown by the Canadian Legion last night in discussion following the report of President Jack Preece in the matter of employment of ex-service men on the local defence projects. Mr. Preece explained that he had had an interview with the officials in charge and the details given to the meeting were very satisfactory. Unemployed ex-service men should register at once at the Legion clubrooms and bring proof of their service with them.

It was the regular monthly meeting of the Prince Rupert branch of the Canadian Legion of the British Empire Service League and there was a large attendance. President Preece was in the chair.

Letters of thanks were received from the principals of Booth Memorial High School and King Edward elementary school acknowledging receipt of presentation natural color photographs of King George VI. At the King Edward elementary school the picture had been made the occasion of a special assembly.

Acknowledgement was also made of the receipt from Mrs. Mayer of Port Clements of the proceeds of the Poppy Day sale in that part of Queen Charlotte Islands. The amount has been added to the Poppy Fund of the local branch. The gift was much appreciated.

In the course of the meeting President Preece presented to J. S. Wilson an honorary officer's badge with palm leaf. This badge is presented by the Provincial Command to members who have served three years of the provincial executive and the palm leaf is added when five years' service has been completed. Mr. Preece expressed his pleasure in making the presentation and also extended the congratulations of the branch. Mr. Wilson replied stating how much he appreciated the honor.

## At Seal Cove . . .

The festive season, just about over in Seal Cove, has played havoc with routine affairs hereabouts. But now that Santa Claus has been given a good send-off for another year and young 1939 has been welcomed ordinary duties can again be resumed.

Thanks to the carol singers and gaily decorated Christmas trees, Seal Cove folk were able to capture much of the spirit of the season.

The children's Christmas tree at St. Peter's Parish Hall was a great success. Rev. Canon W. F. Rushbrook's Young People's Party drew many friends, old and new, together. The basketball team of St. Peter's met the Metlakatla boys soon after this event and lost to the visitors. They then played the boys of the High School district and won. The last game at Metlakatla this week resulted in a win for Metlakatla.

The Boy Scouts of the Legion Troop received their badges last Tuesday, being presented with them by Malcolm Lamb who represented the Legion Troop committee. Jack Boddie and W. O. Vigar Ernest Meadows and M. Vineburg were also in attendance at this memorable meeting in the history of the troop. Rev. R. C. H. Durnford was presented with his warrant as Scout Master and Cecil Fitzgerald as Assistant Scout Master. Kenneth Dakin, who is the troop leader, is preparing for his Assistant Scout Master warrant during the month of February.

Work in connection with the cloak rooms at St. Peter's Parish Hall has been commenced.

The Young People of Seal Cove hold their monthly service at St. Peter's Church next Sunday morning.

The road between the Church and hall and the main highway is rapidly washing out again owing to heavy rains recently. What a boon it would be for the large numbers using this short stretch of road if something permanently useful could be achieved here such as a generous layer of gravel with

## WAS NOTED FINANCIER

MONTREAL, Jan. 12: (CP)—Ward C. Pitfield, prominent Canadian financier, known from one end of Canada to the other, died here last night. He was president of the firm of bankers and investment dealers bearing his name and was a member of the Montreal Stock Exchange. Many industrial and business concerns with the directorates of which he was identified included the British Columbia Telephone Co. of which he was vice-president. He had been president of the Canadian Investment Bankers' Association.

Born at Saint John, New Brunswick, July 21, 1892, Mr. Pitfield served in France and Belgium during the Great War as a lieutenant in artillery, later becoming major in Canada commanding the 24th Battery.

their third dance of the winter season, hopes that the results will enable them to finish the work of extension going on beneath the hall itself at this time. All money raised in this way is used for the maintenance and improvement of the hall.

Rumors of developments in this area of town continue to circulate. Report has it that tenders are being called for in connection with the air base planning and construction here and that the Northern British Columbia Power Company contemplates dam construction at Shawatans this year.
