Silicosis Test Price Here Set

Price of \$3 for X-Ray Examinations for Miners Decided Upon by Hospital Board Last Night

The matter being brought up by Dr. R. G. Large, the board of directors of the Prince Rupert General Hospital, at its meeting last night, set a cash fee of \$3 for x-ray examinations in connection with silicosis tests for miners.

Safety Campaign Being Advocated

Something Must Be Done To Reduce Number of Accidents in British Columbia

A communication from the Workmen's Compensation Board, read at last night's meeting of the hospital board, referred to the increasing number of accidents, resulting in death and suffering, in industrial occupations in this province.

Construction of New Hospital Well Advanced—Now at Stage Where Colors Are Being Decided

Progress of construction of the new Prince Rupert General Hospital building has now reached the point where outside and interior painting and decorating will soon be commencing.

The outside color of the new hospital will be about the same as the new federal building. All inside woodwork will be of cream as a basis with finishing colors of the plaster to be settled upon later.

The withdrawal by the Department of Indian Affairs of a grant of \$8,000 towards the construction of the new hospital was mentioned. This had been counted upon and its withdrawal may involve some changes in the financing of the building.

The question of whether an electric dumb waiter, as originally planned, should be proceeded with at a cost of \$1775, which incidentally is \$275 more than had been at first figured upon, or a wooden one, costing \$670 or \$550, should be put in was discussed with the final decision that it would be good business to have the electric one.

The Provincial Board of Health had a communication before the board seeking allotment of a room in the new hospital for use of the provincial tuberculosis clinic on its visits here and also for use of Dr. R. G. Large in carrying out pneumothorax treatments in connection with the tuberculosis centre here.

CARING OF INDIGENTS

Hospital Board Ready To Accept Temporary Pay Arrangement, Providing It Is Retroactive And Limited

City Commissioner W. J. Alder had a proposal before the board of directors of the Prince Rupert General Hospital at its meeting last night whereby the city, as from March 1, should pay \$1.40 per day covering accommodation of indigent patients not requiring active hospitalization and covering whom the provincial government per diem grant had been withdrawn after three hundred days innancy, the city to provide other accommodation for such patients as early a date as possible.

Some of the board members were of the opinion that the city payment should be retroactive to July 1 last when the government grants expired. The question of whether or not collection from the city could be enforced at all was raised.

The general opinion of the board was that ample time had now been given for outside accommodation to be obtained for these patients.

#### PRICE OF SILVER

The price of silver is too low for steady production in most of the silver mines of the country. If the price were increased they could operate. The suggestion is that the Dominion government should purchase the silver at 65c an ounce, the same metal that is today being sold at about 45c.

We are strongly in favor of the bonus on silver as long as production bonuses are being paid on other products such as wheat. We also think there should be a bonus on fish production in order that fishermen may make a profit.

As a matter of general policy we do not see any of these schemes as being permanently practicable. We cannot see the end if it continues. All we suggest is that, if the bonus is paid on wheat, it should be paid on all other primary products. It is our opinion that the country cannot continue to pay these bonuses because it will not have enough money unless taxes are levied on these same farmers, miners and fishermen to pay for the bonuses and that sounds ridiculous.

But it is just possible that some of us are out of date in our ideas and that there will be found a way of handling the situation when every producer begins to demand the bonus. Possibly a dictator will be necessary to make it possible to get back to bedrock once more.

#### ALSO BORROWING

Then again we come to the question of borrowing. Nearly everybody is borrowing and will continue to do so as long as anybody is willing to lend. After that it is possible that there may be forced loans until all the surplus is used up. By that time we may have discovered that nobody ever had real intention of returning the money they borrowed. Countries borrow to the limit. So do provinces or states and cities borrow until they find they can no longer pay the interest and they ask for an easement. It is a curious condition.

#### POPULAR MEASURE

So popular was the Canadian-American trade pact in the House of Commons that the opposition did not take a division on it. When the speaker asked for "ayes and nays" no one challenged the decision and asked for a recorded vote. Evidently opposition members did not want it known how they voted or they would have asked for a record.

#### CANADIAN RAILWAYS

As a result of the campaign being waged by President Sir E. W. Beatty of the Canadian Pacific Railway and others, people are gradually learning something about the railways of the country and particularly about their own railways, the Canadian National system.

One of the most interesting statistical tables published shows that, while in Great Britain, there are 1991 people to the mile of railway and in France 1015, the United States 541, Argentina 518, there are in Canada only 259 people to the mile, the only country with fewer than this being Australia with 236 people to the mile. This tells the story. The people of a country are the passengers and their activities provide the freight. Few people means little travel and little freight. If Canada had twice the population, she would have possibly twice the railway travel and require twice the amount of freight movement.

## SOUTHBANK SKI MEET

Increased Interest In Cross-Country Racing But Less In Jumping

FRANCOIS LAKE, March 11.—The annual ski tournament was held at Southbank a few days ago. A greater number of competitors taking part in the cross-country racing showed the increased interest taken in this winter sport. The interest in ski jumping has not been so great with the result that jumping for competition was not held. A few exhibition jumps were given by a Benson of Hazelton Ski Club and Knute Nysen of the Omineca Ski Club.

The results of the races were as follows:

Class A (8 miles)—1. Knute Nysen (Omneca Ski Club); 2. Isaac Kussela (O.S.C.).

Class B—1. I. Belby (O.S.C.); 2. Edward Thomson (Francois Lake Ski Club); 3. Odin Hougen (F.L.S.C.).

Ladies' 4 mile—1. Ethel Thomson (F.L.S.C.); 2. Borghild Hougen (F.L.S.C.); 3. Mrs. A. Benson (Hazelton Ski Club).

Boys' 14 to 16—1. Rodney Sundin (F.L.S.C.); 2. Edwin Loveng (F.L.S.C.); 3. Kato Loveng (F.L.S.C.).

Girls, 13 to 15—1. Margaret Biekle; 2. Marge Christie.

Boys, 11 to 13—Einar Hougen; 2. Albert Durban; 3. Albert Stone.

Boys, under 11—1. Rolf Hougen; 2. Roger Sundin; 3. Douglas Christie.

Tots—1. Ralph Keefe; 2. Francis Durban.

Old Boy's Race (over 50)—1. Martin Loveng; 2. O. H. Hamre.

A large attendance came to the dance despite the zero weather. Miss Marion Keefe was elected by a fair majority to succeed Miss Edith Keefe as Queen of the Francois Lake Ski Club. Prizes were distributed by Queen Marion at midnight.

## BURNSLAKE HOSPITAL'S GOOD YEAR

R. Sandy of Port St. John, formerly constable here, has been a visitor in town for the past week.

#### Board of Directors Meeting Reports

The marriage of Stanley Blon Henry and Mrs. Evelyn Edith Noble, both of Ootsa Lake district, was solemnized recently by Rev. Frank Bushfield at the Manse. The young couple were unattended and left immediately for their new home.

SMITHERS, March 11.—Buddley Valley District Hospital passed a fairly successful year in 1938, according to the financial report presented to the Board of Directors at the annual meeting Wednesday.

The monthly meeting of St. Paul's United W. A. was held last week at the home of Mrs. J. A. Clark. The meeting was largely attended. Committees were appointed for the Easter tea. The second chapter of "The World in Canada," entitled "Planting the Church," was studied to its conclusion, being read by Mrs. Bushfield. Next meeting will be at the home of Mrs. C. Ostberg on April 5.

It is one of the most up to date and best equipped hospitals for its size in British Columbia and has served a useful mission since started a few years ago under the Sisters of St. Ann.

K. B. Woodward of Prince George, school inspector, paid a visit to Burns Lake Superior School last week.

During the past year much surgical equipment has been added and there has also been installed an up to date laundry with best equipment as well as a large hot house for growing early vegetables.

J. Smith of Prince George, president of the Teachers' Federation, paid a visit here last week.

The Sunday School of St. Paul's United Church held a very enjoyable dinner party on Friday evening last. Forty sat down to a delightful hot dinner supplied by the teachers and officers. The very sudden cold snap kept some of the members from enjoying the good time. Games were played and singing enjoyed until eight o'clock by the younger members and until nine by the older. The Misses Bernice and Beryl Munger were in charge of the games and Miss K. Manson of the music. Those serving were the Misses Isabel Linton and Marguerite Patterson and Mesdames John Gowans and Frank Bushfield.

The Handicraft Club held a very successful basket social in the School Hall. The baskets were numerous and very interesting including houses of various types, aeroplanes, dolls, yellow baskets, etc. The one having the highest bidder, namely an Indian tepee, about 18 inches in height, made by Miss M. VanTine, received a gift from the girls of the club, her partner also receiving one gift, both being the work of the club members. M. F. Nourse was the genial auctioneer. The Burns Lake Serenaders—Mrs. W. Jeffery, Messrs J. Pennington, M. Berg and W. Ashcroft—supplied the music for the occasion. Mr. and Mrs. H. Eckland are the leaders of the club.

Rev. J. R. McCormick of Endako is holding fortnightly Lenten services in St. John's Anglican Church here.

## NEVER SLEEP ON AN UPSET STOMACH

Often neutralizing excess stomach acids can make the whole world smile in the morning

To relieve the effects of over-indulgence—escape "acid indigestion" that can ruin the whole next day—simply do this: Take 2 tablespoonsful of Phillips' Milk of Magnesia in a glass of water—AT BEDTIME. While you sleep, this wonderful alkaliizer will be sweetening your stomach... easing the upset, feeling and nausea... helping to bring back a "normal" feeling. By morning you feel like a million. Then—when you wake—take two more tablespoonsful of Phillips' Milk of Magnesia with the juice of a whole orange. That is the quickest, simplest, easiest way to overcome the bad effects of too much eating, smoking or drinking. Thousands use it. But—when you buy, make sure you get the Real Article. Never ask for "milk of magnesia" alone—always ask for "Phillips' Milk of Magnesia"—the kind many doctors endorse.

PHILLIPS' Milk of Magnesia

# ACTS FAST TO BRING RELIEF FROM COLDS

This Simple Way Eases Pain and Discomfort and Sore Throat Accompanying Colds with Amazing Speed

1. To ease pain and discomfort and reduce fever take 2 "Aspirin" Tablets—drink a glass of water. Repeat in 2 hours.

2. If throat is raw from cold, crush and dissolve 2 "Aspirin" Tablets in 1/2 glass of water... gargle.

Just Be Sure You Use "Aspirin"—Do it the Moment You Feel a Cold Coming on

The simple way pictured above often brings amazingly fast relief from discomfort and sore throat accompanying colds.

Try it. Then—see your doctor. He probably will tell you to continue with "Aspirin" because it acts so fast to relieve discomforts of a cold. And to reduce fever.

This simple way, backed by scientific authority, has largely supplanted the use of strong medicines in easing cold symptoms. Perhaps the easiest, most effective way yet discovered.

## Younger Children Entertained At Weekly Story Hour

Many tales were related to the children who attended the regular weekly meeting of the Story Hour this morning. Mrs. J. A. Barry was convenor for the morning. She gave her version of the two old favorites, "Cinderella" and "Epinionondas." Mrs. J. C. Garrett delighted with "A Joke on Billy" and "Raggybug." The stories of "The Little Lost Princess" and "Little Baby Elephant and His New Clothes" were told by Miss Kitty Cameron in her usual amusing way.

Next week is the final meeting for children from nine to 14 years of age and will be in charge of Mrs. P. Tinker, Miss Phyllis Hamblin and Miss Kitty Cameron.

## TO FINANCE LABORATORY

Hospital Board Agrees to Principle of Imposing New Flat Service Charge

Following a discussion of the whole matter with Dr. C. H. Hankinson, the board of directors of the Prince Rupert General Hospital, at its meeting last night approved the principle of imposing a flat charge for pathological service for all patients treated in the hospital. By imposing such a charge, Dr. Hankinson pointed out that this valuable new hospital service, which all patients were now receiving, might be placed on a more equitable and self-supporting basis of maintenance and development. The present uncertain system of assessment and collection for the service was described by the doctor who explained the difficulties that were being encountered by Dr. Coleman in carrying on. There were considerable improvements yet to be made, to take care of which and to provide a steady revenue for the general operation of the laboratory it was desirable that some regular and assured basis of revenue should be reached instead of the present haphazard arrangement.

Explaining the value to hospital service of the pathological laboratory, Dr. Hankinson referred to instances where patients had been found, as a result of the tests, to be suffering from complaints other than they had originally been treated for. This careful, exhaustive and efficient diagnostic service played its part in prolonging life. As the average individual was unable to meet the cost of laboratory service under the present arrangement, it was felt that the flat charge would be more equitable and satisfactory all around. A figure of \$2 per patient was tentatively mentioned. Dr. Hankinson also mentioned the possibility of the provincial government assisting the laboratory through the establishment of a pathological service here in connection with the public health nursing.

## HOSPITAL FINANCES

During the month of February there was a total of 1579 hospital days at the Prince Rupert General Hospital. It was reported by F. A. MacCallum, chairman of the finance committee, at the regular monthly meeting of the board of directors of the Prince Rupert General Hospital last night. The cost per diem was \$2.96. Ordinary expenditures for the month totalled \$4575.78 and capital expenditure on the new hospital, \$3799.62.

## Timely Recipes

### MILK-HONEY-BRAN-FIG BREAD

- 1/4 cup shortening
- 1/4 cup brown sugar
- 1 egg
- 1/2 cup honey
- 1 1/2 cup Kellogg's All-Bran
- 3 cups flour
- 1/4 teaspoon soda
- 1 1/2 teaspoons salt
- 3 teaspoons baking powder
- 1/2 cup chopped nut meats
- 1/2 cup chopped figs

Cream shortening and brown sugar thoroughly. Add egg and beat well. Add honey, milk and Kellogg's All-Bran; mix well. Sift flour with soda, salt and baking powder, add to first mixture with chopped nut meats and figs, stirring only until flour disappears. Bake in greased loaf pan, with waxed paper in the bottom, in moderate oven (350 degrees F.) about one hour and 15 minutes. Yield: 1 loaf 5x9 inches.

## FILM BILL AT CAPITOL

Charlie Chan Story and Western, With Jane Withers, Promise Entertainment

"Charlie Chan in Honolulu," with Sidney Toler succeeding the late Warner Oland in the characterization of Earl Derr Biggers' famous fictional sleuth, and "The Arizona Wild Cat," in which Jane Withers becomes mixed up with a band of Mexican outlaws in an Arizona town, comprise a double bill picture program which gives promise of considerable entertainment at the Capitol Theatre tonight.

In "Charlie Chan in Honolulu," the sleuth is called upon to catch a murderer who strikes almost on the detective's own doorstep. The story is an absorbing one and Toler, from all accounts, acquits himself very creditably in the principal part of the piece. The cast also features Phyllis Brooks, Sen Yung, Eddie Collins, John King, Claire Dodd, George Zucco, Robert Barrat and Mark Lawrence.

In "The Arizona Wild Cat," Jane Withers attempts with the authorities to restore law and order to the bandit-ridden town. She has many exciting and hilarious experiences in so doing. Leo Carrillo is cast as her foster-father, once a notorious bandit, and the cast also includes Pauline Moore, William Henry, Henry Wilcoxon, Douglas Fowley and Etienne Girardot.

Steamer Prince George Undergoing Annual Overhaul at Local Dry Dock—Masters' and Mates' Examinations Here Next Week

No time has been wasted in getting started with the annual overhaul of the steamer Prince George at the local dry dock. The vessel was withdrawn from service Thursday night following her return from Anyox and Stewart and yesterday was taken out of the water on to the pontoons for hull work. Capt. Neil McLean is standing by the vessel until next week. In about a month's time the Prince George will be leaving here for Vancouver where she will be recommissioned in service for the season in June. Meantime, the Prince Rupert, which took over the run with the sailing for the south Thursday night, will carry on the weekly service between here and Vancouver.

To inspect wharf and float improvement work which is being carried on in this district, C. P. P. Faulkner, assistant district engineer for the federal department of public works with headquarters in Vancouver, arrived on the Cardena last night from the south and will proceed on the Catala tomorrow evening to Stewart. He will be back here on Tuesday to spend a few days hereabouts, visiting among other places Osland, Oona River and possibly, Haysport and Port Essington.

Capt. J. C. Barbour will arrive in the city next Wednesday from Vancouver to conduct masters' and mates' examinations for some twelve candidates who have been receiving instruction from Capt. J. R. Elfert at the local school for navigation during the past winter.

The Alaska freighter Tongass was in port from 3 to 5 o'clock yesterday afternoon. She arrived from Ketchikan and, after discharging frozen fish for transshipment East over Canadian National Railways, sailed for Seattle.

Charles W. Young, well known as

a purser of C.P.R. steamers on southern runs but not often seen on northern ships, is acting as purser of the Princess Louise which is now on the run between here and Vancouver in place of the Princess Adelaide.

To confer with W. E. Collison, Indian Agent, and fisheries officials, delegates of the Nishga Fishermen's Association arrived in Prince Rupert Thursday afternoon aboard the boat June B. of William Barton of Kincolith. A number of important matters are to be taken up. The party will be here for the next few days. The delegation consists of Arthur E. Nelson of Kincolith, president; Peter Calder of Greenville, chairman; Johnson Russ, Greenville, director; James Adams of Canyon City and Alyanah, treasurer; William Barton, Kincolith, secretary, and Arthur L. Nelson Jr. of Kincolith, recording secretary.

## At Seal Cove...

An enjoyable and instructive evening was spent by the members of the Anglican Young People's Association of Saint Peter's Church last Thursday when the subject of "Attitude of Parents Towards Their Teen Age Children" was discussed with two parents being present in the persons of Mrs. George Kelsey and Mrs. W. B. Skinner. Among the statements made by the younger generation were these:

"We think that parents ought to have more confidence in the success of their years of training us and allow us to choose our own friends and places of amusement."

"We think that parents ought not to continually bring up comparisons of their days as boys and girls with ours by saying, 'When I was young, etc., etc.'"

"We think that parents ought at least to be consistent and to take the advice which they so often offer (or insist upon) us in such matters as habit formation, like church going, Bible class attendance and cultural pursuits."

"We think that parents ought not to insist too much upon their children working around the house, for one is only young once. We do not think that we should be freed from all work but we do think that we should not be asked too often or too long."

"We think parents should not shelter their children too much as it does not help them to face the realities of life later."

"We think that if parents opened their homes for occasional parties for their children and their friends they would be less likely to try to seek their pleasures outside of home."

"We think that parents ought to encourage in us a sense of responsibility by giving us, whenever possible, a sum of money to budget for ourselves for such things as clothes, etc."

Mrs. Skinner and Mrs. Kelsey replied along the following lines: "Parents are anxious over the health and character of their children and, as they reach the 'teen age, they feel like the ship-builder about to launch his vessel after years of patient and painstaking work."

"The questions that arise in the minds of parents are urgent ones then. Will my boy or girl prove to be the fine boy or girl I have tried to make them or will they flounder as so many do? That is the question which haunts the minds of parents more particularly when their children reach the 'teen age. They wish their children to avoid mistakes which are likely to be serious ones at that age and unlike the mistakes made when much younger. Parents should be consistent in word and deed but after all they too are human, which means that they are not above making mistakes themselves. "Parents would like to see their

children coming to them as trusted friends and not as disciplinarians, however necessary disciplinarians may be and are."

The evening was brought to a close by a vote of thanks given to the visiting parents.

The social evening given by the First Prince Rupert Boy Scout Troop was much enjoyed by their guests, the Legion troops boys and their officers.

Work at the Seal Cove air base is reported to be commencing about June.

Some of the boys from Esquimalt are being welcomed back at the various club meetings in the Parish Hall.

The Parish Hall cloak rooms are completed and are ready for groups who will use them for their meetings. These rooms are large enough to hold two table tennis sets and other games besides and they are well heated.

Mid week Lenten services are being held on Wednesday evenings at Saint Peter's Rev. R. C. H. Durnford is giving a series of addresses on "The Basis of Our Faith in God."

The physical culture class is proceeding apace in numbers and popularity under the direction of Garry McGarrigle.

Rev. Canon W. F. Rushbrook has left the district for the next six weeks during which time he will take over the duties of the Massett Mission on Queen Charlotte Islands. Rev. M. Abrahams is at present on deputation work in the East.

Work goes on rapidly at the Cold Storage where some landscape gardening is being planned as a beautifying scheme for the grounds immediately connected with the storage.

The sympathy of all the Seal Cove residents go out to Mr. and Mrs. Chris Dixon on the loss of their son through drowning.

Very Rev. Dean Gibson of St. Andrew's Anglican Cathedral is to conduct the service and preach at St. Peter's Church, Seal Cove, tomorrow.
