BODY FOUND ON TROLL

Green, Indian, Believed to Have Been Dead for Couple of Days Near Ocean Dock

The body of Eli Green, Port Esquimaux Indian, believed to be forty or forty-five years of age, was found lying in his trolling boat at the end of the ocean dock this morning. The man is believed to have been dead a couple of days and indications are that he succumbed to natural causes.

Maurice Teng saw the man twice yesterday lying face downward on the floor of the boat inside the cabin and thought him to be asleep. He went back to the boat again this morning and the body was still in the same position so he informed his father, J. A. Teng, who, in turn, advised the police. Officers found the man to be dead.

The body was removed to the parlors of the B.C. Undertakers and the coroner was advised.

The statement, signed by the national chairman, M. J. Coldwell of Saskatchewan, referred to Herridge as a self-appointed leader and said that the C.C.F. was the only true united front of the Progressive forces.

SIMLA, India, July 26: (CP-Reuters)—Every villager in the United Provinces who learns to read and write will be presented by the provincial government with a book in order that he may not forget what he has learned.

This scheme is part of the successful anti-illiteracy campaign started by the United Provinces government at the end of last year. The gift books will probably be of a religious nature in order, it is hoped, to increase their value in the eyes of the villager.

It is estimated the scheme will cost more than \$9,400 a year, much of which, it is believed, will be defrayed by public subscription.

The point where the boy was found was thirty miles from where he became lost.

UNITED STATES POLICIES

To spend or not to spend? That is the question in the United States today just as it seems to be in Canada. The majority of business people wish the government to put a stop to spending while the mass of the people want more money spent. The difficulty is that spending cannot continue indefinitely. And, whenever it is stopped, there is going to be trouble for the government that stops. All sorts of pressure will be brought to bear to try to force continuance of the spending.

PURCHASING PEACE

Great Britain has announced that she will not purchase peace with Germany. Evidently, the deal made at Munich did not turn out very well. All it did was to give Great Britain time to prepare to resist further aggression. Purchasing peace is just as ineffective as trying to buy off a blackmailer. It encouraged the aggressor to make further advances. The French policy of saying "we give nothing" is the only one that can possibly prove successful.

JAPAN'S SECOND MOVE

We see the danger in giving way in the second move of Japan in

her efforts to strangle China. After winning from Great Britain the right to safeguard her conquests she announces her intention of blockading the Canton River for two weeks, thus cutting off all travel by that artery and preventing the carrying of food or material to the Chinese. It seems as if it is a mistake to make any concessions.

THIRD TERM PROPOSAL

It is proposed to give President Roosevelt a third term at the head of the United States government. If he is nominated by the Democratic Party it is possible he may be re-elected but there is some doubt. He will find that many of his former friends and supporters are no longer supporters even if they are still friends. The opposition has been rolling on steadily until today it is very strong and, by November of next year, may become an avalanche.

Mr. Roosevelt has many admirers in Canada and some of them think it would be a pity for him to be defeated. It would be better if he let some other person fight the battle of democracy until it becomes time for the rival party to take over.

Westview Wins Softball Game

Scored Well Deserved Victory Over Acropolis Last Night

Westview senior boys scored a well deserved 13 to 2 victory over the Acropolis Hill team in the Gyro playground softball league at the ball park last night.

Both teams played good ball in the first inning but two errors in the second and some solid clouting by Oland, Hopkins and Mah paved the way for the Westview boys to push over five runs.

Two more runs in the third inning and Albert Mah's home run with the bases loaded in the fourth inning accounted for four more. Westview managed to score one more run in this inning and one in the sixth to bring the total to thirteen.

Until the first half of the seventh, the Hill team never managed to get more than one man on the paths in any inning. In the seventh, hits by Magnet and Tassie put two men on. Grimsson, who pitched a steady game for the Westview team, struck out the next two men and seemed to have the rally stopped but he slipped slightly and hits by Clarke and Mentanko forced in two runs before Grimsson struck out Robertson to retire the side.

Grimsson went the route on the mound for Westview and struck out seven men while Magnet, who lasted only three innings on the mound for Acropolis, struck out two while issuing two free passes. Tassie took over from here and struck out three and walked three.

TWO GOAL DRAW IN FOOTBALL

Pioneer and Navy Played Keenly Contested Game Last Evening

Last evening's football game in the Mobley Cup series between the Pioneer Laundry and the Royal Canadian Naval Volunteer Reserve resulted in a two goal draw. The game was very keenly contested and both sides missed chance to score but the Laundry on the whole were lucky to break even. This ends the Mobley Cup schedule with Velvet winning the league championship.

The Navy attacked but the ball was cleared and Wearmouth missed an open goal after Smith had cleverly beaten the defence. Christison to Bryant to R. Smith and the Navy were a goal up though as Pavlikis touched the ball last as it was going through he gets credit for the goal. Ronalds cleared twice and then Pavlikis who was lying well offside shot just past. Houston was clever but Eby cleared. Laundry attacked but Davis and Ronalds cleared and Eby broke up combination between Smith and Houston. Then back came the play and the ball struck Murray's head when a goal seemed certain. Bussanich was playing a great game but the Navy attacked and Smith saved splendidly twice and then Murray stopped two hard drives with his body. Bryant just tipped the bar. Alan Smith and Houston worked through cleverly and A. Smith equalized.

The second round found the Navy attacking but play swung to the other end. Houston got his toe to the ball to put Laundry ahead. Bryant's centre just missed. Morgan ran out to save Armstrong was blocked by Currie. Christison was clean through but Smith saved. At the other end Morgan cleared and then in a flash Christison was just wide. R. Smith at last got through and the scores were even. A. Smith had a grand opening but Morgan got one hand to the ball and soon after cleared twice. Inability by both forward lines to snap up chances kept goals down. Bryant seemed to have

the goal at his mercy but Ted Smith turned his hard drive over the bar. A. Smith was through but was brought down in the penalty area though no foul was given. Then Armstrong headed against the upright with Smith beaten. Morgan caught a long one. Navy got the ball in the net but as Smith had tackled the goalkeeper while he was in the air the referee properly disallowed the score though he did so only after consulting the linesmen. Play was fast and somewhat forceful to the end but the Laundry held out and the result was a draw.

Teams: Laundry—Ted Smith; Sam Currie; Murray; Sunberg; Bussanich; Bill; Wearmouth; Houston; Vance; A. Smith; W. Gomez.

R. C. N. V. R.—Morgan; Eby; Ronalds; Keays; Davies; McLeod; Bryant; R. Smith; Christison; Armstrong; Pavlikis. Referee, P. Doherty. Linesmen — Ben Ferguson, G. Baker.

The game was full of thrills. Both goalies put up a great display with Smith having the harder shots to stop. Currie was the better back but Scherk was missed. Bussanich played his best game of the season. Sunberg was very good. Murray was a great help too and saved a sure goal. Smith and Houston were the best forwards though Vance did a lot of hard work. Gomez was good, both forward and at back. Alex Bill showed up better towards the end. His best position is forward.

Eby and Ronalds were a safe pair of backs with Ronalds the best back on the field. Davies was the best half with McLeod and Keays doing a share of the spoiling. There was little to choose between Bryant, R. Smith, Christison and Armstrong. All played well and cleverly. Bryant shot well and centred very nicely. Armstrong and Christison combine well and coach the others too. R. Smith is always a dangerous forward. Pavlikis gave a very promising display though he is inclined to lie offside.

The disallowed goal was the subject of strong comment. As this reporter saw it the referee was right. Ted Smith was in the air fielding the ball when his namesake charged him and the goalie with the ball finished in the net. But the rules say: "a player

SELECTION FOR TEAM TO MEET OCEAN FALLS

Players Will Have to be Out of City Friday to Wednesday Morning

With the prospect of an inter-city football series very bright a selection committee will meet tomorrow evening to choose the team to represent Prince Rupert against the Ocean Falls team. This year the series will be played in Ocean Falls.

The selection committee will consist of the executive of the Prince Rupert Football Association, J. Bryant, H. Morgan, T. Smith and F. Eby along with the captains of the three teams, H. Dickens, S. Currie and D. Christison with the addition of J. S. Wilson.

The arrangements will call for the players to leave here on a Friday evening via the Princess Adelaide. They will play in Ocean Falls on the Saturday evening and again on the Sunday and then return home on the Monday morning. It is presumed that there will be thirteen players and a manager. The cue is held by Ocean Falls but with the standard of play shown in Prince Rupert this year there is a strong possibility that the locals will be able to bring the trophy north. In any case a good two-game series is assured and the Prince Rupert players are looking forward to renewing acquaintances with the "paper town" footballers.

THUS SPOKE THE KING

"Life is a great adventure, and every one of you can be a pioneer, blazing by thought and service a trail to better things . . . Canada has before her a development far beyond the most optimistic dreams of her pioneers . . ."

The royal author of these royal words has walked our ways and gone back to the Seat of Empire. The shouts and bunting are no longer on our streets. But, inwardly, much of inestimable worth remains. We have stood shoulder to shoulder to cheer our King and Queen. It has united us as never before — deep below all differences and difficulties, East, West and North. We are united in a new hope and a new confidence in ourselves and in one another; for we have seen ourselves through royal eyes. And we have realized that it was fears which held us back, fears bred of threats without and of misunderstandings within. These fears had slowed the wheels of commerce and fed upon their own results. Now, mentally, we stand as physically we stood to cheer — shoulder to shoulder. In this new faith and confidence, we shall go forward "blazing by thought and service a trail to better things". Only thus can we fittingly respond to that man and king who visited us upon the greatest adventure of peace in modern history — and won a continent.

DR. MANDY BACK HERE

Dr. J. T. Mandy, resident mining engineer, has finished a trip of inspection of the mining properties of the Smithers district and has returned to Prince Rupert.

His advice and assistance to the men who are working on their claims trying to prove up properties or making small shipments of high grade ore to the sampling plant at Prince Rupert has been of great value. It is reported, and was much appreciated by these owners.

A carload of ore is being mined at the Glacier Gulch property on Hudson Bay Mountain and fine

progress is being made in mining and sorting high grade ore which shows a great deal of free gold to the naked eye. These owners have made a number of small shipments which pay them well for their labor and this year will probably be the best one they have had in that respect.

Stan Townsend, assistant to Dr. Mandy, has been accompanying him on the tour.

Work Stoppages Bring Warnings

New Zealand Government Concerned Over Action in Labor Disputes

WELLINGTON, N. Z., July 26: (CP-Reuters)—As a sequel to stoppages in various parts of the country, principally owing to workers' dissatisfaction with awards by arbitration court, Labor Minister Webb has announced the government views with grave concern the methods being adopted by various organizations in regard to industrial disputes.

Adoption of direct action by either workers or employers, he said, is "absolutely contrary" to the principles of conciliation and arbitration. The government could not agree where the decision of the constitutional tribunals was unacceptable to either party, that that party should refuse to abide by it, and resort to direct action to obtain its objective.

The organizations must decide whether to have the conciliation arbitration system with its attendant benefits, or whether they wish to be outside the act with the right to resort to direct action.
