Raider Is At Large In Atlantic

British Boat Sunk By Mystery Ship; Move Against Vessel Taken

LONDON, October 2: (CP)—The Ministry of Information announced today that an armed raider, undoubtedly German, had sunk the British steamship Clement in the South Atlantic Ocean. South African authorities also announce one operating on their east coast. The ministry announced that the raider had not yet been identified but the correct steps were being taken to rid the seas of such vessels. The raider is believed to be either a cruiser or a German pocket battleship.

DRIVE ON NEUTRALS

Denmark, Sweden and Norway Take Steps To Protect Their Shipping From Germans—Several Seizures

COPENHAGEN, October 2: (CP)—Denmark is protesting to Germany over the seizure of four Danish freighters which were seized during the week-end in the Baltic Sea and taken to German ports. Three of the vessels were sent for England with butter and other goods and one was going to the Netherlands with wood pulp. Germany is continuing its campaign against neutral shipping, particularly around the mouth of the Baltic Sea where a Swedish ship was captured and taken to Kiel. A Latvian vessel was similarly captured.

It is even reported that a German gunboat attempted to interfere with a Swedish vessel in Swedish waters, the attempt, however, being frustrated by Swedish patrol planes.

The Swedish government and the Norwegian as well are taking strenuous steps to prevent news of the sailing of Swedish ships leaking out to the Germans. Special police have been posted for duty in the ports of both countries for the purpose.

The Swedish government is also marking out territorial waters in such a way that there can be no danger of mistaking whether merchant vessels are in Swedish waters or on the high seas.

AIR RAIDS IN GERMANY

Royal Air Force Planes Make Reconnaissance Over Berlin and Potsdam

LONDON, Oct. 2: (CP)—The Air Ministry announced that Royal Air Force planes made a night reconnaissance flight over Berlin and Potsdam. At the same time R. A. Butler, foreign under secretary, said in the House of Commons that any enemy planes which tried to raid London "will get the reception they deserve."

BEATEN IN AIR FIGHT

British Planes Seem To Have Got Worst of Engagement On Saturday

LONDON, October 2: (CP)—The Air Ministry announced Saturday that Royal Air Force planes had engaged in an air battle over enemy territory with "some" British casualties and enemy losses unknown.

FIGHTING HEAVIER IN WEST

British Engage Germans In Air Battle Over Westwall—French Steadily Advancing

PARIS, October 2: (CP)—There was fierce and widespread aerial combat by both sides over the western front yesterday. There was also reciprocal artillery east of the Saar River and along the Moselle, the French improving their position by gaining considerable ground in their movement toward the Siegfried Line and steadily penetrating the German defences. Most of the activity was between Saarbruecken and Luxembourg.

French military reports today said that French forces had consolidated positions and removed thousands of small German land mines. Numerous localized encounters continued but no heavy fighting was reported.

British planes were in action over the Westwall in a fierce thirty-five minute battle with the enemy. Three of fifteen planes were brought down. As the fight was over German territory it is uncertain how many ships the enemy lost although it is known at least two were shot down. The fighting developed out of Allied reconnaissance operations over the German lines which have become a routine function.

CHINESE ATTACK

Fierce Fighting Since Saturday In Neighborhood of Hong Kong

HONG KONG, October 2:—Continuous fighting has been going on just north of here between Chinese and Japanese forces. The Chinese have been trying to drive a wedge between the Japanese along the Hong Kong border and those farther north. The attack was launched on Saturday and fierce fighting has been going on since. Japanese are said to be sending reinforcements.

The new Japanese commander-in-chief at Nanking says that Japan has decided to completely exterminate all anti-Japanese forces in China with a new drive against British and American influences.

SOVIET NOT MUCH HELP

Cannot Supply Germany With Much More Oil, Coal or Iron, Berlin Newspaper Admits

BERLIN, October 2:—A prominent German newspaper said yesterday that "we cannot expect large exports of oil from Russia for the time being as there has been no increase of production in that country." The situation is the same in regard to coal and iron minerals in which there has also been no increase of production.

Added to this there is the difficulty of transportation. The only commodity in which larger exports from Russia to Germany may be expected, the paper said, is timber.

Esthonian Pact Is Duly Approved

Soviet Presidium Gives O. K. To Mutual Assistance and Trade Agreement

MOSCOW, October 2: (CP)—The presidium of the Supreme Soviet Saturday ratified the new Russian-Esthonian mutual assistance and trade pact which gives Russia virtual control of Esthonia.

Hitler Started The War, Great Britain And France Will Finish It—Churchill

LONDON, October 2: (CP)—Great Britain strengthened herself today for hostilities on a vast scale, apparently intending to ignore any anti-Nazi peace offer at the expense of Poland. The first official reaction to indications of Chancellor Adolf Hitler launching a peace offensive came from Rt. Hon. Winston Churchill, First Lord of the Admiralty, who said in a broadcast address: "We are going on to the end. Now we are in this war, we will press on until final victory is won. The war began when Hitler wanted it to but it will not be he who says when it shall end. It will only end when we are convinced that he has had enough, when he and his wicked men, their hands stained with blood and soiled with corruption, have loosed their hold on a docile and unhappy German people."

"We believe, Churchill continued, "that we are entitled in this fight to the respect and goodwill of the world, especially of the United States."

Reviewing the activities of war of the past month, the First Sea Lord referred to the aggression of Germany in Poland—a nation which had been overrun but would rise again. He alluded to Russia's "coldblooded policy of self-interest." The Allies would have liked to have had Russia on their side but there was at least comfort that the Soviet had blocked the flames of Nazism from spreading to the Balkans and southeastern Europe. He also referred to the failure of the German u-boat campaign which the British Navy was able to deal with effectively.

RUSSIA IS EXPANDING INFLUENCE

Agreement With Latvia Similar To That With Esthonia Now Expected—Also Finland?

RIGA, October 2: (CP)—The foreign minister of Latvia left today for Moscow, his government having decided it necessary to "clarify relations with other countries, Soviet Russia particularly."

Report here is that there will be an agreement reached between Latvia and Russia, similar to that which was signed at the week-end between Esthonia and Russia whereby the smaller nation will be protected from aggression in return for trade and military, naval and air force base concessions.

It is also reported there will be a similar agreement between Russia and Finland although it is said in Finland that the pact will go no further than the matter of trade.

MORALE OF REICH BAD

People Know Little About War—Are Full of Complaints And Fears

LONDON, October 2: (CP)—The ministry of information releases an interview with a well known neutral traveller who describes conditions as they exist in Germany today.

Two-thirds of the German people do not know anything about, or pretend not to know, the war. The other one-third have a defeatist attitude.

Foot is not actually short, the traveller states, but he was impressed with the complete breakdown of the government machinery. In Vienna, for instance, the police have been dissolved.

From the people of the Reich as a whole little is to be heard but complaints and fears.

YOUNG MEN CALLED UP

All Britons Between Twenty And Twenty-Two Are Liable For Military Duty

LONDON, October 2:—In a proclamation issued by the King yesterday all male subjects of Great Britain between 20 and 22 years of age were advised that they are liable to be called up for army service and will be called upon to register therefore at a date to be set. Britishers of this age outside Great Britain are also liable to be called upon their return home and must register within seven days after returning.

Agriculture On Wartime Basis

British Columbia Representatives Back From Trip To Ottawa

VICTORIA, October 2: (CP)—British Columbia agriculture will be placed on a wartime basis, it is announced by Hon. Dr. K. C. McDonald, minister of agriculture, following the return to Victoria of a British Columbia delegation to confer with representatives of the Dominion and other provinces in regard to agricultural matters. Endeavours will be made to increase production in certain lines while there will be problems of markets to be solved for some lines which have lost their normal markets owing to war conditions.

CIANO LEAVES BERLIN ON RETURN TO ROME: HITLER'S PEACE PLAN

New Buffer State Between Partitioned Portions of Poland—Five Power Conference Planned

BERLIN, October 2: (CP)—Count Ciano, Italian foreign minister, left Berlin today on his return to Rome, concluding the first conversation between the Rome-Berlin axis partners since the outbreak of the war. There was no official comment on the result of Ciano's conversations with Chancellor Adolf Hitler and Foreign Minister Joachim von Ribbentrop.

War News

Italian circles saw in the visit a new reason for believing that Premier Mussolini may assume the role of mediator in the Reich's peace offensive.

Ciano had a long conference, lasting about three hours, with Hitler last night and met Von Ribbentrop this morning.

The general belief is that this is Hitler's latest move in his effort to coerce Great Britain and France into peace.

Hitler's plan will consist, it is expected, of two principal elements: First, the creation of a new Polish state between the portions of Poland and Russia which have been occupied by Germany and Russia.

Second, the holding of a five power conference—Germany, Russia, Italy, France and Great Britain.

Italy's claims in the Mediterranean would also be recognized.

IS PLAYING BOTH SIDES

Turkey Would Assist Great Britain and France Providing Russia Not in War

ANKARA, Oct. 2: (CP)—Turkey is understood to have decided to stay neutral if war involving Soviet Russia and the democracies should spread to the Mediterranean. This is why there is a proviso in the pact, which Turkey says she is ready to consummate with Great Britain and France for mutual assistance in the Mediterranean, providing for the voiding of the agreement in the event of Russia becoming involved in war with the western democracies. In this case the Dardanelles would be closed to all nations, it is reported.

It was reported late Saturday that Turko-Russ negotiations at Moscow had broken down owing to severity of Russian demands.

A Turkish military delegation bound for London arrived in Paris yesterday and was met by British and French officials.

TURN DOWN PEACE PLAN

Russian Threat Falls To Deter Great Britain and France

MOSCOW, October 2: (CP)—The Russian official press echoed the Moscow accords yesterday with an implied warning to the western Allies to end the war or face joint German-Russian action.

Meanwhile both British and French governments were, apparently, cold shouldering the German-Soviet peace gestures by intensifying their preparations to meet any threat of German offensive—whether or not accompanied by Russian co-operation.

DIFFICULT TIMES

It is probable that there never was such a difficult time as the present. It is not that we are fighting a war that is difficult. The British have done that often. The difficulty is to know who are our friends and who are our enemies.

It is quite easy to understand the position of some of the smaller nations. They see what happened to Poland and are told that, if they do not behave themselves, the same thing will happen to them. That makes them uneasy. Great Britain and France happen to be on the opposite side of Germany from many of the smaller states and it is almost impossible to send them help quickly enough to prevent their destruction. That is why they are willing to agree to terms with Germany or Russia.

Germany and Russia are the ogres that threaten to eat up the smaller neighbors. When the ogres speak the dwarfs tremble.

It is to check the wicked ogres that Britain and France are at war. There is really no enmity between the British and German people except that the German people are willing to lend themselves to such men as Hitler and the other war lords of Germany.

INTELLIGENT PARTICIPATION
(Translated from the French Language Paper "Le Jour")

When I speak of "intelligent participation," I have in mind the fact that there exist in Canada two nationalities of separate origin, who do not agree entirely as to the military steps, and who must not forget for a moment that the war isn't the end of the world, and that tomorrow when the smoke of battle has vanished, we will again have to live side by side, sons of a common country, brothers in a common family.

In these troubled hours, it is the duty of the two dominant groups in this country not to antagonize each other, not to aggravate grievances, not to wound each other. Tomorrow, we will live together, I repeat. If the French-speaking Canadians are asked to sacrifice their ideas at times to those of the English-speaking majority, it is equally incumbent upon the latter not to push the efforts of the country so far beyond its capacity that recovery thereafter will become impossible.

Government leaders, men in authority, men of influence, journalists and publicists, all have a serious responsibility on their shoulders. They must know that the populace is in the highest degree fitted to hear and heed the language of reason, good sense, legitimate sentiment, and sane and reasonable moderation. This sort of language French-speaking Canadians can understand as well as English-speaking Canadians. And it is the only language which ought to be employed.

Woe to those who, through demagoguery, personal vanity or self-interest, may seek to fish in troubled waters and create dissension among Canadians. Against such persons we would urge the most stringent application of the rigorous laws prevailing in times of national emergency.

And when we have silenced the advocates of dissension and hatred, we will be able to bring about the holy union which we so greatly need in preparation for the future. For we must unceasingly proclaim this truth: "Tomorrow, we must again live together!"

Entertainment For Service Men Enjoyed

The first of the weekly entertainments planned for the naval and military units staying in the city was held at the Canadian Legion clubrooms on Sunday evening. There was an attendance of about sixty and all expressed themselves as having enjoyed the program very much. The program was contributed to by many of the leading artists in town with Sergeant J. A. Teng in the chair. In the course of the evening Rev. E. E. Brandt, pastor of First Baptist Church, gave a short address that was much appreciated by all.

Soloists were Mrs. H. N. Brocklesby, Mrs. Jarvis McLeod, Len Cripps, Gunnar Taylor and Sergeant Teng. Accompanists were Mrs. J. E. Elfert, Mrs. E. J. Smith, C. P. Balagno and H. T. Lock. Instrumental duets by the Misses Phyllis and Eileen Hamilton were much enjoyed. Favorite hymns requested by the audience were heartily sung.

The committee in charge consisted of Mrs. J. A. Teng of the Canadian Legion Women's Auxiliary and Queen Mary Chapter, Imperial Order, Daughters of the Empire, William Lambie of Toe H. and H. T. Lock of the Canadian Legion. Others assisting were Mrs. J. Preece, Miss Edith Gandy, Mr. and Mrs. S. A. Kielback and Jack Preece, president Canadian Legion. At the conclusion coffee and cookies were served.

EVACUATED CHILDREN REAL JOY

Mothers Find London Youngsters "Do Their Bit" in New Homes

LONDON, Oct. 2: (CP)—Evacuated children are born "mothers' little helpers" 100 young married couples in Hertfordshire who opened their homes to 213 London children discovered.

"We were dreading the extra work but actually they are so helpful we don't notice it," one of the new mothers said. The children have been going about with the butcher, baker and greengrocer delivering parcels and have also formed a garden squad to dig up weeds.

Three times a week those between 12 and 14 years of age hold a meeting to discuss what they call "doing our bit." They have elected 18 prefects who oversee the behavior of the others.

One of the unwritten rules is that no boy may bring angle worms in to the house and leave them on the kitchen table.

Another thoughtful plan which involves the little girls is the caring for the "under fives" during play hours to relieve their hostess "aunties" of added responsibility. The girls also wash their own socks daily.

But, with the coming of autumn, the children will attend Hertfordshire schools—to be taught by their own teachers, who have been billeted in the same neighborhood.

Only One Fire Alarm In Month

So Far This Year Department Has Been Called Out Twenty-Two Times

The city fire department was called out only once during the month of September, this being to a rubbish fire on Comox Avenue which caused a scare. So far this year there have been but twenty-two alarms as compared with fifty in the first nine months of 1938.

Krikor Hakimian, otherwise known as "Tarzan the Terrific" and "Human Seal," exhibited feats of great strength before a crowd of possibly fifteen hundred persons who assembled on Second Avenue between Sixth and Seventh Streets on the fine Sunday afternoon.

Five thousand Prince Rupert people read the Daily News. It pays to let them know what you have to sell.

On the way from Vancouver to the Unuk River, a big Noorduyn Norseman seaplane of the Ginger Coote Airways landed here at 4 o'clock yesterday afternoon, leaving this morning in continuation of its northern flight.

The plane which was here yesterday was an exceptionally large one of a type which is in common use in the Mackenzie River country engaged in commercial freighting service.

The plane left Vancouver at 9:30 yesterday morning and made

C.P.R. steamer Princess Louise, Capt. S. K. Gray, arrived here at 3:45 yesterday morning from Vancouver and sailed at 10 a.m. for Skagway and other Alaska points whence she will return here Friday afternoon south bound.

Union steamer Catala, Capt. James Findlay, arrived in port at 2 o'clock this morning from the south and sailed at 4 a.m. for Stewart and other northern points whence she will return here tomorrow afternoon southbound.

A call at Namu on the way north for refuelling. A stiff westerly wind delayed the time of the ship on the flight and made it impossible to land at Alert Bay as had been intended, the stop being made at Namu instead.

FINE WEST TALE HERE

"Dodge City," In Technicolor, Is Exciting Re-creation of Boisterous Days On Plains

The roughest and toughest cattle town in the history of the western frontier is the setting for a vigorous adventure told in "Dodge City," technicolor production starring Errol Flynn, which opens tonight at the Capitol Theatre for a three-night stand.

The story of "Dodge City" is laid in the period when this little community in the southwestern corner of Kansas, terminus of the famous old Chisholm Trail and of the Santa Fe Railway, became the west's greatest cattle shipping centre.

The production itself is an ambitious one authentic scenery having been re-created on a large scale to depict the old frontier town, the great plains and the period of the story.

TERRACE

At the meeting of the Canadian Legion on Wednesday it was decided to go ahead as usual with the celebration of Armistice Day and also to make no change with regard to the disposal of poppies.

Terrace was treated to a surprise in the way of entertainment one evening during the past week. This was provided by a striking personality who goes by the name of "Tarzan."

There was a fire alarm at Giggey's sawmill on Friday. A crowd of willing helpers was soon at the scene and the damage was confined to the sawdust carrier.

The municipal Tax Sale was held according to schedule on Saturday. It speaks well for the solvency of Terrace that there was only one lot on offer and it appears likely that one was due to an oversight on the part of the owner as he is away working on a job at some distance.

A. J. Lancaster paid a visit to Terrace on Saturday to hold a tax sale of land on behalf of the provincial government. Most of the properties offered at the sale were relics of the land boom of twenty years ago.

Health IS ONE OF OUR RESOURCES

Oven Cooked Fillets of Fish

The fish may be cut into pieces of a suitable size for serving or the fillets may be left whole. Dip each piece into salted milk (one-half tablespoonful of salt to one-half cupful of whole milk or diluted evaporated milk), toss into a pan of sifted dry bread crumbs, coat thoroughly and place in a well oiled baking pan. Sprinkle with oil and place in a very hot oven (500° F.). Bake until fish is tender and crumbs nicely browned (about 10 minutes). Serve with Tartar Sauce. Tomato aspic jelly and lemon completes the dish.
